Election Interest Rises With Races

Incumbent Carl Shelton has signed for re-election and A.P. Denton has signed for the other two year term.

Holdover councilmen are Celso Gonzales and Lynn Worley. Deadline for filing was 5:00 p.m. Wednesday and anyone who signed after press deadline will be published in next week's News.

Incumbents Henry Jean Jones and Jerry Benson have filed for re-election to the school board. Holdover members with one year remaining are Oscar

Mangis, Allen McGaughy, and John L. Grindstaff Jr., John Crowmover and Doug Meinzer will serve another two years.

Hospital administrator Glen Rumley told the News that only one term expired on the hospital board, that of Henry Jean Jones. Incumbent Jones plans to file for re-election.

Any person aged 21 or older and a resident and property owner of Knox County may file this election. Interested persons must file a petition with the secretary of the Hospital District 25 days before the date of the election. The petition must contain the names of 25 citizens of Knox County who are residents and taxpayers of this county. Petitions may be picked up at the office of Knox County Hospital and when completed may be returned.

Absentee voting will begin March 19 and continue through April 3. Mrs. Faye Rallsback will serve as absentee voting clerk for the city and Mrs. Mary Beth Smith will serve in this capacity for the school.

Hounds Place Second In Spur Relays Saturday

By COACH JIMMY ROGERS

The Knox City Track Team opened the track season with a second place at the Spur Relays.

We scored in all events except the spring relay and the 880 dash. We probably would have won the meet except we dropped the baton in the sprint relay. We feel like this was a good effort on the part of the boys in that we have not worked out before the meet. However, we are not satisfied with second place and will be working harder for first.

Rodeo Events Set For Sun.

There will be jackpot roping and barrel racing at the Brazos Valley Recreation Arena beginning at 2:00 p.m. Sunday, March 10, weather permitting.

If weather is bad, the events will be held the following Sunday.

For more information, contact Bobby Tankersley.

This week we will run at Holliday. Again we would appreciate the support of you fans.

The following boys placed at the Spur meet.

Gary Carver, Bobby Reeves Dale Bloxham, Eddie Johnson, fourth, mile relay.

Dale Bloxham, sixth, 100 yard dash.

Gary Carver, second, 440 Dash; third, broad jump.

Bobby Reeves, third 220 Dash.

Greg Clonts, third high hurdles, third, intermediate hurdles.

Will Whiteley, third high jump fourth, high hurdles.

Ricky Hacker, sixth, intermediate hurdles.

Rob Harrison, sixth, shot.

Robert Taylor, third discuss.

Stanley Newton, third, shot fourth, discuss.

Eddie Johnson, sixth, 440 Dash.

Roy Posey, third, mile.

Registration Of Vehicles Here Mar. 14

As will be noted in the display ad in this week's News Knox County Tax Assessor-Collector John A. Smith and his traveling staff will be at the City Hall next Wednesday, March 14, to register all vehicles.

Registration for the 1973 tags began February 1, but Mr. Smith schedules visits to county towns for the convenience of those who do not wish to go to his office in Benjamin or secure their tags by mailing in the necessary papers to Austin.

Mr. Smith said that everyone should have his registration slip from Austin or else bring his 1972 registration receipt and Certificate of Title.

Burnetts To Move To Munday

Bobby D. Burnett, Knox County Attorney, announced today that he is moving to Munday where he will be associated with Clyde Boone in the general practice of law. Mr. Burnett began officing in Munday on March 5, and will move there as soon as he can find suitable housing.

Burnett, a 1963 graduate of Knox City High School, moved south when he was appointed to fill the unexpired term of then County Attorney, Joe Reeder Jr. He has been associated in private practice in Knox City since January 1, 1972, with L.M. Williams, who retired from the district judge's office in 1971.

Burnett has a B.A. Degree from Midwestern University and was graduated with honors from the law school at Texas Tech University in 1971. He is a member of the Knox City Lions Club. He and his wife, Judy, are the parents of a week-old daughter, Christine Louise.

Burnett said that he regrets leaving Knox City where he has made many new friends and renewed old acquaintances, but he feels the move to Munday is an opportunity which he cannot turn down.

that Charles Pack, 802 Carpenter, Bridgeport, Texas, 78026 subscribes to The Knox County News?

ALL DISTRICT TEAM SELECTIONS FROM KCIS are pictured above with Coach Jerry Lowrey. From left, Will Whiteley, named unanimously to the first team, and second team members Stanley Newton, Robert Taylor, and Eddie "Bo" Johnson.

HOUNDETTES WHO MADE THE ALL DISTRICT TEAM are pictured here with Coach T. B. Stillabower. From left, Denise Grindstaff who made All District First Team forward and All Area First Team; Temi Baker, sophomore forward and Debbie Burt, senior guard, were named to the second team. Temi is the daughter of Supt. and Mrs. W. R. Baker and Debbie's parents are Mr. and Mrs. Kenneth Burt.

Awards Presented

KC Teams Honored At District Fete Tuesday

The Knox City Hounds and Houndettes, their coaches, parents, and other guests were on hand Tuesday night for the District Awards Banquet held in the school cafeteria.

After the invocation by Knox City School Principal John McGaughy, Coach Jerry Lowrey Greyhound basketball coach, introduced Coach Dee Nutt of Abilene Christian College, who spent three years coaching the Mexican Olympic Basketball Team before returning to the Physical Education Department at ACC. He also coaches at ACC High School.

Coach Nutt told the athletes and banquet guests that his purpose in being there was to motivate the boys and girls. He said that each person has a great potential, but he explained that in order to achieve greatness, one must participate. He also reminded the basketball players to use their lessons as stepping stones, not millstones. "Don't accept average, don't be a status quo, set your goals high and then achieve them." He concluded by telling the athletes, "Know what you want and then go get it!"

Following the address, Coach T. B. Stillabower, Houndette coach, and Coach Lowrey reviewed the season's work, introduced their teams, and then made the district and all-area awards. The district selections had been kept from the students and were not known until they were revealed at the banquet.

Named to 7-A All District Girls' team was Denise Grindstaff, junior forward and daughter of Mr. and Mrs. John L. Grindstaff Jr. and Belva Pen-

man, senior guard, daughter of Mr. and Mrs. Monty Penman. Temi Baker, sophomore forward, and Debbie Burt, senior guard, were named to the second team. Temi is the daughter of Supt. and Mrs. W. R. Baker and Debbie's parents are Mr. and Mrs. Kenneth Burt.

Denise was also named to the Class A All-Area Girls' Team as forward, while Belva named second team guard and Temi was named on the Honorable Mention list.

C of C Banquet Tickets On Sale

At the monthly breakfast for Chamber of Commerce officials Tuesday morning J. B. Tabor was named ticket chairman for the eighth annual banquet.

The banquet is slated for Thursday, March 22, and Joe Aalbu, minister of Faith Lutheran Church, in Sagerton will be guest speaker.

Tickets may be purchased at the Chamber of Commerce office, Jones Pharmacy, or from Tabor.

John May Now In Houston Hospital

John May, who was recently discharged from Hendrick Memorial Hospital following surgery, was admitted to M.D. Anderson Hospital in Houston Thursday, (today) to undergo further treatment.

His wife, Easter, and his son and his wife, Mr. and Mrs. A. D. May of Rule, accompanied John to Houston Wednesday.

Will Whiteley, senior and son of Mrs. Helen Whiteley, had the distinction of being unanimously selected for the All District team. Second team members were Stanley Newton junior son of Mr. and Mrs. I. O. Newton, Eddie Johnson sophomore son of Mrs. Amy Jo Flye, and Robert Taylor, sophomore son of Mrs. Amy Taylor.

All-Area Boys' Team selection have not been made as yet.

Will and Eddie were chosen last week at Labbock for the All-Region Team.

Following the presentation of trophies to the school and the acceptance by John McGaughy Hound Captains Greg Clonts, Will Whiteley, Bobby Reeves, and Danny Woodall came forward and made a presentation that came as a surprise to the crowd. Greg explained that there was one girl in high school who had kept the team in cookies, punch, cakes, and had been responsible for decorating the bus prior to their trip to regionals at Labbock. He said that she had cheered them on all during the season and that the Hounds wanted to make a new award this year and crown Debbie Reese, sophomore daughter of Mr. and Mrs. Charles Reese, basketball sweetheart. Debbie received an engraved bracelet from the team.

Of The Week Autobiographies

DEBBIE WALL

Deborah Anne Wall, daughter of Mr. and Mrs. George R. Wall was born November 8, 1954, in the Knox County Hospital in Knox City.

She lived the first six months of her life in Tahoka, Texas, then moved to Knox City. Until the age of six, she lived on a farm fifteen miles north-east of Knox City. While living in the country, she managed to acquire an enormous number of creatures—including twenty-two cats, one dog, several cows, and calves, a horse and numerous snakes, rabbits, etc. (not including the grasshopper she ate!)

She has attended school at Knox City all her life. During high school, she was very active in the many organizations. She has belonged to Future Teachers of America for four years, serving as Reporter her Junior year and Historian her Senior year.

She has been active in Future Homemakers of America four years also, and served the chapter as Secretary her Junior year and First Vice President her Senior year. She also attended the Area Meeting three years, singing in the Area Chorus all three years. She served as voting delegate to the FHA State Convention her Junior year. She has received her Junior and Chapter degrees in Homemaking, and was selected Outstanding Homemaking Student her Freshman Year.

She has been a member of Beta Club three years, on the Kennel Staff three years, and on the Annual Staff three years. She was active in the Junior and Senior plays casts.

She has been active in Choir for four years, serving as Secretary her Junior year. Band has also been a major part of her high school life, as she has been in Band four years and Stage Band one year. She was Band Reporter her Junior year.

She has been active in athletics, being on the Volleyball team her Freshman year, playing two years of Varsity Basketball and participating in three years of Track. She went to Regional in track her Freshman and Junior years.

She was Junior Varsity Cheerleader for two years, and Varsity Cheerleader for two years—being elected Head Cheerleader her Senior year.

She was named as being in the top 10 per cent of the Nation's Students in the NEDT Tests her Sophomore year; and she

Defensive Driving Course To Begin

Adults are reminded that an eight hour instructional course in Defensive Driving will begin here March 12.

Purpose of the course is to encourage everyone to become better drivers and in so doing the Texas Insurance Department will allow a credit of 10 percent on your insurance rate at the completion of the course.

The Knox City Schools in cooperation with Region IX Education Service Center, the National Safety Council and the Texas Safety Association will offer the course.

The local classes will meet four times for two hours beginning at 7:00 p.m. on Mar. 12, 16, 19, 20. For those enrolled in Adult Basic Education Class at Knox City High School the tuition cost will be \$5.25. For all others the cost will be \$7.50. Jimmy Rogers Driver Education teacher for the Knox City Schools, will be the head instructor, and will be assisted by David Counts, and W. R. Baker. All three instructors completed the Defensive Driver instructor course in the Fall. The Course is taught in the classroom and does not involve in-car instructions.

Enrollment for the first class will be limited to the first thirty to enroll. Enrollment can be arranged by contacting Supt. W. R. Baker's office and paying the required

Services For Marvin James Held Wed.

Retired Knox and Baylor County farmer Marvin B. James 63, died at 11:45 a.m. Monday in the Knox County Hospital after an illness of six months.

Funeral services were held Wednesday at 2:00 p.m. in the Four-square Gospel Church with the Rev. Floyd Bailey, pastor, officiating. Burial was in the Gillespie Cemetery under the direction of Smith Funeral Home.

Mr. James was born on September 18, 1909 in Tarrant County, Texas. He married Kate Pierce on October 2, 1928 in Benjamin. He served in the U.S. Navy during World War II and was a member of the Four-square Gospel Church.

Survivors include his wife; three sons, Harvey of Everman, Wayne of Knox City, and Doyle of Labbock; six daughters, Mrs. Alta Mae Call of Labbock, Mrs. Helen Arthur of Boyd, Mrs. Edith Brown of Wichita Falls, Mrs. Opal Lou Zedlitz of Tyler, Mrs. Linda Kay Large of Knox City, and Mrs. Marlena Phelps of Texas; his mother, Mrs. Lillie E. James of Knox City; one brother, Roy C. James of Iola; three sisters, Mrs. Ethel Bumpass of Seymour, Mrs. Bertha Castleman of Everman, and Mrs. Leola Cates of Houston; 22 grandchildren and seven great-grandchildren.

Grandsons served as pall bearers.

To Return To K.C.

Mr. and Mrs. Fred Jones of Plano bought the house east of the Guy Glenn residence on South Second St. and plan to return to Knox City after his retirement.

Fred is now employed by the City of Richmond.

Mrs. Jones is the former Oma Loper.

Streams In Desert Places

By OZELLE STEPHENS

"Jesus returned in the power of the Spirit into Galilee, Luke 4:14"

In these trying times we need to seek for the power of the Spirit that changes defeat into victory, and gives wisdom and understanding for all of life. The Holy Spirit came upon Christ when he was baptized in the river of Jordan, anointing him for a new kind of earthly life. He was no longer the carpenter of Nazareth, no longer the stranger of Galilee. He was a man moving in the power of the spirit, which gave Him a whole new area of life. Jesus proved to all who believed that the entire christian life is a supernatural life. We no longer live as just ordinary people loving ourselves, caring only about our own needs, but we become loving, forgiving, caring, and giving human beings.

I say to you, seek him for this power that is every streaming from the fountain of God. It is yours for the asking.

aching. Minister Dever preached on Thursday night.

On Friday night Pastor Bennett preached "Prepare to Meet Thy God", from Amos 4:2 and Luke 13:24 and 25. Sunshine Band was held on Sat. evening.

Sunday School had a good attendance with Supt. Smith in charge.

The YPWW joint Meeting was held at the Ruler Church on Sunday evening. Evangelist Collins of Richmond, California preached from portions Ezekiel 3 and 37. Local YPWW was the last service of the day.

The Bible Band Joint Meeting was held at the Knox City Church on Monday night. Sis Danice Giles of Govee taught the major lesson from Romans 12.

Announcement: The Ruler Church is holding a revival this week.

IN STUBBS HOME

Nolanda Stubbs, of Canyon visited her parents, Mr. and Mrs. Jack Stubbs, Sandra and Shon over the weekend. She attends West Texas State University.

Volunteer Fire Department Re-organizes At O'Brien

By CHARLENE BROTHERS

The men of the community in and around O'Brien met last Thursday to organize a volunteer fire department. There were about 25 men present for the meeting.

Officers and committees were elected, and include Fire Chief J. O. Brothers; Assistant, Carlos Casillas, Secretary-Treasurer, Claudale Barnard, Committees included contribution, Buster Hodges, A. A. Cox, F. D. Emerson and Mack Magana; Repair Committee, Jerry Johnston, Johnny Reid, and L. A. Covey; and Refreshment Committee, Juan Garcia, C. H. Underwood, and Coy Hewitt.

The group set the third Monday night of each month as the official meeting time. Also they set the ruling that each time a person misses a meeting it will cost him \$1.50.

Anyone wishing to join the department may attend the next meeting, which will be Monday, March 19, at 7:30 p.m. at the school house.

Mr. and Mrs. Bobby D. Burnett are the proud parents of a baby girl, Christine Louise, born Wednesday, February 28 at 11 a.m. in the Knox County Hospital.

The baby weighed eight pounds and one ounce.

Paternal grandmother is Mrs. Juanita Burnett and maternal grandparents are Mr. and Mrs. A. M. Dinkfeld of Midland, Michigan.

Mr. and Mrs. J. D. Horton of Lubbock and Mr. and Mrs. C. Bohannon of Taboka visited Mr. and Mrs. John May Monday.

The Hortons and Bohannons are both former Knox City residents.

Knox County Food Show Winners Told Saturday

The 1973 Knox County 4-H
Food Show was held Saturday,
February 24 in the assembly
room of the courthouse with
seven girls participating. The
theme for this year's show
across the state was "Food
for All Seasons". In keeping
with the theme, each girl
chose a recipe to prepare for
the food show.

The girls had studied the
four food groups—meat, milk,
fruit and vegetable, and bread
and cereal. They had also
learned the importance of each
of the groups in the diet. At
the meetings a demonstration
of the foods they were studying
was given. Other things they
studied were menu planning,
setting the table, and types
of meal service.

The juniors were divided into
four entry classes according
to the dish they prepared: main
dish, fruit and vegetable dish,
breads and desserts, and snacks
and beverages. Judging was
based on the girls' knowledge
of food and nutrition, the food
exhibited and the day's menu
which included the dish exhib-
ited.

Con-Agra, Inc., makers of Gla-
diola Flour and Food Products
furnished a Gladiola product
certificate in each of the four
junior entry classes. Judging
the entries was Mrs. Ulric
Lea of Knox City.

In the main dish division
blue ribbons were awarded to
Selina Hudson, Tammy Carver,
Lynda Brooke Hudson, and Pa-
tricia Hamilton, all of Benja-
min, and Brenda Bruggeman
of Rhineland.

Blue ribbons in the fruit and
vegetable division were award-
ed to Denese Hamilton and
Betty Clower of Benjamin.

The top girl from the two
divisions attended the District
3 Food Show in Childress on
March 3. Those attending were
Selina Hudson, daughter of Mr.
and Mrs. Danny Hudson, in the
main dish division and Dene-
se Hamilton, daughter of Mr.
and Mrs. Jack Hamilton, in the
fruit and vegetable dish divi-
sion. Each of these girls re-
ceived red ribbons at the dis-
trict show.

Others participating in the
food groups but not entering
the show were Sheila Benson

and Stacia Carver of Benjamin
Kay Howell, Kelly Watson, Tam-
mie Helton, Mallie Walker,
Stacy Leach, Gaylyn Burkhart,
Terry Odom, Sherry Jackson,
Debbie Curd, Rhonda Skiles,
Melissa Gideon, and Norma Val-
der, all of Knox City, and Kathy
Kuehler, Annelie Myers, Julie
Myers, Caroline Myers, Don-
na Williams, Joann Williams,
Neida Bruggeman, and Janet
Zeissel of Rhineland.

Serving as leaders in Ben-
jamin were Peggy Hudson and
Jan Pollack, Glenda Bradley,
Ruby Robinson, Libby Wilson,
and Hazel Cowan served as
leaders in Knox City.

CSO Hears Reports At Tuesday Meeting

The Community Service Or-
ganization met Tuesday in the
Fellowship Hall of the Four-
square Church Mrs. Ulric Lea
president presided at the meet-
ing.

A number of activities were
reported among the older citi-
zens. Mrs. Dan Sikes asked
for more small gifts to use
as prizes for games that are
conducted at the Brazos Valley
Care Home each Thursday
night. More volunteers are
needed to help conduct the
games.

The problems of a community
center were discussed. Mrs.
Myrtle White, a trustee, said
that they (the trustees) had
offered the study club house
to the city to be used for
events that will be coming up
especially during the Bi-Cen-
tennial observance.

Mrs. Anne White gave a
report on a meeting recently
held in Benjamin with the Com-
missioners Court. She said
Knox City representatives had
asked for money to help
establish a project for one hot
meal a day for some of the
elderly persons living alone.
So far no report has been re-
ceived. Mrs. C. C. Hoge,
reporter.

IN FORT WORTH

Mr. and Mrs. N. L. Mellam
and their grandson, Tim John-
son of Haskell were in Fort
Worth Wednesday through Fri-
day of last week to be at the
bedside of her brother, R. O.
Garlington, who is a patient
in Harris Hospital.

WHAT DOES THE BIBLE SAY?

"WHAT WE FIND WHEN WE GO BACK TO JERUSALEM"

Suppose one should take a New Testament and go
To Jerusalem on Pentecost, the place and time of the
establishment of the church. What would he find
He would find Peter, freshly baptized in the Holy Spi-
rit, using the "Keys of the kingdom of heaven." (Matt
16:19). A short time before this the Lord had said, "Up-
on this rock I will build my church." (Matt. 16:18). After
his resurrection and before his ascension he had given
the world wide commission saying, "Go ye into all the
world, and preach the gospel to every creature. He
that believeth and is baptized shall be saved." (Mk
16:15-16.) Simon Peter, a servant and apostle of Jesus
Christ, now presents infallible proofs to a vast and
astonished multitude that Jesus Christ has indeed risen,
and "That God hath made him both Lord and Christ."
Thousands believe him and cry out for mercy. "Now
when they heard this, they were pricked in their heart,
and said unto Peter and the rest of the apostles, Brethren
what shall we do? And Peter said unto them, repent,
and be baptized every one of you in the name of Jesus
Christ for the remission of your sins, and ye shall re-
ceive the gift of the Holy Ghost." (Acts 2:37-38)

THE RESULTS OF THIS SERMON

Then they that gladly received his word were bap-
tized: and the same day there were added unto them
about three thousand souls. (Acts 2:41) "And the Lord
added to the church daily such as should be saved."
(Acts 2:47)

What now do we have? The church of Christ. He
had promised to build it and now that promise is ful-
filled. What is the church of Christ? It is the body
of Christ. (Eph. 1:22-23) consisting of all the christi-
ans in Jerusalem, all the christians in the world at
that time. Were there any christians in Jerusalem
who did not belong to the church? You can not find a
single one. The line is clearly drawn between the church
and the world, between those who were the Lord's
and those who were not. And the same was true of other
congregations as they were established in various
places throughout the world.

Price Opposes Nixon's Plan

This week in one of the most
strongly worded letters to Pre-
sident Nixon, Congressman Bob
Price expressed opposition to
any plan or scheme to provide
economic assistance to North
Vietnam as part of the peace
settlement. Price's office has
received a tremendous number
of letters from concerned con-
stituents who have registered
their opposition to any plan for
aid to North Vietnam.

The text of Congressman
Price's letter to the Presi-
dent is as follows:
Dear Mr. President:

I am writing to express my
objection in the strongest of
terms to any plan which would
involve American financial or
economic aid to the government
of North Vietnam.

Those of us in the Congress
who have stood resolutely with
you in opposition to the de-
mands among various dis-
sidents in and out of the
Congress for peace at any
price have done so because
of our agreement with your
stated premise that Americans
who have fought, died, and "paid
a price" to resist Communist
aggression shall not have done
so in vain.

After ten years of cruel war
it would be unconscionable to
lavish over two billion dollars
of assistance upon a govern-
ment which has been respon-
sible for the deaths of over
50,000 Americans, hundreds of
thousands of South Vietnamese,
and has practiced the most
sadistic and brutal forms of
inhumanity and has scoffed at
the most elementary rules of
civilization and human decency.

It is true that the United
States helped rebuild our for-
mer enemies of Germany and
Japan at the close of World
War II, but that was after the
militaristic and dictatorial re-
gimes of both nations were de-
posed. In North Vietnam today
the same persons who have
attempted to defeat and hu-
miliate the United States are
still in control of the govern-
ment, and any attempt to buy
or bribe their friendship or
cooperation is as doomed to
failure as every other give
away program this Nation has
undertaken in the past.

Mr. President, I supported

you in your bid for an honor-
able conclusion of the Vietnam
conflict. Let us not reward
those who have forced upon
this Nation our darkest hour
since the Civil War. Sir, my
conscience will not permit me
to do this.
Respectfully,
Bob Price Member of Congress

POISONING**

Keep all medication out of
reach of children

**timely
tips**
... on health and safety

**How are you
fixed for poisons?**

Your home probably con-
tains enough unlabeled
poisons to kill your entire
family. Look for these potential poisons now,
before someone finds them accidentally.

Household poisons Many common
household items—ammonia, silver polish, toilet
cleanser, lighter fluid, and detergents—can be
poisons. Your kitchen, laundry room, and clean-
ing closet are full of products which should be
in a locked cabinet, out of children's reach.
Hide the key and watch children when they
play near storage areas. Never transfer house-
hold products to food containers or to shelves
where food is stored.

Poison pills Pills can be poison, reason
enough to convince parents not to call flavored
syrups "candy." Laxatives, tranquilizers, cough
medicine, antihistamines, lotions, and balms can
be dangerous for adults as well as children.
Keep drugs in a locked cabinet, separate from
cosmetics, and leave all medicine in its original
container. Before taking medicine, read the
label carefully. Discard old prescriptions where
children and pets cannot find them.

Dr. R.G. Howell States War Against Cancer Continuing Through Research

The great pioneers in the study of the relation of cancer to viruses, Drs. Peyton Rous and Wendell Stanley—both Nobel Prize winners—were among many top scientists supported by American Cancer Society research grants.

"Right this moment many dedicated cancer researchers, also supported by ACS, are probing the very essence of life and development, for cancer is the uncontrolled growth of malignant cells," declared Dr. R. G. Howell of the Knox County Unit of the Society.

"The story of the war against cancer is wrapped up in research," Dr. Howell said. "In the early 1900's few cancer patients had any hope of cure. But by the late 1930's one in five was being saved—that is, alive five years after first being treated."

Then in the mid 1940's the Society began supporting research and was soon joined in this effort by the federal government's National Cancer Institute.

"Today and more than 270-million ACS research dollars later, many discoveries in the use of drugs, radiation, and

surgery have advanced the battle against cancer," he said. "The past year, the ACS supported more than 24-million dollars in much needed research."

The famous Pap Test—the study of castoff cells—that has helped save countless lives from uterine cancer—was developed by another ACS grantee, the late Dr. George N. Papanicolaou.

Two other ACS grantees were also Nobel Prize winners; Dr. James Watson, who discovered the architecture of DNA, the basic molecule of life, and Dr. Severo Ochoa, who discovered how this molecule is synthesized. This knowledge of life's mechanics may help solve cancer's riddle.

"Other eminent scientists who were also ACS grantees," he said, "include Drs. David Baltimore and Howard Temin who both discovered that DNA is not always the 'master molecule' but that it may be produced by RNA, another basic component of cell growth."

Dr. Henry Kaplan whose work with radiation and chemotherapy took Hodgkin's Disease out of the hopeless column and opened the way to achieving 80 to 90 percent five-year cures at several major cancer centers was an ACS grantee.

Learn About Storage

A lack of storage and poor attempts to make up for it cause many home accidents, according to Mrs. Elaine Carmichael, County Extension Agent.

In homes lacking storage, objects must be placed on the floors and stairs. "Articles and boxes stored atop high furniture cause family members to reach too far, climb atop other furniture to reach them or use makeshift ladders. These often topple over and cause serious injury," the agent said.

"Shelving made for storage can help lessen some of the problems. Shelves should be made no higher than 72 inches, the maximum height a woman can reach. They should be constructed to support the weight of objects without causing them to topple over or collapse. Glass shelves should be shatterproof."

Mrs. Carmichael said that storage areas should be well lighted. "If a closet is more than three feet deep, it should have an electric light. Bunks should always be placed to they won't touch articles that might catch fire."

The agent suggested checking storage materials for safety. "Poisons and pesticides should be stored in original containers away from children's reach. A locked cabinet is best for storage of all chemicals and medicines."

Flammable solutions should be stored in tightly covered containers and stored outside the house.

"Throw away rags, papers and trash to prevent the possibility of fires," Mrs. Carmichael warned.

To learn more about storage in the home attend the home demonstration club meeting in your community. Check with a club member or Mrs. Carmichael for the time and place of this meeting. Everyone is invited to attend regardless of race, color, or national origin.

Step-by-step research is opening new doors and throwing new light on the nature of cancer and what it takes to fight it. "The American Cancer Society wants to wipe out cancer in your lifetime," said Dr. Howell. "Give generously during the Crusade and help bring this goal closer," he concluded.

by Sylvan Lumiere, GTE Sylvania Lighting and Design Director
Perfect Plants

Growing plants indoors isn't difficult — if you know what you're doing. Here's how to coax seeds into bloom even if your thumb is far from green.

Grow plants in the proper soil. The right soil mixture varies from plant to plant; check your florist for detailed instructions.

Give plants breathing room. Insufficient exposure to air causes long, weak stems and foliage disease.

Water plants in the morning using lukewarm water. Generally, the soil should be well-soaked.

Sunlight
No sunshine? No problem. Sylvania's Gro-Lux lamps provide energy needed by plant chlorophyll to insure rapid growth. A plant which normally requires six weeks to mature might do so in just one month under Gro-Lux. (But it would still require the same amount of food and water in that month as it would during a six week growth period.)

When germinating seeds, keep the lamps 5-8 inches above the earth.

Group your plants according to the season in which they bloom: Early spring plants in one group, late spring blooms in another, summer plants in a third.

For best results, the night temperature in the area you plant should be 60-65°. This will help in food assimilation.

Greenery brightens up even the darkest room. So don't hesitate to plant because you lack proper conditions: with good artificial lighting, you can create a successful growth environment.

KC Bassmasters Reorganize And Elect Officers

In a meeting Monday night at the Kennel, the Knox City Bassmasters re-organized and elected officers.

Motty Penman will serve the group as president, Bruce Campbell Jr. is vice-president, and tournament chairman, and Paul Clayton is secretary-treasurer.

Purpose of the club is its reorganization is to afford interested families membership and to allow individual members to participate in the Bass Anglers Sportsman Society if they so desire.

Membership in the club is now \$5.00 annually and the membership covers the entire family. Meeting dates will remain on the last Monday night in the month at the Kennel in the City Park.

President Penman has slated a tournament at Stamford Lake, March 11, starting at 7:00 p.m. with weigh-in at 4:00. The tournament will be for the one big fish with three places for prizes. Entrants must register at the Stamford Marina before fishing and may fish in any manner they prefer with the exception of trap line.

Program chairman for the coming year will be Dr. R. G. Howell and Bobby Whisenbunt of Haskell.

KC Garden Club To Have Workshop

The Knox City Garden Club will have a work shop, March 13, at 1:00 p.m. in the home of Mrs. Otis Cash.

All members are urged to bring their show-and-tell crafts. Each one is asked to bring the instructions and materials required for the projects.

Co-hostesses are M. L. Cowan and Mrs. Marshall Wilson.

YARD OF THE MONTH FOR MARCH- The yard of Mr. and Mrs. C. H. Keck on South Fourth Street has been chosen Yard of the Month by the Knox City Garden Club. A spokesman reported that the yard selection was made for the beauty of the crocus bulbs now in full bloom. Mr. Keck said that more than four hundred bulbs have been planted in the yard during the last fourteen years.

S. S. Reports

Not all widows who receive social security benefits will be helped by recent changes in the law, according to Henry Chustz, manager of the social security office in Vernon. He says only a woman who did not receive any widow's benefits before she reached the age of 65 will get the full amount her husband would be receiving if he were alive now. One who took reduced benefits starting between age 60 and 62 will continue to receive the same amount she receives now. If she took benefits at age 62, she will continue to receive just 82 1/2 percent of her husband's retirement rate. If she took payments beginning sometime after age 62 but before age 65, she will get an increase for January 1973 to something between 82 1/2 percent and 100 percent of the full rate. For example, if her first benefit as a widow started at age 64, she will get approximately 94.3 percent. If a woman's husband died when she

was 63 years old and she started getting widow's benefits then, her new benefit rate will be about 88.5 percent of this retirement rate. The exact amount will be determined by the number of months she was paid a widow's benefit before age 65. Chustz states all those benefits which can be increased under this new provision will be increased automatically. There is no action you need to take. The increased amounts, where applicable, will be paid first for January 1973. These amounts will be included in social security checks for January, which will be received about February 3.

Major Copper Refinery To Be Built Near Amarillo

Congressman Bob Price today returned to his room in the general care section of Bethesda Naval Hospital where he continues to show signs of improvement. Price, who underwent additional testing and treatment this past week in the Coronary unit, has gradually resumed his official activities and has been conducting a limited amount of business.

Today Congressman Bob Price was notified by Mr. Charles F. Barber of American Smelting and Refining Company of that firm's plans to build a major copper refinery near Amarillo at a cost of \$80 million. The new plant will employ approximately 700 persons upon completion and will operate with a capacity

of 420,000 tons of refined copper per year.

In responding to the announcement, Price commented, "I am grateful for Mr. Barber's kind comments regarding my efforts to help maintain the continued operation of the Asarco Zinc Smelter in Amarillo however, this new decision to locate a copper refinery there is a tribute to the local people of the community and area. The tremendous public support and attitude which radiates an enthusiasm and optimism for the future growth and progress of Amarillo undoubtedly played a great part in convincing Asarco officials of the wisdom of this decision."

"I applaud this tremendous good news and stand ready to be of assistance in any way possible to further the progress of this new enterprise."

Former O'Brien Man Ginner Of The Year

By CHARLENE BROTHINGS

Bert Davis, Manager of Loop-Co-op Gins, was named Ginner of the Year by the Texas Ginners Association at the 21st joint annual statewide meeting of three agricultural cooperatives in Houston recently.

The awards were presented at a banquet concluding the three day convention of the TCGA, Texas Federation of Cooperatives and the Houston Bank for Cooperatives.

Davis was honored as cooperative ginner of the year for 1972 for his "significant contributions to the cotton industry and distinctive community leadership."

Davis moved to Loop from O'Brien in 1959 where he had been assistant-gin manager for several years. As a youth he helped his father and brothers farm in Haskell and Stonewall counties. After graduating from Rule High School he attended John Tarleton College (now Tarleton State College) at Stephenville where he

majoried in business administration.

He has been close to the cotton industry all of his life, as he operated his own farm while managing the gin at O'Brien. He also worked for sometime in a county agent's office.

In addition to his being gin manager, Davis also serves on the board of Directors for Plains Cooperative Oil Mill, is vice president of Plains Cotton Cooperative Association and Growers Seed Association, is a member of the executive committee of Farmers Cooperative Congress, and serves on the advisory committee of the Houston Bank for Cooperatives.

He has been a member of the Orient Masonic Lodge No. 905 at Knox City for a number of years and is past district deputy Grand Master of the 91st Masonic District. He is a member of Market Temple Shrine of Wichita Falls.

Mr. Davis has one daughter, Mrs. Kay Lynn Roberts of Knox City and three step-children, Mrs. Loretta Hewitt, Mrs. Patsy Covey and Jerry Beasley.

Farm and Ranch News

By Herman Collier

TEXAS BOASTS NEW GRASSES

Forage producers in most of Texas are fortunate to have a number of new pasture grasses available, points out Dr. Neal Pratt, agronomist for the Texas Agricultural Extension Service.

Pratt discusses some of these as they fit into forage production programs in certain areas of the state. Kleingrass 75 is adapted to a wide variety of Texas conditions. This is a warm-season perennial bunchgrass which is established from seed. The grass is leafy, high-quality and adapted to most of Central, South and West Texas. Kleingrass is relatively drought-tolerant and responds to fertilization.

TAM Wintergreen hardinggrass is a perennial, cool-season grass adapted to calcareous (alkaline) soils. The grass provides good-quality grazing during late fall, winter and spring. Climatic conditions during the past few winters have been somewhat unfavor-

able for establishing the grass, but forage producers with calcareous soils should consider a small acreage of this grass for permanent winter pasture.

Higgins buffelgrass, a relatively new variety for South Texas, is easy to establish and produces favorable yields and good-quality forage. It is susceptible to cold weather north of the San Antonio area.

Lovegrass is a warm-season perennial bunchgrass which was first used on deep sand, but grows on most well-drained soils receiving more than 16 inches of rainfall. Renner, the newest variety of lovegrass, provides good-quality grazing in late winter and early spring before most other warm-season grasses begin to grow.

Burmada grasses are adap-

ted to much of Texas. Coastal is still being planted in many new pastures. This perennial warm-season grass is widely adapted to many soil conditions and responds well to fertilizer. Midland bermudagrass is adapted in the Panhandle where temperatures are unfavorable for Coastal.

Considerable attention should be devoted to seedbed preparation and planting of these new grasses which have exceptionally small seed, emphasizes Pratt. County Extension agents can provide information on planting techniques to obtain the most satisfactory stands.

AG CAREER DAY, PRACTICE JUDGING

The Texas A&M University College of Agriculture will host its annual Career Day and practice judging session on March 24. More than 3,000 Future Farmers of America and 4-H Club members from across the state are expected to participate. According to Dean of Agriculture Dr. H. O. Kunkel, Career Day is designed to provide youth with information on the many challenging opportunities in the field of agriculture. Career Day headquarters will be the Plant Sciences Building on the A&M campus.

If you are interested in producing soybeans attend the R-PEP Soybean Producer Seminar March 22, 1:30 p.m. in the Vegetable Research Station at Munday. R.J. Hodges, Jr., Extension agronomist from College Station will discuss soybean production, including economics and irrigation. Dr. Charlie E. Rogers, Experiment Station entomologist from the Vegetable Research Station in Munday, will discuss soybean insects.

The agricultural outlook and vegetable marketing will be topics discussed for a Knox County program 7:30 p.m. March 26, Vegetable Research Station at Munday. Charles Baker, Extension general marketing specialist, will review the agricultural outlook. Mr. Gordon R. Powell, Extension fruit and vegetable marketing will discuss marketing.

An R-PEP swine production meeting is to be held in the City Hall at Stamford, 1:30 p.m., March 27.

There was a bathroom in the back.
The group arrived at the Crockett around 12:30 p.m. Mr. McGaughy handed everybody their keys, but by the time Becky, Doris, Karen, and Martha got to their rooms, somebody else had already moved in. So they had to split up into two single rooms, which worked out better anyway. Have you ever seen four girls trying to get ready in one bathroom?

The first General Session was at 2:30, and the keynote speaker was Earl Reum. Mr. Reum was a pleasure to listen to, for his speech was filled with jokes and funny phrases. The second General Session was held at 7:30. It consisted of nomination speeches and skills for the State Officer candidates. It was at this meeting that Doris and Martha came upon an old Knox City FTA member and First Vice President, Mary Jo Campbell. This shows how much fun meetings are even the college kids want to go! Actually, Mary Jo was in San Antonio with three of her friends from Austin.

The dance was at 9:30, and this was the big event of the whole convention. The dance featured "Micky and the Soul Generation". Nearly everybody from the Knox City group went except for Mr. McGaughy, and his wife wouldn't let him. Mrs. McGaughy did an excellent job the whole weekend chaperoning Mr. Winchester and Mr. McGaughy.

Saturday morning got off to a slow start, Martha left a call at the desk Friday night to call their room at 6:00. Then she carefully placed the phone by her bed so she'd be sure and hear it. Saturday morning, after the phone had rung six times, Doris answered it. Oh well, what are Presidents for, anyway?

The workshops were given that morning. There were many good ones to attend. Some that the Knox City groups attended were Human Relations, Bi-Lingual Education, Scrapbooks. After the workshops, the group was allowed to split up and eat lunch wherever they wanted to, at 1:30 the group had to attend part of another general session, but after this everyone was free to shop or sleep or do whatever they wanted to.

At 7:30, the Annual Awards Night began. The entertainment was presented by Lanier High School of San Antonio. The entertainment was entitled "Ballet Folklorica de Lanier". Then "Miss and "Mr." FTA were announced. Awards were then given for the Top ten scrapbooks, Top Ten Commercial Yearbooks, Non Commercial Yearbooks, Top Ten Projects, State Advisors Awards, and the Lifetime Youth Awards. Then the new State officers were presented. After this, the meeting was adjourned. The group got as much sleep as possible Saturday night as the trip home started at 9:30, Sunday morning.

Bright (?) and early Sunday morning, nineteen students filed down to the Crockett Coffee Shop to eat before heading for the big city of Knox City. The FTA arrived in Knox City at 4:00, tired, but ready to go again.

Coaches' Comments

By COACH JERRY LOWREY

It's a shame that our basketball season had to end one week too early. The Hounds battled their way along with the 206 other class A schools playing basketball in UIL Competition. The Hounds by virtue of their win over Seagraves at Lubbock moved into an elite group of the top 8 teams in the state. I am certainly proud of this fine group of Greyhounds which finally since 1964 brought the district basketball crown back to Knox City. They will be able to look back with a great deal of pride to this season and know that they got Knox City into the victory circle. Four fine seniors will be missed from our team. We will miss Greg, Danny, Bobby, and Will next year, for each of these boys contributed greatly to the successful year that we had.

Next year promises another fine group of basketball players for the Hounds. With another years growth on our returning letterman plus some JV-players coming through, who knows, next year we might make it all the way.

KCIS BASKETBALL SWEETHEART Debbie Reese is shown here with the four senior captains, from left, Will Whiteley, Danny Woodall, Greg Clonts, and Bobby Reeves after Greg made the award to KC's first basketball sweetheart.

IN RECOGNITION OF HIS MORE THAN TWENTY YEARS as scorekeeper for the KC teams, John A. Smith is pictured above with an engraved plaque presented by Coach T.R. Stillabower right, on behalf of the Knox City Schools. Shown with Mr. Smith are his wife, and Coach Jerry Lowrey, left.

AWARDS
(From Page One)

Coach Stillabower then asked John A. Smith to come forward for special recognition. An engraved plaque was presented Mr. Smith for more than Twenty years as timekeeper for the teams.

Knox City High School was notified last week that they had been nominated by the Wichita Falls Chapter of the Southwest Basketball Officials Association for the sportsmanship trophy given annually to the school displaying good sportsmanship.

The SBOA motto was printed in the margins of the letter and is as follows: "Basketball is the most difficult game to officiate. Each decision must be made in the fraction of a second. Two officials see an infraction differently due mostly to their different positions. They are unbiased and they know the rules. They value their reputation too highly to intentionally make an error. They will make mistakes but no one will regret it more than they."

The Knox City Coaches, teams, and faculty are proud of this sportsmanship nomination on behalf of our school and fans.

By TAMMY YOUNG

This week we are selling Girl Scout cookies. We had good refreshments Monday. We thank you for buying the girl scout cookies and hope you will buy more.

SENIORS
(From Page One)

was selected to Who's Who Among High School Students her Junior and Senior years.

Debbie is a member of the First Baptist Church and is very active in church activities.

When she graduates in May, Debbie plans to enroll in Texas Tech University in Lubbock as a Psychology Major.

FROM LUBBOCK

Mr. and Mrs. George Egenbacher, Tony and Kristie of Lubbock spent the weekend here with his mother, Mrs. Lela Betty Egenbacher, and her parents, Mr. and Mrs. Allen Lowrey.

Seminar To Be March 11

SAGERTON- There will be a seminar on Preparation for Death and Dying at Faith Lutheran Church on March 11 from 2:30 to 5:30. The seminar is designed to introduce people to the idea of making advance preparations for their own death and for the death of loved ones.

There will be four speakers dealing with four different areas in which preplanning can be advantageous. J. Wayne McDermott, apprentice funeral director associated with the Holden - McCauley Funeral Home in Haskell will discuss the funeral process, and what types of preplanning may be employed.

Bob D. Burnett, Knox County Attorney, will discuss legal problems associated with death, and what preplanning can do to ease legal matters. Dr. Robert Hurlbut of Abilene will deal with the sociological and emotional aspects of death. Rev. Joe Aalbuue will discuss the worship service.

The seminar is open to the public and everyone is encouraged to take advantage of it. There will be time to ask questions of each speaker right after his presentation, and at the informal coffee hour following the seminar.

IN KNOX CITY

Mr. and Mr. Lee White visited Mr. and Mrs. C. O. Thomas and Mr. and Mrs. Morris Denton over the weekend. White is retiring soon and they will be moving to Wichita, Kansas.

IN LUBBOCK

Mr. and Mrs. Parker Denton visited their children, Mr. and Mrs. Phil Denton and Mr. and Mrs. William Allred and Mandy in Lubbock over the weekend. Phil is now employed by Clark Manufacturing Co. of Lubbock.

FROM KANSAS

Mr. and Mrs. Novell Wright of Sublette, Kansas visited her mother, Mrs. Maggie Cagle, who has been a patient in the Knox County Hospital, over the weekend.

You won't be using all these cleaning aids!

Whirlpool
Continuous Cleaning oven range has a price that makes it ridiculous for you to scrub your oven!
Just \$ 298.00 WT
and look what you get:
Easy cleaning plus good cooking!

- Continuous Cleaning oven cleans up most grease splatters from top and sides without losing its cool. No dials to set, no long waiting period; it cleans itself while it broils a steak!
- "Throwaway" foil liner for heavy spills.
- High-speed broiler with adjustable control that ends oven shelf-shifting.
- Automatic Mealtimer* clock has oven meals ready at times you set — outlet can be timed so that fresh-perked coffee is ready when the first one in the family gets up.
- Picture window door — plus an oven light to let you see what's cooking.
