ROUND UPS

by "The Wrangler"

The Signing of the Declaration of Independence was one of the most solemn moments in the history of America. Gathered in Independence Hall at Philadelphia on July 4, 1776 was a group of patriots headed by the inevitable leader, John Hancock who had placed his signature on the document a month before. As he watched the others write their signature one by one, a sense of the profound gravity of the proceeding caused him to turn to Franklin and say: "We must all hang together." Old Ben Franklin's quick reply: "Else we shall hang separately." showed that his humor was not blunted by thoughts of the perils which he knew well lay ahead.

Peggy Anne Landon, daughter of the Republican presidential nominee, was such a colorful figure at the G. O. P. convention that she has added more color to her name. The soft clear yellow shade of the Kansas sunflower is now known as "Peggy Anne Landon yellow".

If you toss a log into a lake or river on your next fishing trip and it becomes covered with silt, it may some day be a petrified stone, if the idea of Dr. G. R. Welland of the Carnegie Institute is correct.

W. H. Harrison, ninth president of the United States, had ten children; Rutherford Hayes had eight children.

As a panacea for soothing America for the French defaulted war debts, the Academy of Moral and Political Sciences in France has elected as the American World War cost commander, General Pershing, to its ranks. The president of the academy welcomed the commander of the American forces with "An appreciation to your Nation, to your army, and to you."

More than a million trees and shrubs have already been planted in farms in Collingsworth, Hall, Hardeman, Wilbarger, and Ford counties, under the Plains Shelterbelt Project. Almost three million seedlings are being grown for distribution and planting this fall.

"America will not solve its crime problems until it deals effectively with its greatest public enemy, the shyster lawyer", Justice Miller, prominent American lawyer told the Optimist International convention in Fort Worth last week.

The phrase "free and equal" does not appear in the Declaration of Independence, despite the misquoting so often to that effect. The Declaration declares "That all men are created equal".

Please note: One can be granted a divorce in Texas because of "Outrages rendering life together insupportable".

Several Knox City couples enjoyed a picnic at Seymour park the first of the week. Those in the group were Mr. and Mrs. Thomas Ferguson, Mr. and Mrs. Harry Garrison, Mr. and Mrs. Charlie Rice, Miss Lella Kelly and Leo Park.

Mr. and Mrs. Tom Bolin and children of Sylvester are visiting relatives here. Little Miss Tommie Low had her tonsils removed Tuesday at the clinic.

FRIDAY IS CAN REMOVING DAY

Friday of this week, July third, is "can removing day" for Knox City. City officials urge that every one have their tin cans and other rubbish placed so the truck and men can pick them up without delay. This is for the benefit of every family in Knox City. When you start to collect your cans, call your neighbor and tell him to do likewise.

METHODIST REVIVAL BEGINS SUNDAY JULY 5

To the general public: let me make an appeal. The greatest need of Knox City is a genuine, old-fashioned, spiritual Revival of genuine religion. As the public knows, we made an effort to have a co-operative town and county-wide meeting. For some reasons, it appears, we failed to agree on it, in name. But, may I urge every one to co-operate with us, and make it a co-operative meeting, in spirit, at least, if not in name. Because of the expense, and it falling on our church alone, we had to arrange to have the night service on our church lawn. It may be possible that we shall hold the day services downtown. This will be announced later.

As the public knows, the committee that was appointed to select a preacher, get in touch with several general evangelists of different denominations. The man selected, by the committee, was in position to give us the date we wanted. He is a good man, he knows God, he is a success in holding revivals, especially, union revivals. We are fortunate to have him Brother W. L. Tittle, presiding elder of the Plainview District, of the Methodist Church. He is bringing with him, Brother D. D. Denison, pastor at Matador; and Brother Frank Beauchamp, pastor at McAdoo, as special workers in the meeting. Both these are young men, tried, and true. With this splendid "Team", coming to us to lead us in a Revival, may we rally to them, and co-operate with them and see what the Lord can do for us Brethren, pray for us. May I urge each and every Christian to, "Come up to the help of the Lord?" Go help us to put Him to the test, "Try me, and see if I will not pour out a blessing, that there may not be room to contain it"—"A blessing, pressed down, heaped up, and running over".

We especially invite the public to be present at each service Sunday, for the special messages, that will start the meeting off. More especially the message, Monday 10:00 A. M. Please give us your wholehearted support, and God be praised.

Yours for a real Revival,
B. J. Osborn

Miss Yvonne Jamison is in the girls camp at Ruidosa New Mexico where she will be until August 15th. She is enjoying the camp even more than she did last year. It is remembered that Yvonne was invited to camp this year as assistant counselor of dancing.

PEDESTRIAN NIPPED WITH BUMPER GUARD

Mr. Cantrell, architect on the new school building, is suffering this week with a gash in his left leg that he received when the bumper guard on Earl Benedict's car caught him. The accident occurred Tuesday about noon.

Mr. Cantrell had lunch at the Lawson Cafe and left the building. He walked north to S. P. Kenny's office and decided to go across the street. He walked out between the cars and started on when he saw a car approaching. He went to step back but was too late. Earl Benedict, who was in the car, failed to doge the man, and the guard on the front bumper caught Cantrell in the left leg. A gash some three or four inches long and to the bone was cut. He was rushed to the clinic for first aid treatment and later dismissed. He is staying in the O. B. King home and was rather ill Wednesday. His condition is not dangerous and if not out on crutches today, Thursday, will be the last of the week.

CORRECTION

Attention is called to the official ballot printed again in this issue of the Herald. Error was made in the first ballot and for correction the entire ballot is reprinted this week. It is suggested that voters save this copy of the ballot and study out their own voting plan. It will help you, especially the lady voters, when you go to the poll to cast your vote.

The Herald staff wishes to state that the absence of Den Davis' name from the official ballot given last week in the Herald was an oversight. Apologies are in order and we here extend him. Mr. Davis is in the race for County Commissioner, Precinct 1, and will doubtless carry a good vote.

OLD TIMER AND THE KNOX COUNTY ELM

Twenty, maybe twenty-five years ago the late Oscar Rouse of Benjamin, father of Mrs. Orb Coffman of Goree, Texas, said to me: "There are no elm trees in Knox County north or west of Lake Creek." I have been looking for elm trees along highways north and west of Lake Creek and have never found one in Knox County or anywhere in the state except in towns and yards where they have been transplanted.

Some four or five years ago Mr. Frank Jarvis of Sunset said to me: "In 1889 when Jim Partridge and I came to Knox County we camped at the Big Timbers south of Benjamin on the Benjamin and Knox County road and shot turkey out of the elm trees that night". I have not been to the Big Timbers since I talked to Mr. Jarvis.

If Lake Creek is the extreme western and northern line of the elm tree in Texas, it is quite an interesting freak of nature, and I suggest that some women's clubs, the schools, or some other organization whose statement on the matter would be authoritative, investigate and find out whether or not there are any elm trees north and west of Lake Creek in Knox County.

Mrs. W. E. Clonts was hostess to the Friday afternoon club last week. She carried out the approach. The Fourth of July in a unique manner in tallies and refreshments. Tallies were flags and plate favors were miniature firecrackers. After the games refreshments of salad, wafers, pickles and iced tea were served. The club meets next with Mrs. Ben Farmer.

Miss Gene Ann Smith, who planned to spend some three or four weeks with her aunt, Mrs. Foreman, returned home after a visit of one week. She kinda like home.

TRUCK WRECKED AT RAILROAD CROSSING

J. O. Buchanan is Seriously Injured

J. O. Buchanan is seriously injured and in the Knox County Hospital as a result of an accident Tuesday afternoon at a railroad crossing.

Mr. Buchanan was driving the truck for Ray Willis. At the time of the accident Buchanan had the truck loaded with maize heads and driving near the slaughter pen. He evidently failed to see the approaching "doodle bug" until it was too late to either stop the truck or make it across the tracks. He turned the truck down the railroad track, evidently thinking to turn off the track, but in this he failed. The train hit the truck and pushed it some two hundred yards. Buchanan either jumped or was thrown from the cab of the truck about 75 yards from where the two collided.

The truck seems to be a total loss and Buchanan is suffering with a broken pelvis bone. His condition is serious.

FAULKNER-LEA

The marriage of Miss Jewell Faulkner and Ulric Lea was solemnized Saturday, June 27 in Abilene, Reverend O. P. Clark pastor of St. Paul Methodist church officiating. Miss Faulkner wore a navy chion dress with pink and orchid lowers. A pink picture hat and navy accessories completed her costume.

Miss Faulkner is the daughter of Mr. and Mrs. F. M. Faulkner of Canyon. She graduated from West Texas State Teachers College in 1933 prior to her work as demonstration agent she taught school in Vigo Park in Swisher county. She was Demonstration agent for 2 years in Knox county, and for the past year and half has been agent of Jones county.

Ulric is the son of Mr. and Mrs. A. L. Lea. He has had several years of specialized work in eastern college, and has spent the past few years with his parents on the Lea farm west of he city.

The couple is now a home in the Union Grove community. Friends of both are joined by the Herald in wishing them many happy, successful years together.

BROWNING-WITTERMAN

Miss Constance Browning became the wife of Mr. Oliver Witterman in the First Baptist church of Deaton Saturday, June 27 when Reverend Green pronounced he simple but impressive ring ceremony. Attendents were only immediate relatives of the two and a few close friends of the bride from C. I. A. Mrs. Russel Boyd of this city was present.

Prenuptial music and the wedding march were played by the church organist Miss Smith. Immediately following the ceremony the young couple left for Oklahoma City. They will travel and visit in the Ozarks before going to their home in Wichita Kansas.

The bride was attractively dressed in cheer navy blue suit with blue and white accessories. The groom wore a white suit. The many friends of Miss Browning in Knox City join in wishing both she and Oliver much happiness and prosperity, many years together of happiness and usefulness.

David Clarke spent Sunday in Haskell. He was invited to play with the Haskell band at the Stamford Reunion Friday of this week. He accepted the invitation and will be on the program of entertainers in Stamford Friday.

Eugene Gound of Weslaco was here from Saturday to Tuesday visiting his grand parents Mr. and Mrs. J. M. McLain. Eugene's mother will visit here in a short while.

HOME IMPROVEMENTS

John Roberts is remodeling his home in the northeast section of the city. W. B. Johnson of O'Brien is building a small new cottage this week.

J. C. Wallace (colored) is remodeling his home. This and several similar improvements is a direct result of the soldiers bonus.

Salem Hutchinison is painting his home and out houses this week. He lives near the Cliff community.

MRS. MONTANDON BURIED AT ROCHESTER

Funeral services were conducted

Friday, June 26 from the Church of Christ of this city by Reverend Harrison of Holliday for Mrs. M. L. Montandon and interment was made in the Rochester cemetery. Mrs. Montandon had been a resident of Knox City for the past twenty years. Her death was a surprise to relatives as well as friends as she had been ill only a brief while.

Mary Lou Head was born in Van Buren county, Tennessee, August 8, 1870. In 1897 she was married to A. Montandon to which union seven children were born. These children with the exception of one who died in infancy survive.

In the year 1907 Mrs. Montandon with her family, moved to Erath county. She lived there some 9 years and moved to Knox county where she has made her home for the past twenty years. She was a member of the Church of Christ, and devoted to the church. Although she is gone from this world, the teachings of her life live on in the persons of her children.

Those who survive are six children George, Lewis, Eugene, Augustine and Edna of Knox City, and Mrs. Lena Farnell of Lubbock. Also four step children C. C. Montandon, Mrs. John Smith, Mrs. W. M. Smith of Oklahoma and Mrs. W. A. Cantrell of O'Brien. The deceased is also survived by one sister and one brother of Tennessee.

STUDY CLUB HAS ANNUAL PICNIC

Members of the Knox City Study Club and their husbands held the annual picnic Monday evening in the Jamison park. Guests for the occasion were Mr. and Mrs. E. O. Jamison.

After a generous meal of bacon, eggs, potato chips, tomatoes, cookies, ice cream and iced tea had been partaken of Mrs. S. M. Clonts and Mrs. C. C. Hoge spoke a few words of appreciation to Mr. and Mrs. Jamison for the gift of the beautiful park in which the picnic was given. "County Parks" was a project of all Federated clubs this year and each club succeeded in getting at least one park. Knox City's portion of the "park plan" was the donation by Mr. and Mrs. Jamison of the Jamison park.

E. O. responded with the usual cheerful "we are just glad to help a little, didn't amount to much". But members of the study club know just how much it did amount to.

The picnic was a grand success in every way and all are looking forward to the same occasion next year.

Sixteen of the thirty members of the graduating class of 1935 enjoyed a swimming party and picnic west of Rule last Friday night. Mrs. Otis Cash, sponsor of the class, with Miss Joy Sams and Jack Spikes, accompanied the group. Those attending had a most enjoyable time and state that other get-togethers will be held this year. Other members of the class, who did not take part Friday night are invited and urged to join the group on their next good time party.

Elmer Wall spent the first of the week in Post City. He left Wednesday for Dallas. Elmer is enjoying an eleven day vacation from employment at the Frizzell Drug Store.

47 VETERANS CASH BONDS TOTALING \$23,150.00

Postmaster J. A. Wilson announced Tuesday that 47 veterans had sent in their government bonds, 463 bonds in all, and totaling \$23,150.00. This money has been received in the Knox City territory within the past two weeks. It is a great boon to those veterans who received it.

Mr. Wilson further stated Tuesday that some ten other veterans who received bonds have not yet asked for them to be cashed. The larger number of bonds received by any one was 21. This man still has his bonds. The second largest number was 27, all of which has been returned for cash. The smallest number received one bond. Several veterans are only a portion of their bond, holding the other portion.

Mrs. Lee Smith and Mrs. H. B. Sweeney spent the weekend in Mineral Wells with Mrs. Holt Moseley and Mrs. S. A. Norris. Friday the group spent the day in Dallas attending the Centennial. Among other things seen on the Centennial grounds was Kenneth Edwards, guide in General Motors building. Kenneth looks well and fine, in fact, wearing the General Motors uniform Kenneth has the appearance of a settled, efficient man.

Further in the Centennial grounds the Knox City group visited the building in which Miss Francis Evans works. Francis is in her third year of nurses training and is spending some weeks this summer taking care of premature babies on the Centennial grounds. Although she was not on duty at the hour Knox City folks called, she was left a note and all felt very much like they had actually visited with her.

The Centennial is so complete in every respect that it is difficult to make description or suggestions. However, one thing for certain, any visit or who fails to be on the grounds after dark has failed to see the real beauty of the whole affair. The lights are gorgeous.

Mrs. Smith and Mrs. Sweeney returned to Mineral Wells Friday night with the remainder of their party and remained there until Sunday when they returned home. Mrs. Moseley and Claudia Sue returned home after having spent three weeks in Mineral Wells.

SUPPORT THE CHURCHES

Every community has among its wise men, those who scoff at the church. They can tell you a lot of things that some church members do, and they expect you to believe that hypocrites keeps them on the sidewalk looking in.

Don't be so foolish as to believe their talkers, even if they have fooled themselves, and really think they are sincere seekers after truth. They will talk blindly about tolerance and intolerance, etc. and etc., and wind up their discussion with a few potshots at religion. It's an amusing custom.

Regardless of what you might hear don't forget that religion is the real force in the world that leads to better men and women. The organized churches are the real servants of mankind in promoting and encouraging high ideals in everyday life.

THE CAPITAL ONLOOKER

By Charles E. Simons

Austin, Tex., June 30—Gasoline tax collections for the 1935-36 fiscal year are expected by George H. Sheppard, states comptroller, to reach an all-time high of more than \$10,000,000. Sheppard attributed a major portion of the increase to more efficient tax collection methods, particularly to strenuous efforts to prevent evasions by illegitimate dealers.

Approximately six years ago when Sheppard was appointed comptroller by former Governor Dan Moody, he immediately started a detailed study of the state's tax collecting system. He found much room for improvement and directed prime attention to the gasoline tax since it was from this source that important highway construction activities were maintained. Public school officials, hard pressed for funds in the financial crisis, also were looking to gasoline tax receipts to keep open the doors of the state's several thousand school houses.

The story of the substantial increase in gasoline tax collections is one of untiring research and endeavor. It also involved much litigation and for a time an almost steady stream of subpoena servers visited Sheppard with injunctions of various kinds restraining enforcement of new law passed by the legislature on his recommendation.

Sheppard sponsored the law that required refiners and operators to maintain a detailed record of their transactions and made violations of the gasoline tax law felonies instead of misdemeanors. Since this law became effective, Comptroller Sheppard has filed 176 complaints alleging violation of the statute and nearly 100 felony indictments have been returned. Numerous convictions, with assessment of penalties ranging from fines to two years in the state penitentiary, have had a decided effect in curbing violations.

One of the unique methods installed by Comptroller Sheppard to check violations is a traveling laboratory, completely equipped to take samples of gasoline at filling stations and make immediate tests to determine if the product meets the minimum legal requirements. Many operators were found to be contaminating gasoline with non-taxable products and this one phase of evasion alone cost the state several thousand dollars until curbed. Approximately 10,000 tests have been made and nearly 300 complaints filed.

Prior to the time Comptroller Sheppard took office there was little provision for enforcing the gasoline tax. Through his effort enforcement efficiency has been stepped up to a point where the state now obtains several millions of dollars more than formerly at a cost of less than one per cent.

Comptroller Sheppard explained his attitude on the gasoline tax question, and other taxes, at a meeting recently in Houston.

"Taxes are unpopular and they become even more so when unevenly distributed," he commented. "I do not believe in the theory of penalizing the citizen who pays his obligations to the state by making his commute with the dodger who is able to cut prices because he escapes his tax bill. When the legislature passes a tax bill it should be like the rain fall alike on the just and the unjust. I am convinced that if a strong effort is made to collect taxes already levied there would be little need for additional levies and the tax bill, as a whole, probably would be substantially reduced."

Since the inauguration of the gasoline tax law, the levy has yielded \$246,892,829.54, of which \$185,170,373.16 has been allocated for highway purposes, including local road bond retirement, and \$61,723,457.38 to the available school fund.

Collections in the 1934-35 fiscal year. Receipts for the first nine months of the current fiscal year were \$2,456,131 in excess of revenue.

es for the comparable period of the last fiscal year and Comptroller Sheppard predicted that if the ratio of increase is maintained through the final three months a new record would be established with several hundred thousands of dollars in spare.

For 1936, collections totalled \$3,256,855, an increase of \$418,999 over the same month last year.

Miss Lucille Williams was able to drive to town Tuesday, the first time since her recent operation she is looking fine.

ERNEST O. THOMPSON FOR RAILROAD COMMISSIONER

Ernest O. Thompson, candidate for Railroad Commissioner, was born in Alford, Wise County, Texas in 1892. His first public office was mayor of the city of Amarillo, being elected by 75 percent of the votes in a field of four candidates.

In 1932 Thompson was appointed to the Railroad Commission of Texas by Governor Sterling. He has taken a leading part in stimulating interest in the Interstate Compact Commission, which is bringing about coordinated petroleum laws and preparation, by agreement between the states of Texas, Oklahoma, Kansas, Colorado, New Mexico, Illinois and Michigan, with sympathetic interest from California and Louisiana.

Thompson is responsible for a gradually increasing market outlet for Texas oil. It has increased 300,000 barrels per day in the last four years. This adds 144 millions of dollars annually to Texas wealth.

Through the gate-raises for natural gas that have been set by the Railroad Commission the road has been opened to many cities and towns for the saving of tens of millions of dollars.

The Railroad Commission not only furnished engineers to co-operate with the Interstate Commerce Commission for appraisal of interstate pipelines, pump stations and equipment, but the Interstate Commerce Commission found the Texas method of appraisal so highly perfected that it has been adopted as the standard for appraisal of all interstate pipe-

lines in the United States.

Commissioner Thompson believes that there is not now in Texas a community of any size whatever that does not have daily transportation by bus, truck or railroad. Strict supervision over the ability of truck and bus drivers is maintained by the Railroad Commission. Illegal shipments by truck have been almost wiped out by close inspection of all loads moving out of oil fields and the severe penalties imposed on guilty carriers. (Political Adv.)

Evening message 8:30

We are happy to say that we closed the first half of the year with every teacher in our Sunday School present; except one. May we begin the last half of the year with new zeal and determination to make our Sunday School and Church services what they should be. For the destiny of our children and nation depends largely on our attitude toward the cause of our Lord, Jesus Christ.

The time is near approaching. In fact, next Sunday, July 5th, the revival season opens in our town and community, and every one who claims to be a follower of the Son of God should make close examination and see that his or her record is clear of such things as would cause the poor sin sick soul to turn away from Him Who said, "I came not to call the righteous but sinners to repentance. So in every song, prayer, or sermon, Christ will be calling. Seek the Lord while He may be found. Your day of grace is passing, eternity is coming. What will your record be?"
