NUMBER 5

Wreck In School Enrolls Route to Hospital 375 Pupils

29 In Senior Class

Superintendent O. B. King reports 372 pupils enrolled in the Knox City school on Monday, the first day of school for the ensuing term. This number is the largest ever enrolled the first day in the Knox City school. Wednesday the enrollment had increased to 385 with more being expected to enter the two remaining days of the week.

School started off with a bang this year, everyone, both teachers and pupils, anxious to get into the work. Superintendent King, having never taught here before, is unable to make a comparison of this year with previous years; however, he states that he is well pleased with the beginning and has the hope of this year being an excellent year for the Knox City school.

City Gin Reports

Thursday at 1:30 p. m. the four gins of Knox City had ginned a total of 3884 bales with cotton prices ranging from 9.50 to 9.85. The four local gins plus the O'Brien gin had a total of 4634 bales. Reports from this week on will include the O'Brien gin and only the one total (all 5 gins) will be given.

We appreciate the cooperation of the gins in furnishing this information each week.

Patients in the Hospital this week are Mrs. T. S. Edwards and Tom Roger of Knox City, Mrs. Hobb Smith and son Dan Mansell of Rochester (Dan Mansell arrived Sunday about 6:00 a. m.) Miss Lamolin Tarpoley of Truscott, Mrs. H. E. Stroud of Throckmorton, Mrs. Hobbs of Throckmorton, Robert Graves of Truscott and Maxine Ueckart of Benjamin.

Miss Mary Risin of Rochester was dismissed Monday, Baby Madeline Gammell also of Rochester was dismissed Saturday, Mrs. S. E. McStacy of Goree was dismissed Sunday, Mrs. H. B. Jenkins and infant daughter were dismissed Monday and returned to their home in Haskell. Mrs. Roy Hester of Rochester was dismissed Saturday, Mrs. W. T. Ward of Seymour dismissed Friday and baby June Nunley (one of the triplets) of Benjamin, was dismissed the latter part of last week. Little Miss Jane was considerably improved.

MISS DUTTON HONORED WITH SOCIAL

Miss Mildred Dutton was honored last Monday with a social given by the Y. W. A. Girls in the home of Miss Rowena Wall. Miss Dutton has gone to Abilene where she will attend Simmons University again this year.

Following the amusing social hour a short business meeting was held by the Y. W. A. girls and following committees were named: Personal service, Alta Hamm Publicity, Marilyn Herring Mission Study, Clara Clarke Missions, Irene Holland Education, Marie Dunlap Stewardship, Wynelle Rogers Membership, Rowena Wall Benevolence, Mable Barnes Periodicals, Cleta Stovall and Ione Messer

The business session also included the making of plans for the year. Following refreshments of cake and punch were served to the Y. W. A. girls and Mrs. Horace Finley, young people's leader; and Mrs. Stovall, Y. W. A. Counselor.

The Y. W. A. Girls presented a Mission program at the Wednesday night Prayer service at the church.

Miss Mary Eliza Clarke of Brownfield is attending the State University in Austin this year. Mary Eliza has many friends in Knox City who will be glad to learn that she is in the State U.

The Greyhounds were defeated Wednesday by the All-Star team which was composed of a heavier and more experienced bunch of men than that of the Greyhound team.

The game was a good deal better than the score, 25 to 6, indicates. Both teams fought hard and the score was 7 to 6 at the end of the half. The Greyhounds scored first when Glover McCarty intercepted a pass which Waldrip ment for Lowrey, and raced about 90 yards for a touchdown. They tried a pass for the extra point but it was broken up by Donald Withrow and several other All-Star linemen before McCarty could get it off.

Bunt Lowrey made three of the All-Star touchdowns and Wilson Thompson made the other one.

The game was a good one and enjoyed to the fullest extent by everyone who saw it, also by all who took part in the game even though the All-Stars are a bit sore.

Friday, the 29th, which is tomorrow, the Greyhounds go to Spur and they would surely like for some of the fans to go along if possible.

—Chad Wilson, Sports Reporter

Mrs. E. O. Jamison and Mrs. I. P. Frizzell and Mrs. Roy Baker and Yvonne returned home Sunday from the Century of Progress in Chicago. It goes without saying that the four had the grandest time. Yvonne became so excited in a boat ride on Lake Michigan that she lost her hat, while (we feel sure) if we could manage to get a second member of the party to talk we would learn some of the interesting facts on the night life of Chicago.

W. A. KING BURIED AT GILLESPIE

Mr. W. A. King, who lived in the Thorp community, died in this city on Wednesday September 20th and was buried at Gillespie on Thursday following funeral arrangements were made by Warren of this city.

Mr. King was 63 years old. He is survived by five children, 2 sons and 3 daughters. Brother C. B. Stovall, Baptist Pastor of Knox City, conducted the funeral service.

Mr. and Mrs. Boyle and daughter Miss Faye of Wichita Falls spent Sunday here with Mr. and Mrs. C. H. Keck.

Saturday Business Good

Saturday of last week, September 23rd was the busiest day ever in the history of Knox City. While the volume of business in dollars was short compared with that of other days, yet the volume of business in the number of articles or pieces transferred was far beyond anything Knox City has ever experienced.

This fact is due to the cheaper quality of merchandise that is being bought now. As Fall advances and the weather begins to get cold, the buying will become heavier that is articles sold will run into more money.

The Fall increase in population for Knox City has arrived some thirty days earlier than in previous years. The population of the city is well doubled, running around three thousand.

The gins are running full time and each keep a line of waiting wagons, trailers and what not. The ginmen have noticed the fact that quite a few pickers have been taken from the fields this week in the beginning of the school. While all gins have kept busy, it is a little noticeable that some hands are not on the job full time.

It is predicted that without rain this week (and it has not yet come) this Saturday, September 30th, will be the busiest of the fall season for Knox City merchants. It will be the peak of the harvest. Merchants will no doubt add an extra hand or two to their number for Saturday and merchandise will go like butter to the Sunshine.

REEDER SMITH GETS THUMB CUT

Reeder Smith, better known as Sap, received a sever cut on his right thumb Saturday when a bottle of soda pop blew up and hit him.

Happy went to the back of the Fris sell Drug Store for a new supply of pop. He bent over to pick up three bottles in each hand and one bottle exploded. The glass hit his right hand severing the tendon of his thumb: a pretty bad cut.

A number of soda pop bottle Lie up Saturday, according to reports from the cold drink salesmen.

Glenn Fox of Rochester and Hollis Warren if this city spent Sunday in Abilene.

Mrs. Tom Bolin and two children returned to their home in Sylvester last Friday after visiting relatives here two weeks.

Mrs. McClenoch of Stamford, sister to Mrs. Ed Shaver of this city, is in the Stamford hospital. Mrs. Shaver is caring for the two McClenoch children this week.

C. S. Ameen of this city and Mr. Simpson of Gilmer made a business trip to the valley over the weekend. Ameen says conditions there have reached the point that they don't even have conditions. He brought back a supply of graper fruit, a good sample of which the Herald family are enjoying this week.

Grows To Be Queen

Four years before she was born, Miss Jean Fraser's father, L. O. Fraser, was one of the founders of the annual Pendleton, Ore. Roundup. Now at 19, Miss Jean will this year rule as Queen of the Roundup, Sept. 21-23.

EDUCATION

The school season is in full swing again all over the United States. More boys and girls are getting an education at public expense in this country than there are in all the rest of the world...

We sometimes wonder whether our school systems might not be better adapted than they are to the needs of the youth of America. It occurs to us at times that a good many of the subjects to which considerable attention is given might be left out or modified in favor of other things...

Incidentally, taking the country over, we are told that considerably more than half of all tax money goes for public education.

What we have in mind mainly in suggesting that the schools might give a better preparation for real life is not that they ought to teach trades or professions to enable folks to earn a living...

learned at all. The child who gets through high school age without understanding that truth and honor are of more importance than algebra and football has got off to a poor start in the world.

And we are genuinely sorry for any boy or girl who goes out into the world expecting to get something for nothing, or who takes it for granted that the world owes him or her a living.

A really sound education would include a course in human nature and human conduct.

WHAT IS A SURPLUS?

That which is named as the cause of such depressed times as the world is struggling under now is "over-production", "surplus".

What is surplus? We have more wheat than we can use, and more hungry people than we can clothe.

More cotton than we can use, and naked people, than we can clothe.

It is our opinion that there never has been nor never will be a surplus in these United States until every man, woman and child in America has plenty to eat and plenty to wear.

Look around the streets of Knox City and think over the matter. Call it a surplus if you want to, we think it is a damn shame on the nation.

Haskell Race Meet Today and Tomorrow October 19, 20 21

76 Horses Already Entered

With the biggest purses offered this year in West Texas and with entries pouring in, the Haskell Race Meet to be held on October 19th, 20th, and 21st, promises to be this year's outstanding sporting event in West Texas. \$1500.00 has already been set aside for purses and more will be provided for in the future.

Entries from all over the state are showing a great deal of interest, and entries for 76 horses have already been received at this time. A month before the opening day of the races, in addition to the early made-up White and Strickland of Dray, Chas. E. Humel of Kinsburg, George Darden of McCauley, R. E. Summerlin of Rotan, Sport Barrett of Truett and George B. Cabbell of San Antonio entries have been received for 2 horses from G. W. Weidon of Pickwick, 3 from J. W. Rya of Cisco 2 from Theo. Dunham of Novice, 2 from Dr. Winchester of Amarillo, 4 from C. Locklear of Goldthwaite, 3 from Ed Deahl of Panhandle, 2 from Shultz Brothers of Kingfisher, Oklahoma, 4 from Tom Patterson, 3 from Tom Davis 2 from Phil Brick, 4 from C. Anderson, 1 from Bill McClay, 2 from C. P. Swenson, 2 from Maddock, 6 from Gilbert, 2 from Davidson and 2 from Lindsey. Most of the last named owners live in the Panhandle with a few from Oklahoma and Colorado and Mr. Steve Knight, starter for the Haskell Race Meet, who is now working in the various Panhandle Race Meets estimates that approximately 100 horses will come to the Haskell Race Meet from that section at the end of the meets there.

Among the horses so far entered are White and Strickland's "Queen of the Forest", "Mountain Law", and "Pan Toy", J. W. Ray's "Dolly", "Mighty Does" and "Gold Creva", Charles Hummel's "Miss Snappy" and "Solo Flight", George Darden's "Honey Babe", "Flash" and "Jack O'Diamonds". Most of these horses have been outstanding winners in various meets over the state and promise real competition to the Haskell Race Meet.

The first day of the Race Meets has been designated as "Haskell County Day" and will be featured by a race limited to Haskell County horses and a Texas Breed Race with a minimum purse of \$125.00 over a 7-8 mile course. The second day will be featured by six running races one of which will be a race limited to lady riders alone. The third day will be Abilene day and will have as its feature a one mile race with a minimum purse of \$130.00.

In addition to the regular program of races arrangements are being made by the various owners of horses for matched races which will run on the program and be an added attraction for those attending the races. There will also be certificate setting under license issued by the State Racing Commission. The license issued to the Haskell Race Association was the sixth issued by the Commission.

Entertainment will be provided between races and on the Midway Tidwell's shows with their 6 rides, 12 shows and 29 concessions will provide attractions for the visitors. Exhibits of live stock, poultry, textiles, art individual farm exhibits of all kinds are being collected and premiums aggregating \$1200.00 will be given to the winners.

QUALITY—of our girls

I was talking the other day with a gentleman who for many years was one of the heads of the personnel department of the American Telephone and Telegraph Company.

"Did you ever realize," he said, "that the girls who operate the telephone switchboards are the pick of the young women of America? I don't mean in skill alone, but in character and devotion to their work. Only one girl in ten who starts with the telephone company manages to make good for a permanent job. And nobody gets a chance unless she can come to a very high standard of personality and intelligence."

IKK—a faithful servant

"Ike" Hoover is dead. An hour before he expired on the door-step of his home in Washington he was chatting with newspaper men at the White House about the people and events that had passed under his eyes in the forty years in which he served as "major domo" of the Presidential mansion. Someone asked him why he didn't write his reminiscences. He replied that he had been offered an enormous amount for the inside story of the White House occupants since Mr. Cleveland, but he did not believe in cashing in on confidence in information.

Irwin Hoover was a young electrician when he installed the first electric lighting and push-button system in the Executive Mansion when Mr. Cleveland was President employed the young man to see that all the wire systems were in running order. Pretty soon he was seeing to it that everything in the White House was in running order, and through his demonstrations and the beginning of a seventh he was in charge of all formal events and activities as well as charge of the buildings. Everybody called him "Ike" and everybody loved him. He was a faithful, useful public servant.

FLOODS—down our way

My hillside farm didn't suffer as much or benefit as much from the high water of the second week in September, as some of my neighbors' places did.

The level bottom lands actually benefit by floods of this sort if they come after the crops have been harvested. There is left a fine layer or deposit of alluvial silt which definitely enriches the land. The fertile agricultural lands in the world are of Egypt, along the lower Nile and its delta, which overflows every year and makes any sort of fertilization unnecessary.

NEWSPAPERS—looking back

I like to study old newspaper because everything printed in them gives a clue to the manners, thought and habits of the people of the time when they were printed.

In one ancient paper, printed just a hundred years ago, I saw considerable space given to a method of protecting graves from grave robbers. The subject was of lively interest in the days when the only way medical schools could get human bodies for anatomical study was to buy them from grave robbers.

We have come a long way in a hundred years. It is not at all uncommon for men to will their bodies to medical colleges, and many other legal ways of obtaining subjects for study are common enough.

I have never been able to figure out that there is anything particularly sacred about a dead body. I have no quarrel with those who believe literally in the physical resurrection, but it would seem about as miraculous to reassemble the millions of skeletons I saw in the Catacombs in Rome as to bring back those lost at sea or in any other unidentified floating place.

E. F. Branton made a business trip to Abilene Monday.

Mrs. W. E. Clontz, Mrs. E. L. White, and Mrs. Joe Averitt visited in Rochester Tuesday afternoon.

Born to Mr. and Mrs. B. W. Barnett of O'Brien a girl on September 22nd.

The C. S. Ameen store, The Leader, received a brand new shipment of new coats and dresses this week. Better see these things before you decide to buy elsewhere.

MERELY OUT-GRIEVED HER

"Does your wife often grieve because she threw over a wealth man in order to marry you?" "She started to once, but I cured her in short order."

"I wish you'd tell me how." "I started right in grieving with her. And I grieved harder and longer than she did."

Mr. and Mrs. Joe Averitt and sons attended the Birthday dinner of her mother Mrs. E. L. Carr, in Rochester Sunday. There were 27 present for the occasion. Mr. and Mrs. Averitt returned home the middle of the afternoon and joined Mr. and Mrs. C. H. Keck and her mother Mrs. Boyles and all went to the home of Mr. and Mrs. Charley Dowling, some 19 miles northwest of the city. It was there and then that Joe and Adamae and Charley and Georgia became first rate cow hands. All donned the schapps and cornered a pony and each declare that each learned to ride.

Stairs Made Her Gasp for Breath

Penalty of Excess Fat

Although she has lost but 7 lbs. of her overweight, this woman finds that 7 lbs. made a remarkable difference to her.

Her letter reads: "I am 53 years old and my height is 5 ft. Last year I weighed 154 lbs. I have been taking a half-teaspoonful of Kruschen Salts, making no change in my diet. Now I am less round the hips, and only weigh 147 lbs. dressed. But I feel lighter and can now run upstairs, which before used to make me gasp for breath. Everyone says now well and fit I look."—(Miss) J. H.

Kruschen is an ideal blend of 6 associate salts which help body organs to function properly and maintain a splendid degree of health—it builds up energy and strength while you're reducing to normal weight.

Get Kruschen Salts at any live drug store in the world—a jar lasts 4 weeks and costs not more than 35 cents.

THE STORM BREAKS

When Jesus failed to perform any miracles in Nazareth the storm broke. All the pent-up envy of the little town for one who has dared to outgrow it, gathered itself into a roar. They surged forward hurrying him through the main street to the edge of a precipice where they would have thrown him over. But the wrath which had been sufficient to conceive his destruction gird suddenly impotent when he turned and faced them. They shrank back, and before they could reform their purpose, he had passed through the midst of them and was on his way.

In his ears sounded the buzz of malicious comment, but he was too heart-sick to look back. From henceforth Capernaum became "his own city." Nazareth, the home of his youth, the dwelling place of his boyhood friends and neighbors, had given its verdict.

He had come unto his own, and his own received him not.

The brothers of Jesus had been witnesses of his defeat, and were left behind by him to bear the responsibility of it. How the sardonic laughter must have rung in their ears! These home town sneers were bad enough, but the reports that came back from other towns threw the simple unimaginative family into a panic.

It was said that he made seditious speeches; that he claimed to have a special relationship to God; that he utterly disregarded the code of the Pharisees and denounced them openly before the crowds. Such conduct meant only one thing. He would get himself into jail, and his relatives with him.

Hence the members of his family who should have been his best helpers spent their energy in the effort to get him to go farther away from home.

"For even his brethren did not believe in him."

He was teaching one day in Capernaum to a crowd that hung spell-bound on his words, when suddenly an interruption occurred. A messenger pushed through the audience to tell him that his mother and brothers were outside and insisted on speaking to him right away. A quick look of pain shot across his fine face. He knew why they had come. They had made up their minds that he was just a little bit out of his head, and they were determined to shut him up in an asylum before his extraneous guesses should ruin them all. He drew himself up to his full height and pointing to his disciples turned to the messenger.

"My mother and brethren?" he repeated. "Behold these who believe on me, they are my mother and my brethren."

Lawyer: "But, madam, you cannot marry again. If you do, your husband has clearly specified that his fortune will go to his cousin."

Fair Client: "I know that. It's his cousin I'm marrying!"

SIGHT UNSEEN

Poss: "How long do you want to be away on your honeymoon?"

Clerk (timidly): "Well sir—er—how long would you say?"

Boss: "How do I know? I haven't seen the bride."

"Imagine my embarrassment," said Dumb Dora, "when according to my custom I looked under the bed before retiring. I had forgotten that I was in an upper berth."

FORESIGHT

An old lady in church was seen to bow whenever the name of Satan was mentioned.

One day the minister met her, and asked why she did so.

"Well," she replied, "pottenev costs nothing—and you never know."

THAT BUDGET

Jones: "How do you spend your income?"

Smith: "About 50 per cent for shelter, 50 per cent for food and 25 per cent for amusement."

Jones: "But that adds up to 125 per cent!"

Smith: "Don't I know it!"

RAISED

"Did you hear about Mr. Cuffay the bridge expert, being the father of twins?"

"Yes—looks like his wife doubted his bid."

WHEN TIMES WERE HARD

George McKee, Anderson, South Carolina, says times are not hard. Here's the way George puts it:

"Don't talk to me about hard times. I was born eight miles from a schoolhouse, nine miles from a church, 85 miles from New York, 200 yards from a wash hole, 15 feet from a corn crib and 8,767 miles from Hong Kong."

"Our nearest neighbors lived two miles away and they couldn't read or write. I never saw a suit of underwear until I was 17 years old. The only book we had in the house during my early childhood was a Bible and a catalog somebody had sent us."

"There were twelve members in our family, but you see we had 2 rooms to live in, including dining room which was also the kitchen. Everybody worked at our house. We thought that everybody else in the world had gravy and bread for breakfast, liver and cracklin' hockeak for dinner, butter milk and corn pone for supper, 'cause that's what we had—and we liked it."

"Some of us wore brogan shoes occasionally in the winter time. We had nice white shorts for summer time use. We slept on straw ticks and pillows were not thought of or required. I didn't know that money would rattle 'till I was nearly grown. Father gothold of two half dollars at the same time and left me hear them rattle. Taxes were not higher but harder to pay than now. We owned two kerosene lamps, neither of which had a chimney. Our house wasn't celled, but two of our rooms had lofts in them. We had a glass window in our company room. Our nicest piece of furniture was a horse made rocking chair. Our beds were of the slat or tight-rope variety. The "trundle bed" took care of all the young-uns under five years of age, and stayed full all of the time."

"We went to school two or three months in the year, but not in a bus. We attended church once a month—but not in a car—we used a two-mule wagon. We dressed up on Sundays but not in silks and satins. We neither wrote letters nor received any. We made our own lye hominy, distilled our own lye from our own ash hopper. We drank sasfras tea and never had a yearning for coffee."

"We sopped our own molasses, we ate our own meat; we had heard of cheese but never ate any; we considered rice a delicacy for only the preacher to eat; we knew of some store clothes, but never hoped to wear any. We got a stick of candy and three raisins for Christmas and were happy; we loved pa and ma and were never hungry, enjoyed going naked, didn't want much, expected nothing. And that's why our so-called hard times are not hard on me."

Mrs. Russell Boyd is visiting her mother in Canton this week.

Mrs. Gentry arrived last week in Knox City from Ranger to spend the winter with her daughter Mrs. S. L. White.

Miss Lucille Williams of Crosbyton is here this week with her sister Mrs. M. D. Metz.

Mr. and Mrs. M. D. Metz motored to Olney and Wichita Saturday, returning home Sunday.

The reception given Monday night for the teachers of the Knox City school was well attended. While the percentage of patrons present was small, the number was sufficient to be enjoyable to all. A splendid program consisting of readings, songs and orchestral numbers was given. Punch was served throughout the evening.
