Local's Mother Injured In Wreck

A two car head-on collision Sunday night near Munday claimed the life of a Goree man and injured a Haskell couple.

Local's Mother Injured In Wreck

The three victims were brought to Knox County Hospital and two were transferred to Wichita General Hospital in Wichita Falls.

Local's Mother Injured In Wreck

Mr. and Mrs. Fred Hilbers of Haskell sustained injuries in the collision. Mrs. Hilbers is listed in serious condition in the intensive care unit in a Wichita Falls hospital while Mr. Hilbers is in fair condition at Knox County Hospital.

Local's Mother Injured In Wreck

The accident occurred east of Munday on U.S. 277, according to DPS Highway Patrolman Brian Williams, who investigated the accident. Other investigating officers were Highway Patrolman Don Carmichael and Munday Chief of Police Melton Stapp.

Local's Mother Injured In Wreck

The accident occurred when the Shelton car attempted to pass a truck, the investigating officers said.

Everyone is invited to attend the open house.

Local's Mother Injured In Wreck

Members of the Foursquare Gospel Church will hold an open house for their pastors, Rev. and Mrs. Floyd Bailey Sr., Sunday, September 9 from two until four in the afternoon in their new home.

Local's Mother Injured In Wreck

The Baileys recently moved from the Foursquare parsonage to their new residence at 307 Main Street.

THE 1973-74 KNOX CITY GREYHOUNDS, pictured with the coaching staff and managers, are hard at work in preparation for the season's opening game to be played here Friday night with Rochester's Steers. Varsity members are from left, top row, Robert Taylor, Randy Egenbacher, Gary Carver, Freddy Granger, Billy Baker, Eddie 'Bo' Johnson, Art Crownover, Stanley Newton, Roy Posey, and Head Coach Dan Mullins; third row, left, Coach Jimmy Rogers, Ricky Hacker, Jimmy Lynn, Jerry Eaton, Joey Swain, Nefro Gonzales, Joe Huff, Charlie

Fiye, Cliff Ray, Dale Bloxham, and Coach Jerry Lowrey; Junior Varsity members, pictured second row from left, include manager Mike Tabor, Peyton Barnard, Johnny Espinosa, Robert Watson, Jerry Stamps, Tim Whitten, Rudy Hernandez, Jimmy Moore, Rusty Grimsley, Donny Skiles, and manager Randy Pack; first row, left, manager Ricky Bishop, Troy Lewis, Al Bateman, Jerry McCown, Mike Burkham, Billy Bob Reynolds, Larry Day, Kelly Robinson, Mark Howell, and manager David Butler. Several team members were not present.

Hounds Host Steers For Opener

Knox City Greyhound fans are looking forward to the football season's opener when the Hounds host the Rochester Steers this Friday night in Greyhound Stadium at 8:00 p.m.

The Hounds' returning starters and lettermen include Joey Swain, Gary Carver, Dale Bloxham, Ricky Hacker, Cliff Ray, Billy Baker, Stanley Newton, Randy Egenbacher, Roy Posey, Art Crownover, Eddie Johnson, and Charlie Fiye.

Other team members this year are Nefro Gonzales, Joe Huff, Jimmy Moore, Mike Lankford, Jimmy Lynn, Rudy Hernandez, Mike Burkham, Rusty Grimsley, Jerry Eaton, Robert Taylor, Freddie Granger

and Don Swearer. Coaching the Hounds again this year is Don Mullins who will be assisted by Jerry Lowrey, Jimmy Rogers, and Sam Nichols.

According to Coach Mullins, one of the team's assets this year is a backfield lineup that can play both a passing and a running game. The Hounds will be facing a much improved Steer team, which boasts a backfield with an average weight of 190 pounds.

Students Off To Colleges

It is again that time of year when many of this area's young men and women are moving to college and university campuses across the state.

The News annually attempts to list these students and the schools they are attending. In the event a student has been omitted, we ask that it be brought to our attention.

Attending Midwestern University in Wichita Falls this fall are Carol King, Brent Raliback, Lou Ann McGaughey, and John and Melody Heath.

Texas Tech University has enrolled Joe Barnard, Max Spencer, Debbie Wall, Danny Woodall, Kathy Verhalen, Belva Penman, Charlie Lieb, Victor Gonzales, Doris Howell, Greg Clonts, Don Ray, Phillip Newton, and Margaret Howell Goss.

Students attending West Texas State University at Canyon are Becky Swain, Rolanda Stubbs, Susan Stone, Cindy Foster, and David McGaughey.

Mike Newton has again enrolled in Texas A&M at Bryan. Alan Orr has enrolled at Odessa College.

Attending the University of Texas are Kenny Lawson, Mary Jo Campbell, and James Alsop. Tyler Junior College is the choice of Kathi Kent and Shar Shelton.

A student at Abilene Christian College is Debi Burson. Enrolled at McMurry in Abilene is Rogers Lankford.

July Bond Sales Given For County

Series E and H United States Savings Bond sales in Knox County during the month of July totaled \$14,676, according to County Bond Chairman M.L. Wiggins. Sales for the seven-month period were \$71,267 for 44% of the 1973 goal of \$160,000.

Sales in Texas during the month amounted to \$17,185,499 while sales for the seven-month period totaled \$137,169,781 with 63% of the yearly goal of \$216.6 million goal achieved.

In preseason scrimmages with Aspermont and Jayton, quite a number of mistakes by the Hounds were noted, but Coach Mullins expects these to be ironed out by game time Friday, he said.

In the scrimmage with Aspermont, which is picked to win its district, the Hounds acquitted themselves well, both offensively and defensively. However, in the Jayton scrimmage, while the Hounds scored well against the Jayton eleven, their blocking was not up to par, according to Coach Mullins.

The Hounds had a 7-3 season last year. They scored 252 points and allowed only 87 points against them. They lost to Rule in a non-district tilt with a score of 12-7. In the last five minutes of a heartbreaking game, the Hounds lost to Holliday 22-21, and ended the season by losing the final contest of the year to Archer City with a score of 26-0.

As in the past, post game fellowships for all students and football players, hosted by the community's churches, are planned for all home games.

The First United Methodist Church will host the first fellowship, which will be in Fellowship Hall immediately after Friday's game.

Fans are also encouraged to attend the Junior High and Junior Varsity games at Greyhound Stadium tonight. The Greyhounds will clash with Aspermont at 6:30 p.m., and following the Greyhound game, the JV Bullies will meet Haskell.

Benjamin Couple's Great-Grandson Dies

Clay Shawn Wells, 2½, native Wichitan and great-grandson of Mr. and Mrs. Rufus Benson of Benjamin, died in a Wichita Falls hospital August 26 after a brief illness.

Funeral services were conducted in Lamar Baptist Church in Wichita Falls Tuesday, August 28, with the Rev. Jim Benson, youth director of the church, officiating. Burial was in Crestview Memorial Park.

Survivors include the parents, Mr. and Mrs. Ronald Wells of Rt. 2, Wichita Falls; and grandparents, Mr. and Mrs. Herman F. Wells and Mr. and Mrs. Don E. Jennings, also of Wichita Falls.

Mrs. Jennings will be remembered as the former Wanda Benson of Benjamin.

Among those attending services were Mr. and Mrs. Rufus Benson, Mr. and Mrs. Billy Benson, and Rev. K.E. Woolley, all of Benjamin, and Mr. and Mrs. Vernon Benson and Mrs. Jewell Shipman, all of Flagler, Colorado.

Returns To KC

Mrs. Ada Mathison has returned to Knox City to make her home. Mrs. Mathison, who had lived in Wortham the past seventeen years, was widowed in May, 1972.

She will be remembered here as the former Ada Clark and she had kept and maintained her former residence at 800 South Second Street.

Teacher Appreciation Banquet Slated Tuesday

Parents, relatives, and friends of Knox City students are encouraged to participate in the annual Teacher Appreciation Banquet slated this year for Tuesday, September 11, at 7:30 p.m. in the school cafeteria.

This annual event is staged to honor the teachers and other school personnel, including teacher aids, secretaries, cafeteria workers, bus drivers, custodians, and other school employees. This gives Knox City's citizens an opportunity to recognize and show their appreciation for the many contributions in time and effort rendered by school personnel, both in the school system and in the community as a whole.

Local's Mother Injured In Wreck

A brief program, in which the new members of the Knox City faculty will be introduced, is planned.

Those attending are asked to bring a covered dish sufficient for their party plus one. Plates, tableware, coffee, and tea will be provided.

Local's Mother Injured In Wreck

Mr. and Mrs. Fred Hilbers of Haskell sustained injuries in the collision. Mrs. Hilbers is listed in serious condition in the intensive care unit in a Wichita Falls hospital while Mr. Hilbers is in fair condition at Knox County Hospital.

Mrs. Hilbers is the mother of Mrs. Wayne McKinney of Knox City.

The accident occurred east of Munday on U.S. 277, according to DPS Highway Patrolman Brian Williams, who investigated the accident. Other investigating officers were Highway Patrolman Don Carmichael and Munday Chief of Police Melton Stapp.

The accident occurred when the Shelton car attempted to pass a truck, the investigating officers said.

Open House

To Honor Baileys

Members of the Foursquare Gospel Church will hold an open house for their pastors, Rev. and Mrs. Floyd Bailey Sr., Sunday, September 9 from two until four in the afternoon in their new home.

The Baileys recently moved from the Foursquare parsonage to their new residence at 307 Main Street.

During the 27 years they have pastored here, Rev. and Mrs. Bailey have been honored on numerous occasions.

Prior to moving here the couple lived in Lubbock, Amarillo, and Los Angeles, California.

Everyone is invited to attend the open house.

Held Monday For Edna Hackfield

Services were held Monday morning at 10:00 a.m. at the Church of Christ for Edna Hackfield. Payne officiated and the Knox City Smith Funeral Home was in charge of arrangements.

Edna, 70, was found dead Saturday morning at 9:00 o'clock. She had responded to a call for a cultural cause.

Edna was born on December 20, 1902, in Abilene, Texas, and moved to Knox County in 1920. She died in Abilene.

Edna was a member of the Church of Christ. She had two sons, one in Oklahoma and one in California. Mrs. Mary

Ministers Work Together For Community Activities

Ministers of the First Christian Church, First Baptist Church, Foursquare Church, and First United Methodist Church met Monday night of this week to make plans for future community activities.

The ministers worked first of all on after-the-game fellowship for the young people of the community. The Methodists will host the first fellowship this Friday night following the Rochester game. Then the First Christian and Santa Rosa Catholic Church will have the fellowship next week following the Rule game. The Foursquare will be host after the Throckmorton game, the First Baptist Church after the Archer City game, and the Church of Christ after the Paducah game.

Plans are also in the making for a special weekend scheduled September 29 and 30. On Saturday morning at the monthly community breakfast, a guest speaker will share with the group of men and boys about the Fellowship of Christian Athletes. Saturday, there will be a covered dish supper for the young people who will have a youth choir from Abilene with them for the evening. On Sunday, the community-wide worship service will be at the First Baptist Church and sandwiches will be served following the service. Sunday night, there will be a sharing service at the First Methodist.

A community-wide Thanksgiving service is being planned for November 21 to be held at the Foursquare Church. Dick Richards, Methodist pastor, will do the preaching for this service with the other ministers participating in the service.

Attending the meeting were Floyd Bailey, Mike Wills, Roger Butler, and Dick Richards. A guest, Max Bradley, shared his ideas about the Fellowship of Christian Athletes.

Bulletin

The annual Band Calendar sales will begin Monday, September 10. This is the only fund-raising activity of the Band Boosters Club during the school year, and residents are asked to support this project.

CHAIRMAN OF THE WICHITA BRAZOS SWCD Lonnie Offutt, center, presents awards to J.C. Elliott, left, as the District's Outstanding Conservation Farmer, and Jack Idol, right, for his continuous service to the district. (Photo courtesy of SCS office)

Elliott Named Outstanding Farmer

At the regular noon meeting of the Munday Lions Club, J.C. Elliott of Goree was recognized as the Outstanding Conservation Farmer of the Wichita Brazos Soil and Water Conservation District, while Jack Idol of Benjamin was honored for his continuous service to the district. A plaque naming Elliott as the Outstanding Conservation farmer of the district was presented to him by Lonnie Offutt, Chairman of the Soil Conservation District, on behalf of the district and the Munday Lions Club, which sponsors this annual award.

In presenting the award, Offutt noted Elliott's many accomplishments in the field of conservation, much of which was carried out with the assistance of the Great Plains Conservation Program.

Mr. Elliott, who has been a cooperater with the Soil Conservation District since 1967, has completed much work in parallel terracing, diversion terraces, waterways, brush control, range seeding and pasture planting,

fencing, conservation cropping systems, residue management, and contour farming.

In his introduction of Jack Idol, Offutt noted that Mr. Idol was a charter member of the Board and was instrumental in forming the district in 1942.

Mr. Idol, who served 30 years on the Board before his retirement this year, was presented a pen and pencil set. It was noted that during this time, he was also active with many other organizations both in Knox County and statewide.

A brief resume of Mr. Idol's education and career was given.

A graduate of Texas A&M with a degree in animal husbandry, Mr. Idol was associated with the Luling Foundation in South Texas for four years, before joining the League Ranches, where he was employed for 37 years. Since his retirement from the League, Mr. Idol is actively overseeing his own farming and ranching operation.

Following the presentation of awards, Pete Elliott of the local Soil Conservation Service office presented a program on the history and operation of the Soil Conservation District, and its relationship to the Soil Conservation Service.

Lion President Tony Gauntt expressed appreciation on behalf of the Club to the Board members for their service on the Board.

Soil Conservation District Board members are Mr. Offutt of Munday, W.L. Ballard of Rochester, Emil Navratil of Gilliland, Charles Griffith of Benjamin, and Lloyd Patterson of Weinert.

"And God will open wide the gates of heaven for you to enter into the eternal kingdom." II Peter 1:11.
Here Peter is speaking of the kind of faith that Jesus gives to all who will believe to be able to overcome the trials of this life and be ready to enter into eternal life. He asks the question, "Do you want more and more of God's kindness and peace?" Then learn to know Him better and better. For as you know Him better, He will give you, through his great power, everything you need for living a truly good life. He even shares his own goodness with us. And by this same power He has given us all the other rich and wonderful blessings He promised; for instance the power to save us from the lust of rottenness all around us, and gives His own character. But to obtain these gifts you must work hard and learn to know God better and discover what He wants you to do. You must grow strong spiritually, become faithful and useful in His service, then He will open wide the gates of heaven for you to enter into the eternal kingdom." II Peter 1:1. Living Bible

Well, hunting season is here, and every hunter is busy in the evenings trying to get their limit of dove. The only thing I find wrong with this is that dove is not listed on the weight-watcher's program, and my two sons have brought home their limit two different days since the season opened. Not that I like dove that well, but I like to see the boys in action the best I can here.

Born July 3, 1896, in Alabama, she married George Green in 1934. They moved to Knox City from Rule in 1970. She was a member of the Church of God in Christ.

Survivors include a son, Larama Walters of Dallas; two daughters, Mrs. Euanna Hicks of O'Brien and Mrs. Winnie Bell Williams of San Francisco, California; two sisters, Mrs. Lula Mae Jackson of Los Angeles, California, and Mrs. Mary Gordon; eight grandchildren and 29 great-grandchildren.

Five Area Citizens Appointed On Committee

Five area citizens have been appointed to serve on the President's Referral Committee of the Lora Beth Ross Children's Foundation. Dr. Robert Howell, Mr. John McGaughey, Mr. Douglas Meyers, Miss Martha Jones and Reverend Rodger Butler will assist the president, Lora Beth Ross, in taking information when a request is made for service to children. Funds will be available for assistance in meeting the medical and educational needs of children.

In some cases 100% of a cost for service will be provided. In others, a smaller per cent of cost will be provided according to a parent income and ability to pay. The committee will screen information and make recommendations as to which requests should be considered by the Foundation.

Volunteers may notify committee members if they are interested in providing transportation for a child who must go to Abilene, Lubbock, Wichita Falls, Dallas, or Fort Worth for medical services. Mileage will be paid by the Foundation.

The Children's Foundation is a non-profit private foundation chartered by the State of Texas. It is hoped that by the spring semester public donations will be of sufficient proportion to donations from the three founding board members that a new classification of non-profit public foundation can be requested.

Inquiries concerning the Foundation may be made by calling or writing the above named committee members or the officers of the Foundation: Lora Beth Ross, President (Box 601, Knox City 79529); Dr. Marjorie Keele, (12512 Croydon Circle, Dallas 75230), and Reba Walker (1902 Delta, Arlington 76012).

Provisions Told For Upland Cotton Program

The Agriculture and Consumer Protection Act of 1973 provides for a four-year program for Upland Cotton, Feed Grains, and Wheat. The major provisions of the Upland Cotton Program for the 1974 crop were announced on August 27.

According to Jerry L. May, local ASC director, the basic program provisions are:

A. The National Base Acreage Allotment is 11,000,000 acres for 1974.

B. There is no set-aside requirements for 1974.

C. There are no conserving base requirements for 1974 through 1977.

D. There will be no preliminary payments. Any payment due will be made after January 1, 1975.

E. Any program payments to be made will be based on the target price of 38 cents per pound for 1974. If the average market price received by farmers during the 1974 calendar year is at or above 38 cents per pound, no deficiency payment will be made. However, if the average price is below 38 cents, the producer will receive a payment which will be the difference between 38 cents and the higher average market price or the loan level.

F. The planting of cotton is still required in order to be eligible for payment, except that the allotment acreage not planted because of drought, flood, other natural disaster, or condition beyond the control of the producer is eligible for payment, based on 1/2 of the established target price.

G. A farm may qualify for a special payment if any part of the allotment was prevented from being planted or the farm does not produce two-thirds of the farm's expected production because of drought, flood, other

natural disaster, or conditions beyond the producer's control. H. The 1973 Act limits the total payments to any one person under one or more of the annual programs for Upland Cotton, Feed Grains, and Wheat to \$20,000. This limitation does not apply to loans; however, it does include both the deficiency and special payments.

I. A preliminary loan rate of 25.26 cents per pound, applicable to middling one-inch upland cotton (micronaire 3.5 through 4.9) net weight, at average location in the United States. The preliminary loan rate may be adjusted downward if world prices should decline.

J. The skip-row planting rules are unchanged from those in effect for 1971 through 1973 crops.

K. The same 90 percent planting provision and loss of allotment are the same as under the 1970 Act.

L. The provisions of the law relating to establishing the payment yield for the farm are the same as in the 1970 Act.

M. The new Act authorizes transfers by lease, sale, or owner transfer to any farm.

N. Producers may substitute any no-conserving crop (excluding marketing quota and sugar crops) to protect the allotment and may also protect the allotment with a conserving crop used for hay or for grazing.

FROM SAN DIEGO

Mr. and Mrs. Hardy Day, Jayson and Loren of San Diego, California, arrived by plane Thursday to spend several days with his parents, Mr. and Mrs. Roy Day, and other relatives.

A Weekly Report Of Agri-Business News

Compiled From Sources Of The Texas Department of Agriculture
John C. White, Commissioner

Good News and Bad News... Brucellosis Hearing Date Changed... Pink Bollworm Problems... Broiler, Egg Hatch Drop, Turkeys Increase.

Good and bad news faces Texas livestock producers relating to the screwworm situation. The Fall of the season is approaching, and this always means a build-up in screwworms. More than 1,000 cases have been confirmed in Texas so far this year, and it's expected this will increase considerably through the Fall.

Meantime, officials at the fly laboratory in Mission urge all livestock producers to check their herds regularly, treat wounds on livestock for screwworm control, and submit suspected samples of screwworms to the fly laboratory at Mission.

Your county agent or agriculture teacher has shipping vials which can be used free of postage charges to mail to the laboratory. The number of cases this year is very low compared to last year.

The good news about screwworms is that work is now underway on the sterile fly plant in southern Mexico. When that plant is in operation, 300,000,000 sterile flies per week will be dropped throughout Mexico to eradicate that pest there.

Once that is accomplished, the screwworm in Texas will be a thing of the past. But until that is finalized, authorities want all livestock producers to continue to submit suspected screwworm samples so that appropriate measures can be taken to fight the pest.

A PUBLIC hearing will be held in Room 117 Sam Houston Building, Austin, Oct. 1 by the Texas Animal Health Commission to discuss new brucellosis regulations for Texas as well as proposals for garbage feeding.

A series of hearings has been held throughout the state this past month to explain the regulations affecting brucellosis control. Everyone interested is invited to attend the meeting.

EGG production in Texas during July is six per cent below a month ago, the Texas Crop and Livestock Reporting Service notes. Egg production in Texas totaled 208,000,000 during July. The 11,000,000 layers averaged 61 eggs daily per 100 hens for the month.

Layers on hand were down six per cent from a year ago, and were down one per cent from June.

The July hatch of egg-type chickens in Texas during July is down one per cent from a year ago, and 42 per cent below a month ago.

The turkey hatch in Texas during July was up 26 per cent from a year ago, but is down 36 per cent from a month ago.

COTTON stalk destruction in the Lower Rio Grande Valley has been extended until Sept. 30, Texas Agriculture Commissioner John C. White reports.

The normal deadline was Aug. 31, but because of adverse weather conditions, the delay in cotton stalk destruction was granted. White urged farmers to destroy cotton stalks as soon as possible in order to prevent build-ups in cotton insects for the 1974 crop.

RURAL development leaders from throughout Texas will be in Austin Oct. 23 for a rural development seminar.

A final report of the Texas Rural Development Commission will be presented. Ways in which rural Texas can be redeveloped will be discussed by a number of outstanding rural development leaders and specialists.

FROM LAMESA

Attending Sunday morning services at the First United Methodist Church were Mr. and Mrs. Max Sellers of Lamesa. The Sellers are former Knox City residents.

Mrs. Sellers, the former Ernestine Toaff, teaches fourth grade in the Lamesa school system. In addition to his farming, Mr. Sellers is the vocational service officer at Lamesa.

I believe that our game with Rochester this year will be a different type game. We will have to use a ball control type offense and our defense will have to stop a 190-pound average in the Rochester backfield. From all indications, they are a much better team this year.

We play a JV game and a Junior High game here this Thursday (tonight), with the Junior High boys going against Aspermont, while the JVs will go against a tough Haskell eleven. The Junior High game will begin at 6:30 p.m. with the JV game to follow.

About 200 persons attended
the Truscott reunion last Satur-
day night, according to a count
by the Truscott Home Demon-
stration Club which sponsors the
affair. It was said to be one
of the largest reunions held and
several attended who had not
been to previous reunions.

A prominent feature of the
supper table was a beautifully
decorated cake inscribed
"Truscott Reunion - 1973"
which was presented by Mr. and
Mrs. Charlie Caram of Fort
Worth who were attending the
reunion for the first time. The
Carams reported that his uncle,
Sam Caram, a former Truscott
merchant, is now living in Fort
Worth.

After supper in the old drug
store building the crowds moved
out to the street to visit and
listen to the country music and
singing provided by Paul Bul-
lion, Charles Branch, W.C.
Langford, Jimmy Cash, and
H.B. Mattocks. Gail Bullion and
Jimmy Daniel also sang.

Plans are underway for a 1974
reunion on the Saturday Labor
Day weekend. Gilliland will also
hold a reunion in 1974 on
Sunday the same weekend.

Several former members of
the Truscott Sub-Deb Club
revived memories of spending
Saturday afternoons in the
drugstore drinking ice cream
sodas, chasing boys, and sing-
ing the "Gopher Girls" song,
while the adults sat in cars
parked in the middle of main
street waiting for the afternoon
mail train and watching the
young people.

Farm And Ranch News

By Herman Collier

What factors really caused
the current "shortage" of meat
-the boycott earlier this year or
the government price ceiling?

"The old concept that a
producer is a price taker rather
than a price maker is under-
going a rapid change in this
instance," pointed out Dr. Ed
Uvacek, livestock marketing
specialist with the Texas Agri-
cultural Extension Service. He
emphasized that while the boy-
cott in April was real and prob-
ably did have an impact on the
total price of beef, yet it may
have caused the producer to pull
back on production, thus creat-
ing shortages.

"We have moved from the
boycott phase to just the oppo-
site viewpoint where consumers
are concerned," Uvacek added,
pointing to trends of hoarding
meat.

After the meat price ceiling is
lifted on September 12, fed
cattle prices are expected to rise
and then fall back to about 51
cents per pound during the
pass-through phase. This price
rise, however, may actually
already have been anticipated
and therefore realized.

His prediction for November
saw fed cattle selling from 52 to
53 cents a pound, with the price
range for the first quarter of
next year prevailing around the
50 to 52-cent level.

"Feeder animals -- those
weighing 600 to 700 -- are
currently selling from \$5 to \$7 a
hundredweight above the com-
parable fed steer prices. By this
fall, however, feeders should
move more in line with finished
cattle prices and should range
from \$2 to \$4 per hundred-
weight above fed cattle prices,"
Uvacek forecast.

"Cow prices should follow
along with feeder trends, but
here we are talking about
salvage value, since there are
few cow offerings," added the
specialist.

**REVIEW GARDENING AND
PLAN FOR NEXT YEAR**

Now that the hectic pace of
spring and summer gardening is
over, why not sit down, relax
and reminisce a bit and make a
few notes of your successes and
failures during the past season.

Records of your gardening
experiences will be invaluable
next spring. These records
should indicate your experi-
ences with various plants and
crops, how they performed,
whether they were promising,
or whether they failed.

Some keep a record of parti-
cular cultural practices that they
used, how much fertilizer was
applied, what chemicals were
used to control insects, diseases
and weeds, and any other items
that may have affected the
performance of your garden
plants.

Gardening, as all other en-
deavors, should be a learning
experience. This learning pro-
cess can be much more effective
and enjoyable if adequate re-
cords and other information is
available on past practices and
performances. It's also a
primary method of determining
whether or not any progress was
made through increased pro-
duction or improved quality of
products.

As fall approaches, think
about the season just past and
prepare yourself for a bright
new spring in 1974.

and Mrs. Cornelia McDaniel of
Crowell were at the reunion. He
operated a hardware store in
Truscott for many years.

**RESULTS OF GRAIN
SORGHUM**

Dryland grain sorghum vari-
ety demonstrations were har-
vested August 12 and 16, 1973,
on the farms of Zeissel Brothers
and County Judge Sam E.
Clonts, according to county
Extension agent Herman H.
Collier. The demonstrations are
run by these producers in
cooperation with the Knox
County Program Building Com-
mittee and the Extension agent
to compare yield and local
adaptability.

The 9 variety Zeissel demon-
stration, located 2 miles south-
west of Rhineland, was planted
August 21, harvested by combine
August 12 and weighed by
variety blocks. Preplant ferti-
lizer applied was approximately
63-34-0.

The yields per acre were:
Golden Acres TE-66B -- 2,945
lbs.; Growers ML-125 -- 2,840
lbs.; Funks G-577 -- 2,809 lbs.;
Funks G-490 -- 2,790 lbs.;
Golden Acres TE-Champ 2,565
lbs.; Northrup King NK-222 --
2,5527 lbs.; PAG-429 -- 2,520
lbs.; Excell 433 -- 2,455 lbs.;
R.C. Young YE-902 -- 2,330 lbs.

It should be mentioned that
a few head of cattle crossed an
electric fence and grazed a little
on the R.C. Young YE-902 for
awhile which would have affect-
ed this yield some.

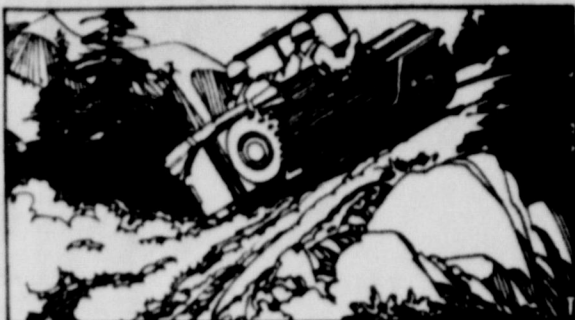

Judge Clonts' 3 variety dem-
onstration located 2 1/2 miles
southeast of Knox City, was
planted May 4 and hand block
harvested August 16, dried and
yields calculated. Fertilizer
side-dressed after emergence
was approximately 40-0-0.
Yields for the three varieties
were: Funks G-490 -- 2,147 lbs.;
Growers ML-125 -- 2,140 lbs.;
Excell 433 -- 2,092 lbs.

These are results of only one
year's demonstrations and
should not be considered as long
range scientific research.
