## KC To Host Teachers' In-Service Training Mon.

Students at Knox City and four area schools will enjoy a one day vacation, Monday, February 24, while teachers of the schools improve teaching techniques through in-service training to be held in Knox City Schools.

Teachers from Haskell, Knox City, Weinert, Rochester, and O'Brien will attend the training sessions arranged cooperatively through the Haskell Knox Consortium.

Approximately 130 teachers will gather at 9:00 a.m. in the school cafeteria for a presentation by Sammy B. White of Knox City dealing with the responsibilities of schools toward child abuse.

From 9:30 until 11:45 teachers will attend one of the following training sessions: Motivation in the Regular Classroom presented by Mrs. Judy Coulter, Associate Psychologist, Region IX Educa-

tion Service Center (E.S.C.); Adaptive Physical Education, Raetta Harlan of Wise County Educational Cooperative; Career Orientation by Ward Pendleton, Vocational Appraisal Consultant, Region IX E.S.C.; Classroom Counseling Techniques by Tracy Menard, Psychologist to Haskell-Knox and Big Four Educational Cooperatives made up of Baylor, Archer, Young, and Throckmorton Counties; Contingency Management for Regular Classes by Alan Coulter, Associate Psychologist, Region IX E.S.C.

Lunch break will be from 11:45 until 1:00 p.m. when training sessions will begin again. Participants will be responsible for their own lunch arrangements.

Teachers will change sections for the afternoon sessions except for those in the Contingency Management section which is a full day meeting.

All sections will dismiss at 3:15.

Knox City School Superintendent W.R. Baker expressed the feeling that a better in-service program to benefit students of area schools is possible through such cooperative efforts than can be afforded by individual schools. "The quality of ideas by more teachers improves the offering," Baker commented.

**HAPPINESS IS**—winning district and bi-district titles in less than a week! The dressing room Tuesday night at Hawley was bedlam among laughter, tears, and shrieks of happiness for the Knox City Houndettes, their mothers, and other fans after defeating Wylie for bi-district. The Houndettes, their mothers, and managers proudly signal that "we're no. 1."

# Houndettes Advance To Regional Meet

Winning three games in a row this past week has advanced Coach Larry Ledbetter's Houndettes into the regional Class A competition in Lubbock Friday morning.

The Houndettes, who were

defeated by Paducah for the first half of District 7-A play, defeated the Dragonettes in Aspermont Tuesday night of last week, 60-50, winning the right to meet the Haskell Maidens, second half winners, at Aspermont Friday night to declare district champions.

The Houndettes again came out on top, 62-47, over Haskell, advancing to bi-district play Tuesday night in Hawley where they overcame the Wylie girls, District 8-A

against Wylie. Temi Baker paced the Houndettes with 34 points hitting 15 of the 19 field goals. Kary Kent netted 12. Ginger Thornton made 36 for Wylie and she also hit 15 of the 19 field goals for the losers.

## BVRA Sets Youth Rodeo

At a called meeting held in the Kennel last week, members of the Brazos Valley Recreation Association discussed plans for its annual Youth Rodeo, and elected officers for 1975.

Members voted to hold the Youth Rodeo the first weekend in June.

The slate of officers proposed by the nominating committee was accepted and elected by acclamation by the group.

Following the election, outgoing president John L. Grindstaff Jr. turned the meeting over to the newly-elected president, Don Railsback. Other officers chosen include Johnny D. Reid of O'Brien, vice president; Mrs. Ross Mack Oliver, secretary-treasurer; Fred Carver of Benjamin, rodeo chairman; Mrs. Charles Lankford, trophy chairman; and Mrs. Joe Boone, reporter.

Appreciation for their time and effort was expressed to members of the nominating committee which consisted of John L. Grindstaff Jr., Joe Boone, Mrs. R.P. Barnard Jr., and Mrs. Ross Mack Oliver.

In other business, the group voted to do some additional fencing at the arena which will facilitate handling of livestock and provide greater safety for young contestants.

It was also decided to begin the BVRA's monthly playdays in April, with the specific date to be determined later.

Subjects of interest in the presentation included housing, health care, education, transportation and other aspects of rural development.

"To develop our area into a better place to live and play, we must first have the desire for improvement, and aggressive leaders to find a way to accomplish our goals," Bingham said. These leaders need the support and backing of all our citizenry to succeed, he explained.

The slide presentation was made Wednesday after lunch to Mrs. Vera Newton's Home and Family Living class at Knox City High School.

Responsible for the program was J.B. Tabor, Chamber of Commerce president, and a member of the CSTSE screening committee.

## No Candidates File For City Positions

With the filing deadline for places on the city council coming up March 5, no one had filed as of noon Wednesday, according to Mrs. Faye Railsback, city secretary.

Terms of Mayor Buddy Angle and councilmen Carl Shelton and A.P. Denton are expiring. Holdover councilmen are L.V. Worley, Celso Gonzales, and Dr. Ted C. Alexander.

Angle, who is completing his sixth term as mayor, stated this week that he will not seek re-election as he feels that it is time for someone else to take over this responsibility. Shelton, with five terms, expressed the same feelings saying that he would not run this time.

Anyone interested in filing for the offices may do so at City Hall, Mrs. Railsback said.

## Door-To-Door Sat. & Sun.

# Annual Heart Fund Drive Begins Friday

Residents are reminded of the annual Heart Fund Drive scheduled Friday through Monday, February 21, 22, 23, and 24.

Mrs. Ted Alexander, Knox City chairman, said that area firms will be asked to contribute on Friday, by either herself or Mrs. Jim Anderson.

On Saturday and Sunday volunteers, who will be making the door-to-door drive to the homes of friends and neighbors distributing helpful heart literature and collecting funds to support the Heart Association's programs, will include Patsy Anderson, Cathy Marion, Sue Clayton, Mary Margaret Campbell, Ginger Johnston, Barbara Howell, Lula Hammons, Marion Perdue, Peggy Grindstaff, Sarah McGaughey, Peggy Guinn, Temi Baker, Jane Arledge, Jamie Clonts, Lori Richards, Jan Watson, Ruby Robinson and Glenna Benson.

Mrs. Alexander stated that heart and blood diseases cost the nation an estimated \$20 billion annually, including lost income and payments for medical care.

These diseases cost business and industry an estimated loss of 52 million man-days of production a year.

"No businessman can afford to overlook these economic facts about heart and blood vessel diseases," Mrs. Alexander said. Men in the 45 to 64 age group are industry's most valuable executives and employees.

Deaths in this age group cause a significant loss of key management skills, and production "know-how". Besides this, there is the cost of training replacement personnel.

Heart and blood vessel diseases kill more than one million persons a year. This adds up to more deaths than from all other causes combined. Heart attack alone kills more than 680,000 persons every year.

## Gas Ordinance Accepted Here

In a special meeting of the City Council Wednesday night of last week, Lone Star Gas Company representatives were on hand to present a new ordinance for consideration. The new ordinance proposed that local gas rates be left the same, with the exception of a clause stating that the rates could be adjusted by Lone Star Gas Company according to higher or lower purchase price of gas to them by one company, Lo-Vaca Gathering Company, a subsidiary of Coastal States Gas Producing Company.

Representing Lone Star Gas Company were Lester Yates Jr., district manager from Seymour, and Buford Wright, local manager.

Yates, in a letter to Mayor Buddy Angle, explained Lone Star's situation with Lo-Vaca, which supplies about 10 percent of Lone Star's resources.

In 1973, Lo-Vaca gained permission from the Railroad Commission to curtail deliveries and charge a higher rate for additional supplies in effect altering contracts with gas consumer suppliers. However, the commission also provided that companies could elect to continue to receive gas at the contractual rate but not share in new gas supplies.

"Lone Star Gas Co. was the only customer of more than 400 Lo-Vaca customers to elect not to pay the higher rate," Yates said.

However, according to the letter, on January 28, 1975, the Railroad Commission ordered Lone Star to begin payments with the explanation that its failure to pay the increased cost "was placing a burden on other customers and impairing Lo-Vaca's ability to purchase new gas."

Further, the order authorized Lone Star to pass these additional costs on to its residential, commercial, industrial, and electric generating customers.

See Ordinance Pg. 3

## Local Banker Elected District Chairman

Bruce B. Campbell Jr., chairman of the Citizens State Bank in Knox City, was elected chairman of the Seventh District of the Texas Bankers Association at the group's two-day meeting which ended Monday in the Sheraton-Fort Worth Hotel.

Approximately 2,000 bankers were on hand for the annual meeting.

Bob Stafford, president of the Bank of Crowley, was elected to the Administrative Council, representing state banks. Bayard H. Friedman, president of Fort Worth National Bank, remains on the council, representing national banks.

Members of the nominating committee included Jim Rutherford, president of First State Bank of Rising Star, chairman; Darwin Cox, president of Merchants and Farmers Bank of Weatherford, and Charles Baker, president of Cleburne National Bank.

B.G. Jenkins, president of Central Bank & Trust and president of the Fort Worth Clearing House Association, was ex-officio chairman of the General Committee for the two-day meeting, and John M. Griffith Jr., president of Fort Worth Bank of Commerce, was chairman.

A graduate of Texas A&M, Campbell joined the bank here ten years ago, moving back to Knox City from Pennsylvania where he was employed as an engineer.

A veteran of World War II, Campbell served with the

WHEREAS, the City Council having found and determined that the Railroad Commission of Texas did on the 28th day of January, 1975, in Gas Utilities Docket No. 500, issue its Order directing Lone Star Gas Company to commence paying to Lo-Vaca Gathering Company, a supplier of natural gas to Lone Star Gas Company, for natural gas purchases the interim rate set by the Railroad Commission of Texas; and

WHEREAS, having found and determined that the Railroad Commission of Texas did order that Lone Star Gas Company shall be allowed to flow through to all of its customers the additional gas costs resulting from the Order: **BE IT ORDAINED BY THE CITY COUNCIL OF KNOX CITY, KNOX COUNTY, TEXAS:**

**SECTION 1.** Effective with first gas bills rendered from the date of final passage of this Ordinance, the present rate Ordinance No. 1013, contained in Book 2, Page 50, in effect and establishing and fixing rates for the sales of natural gas furnished to residential and commercial consumers within the city limits of Knox City, Texas, by Lone Star Gas Company, a Texas corporation, its successors and assigns, is to include in addition to the rates presently in effect the amount per Mcf of any increase or decrease in the intra-company city gate charge as authorized by the Railroad Commission of Texas for gas delivered to Lone Star Gas Company's distribution system for sale to residential and commercial consumers where said increases or decreases are caused by increases or decreases in the cost of gas purchased by Lone Star Gas Company from Lo-Vaca Gathering Company beginning January 28, 1975, and thereafter.

**SECTION 2.** The rate set forth in Section 1 may be changed and amended by either the City or Company furnishing gas in the manner provided by law. Trudy won the honor by competing with other seniors in the written knowledge and attitude examinations on December 3, 1974.

She is now eligible for state and national honors and will receive a specially designed award from General Mills, Inc., sponsor of the annual educational scholarship program.

SSS  
It is good to be back home after all the time I spent visiting in several rooms of the General Hospital at Wichita Falls. I feel like I could answer nearly any question that you could ask about their machines up there. They are great to find out just what your troubles are, but it is great that all that is over.

I have heard reports of what was the trouble I had -- well I would like to say that I did not have cancer, there was nothing wrong with my liver, nor did I have a heart attack. (They did not ever decide what happened to their machines or me about the liver and heart trouble -- but all the tests finally went back to normal). I did have a stomach ulcer and I lost that along with a third of my stomach. So I'm slowly getting back to normal again.

I would like to say a thank you to the person that wrote the O'Brien news the two weeks I was at Wichita. I think I'll just mention that her name was Loretta Hewitt and I understand she had some help in gathering the news, so whoever helped, I say thank you a million.

I have tried to get the names of the persons that donated blood for me so I

# KC Woman One Of Three From Texas At FmHA Se

Mrs. Genie Cobb, County Office Assistant for Farmers Home Administration, returned Friday from a one-week seminar in Office Management held at the College of Continuing Education on the campus of the University of Oklahoma, Norman, Oklahoma.

At the close of the course, students were given opportunities to evaluate the seminar and explain how and what

was found beneficial and could be taken back to each County Office for problem solving. Students will be contacted in April and asked to report on the progress made from ideas and methods of improvement adopted by the individuals.

## Historic Munday Hotel Burns Sat.

The old historic two-story hotel building in Munday was destroyed by fire Saturday night after firemen from Knox City, Benjamin, Goree, Haskell, and Munday fought the blaze for more than two hours before bringing it under control.

The building, formerly the Yarbrough Hotel, was owned by Jack Colville. Colville used the building during the summer months as a home for workers employed on his potato farms.

Mr. and Mrs. Ben Yarbrough bought the hotel in 1945 from John M. Terry and operated it until 1973.

Terry had built the 26-room structure about the turn of the century, according to a spokesman.

 This year was hard for us because we had to build us a new classroom. It took us around three weeks to build it, but it's finished now and it's real nice.

**JR. HIGH BAND NEWS**

 Last Tuesday it finally got warm enough to march. All we did mostly was have contests which were led by our band president, Robert Espinoza, because Mr. Glaze had some work to catch up on.  
 Last Wednesday, Thursday, and Friday Mr. Glaze was not there. Mr. C.H. Underwood was our substitute. All we did those three days was play the songs we had been working on all along.

## Coaches' Comments

by Coach Jerry Lowrey

The Greyhounds lost two games last week by the same seven point margin. Megargel beat the Greyhounds 71-64 in Munday on Thursday night while Hedley did it again at Paducah Saturday night with a 69-62 score.

Of the two games I felt we played much better against Hedley than Megargel, especially on defense. Hedley was the first team we've played this year that could physically outmatch us. Four of their five starters ranged in height from 6'3" to 6'6". Our full court press was what kept us in the Hedley game. Of course, both of these schools play only basketball year round which gives them an edge on you usually. Plus

they are both very strong this year and I feel both will be in the state tourney this year. Even though we did lose a couple of games, these tough ones are good conditioning for these other tough games ahead. I feel that both of these teams this year could compete on the AAA level.

I traveled to Robert Lee last week and scouted our Bi-District opponent Merkel as they easily defeated Wall by 18 points. They are still as tough as ever. But Wall wasn't even close to Megargel or Hedley by comparison.

Tonight the Greyhounds tackle another Class B toughie in Huckaby. The game is to be played at Graham starting at 7:00.

**R CAN RHEUMATIC FEVER BE PREVENTED?**

Unfortunately its cause is not completely clear. We do know that about half of all cases have had tonsillitis or a sore throat from one to four weeks before.

It must be recognized before the heart is seriously injured. Only a physician can diagnose it. Protect your children. Always consult your doctor when they have a fever or sore throat. If the diagnosis is early, rheumatic fever is not as dangerous.

In the shorter fifth grade only game, forwards Mindy Hutchinson, Melissa Whitley and Jeanna Richards and guards Maggie Curd, Jerair Eaton, and Debra Perry defeated the Munday fifth grade six-zip. Melissa Whitley was high point with four.

## Saluting the Texas farmer and rancher.

Thanks to the dedication and perseverance of Texas farmers and ranchers, Americans have always enjoyed the best food products and at the lowest price than any place in the world.

However, the ingenuity of Texas farmers and ranchers is being challenged to meet enormous food production demands while facing staggering increases in the cost of production.

Your electric cooperative is faced with the same challenge. Raw material shortages and sky-rocketing cost of natural gas have made the task of providing vital electric power an enormous one. But, as always, your member owned electric cooperative and ranchers and farmers of Texas will meet the challenge.

We've done it before and together, we'll do it again.

Frank Westfall of Dickens served as best man and groomsmen were Burton

Brendle of Lubbock, brother of the groom, and James Baker of Dickens. Larry Walton of Haskell, cousin of the bride, and Edwin Long of Dickens were ushers.

Doris Howell of Lubbock and Randy Hise of Lubbock, brother of the bride, sang "The Wedding Song" and "The Lord's Prayer", accompanied by Lana Bailey of Lubbock. Mrs. Carl Bailey was organist.

A reception followed in the Church. The bride's table was covered with a white linen cloth accented with a wide blue ribbon and bows on each end and in the center. The floral centerpiece was white and blue carnations and baby's breath. The three-tiered wedding cake was decorated with blue roses and topped with a miniature bride and groom in front of a heart made of lace and pearls.

Serving in the house party were Becky Solomon, Dawn Byrd, Mrs. Glenn Walton, and Mrs. Vergil Smith.

Becky Stufflefield of Lubbock registered the guests.

The class, under the supervision of Jim Dillon, plant and transplant their own seeds.

were guests of Ed Stanfield. Mrs. Rayford is the youngest daughter and lives in Houston.

Bill Manning called on Mr. and Mrs. Evans Ray the past week. The Rays' sons, Claude of Hart and Clyde of Lewisville, were also here to visit their parents. They all went to Rochester to the family home.

One new resident moved in last week. Mr. Elliott. He had as his guest "Pop" Watson.

Mrs. Canaday's daughter of Fort Worth visited with her mother for about a week.

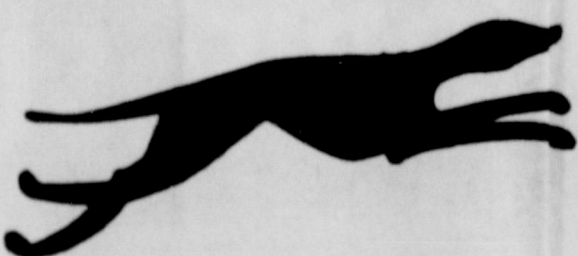

Different articles are being made by some of the residents, such as quilt tops, pillow tops, yarn flowers, and crocheted vest and cape.

(Editor's note: We are grateful to Mrs. Eubank for this column of news from the Brazos Valley Care Home. We have wanted to run news from the home for sometime, and now Mrs. Eubank tells us that she will write something each week.)
