## Prize Offered for Best Civic Slogan

Know a short slogan to boost Knox City?

If you do, or can think of one, you may win \$2.50.

A slogan contest was announced this week by the Cemetery Committee as a fund-raising project. The winning slogan will be printed on brightly colored paper and sold to local people for car stickers, Mrs. C. C. Hoge, chairman of the committee, and Mrs. C. J. Reese, secretary-treasurer, said Tuesday.

Proceeds from the sale of the stickers will go toward the purchase of a power mower for the cemetery.

"Anyone can enter. Just think of a short slogan which boosts our community, for example, 'Knox City - The Pulse of Knox County'." Entries should be mailed to the Cemetery Committee. Enter as many times as you wish", committee members said.

## Elections Tentatively Set

# Dam Site Chosen For Proposed Lake

Water committee members from the towns in the North Central Texas Municipal Water District, at a meeting in Munday, Wednesday, chose a dam site for the proposed Miller Creek Lake and authorized bonding agents to call confirmation elections in each of the towns in early June.

Towns in the district are Seymour, Munday, Goree, Knox City, Haskell, Rule and Rochester. However, each town will have two opportunities to withdraw from the project—in the confirmation election and in the bond election which will follow.

Jim Nichols of Freese and Nichols, Ft. Worth engineers, submitted a report outlining three dam sites and several variations in size of dams, spillway elevations and lake capacity.

Committee members chose a site which would impound 52,000 acre feet of water. The site is the same as previously proposed for a 70,000 acre ft. lake, but would inundate less oil wells and cost considerably less. In later years, when oil production plays

out and if the water is needed, the dam could be raised to impound 70,000 acre feet.

Engineers estimate the 52,000 acre ft. lake would furnish ample water for municipal use through 1990, with a surplus that might be sold to oil companies for water flooding purposes, helping defray the cost of the lake.

Total estimated cost of the lake, including land and construction of the dam, is \$1,502,300.00. A water treatment plant would cost an estimated \$919,800.00. Cost of the entire project, however, would be about six and a half million dollars if it served all seven of the area towns.

## C.Y.F. to Deliver Dinner to Homes As Fund-Raising Project

Like a baked ham dinner without moving from your easy chair?

Members of the Christian Youth Fellowship of the First Christian Church would like to deliver the dinner to your chair, all packaged and ready to eat, if you have a dollar, that is.

The young people will begin selling tickets tomorrow (Friday) and will deliver the dinners Wednesday, April 23, between 5:30 and 7 p. m., or any hour after five specified by the ticket purchaser.

The dinner will include ham, beans, potato salad, rolls, and a home-baked dessert. Those desiring a ticket may call Eddie Williams at 3721, appointed publicity chairman of the fund-raising project.

## Benjamin Juniors to Present Annual Play

"Comin' Round the Mountain" is the title of the three-act comedy that has been chosen by the Benjamin junior class to be presented by them in the Benjamin School auditorium, Tuesday, April 22, at 7:30 p. m.

The play is a novel comedy of funny doings in the backwoods of the mountain country down south. Maw and Paw Skitter and their family are typical hill-billy characters who have arranged a marriage for their beautiful daughter, Corney Bell, to a bachelor neighbor, Sammy Fester. Sammy is giving the Skitters as a dowry a beautiful "hawg" by the name of Pansy Sue.

There are many uproarious and sometimes almost ridiculous situations in "Comin' Round the Mountain."

Members of the cast are Carol Headrick, Jan Martin, Mary Duke, Marilyn Searey, Sue Ryder, Peggy Jennings, Tommy Benson, Charles Jennings, Donnie Ryder, Edward Moorhouse, Jim Cox, and Billy Bumpas.

Director is Kenneth Roberts, class sponsor. Admission will be 25c and 50c.

## KNOX CITY MOTHERS TO MARCH AGAINST CANCER

The Knox City Cancer Crusade will culminate with a Mothers March at 7 p. m. tomorrow (Friday), Mrs. Joe Clonts and Mrs. Jim Ross, co-chairmen, announced today.

The Cub Scouts distributed pamphlets published in English and Spanish to residents of Knox City Wednesday afternoon. These pamphlets carry the slogan of the drive—Fight Cancer with a Checkup and a Check.

They also name the seven danger signs of cancer and urge every person to have a thorough medical examination once a year. The checkup, the pamphlets state, could save your life.

The check which mothers will ask citizens of Knox City to give tomorrow night will be used for research, education and service to cancer patients. Ninety-three percent of every dollar given by Knox Citizens will be used for cancer control in Texas.

Last year more than 10,000 Texans died from cancer. Nearly one-third of these could have been saved if they had seen their doctor in time.

Mothers were asked to make their blocks as soon as possible tomorrow night and turn the money in at the Womens Club where members of the 1946 Study Club will serve coffee.

Those who have been asked to serve with this drive include the following: Mmes. Gerald Averitt, Milton Bradberry, Bruce Campbell Jr., Charlie Clarke, Sam E. Clonts, Jerry Cobb, Rip Collins, Les Cowan, Paul Hoge, Billy Johnston, Ben Knight, Charles Markward, Neil Perdue, Harley Reeves, Charles Silk, Bills Sams, Sammy Tankersley, Travis Thompson, George Wall, Henry L. ## BENJAMIN, MUNDAY BOYS WIN COUNTY 4-H CLUB SHEEP SHOW

"Skeet" McGaughy, Benjamin 4-H Club, and Larry Thompson, Munday 4-H showed the grand champion lambs of the crossbred and fine wool classes of the annual spring Knox County 4-H lamb show at Rhineland Saturday.

The reserve champions of the two classes were shown by John Moorehouse, Benjamin 4-H, crossbred, and Tom Moorhouse, Benjamin 4-H.

The lambs were judged on a commercial basis by Elmo Todd, well-known Truscott sheep breeder and field representative of a grain Co-op of Amarillo.

Todd placed 10 of the lambs from both divisions in the prime class, earning a premium of \$5 each; nine were placed in the choice class for a \$4 premium; and 12 were classed good and earned \$3 premiums. The champion lambs earned premiums of \$10 each and the reserve champions \$8 each.

Knox County club boys purchased two animals each as commercial lambs last December. Each boy was permitted to show one other lamb in addition to the two bought in December.

Grand champion exhibitor McGaughy is the 12-year-old son of County Supt. and Mrs. M. C. McGaughy of Benjamin. He is in the sixth grade and has been in 4-H Club work for nine years.

Fine wool champion exhibitor Thompson is the 11-year-old son of Mr. and Mrs. Gene Thompson of Munday and has been in club work three years. He is a fifth grader.

The Moorhouses, John, 12, and Tom, 11, reserve champion exhibitors are sons of Mr. and Mrs. Togo Moorehouse of Benjamin. They have two brothers, Bob and Ed, who are partners in the lamb project.

Mrs. Watson introduced her sisters, Mrs. Carlton Browder and Miss Jewel Haynie of Truscott, her sister-in-law, Mrs. Carl Haynie of Truscott, and her niece, Mrs. Warren Haynie of Paducah.

White and yellow iris and other seasonal flowers carried out the bride's chosen colors. Doris Bales presided at the register.

## Denton - Allred Vows Exchanged

Patricia Denton became the bride of William Allred in a double ring ceremony read at 8 o'clock in the evening, Friday, April 11, in the parsonage of the First Baptist Church in Goree. Rev. Charley Mathis, pastor of the church, officiated.

For her wedding, the bride wore a two-piece blue suit. Her accessories were white. She wore a shoulder corsage of white split carnations nestled in white net and satin ribbon tied in lovers' knots.

The most precious gift you can give a son

From that first wonderful day when he drops your guiding hand to walk alone—unsteady, unsure, but on his own—his goal is independence.

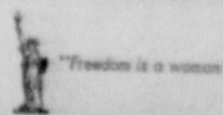

And this is yours to give—even as he falters and collapses then manfully struggles on. You want so much to help him. And your heart nearly bursts with pride one day when you know he's now "his own man." How fervently you pray that no one—ever—will take away this hard-won freedom to be himself.

There's one way you may not have thought of to help him continue to enjoy the independence he's achieved.

Be on the watch for ideas that could deprive him of it—the idea, for example, that "government should run schools and such—a business, a service, an institution." You know only to remember the people in socialist nations to know that when government controls more and more things, there is less and less freedom and independence for the individual.

You can use your woman-power to discourage this idea that "the government should run it." When you hear people talk that way, point out that the loss of anybody's independence is a threat to everybody's freedom.

Very much aware of this danger are the independent electric light and power companies, because government already runs part of the electric business, and powerful people are pressing it to take over more.

# STATE CAPITAL Highlights AND Sidelights

by Vern Sanford  
TEXAS PRESS ASSOCIATION

AUSTIN, TEXAS.—Next summer's campaigners are tuning up to play from a familiar score—the conservative vs. melody Texas voters have been hearing for years.

But, like the rock 'n roll version of a Stephen Foster song, it may sound different. Campaign pitches will have to keep time to the fast beat of 1958's new issues. Such as "curing the recession" and "catching up in education."

On the federal level, talk is of cutting taxes to give the people more money to spend. Here in Texas, it's raising taxes to give the state more money to spend.

In a situation like this, a voter can get confused.

For each issue, there'll be several choruses—more or less drowning each other out. Some will chant of searing away recession with large-scale government spending. Others will say the only way is to give business a break.

For schools, some are calling for a nationwide program to require more work from students, provide better teachers at better pay, more lab equipment, scholarships for promising students, etc. But many Texans say "never" to any scheme that would eat away at local control

over schools.

On how to get money to bail out the state treasury, there are already a number of tunes being struck-up—sales taxes, income taxes, corporation taxes, more economy in government—but no prospect of close harmony.

**COWBOY HAT IN RING**—One morning, in between pouring his coffee and finishing his bacon, William A. Blakely decided to run for the U. S. Senate.

Blakely served as junior U. S. senator for four months last year as the appointee of former Gov. Allan Shivers. He was not a candidate in the special election when Ralph Yarborough was named to succeed him.

Son of Oklahoma home-steaders who had to "work out" for other farmers, Blakely parlayed a little grit into a lot of money—in law, banking, real estate, ranching, oil, gas, insurance and an air line.

He'll not be troubled by most candidates' sorest problem—raising campaign funds.

Incumbent Yarborough has made statements leaving the door open for either of two courses—running for another Senate term or a fourth try at the governorship.

**STILL TOO MUCH OIL**—Despite severe cuts in production, Texas is still producing more oil than anyone wants to buy. It could mean even deeper cuts and more idle drilling rigs next month.

Railroad Commissioner Ernest O. Thompson noted an increase of 1,208,000 barrels in stocks of crude oil. It shows, he said, that April's lowest-in-history, 8-day production pattern was needed.

He suggested that new wells coming in may make an even lower pattern necessary for May.

**SET TO GO**—Texas Highway Department is poised for a \$36,000,000 speed-up in road building if a new stepped-up federal aid bill becomes a law.

State Highway Engineer D. C. Greer said the bill, sent to the

## Crowell Woman Is Guest Speaker At Garden Club

Mrs. L. A. Andrews of Crowell was guest speaker at the Knox City Garden Club Wednesday, April 4 held in the home of Mrs. Ansel Waldrip.

Mrs. Andrews spoke on arranging flowers according to the flower show schedule. She very ably illustrated her talk by preparing several arrangements as she spoke.

Mrs. Jack Roberts, also of Crowell, accompanied Mrs. Andrews to Knox City and was a guest at the meeting.

Mrs. H. E. Wall, club president, conducted a brief business meeting during which Mrs. C. E. Reed, chairman of the Flower Show, announced committees.

The Flower Show, named, "Notes of Spring," will be held at The Woman's Club Saturday, May 2.

Committees named are as follows:

Schedule, Mrs. Waldrip; staging, Mrs. Elwood Hackney, Mrs. J. R. Hitecock; entries, Mrs. H. W. Finley, Miss Lessie Bolin, Mrs. W. C. Hertel.

Classification, Mrs. B. B. Campbell, Mrs. Geo. Houston, Mrs. C. Bohannon; judges, Mrs. Wall; publicity, Mrs. C. C. Hoge; hospitality, Mrs. S. M. Clonts, Mrs. T. S. Edwards, Mrs. L. W. Graham, Mrs. Fred Lain, Mrs. J. C. McGee.

number of available domestic workers. In all cases where foreign workers are brought into an area, the Department's policy of giving priority to qualified domestic farm workers for available farm jobs will be rigidly enforced.

The Secretary also stated that the Bureau of Employment Security had, at his request, been making a complete review of its procedures governing the employment of foreign workers in agriculture. The purpose of this review is to determine what new policies and programs are necessary to achieve the greatest use of domestic labor.

Secretary Mitchell said that the Bureau of Employment Security is asking the full cooperation of agricultural employers in holding down the number of imported farm workers. The Bureau has written its agricultural advisory committee requesting its assistance. The Bureau has also asked all State Employment Security Agencies to intensify their farm labor recruitment activities, and to publicize existing farm job opportunities in urban areas in an effort to recruit unemployed workers with previous experience in farm work, the Secretary said.

## Recruitment of Domestic Workers May Reduce Use of Mexican Nationals

Recruitment for farm labor will be intensified and expanded this year in a major effort to make full use of the nation's domestic farm labor supply, pro-

vide jobs for unemployed workers, and curtail the use of foreign workers in agriculture. That's the word the U. S. Department of Labor's regional offices in Dallas has received from Secretary of Labor James P. Mitchell.

"I have directed Assistant Secretary Newell Brown and Bureau of Employment Security Director Robert C. Goodwin not to approve employer requests for foreign workers where, through additional recruitment efforts of employers and the state employment services, domestic workers can be obtained to meet farm labor needs," Secretary Mitchell said. "Because of the current labor supply situation, employers will find workers available in areas which have not been sources of labor supply in recent years."

"I anticipate that in some areas the need for foreign workers can be eliminated. There will be areas, however, which will continue to need foreign workers to meet seasonal demands, and requests for such workers will be filled in accordance with approved procedures. Even in those areas it should be possible to effect some reduction in the number of foreign workers because of the increased

President by Congress, would enable Texas to avoid a summer lull in highway construction. Texas has already planned the projects in anticipation of the money, said Greer.

Designed as an anti-recession measure, the bill specifies the extra money must be spent within 12 months.

It won't put all the unemployed people to work, said Greer, but it will stimulate the economy. And, he added, it's not a "leaf-raking job."

**PINCH ON SMALL SCHOOLS**—Small schools are going to have to have help to meet higher state standards in math and science, says Sen. Crawford Martin of Hillsboro.

Beginning with the 1959-60 term, high schools are to be required to teach four years of science and four years of math. Sen. Martin said he doubted smaller districts had or could get, without assistance, the necessary staff and equipment to meet the new standard.

"Most have gymnasiums," he observed, "but a lot lack laboratories."

## Uncle Ben from Benjamin says:

DEAR MISTER EDITOR:

I see by the papers where Congressman Carroll Kearns of Pennsylvania has introduced a bill to put the Star Spangled Banner in the key of A flat so folks won't stumble over them high notes near the end.

I'm in favor of anything that'll help the Star Spangled Banner get back in good standing in this country. We got kinds in school today that can sing all five verses of Elvis Presley's "Hound Dog" that ain't never heard of the Star Spangled Banner.

As usual, they referred the Kearns bill to a congressional committee. That means it'll cost the taxpayers about \$10,000, whether we get it settled in A flat or F sharp. The committee will ask a handful of government clerks to make a report on the matter. The report will run to about 200 pages and cost about \$10,000, which is about par for the congressional report course.

Abe Lincoln asked his secretary onct to find out something about a saddle horse advertised for sale in the papers. Six weeks later he got a 150-page report on the horse. After reading the first two paragraphs, Abe threw the report in the wastebasket and called for his secretary. He told him that for all he knew, the horse could be dead by now, and furthermore he just wanted to know the good and bad points about the horse not a report on how many hairs in the horse's tail.

We got thousands of Federal employees spending millions ever year counting the hairs in the horse's tail. A thing like this Star Spangled Banner report could easily get out of hand.

### KNOX STUDENT NAMED TO NTSC SOCIETY

DENTON. — Glenda Scarbrough of Knox City has been initiated in Junior Mary Arden, literary and social organization for freshman and sophomore women, at North Texas State College.

Miss Scarbrough, the daughter of Mr. and Mrs. Willard L. Scarbrough, Knox City, is a freshman English major. She is a member of the So. Fresh English Club, and is a 1957 graduate of Albany High School.

And I see where they're still agitating that business about higher pay fer teachers. I consider myself a living example of the product of low paid teachers. I'm in favor of raising a teacher's pay high enough that they won't be no more ignorant folks like me in the next generation.

But I think it's about time them politicians git back on the farmer platform again. When I was a young man no candidate could git in office unless he run on a platform of relief fer the farmer. It never helped the farmer none, but it made him feel important. I been feeling mighty neglected here of late since the politicians is all running after the school vote. The next candidate that gits my vote has got to have a plank in his platform calling fer bigger and beter relief fer the farmer.

One other item in the papers caught my fancy this week. Some automobile manufacturer from Detroit says the automobile has been a "great moral force" in this country. I can't figger that one out. Maybe it stopped horse stealing, but aside from that I can't see nothing it's done fer morals.

Yours truly,  
Uncle Ben

## Streams In Desert Places

By Ozelle Stephens

He giveth his beloved sheep (Ps. 127:2). Quiet your cares in the promises of God.

Remember in Acts 12th chapter the deliverance of Peter by the Angel? This was a great wonder but a more remarkable one is the serenity of Peter's mind amid the cares and perils that had overtaken him. The great wonder of grace is the fact that God delivers us from vexing cares and gives our broken and burdened hearts assurance, peace and sleep.

When your heart is disturbed by anxieties and rest flees from you, remember the grace which quieted Peter's cares and let him sleep. Commit to God the things that are beyond your control.

Rest upon the promises of God. They have been called, "heart pillows." Claim them for yourself, rest upon them—they will quiet your cares and give you peace in the darkest hours.
