## Plan Halloween Carnival

### To Give Reception for Teachers

The parent-Teacher Association met Tuesday morning, following the opening exercise at the school building, and made plans for a Halloween Carnival. This carnival is to be a community fair and everybody is invited. It will be held in a downtown building, the exact location to be announced in the Herald next week. It is hoped that every one will give their cooperation in this fair and make it a huge success.

Committees appointed to work up the fair promise plenty of fun for everybody.

By a vote of the good attendance present Tuesday morning, the Parent-Teacher Association will meet this year only once a month, these meetings being held in the evening instead of the afternoon.

The association also made further plans for the reception for the teachers to be given next Tuesday evening at the Methodist church. The hour will be 7:30. All members of the school board and patrons are not only invited but are also expected to be present at the reception.

The Parent-Teacher Association, under the leadership of Mrs. Press Clarke, their new president, has begun their work this year very enthusiastically. All are looking forward to the many things the association hopes to do.

## 324 Enrolled In School

### Classes Started Wednesday

Tuesday morning the Knox City school opened with 324 pupils enrolled. The town at large was excited and thrilled in the starting of the school and the children entered into their class work Wednesday with much enthusiasm.

The opening exercise Tuesday morning, although not long planned by the superintendent, was greatly enjoyed by the pupils and the large crowd of patrons present. Reverend Stovall led in the opening song "America" and gave the invocation. Reverend Mann made an excellent talk and upon invitation Mrs. E. F. Branton, teacher of the Union Grove school, made a short talk which was complimented highly by those present.

J. A. Wilson, secretary of the school board made a talk and Mrs. Press Clarke, president of the parent-Teacher Association made a talk. Following the opening exercise the patrons gathered for a Parent-Teacher meeting and the teachers and pupils went into the task of enrolling and issuing books.

The total number of pupils enrolled was 324. Following is the number by grades:

First Grade	30
Second Grade	35
Third Grade	43
Fourth Grade	29
Fifth Grade	30
Sixth Grade	25
Seventh Grade	16
Total	221
High School	103
Total	324

Of the 193 enrolled in high school, 20 are seniors. The names of those in this class, along with the class officers, will be given in the Herald next week.

The 324 pupils does not include all that will be in school this year. Mr. Cloud, superintendent stated. This number is about 50 short of the number we had last year, and while we do not expect as many as 50 more pupils to enroll, we do expect something near that number.

Mr. Cloud also stated that the third year of Home Economics is being added to the curriculum, as well as the fourth year Agriculture. Miss Moorhouse is teaching the Home Economics and is asking for affiliation. Mr. Guy will teach the Agriculture class. The school has the Agriculture credit but the subject has not been taught for he has two or three years.

One of the most interesting grades of the school is the first grade. Mrs. Cloud teaches this grade and finds the children to be very interested in their work. Although they seem to be babies yet, Mrs. Cloud says it is surprising just how fast they learn. Following are the names of the first grade pupils this year.

M. J. King, Mary Frances Clarke, Opal Buchanan, Zella Theo Plumlee, Joe Ball, Harold Dalton, Leota Casey, Billie J. Hamner, Bonnie Snelson, Lemuel Oscar Teague Jr., Emma Jean Shaver, Vera Hathway, Virginia Smith, Jimmie Wilson, Travis Darden, Cleo Reynolds, Harold E. Stevens, Dale Graham, Bobbie Jo Liles, Tomjane Teaff, Paul Hackfield, Martha Waggoner, Willie Mae Waggoner, Mozelle Vandever, Jack Stubbs, Delmar Caldwell, Alma Roberts, Laverne Denton, Walter Jones and Jack Varnell.

## Stolen Car Retrieved

A two door Ford Sedan, belonging to a salesman out of San Antonio, was stolen in Abilene last Friday. The car contained \$800.00 worth of sample dresses all of which were missing when the car was found.

The stolen vehicle was found Monday about four miles south of Knox City by G. T. Hardberger. It is being held for its owner.

Edmund Stevens got his hand badly scalded at the gin last Friday.

## Glenn Ask for Salary Slash

### Would Discontinue Home Demonstrator and County Agents Office

At the regular meeting of the Commissioner's Court of October 12th Commissioner W. C. Glenn made a motion that the county reduce the Sheriff's ex officio salary from \$200.00 per month to \$125.00 and reduce the County Judges salary from \$150.00 per month to \$125.00 and that they reduce the County Treasurers salary from \$2000.00 per year to \$1500.00 per year, and the county discontinue the offices of the County Agent and the Home Demonstrators office for a year and save the county tax payers \$3900 by so doing.

The motion was voted down by Commissioner's Osborne and Griffith. Commissioner Chowning not being present.

Commissioner Glenn defended his position by stating that he did not believe that there would be many people in the county that would be able to pay their 1931 taxes, and that there was most sure to be lots of people in the county that would have to have county help before the winter was over, and that the very fund, that practically all of the money saved came out of the general fund, and the last report showed that the county was over \$2000.00 in the red now, with the general fund.

Editors Note:

The above article was submitted by Mr. Glenn. We agree with him and the "salary cut" suggestion but we are of the opinion that now is the time that we need our county agent and our home demonstration agent. Readers of the Herald will recall that only a week or so ago a lengthy article was given in the Herald telling something of what the work of these two people has already meant in dollars and cents to Knox County.

## Glad Hand Social

The Glad Hand Class of the Baptist Sunday School entertained with a party last Thursday night in the home of the teacher, Uncle Joe Smith. The large crowd present, fifty or more, enjoyed the music furnished during the evening on stringed instruments, as well as the amusing games played.

Ice cream was served. Sunday new officers for the ensuing year were elected. They are as follows:

President, Mrs. Press Clarke  
1st V. Pres., Mrs. Press Hitchcock  
2nd V. Pres., Mrs. C. B. Stovall  
3rd V. Pres., Mrs. Bryon Lee  
Secy., Mrs. E. F. Branton  
Treasurer, Douglas Horton  
Reporter, Mrs. Gene Clonts.

## Mitchell News

Mitchell community had a good rain Sunday and Monday and it has not cleared off yet.

Mr. and Mrs. H. C. Lusk of Robstown visited in the home of their niece Mrs. Carl Carver, last week.

Mr. Bud Carver returned home Sunday from Comanche and San Saba where he has been visiting for some time.

Mr. and Mrs. Cleo Portwood of Stamford visited Mr. and Mrs. Carl Carver Sunday.

Mr. and Mrs. Edd Gore of Comanche were visitors of Mrs. J. W. Carver Sunday.

Mr. and Mrs. R. B. Carver visited Mr. and Mrs. John Bearden of Rochester Saturday.

Mr. and Mrs. Tom Lusk and Mrs. Martin Teague of Judd and Hutto were visitors in the home of Mr. and Mrs. Carl Carver Sunday.

Mr. and Mrs. Pointer of Newcook were visitors of Mrs. J. W. Carver Sunday.

A new shipment of Radio B. batteries and tubes received. Ashcrofts.

El Paso newspapers are promoting a "Use-more-cotton" campaign, and College of Mines athletes will wear cotton uniforms this season.

## Some Information In Regard To Our County Health Program

### By Dr. J. E. Stover County Health Officer

Upon being asked by Mrs. Hoge of Knox City to address the County Council, I am glad to give you the following information, and wish to also advance the following advice.

The work accomplished in our county along the line of disease prevention has in my opinion been one of great magnitude. Owing to the fact that this is the first time in the history of our county that any concerted effort has been made along this line, and also owing to the fact that there was practically no educational program of any length of time carried out to farther this work, the amount of work done was almost beyond belief.

We might sum up as the object of the work done this summer as follows: 1st. The saving of children's lives. Of course we might stop right there and say that is enough, but we still add: 2nd. The uninterrupted of school work. If we have every school child immunized against the most common of contagious diseases, there will be no closing of our schools on account of epidemics. 3rd. The saving of money both to the individual and the State and County. It is a fact beyond controversy that with the great number immunized against Small Pox, Diphtheria and Typhoid in the county, that there is a great saving in money which would have been spent in the treatment and control of the above diseases. 4th. The peace of mind which will be that of all mothers who have children that their child or children will not be attacked by these dangerous and loathsome conditions.

Only those children who have had before this work began the immunization treatment against Diphtheria. I feel safe in saying that we have in Knox County now considerably more than 50 per cent who are safe from any attack of Diphtheria. Against Small Pox, the per cent is in my opinion even greater, probably 90 per cent. This is due to the fact that for years we have had an epidemic in or near the county and naturally all exposed either have had a successful vaccination or else have had the disease for there is no one immune to Small Pox until they have either had it or have been vaccinated against it. Coming to Typhoid Fever, we desire to say this; that while it is never prevalent in this

county in the form of an epidemic. It is a life taking disease, a disease that probably costs more money to properly take care of it and time which is wholly preventable and should be considered a disgrace to have in any community.

The above gives you in short sentences what we have done. I will say now that without the active work done by the active Parent Teacher Association and the different clubs of the county, the amount of work done could never have been reached. When we go into the different communities of the county, we will find that the amount of good accomplished, depended absolutely upon the activity and interest of the P.T.A and the Womens Clubs. If you have a live up-to-date cooperating P.T.A even in the small community, you could count on getting a majority of that community's children immunized. If the P.T.A in any community was on the drag, what work done in that community was done only by the grace of God.

One thing over which we should all feel elated, is the fact that in the rural communities, these communities removed from medical attention where the cost of sickness is out of all proportions to all other necessities of life, the greatest number of people have had this work offered them and have accepted it in a manner almost beyond belief. For it is usually a fact that the more rural the district, the harder it is to get the people to accept services of this kind. But today it seems to me that conditions are reversed; that the more chances people have for enlightenment, the more you have to argue with them to accept things that will preserve their health. The only way I can account for this is that that they possibly think that they are so all powerful that they will never be visited with any common thing like Small Pox, Diphtheria or Typhoid Fever.

We should not stop. I know of no better agency for the continuation of this work than through a properly conducted P.T.A. The Mother of Knox County should not rest until every child over six months of age have been immunized against Diphtheria and Small Pox. When this treatment is given in early life, there will be absolutely no harm nor danger. The fact that during the summer just passed, there had been given in Knox County more than 10,

**BAYER ASPIRIN**  
 is always SAFE

Beware of Imitations

Genuine Bayer Aspirin, the kind that doctors prescribe and millions of users have proven safe for over thirty years, can easily be identified by the name Bayer and the word genuine above.

Genuine Bayer Aspirin is safe and sure; it is always the same. It has the unqualified endorsement of physicians and druggists everywhere. It does not depress the heart, and no harmful effects follow its use.

Bayer Aspirin is the universal antidote for pains of all kinds:  
 Headaches, Neuritis, Rheumatism, Toothache, Sore Throat, Lumbago, Stomachache, and Malaria.

## Just S S Elects Teachers

The last Sunday in September was observed as promotion day and all who were promoted from one department to another received certificates while all promoted from class to class within the department received promotion cards.

The Sunday School year began the first Sunday in October with a fine start and everyone enthusiastic about the year work. A list of the officers and teachers follows:

General Supt., R. Hayden Fortenberry  
 General Secy., Mrs. R. Hayden Fortenberry

Adult Division  
 Sr. E. O. Jamison, Superintendent  
 Teachers

Young Peoples Division  
 Young Peoples Division  
 Councillor, Miss Gladys Buckholt

Teachers, Miss Lillian Park, Mr. A. G. Guy.

Intermediate Division  
 Councillor, Mrs. J. C. Mann  
 Teachers, Mrs. L. C. Teague, Mrs. E. L. Huntsman, Mrs. J. A. Wilson

Childrens Division  
 Junior Department  
 Supt., Mrs. H. L. White

Teachers, Miss Ruth Rice, Miss Alene McElbath.

Primary Department  
 Supt., Mrs. G. D. McCarty  
 Teachers, Miss Ruth Hammock, Miss Myrtle Evans, Mrs. J. M. Lee.

Beginners Department  
 Supt., Mrs. O. F. Clarke  
 Teacher, Mrs. W. F. Evans

Nursery Department  
 Supt., Mrs. Lawson White

At the council of officers and teachers at the beginning of the Sunday School year, they unanimously adopted the following resolutions for working goals throughout the coming year.

A Working Standard for the Sunday School for 1931-32

1. Adopt the Evangelization program of the General Board of Christian Education for the local church.

2. By the above program make contact with every individual.

666  
 LIQUID OR TABLETS  
 Relieves a Headache or Neuralgia in 30 minutes, checks a Cold the first day, and checks Malaria in three days.

666 Salve for Baby's Cold.

church roll, and every church is responsible for. Also ones not connected in any way with any church.

3. Make our school live up to its name, be the teaching and training center of the church.

4. Teach the religion of Jesus Christ, and train in religious living. Also teach what constitutes a real church member.

5. Build all lessons around Christ and the church, and not around the teacher.

6. All teachers present every Sunday, or see that substitutes are present with a prepared lesson.

7. Every officer and teacher do his best to promote the general program of the church as represented by the Board of Christian Education.

8. Urge that all officers and teachers attend all council meetings. To better fit themselves for service.

## Keeping up with West Texas

BY WEST TEXAS CHAMBER OF COMMERCE

Taylor County's new jail at Abilene, costing \$100,000 was recently opened with a "housewarming party" given by the sheriff.

Eight inch water mains were recently installed at Vega.

The West Texas State Teachers' College, Canyon, recently obtained club music library of 40,000 pieces.

Dalhart, Texas, has a new electrical distribution line in the downtown section.

Wheeler County's taxable valuations exceed last year's by a half million dollars.

The next dirigible to be built by the United States Navy may be named for the West Texas city, Amarillo.

The site for a proposed \$180,000 federal building at Pampa has been secured.

Four pure bred Jersey cows in Randall County made the Texas July year roll, for production excellence.

A church at Panhandle, Texas, is operating a two hundred acre farm for the purpose of meeting the church indebtedness.

Wheeler merchants loaned their show windows recently for community fair exhibits.

Mrs. ... and two children spent last week in Stamford with her mother.

Miss Elouise Powell of Sylvester is here visiting her aunt, Mrs. Jake ... near town.

Howard Griffith of McLain is here visiting his parents, Mr. and Mrs. Will Griffith.

Morris and Jack McCarty spent Sunday in Abilene. Their sister, Miss Katherine returned home with them for a visit.

The Haskell County Singing Convention will meet Sunday in the school auditorium at O'Brien. Every one is invited.

A. J. Gore, B. B. Cochran and L. W. Coates were to serve on the petty jury this week, however court was dismissed Tuesday until next week.

Eruther Herbert Land and family of Oklahoma are visiting home folks here. He preached at both the morning and evening services at the Nazarene church.

The Missionary Union of the Baptist church was recently entertained in the home of Mrs. E. B. Denton, she being assisted by Mrs. L. C. Porter. Refreshments of ice cream and cake were served.

"More genuine satisfaction than any car I ever owned"

THE FORD is good-looking. It is safe. Comfortable. Speedy. Reliable. Long-lived. Economical. Everything a good car should be.

There is, too, an added something about it that brings enthusiastic comments from every one who has ever driven a Ford . . . the joy it puts in motoring.

"I have been a car owner continuously for nearly 20 years," writes a motorist connected with a leading university. "During this period I have bought eleven new automobiles. Eight of the eleven were in the middle-price field, one cost three thousand dollars, and the last is a Ford I purchased thirteen months ago.

"In the light of this experience I can say in all sincerity that I have derived more genuine satisfaction from the Ford than any car I ever owned. In

saying this, I am thinking in terms of comfort, safety, driving pleasure, ease of control and economy. My next car will also be a Ford because it will give me what I want at a price I can afford to pay."

When you get behind the wheel of the Ford and drive it yourself you will know it is a truly remarkable car at a low price. You will like it when you first buy it. You will become more and more enthusiastic the longer you drive it.

After thousands of miles of driving you will say "it's a great car." Its economy will save you many dollars.

LEWIS-KENNEDY

Mr. Bud Lewis of the Mitchell community and Miss Ruth Kennedy of Knox City were married Saturday. The Kennedy family live on the Smith farm east of town, moving there this year from the Mitchell community.

Mr. and Mrs. Lewis will live in Mitchell.

Mr. and Mrs. H. B. Sweeney and Miss Mickie and Miss Ruth Hammock spent the past weekend in Dallas. They attended the State Fair in addition to visiting relatives. If you want rain just send us to the Fair.

Grandmother Cummings returned Saturday from Electra where she had spent two weeks with her daughter, Mrs. Joe Humphries. Mrs. Humphries and family accompanied Mrs. Cummings home.

M. A. Bumpus and family, Mr. and Mrs. J. C. Angle and family, Mr. and Mrs. Williamson and family and R. L. Newberry and family all of Smith Chapel were among the many visitors to Knox City Saturday and Sunday night.

The Passion Play was shown on the screen Monday night at the Methodist Church. It was free to the public, being made possible by the business men of Knox City. The house was full and the picture was good.

Dr. Stover

1000 doses of Toxoid, Typhoid Vaccine without a single bad result as far as I have been able to find out, would convince every open minded person that the only thing they can get out of this is good.

My advise to you is that you have an active health committee in every P-T-A chapter. That this committee be under and cooperate with a similar committee in the County Council. That when any member fails or refuses to carry out the accepted facts in health conservation and disease prevention, that that person ceases to be a member of that committee and he or she be removed. We must fight disease in a way that will leave no doubt that we intend to conquer it as far as it is possible for us to do so. We can no more compromise with disease than we can with sin. We cannot say to Diphtheria "You Take my neighbor's child and leave mine." We cannot say to Small Pox "You do your worst to our County and do not cross the North Wichita River." If we do not want these diseases, then we must take the proper steps to not have them, and that is through immunization.

As I said above, the most logical place to do this work is in and through the P-T-A. Have your public health committees, instruct by vote in every P-T-A that a compulsory law be passed requiring a certificate of vaccination against both Small Pox and Diphtheria. We have just passed in our State Legislature, compulsory cotton law. If the farmer must be told what he must do what he must do, what the only issue involved is that of money, why should Texas health officials tell parents what they must do on the main issue of the difference between sickness and probable death and that of health. It is perfectly proper and legal now for any school board to pass a compulsory order that all children admitted to that school require a certificate from some reputable physician showing that they have had a successful vaccination against Small Pox, or that they have had the disease. Only few days ago I had a letter from a man in Sherman, Texas who has a daughter whom I treated for Small Pox in 1918, asking for a certificate to that effect. She had to have this certificate, or else be vaccinated against Small Pox, as she was then preparing to enter one of our State schools. If we had a compulsory vaccination law this would never have been necessary, as it would be known that this girl had been vaccinated. Not only that, we would never be called upon to quarantine or treat another case of Small Pox, nor called too late and be forced to watch a little child die in the grip of that dread monster, Diphtheria.

So you see you have the power in your hands. If you do not at least attempt to use this power, you are criminally negligent for the death of any child that might die of either of these two diseases. You have a great organization. If you do not use it for any purpose than that of social you had better take steps now to disband it, for it is a failure used only in that way. If it (the P-T-A) is organized and run for the benefit of a few persons in the community who do not care whether or not your child lives or dies, just so they may be able to say that they run the thing, then it is a criminal organization, and should be treated like other criminals.

In the prevention and control of diseases that you prevent, it is just like Christianity you are either for or against. You can't serve two masters in saving of lives any more than you can serve two masters in your religious life. This may seem to you a little radical, but when you have seen as much suffering from deaths and loss of time and loss of money and disfigurement of features as I have seen through things that should never have been, you will agree with me unless you have a one track,

mind, and then you are beyond any outside help.

In closing I want to sincerely thank every member of the County Council, every member of every local P-T-A, every members of the different clubs of the county and every person who has in any way contributed to the success of this immunization program just finished. I want further to say that we still have enough Diphtheria Toxoid to immunize about 100 children, that this will be administered free, by either myself or by the family physician where that can be arranged. If you wish you family physician to administer the Toxoid, if he will furnish me with the list of names, Toxoid will be supplied him as long as it lasts. I wish to thank this assembled County Council for the time given me in this program, and assure you that the health of your community and your children is my first thought.

Mr. L. L. Davis was in Fort Worth last Friday.

Mr. and Mrs. Walter Hyde drove over to Goree and spent a few hours with Mr. and Mrs. George Montandon. Mr. Hyde reports heavy rains over the Goree country but no hail. He says the cotton crop that country is more than half out and that lots of wheat is harvested.

ONLY CONOCO GERM PROCESSED OIL Can Give You the Extra Benefits of the "HIDDEN QUART"

that Stays Up in Your Motor and Never Drains Away

Almost half of all motor wear takes place while you're starting your car! And it's in the starting period that oils not germ processed fail to protect your motor. They lubricate your motor after it starts... but they drain away when your car is idle, leaving vital working parts unlubricated while you're starting.

Germ Processed Oil gives you safe lubrication not only after your motor starts but during the starting period! For only Germ Processed Oil has penetrative lubricity... the ability to cling to, penetrate and combine with metal surfaces. A "hidden quart" of Germ Processed Oil stays up in your motor and never drains away. It cuts down starting wear and makes

starting easier and quicker. Save your motor from wear... Change now to Conoco Germ Processed Motor Oil, the only oil in North America made by the patented germ process. Fill up at any station that displays the Conoco Red Triangle.

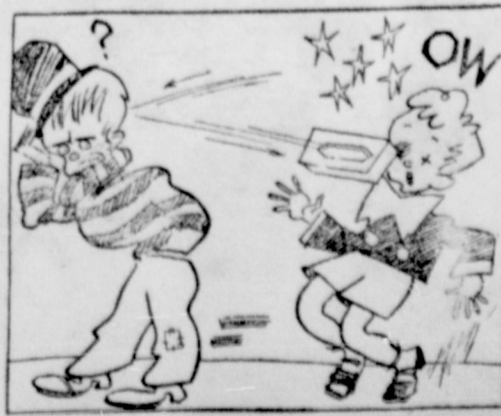

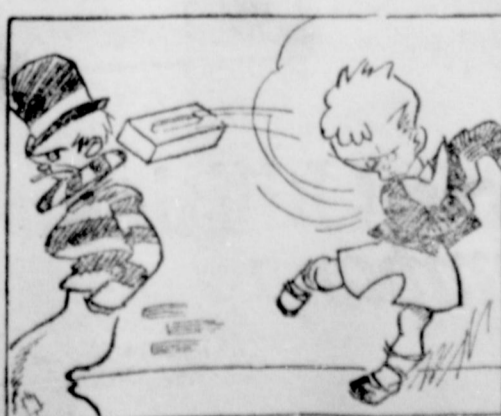

CONTINENTAL OIL COMPANY The Only Refiners of Germ Processed Oil in North America

CONOCO GERM PROCESSED MOTOR OIL

ANY OIL WOULD BE BETTER OIL IF GERM PROCESSED

TOUGHER THAN TOUGH

By Ed Kressy

**FURNACE KNOX CITY BOY HURT IN ACCIDENT**

J. V. Jones Junior, elder son of W. J. V. Jones, brother of W. J. Jones of this city, of Lubbock who formerly lived in Knox City, was hurt in an accident last Monday. His leg was broken and he received several painful bruises. He is in a Lubbock Hospital and doing well.

L. B. Hammock says that if he was farming this year that he would plant a big acreage of gourds as there seems to be no overproduction of gourd dippers yet.

We are selling tires and tubes at very low prices now. See us before you buy. Ashcroft Chevrolet.

DR. T. P. FRIZZELL  
Physician and Surgeon  
Knox City, Texas

L. L. Davis is the owner of a new International truck, purchased through Jackson-Clonts Company.

Mr. and Mrs. Fortenberry Senior have rented the home of Miss Edna White and are moving in today, Thursday.

M. A. Bumpus cut and unloaded 4 loads of maize last Saturday. We wonder if this record can be exceeded by any other Knox county man.

Mr. and Mrs. John White are driving to Herford today, Thursday, to take his sister, Miss Edna White, where she will spend the winter with her sister, Mrs. Whitehead.

Mr. and Mrs. Vance Favor carried their little son Billy to Dallas last week for medical advice, returning home the first of the week.

Mr. and Mrs. Joe P. Entlish of Gentry Arkansas are the proud parents of a fine baby girl who arrived on the 10th. And its Aunt Frankie again!

The Sun Set school opens today, Thursday.

Born to Mr. and Mrs. L. O. Teague on the morning of Wednesday, October 14th, a baby girl.

John Elbert Smith sustained a broken arm Tuesday afternoon while practicing football. It was his right arm.

The Knox City Motor Company announces the sale of a new Philco Low-Boy radio to Mr. and Mrs. Joe Averitt last week.

The officials of the local telephone exchange attended a business meeting of the company held in Haskell Tuesday.

# TAX DOLLARS . .

*Paid for You by  
the West Texas  
Utilities Company*

**YOUR** business is not the only one which has been faced with the serious problem of ever-mounting tax expenses. Since 1923, the year of this company's organization, taxes paid by the West Texas Utilities Company have increased over 1,200 per cent! In making these tax payments, the West Texas Utilities Company is contributing substantially to the cost of government . . . and relieving you of a considerable burden which otherwise would fall on your shoulders.

If the taxes paid annually by the West Texas Utilities Company could be applied by governmental agencies as efficiently as funds are handled by private enterprises, they would build for you each year: two large city high schools; three completely equipped ward schools; fifteen modern rural schools; a complete water system for a city of 12,000 population, or seven and one-half miles of standard concrete highway.

While this company has had to meet an ever-mounting tax bill and increased cost of equipment and materials . . . you, as a customer, have benefited by rate reductions which make this modern necessity available to you at an average cost *sixty per cent lower* than was charged before the organization of the West Texas Utilities Company!

Electric service will do your domestic, industrial or farm tasks more efficiently than they can be accomplished by any other method, and the entire cost of such splendid service can be figured in terms of pennies!

**Do You Know?**

. . . that the average cost of government per family in 1918 was six times the average family's electric bill—but that through increased political activities the cost of government to the average family is today fifteen times greater than the cost of household electricity?

—that a reduction of 10% in the average family's household electric bill would amount to but \$3.00 a year; whereas a reduction of the political racketeering activities alone connected with the cost of government should decrease taxes at least 1%—a reduction sufficient to pay all the nation's household electric bills? Let's work on the political racketeers. There is the easiest place to save.

*Out of every dollar you spend for service, approximately 10 cents is returned to the various governing bodies in the form of tax payments.*
