Filing deadline for candidates in the upcoming elections is March 5. This is also the final day of registration for voters wishing to participate in the election.

Anyone wishing to file as a candidate in the city election should do so at the City Hall. Those interested in filing in the School Board election are asked to go to the school superintendent's office.

Absentee voting by public appearance will begin on March 17. Faye Railsback is absentee ballot clerk for the city election, while Mary Beth Smith, at Knox City School Superintendent W.R. Baker's office, is absentee ballot clerk for the school board election.

Those city councilmen whose terms expire this year are A.P. Denton, Carl Shelton, and Mayor C.C. "Buddy" Angle.

Holdover city officials are L.V. Worley, Celso Gonzales, and Dr. Ted Alexander.

In the school board election, board members whose terms expire are John Crownover and Doug Meinzer.

Holdover board members are Henry J. Jones, Jerry Benson, John L. Grindstaff Jr., Dr. Robert Howell, and Allen McGaughey.

No information was available at press time on plans for the Knox County Hospital District's election.

### To Celebrate Sunday

## First Methodist To Observe Anniversary

On Sunday, February 16, First United Methodist Church in Knox City will celebrate ten years in the church building. Highlight of the day's events will be a visit from Methodist Bishop Alsie H. Carleton, presiding bishop of the Northwest Texas - New Mexico Area.

Bishop Carleton will speak at the 11:00 o'clock worship service Sunday morning. This service will be followed by a covered dish dinner in Fellowship Hall at noon.

The day's activities will conclude with a service of worship at 3:00. Participating in this service will be former Knox City pastors including the Rev. C.W. Parmenter, retired minister from Big Spring, and the Rev. Jarrell Sharp who presently is serving Means Memorial Methodist Church in Andrews. Rev. Sharp will bring the evening message. He was pastor of the church at the time the sanctuary was completed in 1965.

On February 14, 1965, First United Methodist Church moved into the new sanctuary. The educational wing had been completed and occupied four years earlier.

Laymen giving leadership on the Building Committee for the sanctuary included Buddy Angle, Joe Clonts, Sam Clonts, Alton Fitzgerald, Jeff Graham, C.G. Markward, J.C. McGee, and Mrs. Monty Penman.

In celebration of the tenth anniversary, many of the organizations and classes of the church are preparing large banners which will be carried into the service Sunday morning by youth of the church and will be hung on the walls on either side.

Bishop Carleton, the morning's speaker, has been presiding bishop of this area of the United Methodist Church since his election as bishop in 1968.

He was born in Oglesby, Texas, and graduated from high school in Floydada. He is a 1933 graduate of McMurry College in Abilene and

### Friday Night At Aspermont

## Houndettes To Play Haskell For District

The Knox City Houndettes outscored the Paducah girls by 10 points in the opening period to coast to a 60-50 win Tuesday night in the District 7-A girls playoff in Aspermont.

Knox City and Paducah tied for the district first half title earlier in the season. The Houndettes now earn the right to meet the Haskell Maidens for the district crown Friday night in Aspermont beginning at 7:30 p.m.

Paced by the scoring of Temi Baker and Tamie Grindstaff, the Houndettes led 20-10 at the conclusion of the first period. It was then uphill all the way for Paducah as the Houndettes kept up their scoring pace.

Baker netted 30 points and Grindstaff 15 for the Houndettes and Becky Hamilton made 28 for the Paducah

girls. Friday night of last week the Houndettes defeated Paducah 79-51 in the last regularly scheduled game of the season. Temi Baker sank 45

### Hounds' Bi-District Game Set Feb. 25

The Knox City Greyhounds will meet Merkel in bi-district play Tuesday, February 25, at 7:30 p.m. in the McMurry College gymnasium in Abilene. According to officials, the site was agreed on by mutual consent.

Coach Jerry Lowrey's Hounds have scheduled two practice games, the first one Thursday night at Munday when they play Megargel at 7:30, and the second one on tap Saturday night at Paducah when they play Hedley at 7:30.

for the Houndettes and Becky Hamilton 19 for the losers.

The Knox City Hounds ended their regular play of the season when they racked up their 23rd win of the season by defeating Paducah 88-81 last Friday night.

Jimmy Don Moore scored 28 points for KC and Garrett sank 42 for Paducah.

## McCrarys Are Moving Here

The Mike McCrary family will be moving here this week from Whitney. Mike has been named assistant manager of the Knox City Plant Materials Center and will assume his duties there February 16. However, as February 16 falls on Sunday and Monday is being observed as Washington's Birthday holiday, his first day on the new job will be Tuesday.

Mike, a native of DeKalb, worked for the Department of the Army for seven and one half years after his graduation from high school and began his college studies at Texarkana Junior College. He later enrolled at Stephen F. Austin where he received his degree in 1973.

For the past three years, Mike has been working out of the field office of the Soil Conservation Service in Corsicana, Nacogdoches, and Hillsboro.

Mike's wife, Carolyn, is also a native of DeKalb. They are the parents of three children, Jim, 9, a fourth grader, Lynn, 8, a second grader, and Pat, 5, who will attend kindergarten next year.

The McCrarys have rented the Vic Thomas house north of town.

The family attends the Nazarene Church.

## Wrestling Slated Here

Wrestling returns to Knox City Saturday night, February 15, at 8:00 o'clock in the new High School Gym and is again sponsored by the Knox City Chamber of Commerce. This will be the third consecutive

year the wrestling matches have been held here and this year will feature four great bouts, according to the spokesman.

The main event will be Dory Funk Jr. going against Ciclon Negro. Dory Jr., the former World Champion, will be making his first appearance in Knox City Saturday night. Dory Jr. is the top name wrestler in the world today. He held the world championship for almost five years, longer than any other champion, and many believe it will be only a matter of time before he holds it again.

According to the spokesman, he will be in for a severe test when he goes up against Ciclon Negro, a wrestler few have been able to beat. Negro calls himself the King of the Texas Death Matches, and is known as the meanest wrestler in the world today as he never gives his opponents a chance. The fans will be talking about this match for a long time, he said, as it will be wild and exciting. Dory Jr. never fails to fill the arenas, anywhere he appears.

The semifinal will be Dick Murdoch going against Karl Von Steiger. Dick Murdoch has become a big favorite around Texas in the last few months. He is the International Heavyweight Wrestling Champion. He stands six feet, four inches, and weighs 300 pounds. He will be meeting an old rival of his, Karl Von Steiger.

The third match will be a tag team with Nick and Jerry Kozak going against the Japanese team of Mitsu Motota and Mr. Okuma. This match is guaranteed to have the fans standing with excitement before it is over.

In addition to these matches, there be one other great match.

The matches will be held in the new High School Gym for the first time, and everyone is invited to come out and enjoy the wrestling as well as support the Knox City Chamber of Commerce in its fundraising effort.

For additional information, persons may call the Chamber office. Prices will be noted in the display ad in this week's News.

## First Baptist Church Begins Revival Sunday

Revival services have been set at the First Baptist Church in Knox City beginning Sunday, February 16, and continuing through Sunday, February 23.

Clift Brannon, fulltime evangelist, along with his wife, Ruth, will be bringing the revival messages.

Clay Ireson and his wife Nan will be leading the music.

Services on Sunday will be at 10:55 a.m. and 7:00 p.m. Monday through Friday services will be at 12:30 p.m. and at 7:30 p.m.

Brannon was called of God from a busy, successful, law practice in 1949 to a worldwide ministry of soul-winning that has made him unique.

Clift and Ruth have won hundreds of souls to Christ on three continents during their twenty-six years of worldwide travel. They also have distributed more than 185,000 Soul Winner's New Testaments to inmates in the penitentiaries.

Clift has served as president of Baptist Men of Texas and also second vice president of the Southern Baptist Convention.

Clay and Nan call Fort Worth home and are fulltime music evangelists. Nan is Clay's "right arm" when it comes to the music program. She plays the piano and

accompanies him for his solos.

Clay received his master's degree in religious education in May 1973 from Southwestern Seminary in Fort Worth. During his seminary days he participated in several revivals as a song evangelist and was Minister of Music and Education at Park Temple Baptist Church in Fort Worth prior to going into full time music evangelism in September 1973.

Choir practice will begin each evening at 7:00 and a nursery will be provided, according to the Rev. Paul Anderson, pastor.

Everyone is invited to come and hear these unique husband and wife teams.

## Drilling Activity Continues In Area

**HASKELL** -- Rule, North (Strawn) Field County has gained a new well.

The oiler is Bright & Shiff of Dalls No. 1 Fletcher, three miles southwest of Rochester. It spots 2,000 feet from the north and 660 feet from the east lines of Lot 38, Wise CSI Survey 76.

No. 1 Fletcher had a daily potential of 74 barrels of 39 gravity oil, flowing through a 12-64-inch choke with 130 pounds casing and 20 pounds tubing pressure.

Production is from an open

hole with the pay topped at 4,877 feet. Operator set the 4 1/2 inch casing at 4,877 feet, and the hole is bottomed at 4,880 feet.

**STONEWALL** -- Ryder Scott Management Co. of Wichita Falls No. 2-M Swenson Land & Cattle Co. is a planned 3,500-foot wildcat for Stonewall County.

Location is five miles south of Old Glory on a 474 acre lease. It spots 330 feet from the north and 960 feet from the west lines of Section 145, BBB&C Survey, A-443.

###

Operator has been amended from A.L. Sauder Jr. to Ryder Scott Management Co. at No. 1-M Swenson. It is also a planned 3,500-foot wildcat. Drillsite is 725 feet from the north and 1,650 feet from the west lines of Section 145, BB&C Survey.

### Continental Oil Co. staked three locations in the Guest (Canyon Sand) Field five miles south of Aspermont. All are slated for 4,600 feet.

No. 40 Guest Canyon Sand Unit spots 2,050 feet from the north and 1,450 feet from the west lines of Section 4, Seale & Morris Survey, A-1788.

Location for No. 41 Guest Canyon Sand Unit is 1,200 feet from the north and 1,790 feet from the east lines of the same survey.

Other project is No. 42 Guest Canyon Sand Unit, spotting 370 feet from the north and 725 feet from the east lines of R. Hodges Survey, A-903.

## Heart Fund Drive Is February 21-24

An appeal to Knox City residents was issued today by Mrs. Ted Alexander, chairman of the Knox City Heart Fund Campaign, for volunteers to aid in the local drive which has been scheduled for February 21-24.

Mrs. Alexander said volunteers are needed to call on friends and neighbors with information on reducing the risk of heart disease and how

to recognize the early warning signs of heart attack and stroke. Volunteers also will collect contributions for increased research, education, and community programs to help fight the nation's leading cause of death.

"More than 28 million Americans have some form of heart and blood vessel diseases. This averages out to one in every eight Americans. Deaths from these diseases amount to over a million a year -- more than from all other causes of death combined," Mrs. Alexander said.

She asks Knox City residents to help bring these important messages to the public by volunteering some of their time to help save lives.

Residents who want to volunteer may do so by contacting Mrs. Alexander at 658-3625.

Mrs. Alexander said the door-to-door contacts in the residential area will be made Saturday and Sunday, February 22 and 23, and the businesses will be contacted on Friday, February 21.

### Beef Cattle Short Course Begins Mon.

Frank Litterst, Beef Cattle Specialist with the Texas Education Agency and Texas A&M University, will conduct a Beef Cattle Short Course Monday through Thursday, February 17-20 in the Vocational Agriculture Building here beginning at 7:00 p.m.

Subjects to be covered in the short course will include bull selection, fertility problems of the bull and cow, pregnancy diagnosis, exotic breeds, cross-breeding, nutrition, and cattle management programs.

Further information may be obtained from Leon Burkham, vocational agriculture teacher.

### School Board Incumbents File

According to Sam E. Clonts, Knox County School Superintendent Ex-Officio, Knox County School Board members C.H. Cornett of Precinct 1 and Emil Navratil of Precinct 3 have filed for re-election in the April 5 election.

Gilliland Common School Board incumbents E.D. Welch and L.D. Welch have also filed for re-election.

## STREAMS IN DESERT PLACES

by Ozelle Stephens

".....for I have learned how to get along happily whether I have much or little. I know how to live on almost nothing or with everything. I have learned the secret of contentment in every situation...."  
Phil. 4:11-12 (paraphrased)  
In the book of Philipians we read about Paul's great philosophy of life. He limited everything that stood in the way of tranquility and peace of mind. He had no hate, no doubt, and no fear. He kept his mind filled with the love of God, and love for his fellowmen, regardless what they did to him. This gave him a glorious sense of mental serenity; and there is nothing that gives greater power. This power is yours as you think tranquil thoughts and say tranquil words. Be very close to God by being committed to Jesus Christ. This develops a peaceful tranquil power within you and nothing can destroy you. God's grace and peace will keep your hearts and minds safe in Jesus Christ.

the team leader." David's parents were others with mixed emotions about his comeback but the young man says they are pleased with his progress. "My father's all for it," David said. "My mother likes it, too, but she says it scares her to death when I'm out there and start breathing hard." Those teammates that David now leads had feelings about his return, but they kept them to themselves except for private bull-sessions in the locker room. They didn't really talk about it. They were glad to see me back ... but not as much as I was glad to be back." They also may have learned a lesson from David... that the only way to achieve the goals you set for yourself is to never give up.

## Moorhouse Services Held

Funeral services were held for Charles Moorhouse of Munday, Saturday afternoon at 2:00 o'clock in the First Christian Church of Benjamin. The Rev. E. Hardy Cole, pastor of the First United Methodist Church in Munday and the Rev. H.B. Graves Jr. pastor of the First Baptist Church in Munday officiated. Burial was in the Benjamin Cemetery. She spent many years teaching in Tulia, Kaufman, Seymour, Iraan, O'Brien, Ralls and College of the Southwest in Hobbs, New Mexico. Survivors include a son, Pharris Taylor Jr., of Canon City, Colorado; her sister, Mrs. Art Jansen, Florence, Colorado; a nephew, Dr. Gene Kirkpatrick, Houston; and an uncle, Charles Moorhouse of Munday (who died February 7); and many cousins and friends.

**Farm Census Is Being Conducted**  
The 1974 Census of Agriculture being conducted by the Bureau of the Census will bring up to date farm statistics collected for the year 1969 when the last farm census was taken. Cooperation from every farm and ranch operator is needed in order to insure an accurate measurement of changes in Knox County. Farm business records are to be used in filling out the report form, but when records are not available, reasonable estimates are fully acceptable. He stresses that the Census Bureau must have a good report from each operator if county records are to be complete and accurate. The report forms (questionnaires), mailed out about January 1, should be filled out and mailed back as early as possible. Nothing is revealed in the published reports that might disclose information about an individual operator. The data are combined into county and State totals that provide benchmarks for keeping up with changes in farming. The Census of Agriculture, taken every five years, is the only source of statistics on agriculture that are comparable, county by county, on a nationwide basis. The 1969 census counted 601 farms in Knox County; 471 reported selling \$2,500 or more of agricultural products, and 35 reported sales of \$40,000 or more. The market value of all agricultural products sold amounted to \$8,456,265.00 an average of \$14,070.00 per farm.

# W.R. Moore Jr. To Study Wheat Marketing Facilities In Canada

Over eighty percent of Texas wheat production is currently exported. Increasingly Texas producers' income is influenced by foreign sales or the lack of them due to international competition. The largest single competitor to Texas and United States wheat in foreign markets is Canada, according to Kendrick of Stratford, chairman of the Texas Wheat Producers Board. Accordingly, Texas producers, through TWPB will on February 17 and 18 be taking a look at the competitors facilities for training and influencing foreign customers at the Canadian Wheat Boards "Canadian Grain Institute" in Winnipeg. W.R. Moore Jr. of Munday, a member of the

9-man Texas Board, and Dr. Ronald Thomason, an agronomy professor and Wheat Protein researcher at West Texas State University, will represent Texas on the study trip to Canada, sponsored by the Foreign Marketing Committee of Great Plains Wheat, Inc., the regional market development organization through which TWPB conducts its export development. It is expected that a wheat producer and an academic technical advisor from each of the GPW member states will participate. In addition to conferences with members of the Canadian Wheat Board, it is expected that participants will view the protein, milling, baking, grading, and quality laboratories of the Institute. The Canadians established and use the Institute as a counterpart market development tool

to the United States wheat producers' longtime successful program of hosting foreign trade teams to expose foreign buyers and users to U.S. types, qualities of, and facilities for handling U.S. wheat. Moore and Thomason will report on their trip and evaluation of the Canadian programs at the regular quarterly meeting of the sponsoring Texas Wheat Producers Board in May.

### NEW BOOKLET ON LANDSCAPE TREES

"Trees for Texas Landscapes" is the name of a new publication by the Texas Agricultural Extension Service and features information that should be of interest to all homeowners. The publication lists more than 60 of the better trees

suitable to Texas conditions. It provides a rating of where these trees are best adapted and gives the outstanding characteristics of each. Trees are our biggest bargains for improving the environment. Here are just a few things that trees do:

- Help supply oxygen we need to breathe.
- Help keep our air supply fresh by using up carbon dioxide that we exhale and that factories and engines emit.
- Use their hairy leaf surfaces to trap and filter out ash, dust, and pollen particles carried in the air.
- Provide food and shelter for birds and wild animals.
- Lower air temperatures by using the sun's energy to evaporate water in the leaves.
- Increase humidity in dry climates by releasing moisture as a by-product of food-making and evaporation.
- Give a constant supply of products, such as lumber for building and tools, cellulose for paper and fiber, and nuts, oils, gums, syrups, and fruits.
- Slow down forceful winds and hold soil to prevent erosion.
- Shade us from direct sunlight and camouflage harsh scenery.
- Provide pleasing shapes and patterns, fragrant blossoms and seasonal splashes of color.

# Record Benefits Paid By SS in '74

A record \$2,662,000,000 was paid out in social security cash benefits to residents of Texas in calendar year 1974, according to Kenneth R. King, social security branch manager of Vernon.

Legislation enacted in December 1973 provided for an 11 per cent increase in monthly benefits effective June 1974, with 7 percent of this amount payable for March 1974 through May 1974. Benefits also will increase automatically in future years and the first possible automatic increase in benefits would be effective for June 1975.

Of the social security benefits paid to beneficiaries in the state of Texas during 1974, \$1,633,000,000 went to retired workers and their dependents and \$712,000,000 to the survivors of workers who have died. Another \$316,000,000 was paid to severely disabled workers and their dependents.

Nationally, social security cash benefits in 1974 totaled \$58.5 billion. This was about \$7.1 billion higher than in the previous year.

At the end of December

1974, about 31 million men, women, and children were receiving monthly social security benefits. The number of persons on the benefit rolls increased by over a million during the course of the year, Mr. King said.

Retired workers and their dependents account for about 63 percent of all those receiving payments. The survivors of workers who have died, including children and their widowed mothers, aged or disabled widows and widowers, and aged dependent parents, make up close to one-quarter of all those receiving social security payments. Another 12 percent are disabled workers and their dependents.

Social security is not only a program for the elderly, Mr. King said. Almost 24 percent of all beneficiaries are under age 60, and 15 percent are under age 22.

# Mrs. Robinson Is Program Leader

### BETA CLUB NEWS

by Sarah McGaughey  
We are starting a new project this month in Beta Club. It is a Bi-Centennial Emblem contest. All the grades are involved in making an emblem to represent our city. The winning emblem will be made into a rubber stamp. This stamp will be used on incoming and outgoing mail. Everyone start on their emblem now because the deadline for entries is February 21.

### JUNIOR HIGH BAND NEWS

by Gerri Watson  
This week we have just practiced on our new songs we got last week. We have gotten "Plymouth Rock" worked up but we're still working on "Ocala March". "Ocala March" is a little bit harder than "Plymouth Rock."

We hope that we can get "Ocala March" worked up pretty soon so we can go on to another song!!!

Last week we talked about seeing a film. Our band wasn't big enough to go to Cisco this year. As soon as we get the film, we are going to see it here. We haven't decided on which film to see yet. The fifth, sixth, and seventh grades are going to participate in this activity. The Band Boosters are going to sponsor this film. There will be drinks and chips. We really appreciate the Band Boosters. They really boost the band!!!

### RETURNS HOME

Mr. and Mrs. Wayne Mitchell of Mineral Wells returned home Thursday of last week after a month's stay here with their daughter, Mrs. Charles Reese and Debbie.

## SKIN CARE

FOR WINTER SPORTS

Some people believe that summer's the season to worry about sensitive skin. But winter is also a time to be wary—especially if you're involved with sports that take you out into cold winds and glaring sun. As a matter of skin survival, skiers have faced up to

following a good skin care regimen to keep skin healthy, soft and moist, after long days on the snowy slopes.

1. The cold, dry air can rob your skin of moisture, and ditto for the low humidity of indoor heating systems. Apply a heavy-duty moisturizer day and night, especially around your eyes.

2. To combat the winter itch of dry skin, soak in a tepid tub laced with a bath or baby oil. The oil will help seal in your skin's natural moisture.

3. Use a conditioner after washing your hair. Cold air and lack of humidity also cause dry hair.

4. Always apply an effective moisturizing suntan lotion before going out on the slopes. Sea & Ski, for example, is highly recommended for protection from winter sunburn.

5. Don't neglect your personal skin care rituals. These are important all year 'round, but especially when your skin is exposed to winter weather stresses.

Follow this advice and you should look as clean, fresh and soft as mountain snow.

## Jr. High Play Final Games

The junior high teams played their final games for the season against Paducah Monday night.

The seventh grade girls lost out to Paducah 25-12. Kay Howell scored 9 for KC.

Paducah edged by the eighth grade girls 26-25. Paducah scored a basket on the final buzzer. Rhonda Skiles was high point for KC.

The seventh grade boys were defeated by Paducah's seventh grade 27-14. Dwayne Johnson and Gilbert Luna were high point men.

Paducah's eighth grade boys outscored Knox City 45-26. Jimmy Rushing was top scorer.

### HORTICULTURE NEWS

by Sarah McGaughey  
The Horticulture Class saw another busy week transplanting many plants and planting more seed. This week we planted marigold celosia, and amaranthus seed. Also we planted round philadendron and palm seeds.

We anticipate the arrival of geranium cuttings and caladium bulbs very soon. We will add these selections to our bedding plants.

Tomatoes are no longer available. We have pulled up the majority of our plants to make room for bedding plants and hanging baskets.

### PASF NEWS

It's Not All Bad... Bah, Bah, Bah... Off-Farm Down, On-Farm Up? ... Grain Stocks Decline.

Not everything you hear or see about the livestock outlook is bad. There are some heartening signs. Take a look at the December meat production figures, for example, and look, too, at the cow slaughter picture.

Both in Texas and throughout the nation, production of red meats is increasing. In Texas, commercial production during December was up 38 per cent from a year ago, and 13 per cent higher than 1973. Nationwide, red meat production is seven per cent more than a year earlier. Beef production is up eight per cent. Cattle kill is up 13 per cent.

Cow slaughter—the beef industry factory—is also on the increase. Cow slaughter in 1974 totaled 7,600,000 head. It is projected that will increase at least a third more during 1975.

All of this means we are making progress in reduction of beef supplies. But until they decline even more, the livestock picture is not going to be bright.

Per capita consumption of beef continues to increase, too, but unfortunately, beef production is still ahead of consumption. It's estimated that we will produce about 125 pounds per capita of beef while consumption is projected at around 116 pounds per capita.

Beef is now perhaps the best food buy around; look around and you'll see that beef prices to the consumer finally are showing some relation to the price drops suffered by the producer for the past year or so.

**WHILE** almost every other category of livestock is showing increases, one part of the Texas animal agriculture industry—sheep and lambs—is showing a big decline. It's the lowest population for sheep and lambs in Texas since 1919.

As of Jan. 1, there were 2,688,000 head of sheep and lambs in Texas; this total is 13 per cent under the previous year. Way back in 1919, sheep and lamb population totaled 2,600,000 head.

And the inventory of goats and kids on Texas farms and ranches is now the smallest number on record. The inventory shows 1,150,000 head of goats and kids, which is a 15 per cent decrease from a year ago.

Nationwide, numbers of sheep and lambs as of Jan. 1 are down 11 per cent from 1974 and 18 per cent below two years ago.

**OFF-FARM** grain storage capacity in Texas as of Jan. 1 is down 33,000,000 bushels from a year ago, the Texas Crop and Livestock Reporting Service notes. Off-farm storage totaled 719,000,000 bushels.

By regions, West Texas capacity dropped from 445,000,000 to 416,000,000; North Texas capacity dropped from 167,000,000 to 154,000,000; and South Texas capacity increased from 140,000,000 to 149,000,000 bushels.

Meanwhile, farmers should consider locating storage now for grain crops in view of projections of increased acreage, especially for grain sorghum.

**Fort Worth**  
Knox County 4-H'ers placed 12 barrows at the Southwestern Exposition and Fat Stock Show in Fort Worth January 29-31, according to County Extension Agent Herman H. Collier.  
Placing in the Open Show were: Allen Baty, 5th light cross and 14th medium Duroc; Keith Pierce, 5th medium cross; Mary Ann Albus 6th medium Spotted Poland; Kevin Herring, 10th medium Hampshire; Sheila Benson 10th light Spotted Poland; Bryan Kuehler 12th light Hampshire; Louis Lee Baty, 15th light Chester White.  
The 4-H'ers did well in the County, Abilene, and Fort Worth shows and are to be commended for their good work, said Collier.  
Many parents came to Fort Worth with 4-H members on show day and their interest is greatly appreciated.
