Farmer Wins Tournament

Farmer and Wilson 9-9 In Finals

Panny Farmer of this city defeated Jack Wilson, also of this city, nine (9) and nine to go Sunday in the scheduled 36 hole final match of the tri-county golf tournament. Panny replaced Jack, who won the crown for the second time last year, as holder of the title.

Farmer had an almost unbelievable medal score of 19 under par for the 27 holes played while Jack was one over par. The ten under that Panny shot was by far the best score ever turned in over the Haskell course. Panny also won the driving contest.

MUNDAY MAN DIES SUDDENLY

Wednesday evening about five o'clock Mr. B. L. Bowden, age about 55 years, died in his chair while reading. Funeral services are being conducted this afternoon, Thursday, at three o'clock.

Mr. Bowden was commenting upon the death of Wallace Ross in Monday the first of the week, when Mrs. Bowden asked him to read the article concerning Ross' death to her. He answered but failed to live to read the story. He is survived by Mrs. Bowden and two children, Noel and Bernice, and a number of other relatives.

Mr. B. L. Bowden was an uncle to Chester and Ira Bowden both of Chester.

Ben Farmer, J. A. Wilson, Chad Wilson, Press Clarke, Kenneth Edwards and John Elbert Smith were in attendance at the finals in the tri-county golf tournament played Sunday between Panny and Jack in Haskell.

Mrs. C. H. Keck and Mrs. Joe Averitt spent Thursday and Friday of last week at the Baptist Encampment in Leuders. They took Mrs. Averitt's family down of the remainder of the encampment.

Miss Johnnie Chestnut of Colorado City is here visiting in the home of Mrs. Curtis Coats. She is a friend of Earl Clements. Mr. and Mrs. Coats and Miss Chestnut and Earl spent the first of the week at Miller Creek fishin'.

LOCAL DONATIONS MADE FOR RHINELAND PICNIC

The people of Rhineland are very grateful to all who in any way helped to make their picnic on the fourth a success. A list of the donations and their donors from Knox City are given below. Rhineland wishes to extend to each and every one of them their sincerest thanks. This concrete demonstration on the part of the business people of Knox City for their good will and solicitude for the continued welfare of the people and their institutions who are more or less, their trade territory cannot but prove mutual profitable.

THOMASON FUNERAL SATURDAY

Funeral services were conducted from the First Christian Church in Knox City for Mr. Howard Thomason, former Knox City man. Mr. Thomason lived in Coolidge Arizona at the time of his death, being sent back to Knox City to be placed by his father in the Odd Fellow Cemetery.

Mr. Thomason was reared in Knox City having attended the Knox City school. He volunteered and joined the army from Knox City during the world war. After the war he moved to Arizona and began farming. He was working 1200 acres of land, irrigated, in Arizona this year.

Mr. Thomason was a bachelor 42 years of age. He is survived by his Mother Mrs. Sallie Short of Crockett, three brothers and four sisters. Two brothers, Bill Thomason and his wife and son, Hagan Thomason with his wife all of Fort Hancock were in attendance at the funeral here Saturday. Three of his sisters Mrs. Robert Gere of California, Mr. and Mrs. Spivy and 4 children of Jackboro and Mrs. Silas and two daughters and son from Crockett were also in attendance at the funeral services. Other relatives present were Mr. and Mrs. Homer Shaw, Mr. and Mrs. Steele and another Mrs. Shaw all of Abilene. One brother and one sister were unable to be present.

Funeral services were conducted by Brother Bedford Smith, pastor of the First Christian church. Interment was made in the Odd Fellow Cemetery.

Mr. Thomason had been ill all this year having undergone several operations.

CHARLES RICE CLUB OFFICE

Charles Rice of Knox City has been elected secretary-treasurer of the newly organized School Administration Club of the North Texas State Teachers College, Denton.

The purpose of this club is to promote all phases of school administration by encouraging high professional ethics among school administrators.

Below is the official ballot for the Beer election Saturday, July 21st, 1934, let every one go to the polls and do their duty for our town and County next Saturday. To vote against Beer, draw a line through the first paragraph. To vote for Beer, draw a line through the second paragraph.

FOR the sale of beer, wine, vinous, or malt liquors, containing not more than three and two tenths (3.2 per cent) percentum of alcohol by weight.

AGAINST the sale of beer, wine, vinous or malt liquors containing not more than three and two tenths (3.2 per cent) percentum alcohol by weight.

MRS. E. F. BRANTON ASK YOUR SUPPORT FOR COUNTY SUPERINTENDENT

In making my campaign for County Superintendent I have endeavored to see every one, and wish to express to you my sincere appreciation for your consideration shown me. If I have failed to see you will you accept this as a personal request to vote for me for County Superintendent? I have had 15 years of teaching experience, having taught the past 12 years in one school and hold a B. A. degree in Rural Education. Will my work in Knox County schools I feel that I am thoroughly familiar with the needs and desires of them through practical experience rather than theoretical conclusions. I shall appreciate your vote, and ever strive to be worthy of your vote of confidence you place in me.

Respectfully,
Mrs. E. F. Branton

Mrs. Otis Cash is visiting an old school friend, Mrs. J. W. Jones, in Gilliland today. Thursday, Mrs. Jones lives in Lockney but is visiting her mother in Gilliland. She and Mrs. Cash were friends when in school in Denton.

Dr. Elland is now located in Dr. Frizzell's office taking care of his patients while the Frizzell's enjoy their vacation. Dr. Elland is also assisting Dr. Edwards.

HENRY ARLEDGE BUILDING GARAGE

Work began last week on the new car shed of Mr. and Mrs. Henry Arledge. It is to be a perfectly nice garage and is located back of the spot where Mrs. Arledge hopes to get the house built. Now Henry is anxious about that house too but we wouldn't be surprised if the neighbors see Henry, early some morning, come stumbling out of that garage rubbing his eyes and wearing spotted pajamas.

Work will doubtless begin on the Arledge home soon.

FISH STORY NOT JUST A STORY

Quite the most realistic fish story thrust upon the ears and eyes of the local citizenship in some time was that Wednesday by Jim Humphries, Grady Benedict and Rufus Phillips. A fish story that was not just a story.

A huge string of bass, cat, crople, drum and others that the average onlooker failed to recognize, was displayed at the rear of the Benedict Grocery about three o'clock Wednesday afternoon. The fish were strung in two lines and held in front of the camera while the three fishermen managed to get their heads in the scene. Several pictures were made.

The largest fish weighed about six pounds while all totaled about 100 pounds. The catch was made in Lake Kemp, the men having spent two nights there.

The display of this fish was the most exciting happening in the city this week; with the exception, of course, of the anxiety of the three other fishermen in getting off to the lake, Henry Jones, Jimmie Ashcroft and Earl Benedict spent Wednesday morning sculliquizing on their trip to the lake as soon as the first said three returned home. Henry Jimmie and Earl planned to leave as soon as the first party drove in with the boat; however, it was noticeable that their departure was some time later. No doubt they were mentally comparing their return with that of Jim Grady and Rufus.

Mr. and Mrs. Walter Keck and two children of Seymour and Melton Keck of Mabelle were guests of Mr. and Mrs. C. H. Keck Sunday all went to Rochester to visit with Mr. and Mrs. Ogle Robinson.

CAPSULES TO BE REVEALED SOON

The ladies of the Methodist church are looking forward to the date on which Capsule Sisters for the past six months will be revealed. The date will be Wednesday, July 25 and the occasion will be a social in the home of Mrs. John A. Swift. All ladies of the church are invited to this social, and especially are those who hold capsule sisters urged to be present. This revelation is always startling to many so be present for the fun.

The Missionary Society met this week in the home of Mrs. Lloyd Waldrip. Twelve members were present and the Bible Study was held. The society meets next Monday with Mrs. G. W. Coats on which date the ladies will conclude their present Bible Study course. It is hoped that the attendance will increase in number for this final lesson.

The hour of meeting for the society has been set for four o'clock.

Here and There

Another week has passed and no rain; we have been placed on the primary list of drought stricken counties; will have an election on the return of beer out thank goodness, we don't have a strike. While there are some people around the country who won't work we know quite a few who would like very much to have something to do.

And while quite a few things have or have not happened to Knox City, there still remains quite a few things that have or have not happened here. Understand?

One of the things that has not happened yet but that is going to happen is a candidate speaking Saturday night including the candidates for Commissioner. That'll bring out the voters.

The Stroller picked up the trail early one morning just around the Bank corner and found Metts, chief at the telephone exchange, plugging at the switch board. Not fooling, Metts is good.

Lady Withrow was turning out customers, all washed and ironed, like a steam laundry. The customers looked good to.

Barber Reid was removing the whiskers from his own chin while "Red" looked on with satisfaction. So that question is settled; barbers do shave.

Clifton the hamburger king was expounding on fish and fishing trips while Jimmie Ashcroft, Henry Jones and Earl Benedict were grouped in front of the Benedict Grocery making plans for the fishing trip they are enjoying today, Thursday.

Guy Robinson was to his elbow in flour and what not, making pies and baking bread. Regardless of the weather, folks have to eat says Guy, so he keeps right on baking.

Jack McCarty was enjoying the cool of the morning since he already knew that the afternoon was going to be hot.

Mr. and Mrs. Olvis Hamm were parked in their car in front of the Hamm Service Station and simply having to hold lady Zana Ann Hamm to keep her from pumping too much gas in the tanks. You have heard all about "the fond mother", well, just happen around the station when Zana Ann is present and Olvis will give you a demonstration on the "fond father".

Olvis is justified in his affection for his young daughter for Zana Ann truly is a cute little miss.

At Porter and White's Feed Store I found Mrs. Bollen taking good and proper care of the business while Sam was gaitivating about in Fort Worth.

At this point I abandoned the trail of the stroller, got in the Henry Wagon and went home.

MARTIN TO SPEAK FOR ALLRED

Honorable Bernard Martin of Wichita Falls will speak to the voters of Knox City and vicinity in the interest of the candidacy of James V. Allred Saturday, July 21 at 8 p. m. Come and hear what Mr. Martin has to say.

Mr. and Mrs. George London of Throckmorton were guests of Mrs. M. D. Metts Sunday afternoon.

John Coats found business in Benjamin Tuesday.

HOSPITAL NOTES

Patients in the Knox County Hospital this week are Mrs. C. N. Taylor of Haskell, Mrs. Gipson of Union Grove, Mrs. Andrew Stout of Seymour, Mrs. Jones of Munday, T. W. Erwin of Dallas, Mr. McKinney of Haskell, A. B. Tanner of Munday and Mr. Hudson of Rochester.

Mrs. W. H. Chapman of Haskell was in Saturday for X-Ray pictures.

For the next four years the person elected to the office of County Superintendent is going to be largely responsible for the progress of public school education in Knox County. For that reason, your county superintendent should be a person of integrity, executive ability, and possessing educational qualifications. He should be acquainted with the educational needs of his people, and this is best made possible by being acquainted with their economic condition, their

firming methods, their ways of living, and their school problems. I respectfully refer the people of Knox City and vicinity to the people of the Sunset Community to find out my record as a teacher and interest in school affairs. My friends, there is one more week left before the election. May you use the week wisely to weigh the merits of the candidates for the office of county superintendent and choose that person whom you think best qualified. I take this occasion to

thank the people of Knox City and vicinity for the support you have taken in my candidacy. I shall appreciate it if you may pass along during the next week in my behalf and if on the day of the election you choose to vote for me, I shall appreciate it.

WOMEN'S ENCAMPMENT

More than 200 club women from Haskell and Knox Counties gathered in the Cartwright pastures last Thursday and Friday for a most enjoyable meeting.

After a picnic supper brought by the women, they enjoyed a general sing-song. As a main feature of the encampment, each club represented gave a stunt. Hefner Club, Knox Co. won first place, Mitchell Club Haskell County, second and Munday club, Knox County, third.

After breakfast Friday morning, each two women were given a sack and a list of articles to be found. After thirty minutes of hunting over the pastures they were all called in and a prize was given to the two finding the most.

The sensation of the entire encampment was the Baseball Game between the Haskell and Knox County Club women. Haskell County won by a score of 17 to 12. This was the beginning of a series of baseball games between the two counties. Knox County will go to Haskell, Thursday July 26 for a game.

The business session was called by Mrs. Frank Bowley, President of the Encampment. The Minutes of the 1932 encampment were read by Mrs. Marion Ryder. Each club answered roll call with a report of what they were doing in their clubs. General reports were given of the work in each of the counties. Officers for 1935 were elected and the

meeting adjourned to meet in Haskell county next year.

HASKELL-KNOX CLUB WOMEN BALL GAME THURSDAY, JULY 26 AT HASKELL

The Home Demonstration Club Women of Haskell and Knox Counties will play baseball in Haskell, Thursday, July 26 at 4:00 o'clock. The admission is 10 cents and this money will go into the canteen after being divided, to help in defraying the expenses of that organization. This promises to be a most interesting and unusual game and every one is asked to remember this date and be there to help us win.

STORY WRITTEN BY MRS. J. E. CURE WON IN THE CLASS 1 WARDROBE DEMONSTRATION

I was using a chiffon robe for my closet and it was so short and small that my dresses were always wrinkled at the bottom. My husband and I built a closet in my bedroom. I used mostly scrap lumber that we had on hand for the frame and we used card board for the side walls and door. The closet was equipped both inside and out. We built three shelves on one side for folded garments and hats and made a rack for shoes. In making this rack we used broom handle that extends the full length of the closet. I built a long dress shelf over the rod and I use this shelf for storing articles not frequently used. The total expense of my closet was 96 cents. I now realize the value of having adequate storage space. I planned my wardrobe and provided the clothing needed and am now able to care for them properly. A place for everything and every thing in its place is my slogan now. I took pictures of my closet before and after improvement.

I have my foundation pattern and have used it for all my dresses since I made it. Including my club dress, I have given two demonstrations on the various ways of using the foundation pattern. I have made or helped make 18 foundation patterns for myself and others. I have learned to select more carefully the lines and colors most becoming to myself and when buying materials to consider the quality before the price.

My year as wardrobe demonstrator in Class 1 has been most pleasant and profitable. I feel like I am better qualified to help my neighbors with their sewing problems.

I planned my clothing budget not to exceed \$75.00. I have kept records of all expenditures and the total amount I have spent is \$58.21.

Mr. and Mrs. Thadeus Denton of Yuba City California spent the past week here with his family N. T. Denton.

Mr. Elmer Gentry of Wellington is here visiting his mother, Mrs. Gentry and his sister, Mrs. S. L. White.

Mrs. W. H. Tuggle and children of Galveston are visiting this week with her mother Mrs. M. E. Humphries, and other relatives.

Mrs. Nellie Mae Withrow and children spent Saturday night and Sunday with relatives in Altus Oklahoma.

Mr. and Mrs. Charley Hughes and children returned home Tuesday from a trip to Cleburne, Dallas and Midlothian.

Mrs. Z. T. Rogers, who spent the winter with her daughter in Corpus Christi, is here now with her daughter Mrs. T. S. Edwards.

Mrs. Travis Dean of Hamlin spent from Saturday to Tuesday with relatives here. She was accompanied home by her brother Billy English.

Mr. and Mrs. E. Shaver, Mayme Shaver and Miss Edna Anderson spent Saturday of last week in Wichita Falls.

Knox City defeated Seymour in tennis tournament here Sunday. Five matches were played Knox City winning each one.

Except in the larger cities, electric service was rarely satisfactory before long-distance transmission of electric power was perfected.

Small local plants serving single communities generally lack the variety and volume of demand which enables a larger system, serving a wide area, to operate efficiently.

Not can small, isolated plants meet sudden new demands for more power nearly as readily as the larger system.

The transmission line can deliver larger amounts of power at once without the delay of installing additional equipment. Thus it clears the road for industrial growth.

The present-day industrial progress of small communities is based in a large measure on the ample and economical power supply which resulted when the transmission systems replaced small local plants throughout the nation.

With 2,603 miles of transmission lines, the West Texas Utilities stands ready to render satisfactory service to 159 prosperous cities, towns and communities throughout West Texas—"The Land of Opportunity."

Do you know that your increased use of Electric Service is billed on a surprisingly low rate schedule . . . and adds only a small amount to your total bill?

To The Voters of Knox

In asking for the office of Tax Assessor-Collector of Knox county, let me say that I have spent my entire life in the county and have never before asked for public office, and if the people of the county believe in passing public positions around among the citizens, I believe I should have your earnest consideration, since both of my opponents have held public office for a number of years and are holding public offices at this time, one of my opponents being at this time Tax Assessor-Collector, which office he has held for the past 8 years, and the other opponent being at the present time Public Weigher at Munday, one of the best paying offices in the county, which office he has held for the past 6 years, and if the voters believe that public offices should be passed around, I ask that you cast your vote for me July 28. I have been a resident of the county 47 years and have not before asked for public office.

If the voters of the county see fit to honor me with this position of trust, I pledge them that I shall serve to the best of my ability, and I believe that I am fully as well qualified to do this as either of my opponents, and I earnestly ask that you consider my candidacy before casting your ballot.

Congress From This

where I swept floors and tended fires for my tuition. After that I worked as a hired hand on a farm for some years; from that, I went to employment in town in a factory for about eleven years. In 1901 I moved to Vernon—a young man with my little family to make our home. Where I entered upon a small business requiring much personal hard labor and strict economy for twenty odd years. As many of the constituents of the District will recall my more detailed statement of two years ago, this is all I shall say in this respect, except, I do want to state that I am glad I served the youngest and strongest years of my manhood in the performance of hard work, as I believe that experience would be worth much to me and you as your representative in the national Congress.

Two years ago I offered a constructive program in the interest of the people. My many years of political observance brought to my attention the fact that all our panics and depressions, for the past fifty years at least, have been the direct result of high money. Some will doubtless remember that in my campaign two years ago I spoke in favor of our government leaving the gold standard of bimetallicism and inflation as a necessary move for financial relief; I also advocated guaranty of bank deposits, while my opponents did not mention these points. This was before anyone knew who might lead our national government at this time. Now as it is a fact that we are off the gold standard and the administration has adopted the bank deposit guaranty and the silver bill measure, and our country is on a much better business basis, was it a mere guess or pipe-dream of mine that such a revolutionary program as I proposed in my campaign two years ago was needed? Or do you believe that my experience in political history led me to see that these two major acts in our national government were necessary? Some of my friends who thought I was wrong two years ago have recently voluntarily told me I was right on these points.

I am in absolute sympathy with our President's program of keeping our navy equal to the greatest. Some think we should be adding more strength to our army and auxiliaries or our defense, but I am sure this will be duly taken care of when necessary by those in command and as our President may indicate. With our distance from the major warring nations of the world, I do not believe it necessary to hurriedly rush millions and billions of dollars for defense purposes more than is being

provided at this time.

In connection with war procedure by our country, if ever again, I favor taking all profit out of war. I believe our government should commandeer all war manufacturing plants as soon as Congress declares war, and a nominal interest only be paid for the use of same. When this is done, the less apt is our country to be drawn into war. It is the merciless greed for staggering war profits by the big munition profiteers that clanks the bells of war spirit throughout our country occasionally.

I heartily favor a small old age pension by the Federal Government for all who deserve it, same not to conflict in any way with such pensions by the states.

I am pleased to observe that our President has under consideration unemployment insurance and am quite sure he will perfect a request upon our next Congress in this regard, and I hope to be able to cooperate with his plan for such a bill as your representative.

I favor outlawing the professional and paid lobbyist from the halls of Congress. They constantly pull and tug at the members, interfering with their work and presence in the chamber, that they may gain their ofttime nefarious ends.

I strongly favor amending the Constitution of our country, making it a long term sentence in Federal prison for any Congressman or U. S. Senator to accept a retainer fee from or represent an person, firm or corporation.

The ex-service men have no stronger friend than I. Two of our sons enlisted in the World War one in the army, the other in the navy. I favor paying the adjusted compensation certificates as quickly as possible and the remittance of all interest now accrued against that part of the bonus that has been paid. I will unflinchingly, as your representative, fight for elimination of this interest.

As indicated two years ago, I favor holders of notes and mortgages on homes and lands paying taxes on such paper, and that homesteaders, farmers, and stockmen pay taxes only on such equity as they way have in mortgaged property of all kinds.

I am led to believe that our government should stop issuing non-taxable securities and bonds; that holders of our government paper should pay a tax on it; that we should issue currency under rigid statutory control, with which to pay off the outstanding bonds thus stopping the paying of interest on them; this currency being subject to recall and cancellation as may become expedient. This is a very important point in economic government that I shall study more fully.

FOR

County Judge

In asking that the citizenship of Knox County elect its responsible office of County Judge I believe it but proper should make known my position on certain policies which I follow should I be honored with this position of trust.

Believing as I do in a full democracy, I shall not, as proposed, sanction the issuance of bonds or warrants to the limit fixed by the laws of this state, upon the issue of the county without first submitting the issue to a vote of the people. It is my belief that such matters should be decided by those who will have to pay the obligation incurred and not by the members of the Commissioner's Court.

I believe that it is the sworn duty and obligation of the Judge to see that every section of the county is equally and justly treated in every respect, and it shall be my aim to see that no section of the county is discriminated against in any whatsoever, if I am elected your County Judge.

I believe that tax valuations should be adjusted as nearly as possible as it is humanly possible to do, and as your County Judge I pledge that I shall stand for equal justice to all and special privileges to none in regard to valuations on taxable property. I believe it is wrong to lower valuations of corporations within the county and not make a like reduction on the farm homes of the county.

I believe that your County Judge should have some understanding and knowledge of the laws with which he must deal in his position, and while I am not a licensed lawyer, I have given study to the laws of the state, and having served in the legislature for 4 years, I believe that I have a fair understanding of the same and believe that I am capable in this respect to discharge the duties of the office with credit to the county and to myself.

I served for 5 years as superintendent of the Grove schools before embarking in the newspaper business, both of which duties brought me in close contact with the problems of the county, the people as a whole, and I believe that I thoroughly understand the needs of most all sections of the county, and it shall be my aim to render the best service that it is possible for me to render, upon my qualifications I respectfully solicit your support at the polls on July 28.

Respectfully submitted,

E. L. COVEY

Get the true facts before you buy your Refrigerator

THERE'S one sure way to get the facts about refrigerator performance. And that's to ask the woman who owns the refrigerator. She hasn't anything to sell and you can depend on her for a straight-from-the-shoulder answer. Find out if hers has the power to deliver safe refrigeration these torrid days . . . if it makes any noise . . . about repairs . . . its operating cost . . . its conveniences.

And if she's a GAS Refrigerator owner you'll find that she enjoys safe refrigeration for a remarkably low operating cost, the comfort of permanent silence, and the assurance that parts that do not move cannot wear.

Buy safe refrigeration plus

LOWEST RUNNING COST

Gas is the most economical fuel—and Electrolux uses very little. That's why it operates for about 25¢ a week!

FREEDOM FROM REPAIRS

Parts that do not move cannot wear. That's the reason why Electrolux will give you years of service free from expensive repairs.

PERMANENT SILENCE

Electrolux is silent, and permanently so! For it is the moving parts in a refrigerator that cause noise. But Electrolux has none!

. . . and that's Electrolux!
