## Craft Dies After Valiant Fight to Recover

Knox County Herald has asked to write a word of appreciation of the deep sense of sympathy of the whole community because of the sudden and tragic death of Mrs. Craft. This is no easy task. ## Wm. L. Carlisle

Wm. L. Carlisle, 34, of Winters, died in a Winters hospital July 27, only three hours after receiving injuries when his automobile crashed into the concrete balustrade of a bridge on a highway north of Winters about 14 miles. Mr. Carlisle is a brother to Mrs. H. P. Arledge of Knox City.

He had been to Waco to see his mother, Mrs. M. W. Carlisle, and was returning to his home by the way of Abilene. There were no witnesses to the accident, but it was surmised that he, driving alone went to sleep. His car a Chevrolet coupe, apparently had overturned twice and was faced back north with the left fender doubled up into the windshield.

Carlisle received a skull fracture, from which he never regained consciousness. He also had a fractured arm and his chest was badly crushed.

Born in Bell County, Carlisle came to Winters in 1920 to accept a place in the First National Bank, where he resigned as assistant cashier in 1926 and formed the partnership of Hinds and Carlisle, ginners. Mr. Carlisle was winner this year of the golf tournament of the Winters country club. He was a member of the First Baptist church and the Masonic lodge.

Survivors, besides his mother, are two sisters, Mittle Lou Carlisle of Waco and Ruby Arledge of Knox City, and a brother, John Wilson Carlisle of Waco.

Funeral services of Mr. Carlisle were held last Sunday at the First Baptist Church in Winters, at 11:00 o'clock, Reverend W. T. Hamor, pastor officiated with the assistance of Reverend J. W. Shambutt, pastor of the Methodist church of Winters.

Burial was made in the Fairview cemetery in Winters under Masonic auspices.

## KNOX COUNTY CHRISTIAN CHURCH REVIVAL

The Knox County Christian Church Revival under the direction of Dr. John W. Darby of San Antonio, Texas, a nationally known Evangelist started at Benjamin Christian church Sunday July 22 and closed there Wednesday August first. Up to Monday night there had been 26 additions to the church in that meeting with many more already planning to unite with the church.

The services are said to have been more largely attended than any series of revival services ever held in Benjamin. The sermons have been those prepared over almost a life time of study by the evangelist.

Dr. Darby comes to Knox City to open the revival service here Thursday night and he will preach the sermon said by his wife and many of his friends to be the greatest sermon he has prepared, "Jesus The Master". He will then repeat a sermon preached to the Benjamin audience on Thursday night one week ago on "The Immediate State of the Dead", answering the questions, Where do the Dead Go? Are They Conscious? Do they Know us? Will we know them?

This sermon is being repeated at the request of people from Benjamin, Truscott, Vera and places in the northern part of the county.

The meeting will continue on the following schedule. Children's services at 8:45 daily conducted by Reverend Bedford Smith. Morning devotional service at 9:30 a. m. conducted by Dr. Darby using the general theme of "Portraits of Jesus Painted by Inspired Artists. During this series he gives the wonderful pictures of Jesus as Painted by the inspired writers of the New Testament book. Benjamin audiences have packed the court room there for these services daily. Members of all the churches are loud in their praise of these addresses.

The Evening Vesper Service for Young People will be conducted at 7:30 each evening for 45 minutes. At these meetings Dr. Darby also speaks.

Then the evening evangelistic service begins at 8:15 and continues for one hour.

This evangelist is nationally known and has been a world traveler as well. His wealth of experience jams every sentence full of inspiration for his hearers and Knox City is extremely fortunate to have him in these services.

Reverend Smith pastor, and the congregation invite every citizen of this city to take advantage of this intellectual treat. The business places of Benjamin closed every morning during the devotional hour and attended the services.

## To The Citizens of Knox County

May I take this means of extending to you my appreciation for the splendid vote of confidence you gave me. I am particularly indebted to those staunch friends and supporters who so faithfully and unflinchingly supported my candidacy. No hesitancy is entertained in recognizing the fact that one may be just as great in defeat as in victory, and that defeat, of course, is my part. Even though, so far as I am concerned, the race is over, the last chapter written and the books closed, it is with much pleasure that I look back on the past weeks, the many new friendships and the pleasant contacts made.

To my opponents, Mrs. Blanton, and Mr. Hughes, I am deeply grateful for the clean from mudslinging campaign they conducted. They are both fine, upright and efficient; and will continue, I am sure, the same campaign policies in the run-off that were followed up until now. As respects the ultimate outcome, I refuse to prophesy or strive to affect it in any way. May the best one, acting upon his or her own initiative and running his or her own race win.

Again receive my thanks for your manifestation of confidence, and regardless of whether or not you supported me, receive my friendship.

Sincerely yours,  
Vernon Brewer

## Rochester Gins First Bale

R. B. Carver farming on the M. A. Bush farm west of Knox City ginned the first bale of 1934 cotton at Rochester July 30. The Shever Gin, ginned and weighed out the bale, at 40 pounds.

Roy has his bale of cotton but is unable to sell it. He will have to wait until the tags are issued to him before he can offer the cotton for sale. The County Agent says that it will be about two weeks before the tags will be available in Haskell County.

This is not only the first bale of cotton for the Rochester gins, and cotton for the Haskell and Knox County, but is the earliest that a bale of cotton has been ginned in this part of the state, according to the old timers here. We are not exactly proud of this record, as it is only points to the fact that we are in a droughty condition and if we had received more rains, the cotton would not have opened so soon.

## James Monroe "Uncle Jimmie" Hodges

Funeral rites for J. M. Hodges, 78, pioneer of West Texas, who died Sunday July 29th, were held Monday afternoon at 5:30 o'clock in the Baptist church at O'Brien, Reverend Strickland, pastor of the Union Grove Primitive Baptist Church officiating.

Interment was made in O'Brien cemetery, with E. Q. Warren of Knox City in charge of arrangements.

James Monroe Hodges was born in Brewster County Alabama September 23, 1856. He died at his home in O'Brien July 29, 1934. Mr. Hodges moved to Texas at the age of ten years. He was married to Miss Mattie Williams in the year 1882. To this union seven children were born, three of them died in infancy, a son died at the age of 28.

Mr. Hodges lived for a number of years in the Gillespie community. It was there that his wife and three children died.

In 1903 he and his children moved to Benjamin. He was married to Miss Emma Ferguson of Union Grove Alabama in 1904, who preceded him in death February 10, 1926.

Mr. Hodges was County Treasurer of Knox County for eight years. He and his family moved to Collingsworth county where they lived for eight years, and then moved to Miami, Texas where he lived until he moved to O'Brien in 1925.

Mr. Hodges was for a number of years a member of the Missionary Baptist Church, however, he united with the Primitive Baptist Church of Union Grove some few months ago.

Mr. Hodges is survived by two daughters, Mrs. Bailey Patterson of Spearman, Texas and Mrs. Birdie Dickson of Panhandle, Texas. A son, Lewis, of Detroit, Michigan. Two brothers, Joe Hodges, of Seymour, Texas, and Dan Hodges of Jacksboro.

Five grand children and two great grand children. Only Mrs. Dickson and the two brothers were able to be here during his illness and death.

Other relatives are Mrs. E. J. Barnard and family of this place, Henry Edge and Mrs. Jess Jackson of Benjamin.

Active pall bearers were Roy Gardner, Ernest Teaft, Chester Yeats, Barney Grissom, W. I. Pierson, and M. H. Wood.

Honorary pall bearers: H. M. Cooner, H. I. Rader, W. McCurry, M. Griffith, Grover Jordan, Andrew Johnson, Dan Craddock, D. McBrener, John Smith, and Mr. Waldrip.

Miss Jerene Cooner is visiting friends in Haskell this week.

## Baptist Revival Closed Sunday

A two weeks revival meeting closed at the First Baptist church in O'Brien last Sunday night. Reverend J. H. McLaughlin of Edmond Oklahoma conducted the preaching services, with Brother Bird of O'Brien conducting the singing services.

Reverend McLaughlin is well known in this community, having at one time been pastor of the O'Brien church. The members and visitors enjoyed his very inspiring lessons. Five additions were made to the church.

## ORPHAN'S HOME TRUCK TO BE HERE AUGUST 9

The truck from Boles Orphan's Home will be here on Thursday August 9. All members of the Church of Christ are requested to leave their contributions at the Dearing home next door to the Baptist church. Any one else desiring to contribute to the truck may do so and your gift will be appreciated by both the Church here and by the orphans of the home.

## Rev. English Ends Meeting

The revival meeting which has been in progress for the past two weeks at the First Baptist Church, closed last Sunday night. There were eight additions to the church, and in addition to the new members, there was a general spirit of revival throughout the entire church membership.

Reverend Joe W. English, former pastor of this church, who is now in charge of the First Baptist Church of Gentry, Arkansas, conducted the meeting. It is generally conceded that in each address he simplified the word of God in the most credible manner.

The Knox City Church was fortunate indeed at having Reverend English here in the meeting, and his many friends will look forward with joy upon his return at some future date. He will return in a few days to his home where he will begin a revival in what is known as, "the old fashioned way". He intends to have a brush arbor built in some place as yet to be selected and begin a meeting that will not have a set duration. We sincerely hope and pray that he will be endowed with the spirit of God to do great good in his untiring work.

## CHURCH OF CHRIST REVIVAL STARTS AUGUST 10TH

Brother T. M. Carney of Archer City is to begin a fifteen day meeting with the local Church of Christ on August the tenth. A man needing no introduction because of his work in last year's meeting, large crowds are expected to attend all services.

The church has been active in making preparations for this meeting in the way of song drills etc. Brother Hill was with us again last Sunday for the first time in several weeks. As a result of the Sunday morning service two came forward and put on their Lord in baptism at the close of the evening service.

Don't forget our date for beginning is August 10 which is Friday night before the second Sunday. All our friends and religious neighbors are cordially invited and will be welcomed at any and all services.

## DONALD STEVENS

Donald Stevens, 11 months and one day of age, died in the Knox County Hospital July 30th. He was undergoing an operation and died before he came from under the influence of the anesthetic. Donald was being operated on for hairlip.

## The Cause of Crime

Running down the big-time crooks and putting them behind the bars or under the sod is an important job, and we seem to be doing well at it of late.

An equally important job—which so far, we have hardly so much as thought about—is finding out how the big-time crooks get that way.

What happens, along the line between babyhood and adulthood, to turn a man into an enemy of society? Why does one man grow up into a useful citizen and another into a gangster? Is there any way in which we can develop more of the first kind and fewer of the second?

When you get to wondering along these lines it's often useful to have a look at juvenile court records.

They show, for one thing, that the great cause of crime—is poverty.

Not the poverty that makes a man steal to get bread for his family, but the poverty that condemns a child to be brought up in a congested slum with the street for his playground and his whole environment a subtle but powerful force to teach him that organized society is his enemy.

Look at these figures from the juvenile court of a representative city such as Cleveland.

There are two comparable congested areas in that city, each inhabited by people of the same racial stock. In one area the people are fairly well off; in normal times, the average family income there ranges from \$15,000 to \$25,000 a year. In the other area the people are poor, with average family incomes running between \$500 and \$1,400 a year.

The poorer area had one delinquent boy to every 182 inhabitants—a total of 154 delinquents for the 28,000 residents.

Furthermore, for the city as a whole families which receive help from charitable agencies, or families whose incomes are just big enough to provide the bare necessities of life, contribute more than 70 percent of all the city's delinquents.

These figures speak for themselves.

Poverty means crime. Slums mean gangsters. No attack on the crime problem can lead to a permanent solution, unless it includes some pro-

gram for meeting the difficulty right at the source—in the dreary streets where our underprivileged citizens live.

Abilene Reporter

A. J. Malouf and family returned last week from a two months stay in Los Angeles, California. Mr. Malouf has been complaining of the heat here since he returned, as he said he had to sleep under from one to two blankets each night that he was gone.

Malouf states that they enjoyed California's fruits, such as figs, grapes and cherries, saying that there was an abundance of fruits there.

Mr. and Mrs. M. P. Cornett and children of Lifflefield are visiting Mrs. Cornett's mother, Mrs. E. J. Barnard of O'Brien this week.

## MAIZE IS NOW WORTH TWENTY DOLLARS PER TON

Maize is now selling for twenty dollars a ton here, when it can be found, and the outlook is very favorable for it to bring a much bigger price before we have very much to sell again. This year's crop is not only going to be short but the grain is very light.

In talking to men that ought to know conditions here better than any one, they are advising that any one needing feed for another year will do well to buy now if they can find maize or corn at present price.

Knox City and its neighboring towns have heretofore shipped many hundreds of tons of maize to all points in Texas as well as to northern states, and with the maize crop being cut so short it is going to necessitate those places to look for a substitute for that product that we have been so successfully in raising.

We have always raised enough feed to run us is one reason that we have let our confidence go against our better judgement, and unfortunately got caught in the same position of the farmer in the north.

With an early fall rain, small grain can be planted which will carry work stock and cattle through winter without much cost, and the present outlook of grain prices indicate that another crop will be much higher than the past year.

## "Seasonal" Accident Hazards

The National Safety Council observes that the accident rate keeps step with the thermometer. With the coming of summer, all types of accidents, ranging from life destroying automobile collisions to cases of sunburn, tend to increase.

A little common-sense will solve the problem these "seasonal hazards" present. When you go camping, regard axes, knives and other sharp implements with the respect they deserve—and in case you are cut or scratched attend to it at once. Many a person has died needlessly and infections resulting from minor injuries. And remember that sunburn can also be a killer, and that over exercise after a year spent in an office chair amounts to holding out an invitation to the doctor—and possibly the mortician. There are obvious precautions that must be taken it comes to swimming and other summer diversions and sports.

The automobile, of course, remains the greatest hazard of all. If summer roads are dry, the weather is fine—then the speed demon is likely to take command. The potential danger involved in this cannot be over emphasized. Excessive speed which can be simply defined as going faster than traffic and highway conditions of the moment justify takes more lives and does more economic damage than any other driving error. Don't forget that the time saved a few minutes of excessive speed may effect, is not vital—and that it may bring summer to an end for you and your family for all time.

## ROTAN TAKES PLACE OK KNOX CITY TEAM IN THE W. V. LEAGUE

Beginning with Wednesday's games of last week the Knox City baseball club dropped out of the Wichita Valley league and were succeeded by the Rotan baseball club, which team will complete the season in the circuit.

Knox City has had difficulty in maintaining a team from the start and the promoters of the team here decided that they would be unable to make a creditable showing during the last half, and therefore transferred their place in the circuit to Rotan.

## Card of Thanks

I wish to thank my many friends for their loyal support in the election held last Saturday. Although I did not canvass as much as I might have I want to take this method in thanking each and every one for their consideration.

I wish to thank the Sunset community, especially as I did not get to make a canvass for them at all. In fact I have noticed that you people of that community have not had much occasion to use a constable in the past and hope that it continues to be the same.

Respectfully,  
 S. L. Favor

## In Memory of J. M. Craft

### IN MEMORY OF J. M. CRAFT

Mr. Craft was a man of charming personality a dearest Christian, a devoted member of the Baptist church; he made friends readily and retained them to the end, he was a great lover of flowers.

As our loved ones pass quietly beyond that thin veil which separates this life from Eternity the mystery of life and death is suddenly removed and we catch an occasional glimpse of that City not made with hands, eternal in the Heavens.

"Our universe is like a garden planned and loved into being by God, the Master Designer, and through some of our most precious flowers have been gathered, Life must go on to bigger and better things because of the fragrance that has been shed by their lives.

### The Rose Still Grows Beyond the Wall

Near shady wall a rose once grew,  
 Budded and blossomed in God's free light,  
 Watered and fed by morning dew,  
 Shedding its sweetness day and night,  
 As it grew and blossomed fair and tall  
 Slowly rising to loftier heights,  
 It came to a crevice in the wall,  
 Through which there shown a beam of light  
 Onward it crept with added strength,  
 With never a thought of fear or pride  
 It followed the light through the crevice's length  
 And unfolded itself on the other side,  
 The light, the dew, the broadening view,  
 Were found the same as they were before;  
 Breathing its fragrance more and more,  
 Shall claim of death cause us to grieve,  
 And make our courage faint or fail?  
 Nay! Let us faith and hope receive;  
 The Rose Still grows Beyond the wall,  
 Scattering fragrance far and wide,  
 Just as it did in days of yore,  
 Just as it did on the other side,  
 Just as it will for evermore."

"We never see the fruit of all the seed we sow  
 It is only our part to patiently turn the sod,  
 We plant, other water, but the increase comes from God."  
 "These are not gone to far off lands,  
 But rest in a house not made with hands  
 And sometimes too, when we've done our best,  
 We are weary enough to want that rest."

**YOUR HEALTH**

Austin, Texas August 2.—Dr. John W. Brown, State Health Officer, states that infantile paralysis, like typhoid fever and bowel disturbance of infants, is largely a summer disease. Although cases may occur during any month of the year, over half the total number come in July, August, September and October. To date, 41 cases of poliomyelitis have been reported to the Texas State Department of Health in 1934.

Direct contact between persons is regarded as being the chief factor in the spread of infantile paralysis. Because of the seasonal prevalence of the disease, flies and other insects have been suspected of conveying the virus or germ. Insect transmission has not, however, been demonstrated. Although animals are subject to paralysis, they are seemingly not susceptible to the human type of this paralytic disease. Carriers are difficult to determine; this fact makes advisable the reduction to a minimum, of human contact during an outbreak.

Early symptoms of infantile paralysis comprise headache, fever, vomiting, bowel disorder, drowsiness and irritability, followed by neck or back stiffness. Prompt medical care, early recognition and reporting of cases make possible the use of valuable preventive and control measures.

After the acute state of the disease has passed and walking is finally permitted the patient, under no circumstances must the affected part

be fatigued. It is thus observed that the secret of a successful rehabilitation lies in continuance of professional guidance and large doses of patience.

# There are some things we refuse to do to sell a car

There are some things we refuse to do to sell a car. We like sales, but not dealing and the confidence of our customers are desirable too.

For one thing, we refuse to poison any one's mind against another make of car. We know what our car is and what it will do, and we are ready to tell you about that. But to imply defects in another car is not our business.

We have done our utmost to encourage intelligent buying of motor cars by showing purchasers how to protect their own interests. All that a good producer asks is a customer who knows quality when he sees it. An intelligent purchaser will speedily conclude that only a best product requires best sales methods.

We refuse to keep insisting in your ears that the Ford V-8 is the best, most economical, low-priced car. That is claimed for several cars. Obviously it cannot be true of all. There comes a point where claims and adjectives and all advertising hybris disappears in its own vanity. Personally, I prefer facts.

We say the Ford V-8 is the best car we have ever made.

We say that our 8-cylinder car is an economical to operate on any lower number of cylinders.

We say that we have always been known as the makers of good cars and that the many good, well-balanced qualities of our present car place it at the head of our line to date.

Any one wishing to do business with us on these principles will find our word and the quality of our product to be A-1. What we say about economy, operation and durability will stand good anywhere.

A letter from Mr. Henry Ford published by the Associated Ford Dealers of this territory.
