NUMBER 25

Ladies' Night Banquet Planned By Lions Club

The Knox City Lions Club annual Ladies Night Banquet will be held Friday night, June 12, it was announced Tuesday by Roy A. Baker, chairman of general arrangements.

An entertaining program is being arranged by Sam N. Reed, program chairman. His present plans call for a variety act presented by four persons and billed as "The Bouncing Balls." Included in the program is a barbershop quartet, an acrobatic act, and a magician.

The banquet will be held in the school gymnasium. Members of the 1946 Study Club will prepare and serve the food to an expected 125 Lions and their wives. Several out-of-town Lions and their ladies will be special guests for the evening.

C. E. Williams, president of the local club, will be master of ceremonies.

Sam E. Clonts is chairman of the tickets committee.

Wichita Wilbarger Win District 4-H Tractor Contest

Results of the District 3 Tractor Operators Contest held for the 4-H boys of this area showed Bobby Moore of Wichita County and Ray Weideranders of Wilbarger County as the top scorers, and the two boys will attend the state contest in College Station on June 25.

The contest was held in Munday May 25, and Munday implement dealers furnished tractors for the competition. J. A. Scofield, District Agent from Vernon, supervised the contest, which was judged by Joe Burkett, Frank Martin and Roy McClung, County Agents from Foard, Haskell and Baylor counties.

Scores of boys competing were as follows: 1st, Bobby Moore, Wichita County, 225; 2nd, Ray Weideranders, Wilbarger County, 244; 3rd, R. D. Fuller, Kent County, 204; 4th, Maynard Moore of Knox County, 186; 5th, Dan Robertson, Young County, 165. Perfect grade was 300.

Maynard Moore of Rhineland who represented Knox County was handicapped, as he had been unable to attend a tractor contest and was a last minute substitution for the winner of the Knox County Tractor Contest, according to County Agent W. C. Pallmeyer. Moore's operation of the tractor was near perfect, Pallmeyer said, but theory and maintenance given in the schools was his downfall.

Members of the family report that Jacob Reeves, who has been seriously ill for several weeks, is feeling very well and is able to have visitors. Mr. Reeves is recuperating at home after a lengthy stay in the Knox County Hospital.

W. M. Rowan, who suffered a heart attack last week, was dismissed from the Knox County Hospital this morning and is now at home, but will have to remain in bed another week. Mrs. Rowan reports that her husband is feeling as well as could be expected, and is able to receive visitors.

Revival Underway at Full Gospel Mission

Rev. and Mrs. Marshall Cameron of Amarillo are the evangelists in the revival meeting now in progress at the Full Gospel Mission in Knox City.

Services are being held each evening, beginning at 8:15 p. m.

There is special music and singing at each service.

According to Rev. Nettie Wilcox, pastor of the Gospel Mission, the sick are prayed for each evening. Everyone was invited to bring the ill members of his family to the services.

Mrs. Wilcox invited everyone in Knox City and surrounding communities to attend the revival services. "Rev. and Mrs. Cameron are outstanding evangelists," she said. "Their preach-

Notice to Alumni And Ex-Students

To Alumni, Ex-Students and Old Friends:

On June 6th and 7th, the 13th annual school homecoming will be held here in Knox City. We want to take this opportunity to welcome each of you back and hope that you will come early and stay late.

Lots of things have happened in our community since our last get-together, and we believe that you will want to come back this year, more than ever.

Homecoming committees are planning plenty of entertainment that you will enjoy.

Our sincere wishes are that you will join us and that you will bring an old classmate with you. Remember you do not have to be a graduate for these homecoming events. Ex-students and old friends are welcome.

And we do want to insist that everyone in and around Knox City attend every homecoming activity and help us show the out-of-towners a good time.

Mary Howell Parsons
President, Alumni Assn.

Minister Honored at A.C.C. Graduation

Wesley Reagan, minister of the local Church of Christ, received the Dean's Award during graduation exercises at Abilene Christian College this week.

The award is given the student taking the best advantage of his opportunities while enrolled in the college.

Wesley has been connected with the local church for the past four years. He spent all summer here and has preached here every Sunday for the past two months.

He has been hired as regular preacher and will move here right away.

Oil Notes—

The American Liberty No. 1 C. H. Clarke, four miles east of town, is drilling below 5592', after tests in the Strawn formation failed to recover oil. Operators expect to top the conglomerate in approximately 200 more feet. The test is just north of two conglomerate producers.

The Sohio Petroleum Co. No. 3 F. W. Thorman Estate, on the Barney Arnold Ranch west of town, is drilling below 4500'. This is an offset to the No. 2 Thorman, a Strawn producer, where the pay zone was topped at 5139'.

After a period of inactivity in the North Knox City Field, Stanolind Oil & Gas Co. is drilling on the L. W. Graham No. 2-B Lease. Location is approximately 1200' west of the No. 1-B Graham.

John H. (Duck) Robinson, son of Mr. and Mrs. Guy Robinson, has completed his Air Force basic training at Lackland Air Force Base, near San Antonio, and has been transferred to the 3750th Technical Training Wing at Sheppard AFB, Wichita Falls, for assignment in specialized work. John is a 1952 graduate of Knox City High School.

Repairs, Cleaning of Hospital Underway

The Knox County Hospital is taking on a "new look," with all outside walls of the old portion of the building and the east wing being cleaned by the sand-blasting method.

Earl Pruitt of El Reno, Okla., contractor, began the sand-blasting Monday and expects to complete the job this week. The process makes the old, weathered brick look like new.

Carpenters are completing the job of repairing the new wing, which was badly damaged by the tornado in March. New furniture has been ordered for six rooms in the west wing, and is expected to arrive any day. It is the same type as the furniture destroyed by the storm.

All the second story interior of the hospital will be re-painted, according to Miss Beulah Sanders, hospital superintendent.

The hospital staff plans to have "open house" when all repairs are completed, Miss Sanders said. She added that it was originally planned to have open house June 6 or 7, so homecoming visitors could visit the hospital, but present indications are that it will be mid-June before the building is ready.

Two-Mile Strip of FM-143 Paved by State Highway Dept.

The State Highway Dept. last week completed paving a two-mile strip of FM-143, from the west approach of the new Brazos River Bridge, now under construction, to the Brock school house.

When the bridge is completed the contractors, Cooper & Woodruff, will pave the strip from the present end of FM-143 to the new two-mile strip.

The Brock school is the end of the Knox City school bus route.

All steel work is completed on the new bridge, and contractors are ready to start pouring the concrete slabs. H. T. Cunningham, resident engineer for the Highway Dept., expects the job to be completed in approximately five weeks.

100 CHILDREN ATTENDING VACATION BIBLE SCHOOL

The average daily attendance at the Vacation Bible School sponsored by the First Methodist Church and First Christian Church has been approximately 100. Mrs. Dan Steakley, general chairman, said Wednesday.

"The attendance has been excellent, plenty of teachers in each department are giving willingly of their time, and we are well pleased with the way the school is going," the chairman said.

The school will continue through Friday, June 5, from 9 to 11 a. m. each day except Saturday and Sunday.

On closing day, parents will be invited to attend and see the work and articles made by their children. Details of the "open house" will be announced in next week's Herald.

BARNETTS MOVE

Mr. and Mrs. Harold Barnett and children moved to their home in Longview Wednesday.

Mr. Barnett will return to "wind up" his duties at the school when the Negro school is out. Superintendent of the local schools for the past two years, Mr. Barnett resigned in April and accepted a job with an insurance company in Longview.

\$527 Collected for Waco, San Angelo Tornado Victims

Rip Collins, chairman of a Lions Club committee to collect funds for relief of tornado victims in Waco and San Angelo, reported this morning that \$527 has been collected to date.

A few more solicitations are still to be made, Collins said. All funds collected will be divided, 60 per cent for Waco, which was hardest hit, and 40 per cent for San Angelo.

Other members of the committee are Claud Reed and Charles Reed.

To Speak at Baptist Brotherhood Meeting

Lem Ray, well-known rancher and religious worker of Wylie, Texas, will be the principal speaker at the Haskell-Knox Brotherhood associational meeting, to be held at the Rochester Baptist Church Tuesday evening, June 2.

The Rochester church and the Pinkerton Baptist Church, Rule, will be co-hosts for the meeting.

The meeting will begin with a sing-song at 7:30 p. m., directed by C. O. Davis with George Turner at the piano. Rev. Jack Wester will offer a prayer before the evening meal is served.

Following supper, Davis and Turner will conduct another song service which will open the evening's program. W. L. Ballard will give the devotional, followed by a short business meeting and recognition of visitors.

The Knox City Male Quartet will present special music preceding the message by Mr. Ray, which begins at 8:45.

The program will be concluded at 9:30 p. m. All men of the local Baptist Church and others in the area were invited to attend.

Grady West to Speak at Annual Homecoming

Grady West of Lubbock will be the principal speaker at the morning service of the annual homecoming of Knox City High School graduates, ex-students and teachers, Sunday, June 7, it was announced Wednesday by Chad Wilson, program chairman for the Alumni Association.

Mr. West is a former teacher and athletic coach in the Knox City School. He is now an attorney in Lubbock and is a former court reporter in that county.

He taught in the Knox City schools in the early twenties.

A complete program of the morning session will be announced next week.

Saturday to Be 'Poppy Day' Here

Needy children of war veterans will be among those who will benefit from the generosity of the people of Knox City on Poppy Day, May 30, according to Mrs. Guy Robinson, president of the local American Legion Auxiliary.

Contributions made for the little red flowers of remembrance will be divided between the Auxiliary's child welfare and rehabilitation funds to serve both the disabled veterans and veterans' children, she explained. Because of the poppy, aid from the Legion Auxiliary will be available to children of veterans found in need in Knox County during the coming year.

"Disability and death of war veterans, as well as other causes which break up veterans' homes, often leave children in distress," Mrs. Robinson said. "Our Auxiliary Unit must have funds available to meet emergency needs of such children until permanent arrangements for their support can be made. The poppy is our biggest aid in this endeavor."

"Saturday will be Poppy Day when a memorial poppy will be worn proudly over every remembering heart in Knox City," the Auxiliary president concluded.

Funeral Services Held at Truscott For Joseph Laquey

Funeral services were held in the Truscott Methodist Church Tuesday, May 26 at 3 o'clock for Joseph Laquey, an early-day settler in the Gilliland community. Mr. Laquey had been living in Vernon since 1945.

Services were conducted by Rev. Carl Hudson, pastor of the church, and Rev. O. Strickland of Graham.

Mr. Laquey was born near Richland, Mo., on August 30, 1868. He was married to Miss Mary Louise Ely Oct. 4, 1888 at DeLeon, and the couple had six children. One child preceded him in death.

Mr. Laquey was member of Theodore Roosevelt's "Rough Riders" who fought at Manila during the Spanish-American War.

Survivors are the wife; three sons, Thomas of Ft. Morgan, Colo., Nicholas of Henrietta and Theodore of McCamey; two daughters, Miss Venta Laquey of Odessa and Mrs. Frank Dickenson of Odessa; and a number of grandchildren.

Interment was in the Truscott Cemetery, under direction of Henderson Funeral Home of Vernon.

Among the out-of-town relatives and friends attending the funeral were Mr. and Mrs. Roy Laquey of Lubbock, Mr. and Mrs. Derrel Ward of Wilson, Mr. and Mrs. S. S. Laquey and Mr. and Mrs. Mack George of Wichita Falls, Mr. and Mrs. Tennie Laquey of Duncan, Okla., and Mrs. Clarence Woodward of Knox City.

City Grocery to Have 'Open House' Thursday, June 4

Plans for an "Open House" party were announced Tuesday by Mrs. C. A. Reed and Charles Reed, owners of City Grocery & Market and Reed's Lockers.

The party will be held in the new store building next Thursday evening from 6 to 9.

"We will not be open for business Thursday," Mrs. Reed said, "but we want you to come in and inspect our completely new building, modern refrigerated display racks, and our frozen food locker plant. From the beginning, our plans have been to make your grocery shopping easier and more convenient."

The new store replaces the building which burned early in October of last year.

There will be balloons, candy and ice cream sticks for the children, and refreshments of sandwiches, coffee and cookies will be served.

Mrs. Reed invites everyone in Knox City, O'Brien, Benjamin, Truscott, Rochester and surrounding areas to attend.

"Bring the whole family, inspect every department, and enjoy the evening with us," Mrs. Reed said. "This is one way we can show our appreciation for the many courtesies and favors shown us during the past seven months."

Mrs. Reed announced that the store will be closed Wednesday and Thursday while the stock is being moved to the new location.

June Lowrey, daughter of Mr. and Mrs. M. S. Lowrey, Rt. 1, was one of the 72 McMurry College seniors to receive degrees at commencement exercises May 26. Baccalaureate was held May 24.

While at McMurry June, a business administration major, was a member of Alpha Chi, FTA, and Kappa Phi. She served as vice president and reporter of Kappa Phi.

Memorial Service To Be Held at Cemetery Sunday

Everyone in Knox City and surrounding communities were invited to attend a Memorial Service at the cemetery Sunday, May 31, honoring the war dead. The service will be sponsored and arranged by the Teague-Carpenter Post of the American Legion.

Sammy B. White, post commander, announced that Rev. Emil V. Becker will make a short speech commemorating those who have died on the battle field. The Legion will place flags on the graves of those who made the supreme sacrifice.

A. E. Propps and Sam E. Clonts will sound taps and the echo, and a firing squad will fire a salute.

The service will begin promptly at 5:30 p. m., and will continue about 45 minutes.

"Remembering the price that has been paid, and is being paid, in defense of our country, surely we can spare a few minutes on Memorial Day in honoring those sons husbands and fathers who gave all," the commander said.

Everyone was asked to note, while at the cemetery, the clean-up job that is almost completed. The Taylor family, who moved here recently from Goodlett, Texas, has worked the past two months chopping the weeds. The family was hired by the Cemetery Association.

Local Lions Attend Dist. 2-E Convention in Mineral Wells

Attending the District 2-E, Lions International, convention in Mineral Wells during the week end were C. E. Williams, president of the local club, Jeff Graham, president-elect who will be installed in July, and J. M. Averitt, Otis Harbert and Doyle Graham.

The convention opened Sunday with early registration and tours of Mineral Wells, church services, a golf tournament, and receptions for state and national Lions Club leaders.

Formal program and business sessions got underway Monday morning at 9:30 in the Roof Garden of the Baker Hotel.

O. L. Stamey, president of Cisco Junior College was elected District Governor, succeeding I. R. Hutchinson of Hamlin. Mr. Hutchinson, Hamlin superintendent of schools, was called the outstanding district governor in Lionism in 1952, with the clubs in his district showing a net gain of seven members per club.

The local Lions were entered in the "blind bogey" golf tournament, and Graham came off second best with a net score of 70. Monday night at the governor's banquet in the Brazos Club at the Baker Hotel, he was presented a half dozen golf balls for his victory.

Harbert didn't fare so well but was presented a consolation prize, a "retreaded and vulcanized golf ball."

NEW RESIDENTS HERE

Mr. and Mrs. Mickey A. Supina are new residents of Knox City, moving here from Goldsmith, Texas. Mr. Supina is foreman for Stanolind Oil & Gas Co., replacing Mr. Hatton of Haskell.

They have purchased the home of Dr. and Mrs. Ben Bowden, but are living in the Hawkins rent house at 910 E. 8th St. at the present time.

Mr. and Mrs. Supina attend the Catholic Church.

TAXES ON FARM AND RANCH PROPERTY CONTINUE TO INCREASE

COLLEGE STATION. — Taxes on farm and ranch property have been increasing for six consecutive years. Total levies by all units of government in 1952, on an acreage basis, were about 55 percent higher than in 1946, and were approaching the 1931 record high of 29 cents an acre.

This upward movement established a new trend in the record of farm taxes dating back to 1890, say L. P. Gabbard and R. G. Cherry of the department of agricultural economics and sociology, Texas A. & M. College, who have released the findings of a study into postwar farm

and ranch real estate taxes. They point out that farm and ranch taxes have not risen uniformly in all counties during the postwar period with the trend being reflected in the economic conditions, changes in population and other situations within the counties.

Taxes have increased since 1946 in each of the 18 major type-of-farming areas of the state, varying from 14 to 107 percent. The greatest increases occurred in the Lower Rio Grande Valley and Rio Grande Plains areas where taxes have more than doubled. Increases

ranging from 75 to 100 percent have occurred in the Panhandle wheat area, Canadian River grazing area and in most of the Edwards Plateau counties. Areas with increases of less than 25 percent include the North Central grazing area, the Northeast Texas Sandy Lands and Grand Prairie areas.

The economists point out that had not the state adopted measures which tended to relieve property taxes, the increase might have been considerably more. Property levies now account for less than 6 percent of the tax and license revenue of the state government.

One enactment was the assumption of a larger share of the fiscal responsibility for public education through the Gilmer-Aiken laws. In instances this legislation has resulted in higher taxes for individual farm and ranch owners by causing dormant common schools with little or no tax levy to join other districts with higher tax rates. Adoption of a farm-to-market road program by the state government has reduced some pressure on local property taxes and the dropping of the property levy for general revenue purposes of the state government has also tended to lower property taxes.

About one-fourth of the counties in 1952 were levying the 30 cent rate for farm-to-market roads and flood control purposes as authorized by the state as a result of the legislation on property taxes for general revenue.

The school districts have accounted for a major portion of the postwar tax increases on rural property. Local school district levies last year accounted for 53 percent of all farm and ranch taxes as compared with 44 percent in 1947. State levies dropped from 15 to 9 percent during the same period and junior colleges and other special districts increased from 2 to 4 percent.

Generally units of government increased both tax rates and assessed valuations during the postwar period and in only rare instances have valuations been lowered—in counties with extensive new oil developments. Most valuations have been increased by blanket raises on all property. However, some units have based the increases

CHICAGO — Getting a line on the future, these enterprising youngsters really mean business. Under the National Junior Achievement program, these city cousins of 4H clubbers organize their own companies, sell stock, and make products like this unique telephone lamp. Bob Morris and Alice Bertha are two of 4,000 youngsters in 188 companies that make Chicago's JA program the largest, most active in the nation.

on evaluation surveys. Although taxes are near a record high in absolute terms, the economists point out that they are relatively low when measured by prices received for all farm products. The sharp increase in the tax index and lower farm prices in 1952 as compared with 1951 brought the ratio between the index for taxes and prices to 95 cents which is still below the figure of \$1.00 for the base year 1913.

GOREE BOY WINNER IN KNOX TRACTOR CONTEST

Leon Hargrove, son of Mr. and Mrs. J. A. Hargrove of Goree, was named winner of the Tractor Operators Contest held for 4-H and FFA boys of the Goree School May 19th.

The contest was under supervision of W. C. Pallmeyer, Knox County Agent, and judges for the event were Lawrence Haberman, Goree V. A. Instructor, Dave Jetton and Cliff Moorman of Goree.

The contest consisted of true and false questions on tractor maintenance and safety, tractor inspections and checkups, and operation of the tractor with a two-wheeled trailer attached. Leon's score was 153, and he represented Knox County in the district contest held in Munday May 25.

Other entries in the contest and scores were as follows: Charles Gaither, 122; Dwayne Hargrove and Wesley Sherman, 121; Wayne Hargrove, 120; and John Jones, 104.

O'Brien Seniors Return From Trip

The O'Brien senior class headed toward points South Wednesday morning, May 20. Their trip was to follow a well-mapped route leading by Buchanan Dam, one of the largest of its type in the world. A good view of the lake was obtained from the observation tower at the dam site.

The next point of interest was the Marshall Ford and Mansfield Dam. According to authorities at the dam, this is the fourth largest dam in the United States. Here the group was taken on an observation tour, visiting the various components of the dam and having the technicalities of the machinery explained to them.

In Austin, swimming at Barton Springs was a cooling and refreshing attraction. Many of the students viewed the State Capitol for the first time. They also found the campus of Texas University, one of the world's leading universities, an interesting place to visit.

The glass-bottomed boats of the Aquarena at Spring Lake in San Marcos was a major attraction of the trip. At Spring Lake, nature has provided one of the most interesting aquatic gardens in the United States. The beautiful, crystal clear waters of the lake are fed by springs flowing an estimated 200,000,000 gallons of water a day. Adding to the attraction is a submarine theatre where the spectator as well as actors are featured in an under-water setting. Curtain effects are provided by air bubbles passing up through the water. This aquarena provides both beauty and excitement in the sub-surface world, the seniors report.

In San Antonio, the Alamo and other historic points of interest were viewed. The zoo at

Brackenridge Park provided a lengthy tour of entertainment. Here, the fifth largest zoo in the country has a large collection of birds, animals and marine life. The exquisite beauty of the Sunken Gardens near the zoological grounds were viewed with admiration by all the class.

Sea foods and fishing were enjoyed at Aransas Pass and Port Aransas. The catch was not large but the fun compensated for the small fry. A frolic along the beaches of Mustang and Padre Islands was enjoyed by all.

Corpus Christi provided numerous attractions, including stock car racing and sight-seeing. The finny tribe was again pursued with zest, and some of the hardier of the group enjoyed an all-night trip out into the deep blue on a shrimp boat.

Sunday morning found a tired but happy group of students making a bee-line for home. The students expressed their pleasure over a lovely

trip, while the seniors on the 1,200 miles had of their school homes.

Those making Wayne Hutchins Duke, Ernie Lowrey, Leonard Poe, J. A. Thomas, all graduates of the school; and C. G. representative of sponsors, Betty tioning in Ar make the trip members of her

Did You Know?

We paid grain producers in this section over \$85,000 above the loan on grain stored with us in our Government proved warehouses the past three years.

We list below some of the advantages you have when you sell or store your grain at Market Poultry & Egg Company, Haskell or O'Brien.

1. All grain weighed on Bonded Print-O-Matic Scales.
2. Convenient facilities for unloading your grain. Eliminates waiting and enables your trucks to turn to combines quickly.
3. All grain stored with us stays here. You can pay your loan and get your grain or sell to anyone you choose at any time.
4. You will be notified from time to time if you can make a profit in your stored grain.
5. You get your warehouse receipt the same day you deliver your last load, and you can get your Government loan the same day.
6. We buy all kinds of grain—Wheat, Oats, Barley, Milo—and you will find our prices in line with today's markets.
7. We are in the market the year 'round—wet or dry.

Bring us your grain and help make O'Brien a grain center for this section. Your patronage will help maintain an elevator that will be profitable to you.

We have for sale Certified Martin Milo at \$5.00 per CWT. and Early and Regular Higari at \$5.00 per CWT.

Mexican Cattle Ban Expected to Help Market in U. S.

Observers on the Fort Worth stockyards Monday expressed the view that closing of the Mexican border because of a new outbreak of foot-and-mouth disease would help to stabilize the cattle industry in the U. S. Ted Gouddy, special livestock reporter, said in a release to the Herald this week. The opinion is that if the U. S. Government follows the usual procedure the Mexican imports of cattle will be banned for at least a year from the time the last sick animal is destroyed.

Most observers felt that while cattle imports from Mexico are not oppressive (averaging some half million a year) the psy-

chology of a somewhat shortened supply should stimulate lagging stocker demand. This development should be especially noticeable in the Western states and California.

Possibility of a strong move to bar imports of meat, unless cooked, from Mexico looms. With the culling season for cow herds at hand in the Southwest, the imports of boned out beef from Mexico would depress live cattle prices in the U. S. during a season of heavy production.

One observer said, "Letting new meat into the U. S. is like putting a loaded gun at our head, as they do in the game called Russian Roulette. We could get the disease across the border that way. The meat should be subject to the same restrictions as the South American variety."

At Fort Worth a number of order buyers with connections in California reported that for many months the Mexican imports had been a deterrent to selling plain Texas stocker cattle to the West Coast feeders.

It is reported there are thousands of Mexican cattle in the U. S. at this time that stand to lose their owners lots of money. In some cases these Mexican cattle cost from \$3 to \$5 above what comparable native U. S. cattle would cost today.

The U. S. Department of Agriculture is rushing a staff headed by Dr. M. R. Clarkson to Mexico City. The new outbreak is in Vera Cruz, the state in

HEARD RESIGNS—Attorney General John Ben Shepperd has announced the resignation of Dow Heard, head of the department's submerged lands division.

Heard was a leading figure in the state's successful fight for recovery of its tidelands. He has been in Washington since January representing the state in connection with tidelands legislation.

In comment on Heard's resignation Shepperd said "Texas owes Heard a great debt of gratitude for an outstanding and conscientious job in securing the return of our tidelands."

Heard has been an assistant attorney general since 1949. He assisted in several other major lawsuits, including the injunction against telegraph and telephone companies to stop race-track and bookie joint service.

which the original outbreak occurred about six years ago. The same 500 cattle involved have been slain and buried. The U. S. spent over \$127 million dollars in the five year fight to eradicate the disease and the border has been open since last September. The latest outbreak is some 500 miles south of the U. S.-Mexican border. Previous last known appearance of the disease in Mexico was in August, 1951.

Record numbers of cattle went to market this week in the United States. Monday's offering of over 101,000 at 12 major markets was the largest for this season of the year in many years, and was possibly a record for the date.

CARD OF THANKS

Words cannot express my appreciation for the many kindnesses shown me after my home was destroyed by the tornado and during my stay in the hospital.

May God Bless each of you.
Mrs. M. M. Griffin, O'Brien
Dwight and Elbert Griffin

Farmers Union Schedules Meeting In Crowell June 4

In response to requests from many Texas farmers, National Farmers Union will conduct an all-out organizing campaign to "give every farm family in the state an opportunity to join with hundreds of thousands of other American farm families in a determined effort to save our federal farm programs." James G. Patton, president of the organization announced today.

The drive will start in this area with a meeting of farmers at 10 a. m. June 4 in the District Court room at Crowell. Speakers will review the treatment federal farm programs are receiving at the hands of a new administration and will also explain the purposes and background of the Farmers Union.

Similar meetings are being held in other parts of the state.

Heading the meetings will be Patton, Ferd Haiduk of Groom, president of the Texas Farmers Union, and two of Patton's assistants, Gus F. Geissler and Emery E. Jacobs. Geissler was formerly national administrator of the Production Marketing Administration and Jacobs was director of PMA in the southwestern states.

Patton said he felt "price supports, soil conservation, rural electrification, farm credit and other programs are in grave danger of being lost, or at best, impaired because of unrelenting attacks against them by powerful forces in and out of government."

Farmers Union, second oldest of the major farm organizations, was founded in Raines County, Texas, in 1902.

All Knox County farmers were urged to attend the meeting in Crowell.

Wesleyan Service Guild Meets

The Wesleyan Service Guild met recently at the Methodist Church, with members bringing and enjoying a covered dish supper.

After the meeting was called to order by the president, Mrs. J. C. McGee, Mrs. McGee gave the same devotional that was given by Mrs. Landrum at the Conference in Stamford recently.

Mrs. Landrum is a leader in Women's Work of the Methodist Church.

Mrs. Paul Hoge and Mrs. Doyle Graham gave a summary of the conference. A number of women from the local church attended.

Mrs. McGee, newly re-elected president, named her committees and chairmen. The group selected the studies "That the World May Know" and "Jeremiah" for the coming year.

Members of the Guild met May 27 with members of the Women's Society of Christian Service for the pledge service.

Present were Mmes. J. T. Gilpin, Paul Fitzgerald, W. W. Hines, E. Q. Warren, Cordelia Woodward, Hoge, P. K. Jones, Graham, Alton Fitzgerald and McGee.

KNOX COUNTY HERALD

Published each Thursday at Knox City, Texas, and entered in the post office at Knox City, Texas, as second class matter Sept. 5, 1946, under act of March 3, 1879.

Mr. and Mrs. Tommy Hall and family left last week for Wyoming.

Legal Notice

CITATION BY PUBLICATION

THE STATE OF TEXAS

TO: J. A. Duke, and the unknown heirs of J. A. Duke, deceased; J. M. Burke, and the unknown heirs of J. M. Burke, deceased, Defendants, Greeting:

YOU ARE HEREBY COMMANDED to appear before the Honorable District Court of Knox County at the Courthouse thereof, in Benjamin, Texas, by filing a written answer at or before 10 o'clock A. M. of the first Monday next after the expiration of forty-two days from the date of issuance of this citation, same being the 29th day of June A. D. 1953, to Plaintiff's Petition filed in said court, on the 12th day of May A. D. 1953, in this cause, numbered 4990 on the docket of said court and styled Ida Houston, Plaintiff, vs. J. A. Duke, and the unknown heirs of J. A. Duke, deceased, and J. M. Burke, and the unknown heirs of J. M. Burke, deceased, Defendants.

A brief statement of the nature of this suit is as follows, to-wit: Suit in trespass to try title in and to Lots One (1) Two (2) Three (3) and Twelve (12) in Block Four (4) of the Bettie G. Davis Addition to the town of Knox City, Texas, for costs of suit, etc., which is more fully shown by Plaintiff's Petition

on file in this suit.

If this citation is not served within ninety days after the date of its issuance, it shall be returned unserved.

The officer executing this

writ shall promptly serve the same according to the requirements of law, and the mandates hereof, and make due return as the law directs.

Issued and given under my

hand and the seal of the court at Benjamin, Texas, this 12th day of May, 1953.

Attest: (Seal) 4-23

You really **GO**

When you go Ford V-8 you get this fine car power without paying a premium.

What kind of engines are you finding in more and more of America's finest cars? Yes, V-8 engines. And no wonder, for no other type of car engine available today can beat V-8's for compactness . . . and for smoothness. And Ford and only Ford offers you a V-8 engine in a low-priced car! It's the wonderful result of Ford's experience building more V-8's than all other makers combined . . . over 13,000,000 of them.

ECONOMY FLASH!

A Ford Six with Overdrive was Sweepstakes Winner in the recent Mobilgas Economy Run.

when you go **V-8**

Fifty Years Forward on the American Road

It's just one of 41 "Worth More" features that make Ford worth more when you buy it . . . worth more when you sell it.

Imagine! A car so low in first cost keeps its value better than any other car on the American Road. Used-car figures on last year's cars prove that. And with its 41 "Worth More" features, this newer, finer '53 Ford holds still greater promise of long-lived value. You'll find built-to-last Crestmark Bodies. You'll find a new kind of ride that practically "repaves" the roughest roads. And these are but samples of the reasons why Ford is worth more when you buy . . . worth more when you sell.

STREAMS in Desert Places

By Ozella Stephens

Encouragement. The God Ward Look. (II Kings 6:17).

Gehazi must have trembled with fear as he saw the enemy closing in upon Elisha. Then it was that the Prophet prayed, and said, "Lord, I pray Thee, open his eyes, that he may see." What Gehazi saw was the mountains full of God's horses and chariots, giving protection to His Prophet.

We need the vision which God gave to Gehazi. We need to see all heaven working in our behalf. When this is before us, we will lift up the hands that hang down and find strength for our feeble knees.

Instead of looking at our emergencies, we should look beyond them, and above them to God's provision and power. When the children of Israel saw the mountains on one side, and the sea before them, and Pharaoh's hosts coming upon them and closing them in, they needed to look away to God.

The host of the Lord are an innumerable multitude, and they are all working in our behalf. The Lord, himself, has placed at our disposal all of the power invested in Him, as He sits enthroned above.

Retreat should never be found in the Christian's vocabulary. We should not even try to go around our difficulties. We should press through them. If any need, let your look be God-Ward, for in Him is Infinite Power.

You can have the cleanest kitchen in town..

WITHOUT SCOURING OR SCRUBBING!

COOK Electrically—it's cleaner!

Sealed surface units radiate a penetrating heat as clean as an electric light... there's no flame... soot... or smoke. Kitchen walls and ceilings stay fresh and clean much longer; the bottoms of cooking utensils, unsoiled by flame, require no scouring or scrubbing... electric cooking is cleaner.

P-5-S-1
With an Electric Range you can use an AUTOMATIC ELECTRIC WATER HEATER on a low "off peak" rate of 1¢ per kilowatt hour!
Electric Water Heating Is
• Clean
• Safe
• Automatic
...It's Matchless!

West Texas Utilities Company

Guard Against Food Poisoning, Dr. Cox Advises

The coming of warm weather brings a warning from Dr. Geo. W. Cox, State Health Officer, for all persons to be on the alert regarding food poisoning. Most cases investigated by the State Department of Health disclosed that improper food handling was responsible for the illness.

Food poisoning is commonly caused by bacteria in food. In general there are two types, food poisoning and food infection. Food poisoning is caused by bacteria in the food that produce a poison and usually the symptoms appear within a few hours. In food infection, the bacteria do not produce a poison, but attack the body. This takes longer so symptoms usually do not appear for 12 to 24 hours after eating.

In both kinds of illness the symptoms may be similar; nausea, vomiting, diarrhea, abdominal pain and fever may all occur. In food poisoning nausea and vomiting may predominate while in food infection diarrhea may be the prominent symptom.

As a prevention Dr. Cox suggests that all food be protected against flies and other pests. Refrigerate all perishable foods including meats, poultry and cream-filled pastries. Many outbreaks of food infection are caused by leaving food out of the refrigerator. Also, avoid handling food if you have a sore or an infection on your hands or if you are sick.
