

## Aberdeen-Angus Wins First Place Here

Many Hereford cattle lovers and breeders blushed with envy Saturday.

They jealously watched the heretofore unbeatable "white-faces" go down in defeat for grand-championship of the 5th annual Knox County Livestock show to an Aberdeen-Angus steer from the Masterson ranch.

Arnold Koenig, first year exhibitor from Rhineland, walked the little block of beef to head of the heavyweight division and left him there. The most serious threat for supremacy was made by Gaylon Scott, winner of the Wichita Falls show last year, who copped top honors with a Hereford from the League ranch in the lightweight division.

The pair showed for grand champion honors. After many minutes of deliberation, Judge Ralph Howe, Crosby county agent, slapped the Angus calf as winner against all comers. Koenig received a beautiful sterling plaque presented by the Knox City Lions Club, sponsor of the livestock show.

To win the lightweight class, 780 pounds and under, Scott had to beat out a younger brother, Eldon Scott, who had the grand champion in 1937 and at Wichita Falls. Both boys are from the Vera community.

Bobby Armstrong gave Koenig a run for his money with a highly fitted Hereford. Armstrong's calf was perhaps the fattest animal in the show, but was a little patchy and lacking in type.

There was a downtown parade in the morning, led by the Knox City high school band under the direction of D. L. Dodgen.

Four-H club boys, their parents and others were special guests of the Lions club at a luncheon at the First Methodist church. The Rev. C. E. Cogswell, pastor of the First Christian church and secretary of the Lions club, acted as master of ceremony.

The Rev. H. E. East, pastor of the Baptist church, was the principal speaker. Walter Rice, Knox county agent, also spoke and introduced all visitors, praising the boys and their parents for fine work in feeding the calves exhibited. County Judge E. L. Covey of Benjamin also was a speaker.

Roy Baker presented the Wilson award for outstanding beef production to Gaylon Scott.

Henry Arledge of Knox City was general chairman for arrangements of the show.

Winners in the two classes of calves were:

Heavyweights: first, Arnold Koenig; second, Bobby Armstrong; third, Joe D. Clough; fourth, Clough; fifth, Finis Bratcher; sixth, Wayne Roberson; seventh, Billy Roberson; eighth, Armstrong; ninth, Lowell Cure; tenth, Junior Montandon.

Lightweights: first, Gaylon Scott; second, Eldon Scott; third, Darwin Shipman; fourth, Cure; fifth, Bobby Roberson; sixth, G. Scott; seventh, Shipman; eighth, Hope Bratcher; ninth, Robert Schumacher; tenth, Chas. Roberson.

—Abilene Reporter

### PURCHASES BUILDINGS

A deal was closed last week whereby O. W. Caussey became owner of the two buildings north of Edwards Grocery occupied by the Thompson Cafe and the United States post office. Mr. Caussey informs us that he purchased these as an investment and the present occupants will continue to use them. The post office has a lease until 1942.

### COMMENTS

By Harry Holt

The Rev. H. E. East, pastor of the Knox City Baptist church and principal speaker of the 4-H club day luncheon Saturday, was an outstanding 4-H club boy at Hereford, Texas. He was awarded a trip to the Dallas fair and to the Texas A. and M. Short Course. He was selected as the outstanding 4-H club boy in Deaf Smith county in 1928 and was awarded the Santa Fe trip to Chicago. East is a son of Ed East, Hereford breeder at Hereford, and is a graduate of Hardin-Simmons.

Miss Ila Masterson of the Masterson ranch, Truscott, knows her cattle. She selected the five Aberdeen-Angus calves exhibited by Knox county 4-H club boys at Knox City Saturday, one being judged the grand champion. Miss Masterson, a daughter of Tom Masterson, is an excellent feeder of calves and once exhibited the champion Aberdeen-Angus at the Fort Worth Fat Stock show. All of the Knox county Angus calves will be shown at Fort Worth this year. The Mastersons have the largest herd of Angus cattle in West Texas.

Ralph Howe, Crosby county agriculture agent, has judged every livestock show held in Knox county. He was a member of the International Livestock judging team while attending Texas A. and M. college. Howe says wheat in Crosby county has been suffering from high winds during recent weeks and is badly in need of rain.

Lee Smith, Knox City theater owner and operator of a small ranch nearby, recently bought a Hereford bull from C. M. Largent & Sons, Merkel. Smith fed out his first bunch of cattle the past fall and did right well.

Jack Idol, manager of the League ranch at Benjamin, missed the livestock show. He is in Fort Worth where his wife is ill in a hospital. Several of the calves shown were from the League ranch and a Hereford bull, bred by George Keith, Wichita Falls, was exhibited by the League.

Joe Bridwell, Wichita Falls oil man and rancher, is getting tired of Knox county boys winning the grand championship at the Wichita Falls show, something they have done the past two years. Bridwell says he is going to put a calf that will win this next year if he has to emasculate every bull calf on the ranch. Bridwell has one of the good registered herds of cattle in Texas and has invested much money in herd sires.

He recently went in with Geo. Keith & Sons to buy the Prince Domino 30th for \$6,500 in Dr. Chas. W. Harris' record sale.

C. C. Nunnally, who assisted Ralph Howe in judging calves Saturday, was a member of the International Livestock judging team while attending Texas Tech. He was graduated from Tech in 1938 and is now employed as administration assistant in Crosby county. He was a personal friend of the late Dr. Bradford Knapp, president of Tech, and made many trips over the state with Dr. Knapp.

### SINGING CONVENTION

The Knox County Singing Convention will convene at Union Grove Sunday, Feb. 26, at 2 p.m. Several out-of-county singers are expected. Everyone is invited to attend.

"Tug" Nesbitt made a business trip to Dallas Sunday, returning Wednesday.

Tax Collector Earl Sams of Benjamin was here Tuesday afternoon on business.

### ONE WAY OF LOOKING AT IT

## W. P. A. WORKERS ON PUBLIC IMPROVEMENTS

San Antonio, Feb. 18.—WPA workers have completed 570 public improvement projects in Texas since the inception of the Works Progress Administration program in July, 1935, it was announced today by State Administrator H. P. Drought.

"Public facilities created by formerly jobless men and women are now being enjoyed in practically every community and county of the state," Mr. Drought stated. "On these thousands of public improvements which have been made during the past three and one-half years there has been expended \$113,794,250, one fourth of which was supplied by the cities, counties and school districts."

Covering WPA activities through December, 1938, the report showed that workers have performed 236,073,791 man-hours of work. Federal cost per man-hour of work was 56 cents of which 29 cents went directly to the worker, the remaining 7 cents being expended for materials, equipment and supplies.

Construction and conditioning of 12,000 miles of roads and streets formed a substantial portion of the WPA road improvement program in Texas, involving expenditures of \$48,871,853 by Federal and local governments. Bracketed with this type of improvement was such work as the building of 5,400 new culverts, erection of 2,900 bridges, and replacement or reconditioning of almost 1,000 miles of new drainage structures.

Construction and modernization of 742 public buildings, including 203 schools and 261 recreational buildings, were among the physical accomplishments listed in the \$9,954,479 public building program.

Expansion of public recreation facilities under the WPA program, including the construction or improvement of 195 athletic fields and 87 parks was carried forward through expenditures of \$5,063,136.

Improvements to water supply and sanitation facilities, entailing the installation of 258 miles of water pipe and sewer lines with thousands of service connections, were included in the public utilities program upon which was expended \$7,400,303. Aiding public health agencies in their fight against preventable diseases, WPA has operated a program of community sanitation and health improvement which has been financed by expenditures of \$4,835,143.

### KNOX CITY MAY GET CLUB HOUSE

The Ladies Study Club of Knox City is making an effort to build a twenty five hundred dollar club house on their lot in the southeast part of town. They are now in contact with the WPA and have assurance that the project will be passed provided the ladies will furnish about five hundred dollars of the money. They have appealed to the Lions Club for assistance and a committee has been appointed to go into the matter.

### MUNDAY BANK NEW COUNTY DEPOSITORY

At a meeting of the county commissioners last week the First National Bank of Munday was elected as the County Depository. The deposits for the past few years have been in the Knox City bank.

as, involving expenditures of \$48,871,853 by Federal and local governments. Bracketed with this type of improvement was such work as the building of 5,400 new culverts, erection of 2,900 bridges, and replacement or reconditioning of almost 1,000 miles of new drainage structures.

Construction and modernization of 742 public buildings, including 203 schools and 261 recreational buildings, were among the physical accomplishments listed in the \$9,954,479 public building program.

Expansion of public recreation facilities under the WPA program, including the construction or improvement of 195 athletic fields and 87 parks was carried forward through expenditures of \$5,063,136.

Improvements to water supply and sanitation facilities, entailing the installation of 258 miles of water pipe and sewer lines with thousands of service connections, were included in the public utilities program upon which was expended \$7,400,303. Aiding public health agencies in their fight against preventable diseases, WPA has operated a program of community sanitation and health improvement which has been financed by expenditures of \$4,835,143.

### DRUG STORE COMPLETED

Frizzell's Drug Store is almost completed from the general repair it has been receiving for the past two months. New seats have been placed and new tables will soon be installed. The entire building has been worked over and repainted and a beautiful covering placed on the floor. The cost of the improvements will be almost two thousand dollars.

### DISTRICT ATTORNEY LEWIS WILLIAMS OF BENJAMIN WAS HERE TODAY ON BUSINESS.

Dixie Bennett, who has been manager of the Lone Star Gas Company in Knox City, has been transferred back to Stamford.

County Judge E. L. Covey of Benjamin was here today and called at our office.

## SHERIFF CARTWRIGHT SLUGGED BY PRISONERS

Tuesday morning when Sheriff Louis Cartwright went to the jail to feed the prisoners he was attacked by three men and severely beaten, but he succeeded in conquering all three of them with his fists.

Prisoners Truesdale Coffee, Boyd Weick and Eugene Mansfield launched the attempt escape. They secured the chains from their bunks and made them into knots, and when the sheriff entered they proceeded to beat him up. He was unarmed and was lucky in subduing

the three. If he had been wearing his gun the chances are that he would have been killed, as the trio knocked him down the first charge.

Deputy Sheriff Orville Capehart rushed to the assistance of the sheriff when the alarm was sounded, but Mr. Cartwright had succeeded in conquering them before the deputy arrived. The sheriff was brought to the Knox City hospital where his wounds were dressed, and he will soon be able to leave and return to his duties.

## FARMERS CHECKS ARE IN BENJAMIN

County Agent Walter Rice was in Knox City Tuesday afternoon and informed the editor that he had just received the first installment of government checks that are to be distributed among the farmers of this county. The total amounts to almost one hundred thousand dollars in three hundred and fifty checks. Rice informed us that he did not know the exact amount that would be sent to Knox county, but that

it would probably total more than two hundred thousand dollars.

Cards are being mailed out to the farmers and they must go in person to Benjamin to get their checks. This means that more than one half of this one hundred thousand dollars will be put into circulation almost at once, and the business men are looking forward to a good business the next few weeks.

### HOSPITAL NOTES

Patients in the Knox County Hospital this week are:

Baby Ruben Dave Crenshaw, Benjamin; W. A. Scroggins, Munday; Baby Donald Wells, Guthrie; Mrs. A. Sparks, Munday; Buddy Gafford, Munday; George McClain, Guthrie; Joe Patterson, Munday; Mrs. H. M. Warren, Knox City; Baby Eddie Ray Swanner, Benjamin.

Patients dismissed from the hospital since last week are:

Louis Cartwright, Benjamin; Barney Arnold, Knox City; Mary Evelyn England, Gilliland; Mrs. Elvin Berryhill and baby, Rochester; Herman Nacert, Jr., Sagerton; Mrs. J. C. Farley, Rochester; Mrs. W. A. Cockrell, Westover; Mrs. Clyde Sturdivant and baby, Rule.

Born to Mr. and Mrs. Clyde Sturdivant, Rule, a son February 16.

Elvin Berryhill, Rochester, a daughter, February 16.

### WILLIAMS ADDRESSES LOCAL LIONS CLUB

District Attorney Lewis Williams of Benjamin addressed the local Lions Club at the noon hour today. He made a short talk on the life of George Washington and said he was delighted with the way Knox City was putting over the Lions Club.

### CELEBRATION TONIGHT

The Knox City Masons and the Benjamin Masons will hold a Washington celebration at the local lodge hall tonight.

Judge C. E. Coombes of Stamford will be the principal speaker and all Masons and their wives are invited to attend.

Mrs. Jennie L. Wiggers and Miss Geneva Schofield of Cincinnati, Ohio, are here this week visiting Mrs. W. H. Clonts.

Mr. Cooper of Seymour has been transferred here as manager of the Lone Star Gas Company. He succeeds Dixie Bennett.

### P. T. A. MEETS

The P. T. A. met Tuesday night with Mrs. Edwards as leader. A round table discussion was held on Literature. Special music was rendered by Ken Frizzell, Billy Dean Davis and Miss Reagan.

Mrs. T. R. O'Dell of Haskell was the principal speaker. She spoke on "The Electra P. T. A. District Meet." It is planned to have many attractions for delegates at the meet, such as speakers from over the district, a banquet, a tree planting ceremony, and many other interesting things.

After the program the members and the honor guest were called to the Home Economics room and were served refreshments by Miss Reagan and the Home Economics girls. The room was decorated in the Washington's Birthday motif by Mrs. O. W. Caussey.

The County Council will meet Tuesday afternoon at 2:30 in Munday. A grand program is planned for the occasion. Several ladies from here plan to attend.

### EDWARDS—DURHAM

Friday evening, February 17, at the Baptist parsonage, Mr. Paul Edwards and Miss Opal Durham were united in marriage by Rev. H. E. East, pastor, with Mr. and Mrs. Elwood Hackney as the only attendants.

The bride is the daughter of Mr. and Mrs. C. E. Durham of this city and is a graduate of the Knox City high school.

Mr. Edwards is the son of Mr. and Mrs. J. R. Edwards of Rule and is a graduate of the Rule high school.

They will make their home here, where Mr. Edwards is employed by the Sinclair Service Station.

Work is progressing nicely on the Knox City Gin, which was destroyed by fire last fall. Ed Shaver, the manager, says this will be one of the finest Gins in this section when completed, as all machinery will be new with the exception of the engine and boiler, which were not damaged by the fire.

**I GIVE YOU TEXAS**  
By Boyce House

The little red school house versus the rich and powerful State University—these are the principals in a battle now raging for ownership of a tract of land which has produced millions of dollars in oil.

Arrayed with the University are numerous oil companies while, on the side of the public schools, is R. L. York, well known West Texas rancher.

A great deal of criticism has been heaped on "vacancy hunters," who have been pictured as infesting Austin, waiting until land has become valuable, then pouncing on some little tract in the heart of an oil field with a suit in Austin to try to take it from the original settler.

But, whatever the situation may have been in other cases, the condition is exactly the reverse this time. Buck York belongs to those straight shooting, hard riding cattlemen who have built the West. He lives in Midland and has owned a ranch in Ector County for many years. The tract which he contends is a vacancy (unsold public school land) consists of 2,652 acres and adjoins his own ranch.

It is true that the outgoing Land Commissioner, on Dec. 28, made an award in favor of York while a suit was then pending involving the land but it is also pointed out that York has been claiming there was a vacancy and has been trying to buy the land from the State for 10 years, long before there was a single oil well within miles. In the records is a copy of the appraisal made by a surveyor named by the Land Office in 1928 soon after York filed his application and his attorney's have a letter written in 1936, under the administration of Commissioner J. H. Walker, stating, "The Land Office accepted and filed his (York's) application and field notes, and I might add that we have heretofore made awards under the same condition."

There are now 61 wells on the land but while they were being drilled, York visited the tract and told oil company representatives in effect, "You are drilling on my land."

In the fall of 1937, Commissioner McDonald was holding an open hearing when a representative of the State suggested the proceedings stop and

he would file a stakeholder's suit in Ector County, not taking sides but letting the courts decide between the University and the public schools. York agreed but, instead, the case was filed in Austin, almost in the shadow of the University tower which stands higher than the State Capitol itself, and the suit sided with the University.

The constituted authorities have not hesitated to sue for the schools when an individual citizen has occupied an alleged vacancy for many years but, if there is a question as to whether the University or the public schools own a piece of land, the University is always favored—about the only exception being the action of Bill McDonald in awarding the vacancy to York (and thereby favoring the claim of the schools) after York felt that the agreement had not been lived up to and renewed his fight. Following the award, York filed suit against the oil companies in Ector County where the land is.

And so on one side we have the University, one of the richest institutions of higher learning in the world, paying its football coach \$15,000 a year and with 11,000 students; on the other side are the public schools with 50,000 teachers, some paid as little as \$65 a month, and with 1,500,000 students attending schools—in some instances that run as little as six months—because of the lack of funds.

"Success ain't in holdin' a good hand but in playin' a pore hand well."

Entry in "oldest joke" contest: An Irishman, seeing a scrap, ran up and asked, "Is this a private fight or can anybody get in?"

With Texas newspapermen: Rufus Higgs of Stephenville says a mail carrier opened a mail box and found a clock with a note, "Please set my clock"—which is probably the most unusual request that even an ever-accommodating rural carrier has ever received. . . .

Bob Blake of Hearne is reported writing a history of Texas entitled "Under Six Flags and a Flour Sack." . . . L. R. Waie of Livingston, who used to be a traveling salesman in Arkansas, tells of a hotel sign at Corning: "We have as good salt and toothpicks as any hotel."

**T. C. U. Freshman Beauties**

These four girls have been named by the student body as the most attractive in the freshman class at Texas Christian University. They are: Lady Katrine Fine, Fort Worth; Mildred Strong, Dallas; Mrs. Ruth Priest, Fort Worth; and Mrs. Ruth Priest, Fort Worth.

**NOTICE TO LIVESTOCK OWNERS**

In view of the fact that Knox County is under a general quarantine against hog cholera and because of several complaints coming to my office, THIS IS TO NOTIFY YOU that all livestock which may die from any disease within Knox County, Texas, should be either burned or buried in a grave 5 feet deep, covered with lime, and then the hole filled with dirt.

All dead animals left within 50 yards of any highway, road, street or alley, or within 500 yards of any private residence is a penal offense and would

subject the owner to criminal prosecution.

If you are not certain as to what your duty is in reference to the above, the same plan would be to burn or bury all dead animals.

Louis Cartwright, Sheriff, Knox County, Texas

Mrs. C. C. Childs of Jackson, Tenn., spent Tuesday with Mr. and Mrs. W. L. Garner.

**HELP KIDNEYS**

To Get Rid of Acid and Poisonous Waste  
Your kidneys help to keep you well by constantly filtering waste matter from the blood. If your kidneys get functionally disordered and fail to remove excess impurities, there may be poisoning of the whole system and body-wide distress.  
Burning, acidity or too frequent urination may be a warning of some kidney or bladder disturbance.  
You may suffer sagging backache, persistent headache, attacks of dizziness, getting up nights, swelling, puffiness under the eyes—feel weak, nervous, all played out.  
In such cases it is better to rely on a medicine that has won country-wide acclaim than on something less favorably known. Use Doan's Pills. A multitude of grateful people recommend Doan's. Ask your druggist.

### NEW BOOKS IN LIBRARY

The Knox City High School Library has had a new shipment of books. The library has long been in need of some new fiction books and everyone was anxious for the new books to be added. The books were: "The Broad Highway," by Farnol; "The Little Minister," by Barrie; "Six Years in the Malay Jungles," by Wells; "The Nigger and the Narcissus," by Conrad; "Ben Hur," by Wallace; "The Heart of the Desert," by Willis; "Where the Blue Legends," by Morley; "Pilgrim's Progress," by Bunyan; "Steele of the Royal Mounted," by Curwood; "Scaramouche," by Sabatini, and "Reptiles of the World," by Ditmore.

Another shipment of books is expected in the near future which will help complete the restocking of the library with the needed new copies of the old books and the new fiction which the students have never read.

### "IN THE SPRING"

In the Spring a young man's fancy lightly turns to thoughts of Love," said some old philosopher in days gone by. The boys and girls in this school system seem to have taken that much to heart.

Ernestine Teaff is especially having a good time. O'Brien seems to be interested in her good times, or maybe it is Ernestine.

One of the Junior girls is evidently keeping company with one of the popular members of the Sophomore class. They were seen riding around with Rufus and Doris Elaine, looking very happy.

Emma Sue Thompson and Melvin Dutton are anxiously awaiting news of a visit from Kansas. They hope it is a visit.

Cupid seems to have gone on a strike around the Bridges' home. L. N. has been staying

home every night lately, when he wasn't somewhere else.

Marjorie and Benjamin are keeping company. In spite of competition Marjorie seems to be doing O.K.

Dickie Mullins is very interested in the theatre at Munday. Well, maybe not the theatre exactly, but at least that is a good excuse.

It seems that one trip to Munday was sufficient for Bobby Armstrong. Perhaps he doesn't care for the parlors.

We notice that a certain wine colored Mercury was seen riding around Knox City Sunday night. Maybe the occupants of the car were interested in two of the K. C. H. S. girls.

Yours until Monday comes to Knox City.

### The Snoop.

### KNOX CITY HIGH TO ENTER DEBATE

For the first time in three years Knox City High School has girls and boys debate teams. It has caused much interest among the student body.

The question in discussion this year is very interesting and should be of especial interest to the people of this community, according to Mrs. Baker, for it is closely related to our political and social life. It is a foremost political question of the state. The question is: Resolved that Texas Should Adopt a Uniform Sales Tax.

In the girls debate team are Mattie Marie Darr and Doris Elaine Clonts. The boys team is made up of Billy Dean Davis and Henry Jean Jones.

A matched debate with the teams from Rochester has been arranged. The girls will take the affirmative and the boys the negative.

### SPORTS BY SPUTTERS

By Billy Dean Davis and Marjorie Propps

On Wednesday night of last

week the volleyball team went to O'Brien to play the team from that school. Since the Bulldogs had always been stiff competition the Greyhounds had been preparing themselves with some excellent practice.

In the first game the Greyhounds won very easily. The second game was very hard fought, but the Bulldogs could not break through the good old school spirit and fight of the team from Knox City, and the Greyhounds were again the winner.

On the same night that the volleyball team met with such success, the Junior and Senior basketball teams were defeated after two hard fought games with the Bulldogs. The Juniors played hard, but were unable to shatter the defense of the opposing team. The game ended with a score of 15-10 in O'Brien's favor. The Senior game began with some fast playing on the part of the home team, but the scores soon began to pile up against them and O'Brien won with a score of 40-20.

These games were the last of the current season, and we want to take this opportunity on behalf of all the students who so loyally supported the teams throughout their defeats and victories to express our feeling of pride to the boys and girls who made up the respective teams. In spite of the fact that they may have met with some hard luck and gone down in defeat we all know that they always did their best and played a clean game.

### MISS REAGAN FINISHES WORK AT T. S. C. W.

Miss Patricia Reagan went to Denton the past week end to complete her work at T.S.C.W. She completed a course in clothing and requirements for her vocational certificate.

### STUDENTS VACCINATED

On Wednesday Dr. T. S. Edwards and Dr. Emery vaccinated all the students of both grammar school and high school. The charge was very small, being only five cents for each person. There were two hundred and fifty persons vaccinated. This number included students from Grace, Brock and Hutto, as well as several Knox City citizens. Dr. Edwards and Dr. Emery were kind enough to donate their

services in the interest of public health.

### STUDENTS HEAR BISHOP

At 11 o'clock Monday morning all of the students who wished to do so were allowed to go to the Methodist church, where they heard an address by Bishop Ivan Lee Holt. Four-fifths of the student body attended the service.

### INTERSCHOLASTIC ACTIVITIES

Knox City High School has begun in earnest to prepare for the coming Interscholastic League events. Every student in high school is busy working on some special division of the League work.

The extemporaneous speakers, under the direction of Supt. Whitis, are endeavoring to prepare themselves to uphold the reputation that this school has acquired in their particular field. Those entering the contest are Paul Hoge and Bobby Jo Gunn.

Mr. Dodgen has charge of Senior spelling. Those entering in this event are Wynette Farmer, John H. Atterbury, Anna Lu Warren, Mary Frances Reeder, Jack Warren and Geraldine Vance.

The declaimers, under the direction of Mr. Whitis, have been doing some hard work on their various selections. Those entering are Doris Elaine

Clonts, Dickie Mullins, Bobby Armstrong, Billy Dean Davis, Marjorie Propps and Ernestine Teaff.

Other events in which many of the students are interested are one act plays, essay writing and debate.

### FRESHMEN ENTERTAIN

Friday night, February 17, the Freshman class was entertained with a party in the home of Mrs. Ed Shaver. The party was sponsored by the room mothers, and everything was very enjoyable. After refreshments of cookies, marshmallows and cocoa were served, several games were played. Because of the cold weather the entertainment was inside, and games consisted of Chinese Checkers, Fiddlesticks, and various card games.

### BAND PARADES

Saturday the Greyhound band led the parade of the 4 H Calf Show. After the parade the band gave a street concert. The band is now working on overtures for the contest that will be held in Abilene. The band now has a new member in the brass section. He is Junior Greene and he formerly lived in Seymour.

Mr. and Mrs. Henry Dobbins and Mrs. C. A. Dulaney of Haskell spent Sunday with the editor and wife.

# LATE NEWS FROM COUNTY CAPITOL

BY REGULAR CORRESPONDENT

Mr. and Mrs. Malcolm Shipman have moved to Knox City. Mr. Shipman was transferred from Crowell to the Park project in Knox City. They are living in the Harrison house.

W. C. Cunningham and V. Vaughn were in Lubbock Saturday on business.

Mrs. Myrtle Smith of Truscott spent the day Thursday with Mrs. Frank Moorhouse.

Walter Coody of Midland visited his mother, Mrs. G. H. Coody, and other relatives here this week.

Mr. and Mrs. A. H. Sams, Mrs. A. M. Sams and A. B. were in Lubbock Tuesday and Wednesday visiting Miss Gertrude Sams, Mrs. Frank Patton, Mrs. Mollie Sams and the E. C. Young family.

Bob Sams of Lubbock was home for the week end.

J. L. Galloway and Rev. C. E. Cogswell were in Tyler this week on business.

Mrs. Louis Cartwright and son, Keith, and Mrs. Cartwright's mother, Mrs. Stark, were in Plainview the last of the week. Mrs. Stark remained at her home there after spending ten days in Benjamin.

Mrs. T. A. Parsons received word Saturday announcing the marriage of her niece, the former Miss Dorothy Rickett, who was employed by the Haskell Telephone Company at Benjamin for two years, to Mr. Garfield Douglas of Dallas on Feb. 14. Dorothy was always kind and courteous in her work and her friends extend best wishes for many happy years.

Mr. and Mrs. I. T. Wright have as their guests this week Mrs. W. A. Bock and daughter, Mrs. Herbert Pitman, of Sweetwater, sister and niece of Mrs. Wright.

Mrs. W. F. Snody returned from Abilene after two weeks

spent in the home of her sister, Mrs. O. L. Howell.

Mrs. E. L. Covey and Mrs. Myrtle Bisbee were in Knox City Monday to hear an address by Bishop Ivan Lee Holt.

Bill Coffman of Goree was attending to business at the court house Tuesday.

Mr. and Mrs. Deaton Meorhouse and son of Oklahoma City and Mr. and Mrs. Vernon Brewer and son of Brownfield came Monday night to be at the bedside of Mrs. Charles Moorhouse, who is seriously ill at her home. It is with deep regret that we are advised that she does not show any appreciable improvement at this writing.

The Junior Sorosis club met Thursday night in regular session with Mrs. Homer T. Melton as hostess. After the business meeting a book review was given by Mrs. Fred Broach of Knox City. The review was of "If Mice and Men." It was rendered beautifully and was enjoyed by all.

Mrs. M. T. Chamberlain was in Munday several days at the bedside of her mother, Mrs. Caughran, who is quite ill.

Mr. and Mrs. Henry Coffman of Seymour visited in the Lee Coffman home Monday.

Miss Buckholt, special nurse from Wichita Falls, is caring for Mrs. Charles Moorhouse.

G. H. Williams, district manager of the Haskell Telephone Company and Joe Hammers of Seymour were callers at the local telephone office Monday.

We learn that Earl Benedict has accepted a position with a grocery store in Lubbock.

Heavy Karr and family spent Tuesday night with his family in Crosbyton.

## CHRISTIAN CHURCHES

Bible School and Communion as usual, but the minister will be with the Truscott church Sunday, Feb. 26.

—C. E. Cogswell, Pastor  
On Monday the women of the Christian church baked cookies for the Juliette Fowier homes of Dallas.

Again we remind Knox City Christians of the Hour of Prayer at the Christian church at 7 p. m. Friday, Feb. 24. Bell will ring at 9 a. m. and 2 p. m.

—Rev. C. E. Cogswell

Sam Reed of O'Brien was here Tuesday afternoon on business.

TEXAS GOOD ROADS ASSOCIATION

## SENIOR REPORT

One of the most interesting programs of the year is to be presented Friday night, March 3, by the Senior class.

The Seniors invite everyone who cares to do so to enter any musical number, reading, play, skit, dance number, or anything else they may wish to enter. Cash awards of \$3.00, \$2.00 and \$1.00 will be given for first, second and third prizes.

Immediately after the program will be a cake-walk.

The price of admission is 10c to everyone. The Seniors urge that everyone come, as this promises to be one of our most interesting programs.

The members of the staff for the school annual have been selected, and production will start forward immediately.

## JUNIOR REPORT

It seems as if it had been but a few days since mid-term, and here it is exam time again.

Everyone seems to have waited until the last minute to prepare notebooks, and now the pupils are having a hectic time trying to do everything at once. Besides being exam time, everyone is studying for the literary events in the Inter-scholastic League meet.

## SOPHOMORE CLASS

As February draws near a close the Sophs grow more excited. Six weeks exams are coming this week, and after that the school building will be torn down. The Sophs are all working (if that is possible) and worrying.

## INTERSCHOLASTIC LEAGUE

All events for the Inter-scholastic League are moving forward rapidly.

All literary events are well under way, with practically all the students participating.

Field and track events are drawing somewhat more interest than usual, as the county meet will be held here at Benjamin.

The one-act play has been selected, and the characters will be selected soon. The play is entitled "The Elopement." It is a farce with four characters, written by Howard Reed. The play will be directed by Wendell Watson.

Boyd Carley and Aaron Edgar, editor of the Munday Times, were visitors in Knox City Saturday and called at the Herald office.

County Commissioner Lutz or Potts of Chillicothe attended the Fat Calf show here Saturday.

## THE EAGLES IN ACTION

The Sunset Eagles swept to a 42-22 victory over Weinert Saturday of last week to become the winners of the invitation tournament held there Thursday, Friday and Saturday. The Eagles defeated the Paint Creek Pirates Thursday night by a score of 46-31. They obtained a lead during the first quarter which they held for the remainder of the game.

The Eagles returned Friday night and defeated the Weinert B team with a score of 36-26. The mechanism of the Sunset was slackened to a certain extent, however, because of the absence of the star forward, Frickland, who was ill. Winning this game placed Sunset in the finals with the Weinert A team on Saturday night. The final game consisted of one thrill after another, as it was a snappy game with plenty of action.

The Sunset team received a beautiful trophy which, added to the others won by the team this year, makes a total of five first place trophies, which is a good record for any team. The Eagles enjoyed the Weinert tournament and express sincere appreciation for the excellent treatment they received while there. The Sunset team is entered in the A.A.U. tournament at Munday which starts Thursday, Feb. 23 and runs through Feb. 25.

## STUDENTS VACCINATED

On Wednesday, Feb. 8, the second annual Clinic was held at Sunset where the students received smallpox vaccination, diphtheria toxoid, or Shick tests for diphtheria. Only five per cent of the student body has not been vaccinated for smallpox, and only seven per cent has not been vaccinated for diphtheria. Two hundred and forty-three made up the total vaccinations, which included the Schieff tests and also the smallpox vaccination. Several mothers of the community came and brought their children, who were too young to be in school, to be vaccinated. The only excitement during the three hours of vaccinations was provided by three or four students fainting because of the ether used in administering the vaccination.

Students taking the Schick test were called back to the Home Economics room Monday afternoon, so the doctor could

inspect their arms to see if they needed the diphtheria serum. Several students, not vaccinated for smallpox Wednesday, were vaccinated Monday.

The last shot of diphtheria serum will be given March 6. Dr. R. L. Newsom of Munday administered the vaccinations and tests.

## NEWS AMONG THE GRADES

The first grade has fourteen pupils absent this week, ill because of their vaccinations. Edna Earl Russell is back in the third grade after an illness of three weeks.

This week is the fifth grade's week to present a chapel program, but because of so much illness, the chapel exercise will be postponed.

The sixth grade pupils are glad to have so many of their classmates back in school after so much illness.

## FRESHMAN REPORT

Since the six weeks exams are so near at hand, all of the Freshmen are very busy working on their English notebooks.

The girls in Home Economics are studying color, and what color each girl in the class could wear best. They are also studying color combinations.

## SOPHOMORE REPORT

The Sophomore Homemaking Club had the second meeting Wednesday, Feb. 15. Some interesting reports were given on parliamentary practice.

The girls are making over dresses. Each girl is doing her best, since the girl with the highest grade has a good chance to go to Galveston.

They are also planning their home projects. Most of them intend to make dresses. They are all interested in the Home-making course, and if it keeps up they will soon be real seamstresses.

The president of the Sophomore and Freshman club and the Junior-Senior club officers are going to Seymour on March 4 to a meeting. They are planning for a grand time.

## "THREE DAYS OF GRACE"

Watch for it!  
 Wait for it!  
 It's coming soon!  
 It's "Three Days of Grace," the three-act comedy which has been selected by the

Junior class for their annual play. It is a carnival of hilarity created by the rivalry of Babs and Connie Brooke and their country cousin, Grace, a girl athlete marvel, in contending for the favor of an egotistical young athlete, Bill Thornwald. For Bill's sake, Grace pretended to be a clinging-vine, baby-talk girl and Babs and Connie snub their sweethearts, who retaliate by inducing Spud Browser, a superb athlete, to dress up as a girl, vamp Bill, and beat him at every game. It's fast and furious fun. Don't miss it!

## SENIORS ON PARADE

E. G. Parkhill, Jr., son of Mr. and Mrs. E. G. Parkhill, was born June 3, 1921, in the dear old Sunset community.

E. G. has been associated with the Sunset school since he entered the third grade. Until that time he attended the Gillespie school.

The Senior class is very proud of E. G. He was selected by the student body as the most popular boy in Sunset school in 1939. E. G. does excellent work in school and was salutatorian of the seventh grade in 1935. He has also won two honor certificates while in high school for having an average above 90 throughout a year's work. E. G. won county spelling three years while in grade school.

When a Sophomore in high school, E. G. played a minor part in the Junior play of '37. The people of this community will long remember what a good girl E. G. made. He also had a very outstanding part in the Junior play last year and with his ability to act will probably have an outstanding part this year.

E. G. speaks of his musical ability as being a favorite pastime but it proves to be not only entertaining to himself but to everyone else as well. He was a member of the Sunset Band in 1937.

His favorites are: subject, typing; color, gray; pastime, music; hobby, medicine; ambition, to be a doctor; song, "When I Go Dreaming"; actor, Clarke Gable; actress, Norma Shearer.

With IRVIN S. COBB

### A Matter of Miscalculation

By IRVIN S. COBB

AS EVERYONE should know, the black and tan district of New York is Harlem. The negro population feeds, clothes and governs itself. The constabulary is mostly of its own kind and the politics of the colony of a darkish hue.

Now and again colored racketeers break loose and sort of shoot up the various by-ways of Harlem. To curb this bit of lawlessness the colored policemen are trained by white officers to combat and quell such outbreaks.

One of the first lessons given to these policemen had to do with running to cover when some gangsters opened fire on the world in general. "Remember," said the white officer, "when gangsters open fire they are trying to wing you. Therefore it behooves you to run to shelter so that you can observe and counter-attack. Now in making this break for cover, never run in a straight line. It would be easy for even a poor shot to hit you if he can train his gun on you long enough. So when you make this dash always run in a zig-zag fashion."

Sure enough in the course of the next week there was an outbreak among the Harlem blacks, and in the first skirmish one of the colored policemen was punctured in three places by three separate bullets.

The white officer soon visited him at the hospital the next day and commented as follows: "Well, I'm glad to see you alive and improving, but sorry to see you all shot up. Why didn't you zigzag like I tried to teach you?"

"Cap'n sir," said the negro, "that's perzackly whut I did do, but I reckon de trouble wuz dat I zigged when I should have been zaggin'."

## BAPTIST WORKERS' CONFERENCE HERE

On Tuesday, Feb. 27, the Haskell Baptist Association Worker's Conference will meet with the First Baptist church of Knox City.

The meeting begins at 10:00 a.m. with a devotional by Rev. Edward Freeland, pastor at Gillespie. Following this will be a discussion of the doctrines essential to Evangelism. Rev. S. L. Tidwell, pastor at Weinert, Rev. E. A. Doyle, pastor at Anson, and Rev. H. R. Whatley, pastor at Haskell, will discuss the following subjects respectively: "Repentance and Faith"; "The New Birth" and "The Office-work of the Holy Spirit in Evangelism." In the afternoon there will be a board meeting followed by a talk on "Week of Prayer Objectives," by Mrs. Horace Finley. Rev. P. D. O'Brian of Stamford will bring the closing message at 2:30 p.m. Lunch will be served at the church during the noon hour.

County Judge E. L. Covy of Benjamin was here Tuesday bringing Sheriff Cartwright to the hospital after the fight in the county jail.

Several cattlemen and ranchers from Throckmorton county were here Saturday attending the calf show.

## BAPTIST CHURCH NEWS

We had another good day last Sunday. In spite of some sickness the services were well attended. One fine young lady united with the church.

We are anxious that you be with us next Sunday. In the morning service the pastor expects to speak on the subject, "Three Appearings of Christ." At the night service the subject will be "The Waste of Sin." Come to these services. We believe that Jesus Christ is man's only hope. Let him have a chance in your life.

## Laughing Around the World

With IRVIN S. COBB

### The Old-Timer's Prophecy

By IRVIN S. COBB

UPON the death of his father a young man succeeded to the presidency of a certain struggling railroad in the Northwest. The son, on his first official trip of inspection, was distressed to find that the equipment was not in good shape. As a matter of fact the father had milked the line for dividends, working the rolling stock and the employees without mercy. He had not been popular with the hands in his lifetime and his memory still abided with them as a sort of bad smell.

The special bearing the heir stopped at a junction point and the young man left his private car to look about him. Along came a grizzled person in overalls examining the greasucups and tapping at the wheels with his little hammer.

"What do you think of this outfit here?" the new chief asked.

"Plenty good enough for the rails it rides on," was the ambiguous reply.

"Well, what about the rails?"

"Rotten."

"Listen here," said the young executive, do you know how I am?"

"Naps."

"I'm the president of this road now."

"So that's who you are, eh? Well, I was here when your old man was president and I guess maybe I'll still be here when he gets to be president again."

"Again? Say, where do you get that stuff? Don't you know my father's dead?"

"Sure he's dead. And the road's goin' to hell too!"

## A SENSELESS BILL

Senator Gordon Burns of Huntsville has introduced in the Legislature a bill described as the most severe ever placed before that body to regulate the practice of a profession.

This bill would restrict the advertising of optometrists to such an extent that they would be unable to use the columns of a newspaper, the radio, printed handbills, billboards, display signs, lighted signs or any other device, means or method to tell of their services.

The optometrist, under this bill, could be fined \$500 and put in jail for six months for advertising the business address or office location in type larger than his name, and each day would be a separate offense. It would allow cancellation of licenses of optometrists for 13 practices and make 15 practices unlawful and punishable by jail sentences and fines.

If Dr. Joe Doakes purchased the most modern and expensive equipment obtainable for use in his practice, he would be prohibited by law from telling any of his friends and patients about it in any form of advertising.

This bill, in short, would put a senseless restraint upon optometrists. It would make it virtually impossible for department stores and other merchants to lease space to optometrists as a convenience to their patrons, for the important reason that they would be unable to state in their advertising that first-class service was obtainable in their establishments.

Advertising is a legitimate means of telling of one's goods or services. The optometrist should have the same opportunity to tell of his services as the merchant, the manufacturer, or whatnot.

The avowed purpose of the bill is to stamp out "unethical advertising." But going about it by stamping out ALL advertising is like throwing away a whole barrel of apples to get rid of one rotten one.

The Burns bill has no place on the Texas statute books. It should be defeated.

—Houston Press.

## GOVERNOR'S JOB

While W. Lee O'Daniel was making his astonishing campaign for Governor, based on extravagant promises to supplement his Golden Rule, neither the candidate nor his supporters paid overmuch attention to the Constitution of the State of Texas. In the interim since the first primary victory, the successful aspirant has made a better theoretical acquaintance with the law. Theory is now being educated by fact in the hard laboratory of a legislative session.

The Governor of Texas lacks power. In the check-and-balance plan of government, this is as it should be, for the executive's real job is to carry out the will of the people expressed through the elected Legislature. It is an oddity in the thinking of the sort of government we have always had that the electorate regards the President a more important than Congress, the Governor more important than the Legislature. Actually Presidents and Governors are only governmental leaders when by innate qualities of leadership they are able to direct legislation. Tact and discretion in dealing with lawmakers are necessities.

## REG'LAR FELLERS

The mule driver does not get very far.

Governor O'Daniel's present encounter with the Legislature is quite likely to prove the tragedy of his term of office. The distinct lack of co-operation between the Governor and the upper house is bristling now into open hostility. The executive is apparently disgruntled by the cold reception accorded his ill advised transaction tax. The Senate is seizing on small issues to reject O'Daniel appointments. The Governor's resort to his best campaign weapon, the microphone, has not proved especially happy. Considering the illegality of blacklist and boycott, Mr. O'Daniel's Sunday talk was unsound and considering the character of his office, his reference to his own business was in bad taste.

Unless there is a sharp pullup in the immediate future, the present skirmish will develop into open war and the widely heralded Lee O'Daniel administration will find itself getting nowhere very fast.

Dallas Morning News.

## BY POPULAR DEMAND

The controversy over whether the House of Representatives should continue its investigation of un-American activities in the United States is ended. Despite pressure of officials opposing the investigation, the House has seen fit to project the probe for another year.

In so doing the House followed the dictate of the public, as well evidenced by the polls of public opinion on the question. But of more importance was the recognition by the Congressmen that a real threat to Americanism exists; that communism, fascism and other alien "isms" are making inroads in some spots in America, and that unless they are exposed now the overthrow of Constitutional government might some day come about.

It is important, too, that the public is aware of the threat. Had the public been unaware of it, there would have been no great public demand for continuance of the investigation.

This is a heartening sign that Americanism is still a cherished possession of Americans and that Americans can be aroused to protect it.

A pulled tooth need not be thrown away, Dr. C. W. Messenger told a meeting of dentists in Chicago last week. He reported that abscessed teeth could be removed, treated, and then put back in the jaw, and might remain useful for as long as ten years.

Traces of a titanic storm which lashed Colorado 250,000,000 years ago were put on exhibition at the Field Museum in Chicago. They were "fossil raindrops"—deep pockmarks left by rain in mud which later turned to stone.

Property of Grover Cleveland Bergdoll, notorious Army deserter now a fugitive in Germany, will be sold at auction, the Department of Justice announced last week. The property is valued at about half a million dollars. Proceeds will go into the U. S. Treasury.

A Treasury report to Congress showed that among 159,233 individuals and corporations receiving tax refunds in the last fiscal year because of errors they made in their returns was Mrs. Henry Morgenthau, Jr., wife of the Secretary of the Treasury. Her rebate was \$1,449.

His face lined with strain and weariness, Dr. Eduard Benes, former president of what was once Czechoslovakia, landed in New York City on his way to a teaching post at the University of Chicago. Of Europe, he said that "war could be averted if the leaders of the various governments were determined to avert it."

## SPECIAL ELECTION NOTICE

Pursuant to an order issued by Commissioners' Court, Knox County, Texas on this the 10th day of February, A.D. 1939, notice is hereby given that a Special Election will be held on the 9th day of March, A.D. 1939, at Knox City and James Partridge in Election Precinct No. 8 and 9 in Knox County, Texas, for the following purposes, viz: to determine whether or not bonds in the amount of Ten Thousand Dollars (\$10,000.00) bearing interest at the rate of not more than 4 per cent per annum, and maturing at such times as may be fixed by the Commissioners' Court, not to exceed 10 years from the date thereof, by Knox County Road District Number Three (3), for the purpose of constructing, maintaining, and operating, designated State and Federal macadamized graveled or paved roads and turnpikes, or in aid thereof. And whether or not a tax shall be levied on property of said District subject to taxation for the purpose of paying interest on such bonds and to provide a sinking fund for redemption thereof at their maturity.

E. L. COVEY, County Judge  
Knox County, Texas

## PRAISES LIQUOR BOARD

Austin, Feb. 21.—Jeff Davis of Dallas, spokesman for the United Texas Drys, today joined other prominent Texans in support of the Liquor Control Board's policy of strict enforcement.

"The Liquor Control Board has done a fine job of enforcing our state liquor laws and it should be retained and its powers enlarged," Mr. Davis declared in a statement at Dallas. "If we are to have regulation in some counties in our state, we need an enforcing agency to do the job of regulating."

"The expense of maintaining the Liquor Control Board is a small item in comparison with the services rendered. Fines assessed and illegal properties confiscated amount to almost as much as the cost of maintaining the Board."

Mr. Davis said his statement "expresses my personal views, as well as the views of the Executive Committee of United Texas Drys."

It followed similar statements by Mrs. Claude De Van Watts of Austin, president of the Texas Woman's Christian Temperance Union, and former State Senator V. A. Collins, a dry leader for 30 years.

Mrs. De Van Watts said that "if those who oppose the Board investigated the splendid work it is doing they would know it is a necessity for enforcement of the law."

## ACHING COLDS

Relieve Their DISTRESS  
This Easy, Quick Way!

To bring speedy relief from the discomfort of chest colds, muscular rheumatic aches and pains due to colds—you need more than "just a salve"—use a stimulating "counter-irritant" like good old warming, soothing Musterole. It penetrates the surface skin breaking up local congestion and pain resulting from colds. Even better than a mustard plaster—Musterole has been used by millions for over 30 years. Recommended by many doctors and nurses. In three strengths: Regular, Children's (mild) and Extra Strong. 40¢. Approved by Good Housekeeping Bureau. All druggists.

**LISTEN TO THIS**  
BY TOM FIZDALE

In case you didn't know it, Mr. and Mrs. Radio Luddy, you are the most important factor in the entertainment world today. Such a great exhibition of showmanship as the 1939 San Francisco World's Fair has just paid tribute to your judgment by scheduling radio headliners to open their enterprise and agents of motion picture stars reveal that a radio program is the greatest insurance of continued popularity a screen star can have. Eddie Cantor, Benny Goodman, Ray Noble and other headliners are the radio entertainers who will lead-off the San Francisco Jubilee and you can bet that the New York World's Fair will use the same pulling power when it gets started.

Speaking of Ray Noble, Vivien Leigh's studio has ordered her to stay clear of the suave Burns & Allen maestro and his wife for fear she'll never pick up the southern accent she needs for the "Scarlett" role if she is exposed to their vedydy English accent.

Carl Frank is cast as a flirt in Her Honor, Nancy James, CBS swell daydrama, but he does his flirting under the watchful eye of his wife, Barbara Weeks, star of the show. Heh! Heh!

Bob Ripley has added a mystery control, new radio invention, to his collection of Believe-It-Or-Not's housed in his Mamaronock (N. Y.) Estate.

Most sprightly daytime musical show is that Smile Parade emceed by Zany Ransom Sherman. Formerly one of radio's screamingly funny Three Doctors, Emcee Sherman is a candidate for outstanding honors in brightening up the airways. Keep an ear on him.

Versatile Barbara Luddy, First Nighter leading lady, has chalked up another achievement. Decided to crochet a scarf for a friend but experts said it couldn't be done. So she invented a new stitch, made the scarf, and now the experts are taking lessons from her.

After careless motorists had twice mowed down the small white fence around Bob Hope's house he put up a red lantern and a sign reading "Danger, Men at Work." It worked.

Joe Emerson, Hymns of All Churches soloist, is making one of his rare personal appearances early in March. Will appear in a church concert in Minneapolis.

These Orson Welles' Playhouse productions are so big that it takes two studios to produce them—one for the actors and one for the orchestra.

**ON "LIBERAL" PREACHERS**

The editor of the Charlotte (N. C.) Observer seems to feel that the action of several Presbyteries in expressing their regrets that the Union Theological Seminary, of Richmond, Va., invited one Dr. Emil Brunner, of Switzerland, to lecture at that institution, is "shutting the door against one of God's great."

We think the editor of the Observer is 100 per cent off in his idea.

The Theological Seminary is a school where young and susceptible candidates for the active ministry are trained to preach. Preach what? There is a specific plan laid out in the New Testament. It says Preach the Word. That is precisely the one and only duty of the minister.

And we'd like to know how a man can preach the "Word" if his reverence and respect for that Word is undermined, bored from within and without and shot to shreds by a fascinating but false philosopher who is brazenly candid enough, while remaining in the great Presbyterian church, to state that he does not believe in that "Word."

That is exactly what Dr. Brunner has done. Asked point-blank he said frankly that he "did not believe in the verbal inspiration of the Scriptures; that he questioned the account of the creation as given in Genesis, and that the Bible was abundant in errors of various sorts."

That sort of double-faced doctors of divinity is the cause of the chaos in the Christian Church today. The minister, no matter how graceful his gestures and parsed his phrases, who has the impudence to stand in a sacred pulpit and assert that the age-old plan of creation as told by Moses "who was learned in all the wisdom of the Egyptians" and therefore understood early science better than any half-baked pulpit highbrow who can't see the town for the houses, has no more business even trying to preach than Satan Devil has heading an angelic choir in Glory.

There is not now, has never been, and never will be, an intelligent scientist who has not accepted the Mosaic account of creation. There is not now, has never been, and never will be, a really educated Bible scholar who has said that the Bible is full of an "abundant number of errors... The errors are in the minds of the ministerial misfits who either do not know the original Hebrew in which the Bible was written, or are so bat-blind they can't comprehend figurative speech when it is supposed to be that and historical and scientific statement when the Bible records that. For two thousand years fools, both in and out of the pulpit, have fired their 22-shorts at the sacred Truth. They have ripped, raved and run rampant. But they have vanished like vapor in June sunshine, and the Old Book stands secure and supreme.

The trouble with such "liberals" as Doc. Brunner in the pulpit is that they contribute too much Satanic substance to the minds of our youth, and to permit them to poison the faith of the youth would-be preachers is worse than turning a Borgia into one's kitchen to pour ladels of deadly poison in the family food.

And what's worse, Dr. Brunner, as a Presbyterian preacher solemnly avowed his belief in the Word of God as "the only infallible rule of faith and practice." And then he basely deserts both by neither believing in the faith nor practicing the same.

If there ever was a time when America needed the WHOLE Gospel, the deep and abiding fundamentals of Faith, and a return to Old Time Religion, it is now.

Let's keep all these alien-born "liberals" and native "modernists" out of our pulpits and our political positions of trust and responsibility. We don't need the flannel-mouthed fools.

If they are doubters, let them stay home and do their devilish doubting to themselves.

**FARMERS AND RANCHERS FIGHT RACKETEERS**

Austin, Feb. 21.—Texas farmers and ranchers will have a potent "poison spray" to protect their lands from the blight of vacancy racketeers if the Smith house bill is passed, proponents say.

This measure, sponsored by the Texas Landowners association, is rated next in importance to old age pensions and taxation, and its chances of passage are considered as good or better.

"There is a strong sentiment among the lawmakers to remove flaws in the land laws which discriminate against the land owner," said Representative Paris Smith of Bay City, the author.

The bill is before a subcommittee of three, all committed to the aim of giving land owners protection against vacancy hunters who "ride on the coattails of the school children, in order to dispossess families holding tracts made valuable by oil developments," as Rep. Eric Daniel, member of the subcommittee, expressed it. The subcommittee is expected to give the Smith bill a substantially favorable recommendation soon.

All groups interested in this legislation—land owners, land developers and school men—who may differ on methods and details, are agreed that the chiselers who have clouded titles to hundreds of thousands of acres of valuable Texas lands, must go, and must be circumvented from clouding titles to other lands as oil discoveries make them valuable.

Salient provisions of the land owners bill are: a \$100 vacancy filing fee instead of the present \$1; impartial surveys; lifting the five-mile ring around oil and gas properties wherein land owners themselves are now prohibited from filing on vacancies; preference rights to occupants to buy vacancies on their lands, and mineral rights, subject to a 1-16 royalty reservation to the permanent school fund; trials of suits in counties in which vacancies are sought; penalties against land owners and mineral lessees for failure to report vacant areas.

Further hearings by the subcommittee and the main committee will be announced.

Henry Arledge was transacting business in Albany the first of the week. He has several cattle entered at the stock show there.

**There Is A New Era In Baby Skin Care**

Yes, there is a new era in baby skin care—the antiseptic era. Today, one of the most important points that concerns the doctor in the care of your baby is protection against germs. Of course, hospitals and physicians want your baby's skin to be kept clean and comfortable—but far more important is the necessity for keeping the skin safe from infection. There can't be any doubt about the value of antiseptic protection for your baby's skin, since we know that an antiseptic oil of approved standard is used by 90% of all hospitals. Important in maternity work to give their babies a complete body-rub at least once a day. In addition to these hospitals, thousands of doctors are telling mothers to continue giving baby a complete body-rub with the oil daily at home. This approved antiseptic oil will never irritate your baby's skin... the experience of thousands of hospitals, doctors and nurses who have used the oil on hundreds of thousands of babies proves that. It is also nice to know that this oil is so pleasant to use; it's not at all sticky, it doesn't

stain clothing and it has no oily smell. You must be careful, however, that you get the approved oil which is used by the hospitals and not some other oil which is labelled "antiseptic" but is not really antiseptic according to Government standards. After your baby is too old for daily oil baths, you can continue the protection of the antiseptic oil, with the use of an antiseptic borated powder. Such a powder should not only be safe, smooth and comfortable as any baby powder, but should also guard against chafing and irritating moisture and above all guard your baby's skin against germs by being an antiseptic powder. A recent survey shows that there is such an antiseptic powder on the market which is recommended by more doctors than any other baby powder. Every mother wants to help protect her baby's skin against harmful bacteria, and she can do so by using this antiseptic oil and antiseptic powder day in and day out. You can get more detailed information regarding these products by asking your doctor about them.

**BABY CHICK FEED**

Install a set of Hastings Piston Rings in that tractor of yours. They will increase your compression and stop oil waste. Will pay for themselves in a short time.—Ashcroft Chevrolet, Distributor.

**FLEET REGISTRATIONS**

Detroit, Feb. 20.—More than half of the 1938 passenger cars purchased by the 440 leading fleet operators in the nation were Chevrolets, according to official fleet registration figures released recently.  
Of a total of 26 passenger cars put into fleet service last year, the figures show, Chevrolet registered 13,089, or more than 50 per cent. The Chevrolet total of 13,089 is more than twice the number registered by the next most popular make.  
In the truck fleet sales division, Chevrolet registered 7,687 units. The next most popular make registered 6,370 units.  
For the month of December, 1938, Chevrolet registered 1,768 passenger cars for fleet use out of a total of 3,371 and 709 trucks out of 1,719.

**KITE-FLYING DANGEROUS**

The approach of kite-flying days has prompted the West Texas Utilities Company to invite youngsters hereabouts to notify the local office in order to prevent possible accidents resulting from entangled kite strings in electric line wires.  
"We remember when we used to fly kites," said Guv Glenn, local manager for the company, "and we're willing to do the work when it comes to rescuing a kite from light and power poles or lines."  
He urged that boys notify the local office in event their kites become entangled so that an experienced pole-climber can help get it down.  
"The safest thing," he said "is not to fly kites near the lines due to the danger of contact with current. We are very anxious to prevent possible tragedy from interfering with the fun of flying a kite."  
He urged parents to cooperate by insisting that dry, clear string always be used for kites and kite-tails instead of damp string or wire which, he said, "is a dangerous practice."

**No Soil, but Presto! Cucumbers!**

"Everyone could have a garden in his bathtub," says Miss Teddy Price of Abernathy, amateur biologist at Texas State College for Women, as she points proudly to her prize specimens in a "Water Culture" experiment. This cucumber and tomato vine are two of a whole greenhouse full of plants and vegetables which have been cultivated without soil, in clean sand and a chemical solution.  
With the aid of Miss Willie I. Birge, head of the biology department, Teddy prepared a culture solution containing potassium, calcium, magnesium, nitrogen, sulphur, iron, borax, copper and zinc, a line-up which seems a far cry from plain dirt. Plants can be grown in water tanks, but the sand gives support, and solution is applied to it at regular intervals. Water culture is now used in a small way
