

TO LEAVE for O'Brien each school day morn are these three bus sixth, seventh, and eighth grade students. The buses return the Knox City each afternoon. John McGaughey, who had previously Knox City principal and also Haskell-Knox Consortium director, is of the junior high at O'Brien.

Haskell Pre-Season Pick

Hounds Now In Rebuilding Process

In the annual Abilene Reporter-News pre-season pickers, sports writer Bill Hart shows the Knox City Greyhounds in a rebuilding year for the upcoming season. Bigger, speedier and more experienced players will be a problem as District 7-A was shaken up quite a bit in realignment by the University Interscholastic League last spring. Hamlin was dropped from Class AA and Rotan moved over from District 8-A after winning that championship.

The largest number of players have turned out for workouts due to the consolidation of Knox City and O'Brien and 12 of the new Greyhounds played six-man football last year.

Rogers is excited about the consolidation and the future it may offer. "These sophomores are fine looking prospects and they're going to contribute a lot in the future. We put them on the junior varsity so they can get more experience. I'm glad they're playing for us," he said.

NEW DIRECTOR of the Haskell-Knox Consortium is Bobby Hudson, a former Benjamin man who has returned there to make his home. Hudson is shown here as he goes over details with secretary Jo Hacker.

Introducing Our New Teachers...

Teachers have science for the coming year will be Dennis Lee Duke, who graduated from Benjamin High School in 1970 and attended technical school in Denver, Colorado from 1970 until 1971. Duke received his college education from Midwestern State University with a bachelor's degree in geophysics. For the past three years, he was employed by the City of Wichita Falls Planning Department in the area of computerized land research and development and aerial photography mapping. He is married to the former Pamela Roberts and they have one young daughter, Rebekah. His parents are Mr. and Mrs. Harvey M. Duke of Benjamin.

worked as an aide in the O'Brien School with the third and fourth grades. This school year, she will be an aide for the second grade. She is married to Jerry Johnston, who is the VEH instructor for the Haskell-Knox Consortium. They are the parents of three children, Shane, a sophomore; Kerrie, a seventh grader; and Sundee, a second grader.

KARY KENT
Kary Kent Completes Schooling

Kary Kent, daughter of Mr. and Mrs. Tommy Kent, graduated this month from Jessie Lee's Hair Design Institute in Lubbock as a licensed cosmetologist.

A 1975 graduate of Knox City High school, Kary received four diplomas from Jessie Lee's including wig styling, hair styling art, complete style cut, and full cosmetology course.

Mr. and Mrs. Kent accompanied their daughter to Austin recently for her to take her state board exam.

School Enrollment Totals Are Released

School enrollment Monday for the first day of classes following the recent Knox City-O'Brien consolidation totaled 422 students, according to high school principal Bill Holcomb.

High school total for the first day was 139 students. The freshman class had the largest enrollment with 47 pupils, followed by the sophomores with 34 students, then the juniors with 30 students, and the seniors with 28.

Emergency Number Is 658-3376 In KC

658-3376 is the telephone number to call in the event of any kind of medical emergency in Knox City.

One phone call from a citizen in trouble or who is reporting a critical injury or illness insures that help is on the way. And help includes properly equipped ambulances staffed by trained emergency personnel, alerted hospital staffs and physicians and anyone else needed to assist.

EMS is a coordinated effort to provide for the safety, well-being and care of individuals in Knox City.

Weekend Softball Tourney To Be Here

A girls' softball tourney (slow pitch) will be held here this weekend at the Little League Field, according to Coach Ramon Garcia. Preliminaries will begin Friday night at 7:00 with finals scheduled to start Saturday evening at 6:00. The two-game elimination tourney has six teams entered including Crowell, Quanah, Haskell, Munday, Seymour, and Knox City.

Scrimmage Slated With Jayton Friday

The Knox City Greyhounds will host the Jayton Jaybirds in a scrimmage Friday beginning at 6:00 p.m. at Greyhound Stadium. The scrimmage will be divided into four phases: freshmen, varsity and second varsity, junior varsity and varsity combined.

The Greyhounds opened their season with a control scrimmage against the Holiday Eagles. The Eagles are listed as the number five team in the state and certainly demonstrated this throughout the scrimmage.

Although we didn't generate any offense and were lacking at times defensively, I still believe the Hounds will come around. Starting a young and inexperienced team will create problems at first. Hopefully, we should be able to see some positive results before long.

tively throughout the season. The Jaybirds are also picked to win their district and should present many problems for the Hounds.

Football Page Will Begin Next Week

Next week marks the beginning of the much-looked-forward-to football season for the Knox City Greyhounds and area towns. The faithful and loyal boosters of the Hounds are again sponsoring the local football page this year with information concerning our next opponent, where, when, etc., appearing each week in the News, along with individual team members' pictures.

If a business or individual has not been contacted and would like to join the list of supporters, please call the News office, 658-3142, before next Tuesday.

Hudson Named New Director Of Consortium

A former Benjamin man, Bobby Hudson, has been named director of the Haskell-Knox Consortium and succeeds John N. McGaughey, who after three years as Consortium director has accepted the junior high principalship of the newly consolidated Knox City-O'Brien School Districts.

released from his duties as coordinator and then served as a consultant and educational diagnostician for the service center, assisting schools with the development of Plan A implementation. The past year he was granted a year's leave of absence from the service center and served within the Berger Co-op as a part time director and educational diagnostician.

Names of College Students Needed

The News will soon carry a list of all area students who are returning to college campuses this fall.

Hudson's hobbies include most any activity that involves the outdoors, as well as cooking and painting. In the very near future, he will be organizing painting classes for all teachers within the Haskell-Knox Consortium and will include tole, canvas, and craft techniques for working with any child within the school setting.

Did You Know...

Methodists To Hear Guest Speakers Sun.

District Superintendent Jarrell H. Sharp of Seymour will be speaking for the morning worship service Sunday morning at the First United Methodist Church, according to the Rev. James Patterson, pastor.

Bassmasters To Meet Monday at 8

The KC Bassmasters will meet next Monday night at 8:00 o'clock in the Kennel at the City Park, according to Brian Williams, and all members are encouraged to attend, he said.

YARD OF THE MONTH honors for August have been awarded to Mr. and Mrs. David Albus. The Mediterranean style new brick home is located at 409 Avenue B and the yard was chosen by the Knox City Garden Club committee for its overall beauty both in the front and back yards.

STREAMS IN DESERT PLACES

by Ozelle Stephens

"Let not mercy and truth forsake you: bind them about thy neck; write them upon the table of thine heart: So shalt thou find favour and good understanding in the sight of God and man." Proverbs 3:3-4

The Word of God says, "Shame shall be the promotion of fools, but to seek wisdom is to gain power, peace and contentment. The instructions are to, Trust in the Lord with all thine heart; and lean not unto your own understanding. In all thy ways acknowledge him, and he shall direct thy paths. Be not wise in thine own eyes: Fear the Lord and depart from evil. It shall be health to thy navel, and marrow to thy bones. Honour the Lord with thy substance, and with the first fruits of all thine increase: so shall thy barns be filled with plenty, and thy press shall burst out with new wine.

If you love the Lord you will obey His commands and your life will be filled with all the benefits of the Lord our God. "Happy is the man that findeth wisdom, and the man that getteth understanding for the merchandise of it is better than the merchandise of silver, and the gain thereof than fine gold. She is more precious than rubies; and all the things thou canst desire and are not to be compared unto her. Proverbs 3:13-15.

News Notes from the Brazos Valley Care Home

by MRS. EDNA EUBANK
Mrs. Griffith spent Sunday with her children who had gathered at Sipe and Doyle Griffith's home. Those present were Donnie and his son, Joe Paul, his wife and baby, all of Austin, Elizabeth Clark of Roswell, New Mexico and Mrs. Laura Jones of Munday.

Mrs. Williamson had a number of old friends visit her. Some of them were Mrs. Russell Boyd, Mabel Coates, Mrs. Reese, Mrs. Finley, and Mrs. Gentry Day, Amy Therwanger, accompanied by her grandpa, Clifford Williamson, also came to see her. Little Amy lives in Austin.

Mr. Waldrup's company consisted of Mrs. Reese, Laverne Weaver of Abilene, Elder Henderson and wife of Childress, Mrs. Collins of Rochester, Margaret Ann Hill of Munday, and Selma Word.

Mrs. King had word that Oliver was better and Misti is in school. Her daughter, Fannie was ill and went to Amarillo.

Mrs. Akins of Rising Star was a welcome visitor of her mother, Mrs. Hook.

The First Baptist Church of Knox City held services last Sunday. In lieu of a pastor, Bits Whitten conducted the services.

Mrs. Williamson was pleasantly surprised by a visit from Mr. and Mrs. Jack Rainey and their grandson, Tim of Levelland. Mrs. Rainey is a niece.

Imogene Hollingsworth of O'Brien was a welcome visitor of Mr. Waldrup.

Vicie Pearl Emerson was hospitalized last week. As of Friday, she hadn't been dismissed. Mrs. Cordelia Jones is still in the hospital. Mrs. McKinney was hospitalized on Thursday night. Mrs. Milford is still a hospital patient. Onifero Gonzales was happy to see his son, Lupe of Boulder, Colorado.

Mr. and Mrs. Dave Davidson of Rochester were welcomed by Eda Fay Pounds and her mother, Florence Henderson.

Mrs. John Cagle of Lubbock and Mrs. Jim Phipps of Lamesa surprised Mrs. Beasley with a visit. Mrs. Cagle is her daughter.

Mr. Roberts was delighted when his daughter, Margaret Alsup, came in on Wednesday. She had been visiting with her sister in Socorro, New Mexico.

Elbert Smith is now a resident of the home.

Bill Aldrich was happy to see Mr. and Mrs. Joe McDonald of Biloxi, Mississippi.

Mrs. Gunn welcomed her son and his wife, Mr. and Mrs. Seales of Goree.

Our birthdays for September are: Onifero Gonzales, 6; Vida Williamson, 12; Mattie Hodges, 14; Eual Lieb, 16; Myrtle McKinney, 23; Odessa Lieb, 27; and Maggie Gunn, 27.

The birthday party for August at the home was given by the Homemakers' Class of the First Baptist Church. Cake and punch was enjoyed by a good crowd of patients.

Following the refreshments, bingo was played. Thanks to the ladies for a lovely afternoon on the 16th day of August.

Local's Kin Buried Tues.

Funeral services for Royce Stephens of Weinert, brother of Lloyd Stephens of Knox City, were held Tuesday afternoon at 3:00 o'clock in the First Baptist Church in Weinert with the Rev. Paris Barton, pastor, officiating. Burial was in the Willow Cemetery in Haskell with Smith Funeral Home in charge of arrangements.

Stephens, 67, died at 1:45 a.m. Monday in the Knox County Hospital after a brief illness.

Born February 14, 1909 in Haskell County, his parents were the late Mr. and Mrs. E.W. Stephens. He married Maudie Teaff on November 10, 1928 in Haskell. Stephens was a farmer and a member of the Baptist Church.

Survivors include his wife of the home; three daughters, Mrs. Dorothy Taylor of Mesquite, Mrs. Bobbie Jones of Abilene, and Mrs. Frankie Chase of New Orleans, Louisiana; one brother, Lloyd of Knox City; one sister, Mrs. Essie Barton of O'Donnell; five grandchildren and three great-grandchildren.

Nephews served as pallbearers.

Scientific Explorations Now Underway At Lubbock Lake Site

LUBBOCK - Breezy West Texas with its dry winds, 90 degree summers and blue northern winters, used to be quite a different place.

Thomas Stafford, geologist for the Texas Tech University scientific explorations now going on at the Lubbock Lake Site on the South Plains of West Texas, can map the terrain and describe the climate for eras as long as 20,000 years.

His ability to do that is the result of 104 trenches he has dug this summer at the Lubbock Lake Site and an intensive study of the sediments deposited there over the ages.

The Yellow House Canyon which meanders through the northern portions of the city of Lubbock was formed in the recent past—within the last 500,000 years, Stafford said. His primary interest in the Lubbock Lake Site dates back to 12,000 or 13,000 years ago, at a level where archeologists at the site are uncovering traces of human culture labeled Clovis.

But even before man began

using the site as a butchering area for hunting trophies - mammoth, bison, horse and other animals large and small - the Yellow House Valley was being formed, with a width measuring from 60 to 250 meters (a meter being about 39.4 inches). This was 20,000 years ago, the geologist said.

Between that time and this, approximately 10 meters of sediment have filled the valley, and in most places this is now farm or range land. In the time of Clovis Man, there may have been as much as 25 or 30 inches of rainfall per year, compared with 18 inches expected annually in the 1970s. The country might have looked much like the Texas-Louisiana border land today, with warmer winters and cooler summers than man now experiences.

After Clovis Man, the stream which had flowed at a fairly steady rate changed, and what is now the Lubbock Lake Site was indeed a lake.

Some sort of obstructions blocked the stream and caused the water to back up," Stafford said. This was the period of Folsom Man, 10,000 to 11,000 years ago, and it continued until the time of Plainview Man or the late Paleo Indian period, 8,000 to 9,000 years ago.

This happened all along the stream; so there were many lakes that were fed by springs and by rainfall.

Then came a prolonged drying sequence, and it was not ordinary drought.

Folsom Lake became a brackish or saline lake, and finally it dried up. This period is marked by an abrupt jump or a dry climate that lasted from about 6,000 years ago to about 3,000 or 4,000 years ago.

This is determined, Stafford said, partially by noting the high concentration of calcium in the soil strata for this period. If there had been heavy rains, the calcium would have been washed out.

Although there was human activity at the Lubbock Lake Site during this period, there appear to be fewer bone beds with the artifacts usually found in them.

Following this period, there is a gap with not enough

Rites Held For Rochester Woman WTC Signs Two Players

Funeral services for Mrs. Myrtle Cooper of Rochester were held Wednesday morning at 10:00 a.m. in the Rochester Church of Christ with Faye Wilson, minister, officiating. Burial was in the Rochester Cemetery under the direction of Smith Funeral Home.

Mrs. Cooper, 90, died at 3:40 p.m. Monday in the Haskell Memorial Hospital after a long illness.

Born January 19, 1886 in Missouri, her parents were the late Mr. and Mrs. Henry Matheny. She married John Harvey Cooper on October 11, 1904 in Bell County, Texas and he preceded her in death May 11, 1946 in Rochester. Mrs. Cooper was a housewife and had lived in Rochester the past 70 years. She was a member of the Church of Christ.

Survivors include two sons, Joe L. of Childress and Joyce H. of Abilene; four daughters, Mrs. Grace Sweatman of Kaufman, Mrs. Mackie Fore of Nocona, Mrs. Francis Hudspeath of Rochester, and Mrs. Jewel Turnham of Teague; one brother, H.L. Matheny of Lubbock; one sister, Mrs. Bernice Harrow of Austin; 17 grandchildren; 18 great-grandchildren and five great-great-grandchildren.

Grandsons served as pallbearers.

SNYDER - The signing of two additional players for the Western Texas College Dusters has been announced by Dr. Sid Simpson, WTC athletic director and women's coach.

The latest additions are Cindy Luttrell of Laverne, Oklahoma, a 1976 Oklahoma All-State Basketball Team selection, and Janice Verden of Wheeler, a transfer student from Wayland Baptist College. Miss Luttrell lettered four years in high school basketball and averaged 25 points per game in her senior year.

Other new players previously signed for the coming season are Pam Tatum of Happy, Debbie McIvor of Fort Stockton, and Kath Minton of Lubbock, Rosemary Scott of Slaton, Brenda Jurecek of Eola, Temi Baker of Knox City, Karen Arp of Ropesville, and Barbara Denman of Hobbs, Texas.

The Dusters will open their season on November 16, and a complete schedule of games will be announced shortly.

Girl Scout Volunteers Needed In NorCenTex

Wanted: Girl Scout Leaders Girl Scouting is the largest voluntary organization for girls in the world. There are 511,000 adult members who serve as volunteer leaders, consultants and board members. In the NorCenTex area, there is a real need for men

and women to become volunteers. All of the Knox City Girl Scout volunteers are engaged in an informal education process based on proven ethical values that help expand a girl's horizon.

Girl Scouting is an integral part of the Knox City community. NorCenTex Council offers training and a full time professional staff to assist men and women to become adult volunteers.

Scouts are broken down into four grade levels: Brownies, 1-3 grades; Junior, 4-6 grades; Cadettes, 7-9 grades; and Senior, 10-12 grades.

Men and women who are concerned about the Knox City community and the Girl Scouting program are asked to get in touch with the NorCenTex Girl Scout Council at 4005 Seymour Highway, Wichita Falls, Texas 76309.

IN SMITH HOME

Dinner guests in the John Smith home Monday evening were his brothers and sister and their families, Mr. and Mrs. W. R. Harris of Chandler, Arizona, Mrs. Rosa Wilson of Abilene, and Mr. and Mrs. Hob Smith and Mrs. Lee Smith.

RETURNS HOME

Mrs. Doug Carlisle of Kress, daughter of Mrs. Ida King is home after spending several days in an Amarillo hospital. She will be confined to her bed for about six weeks, according to Mrs. King.

Cleaning Venetian Blinds

If the thought of cleaning your venetian blinds evokes images of complicated, messy and drippy work, you're probably used to doing the job the hard way. Take the tedious out of the task; when your blinds require cleaning, wash them while they're hanging. Here's how to go about it.

* Dust the blinds weekly. The easiest way is with the round brush attachment of your vacuum cleaner. Turn the blades flat, then reverse them to get at both sides of the slats. Or use a "pronged" venetian blind brush which can get at several blades at once.

* To remove sticky soot and grime from plastic or painted venetian blinds slats, spray on Fantastik® spray cleaner and wipe with a damp sponge or soft, lint-free cloth. Turn the adjustable Easy Sprayer to stream position to direct the cleaner exactly where it's needed. (Be certain not to spray on glass windows.)

* To wash tapes, scrub them on both sides with spray cleaner; rinse with a clean damp sponge or cloth. (Tip: Very spotted areas on tapes can be touched up with white shoe polish.)

* Wash pull cords with a folded sponge or cloth, first dampened with spray cleaner, then with clean water.

* Leave blinds open and dropped to their full length until dry. Put cloths or newspapers under them to absorb any dripping water.

CORLEY VISITORS

Visiting recently in the home of Mrs. Mae Corley were her sisters, Mrs. Betty Culverhouse and Mrs. Edna Tucker of Bowie, Mrs. Tiny Leek of Post Oak, and her brother and his wife, Mr. and Mrs. R.D. Huckabee of Wolf-orth.

FROM NOCONA

Mr. and Mrs. Dave Reed of Nocona visited with Mr. and Mrs. Otto Lawson over the weekend.

Knox County coin and pendant.

James Corder of Fort Worth and Kristen Corder of Knox City visited in Truscott last weekend.

Mrs. Sue Brown of Crowell visited Sunday with her mother, Mrs. Vivian Brown of Truscott.

Weekend visitors of Mr. and Mrs. Paul Bullion were Mr. and Mrs. Douglas Summers of Austin.

Recent visitors of Mr. and Mrs. W.T. Cook were Mrs. Sue Winstead of Seymour, Mr. and Mrs. John Thompson of Vernon, Larry Massingill of Denton, and Mr. and Mrs. Doyle Davis of Wichita Falls.

Mr. and Mrs. Steve Gray of Vernon visited Sunday with Mr. and Mrs. N.L. Looney.

Sunday afternoon visitors of Mr. and Mrs. Emil Navratil were Mrs. Harry Traweck and Mrs. Vlasta Ilse of Crowell.

Jim Arnold of Spur visited Wednesday with Mr. and Mrs. W.R. Owens. Weekend visitors of Mr. and Mrs. E.D. Welch and family were Mr. and Mrs. George Ostead of Earth and Mr. and Mrs. Larry Don Peters of Olton.

We would like to welcome Dale Jackson of Fort Worth who will be preaching in the Gilliland Baptist Church. Visiting in the church and with Mr. Jackson last weekend was his mother and sister of Carbon.

Mr. and Mrs. Dowell Matthews, Brook and Brandi of Anson visited Wednesday through Saturday with Mr. and Mrs. Arnold Navratil.

Saturday afternoon visitors of Mr. and Mrs. Navratil were Mr. and Mrs. Walon Hardin, Royce and Rhonda of Vera.

Mrs. Marion Chowning Jr. attended the Texhoma Region Officers Training Program in Fort Worth Saturday. Mrs. Chowning is Secretary of Council 4 Toast Mistress Club. Later in the week Mrs. Chowning visited her son, Charles Hubbard and grandsons, in Texarkana.

Need a kitten? If so, contact J.H. Cumley in Truscott. The Cumleys have four precious kittens that need a home. They have one male and three females. If you would like to have one or more of these kittens call 484-3218.

Mr. and Mrs. Lloyd Heard visited this week with the Louis Enlows of Olney. Saturday, the Lloyd Heard family attended the wedding of Miss Beverly Womble of Red Springs who is the bride-elect of Mr. Gill Gray of Seymour.

Miss Jacquelyn Brown left Tuesday for Lubbock where she will be attending school at Texas Tech University.

Get Ready September 4 if you're looking for action. Truscott will be the place to be. Starting at 1:00 p.m. there will be a historical display in the annex of the Methodist church. Then at 5:00 p.m. there will be a program in the auditorium of the Methodist church, guest speakers will be Ray Farabee and Ace Reid. There will be a basket supper at the community center. The Bicentennial quilt will be given away along with a set of four Knox County coins. Coin sales will be going to Saturday, also.

Something to think about: "...let us lay aside every weight, and the sin which doth so easily beset us, and run with patience the race that is set before us, looking unto Jesus the author and finisher of our faith..." Hebrews 12:1-2

The Scientists Tell Me... Field Days Are Show Windows For Texas Agricultural Research

By Robert L. Haney
TAES Science Writer

"Both the general public and agricultural producers are welcome to see and hear the latest research results at our field days," says Dr. H.O. Kunkel, Dean of the College of Agriculture at Texas A&M University.

"It's gratifying that there is such a growing interest in agricultural research by both urban people and agricultural producers. The research facilities of the Experiment Station, strategically located across the state, are owned by the people of Texas and the field day offers an excellent opportunity to find out the latest results, firsthand," Kunkel adds.

Experiment Station scientists are on hand at field days to show and explain the results of their research. Research facilities all across the state, during the field days, throw open the doors to their laboratories and open the gates to their research fields and pastures.

Since field days are usually a cooperative effort between the Experiment Station and the Extension Service, county agents and specialists are co-hosts with Experiment Station personnel. Helpful Extension displays and printed material from both agencies are other popular features.

"Though the U.S. still has a large export market for our abundance of food, feed and

fiber, the gap has narrowed between world supplies and world needs," Kunkel says.

"If we are to feed ourselves and help the rest of the world, then we must step up the volume of agricultural research. Past research helped the U.S. obtain primacy in agricultural production. But if we lose momentum in research, then we will also lose momentum in production."

"An additional complication is that we must now increase production and do it with the most efficient utilization of resources. In the future, we must rely increasingly on renewable resources, as energy from fossil fuels is both expensive and irreplaceable.

"We can greatly expand agricultural production if scientific and technological innovations occur and farmers receive the technology and have the incentive to apply it.

"Transfer of technology to producers is a function of Extension. But only scientists develop that new technology and only farmers and ranchers produce food. And the field days are a way to bring both together," Kunkel concluded.

What you'll see at a field day depends on its location. The Texas A&M University Research and Extension Center at Lubbock, for example, is surrounded by agriculture — big agriculture. Area businesses and

other industries are usually allied with farming and ranching, so field days concentrate production agriculture.

But at Dallas the A&M University Research and Extension Center is bounded on all sides by the 10th largest metroplex in the U.S. A great variety of people in countless occupations must be served.

"Agriculture for portions of north and central Texas aren't neglected by any means," says Center Superintendent, Huey Whitehurst, "but there is considerable emphasis on research for the benefit of townspeople."

Actually, research on agriculture and urban and household problems often complement each other," points out Dr. Jarvis Miller, Director of the Texas Agricultural Experiment Station. "Farmers and ranchers are also consumers with homes, lawns and gardens that have the same problems as city dwellers. And much of the agricultural research on insects, plants and animal diseases provides useful information for urban people.

"Production of ornamentals, bedding plants, and turf is a growing industry in Texas and contributes increasingly to agricultural income," Miller added.

So, at a field day you can see better grasses for your lawns or other improved grasses for pastures. You can also learn how to control insects on fruit trees whether you have two or an orchard. And whether your ornamentals and flowers are grown in your yard, greenhouse or field they have common problems that need answers only research can provide.

Dates of field days vary according to location and range from late spring, through the summer, into the fall. Watch for announcements in your local paper of a field day near you, put it on your calendar and attend. You'll learn a lot about research results, meet people with similar interests and have a good time.

Editor's Note — Any questions regarding this column should be addressed to Science Writer, Dept. of Agricultural Communications, Texas A&M University, College Station, Texas 77843.

Heatly To Speak At Munday Field Day

MUNDAY, August 23 (Special) — State Rep. W.W. "Bill" Heatly of Paducah will talk about Rolling Plains agriculture on September 8 when he takes part in a field day of the Texas A&M University Vegetable Research Station at Munday.

The veteran legislator will join Dr. Dudley T. Smith, assistant director of the Texas Agricultural Experiment Station in emphasizing the importance of vegetable production to goals of the Rolling Plains Economic Program.

The September 8 field day begins at 9:30 a.m. and ends about noon, said resident director Dr. B.D. Kingston. Guests will see research in the field with not only numerous vegetables but also such crops as sorghum, guar, cotton and soybeans.

RETURN HOME

Mrs. Ruth Jane Pridgen, Kevin and Kelly of Parkdale, Oregon, left Thursday of last week after visiting her parents, Mr. and Mrs. A.P. Denton.

They had been visiting in Texas for two weeks and stopped in Aurora, Colorado en route home to visit her brother, A.P. Denton Jr. and family.

The Dentons' son, Tim, returned home by plane also Thursday of last week after spending the summer in Japan engaged in student exchange mission work from Oklahoma Christian College in Oklahoma City, Oklahoma, where he will be a senior this year.

KC Colored News

BY ALESTINE FLYE

After Sunday School some of St. Paul went to Haskell to be with Hopewell Baptist to be with them in their pastor and wife's anniversary. Some went to Vernon to meet their pastor to be in New Hope's Church fifty fifth anniversary. Rev. Reece, pastor of St. Paul, doing the preaching and preach from Matthew 18 16-20. Deadly stones in the church. While in Vernon Dorothy Alexander and Alestine Flye visit First Baptist and gave their former pastor Rev. Norman a big surprise. After service Sunday morning we enjoy having dinner with the Norman's.

Starting Thursday (tonight) the St. Paul ladies will hold a

Munday Resident On Aircraft Crew

MARYSVILLE, CALIF. Air Force Staff Sergeant Barbara N. Collins, whose parents are Mr. and Mrs. Leonard L. Moore of Munday is a member of the crew supporting the SR-71 aircraft which recently set four speed and two altitude records over the California and Nevada deserts.

At speeds averaging 2100 and 2200 mph -- over three times the speed of sound -- the aircraft flew at altitudes of more than 85,000 feet, or better than 15 miles up, to break all previous world records.

Sergeant Collins is an inventory management specialist assigned to Beale AFB, California, with the 9th Strategic Reconnaissance Wing whose aircrews fly the delta-wing jet.

The sergeant is a 1967 graduate of Munday High School.

FROM BIG SPRING

Mr. and Mrs. J. Tom Graham and Jay of Big Spring visited here over the weekend with his parents, Mr. and Mrs. Jeff Graham. They were here to welcome his sister, Timilu, home after a two month trip to Brazil.

Jay remained for a longer visit while his parents attended a press convention at Padre Island.

mission program Thursday night will be sponsor by Alestine Flye and the theme will be what the bible said. On Friday night is sponsor by Dorothy Alexander. Theme for that is Putting Christ First. On Sunday afternoon is sponsor by the mission.

SERVICES OF THE CHURCH OF GOD IN CHRIST

The Evangelist meeting for the north end of the Abilene District was held three nights of last week in Knox City. Different speakers spoke each night with Evangelist Session bringing the main message on Thursday and Friday night.

Purity class was held on Wednesday evening and Sunshine Band on Saturday evening.

Sunday School had a very good attendance with Asst. Supt. Manuel in charge.

Pastor Bennett preached in the morning service from Hebrews 2:1,2 and II Thessalonians 2:13.

The Bethel Church held their pastor and wife's seventh anniversary last week in Abilene.

Supt. Bennet preached down there Sunday evening.

VISIT RELATIVES

Mr. and Mrs. Ottis Cash, accompanied by a cousin, Mrs. Watson Brown of Seymour, visited relatives in Sherman, Whitesboro, and Collinsville last week.

Their aunt, Mrs. Ellie Hutton Brewer, was a patient in a Sherman hospital.

FROM LOS ANGELES

Pat Madden of Los Angeles, California, arrived Sunday of this week for a visit with Mr. and Mrs. Oliver Eells, formerly of Chula Vista, California.

LUNCH MENUS:
August 30-Sept. 3, 1976
Monday: Oven Fried Fish with Tarter Sauce, Blackeyed Peas, Beets, Stuffed Celery, Thick Sliced Buttered Toast, Cinnamon Crisp Cookies, Milk
Tuesday: Hot Dog with Chili Sauce, Green Beans, Crisp Pickle Slices, Fritos, Peach Cobbler, Milk
Wednesday: Pinto Beans with Tamales, Spinach, Jello with Fruit, Hot Corn Bread with Butter, Milk
Thursday: Bologna Sandwiches, Baked Beans, French Fries, Lettuce and Tomato Slices, Chocolate Pudding, Milk
Friday: Fried Chicken, Whipped Potatoes, Gravy, Cantalope, Hot Rolls with Butter, Reese Cups, Milk

started both ways. Heading the list is Delbert Thompson, a 6-3, 205 pound all-district halfback who scored eight touchdowns. Fullback Stanley Jones 6-0, 195 scored three touchdowns and kicked six extra points. Other returning starters are tackles Russ Lakey (5-10,180) and Allen Young (6-3,190), flanker Charles Brown and quarterback Paul Reynolds (6-3, 190), who played end last year.

Speed is something Hamlin has had for the past five or six years and it's a strong point again. However, new Hamlin head coach Bill Grissom is worried about the depth. In recent years, Munday's junior varsity team was winning right and left and now those gridders are expected to bring more victories to the Moguls where winning seasons haven't been too plentiful over the past few years.

Four returning two-way starters are back including end Mike Urbanczyk, guard Dennis Dockins, center Wayne Melton and quarterback Robby Thompson, who was a wingback last year when Munday was 3-4-3. Melton is a converted tailback.

Other veteran starters are halfbacks Rudy Esquivel and Danny Stone, fullback Jimmy Cooke and tackle R.Q. Tolliver, who is 6-5 and weighs 190 pounds. Tailback Robert Spells scored 62 points last season, including nine touchdowns.

Eight players who started both on offense and defense for 2-8 Aspermont are back, plus tackle Ollie Fitzgerald, a regular offensive tackle, and parttime starting end Steve Godfrey.

Offense was a big problem last year as Aspermont scored only 89 points, an average of little more than a touchdown a game.

Rotan will also be re-

HUMAN PYRAMID -- The Great Wallendas, from left to right, Terry Troffer, Delilah Wallenda Troffer and Farrell "Bubba" Hettig, perform their most daring feat at Six Flags Over Texas. The men attach a one-inch steel bar to their shoulder on which Delilah first sits and finally stands on a chair. Their act is presented twice nightly at the Arlington theme park.

building as Coach Mullins has only two offensive starters guard Ray Weathersbee and center Wes Morrow returning and guard Jerry Carr, end Buddy Hooper and safety John Cox back on defense. All will be going both ways this season.

Inexperience for Rotan will be a major factor as most of the other players are up from the junior varsity. There are less than 35 athletes out for football in Rotan and that means the junior varsity team may have to be scrapped.

Paducah has 14 lettermen back from its 3-6-1 team and half of them are juniors. The Dragons have halfback Bryan Walker, an El Paso transfer, plus some promising newcomers.

For Paducah, speed is a problem as is size, especially in the line.

Crowell was hit hard by graduation, but the Wildcats may be stronger than some realize. Tackles Gilbert Torres (215) and Willie Bachman (210), quarterback Tom-

my Tamplin and guard Norman Hopper (185) are returning starters.

Speed is an asset, but depth is a problem, says coach Prentiss Gidney.

There will be big teams as well as improved teams, so this district race probably will be one of the best around.

FROM DENTON

Mr. and Mrs. Brack Shaver and Braxton of Denton visited Sunday in the home of his parents, Mr. and Mrs. Eddie Shaver.

VISIT GRAHAMS

Dr. and Mrs. Jack Wilson and Marianne of Fayetteville, Arkansas visited last week in the home of her parents, Mr. and Mrs. L.W. Graham.

FROM ARKANSAS

Former resident June Sams Ellis of Hot Springs, Arkansas, is visiting here this week with Mrs. Opal S. Egenbacher and other friends.

IN AVERITT HOME

Recent guests in the home of Mr. and Mrs. Joe Averitt were their son and his wife, Billy and Ruth Averitt of Austin.

PROPPS GUESTS

Mrs. A.E. Propps had as her guest Sunday Mrs. Johnnie Britton of Stamford.

CANCER ANSWER LINE American Cancer Society M. D. Anderson Hospital and Tumor Institute

A man from Kansas City writes: "I have to wear dentures. Now I hear that they can cause cancer! What am I supposed to do - drink through a straw and eat baby food for the rest of my life?"

ANSWERline: No. There has been a link noted between poorly fitting dentures and some mouth cancers - but there also is a similar association between cancer and smoking, heavy drinking combined with smoking, poor diet and very, very hot food and drink. As long as your dentures fit well and your dentist checks your mouth regularly, you can sail past those baby food canisters.

Question: Just what is a carcinogen?

ANSWERline: A carcinogen is a cancer-causing agent. For example, it can be the tar and other carcinogens in cigarettes; a chemical substance such as a dye that can cause certain cancers in humans; a virus in some animals, or something as intangible as radiation.

A Minnesota grocer writes: "I have family in Sweden, and they write me that they are trying to raise a new generation of children who won't ever smoke cigarettes! How is that?"

ANSWERline: This idea was reported on last June at the 3rd World Conference on Smoking and Health which the ACS and the National Cancer Institute co-hosted in New York City. Basically, the Swedish plan is a coordinated governmental effort to conduct intensive anti-smoking activities in maternity clinics and schools while tightening restrictions on cigarette advertising, smoking in public places, and by sharply increasing cigarette taxation. They are trying to make children born in 1975 become the first generation of non-smokers.

strong sun, we tend to respect it. Nonetheless, the children in my classes are unaware of some of the scientific reasons for being careful not to get too much sunlight. Are there some teaching materials I can use?"

ANSWERline: Please check with your local ACS Unit for literature and other helpful materials available without charge. Often teachers might be interested to know that the ACS has many kinds of teaching kits for different classroom achievement levels. The ACS tries to make it easier for you to teach everything about cancer from cell biology to the dangers of cigarettes.

A reader explains: "My mother had to have radiation treatment after breast cancer surgery. I noticed that she

became very tired. Did that come from the treatment?"

ANSWERline: Sometimes fatigue and tiredness are side effects of radiation treatment and patients are encouraged to take frequent rest periods. Active people sometimes find it difficult to realize the importance of resting and force themselves to "push on" That can add to the fatigue.

Question: "What are the major forms of cancer?"

ANSWERline: It's been estimated that 60% of all cancer in this country occurs in the following six locations of the body - breast, lung, skin, oral cavity, uterus and colon-rectum.

Do you have further questions? Call your local unit of the American Cancer Society or write: Cancer Information Service, The University of Texas, M.D. Anderson Hospital & Tumor Institute, Texas Medical Center, Houston, 77025.

Diane McMahon of Wichita Falls, cousin of the bridegroom, presided at the bride's registry table.

The refreshment table was covered with a white cloth trimmed in deep lace and centered with an arrangement of pink carnations and baby's breath.

Hostesses were Mmes. LaVerne Thompson, Allen McGaughey and Lou Ann, Erwin King, Leo Beason, Pete Elliston, L.G. Vassar, Tommy Waldrip, R.P. Barnard Jr., Vaughn Brooks, Johnny Helms, White, Guy Robinson, Wayne McKinney, Kenneth Bradford, and M.L. Verhalen.

Calendar Released For School Year

School officials have released the 1976-77 calendar with 180 school days, 16 holidays, and ten in-service and workdays scheduled for the coming term.

Five of the in-service workdays have already been eliminated as teachers began work one week ahead of the students, August 16-20.

First holiday for the students will be on Labor Day, September 6, and on October 29, a Texas State Teachers Association workday will be held with no classes for students.

November 12 will end the first of three quarters for the Knox City school system with 58 days in the quarter.

A teacher workday will be held on November 15 and Thanksgiving holidays will be November 25 and 26.

School will dismiss on December 23 for the Christmas holidays and classes will resume January 2.

The second quarter will end February 18 concluding 60 more school days. Another teacher workday is scheduled for February 21 with in-service following on February 22.

Spring break for students has been scheduled the week of March 14 through 18 and April 8 will be an Easter holiday.

May 27 will end the third quarter of classes with 62 days in this quarter. The final day will be a teacher workday on May 28.

TEACHERS From Page One

graduated from Tarleton State in Stephenville with an associate degree in science. She received the B.S. degree from West Texas State University in Canyon and attended Hardin-Simmons University in Abilene.

Veeta Reid was born and raised in the Sagerton-Rule community. She received her bachelor's degree in home-making education from Texas Tech and a master's in education from Abilene Christian College.

Mildred Simpson, resource teacher, received the Bachelor of Science degree in 1964 from Texas Tech University and the Master's of Education from the University of Arizona in 1967. She received her reading endorsement from Arizona State University in 1975 and completed 12 hours of special education from Abilene Christian University during the summer of 1976.

Other resumes will be published as they are received by the News office.

MCCARTY GUESTS

Mr. and Mrs. Bill Johnson and children, Gary, Stacy, and Heather of Arvada, Colorado visited several days last week in the home of her parents, Mr. and Mrs. C.W. McCarty.

IN ROBINSON HOME

Visiting Mr. and Mrs. Guy Robinson Sunday were their daughter and her family, the Jim Batemans of Denton.

Your Social Security

Persons receiving regular monthly social security checks and supplemental security income checks may elect to have their checks deposited directly to any financial institution of their choice according to Carl R. Beisner, Social Security claims representative in Vernon.

Beisner stated that this option has been available since 1975 and although many persons are now having their check automatically deposited in their checking or savings account, there are still many who have not chosen this easy, convenient, safe way to receive their check.

RETURNS HOME

Mrs. John Crownover returned home Thursday of last week from Amarillo where she visited with her son and his wife, Mr. and Mrs. Ari Crownover, who have moved into their new home.

She also visited with her daughter and her family, Mr. and Mrs. Joe Smith, Stephanie and Scott in Canyon.

Beisner said, "In order for your check to be deposited in your checking or savings account simply wait until your check arrives, take it to the bank, and ask anyone there to help you in completing the necessary form to have your check sent directly to the bank."

"After you have completed the SF1199, authorizing social security to send your check to the bank or a savings and loan association, the financial institution will forward the form directly to us and if we process it before the 12th of the month your next check will be deposited to your account and you won't have the worry of losing it or having it stolen."

"Remember, all anyone has to do is take his or her check to the bank or savings and loan association and have the persons there complete the form. They, along with us, do all the rest. Remember direct deposit - it's as simple as that."

'Reddy's helpful tips for your Home Laundry

PLAN AHEAD Sort clothes according to type of fabric, color-fastness, degree of soil and garment construction. You'll save both hot water and electricity by doing similar items together. Accumulate a full load before running your washer.

BE SELECTIVE Choose the cycle that is precisely appropriate for the clothes you are washing. Is a "hot" temperature setting really necessary? Except for heavily soiled items, most loads will come clean in either a cold or warm wash. Look into cold wash detergents.

FOR SAFETY SAKE Be sure control is "off" before reaching into your washer. If one is necessary, use only a heavy duty extension cord. Be sure your washer is grounded. Keep dry cleaning agents, color remover and Fiberglas out of your washer. It's a good idea not to wash clothes containing cleaning fluids in your washer.

Pick up your FREE copy of "ENERGY CONSERVATION" Booklet from Frigidaire Home Environment Division of General Motors.

West Texas Utilities Company Remember REDDY Supplies the energy—but only YOU can use it wisely!

The Consumer Alert

by John L. Hill Attorney General

Call or write the owner and ask for information about the car: the mileage when sold, the selling price, and any problems he might have had with the car. Then compare what he tells you with the information given by the used car dealer.

While some reconditioned used cars will have a limited warranty, most are sold "as is," so you should be very careful to check for any potential problems. This means thoroughly test driving the car, being on the lookout for odd noises, oil burning, "mushy" brakes, or unusual shakes.

Then think over the car and price for a least a day before making up your mind. It's a good idea to check at least three dealers, too, before making your final decision.

And when you do decide, shop around for the best financing. You don't have to take the terms the dealer offers. Banks, credit unions, savings and loan associations, and finance companies all make car loans.

Remember that every used car you look at has a history, but it's your job to find out what it is. One step is to copy the Vehicle Identification Number from the engine block or dashboard, the license plate number, the number from the inspection sticker, and the mileage.

Then call the Motor Vehicle Division of the Department of Public Safety in Austin (512-475-7611) and give them the V.I.N. and license plate number, and ask for the name and address of the title owner of the car.

Six Flags Announces Changes in Schedule

Arlington, Texas - Officials of Six Flags Over Texas today announced that the Arlington theme park will be open only during the evening hours from August 30 through September 3.

General Manager Dan Howells said the abbreviated schedule was made necessary by unusually early school openings which cut sharply in the park's host and

MINCEY VISITORS

Visitors in the home of Mr. and Mrs. Nathan Mincey last week were Mr. and Mrs. Darwin Westbrook, Guy and Mike of Abilene and Mr. and Mrs. Elvin Mincey of Brownfield.

ARE YOU SAFE IN YOUR OWN HOME?

It's not hard to imagine that accidents happen on the highway, on the job, in sports, or in some perilous avocation—but what could be safer than one's own living room? Yet, statistics show that one out of every five back injury accidents occurs in the home.

The tragic fact about the high number of accidents that happen in the home is that the majority could have been prevented with a moderate amount of precaution and good sense.

ACCIDENTS CAN HAPPEN ANYWHERE—Make sure you're safe at home.

One of the greatest hazards to safety is obstacles left negligently on stairways and walkways. It may be funny to see Charley Chaplin slip on a banana peel in an old movie, but it's no fun if you do it in real life. Toys

and other items left in the wrong place might cause someone to trip and fall. Yes, that doll with the sweet, little innocent face can very well be the cause of a serious back or neck injury.

Probably more than any other threat to safety in the home is the danger of falls. Therefore, sensible precautions should be enforced. Never use a chair, stool or makeshift ladder to reach for high objects. And when you use a ladder, don't place it on a slippery floor or uneven footing. You may find yourself holding on to nothing more than... air!

Do not try to carry loads that are awkward or too heavy for you to handle. Heavy lifting can be dangerous, so get assistance.

And remember—should you hurt your back, seek professional attention from your doctor or chiropractic immediately. He seeks to not only locate the problem and give relief from symptoms, but also to correct the fundamental cause and offer preventive, rehabilitation, and maintenance counsel.

Under chiropractic care, a patient is either treated or referred after a comprehensive differential diagnosis.

GENERAL REVENUE SHARING ACTUAL USE REPORT

GENERAL REVENUE SHARING PROVIDES FEDERAL FUNDS DIRECTLY TO LOCAL AND STATE GOVERNMENTS. YOUR GOVERNMENT MUST PUBLISH THIS REPORT ADVISING YOU HOW THESE FUNDS HAVE BEEN USED OR OBLIGATED DURING THE YEAR FROM JULY 1, 1975, THRU JUNE 30, 1976. TELL YOUR DOCTOR WHAT YOU ARE TAKING

It is a vital need for people to avoid drug interactions. You should always tell your physician any prescription medicines and over the counter products you are taking.

Examples of drug interactions that might be dangerous are— aspirin and aspirin-like drugs, because the effectiveness of some anti-gout pills; some drugs can counteract pills taken to lower blood pressure. Also, barbiturates and alcohol have been known to be a deadly combination.

A GREAT MANY PEOPLE ENTRUST US with their prescriptions, health needs and other pharmacy products. We consider this trust a privilege and a duty. We will be your personal pharmacist!
