VOLUME 54

KNOX CITY, KNOX COUNTY, TEXAS, THURSDAY, JUNE 1, 1961

NUMBER 27

OPEN HOUSE for the Methodists new Educational Building was held last Sunday from 3 to 5 p.m. The new edifice measures 47 by 132 feet and is fully airconditioned. To the left is shown the rear of the present Methodist Church. Future plans are to construct a new sanctuary.

Davis Lake Holds Open House; County's Largest

Davis Lake, situated on the League-Davis Estate, was completed in March, 1959, and today the lake is open for the first time to fishing and boating enthusiasts. Upon completion, the lake was stocked with fish and a number of large bass are in evidence at the new lake.

Area fishermen have long been awaiting the opening of the new lake and one of Knox City's most ardent fans, Erwin Egenbacher, told a Herald reporter that he had received inquiries about its opening from all over the country... "from Old Mexico to New Mexico."

The lake covers 500 surface acres of space and contains

4500 acre feet of water. It is the largest lake in Knox County.

It was named after the late Waters S. Davis Jr., of League City, whose desire to have the dam constructed was carried out by his sons and his sister, Mrs. D. S. Gauss of New Canaan, Conn.

A statue of Mr. Davis is situated by the dam, and was unveiled at the dedication ceremonies at the completion of the dam.

Jack Idol, manager, said hours will be from 6 a.m. to 10 p.m. daily.

Entrance to the lake will be the first cattle guard to the right after passing the Brazos River bridge from Knox City toward Benjamin.

Lyles and Davis, contractors, of Childress, did the work and approximately 300,000 yards of dirt was moved at the site.

Seven Counties Bankers Association Have Meeting In Knox City Saturday

Bankers from the "Seven Counties Bankers Association" met in Knox City for their annual convention Saturday afternoon and evening. The association is composed of bankers from Knox, Haskell, Baylor, Jones, Shackelford, Young, and Throckmorton counties.

160 members and guests attended the convention.

Visiting bankers were from Abilene, Wichita Falls, Austin, Dallas, Fort Worth, Lubbock and Houston.

Registration was held from 4:30 to 6 p.m. at the High School Auditorium.

Dinner was served at the Knox City School Cafeteria.

Invocation was given by Rev. Jarrell Sharp, minister of the First Methodist Church in Knox City. Special music was furnished by the Munday High School Sextette sponsored by Mrs. Rex Mauldin.

bock, who spoke on current events.

Shannon reported the convention a "huge success and everybody seemed to have a good time."

Next convention will be held in Olney.

Lions Have Lunch In New Methodist Educational Bldg.

Knox City's Lions Club met Wednesday for the first time in the Methodists newly constructed Educational Building.

The Club will have its regular Wednesday luncheon-meetings at the new place.

Lion President Fuller Shannon thanked the church for the club in letting the club continue its meetings in their building.

Ladies Night plans are nearing completion, and Bill Sams, chairman of the program committee, said date of the annual affair would be Friday, June 23, at 8:30 p.m. at the High School Cafeteria. Admission prices are \$1.50 per person.

Chairman of Ticket Sales David Counts, will have tickets on sale next Wednesday at the noon luncheon-meeting.

There was no program Wednesday, but Ulric Lea made the announcement that Knox City was still in the need of a Scout Master to head the new troop the Lions Club is sponsoring, and he solicited the help of anyone who might be interested in being a Scoutmaster.

The Lions Swimming Pool is still seeking a manager for the pool this year.

Applications may be turned in to Otto Lawson, chairman.

F. A. Robinette, district manager of General Telephone Co., Seymour, announced that his company had been doing considerable construction work here in the past few months, and that the system was set up to handle 500 subscribers at present. Next year, he said, the company will add another 100 lines to the present 500.

He said his company's "predictors" have said Knox City is expanding and that they plan for more expansion in the years ahead—hence the new construction.

Robinette said they had received a number of requests for straight lines, and he felt that now they could take care of most of the needs.

Church Of Christ Plans Vacation Bible School

Roger White, minister at the Church of Christ here has announced a Vacation Bible School for the church, beginning June 5 through June 8. Classes will be held every day from 9 to 11 a.m., he said.

Classes range from a nursery class to a ladies class.

James Hallmark, of Munday, will be guest speaker for High School class.

Transportation to and from the church will be furnished in the form of a "Gospel Train." The "train" will begin its rounds at 7:30 each morning to pickup the children and will return them to their respective homes after the 11 o'clock class.

660 People In Knox County Received SS Benefits In '60

By the end of 1960, more than 660 people in Knox County were receiving old-age, survivors and disability insurance benefits. The total benefits paid to these people for December 1960 was \$34,527, according to Erton F. Tate, manager of the Wichita Falls social security district office.

"This is an increase in the number of people receiving benefits by about 7 per cent over the same month last year," he said.

Nationally, about 15 million people were receiving about a billion dollars a month in old-age, survivors, and disability insurance benefits at the close of 1960. Many of these people were made eligible for benefits by the changes in the law made in 1960—such as the reduction in the amount of work required to qualify for benefits and the removal of the age 50 requirement for disability benefits.

Payments to a retired worker with no dependents receiving benefits averaged \$70.00 in December, 1960; to a retired couple, both receiving benefits, the average payment was \$124.00. The average for an aged widow was about \$58.00.

1960 was the 20th year that social security benefits were payable, and the 25th anniversary of the Social Security Act, which became law in 1935. Changes in the law since 1935 have brought more than 9 out of every 10 people in the United States protection by old-age, survivors, and disability insurance—protection paid for by taxes on employees, their employers, and the self-employed. Earnings will be reported to the social security accounts of more than 75 million workers during 1961.

Knox County people participate and share in this program along with the rest of the United States. The table below shows the number and monthly amount of each type of benefit being paid in Knox County as of December 31, 1960—the date of the latest available figures.

357 Retired workers received a monthly amount of \$22,575 in Knox County; Disabled workers, numbered 8, and they received \$505 per month; Wife or husband of retired or disabled worker, numbered 148 and they received a total of \$4,625 per month; Widow or widower, numbered 60, and they received benefits of \$2,901; Mother with child benefits numbered 15, and dependents numbered 15; Children received \$898 a month; Children of retired, deceased, or disabled workers, numbered 72 and they received benefits of \$3,023 per month.

For the entire State of Texas, 599,032 persons at the end of December, 1960, were being paid to 599,032 persons at the rate of \$33,439,969 per month. Benefits totaling \$397,481,000 were paid in Texas during 1960.

New Officers For Methodist Youth Fellowship Elected

New officers for the Methodist Youth Fellowship this year will be: President, Judy Lynn Smith; Vice President, Lanny Logan; Secretary-Treasurer, Karen Graham; Publicity, Charlotte Perdue; Christian Witness, Martha Waldrip; Christian Fellowship, Sue Bankston; Christian Citizenship, Samantha Graham; Christian Faith, Jimmy Lea, and Christian Outreach, James Eiland. The new officers will take over June 1.

Jimmy Lea has been elected as vice president of the Stamford District M.Y.F. David Baugh of Rotan is taking Donna Fitzgerald's place as district president, Martha Waldrip will serve as Sec-Treas. of the J O Y sub-district.

Plans are being made for the Youth Activities Week to be held soon.

George W. Coats Receives Degree At SMU Recently

George W. Coats, son of Mr. and Mrs. G. W. Coats of Knox City, was awarded the degree of Bachelor of Divinity in commencement exercises at Southern Methodist University.

SMU President Willis M. Tate delivered the University's traditional presidential statement to the graduating class in the SMU Coliseum. SMU has one graduating class per year, consisting of students who have completed their requirements for degrees in August, January and May.

Coats graduated from Knox City High School. He also attended McMurry College.

Haskell-Knox G. A. Council Meets

The Haskell-Knox G. A. Council met Saturday May 6 at Rochester Baptist Church. 152 were registered at 10:00 a.m. to listen to Mission Book Shorts. Rochester gave highlights from The Charley Matthews Story; O'Brien presented Adventures in Brazil; Weinert let Lottie Moon tell her own story; Haskell gave The Trail of Itching Feet; Munday, The Bright Eyes; and Munday and gave a surprise specialty in the form of a film and songs on the Latin-American phases of mission work.

President Susie Dowdy presided over the business session and called for reports from Vice-president Sallie Dowdy, Community Missions Committee Members, Billie Cockerell and Diane Buson, Social Chairman Marilyn Carothers and Secretary Jerre Sue Couch.

The program was led by Phyllis Yost. Music by Jan Hawkins, and Wanda Miller. The welcome and devotional was given by Rochester W.M.U. President Mrs. E. Hob Smith. There was a paper sack lunch at the noon hour.

Onion Harvest Under Way Here

Onion harvest in Knox County is now getting started and it is expected that clipping operations will be completed enough before the end of the week to start the gathering and packing end of the business, says Jack Moore, Knox County Agent.

Potato harvest is expected to start about June 1st (today) and continue on for several weeks. Dr. Clyde Singletary, Extension Vegetable specialist, plans to be in the county June 21 and 22 to help in the harvest of the potato variety test that is being conducted on the James Smith farm and the potato fertilizer test that is being conducted on the Lonnie Offutt farm.

Last year the variety test was conducted on the Gene Thompson farm, and had over 150 varieties of potatoes in the test. Outstanding varieties were sent back again this year, and tested again with the addition of several new varieties.

The varieties tested last year that were sent back to the Munday area for the test are being tested on a larger scale this year. There are 54 varieties in the test this year.

In the fertilizer test, that was conducted on the B. E. Smith farm last year, there were 11 rates of nitrogen-potash fertilizer applications tested. The test last year showed that no potash is needed in the Munday soils and that the maximum efficiency of the nitrogen was not reached.

This year, the fertilizer test is using 11 rates of nitrogen-phosphorus varying from a 0-0-0 to a 200-200-0 pounds of material per acre. The potatoes are tested for yield and specific gravity in both tests.

Members of the Vegetable committee are: Lonnie Offutt, Gene Thompson, James Smith, Bill Langford, Clint Norman and Leiland Floyd.

Methodist Men To Meet Tuesday

Knox City Methodist Men's Club will have their regular monthly meeting at 8 p.m. Tuesday, May 6, in the new Fellowship Hall of the Methodist Church.

Rev. B. Robert Devin of the First Christian Church of Seymour, will be guest speaker.

All Methodist men are urged to attend the meeting.

Baptist Bonds To Pay Second Interest Payments Today

Interest on the First Baptist Church bonds is due June 1. H. E. Wall announced to the Herald Wednesday.

In order to make it convenient, Mr. Wall will set aside three days in which persons having bonds may bring their coupons and receive their checks.

The days set aside for this purpose are June 1, 2, and 3. Those having bonds due on this date, may bring them also and receive a check for them, he said.

Little League Scores

Knox City's Little League began Monday, May 22, and scores for that game as well as the ones played up to Wednesday of this week are as follows:

Monday, May 22 — Braves 6, and Red Sox 3.

In the second game, the Tigers defeated the Cardinals 26 to 5.

Thursday, May 25 — Red Sox 7, and the Braves 5.

In the second game, the Tigers defeated the Cardinals 15 to 6.

Monday, May 29 — Cardinals defeated the Red Sox 12 to 10.

In the second game the Tigers defeated the Braves 8 to 6.

City Secretary Wesley Garrison said the scores may or may not be correct, but that he had made every attempt to get them "right."

As the Little League plays on Monday and Thursday nights, we will have to report on them from Thursday to Monday.

STATE CAPITAL Highlights AND Sidelights by Vern Sanford

AUSTIN, Tex.—Final week of the Legislature's 57th regular session was like most—with minor bills tumbling out in an amiable and major bills tied up in conference committee.

Under now-or-never pressure, lawmakers searched desperately for compromises, but found their differences deep and hard to bridge.

Small loan regulation—stickiest of many sticky problems—banged down in the Senate State Affairs Committee. It was an issue on which feelings seemed to run stronger and divisions deeper as time went on.

But many other bills "made

it", or appeared to have, by receiving final passage in both houses as the session drew to a close. Among them were bills that would:

Outlaw selling liquor by the drink under the "front" of a private club and provide for licensing and regulation of bona fide private clubs by the State Liquor Control Board.

Pay members of the State Board of Insurance annual salaries, not to exceed \$20,000, instead of the present \$50 for each working day. Salaries were pegged at \$16,000 in the appropriations bill.

Regulate importation of milk

from other states. Result here did not make milk producers happy. It would allow milk to be imported into Texas if an inspector from the producing state certified its purity. Texas producers sought a bill requiring certification by a Texas inspector.

Make an emergency allocation of \$50,000 to the Department of Corrections, hard hit financially by overflow prison populations and crop failures on prison farms.

BACK PAY PONDERED—Members of the Legislature are constitutionally entitled to receive \$400 a month salaries dating back to November 25, 1960, according to an attorney general's opinion.

But whether to accept this money is a question of another sort.

November 25 was the effective date of a constitutional amendment authorizing \$4,800 a year salaries for legislators. Amendment was not put into effect until the Legislature met January 10 and voted a salary appropriation.

House had its payroll start January 1; Senate's started January 10. Two House members have since refunded to the state \$116 each, an amount covering the period from January 1-10 when the Legislature wasn't in session.

Most members have indicated, ruling or no ruling, they have no intention of trying to get pay dating back to November 25—when some weren't even in office.

UH BILL FINALLY PASSED—Mammoth University of Houston will become the 20th member of the state-supported college system in September, 1963, if Governor Daniel signs the bill passed by both houses.

Bill was hard fought by those who felt the state already has more state colleges than it can take care of. It was filibustered for a month in the Senate and had to pass the House twice. It made it through the last round in the House with a bit of help from Speaker James Turman—who held up announcing the vote until enough members had changed their minds to put the bill through.

SAFETY BILLS PUSHED—In the waning days of the Legislature, Governor Daniel made a strong plea for highway safety legislation.

Reduction of traffic deaths has been a cause for which the governor has worked unstintingly during all his years as chief executive.

Texas, he reminded the Legislature, has lost 4,707 lives to traffic accidents in the past two years. Had all these deaths occurred in a single disaster, said the government, the Legislature would be swift to take emergency action.

Daniel asked the passage of bills to revise the drivers' license law, provide for driver education, allow chemical tests to determine drunkenness, set up a system of traffic courts and increase number and salaries of state highway patrolmen.

WELFARE BILLS PASSED—Two bills to give extra help to persons on the state welfare rolls have received final passage from both House and Senate.

One, already signed by the governor, would increase by \$1,800,000 a year the amount that may be paid out by the state to the aged and blind. This puts the annual spending up to the \$47,000,000 ceiling.

Another provides for medical care up to \$12 a month for those on old age assistance. Payment would be made directly to the "vendors"—i. e., doctors, hospitals, nursing homes.

Senate backed off from a proposed constitutional amendment that would have completely removed the \$47,000,000 a year ceiling on state welfare payments. It amended it to provide for a \$5,000,000 a year increase. This measure, if approved by the House, will have to be voted on by the people.

ANTI-OBSCENITY BILL SCUTTLED—Objections of theater operators allegedly caused a House-passed bill aimed at obscene literature to be sidetracked in Senate committee.

Rep. Tom James of Dallas, protested, declaring the bill wouldn't "touch" commercial movie houses. He said it was aimed at distributors of filthy books, magazines, pictures and records.

VET LAND DECISION DUE—Also up to the people in 1962 elections will be a decision on whether to let the state sell off —to non-veterans, if necessary—land forfeited under the veterans land program.

It is the form of a proposed constitutional amendment which passed finally in both houses. In some cases the state has had to re-possess land because of failure of the vet buyers to keep up payments. Much of the re-possessed land was involved in the "black deals" that caused the "land scandals." Sponsors of the proposal say it will make it easier for the state to "move" this land and get its money back.

"DE NOVO" OKAYED—People will be called on to vote in November, 1962, on a proposed

constitutional amendment that would guarantee "trial de novo" on appeals from administrative board decisions.

Many will not understand it, but those affected feel strongly about the issue.

Trial de novo means trial anew. This means that anyone dissatisfied with a decision of a state board—such as the State Water Board, Insurance Board or Railroad Commission—could appeal to the courts and have the whole case heard over again from the start with the court's deciding how it should be settled.

Present practice has been to have judicial review of administrative decisions under the "substantial evidence" rule. In effect, the court looks the matter over to see if the board had "substantial evidence" for ruling as it did.

NEW ADJUTANT GENERAL—Brig. Gen. James E. Taylor, former state senator and House member, has been appointed state adjutant general to succeed Major Gen. K. L. Barry.

Taylor's appointment by Governor Daniel was followed by swift Senate confirmation. This was done in a wind-up session in which the Senate approved all the governor's pending appointments.

Taylor is formerly of Kerens where he was a newspaper publisher. He served with the 36th Division during World War II.

General Berry, who will retire as a lieutenant general on July 1, had served as adjutant general 14 years.

GRAVEYARD?—In the final days of the session, these bills were among those apparently too bogged down to get final passage:

1. A new guaranteed tax on gas by Rep. Bob Eckhardt of Houston. House killed the bill which aimed at putting a progressively higher tax on those holding long-term contracts for gas at low prices.

2. A bill setting limitations on annexation by cities, by Sen. Grady Hazlewood of Amarillo.

Uncle Ben from Benjamin says:

DEAR MISTER EDITOR:

This feller John Duncan from Georgia that's holding down the Assistant Secretary of Agriculture job is a good talker, a real live wire. He come out the other day with an order in his Department that from now on all excess food in this country shall be knowned official as our "abundance" instead of "surplus." He allows as how "abundance" sounds better'n "surplus."

Now if he can come up with a plan to store our abundance or give it away without costing the taxpayers a fortune, he ought to be in line fer bigger and better things in the Government. Come 1964, us farmers and ranchers might even run him fer President on the "abundance" ticket.

He also claims the official figgers shows only one-fourth of the income in this country goes fer food. The trouble with that feller is his old lady ain't sent him to the grocery store lately. My old lady come home Saturday hollering about a head of cab-

Senate apparently gave the bill a death sentence by refusing to take it up.

3. "Lutie Hoover Commission" bill, which would have set up a commission to study ways to economize in government, introduced by Sen. Bill Patman of Ganada. Senate refused to take it up, also.

4. Allowing 10-to-2 jury verdicts in civil cases, by Sen. Martin Dies Jr. of Lufkin. Senate refused to take up.

5. Provision of more pay for a longer period for unemployed workers, by Rep. Tony Koriath. Bill was passed on second reading, then it was found the increases would cost employers a much higher than-planned \$17,000,000 a year. Last-minute compromises were sought.

bage costing her 8 cent a pound. She allowed as how, if inflation keeps getting worse, it'll be cheaper to eat money. Of course, my old lady ain't above exaggerating things when she gets riled up. "My memory ain't as good as it used to be," she hollered, "and it used to be had, but I can remember when you could buy this burp-producing stepchild of the vegetable kingdom fer one cent a pound."

I tried to quieten her down by citing them figgers from the Assistant Secretary of Agriculture that we ain't spending but one-fourth of our income on food. She said, "It wasn't nothing but talk. 'Back in Bible times,' she said, "it was a miracle when asses spoke. Now they talk all the time." I don't mean no disrespect to the Assistant Secretary, Mister Editor, I'm just telling you what my old lady said.

But I do believe we're getting a little inflation around the country and across the New Frontier. Fer instant, I see where haircuts has gone to \$2.00 in some of the big cities. I recollect getting my first store bought haircut and shave. It was during the first World War and the feller that run the shop give me the complete job fer 25 cent, and I got my clothes brushed off fer free. Now, they tell me, in some of

"If the iron is blunt, and he do not whet the edge, then must he put to more strength; but wisdom is profitable to direct." (Eccle. 10:10).

When dark clouds of sorrow, heartache, grief, disappointment and heavy burdens come upon you, remember there is one who will keep you in perfect peace whose mind is stayed on him. When you keep faith in Him the silver lining cuts through the darkness and the light that is sweet shines through. Keep your faith sharpened with the word of God. Whet the edge with much prayer and waiting patiently in the holy presence of our wonderful and lovely Lord. Remember you are in His presence every moment, take time to acknowledge the holiness of it so its Streams can strengthen you. Jesus went back to the Father who sent the holy spirit to be your comforter, your guide, your joy. He invites you to "Call unto Him." Follow Simple Rules In Case Of Auto Accident During Summer Vacation

Vacation time is near. Soon millions of people will be driving about the country, and automobile accidents will occur with increasing frequency. What should a person do when involved in an accident?

At such times it is hard to keep your wits about you and know just what to do. It is therefore a good idea to plan in advance just what you would do in event of a smash-up. Here are a few simple rules that every driver should commit to memory.

1. **Stop!** Failure to stop can result in serious criminal consequences.

2. **Render Aid.** If anyone is injured: (1) Render first aid (2) Stop bleeding (3) Call a doctor or an ambulance or both.

3. **DO NOT** move an injured person in any way that could possibly add to his injury.

4. **Protect the Scene** from Further Damage. You may be liable for damages to approaching drivers, unless they are properly warned. If the highway is obstructed at night, have someone turn his headlight beams on the wrecked vehicles.

5. **Call an Officer.** Policemen, Highway Patrolmen, Sheriffs and their deputies are trained accident investigators whose testimony may be invaluable in establishing your civil claim for damages.

6. **Gather Information.** Write it Down. Don't trust your memory. Don't guess—be specific. Measure skid marks. Step off distances. Be sure to obtain witnesses. You are required by law to exhibit your driver's license to the other driver—and he must do the same.

7. **Be careful What You Say.** Even if you feel you probably are to blame, it is best to make no admission. You may learn

later that the other driver was equally at fault, or more so. Emotional comments can be misconstrued by others, or may be misquoted. Whatever you say, make it factual.

8. **See Your Doctor** if there is the slightest chance you may be injured. Serious injuries do not always result in immediate pain or bloodshed.

9. **Consult Your Lawyer** immediately. The sooner your lawyer is brought into the matter, the better he can advise you and protect your rights. He can obtain statements from the witnesses while their memories are fresh, and do many other things to insure that the true facts are preserved. Get your lawyer's advice before giving any interviews or statements to investigators or adjusters for the other side.

10. **Inform Your Insurance Company** promptly. Failure to do so may void your policy.

11. **Report the Accident** to the Department of Public Safety. This is required by law if there is any injury, death, or total damages exceed \$25.00.

An official accident form may be procured from the Police, Sheriff's Dept., Highway Patrol, or State Dept. of Public Safety.

(This newsfeature, prepared by the State Bar of Texas, is written to inform—not to advise. No person should ever apply or interpret any law without the aid of an attorney who is fully advised concerning the facts involved, because a slight variance in facts may change the application of the law.)

One-fifth of Texas wells in 1888 were "wildcat" wells, which seek new fields.

Letter To Editor:

(Editor's Note: Mrs. W. S. Benton of O'Brien, asked that the following be printed.)
(From the Westlaco News)
By SAM GERALD

Sometimes in the worldly rush of things and events, we are prone to brush off, in the venacular of the newsman, the passing of a good man. It's sophisticated, we suppose, to write an obituary these days with no comment about the subject other than to list the time of services and the survivors. Somehow, to us, this just doesn't appear right.

So in this case we want to say a few words about our friend, Amos Carl LaDuke, 68, who died Thursday, April 20. He died and was buried before we knew about it, because we were out of town.

Now, Carl was an unusual friend. He was our "post office" friend. That is, we spent considerable time discussing together the problem of the community, the country and the universe while practicing the disappearing art of "post-officing." "Post-officing" is going to the post office early in the mornings and waiting for the mail to be put up.

We waited for the mail to be put up and talked with Carl many, many mornings, especially back there in the days of the old post office which was right across the street from us and next door to the Henson Building where Carl's office was.

Carl was an insurance agent, and a good one, too, but he never tried to sell us a life policy. In fact he never mentioned his business except indirectly, while "post-officing" with us, and we never mentioned ours, except indirectly. Carl liked flowers, and he liked people.

He was one of the first people we met when we came to Westlaco, and we did all our visiting at the post office while the mail was being put up. It was a rare event when we came into our office or when we went into his office.

But we learned to know the man, by his comments and by his actions. He had a sense of humor, which is somewhat rare, too, in these days. Too, he had a sense of appreciation. One Christmas, we recall, he wrote a letter to us, enclosing a renewal check for his subscription, and praising our efforts on the newspaper. He mentioned it was not for publication, that he just wanted to express his appreciation. We never heard him say anything against anybody.

Well, Carl is dead. He had been a resident of Westlaco since 1921, and was an active member of the Masonic Lodge and the Kiwanis Club. Funeral services were Saturday (April 22) at 11 a.m. in the Church of Christ, and burial was in Highland Memorial Park.

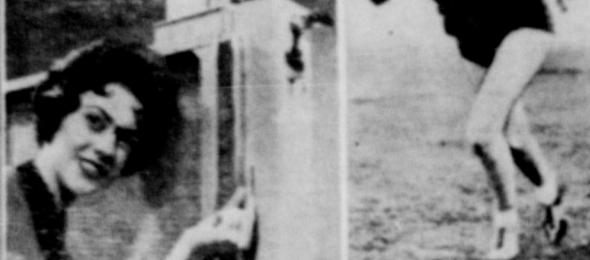

Survivors include his widow, Mrs. Nora LaDuke; two daughters, Mrs. Golda Roberts, Westlaco, and Mrs. Naomi Henderson, Mercedes; one son, Leo, of Mexico City; six brothers, Vance, of Monte Alto, Leland and Lyndon of Otton, Weidon of O'Brien, B. F. Vernon, and D. C. of Washington; two sisters, Mrs. Will Benton of O'Brien, and Mrs. J. M. Cooner, Dallas.

Now the spirit of Carl LaDuke is part of the Universal Mind, and while we may stand alone waiting for the mail to be put up at the post office now, we'll feel his presence and know that somehow Carl is "post-officing" too. He's at the Big Post Office now. We like people better, because we knew and liked Carl. Such is the legacy of a good man.

Farm-Ranch News

By JACK MOORE
Knox County Agent

The Knox County vegetable farmers are now in the process of harvesting onions and will start harvest of their potatoes in the next two weeks. The Knox county vegetable farmers have been very quality minded and have run extensive tests to determine the best varieties and planting dates as well as the best fertilizer to apply to the soil to produce a superior quality product. The sweet corn has proven to be a quality producing vegetable for the Knox county farmers and yields sufficient for them to plant. This year there are several farmers planting sweet corn and early reports on the progress of this crop are favorable at the present time.

4-H SWINE PROGRAM
There were seven boys and girls that received gilt pigs in the Duroc swine program in Knox county this last Monday. Those receiving gilts were Dorothy and Leonard Edrington, and Ray Moore of Rhineland. Three Goree lads — David Jackson, David Harrison and Dickie Green received gilts while Randy Reeves of Gilliland received a gilt. The county Boar was distributed to Marion Keuhler of Rhineland earlier this year. Boys that returned gilts to the program this year were Lawrence New of Gilliland; Kenneth Moore and Rickie Herring of Rhineland; John Lee Nelson of Munday and Bobby Jackson of Goree. Richard Jungman of Rhineland had the boar this year. There were three boys that were not able to return a gilt to the program this year due to some hard luck beyond their control. They were Jerry Decker, Dwight Reeves and Rodney Wright of Knox City.

But we learned to know the man, by his comments and by his actions. He had a sense of humor, which is somewhat rare, too, in these days. Too, he had a sense of appreciation. One Christmas, we recall, he wrote a letter to us, enclosing a renewal check for his subscription, and praising our efforts on the newspaper.
