KNOX CITY, KNOX COUNTY, TEXAS, THURSDAY, FEBRUARY 3, 1944

NUMBER 19

Copper Mine Near City Gets Good Yield

After several feeble attempts in the past forty years, copper mining is now apparently an established industry in this region, with Knox City as the main point of operations.

Leon Guinn, superintendent and general manager of the Great Western Mining Company states that his organization has completed installation of machinery and are now producing copper in paying quantities on locations about 10 miles northwest of Knox City. To date approximately 275 tons of the refined ore has been shipped from this point.

Developments are being pushed in three counties, Knox, King and Stone-wall. Previous prospecting for copper and other ores has already established that large quantities exist in this locality but final production has been retarded by many reasons. Lack of proper machinery and transportation from the mine-site to a railroad point have been the main drawbacks.

The Great Western company, with headquarters at Snyder, Texas, has been in the mining business for many years and is headed by several prominent West Texans. Julius W. Barrett is president and E. E. Low, vice-president. They have several operations going on in West Texas and also old Mexico, where they are working a mine about 350 miles in the interior.

Using the acid process to reduce the ore, the refined product is shipped from Knox City to El Paso for the final smelting process. Mr. Guinn says that the company hopes to build a smelter here and produce the finished metal.

The War Production Board has approved the project after making a thorough inspection and at present the company has an "all clear" signal on priorities for getting out this much needed war material.

Several times in the past, companies have been organized to work the deposits and in spite of the hardships and handicaps encountered, paying quantities have been produced. Mining from open pit operations, it has been difficult to carry on the work with what machinery was available. Using mule teams to haul the ore to a shipping point was a tedious and expensive operation. Finally the whole thing died out until the present operators saw an opportunity to make it pay with modern machinery.

Mrs. Robert Hamilton Dies In Fort Worth Last Sunday

Word was received here last Sunday that Mrs. Robert Hamilton, wife of Robert Hamilton, deceased, and mother of Charlie Hamilton, had died at her home in Fort Worth that day. Mrs. Hamilton had made her home in Fort Worth since the death of her husband in 1928. Her son, Charlie Hamilton was at her bedside when death came.

Funeral services were held in Fort Worth, Tuesday afternoon. Interment was made in Amarillo where Mr. Hamilton is buried.

Mrs. Hamilton is known here by most of the people that have lived in Knox county as long as fifteen years. She and her husband were among the early ranch people in the Panhandle of Texas and they later established a ranch in Knox county.

Charlie Hamilton, her only living child, has been in charge of the Hamilton ranch since the death of his father. The property is located near Benjamin and is considered one of the best ranches in this county. Friends of Mr. Hamilton extend the deepest sympathy, yet the fine life that his mother lived to a mature age should be a consolation and an inspiration to him at this time.

Mrs. Hamilton spent her girlhood at Fort Griffin. They moved to Mesquite, Texas, where Mr. Hamilton and R. B. Masterson engaged in the cattle ranching business. In 1913 the Hamiltons moved to Benjamin.

Benjamin Club Meets Tuesday, Feb. 8th

The next meeting of the Benjamin 4-H club for boys and girls will be on Tuesday, February 8, at 2:00 P. M., in the Benjamin school building.

The club met recently with the new officers in charge. They were: President, John Galloway; Secretary, Charlene Kindrick; County agent R. O. Dunkle and Miss King, Home Demonstration agent took part in the meeting.

The Benjamin club is striving to make this one of their best years in club work.

Calf Show At Munday To Include Best Stock

A new feature of the annual 4-H Club Calf Show this year at Munday will be a livestock judging contest among the 4-H and F. F. A. boys of four counties, which will include Baylor, Haskell, Foard and Knox counties. If each county is represented, there will be eight teams in the contest and a total of thirty-two boys.

Each individual in the contest will be known by number instead of name. Jack Idol, of the League ranch, W. C. Cunningham, supt. of the Munday schools, and Henry Arledge will be in charge of this contest.

The livestock committee of the show plans to ask different service clubs to participate in the contest, this would include a team from the Chamber of Commerce and Rotary Club at Munday and the Lion's Club at Knox City. Each club to select a team of three men. The participation of the service clubs in the contest would add quite a lot of interest and fun to the show.

Brock Club Has Interesting Meeting

The Brock Home Demonstration Club met Thursday, January 27, at the Brock school house. There were six members and two visitors present.

After the business meeting the assembly was turned over to Miss Lucille King, demonstration agent. She gave a demonstration of pottery painting and displayed a sewing cabinet.

The club voted to meet twice per month, so the next meeting will be held February 10, in the home of Mrs. John Henderson. The program will be centered around remodeling a trunk.

Salvage Tubes Not Needed After March 1

After March first, there will be no further call by the Federal government for metal tubes. By that date practically all tubes then in the hands of users will be of a different type metal to the old tubes, which in many cases are still found in homes and in the hands of collecting agencies.

According to an order from the general salvage branch chief, Washington, all metal tubes which the public has been reserving for exchange purposes in their homes and which have been accumulated in drug stores and wholesale houses, should immediately be expressed collect to the Tin Salvage Institute, 411 Wilson Avenue, Newark, New Jersey.

RED CROSS CHAPTER ELECTS EXECUTIVE OFFICERS

The executive committee of the Knox County Chapter of the Red Cross met in regular session Tuesday night Feb. 1, at Benjamin. On resignation of Mrs. H. A. Smith of Truscott, of the executive committee, Ozzie Turner was elected to fill her place.

Reports were given by the officers and chairmen of the different activities. Rev. J. S. Tierce, war fund chairman, gave a talk on the drive for this year.

The following members attended: Mrs. B. C. Anderson, chairman; Mrs. M. H. Reeves, vice-chairman; Miss Pauline Goodson, secretary; J. M. Averitt, treasurer; Mrs. Otis Golden, production chairman; G. E. Steen, asst. chairman; Rev. J. S. Tierce, war fund chairman; Supt. M. D. McLaughy, junior chairman; Judge J. C. Patterson; Mrs. E. B. Sams and Mrs. Ozzie Turner.

O'Brien Club Elects Officers For New Year

The O'Brien 4-H club met Thursday, January 27. New officers for the club year were elected as follows: clothing demonstrator, Eula Marie Harp; Bed-room demonstrator, Von Dell Reed; Reporter, Von Dell Reed; Secretary, Louise Elmore.

A committee composed of Jean Oliver, Margie Emera and Louise Elmore was appointed by the club president to pass on the qualifications of members for the addition of a new "H" to their four leaf clover emblem.

All members are urged to be present on the fourth Thursday in February for that meeting. New members are being solicited.

PARTY HONORS KEN FRIZZELL

Mr. and Mrs. Roy Baker were hosts to a party in honor of their nephew, Ken Frizzell, who leaves Thursday to enter school in New Jersey.

After games of Monopoly and Tri-poli were played, refreshments were served to the following guests: LaRue Malouf, Lora Jean Bradberry, Mildred McGee, Carol Lynn Finley, Virginia Sue Webb, Henry L. White, Sam Emory Clonta, Russell Hackfield, William Roy Baker and Monty Whitten.

W. T. Jennings, Civil War Veteran, Dies at Home Here

It Just Happens To Some Folks

Mr. and Mrs. C. L. Wilson, formerly of Knox City, but now living at Leham, Texas, became the parents of their second set of twins Tuesday morning at the Knox County Hospital. Their first set of twins, both girls, are five years old. The new members are a boy, weighing four pounds, and a girl weighing just under four pounds.

McMurry Endowment Fund Ties Up With Fourth War Loan

No campaign in the history of the Methodist church in West Texas and New Mexico has ever met with such approval and general response as has the \$1,750,000.00 Endowment and Building Fund Campaign for McMurry College, which is now under headway in this area.

In response to a recommendation of President Harold G. Cooke, to the board of trustees of the college last

Dr. Harold G. Cooke

commencement, plans were laid and a vigorous cultivation was begun for the conduct of such a campaign. To date, approximately one-half of the amount has been secured in cash, bonds and subscriptions—and work on the campaign has just begun in most churches.

From the beginning of the campaign the committee has suggested that Series "F" or "G" Bonds be given to the Fund, in lieu of cash or subscriptions, thus enabling the donors to serve both their country and their church at one and the same time. Donors are helping to win the war by purchasing bonds, and helping to preserve the peace by building a christian education institution for the crucial years following the war.

The local Methodist church has already contributed \$258.75 to this campaign.

RED CROSS SEWING ROOM INSTALLS WORK SCHEDULE

In order to accomplish the most and get the sewing done on time, the sewing committee has worked out a schedule, assigning certain women to certain days. If your name appears on the following list, please accept this as an invitation to come on that day and cooperate in this extra work that the war has thrust on our community. Anyone else who can give one afternoon a week to this work will please come on whatever day is convenient.

Tuesday: Mrs. Clonta, Mrs. C. C. Hoge, Mrs. Favors, Mrs. Roy Smith, Mrs. Propp, Mrs. Hammonds.

Wednesday: Mrs. B. B. Campbell, Mrs. Wampler, Mrs. Farmer, Mrs. Fitzgerald, Mrs. Myrtle White, Mrs. Dutton.

Thursday: Union Grove ladies.

Friday: Mrs. Malouf, Mrs. Stephens, Mrs. Lowery, Mrs. Benton, Mrs. J. C. Reeder, Mrs. Holcomb.

SANTA FE CARLOADINGS ARE HIGHEST IN RECENT YEARS

The Santa Fe system carloadings for week ending January 29, 1944, were 22,128 compared with 19,332 for the same week in 1943. Cars received from connections totaled 13,564 compared with 10,905 for the same week in 1943. Total cars moved were 35,792 compared with 30,235 for corresponding period in 1943. Santa Fe handled a total of 35,692 cars in the preceding week of this year.

William T. Jennings, a resident of Knox county for forty years, died at his home in Knox City last Thursday, January 27, at the age of 95 years. His death marked the passing of one of the last of the civil war veterans in this part of the state.

Funeral services were held Saturday, January 29, in the local Methodist church with Rev. C. H. Williams conducting, assisted by Rev. J. S. Tierce, pastor of the First Baptist church. Interment was made in the Knox City cemetery, under the direction of E. Q. Warren.

Mr. Jennings was born on June 22, 1848, in Johnson county, Missouri. He came to Texas with his parents when only four years old, just as the former republic was blossoming out as a full-fledged state. The family settled on a place in Llano county from which place the Indians had just moved before them, leaving their buffalo hides that had not had time to dry properly.

While yet a young man, Mr. Jennings entered the service of the southern Confederacy, serving with Capt. James A. Bourland's company of Texas volunteers. This unit was devoted mostly to scouting service during the civil conflict.

When the civil war was over, Mr. Jennings returned to Williamson county where on August 11, 1873, he married Eliza Laura Ratliff at what is now known as Florence, Texas. Later Mr. and Mrs. Jennings moved to Bell county and in 1904 they moved to Runnels county. In 1905 they migrated to Knox county, making their home at Knox City until the time of his death. Mrs. Jennings died in 1917.

To Mr. and Mrs. Jennings twelve children were born, eleven of whom are still living. One girl, Mrs. Mary Smith died some time ago. The surviving children are:

Will Jennings, Belton; Sam Jennings, Rule; Josh Jennings, Hedley; Tom Jennings, Texas; Bruce Jennings, Portsmouth, Va.; Mrs. Florence Cabanis, Belton; Mrs. Ella Smith, Winters; Mrs. Myrtle Bailey, San Diego, Cal.; Mrs. Avis Cathey, San Diego, Cal.; Mrs. Grace Shelton, Quail, and Mrs. Blanche Murry, Rogers, New Mexico.

In May of 1918, Mr. Jennings was married to Miss Molly Ratliff of Grandberry, Texas.

Mr. Jennings is survived by his wife, Mrs. Molly Jennings, the children listed above and forty-seven grandchildren. Seventy-six great grandchildren and two great, great grandchildren, also survive him.

Study Club Has Husbands As Guests

The Knox City Study Club members with their husbands and other invited guests, enjoyed a combined study and social meeting Friday evening, January 28th, at eight o'clock, in the basement of the Methodist church.

Mrs. C. C. Hoge was program chairman for the evening. The following especially arranged, all-male, program was greatly enjoyed by everyone present:

"The Influence of the Bible upon Literature"—Rev. J. S. Tierce; "Development of Modern Russia"—T. E. Holcomb; "Syria"—A. J. Malouf; a piano number by Ken Frizzell.

Rev. Tierce very beautifully showed the influence of the Bible upon all types of literature from its very beginning until the present age.

Mr. Holcomb's enlightening discussion of Russia revealed the rapid development of Russia during the past twenty years.

Mr. Malouf's story of his native land, Syria, was very "first-hand" and interesting. He expressed his appreciation and pride in being an American citizen.

Ken Frizzell very ably brought to the group his messages in music, as he always does when he plays.

Immediately following the program, the club and their guests enjoyed a social hour arranged by the committee. A delicious salad, cake, topped with whipped cream and cherries, and coffee were served to those present.

The next meeting of the club will be February 12th, in the Methodist church basement, at 3:00 P. M. At that time, Mrs. O. L. Jamison will entertain the members with a book review.

BOND SALES HERE REACH PAST THREE-QUARTER MARK

Knox City is gradually creeping up on the quota of \$115,000 in the Fourth War Loan. Figures released Thursday by the committee shows a total in excess of \$87,000 already subscribed with some pledges yet to come in this week.

Navy Recruiting For Radio Technicians

Seventeen-year-old boys who enlist in the Navy at the present time are offered a splendid opportunity to receive valuable training as Navy radio technicians, it has been pointed out by Lt.-Comdr. L. H. Ridout, Jr., officer in charge of the Dallas Naval recruiting district.

If successful in passing tests, the applicant is enlisted in the navy as seaman first class, radio technician, and given a number of months of training in radio. The seaman first class rating and pay correspond to those of a corporal in the army, which is an excellent beginning for a youngster of 17 years.

Seventeen-year-old boys interested in the field of radio and electronics are urged to visit the nearest navy recruiting station at once.

Social Security May Take In Farmers

Changes in the present Social Security Act urged in the board's eighth annual report would benefit particularly the three states of region 10, Texas, Louisiana and New Mexico. James B. Marley, regional director said recently. This is especially true of the proposal to extend the old-age and survivors insurance program to people working in occupations not now covered by it.

The board recommends that some 20 million workers now excluded be given the same right to earn social insurance protection as industrial and commercial workers.

Since the Act now insures only wage and salary earners in industry and commerce, and since southern states are predominantly agricultural, the proposal would bring large numbers of workers under the contributory insurance system.

The board's report, if accepted, will mean farm operators and farm workers now exempt, to come under the benefits of the Act.

1944 Auto Tags To Be Small Metal Tabs

The 48th regular session of the Texas legislature, anticipating unusual conditions due to the scarcity of materials used in the war effort, authorized the State Highway Commission to prescribe whatever type of motor vehicle registration was available and best suited to the requirements of the state and the travelling public for the 1944 registration year.

The commission on January 18, passed an order prescribing for the 1944 registration year, which begins April 1, two metal tabs 2x2 inches, bearing the designation of the state, year and an identification serial number. The tabs must be used in conjunction with the 1942 plates which must be retained throughout the 1944 registration year. The same procedure applies to vehicles which are required to have but one license plate except that one tab is prescribed and the one 1942 license plate must be retained.

The highway commission has also ordered that the 1944 tab or tabs be securely fastened to the 1942 plates in such a manner as to be clearly visible. On all motor vehicles for which two tabs are issued, one shall be attached to the front license plate and one to the rear license plate.

KNOX CITY MAN DRIVES TRUCK IN GREAT BRITAIN

Heavy duty trucks for transporting men and supplies in the coming assault on Europe are being assembled at the rate of 24 a day at a large U. S. Army depot in Great Britain.

Under the direction of their company commander, Captain William Stuart of Millington, New Jersey, the men set up the assembly line machinery according to blueprints from ordinance headquarters. One week after they moved into the huge shed, the line swung into production.

Private Garland Screws, 19, son of Mr. and Mrs. J. A. Screws, of route 1, Knox City, is a truck driver on the line. He attended Sunset high school, and was a farmer before induction 8 months ago at Camp Wolters. He has been overseas three months.

DEPUTY TAX COLLECTOR WILL BE HERE FEBRUARY 25

Deputy Collectors R. A. Choat and J. Grady Green will be at the Citizens National Bank in Knox City, on February 25, from 8:30 A. M. to 3:00 P. M. to render assistance with income tax problems to any who desire it. This will be the only visit that can be made here before the end of the current filing period on March 15.

County Draft Board Issues Revised List

The Knox County Selective Service Board has reclassified the following list of men, effective Feb. 1, 1944:

1-A—Jim Blackburn, Ralph Feemster, Nelson Handley, Grady Hayes, Troy Gregston, Charlie Edwards, Milton Spruelli, Owen New, Julio Aguerro, Virgil Kirklen, Wallace Reid, Waylen Apple, William Bolin, Bob Compton, Edward Trainham, Douglas Busby, Willis Pack, Denzil Fitzgerald, Claude Myers, Robert Duncan, Hulien Montgomery, Thomas Hoffman.

1-C—Erwin Egenbacher, Woodrow Roberts, Marion Josselit, Alpha Moore, Curtis Coates, Homer Baird, James Nunley, Oscar McNuley, Ezell Reynolds, Manuel Davilla Jr. Odus Rhodes Louis Dowd, Derrel Adams, Homer Weaver, Marion Brumley, Horace Finley, Mahlon Boggs, Ivy Weaver, Fernan Dowd, Hollis Fisher, Demencia Hernandez, Thomas Russell, John Hobbs, Cecil Fitzgerald, Guy Bradley, Walter Sprague, Seburn Jones, Victor Thomas, James Gillispie, James Nelson, Charles Baker, Jr., Hollis Blackburn, Marvin Howry, Claude Reynolds, Norman Nichols, Charles Bradford.

2-A—Riley Bell, Brady Wampler, Charlie Massey, Heater Hail, C. Harper, Hubert New, J. D. Brown.

2-B—W. O. Dorsey, Alva Conner, Elmer Horne, James Bryant, John Griffith.

3-C—Cleburn Gray, Pilar Gonzales, Alton Robinson, James Alley, William Thompson, Lelen Elliott, Marcus L. Brian.

4-F—A. D. Helms, T. B. Stockton, Amos D. May.

1-A(H)—Grady Davis, George Kirkland, Terry Harrison, Joe W. Brown, Marion Wood, Jodie Parks, Roy Dodson.

2-A(H)—William G. Pierce.

2-B(H)—Cecil Mason.

3-C(H)—Onie Smith.

4-F(H)—Riley Harrell.

Lion's Hear Lecture At Weekly Luncheon Last Thursday

Last Thursday the Knox City Lions Club luncheon played to a packed house. Twenty-one members and five visitors were counted when the festivities began on the food front. Several out-of-town guests were on hand to take part in the program following the luncheon.

Rev. Kenneth W. Copeland, pastor of the First Methodist Church of Haskell was the principal speaker. Rev. Copeland brought a stirring message on the aspects of "Christianity and Brotherly Love" in regard to the coming peace table parleys. He brought out several good points, among them the fact that while no one is in favor of releasing the thugs of Europe and Japan as just wayward men who made an honest mistake, we must not forget in dealing with the people of these countries that the first tenet of democracy and christianity is a desire to show others the way to a better place in the sun.

Leon Guinn, superintendent and general manager of the Great Western Mining Co. made an interesting talk on the development of copper mining in this region. He outlined the work his company is doing near Knox City and expressed great hopes of seeing the industry a permanent proposition for Knox county.

A short talk was made by B. B. Campbell in the interest of the War Loan. Mr. Campbell related that while the sales were progressing fairly good we were still far short of the goal. He emphasized the need of more large quantity buyers.

Three new members were voted in. They were: Bud Norris, G. T. Hardberger and Hollis Warren.

Traffic Accidents Are Lowest In Many Years

Traffic accidents killed fewer people in Texas in 1943 than in any year in recent history, according to figures released by the State Department of Public Safety.

The final count listed 1173 fatalities for the year, representing an 11 per cent reduction from the 1316 traffic deaths recorded in the previous year.

Home Garrison, head of the state police, says, however, that traffic fatalities are now on the increase and will probably continue to rise until a new peak is reached after the war. This peak will equal, if it does not exceed, the pre-war toll.

KNOX COUNTY HERALD

C. H. MOSS, Editor

TELEPHONE, DIAL 2902

Entered as second class matter at the postoffice at Knox City, Texas, under the act of March 3, 1879.

SUBSCRIPTION RATE, YEAR \$1.50

Thanks, brother Greer, of the Rochester Reporter. Those were nice words and we appreciate your kindness. We will get caught up on work some day and come down. Or do you ever get 'caught up' at this business?

Many who call themselves liberals have one outstanding trait. They are always kicking. The latest victim of this particular brand of liberalism has been the medical profession.

Doctors have struggled in laboratories and at bedside for centuries to learn the secrets of keeping the human body alive and healthy. Dread diseases have been nearly eliminated. The span of life has been doubled in a few decades. Pain and suffering have been reduced miraculously. Since the war, the performance of the doctors has been supreme. They have carried their hard earned knowledge into the front lines with the result that hundreds of thousands of men will return to their families after this war, who would otherwise be rotting in foreign graves. The doctor's at home are working night and day, literally without rest, to care for the sick and injured among the civilian population. A lot of cockeyed schemers, whose

blood pressure would have felled them long ago if a few competent physicians had not been at hand, are now telling the country that the medical men have got to do much better at once or Uncle Sam will step in and take care of our medical needs. But Uncle Sam never saw the inside of a medical school. After the shouting dies down it will still be up to the doctors to keep us healthy. Socialized medicine would do no more than make the government a bill collector for the doctors, payable in advance, with a large part of the money retained for bureaucratic activities. Medical advancement will be achieved by the doctors in the future, as in the past.

CARD OF THANKS

We wish to thank the people for their kindness, sympathy and many beautiful floral offerings during the illness and death of our husband and father.

Mrs. W. T. Jennings and family

Political Announcements

The Knox County Herald is authorized to announce the following candidates for office in Knox county, subject to the action of the Democratic primaries:

- For County Treasurer:
 - W. F. (WALTER) SNODY
 - R. V. (BOB) BURTON (Re-election)

Texas Tech Installs 7-Saw Cotton Gin

A new 7-saw cotton gin has just been installed in the textile engineering building at Texas Technological College. The unit will be used for purposes of instruction and research work, according to L. E. Parsons, textile head.

Ginning, Parsons said, was the first and one of the most important steps in cotton processing and that it was

very helpful to have textile students understand good ginning.

Since the gin is in a building where the humidity is controlled, it will be possible to make a study of the advantage of humidity control in overcoming static. West Texas ginners have considerable trouble with static electricity and are interested in the experiments to determine whether or not humidification will be a practical aid.

GOVERNMENT URGES DEAD OR CRIPPLED STOCK BE PUT TO USE

Pointing out that valuable use is made of the carcasses of dead animals, the government urges everyone to turn into some agency or commercial abattoir all dead or crippled animals that they may be used.

Household fats and glycerine are rendered from these carcasses and used in the manufacture of smokeless gunpowder, sulphur drugs and recoil mechanisms for heavy guns.

Rev. J. T. McKemick, pastor of the First Christian Church, will not fill his appointment here next Sunday, but the pulpit will be filled in his absence by two members of the Gideon Society. Everyone is invited to come and hear these two men.

GET YOUR CHICKS OFF TO A...

with "Fortified" CHICK STARTER

A Personal Note to the Ladies...
Everyone knows what a swell job you're doing in preparing wholesome, enjoyable wartime meals for your family... and how carefully you have to select food items to maintain variety and a well-balanced diet... in spite of shortages. What's more... because your flock of baby chicks this season are going to mean a big contribution to your table and your pocketbook... you will be just as careful about the Chick Starter you select. So here's a tip.

YOU CAN DEPEND ON FORTIFIED CHICK STARTER
to see your baby chicks safely through the dangerous first 6 weeks. It will give them the abundance of rich vitamins, minerals and proteins they need for sturdy growth and vigor. PLUS exclusive Gland Activators which assist in building strong egg-making organs... right from the start. Because only 2 pounds are required per chick for the entire 6 weeks period, "Fortified" CHICK Starter is economical to feed. So plan on getting your chicks off to a flying start this season with a Starter that has all of the qualities you demand in the food you select for your family. Come in and get your supply right away... you're always welcome.
