Lions Club to Sponsor Christmas Lighting Contest

A community-wide Christmas Lighting Contest will be sponsored in Knox City again this year by the Lions Club. It was announced Wednesday by Jeff Graham, president of the Club.

The contest was formerly an annual affair, but was not held in 1951. A Lions committee composed of Rev. Floyd V. Bailey, Paul Hoge and Sam E. Clontz was appointed to work out final plans for the contest. Tentative plans call for prizes to be awarded in two divisions—one for homes and one for business houses.

Graham said a number of local merchants had already expressed their willingness to contribute substantial merchandise prizes. "The directors, in recommending that the club sponsor the contest, felt that the community would receive many benefits from an all-out effort to decorate homes and business establishments," Graham said.

SOCIAL SECURITY TAX DUE TO BE INCREASED

Erton F. Tate, manager of the Wichita Falls social security office, reminded Knox County residents recently of a social security tax rate hike scheduled to go into effect Jan. 1.

Employers, employees and self-employed persons will be affected by the increase under provisions of the 1950 amendments of the social security law. Tate said the raise was authorized to meet anticipated future obligations of the program.

Employees in the jobs covered by law will have 2 per cent of their earnings (up to \$3,600 a year), deducted after Jan. 1, instead of the present 1 1/2 per cent. Their employers will contribute an equal amount.

Tate said the new rates will apply to all taxable wages paid after Dec. 31, 1953, regardless of when earned.

Taxes for the self-employed are slated to go up from 2 1/4 per cent to 3 per cent, but this increase will not be paid until 1955, when returns for 1954 are sent in. Tate pointed out self-

CONQUERING DIPHTHERIA by Science Features

Once the most terrible of all infectious diseases that menace children, diphtheria is being vanquished by advances in medical science. Where cases do arise, effective weapons are on hand to combat them.

For example, Michigan had 25 deaths from diphtheria for each 100,000 population in 1920—a time when good antitoxins and vaccines were available. Today, that same state has less than one death caused by diphtheria for each 100,000 people.

Over 80 per cent of all diphtheria cases arise in children below ten years of age. The disease is spread by children or adults who have the disease, either with symptoms or without them. The latter person is called a "carrier."

Doctors recommend that all children be inoculated against diphtheria before the end of the first year. Because wide-scale immunization has become common in recent years, there is a tendency for the disease to appear with greater frequency in older children who have neglected re-inoculation.

Recent scientific reports show that excellent results are obtained when the antitoxin is given together with an antibiotic. In one study six patients with acute diphtheria treated with terramycin and antitoxin showed no signs of the disease after an average of 2.3 days treatment.

Antibiotics also have been used to eliminate the diphtheria germs from carriers of the disease.

employed persons file their income tax returns only once a year.

He said that late this year employers will be furnished with income tax withholding tables and social security tax tables reflecting rates applicable next year.

The next scheduled increase, six years from now, in 1960, will be to 2 1/2 per cent for employer and employee, and to 3 3/4 per cent for the self-employed.

Mrs. J. C. McGee and Mrs. J. T. Gilpin were in Wichita Falls Monday on business.

in Damsel's Plumes

By Della Stephens

In second Samuel we learn of David's great sin. Also of how Nathan the prophet came unto him and how he was made to see himself. All have sinned and come short of the glory of God. But it is how we repent that makes the difference. In this story, David, David gives a successive story of the results of the experience of a sinner's soul who comes back to full communion and service.

In the first act, verse 12, we see "David's heart" before the "Lord" and "David" and "David" and "David" according to the "Lord's" kindness according to the multitude of his tender mercies that are thy transgressions. What are thy transgressions from mine iniquity and cleanse me from my sin. The 12th verse tells us that David had sinned against THEE and THEE only, have I sinned and know this well in my sight, but thou mercies be justified when thou speakest and be clear when thou art judged, etc.

In studying the rest of the chapter we see David realizing that God had heard his prayer and ask to perfect cleansing through the blood. The next step he asks for the filling of the spirit, then the joy and peace that he might be fully restored to the communion and service of the Lord and enjoy the blessing that come to all who trust and serve the LORD.

Community Projects Proposed at Meeting Of 1946 Study Club

Mrs. Dan Steakley challenged members of the 1946 Study Club to do more for the community during the regular meeting of the club Tuesday, Dec. 1.

Mrs. Steakley was in charge of the program "Is Our Club Really an Asset to the Community?" She first cited the projects the club has sponsored or helped with since the club was organized seven years ago, namely: Community Christmas program, usually a cantata, which is definitely a contribution to the cultural and spiritual life of Knox City; cooperation with the American Legion and other organizations in supplying Christmas baskets and refreshments at Christmas programs, and decoration of the public tree; Attempted some youth work, holding a reception following the Junior-Senior banquet a number of years ago, and had a picnic for the senior class one year; club members helped man the stations to receive tornado relief funds, and helped distribute clothing to disaster victims; furnished the nursery at the Knox County Hospital and cooperated in the beautification of the hospital grounds; and most important, the clubhouse, which is used for wedding showers, receptions, book reviews, bridge tournaments, banquets, etc., is almost paid for and probably will be soon after the Christmas holidays.

Mrs. Steakley then outlined a number of projects the club will attempt to promote when the clubhouse is paid for.

She suggested that the club really intensify efforts for a

community library project, with volunteer workers to keep it open one or two afternoons a week, and a story hour for pre-school children each week.

Other community projects outlined were:

Sponsor some girls' organization such as Girl Scouts or Campfire Girls; a Negro day nursery; purchase waste containers to encourage a clean town; sponsor or encourage city legislation to prevent short-term merchants from coming to Knox City for fall business; discourage fast driving and enforce the school speed zone signs; city legislation to ban old refrigerators placed outside or within the reach of children; and legislation to control the number of stray and unwanted dogs in town.

"When some of these projects or all of these projects are realized," Mrs. Steakley said, "the 1946 Study Club will really be an asset to the community."

Assisting Mrs. Steakley with the proposed projects were members of the Public Affairs and Health Committee of the club, Mrs. Harrell Stephens, Mrs. C. G. Markward and Mrs. Neil Perdue.

Among those from Knox City attending the Fifth Sunday Rally at the First Christian Church in Benjamin Sunday night were Mr. and Mrs. Bob Hanna and children, Judge and Mrs. L. M. Williams, Mr. and Mrs. Wilson, and Mr. and Mrs. E. R. Carpenter. Churches in Haskell, Benjamin, Knox City, Truscott and Rochester were represented.

Dr. R. C. Edwards, Rudolph Hackfield and R. P. Barnard, Jr., left Wednesday afternoon for a deer hunt near Mason.

DR. WHITE TO HEAD HEART FUND IN TEXAS

Appointment of Dr. W. R. White, president of Baylor University, to head the annual Heart Fund campaign in Texas during the month of February was announced this week by Dr. Joseph F. McVeigh of Fort Worth, president of the Texas Heart Association.

Though his office is located on the main university campus in Waco, Dr. White's responsibility extends to administration of the Baylor College of Dentistry and Baylor Hospital in Dallas and the Baylor College of Medicine at Houston.

Dr. White spent much of his life in the pastorate of some of the largest Baptist churches in the Southwest, including Lubbock, Greenville, Fort Worth and Austin. He was leader of the Texas Baptist Convention and one of the founders of the Baptist Foundation of Texas.

The Texas Heart Association and its chapters throughout the state have contributed equipment and research funds to the medical schools of Texas, as well as helped to establish community cardiac clinics and educational programs or physicians and the public.

In accepting the chairmanship, Dr. White said:

"Funds subscribed by the people of Texas in this campaign will be used to fight diseases of the heart and blood vessels, both locally and nationally."

"These diseases take a greater toll of human lives than all others combined, a fact which underscores the importance of a concerted effort to combat them through medical research, professional and public education and community programs. I am confident the people of Texas will again respond generously to the 'Help Your Heart Fund—Help Your Heart' appeal."

Lions Club Has Business Session

Martin T. Smith, a new resident of Knox City, was voted membership in the Knox City Lions Club at the regular weekly luncheon Wednesday.

Mr. Smith, a wholesale dealer in cosmetics and notions, recently moved here from Wichita Falls.

No program was scheduled at the club Wednesday, and after luncheon, the meeting hour was spent in discussing and passing on various business matters.

Members voted to sponsor a Christmas lighting contest; to endorse a series of recommendations proposed by the 1946 Study Club, to be presented to the City Commission; and to purchase a \$10 bond from the Texas Tuberculosis Association.

A request for a donation to the Lions' Crippled Children's Hospital at Kerrville was discussed, and Club President Jeff Graham pointed out that all fines collected by Tail Twister Otis Harbert during the year were given to the project. Lion Harbert collected \$46.50 Wednesday to add to the fund.

Graham reminded Lions that the meeting Wednesday, Dec. 23 will be the club's "Christmas Party." Each member is to bring a toy to the meeting and demonstrate it before the club. The toys will then be given to the American Legion who will distribute them to the children in needy homes.

Mr. and Mrs. Monte Whitten of Wichita Falls and Bill Whitten, student in Texas Tech at Lubbock, spent Thanksgiving here with their parents, Mr. and Mrs. Pete Whitten.

Mrs. W. B. Thompson and children, Donald, Lou Ella and Tommy, and Mrs. Ida Herring, all of Abernathy, spent the Thanksgiving week end in the home of Mrs. Lela Milford.

Guests in the home of Dr. and Mrs. T. S. Edwards Thanksgiving were Tommy Edwards of the University of Texas, Mrs. W. E. Corbin of Brownwood, mother of Mrs. K. T. Edwards, Mrs. Tom Hampton and children, Tom Lauren and Sandra, and Miss Judy Hatfield, all of Dallas.

Mr. and Mrs. A. J. Collier and children of Littlefield spent the week end here with her parents.

Mr. and Mrs. Homer Job and grandsons, Jerry and Linebaugh, spent Thanksgiving week vacationing in Oklahoma and the Texas handle with relatives.

Misses Mary Mahan and Lily Willis of Abilene were guests of Mr. and Mrs. J. W. S. during the Thanksgiving days.

Gifts Galore

by Dee S. See

Gift-giving is a year-round proposition.

Most of us think of presents in terms of Christmas, birthdays and anniversaries. But there are numerous other occasions—a housewarming... a promotion... a visit—that are made even more pleasant because somebody remembered the event with some token, no matter how inexpensive.

Today, happily, there are gifts galore as close by as the drug-store to suit every purse and personality. No longer do we have to rely upon the old unimaginative stock-in-trade gift. Instead, at a small cost, local stores offer distinctive items suitable for every occasion.

Take the woman who likes to entertain. She might well appreciate a handsome soup-warmer or aluminum tumblers, which can be bought at the corner druggists'. And what man wouldn't appreciate a new shaving kit... extra pen and pencil set... or a pair of cuff links for the French cuffs so popular this year?

For the glamour gal there are deliciously-scented colognes... mink earrings... and lipstick sets, among the "luxury" items. The young man of the family could be started on a life-long hobby or career if gifted with an inexpensive camera or a starter stamp collection.

These days, there's no excuse for not remembering. Even when shopping for such necessities as toothpaste, notice the many gift items on the counters, too.

Come In and Order One... Today!

Of course, any day is a wonderful day for stepping up to Cadillac.

When the magic moment arrives in a man's life when he feels entitled to the "car of cars," he should make the move without hesitation—regardless of year, or season, or any other consideration.

But we do feel, in all honesty, that the motorist who finds himself in that happy circumstance this fall is particularly fortunate.

For Cadillac has never offered so many wonderful things, in such abundant measure, as it does today.

It is supremely beautiful—with grace and dignity and majesty that set it instantly apart from the rest of the world's motor cars.

Its performance is simply breath-taking—even when measured against Cadillac's own extraordinary standards. And the car is luxurious and distinctive and

pride-inspiring far beyond its illustrious predecessors.

In addition to all this, the current Cadillac creation is unbelievably practical to own and economical to operate. The lowest-priced Cadillac, for instance, now costs less than twenty-two different models of other makes of motor cars manufactured in America.

And you can ride out a normal, full day's journey on a single tankful of gasoline.

As if this were not sufficient to set it apart, a Cadillac car—according to an authoritative study of used car prices—may be expected to return a greater percentage of its owner's original investment at the time of resale than any other motor car in the land.

So—if you are considering a Cadillac for yourself and your family—come in and order one today!

It's the right thing to do—and it's the right time to do it.

COTTON ALLOTMENTS WILL SLASH '54 CROP BY ONE-THIRD

COLLEGE STATION — When the 1954 cotton crop moves to market growers will compete with an 8.4 million bale caddy over the largest of any postwar year.
Furthermore, while an approval of marketing quotas will assure growers a 90 percent parity support price, John G. McHenry, assistant extension economist, says cotton acreage allotments will reduce the state's crop next year by one-third.

Testative national marketing quotas call for production of 10 million bales of upland cotton and 30 thousand bales of extra long staple. Acreage allotments should lead to about the price, but will cut the total cash receipts from cotton, McHenry explains. Allotment quotas must be approved in a national referendum by two-thirds of the growers.

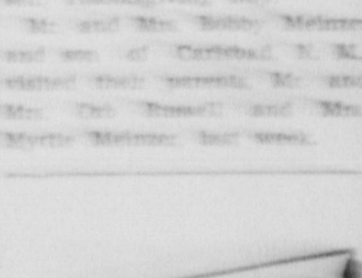

The current crop of upland cotton is about 25 percent larger than normal and approximately twice the extra long staple in supply.

Including the 1954 crop, the carry over from last year and a few imports, the country now has 21 million bales. Domestic consumption and exports will lower the supply to 2.4 million bales by August, 1954, McHenry says.

The economic forecast a small drop in domestic millings was surprising during the evening hour. Delivery to the military forces, available all dollars and while cotton exports are down 25 million bales from 1952's 25 million, a further decline is not likely. Exports may advance slightly, he says.

In concluding, McHenry says the immediate overall outlook for cotton is one of large supplies and moderate or low demand.

SALVATION BY WORKS

To say that we are saved by faith in no way minimizes the truth that we are saved by the grace of God. Neither does the Bible teaching of obedience to God's commands eliminate either the importance of faith or grace. The balanced and true conception of God's word is that which accepts the teachings of the entire New Testament and does not neglect the importance of either grace, faith, or works.

The very passage that we have mentioned in the last two weeks as teaching the importance of grace and faith in salvation also stresses the essentiality of works of obedience. "For by grace are ye saved through faith; and that not of yourselves: it is the gift of God: Not of works, lest any man should boast. For we are his workmanship, created in Christ Jesus UNTO GOOD WORKS, WHICH GOD HATH BEFORE ORDAINED THAT WE SHOULD WALK IN THEM." (Eph. 2:8-10).

Salvation is certainly not secured by works of our own righteousness, neither are we saved by works of the law, but by God's grace and through our faith we are saved by doing the works which God has ordained for us to do.

Even in the great "Faith Chapter" of the Bible, Hebrews 11, the truth of this teaching is shown again and again. "By faith Abel offered... By faith Noah prepared an ark... By faith Abraham obeyed."

It is contrary to the Bible to teach that one can be saved without obeying the divine commands of God. Being fully thankful for His grace and believing in Him with all your heart, humbly obey His every command and worship with us.
