MISSIONARY SOCIAL
The ladies of the Missionary So-
ciety of the Methodist church were
delightfully entertained Monday af-
ternoon in the home of Mrs. Z. A. Ham-
mock, the hostesses being Mrs. W.
E. Benedict and Mrs. Shirley Parks.

The afternoon's entertainment was
joyfully begun with a grab box, each
lady being required to wear the article
which she grabbed. Odd and
old fashion wearing apparel proved
to be very amusing when worn again
as in other days.

Other games and contests equally
interesting were played, following
which refreshments of sandwiches,
pickles and iced tea were served to
the large crowd.

Mrs. Carl Davis returned home
Sunday from her trip to Dallas and
Cleburne.

Matura Gets Term on Arson Count

PROPPS IN CROWELL CELEBRATION

Found Guilty by Haskell Jury,
O'Brien Man Is Assessed Two Years

HASKELL, April 28.—C. Matura, elderly cement worker of the O'Brien community, was found guilty on a charge of attempt at arson by a jury in the 39th district court here and given a two-year term in the penitentiary. The indictment against Matura charged attempt to burn a house owned by T. G. Carney and occupied by Mrs. O. Z. Melton at O'Brien, last December. With his lower limbs peppered with birdshot, Matura was arrested by Haskell county officers, a few hours after occupants of the Melton house had fired at the door.

Mrs. Melton Testifies

Mrs. Melton testified to discovering a corner of her house ablaze as she and her daughter-in-law returned home from a theatre. She said she saw a man leave the yard.

Her son, Paul Melton, testified to putting out the fire described by his mother and later to finding a second fire, as he returned from the home of his brother-in-law, B. H. Brown. He had taken his wife and mother to the Brown home after discovery of the first fire, he said. He was accompanied by Brown on the return and the two fired number 6 shot from a shotgun at a man who fled from the corner of the house Melton testified.

Sheriff Serris testified to arresting Matura at his home in O'Brien the morning after the fire. He said officers followed tracks from the Melton house to Matura's home. He also testified that number 6 shot was found in Matura's body and clothing.

Defendant on Stand

The defendant, on the stand, said he was shot passing the Melton house, as he pursued a prowler from his own back yard. His son Frank Matura, testified to seeing his father pursue a man from the back yard of the Matura home on the night of the asserted attempt at arson.

Maura was represented by Ratliff and Ratliff and D. C. Chapman of Haskell. Prosecution was conducted by H. F. Grindstaff, 39th district attorney, and French Robinson, county attorney.

The case was given to the jury at 2:30 and the verdict was returned about 5 o'clock. Judge M. S. Long of Abilene exchanging benches with Judge Clyde Grissom, presided at the trial.

Mr. and Mrs. Charley Massey and children spent Sunday in Olney.

One of Knox City's prominent citizens, A. E. Propps, took part in the 40th anniversary celebration in Crowell Monday. Buck was among the number who furnished the old brake down fiddling.

Another of our pioneer citizens, Mrs. M. A. Reeder, was on the celebration program.

One of the interesting features of the program was a lengthy parade which featured the life of Crowell back to the years of the pack horse etc. A large Chuck wagon, placed on the corner of the square, accommodated the old time cow boys at the noon hour.

Those from Knox City who attended the celebration were Mr. and Mrs. Propps and family, Mrs. M. A. Reeder, Mrs. E. F. Herring, Mrs. W. W. Hyde, and Mr. and Mrs. Lloyd Fox.

METTS CHICKEN HOUSE BURNED

Last Friday evening about seven thirty the chicken house of Mr. and Mrs. M. D. Metts caught fire. Before it could be extinguished the house and nine little chickens burned, a fifty pound sack of feed and all the new garden tools of the Metts family.

It is believed the fire originated by the explosion of a small stove. It was first seen by the Little Stovall boy.

Upon seeing the fire Mr. Metts made his way to the building and rescued fifty three of their two week old chickens, otherwise the total of sixty two chickens would have burned.

Mr. and Mrs. H. C. Brown are the proud parents of a new baby boy who arrived on April the 26th. Mr. and Mrs. Brown live in Knox City.

Mr. and Mrs. Ed Shaver and family and Miss Fay Hyde attended the show at Munday Tuesday night.

The negro ball team of Knox City played the Munday team here Saturday with a score highly favoring the Munday team.

Mr. White of Abilene and Mr. Cannon of Stamford were in Knox City Monday evening to see S. O. Nations.

Mr. and Mrs. Otto Lawson are the proud owners of a new Chevrolet Coupe which they bought at Ashcrofts.

Mr. Underwood made a trip to Stephensville Saturday morning returning with his wife and baby who had been visiting there.

WIND STORM CAUSES SMALL DAMAGES

The heavy rain and the wind storm which came Wednesday morning caused various but small damages in Knox City. Considerable rain fell and the most severe wind blew about eight o'clock. Reports from citizens over town show the damages small but varied.

The servants house at the Hospital, Carnes' house, was blown in two and twisted about.

Only recently S. L. White built a new chicken house and Wednesday morning it was blown into pieces. The new chicken house of J. A. Wilson, which was completed Tuesday, was completely destroyed Wednesday by the storm.

The barn of Mr. Jennings, who lives north of town, was torn to pieces. The porch awning of the Benedict building "Hotel de Day" was lifted from its props and erected upright in the front door. E. E. Acker's board fence was blown down. Z. A. Hammock's fence was blown down. Two large trees were uprooted, one at the A. B. Reese home and one at the place occupied by Mr. and Mrs. Doc Rose.

A portion of the fence around the Basket Ball court was blown down. A small house of Russell Boyd's was blown down and scattered about. The roof of the Methodist church was torn off and left flopping about, however, Thursday it was believed that the damaged part could be replaced with little expense.

About half the fence at the home of W. A. Smith was blown down. The roof of the home of Pappy Smith was damaged. Mrs. J. W. Herring's garage was blown over and the roof placed in the garden of Mr. Stephens.

The roof was blown off the Hallabough barn. B. B. Cochran's chicken house was destroyed and three telephone poles were down on the line north of town.

A good many barns were unroofed in the country east of town chicken houses and garages damaged. There were also other similar damages here in town.

There was hail in the storm Wednesday morning north of Benjamin Vernon is reported as having a big hail with gardens etc beat to nothing.

SCOUT MEETING

There will be a meeting of the Boy Scouts Friday night in the Basement of the Baptist church, at seven thirty. It is hoped that all the scouts will be present, also the Troup and Citizens committees.

Some of the scouts are ready for their Tender Foot examinations and they are anxious to have them. The Scout Master, C. B. Stovall, stated Wednesday that following these examinations the scouts would apply for their charter.

Mr. McBrayer received a message Thursday morning of the accidental death of a nephew in Colorado.

Mr. and Mrs. Tom Waggoner have a new Chevrolet Sedan which came from Ashcrofts.

Entered in the Postoffice at Knox City, Texas for transportation through the mails as second class matter.

We were pleased this week with an order from the Frizzell Drug Store for sixteen thousand prescription blanks.

Prior to this date, Mr. Frizzell bought these blanks of town. This he did, however, because the manager in the office heretofore has been unable to meet the prices made by other concerns. We have met those prices and accepted Mr. Frizzell's order at the same rate he was paying elsewhere.

The above mentioned incident is small. The matter of only a few dollars; however, the substance of fact therein is worthy of honorable mention. Here the printer will make only a small amount but a little made and saved soon makes larger sums.

Too, the buyer, Mr. Frizzell, will receive a portion of the price of his prescription blanks back in trade while when he ordered from out of town concerns, none of the money would return to him or any other Knox City merchant.

It is our business to meet the prices of our competitors the same as all grocery or dry goods merchants. And if we can do so with any degree of satisfaction to both parties, we are most eager to do so.

If you have been buying printing some place other than from the office of the Herald, come around and let us figure on your work.

We appreciate the cooperation which Mr. Frizzell has shown in allowing the prescription printing to come to our office. We solicited this work from him some five or six months ago and not being in the need of the blanks, he of course did not order from us. However, as soon as he did need them, he placed his order with us.

It is poor judgement to condemn a man until he has proved himself unworthy of praise.

We understand that at a recent meeting of the Christian Women's Association the ladies tried to select an official flower or shrub for Knox City. It seems that for some reason however, the selection was not definitely made.

It is fine to see the interest in city wide beautification that is shown by Knox City citizens. It would be good if this organization would at the earliest possible date, meet again and select an official shrub for the town. Shrubbery and flowers should be put out as soon as possible and if we have an official flower or shrub we want every home to have one.

The nation wide thirst for rock gardens, fountains and rivulets is prevalent in Knox City as well as in the larger cities. Mrs. W. E. Benedict has attained the fountain, rivulet etc and has made her very pretty yard even more beautiful.

Grady Benedict's yard probably shows up more work than any one yard in town. Grady has put an unusual amount of work about his place, making the results gratifying. Although Mrs. Benedict claims a portion of their yard she says that the stones were not placed all just in the order of her dictation. It was Grady who did the dictating.

The rains of the week will help the yards and gardens a great deal. They might even help the yard rivulets.

It is hoped that when the road grid begins work again that the driver will not forget that there is a street running north and south of the editor's place.

We see that Mr. Moseley has cleaned up his yard. Well, that's good. Now we can believe Edith when she says that many of the former weeds in the yard were flowers. For they really are, and just about ready to bloom.

You have heard of the One-Stop Super Service Station haven't you? Well Jimmie now has a cow at the service station. Guess he really intends to give one stop service.

By the way, Jimmie says the cow is for sale. You might as him about her.

SOAKING THE PUBLIC

Ex-president Coolidge, in his daily writings, propounds some hard questions for the politicians to answer. He recently pointed out the simple fact that when Congress passes laws for spending money, the people have to pay for them. Also, when Congress creates a deficit, the people pay not the men who pass the laws.

The smaller the business and the smaller income, the harder the tax load hits it. The small earner and the small business in paying rent and buying supplies, are charged with all the taxes and accumulate on land and manufactured goods.

So, when a single Congress appropriates \$10,200,000,000 during one session, as did the last one, the man on the street—the taxpayer and voter is the one who will ultimately dig up the money to pay the bill.

It makes no difference how well the politicians camouflage their tax raising schemes as assessments against the wealthy, as inheritance taxes, intangibles taxes, excess taxes, special taxes or what-not, the laboring men and women will feel the effect in higher prices, higher rents, depressed business, fewer jobs, lower wages, or actual lack of employment.

The money does not grow on trees. It comes out of the pockets of the people. You can't "soak" a corporation without "soaking" the consumer, and you can't "soak" the consumer without "soaking" the corporation. In both cases you "soak" the buying power of the nation and tend to cause depression and stagnation.

Restless CHILDREN

CHILDREN will fret, often for no apparent reason. But there's always Castoria! As harmless as the recipe on the wrapper; mild and bland as it tastes. But its gentle action soothes a youngster more surely than a more powerful medicine.

That's the beauty of this special children's remedy! It may be given the tiniest infant — as often as there is need. In cases of colic, diarrhea or similar disturbance, it is invaluable. A coated tongue calls for just a few drops to ward off constipation; so does any suggestion of bad breath. Whenever children don't eat well, don't rest well, or have any little upset — this pure vegetable preparation is usually all that's needed.

spent her \$1,300 to take a complete course in flying.

Beverly has a limited commercial pilot's license now, but will have to do a hundred hours more of solo flying before she can get a transport pilot license. Meantime, she flies every day from New York to Richmond and back, as hostess for the Eastern Air Transport, and still avails her tips and part of her wages. "The girls that get big money in flying are the ones that have rich fathers or somebody to buy fast planes for them," she said. "It is going to take me a long time to save up enough to buy a plane, but in the meantime I have got a job I like, and it don't hurt my feet."

WASHINGTON

Thirty-four years ago I happened to be in Washington when the first aerial photographs of the Capitol and the new Library of Congress were made. A man from New Jersey sent a Kodak up on a kite string and produced the first pictures made from the air. As the plane flew into Washington the other day we crossed the same spot, and I saw with my own eyes for the first time the view of which I had seen a photograph in 1897.

I have known the city of Washington for fifty years and everytime I go back I find something new has been done to beautify it.

The Japanese cherry trees, planted around the Tidal Basin, which, in my boyhood, was a swamp where the malarial mosquitoes bred, were in full bloom and made one of the most beautiful bits of artificial scenery I have ever seen.

Washington streets and avenues are so congested with motor traffic, and it is so poorly regulated, that I felt that I was actually in greater danger during that ten minute drive in a taxicab than I had been in flying. I am not particularly courageous, but all my apprehensions, I then realized, had vanished as soon as the wheels of the plane left the ground at Newark.

Doc Rose came home Sunday from New Mexico.

Mr. Wilhite, of the Tennessee Store in Munday, and Mr. Bray also of Munday, were Knox City visitors.

All we ask is one thing—Come in and Compare

*A "Special Brand" Tire is made by a manufacturer for distributors such as mail order houses, oil companies and others, under a name that does not identify the tire manufacturer to the public, usually because he builds his "first line" tires under his own name. Firestone puts his name on every tire he makes.

Double Guarantee — Every tire manufactured by Firestone bears the name "FIRESTONE" and carries Firestone's unlimited guarantee and ours. You are doubly protected.

THE PARABLES OF THE POUNDS

Luke 19: 11-26.

Reverend Samuel D. Price, D. D.

A good story with a real point is effective in its teachings. Jesus often made use of a parable to home the truth. A parable can be defined as "an earthly story with a heavenly meaning." This time it is about a man of means who went away to receive an additional inheritance. Before leaving he handed over a pound, about \$17 in value, to each of ten servants, and told them to make use of the money until he returned. It was naturally understood that there would be an accounting at that time. A pound then represented pay for 100 days of unskilled labor, and was in amount to command real attention.

We may idle time away or be busy meanwhile, but at last the hour comes when we must face the auditor. When the nobleman returned from the far country he asked for an accounting from the ten who had been tested by their use of the revolving fund. All do not have the same ability and equal result ought not be expected. A bit of understanding and sympathy would help the plodder who may be equally faithful as the one who can produce the larger results. The first man presents ten pounds as the re-

sult of his trading and is heartily commended for his ability. The next man declares that this stewardship resulted in a gain of five additional pounds, and he too is praised.

The last man to meet the auditor comes with excuses only as he returns the original pound without any increment. Fear is the reason that he gives for the failure to even attempt to accomplish anything. His lack of energy shows that he is unworthy of any advancement and he is further distressed by utter condemnation.

Salesgirl. "Dog collars, Madam?"

Lady. "Well something similar, there's for my husband."

Beat This One

A quiz listed the following question: Define a bolt and nut and explain the difference, if any. A sweet young thing submitted the following:

"A bolt is a thing like a stick of hard metal, such as iron, with a square bunch on one end and a lot of scratching wound around the other. A nut is similar to the bolt only just the opposite, being a hole sawed off short in a chunk of iron, with wrinkles around the inside of the hole."

Explained

"De choir will now sing, 'I'm glad Salvation Is Free, while Deacon Jones passe de hat. De congregation will please 'member dat, while salvation am free' we has to pay de choir for singing' about it. All will contribute accordin' to his means, an' not for his meanness."

Irate master (to Negro servant)—Rastus, I thought I told you to get a domestic turkey. This one has a shot in it, turkey sir.

Rastus—I done got a domestic turkey sir.

Master—Well, how did the shot get in it?
