

## Funeral Held For Mrs. Louisa Paul Here Sunday At 2

Funeral services were held here Sunday at 2 p.m. in the First Baptist Church for Mrs. Louisa May Paul, 88, former long-time resident of Knox City. The Rev. Gerald Petty, pastor, officiated. Burial was in the Knox City Cemetery with Smith Funeral Home in charge.

Mrs. Paul died Thursday, April 20, in a nursing home at Port Lavaca.

Born May 18, 1877 in Grayson County, Texas, she married C. M. Paul in Oklahoma City and lived there before moving to Rochester in 1922. The Pauls moved to Knox City about two years later. Mr. Paul preceded her in death in 1927. Mrs. Paul was a resident of Knox City for 37 years.

Survivors include three sons, Clarence of Boise, La., Jack of Port Lavaca, and H. K. of Lockhart; two brothers, John and Ed Pack, both of Walters, Okla., three sisters, Mrs. Mattie Grisham of Walters, Mrs. Bell McAdams of Levelland, and Mrs. Maggie Cook of Vernon, and 16 grandchildren.

## Last Rites Held Here Mon. For Mrs. Ethel Branton, 74

Funeral services were held Monday at 2:30 p.m. in the First Baptist Church here for Mrs. Mattie Branton, 74, with the Rev. Gerald Petty, pastor, officiating.

Interment was in the Knox City Cemetery under the direction of Smith Funeral Home.

Mrs. Branton died at 1:15 a.m. Sunday, April 23, in the Knox County Hospital after an extended illness.

Born March 26, 1893, in Eastland, she married Bufford Branton on February 8, 1909, and they moved to Knox City the same year. He died in 1939.

She was a member of the Primitive Baptist Church.

Survivors include three sons, George M. of Abilene, J. B. of Tucson, Arizona, Winston of Phoenix, Arizona; one daughter, Mrs. C. C. (Opal) Hutchinson of Knox City; three brothers, R. A. Haynes of Abilene, Claud Haynes of Tucson, and Cecil of Florence, Arizona; two sisters, Mrs. F. N. Lawless and Mrs. Mae Roberson, both of Abilene; 14 grandchildren and 13 great-grandchildren.

Pallbearers were Joe Averitt, Bud Thompson, Ford Waldrip, Andy Hutchinson, Eddie Shaver and Charles Reese.

## It's Time For A Change—

It's almost time to turn the clocks ahead one hour. On Sunday, April 30 most of the U. S. will go on daylight saving time.

The Federal Uniform Time Act of 1966 will be in effect from April 30 until October 29.

Most Knox City merchants will favor the clock by keeping their doors open on routine schedule. The bank, post office, city office and other service institutions "will go by the clock."

Some stores in Knox City may observe a 30-minute variation in opening and closing. That is, a store operator may choose to remain open 30 minutes later "if that works out better."

The bonus in daylight saving time is that workers will have more free time before the sun goes down or should he so desire—more sunlight hours to work in the fields.

## Knox City School Band

The following is a biographical sketch of the Knox City Band as written by Billye Bess Angle, Herald employee:

Did you ever try and remember back, say 31 years and search your mind for names that were right on the tip of your tongue?

Not long ago, when Mike Glenn was named "Outstanding Band Member for 1966-67" someone remarked that Mike had been drum major for three years. Asked of us if we had ever had a rattle drum major for that length of time or longer, we began trying to remember, and immediately thought of Billy Dean Davis, graduate of 1941 who served in this prominent spot for a number of years, but how many?

As many times when we need to remember something, we begin with ex-graduate, now pharmacist, Paul Hoge. In fact, we have just about called everyone in town who had been in the band at one time, but in most cases, we startled people so by asking that even if they might have known, all memory vanished. However, with the help of School Secretary Mary Beth Smith and some of the old minutes of the school board, though very incomplete during the forties, and with the help of borrowed school annuaries, and many telephone calls, to many "exes," we have pieced together some of the directors and drum majors of the Knox City School Band.

In the beginning, if one could play an instrument, even though he might not be in high school, he could be a member of the band, because members were needed so badly.

We know that there was a band during the twenties, as the Herald published a picture of this band in the fall of 1965. However, in this particular history, we are starting with the school band or

## Wednesday Storm Does More Damage

Last Wednesday about 6:45 p.m. Knox City had its second seige of thunderstorms for the season. The clouds built up to the west of the city and hit so suddenly that many people were unaware of them.

TV towers and antennas were damaged by winds which also pulled up a few large trees and blew over fences in areas of the city.

A falling TV tower cut a high line into near the residence of Mrs. Mabel Pyatt on E. 6 St. and sections of town were without electrical power for about four hours.

Around 9 p.m. the city storm warning sounded as still another cloud approached. The all-clear came around 11 p.m.

Rain during the inclement weather varied from one-half inch to one and a half inch.

### FROM ABILENE

Roger Vassar, sophomore student at ACC in Abilene, was a weekend visitor in the home of his parents, Mr. and Mrs. L. G. Vassar, Jeanne and Brenda.

## Warren Rites In Merkel Wed. at 2

Funeral services were held in the First Presbyterian Church in Merkel Wednesday at 2 p.m. for Miss Johnnie Ann Warren, 86, who died in the Knox County Hospital here at 3 p.m. Monday. Miss Warren had been hospitalized for two weeks.

The body was at the Smith Funeral Home here until Tuesday at 2 p.m. when it was taken to Merkel to the Starbuck Funeral Home where it remained until 1 p.m. Wednesday. Burial was in the Merkel Cemetery.

Born March 27, 1881, in Coryell County, Texas, she moved to Merkel with her parents, Mr. and Mrs. J. B. Warren, in 1905.

She was a receptionist for the Merkel Clinic for 22 years and had been a member of the Presbyterian Church since she was 15 years old.

She had lived in Merkel for 61 years but had been visiting two brothers, H. M. and E. Q. Warren here since November.

Other survivors include a number of nieces and nephews.

Pallbearers were J. E. Touchstone and Johnny Cox of Merkel, and Odell Carver, Fred Carver, John Carver and Craig Carver, all of Knox City.

## First Christian Church Pizza Party Entertains Seniors Of Knox City High

Another in a series of events held in compliment to the seniors of Knox City High School was a gay Pizza party given Monday night, April 24, by the First Christian Church.

The Pizza party was held in the Church banquet hall of the education building and a debonair setting depicting a New Orleans restaurant, Island palms, shrimp nets and a pair of stone-carved fountains reflected the Crescent City restaurant theme.

Tables for four were overlaid in gold linen and held elegant hurricane lamps from which there was a soft glow of glimmering light from golden candles. Place cards further noted the palms in miniature repetition of this elegant tree.

The stage was flanked on either side with towering palms and the footlight area was beautifully studied with an array of exotic hibiscus. The scene was flooded with a brilliant display of color from a revolving light placed in the background.

## Band Convoy To Leave School At 4:30 P.M. Thurs.

All Knox City and area folk are urged to join the convoy that will leave behind the Knox City High School Band today (Thursday) at 4:30 p.m.

The Knox City Band will play on the concert stage at Wilberger Community Auditorium in Vernon at 7:10 p.m. Look inside at the signatures supporting the band for this trip, and read the details.

See you behind the bus — or, if you don't get off till later, come on and be there when our band plays!

## Anthony Logsdon Wins 2nd In 880; To Go To State

Anthony Logsdon, Knox City High School senior and son of Mr. and Mrs. Joe Logsdon, was second place winner in the 880-yd. run at the Region 11-A track meet in Denton Saturday. Richard Davis of Early beat Anthony with a 1:59.9. However, both boys will be eligible for the State meet at Austin next month.

The Knox City mile relay team almost qualified for State. They placed third with 3:35.0. Early won first with 3:30.4, and Pilot Point was 2nd with the same time. Knox City boys running the mile relay were Ronald Curd, Glenn Smith, Richard Barnard and Anthony Logsdon.

Richard Barnard also tied for 5th place in the Pole Vault.

Coach Sherman Wall and Anthony will be attending the State meet in Austin May 5-6.

## Funeral Services Held April 24 For Mrs. McCarty

Funeral services were held for Mrs. Ola McCarty, 79, at the First Methodist Church in Munday on Monday, April 24 at 10 a.m. Two of her children, S. W. McCarty and C. W. McCarty are Knox City residents.

Mrs. McCarty died Saturday, April 22 at her home following a lengthy illness.

The Rev. Walter Hadley, pastor of the Munday church officiated at the service. Burial was in the Johnson Memorial Cemetery, Munday.

Mrs. McCarty, daughter of Mr. and Mrs. James Partridge, pioneer Knox County settler was born January 12, 1888 in Johnson County and came to this area with her parents in 1890. She married W. W. McCarty January 3, 1905 in Munday. He died in 1943.

Girls attending the meeting from Knox City were Susan Reese, Carolyn Crowover, Karen White, Becky Lowrey, Pam Waldrip, Diane Thomas, Mary Reese, Margaret Howl, and Connie McKinney. They were accompanied to Dallas by Mrs. Laymon Newton and Mr. and Mrs. Charles Reese. Susan Reese, who has just completed her tenure of office as State second vice-president, participated in the state executive council meetings on Thursday. Last minute details were worked out and final plans were completed for the meeting, emphasizing the theme, FHA: Design for Living.

Susan was in charge of the practice for the State degree ceremony on Thursday night. She presented State degrees to 342 applicants during the Friday afternoon general session.

Knox City FHA'ers were very pleased to have five of their members receiving State degrees. The State degree is the highest award offered in FHA and represents many hours of hard work. Local students receiving the degree were Karen White, Becky Lowrey, Carolyn Crowover, Diane Thomas and Pam Waldrip.

FHA: Design for Living—the State meeting theme was the subject of the keynote speaker, Glenn R. Hawkes from the University of California. He gave an advisable blueprint for each FHA'er to follow in order to have a well-rounded life.

Adding a special sparkle to the meeting was the 100 member State Chorus. Singing with the chorus were Pam Waldrip, Diane Thomas and Connie McKinney. Saturday morning was the regular business session. Susan Reese presented her report on degrees of achievement. She was assisted by Connie McKinney, Mary Reese and Karen White. Margaret Howell served as voting delegate to this session.

The Knox City group was joined in Dallas by Mr. and Mrs. John Crowover, Mr. and Mrs. Tommy Waldrip, Mr. and Mrs. Vic Thomas who also enjoyed seeing portions of the meeting.

DID YOU KNOW THAT?

According to the Texas Forest Service, the forest regions of Texas embrace 26 1/2 million acres. This is more than the total acreage of the states of New Hampshire, Rhode Island, Vermont and Massachusetts. Accounting for the biggest share of acreage is the pine-hardwood area of East Texas, 12 1/2 million acres. The other 14 million acres of forests include the post oak, oak and west cross timbers, cedar breaks, mountain forests of West Texas, coastal forests, and miscellaneous forests in stream bottoms.

**To Late For Last Week—  
CHURCH ACTIVITIES**

The JanelleDoyle and Eleanor Howell Circles did not have their regular meetings this week as they attended the bi-annual associational meeting at First Baptist Church of Goree. Mrs. Patsy Muse, missionary, home on furlough from Ecuador, was guest speaker. After the meeting a covered dish luncheon was served by the host church. Those attending from O'Brien were Mmes. Lewis Kay, Orval Manning, Ken Moore and Ivan Rowan.

Members of Training Union Adult 3 class went out visiting last Thursday night. Despite mud and bad weather there was a good response. After visiting members and prospects met in the home of Bro. and Mrs. Kn Moore for coffee and pie and played games. Seventeen adults and eight child-

ren were present. Good fellowship was had by all. Several good prospects were contacted.

The ladies of the WMU sponsored a shower for the church kitchen last Sunday night. Big cooking pans and serving dishes suitable to use at banquets and showers and linens were needed. Many gifts and several cash donations were given. There was an extra good response from the entire church.

**JUNIOR-SENIOR BANQUET**

The Junior class honored the seniors with a banquet last Friday night at the school cafeteria. The theme was in the "Misty Moonlight." Decorations were in blue and gold featuring a big gold moon hanging over a blue lake. Mrs. W. L. Holt Jr. was a chairman of the decorating committee.

A menu of steak, potatoes, green beans, cole slaw, pudding, hot rolls, butter and tea was prepared by the school cooks, Mrs. Ken Pierson and Mrs. Ranzy Herring. The food was served by the girls of the freshman class.

Guest speaker was Dr. Walter C. Hofheinz, professor of religion at McMurry College in Abilene. Those attending were members

**HOW TO DECORATE A BEDROOM**

deep shade from the print for solid-color draperies, headboard or screen. Pick one bright color from the print as your spicy accent, and use it for chairs, pillows or a dressing-table bench. Then use the print for the bedspread, which is a main color area.

Actually, a Nettle Creek print can plan your whole bedroom, as illustrated by Mr. Cano in the picture above. The PEONY bedspread is in gold with olive and aqua. The window shade matches the bedspread; tufted headboard and draperies pick up the olive of the print; chair, screen and carpet are deep gold; walls are pale gold; lamps, pillows and flowers add aqua accents.

It's easy to apply a color plan to your own bedroom, just by seeing the Nettle Creek collection of custom-made bedspreads, draperies, curtains, window shades, headboards and boudoir chairs—all in prints and coordinated solid colors—at your favorite home furnishings store.

Parents being people, they're entitled to a room to relax in—a tastefully decorated bedroom that is also a sitting room in which to enjoy peace and privacy away from toddlers and teens.

Besides a people-size bed, the room should include a pair of comfortable chairs for reading or watching TV; a small table for breakfast coffee and nighttime snacks; a desk or secretary for writing letters and paying bills.

Too many bedrooms look like furniture showrooms, their walls lined with dressers and chests that are practical for storage but not very warm to live with. Nettle Creek stylist Pedro Cano offers a solution: hide the wood, and decorate with fabric and color instead!

Start with a style you like. Whether it's Victorian, French Provincial or Modern,

you can generally capture its mood with fabrics, and save money on furniture.

Pick a favorite color. Having the proper color on walls and floor is worth your investment in painting and papering and carpeting. Try to avoid the essentials and you risk ruining the effect of the entire room!

Mix and match. The best rule for bedrooms is one print, one blending solid color (shown in gray on the sketches below) and one accent solid color (shown in black).

Usually the lightest color in the print is best for walls, a slightly deeper shade for the carpet. Use a

**DID YOU KNOW THAT?**

Each year, for the past 5 years, over 2,000 fires occurred annually in the nine-hundred-acre area of East Texas, burning 47,000 acres of valuable timberlands. In addition, improvements such as homes, barns, fencing, and improved pastures were destroyed. These fires were man caused, for the most part, and could have been prevented if someone had used care with firebrands out of doors. Your Texas Forest Service urges you to take every precaution when doing any outdoor burning.

In 1951 the Texas Forest Service launched an extensive program in tree improvement research. It was the first Southern state forestry agency to undertake this type of research. Much credit for financing the program is due units of the forest products industry. A laboratory and greenhouse on the campus of Texas A&M University is the operations center for this program.

**Renal B. Rosson Reports From Leg.**

Tuesday of this week marked the 109th day of the 140-day Regular Session of the 60th Legislature. According to a report from Renal B. Rosson, there has been 1283 bills introduced and 62 constitutional amendments offered in the House to date. The Senate has introduced 564 bills and 38 constitutional amendments.

Of the total 1847 bills introduced in the House and Senate 55 have passed and gone to the Governor. The Governor has signed of the Junior and Senior classes of Carney High School and the high school faculty members and their husbands or wives and the members of the school board and their wives.

approximately 43 of these measures. Of this number approximately 23 went into immediate effect. The remainder will be effective 90 days after final adjournment of the 60th Regular Session of the Legislature.

No law passed by the Legislature, except the general appropriation act, shall take effect or go into force until 90 days after the adjournment of the session at which it was enacted, unless in case of an emergency (which emergency must be expressed in a preamble or in the body of the act) the Legislature shall otherwise direct. This direction must be by a vote of two-thirds of all members elected to each House.

SEARS 4-H SWINE PROGRAM  
Five Registered Duroc gilts and one registered Duroc Boar sponsored by the Sears Roebuck Foundation will be distributed to 4-H Club members of Knox County Tuesday May 9. This program is sponsored by Sears Roebuck in order to offer members quality breeding stock to start their swine programs.

### NEW DIST. SUPERVISOR

Alfred Hendrix is the new supervisor in the King-Stonewall Soil Conservation District. He was elected at a special election held in Zone 1 of the District. Hendrix succeeds B. F. Pettiet who resigned a few months ago.

Hendrix lives and operates a ranch in Zone 1 of the King-Stonewall Soil Conservation District. His ranch is located in the south east part of Knox county. His mailing address is Knox City, Texas.

Hendrix is extremely interested in conservation. He has developed a basic soil and water conservation plan for his ranch, and is doing work every year toward carrying out the plan.

Hendrix is a collector of old barbed wire—he has some 200 different kinds of old wire, some dates back to nearly 100 years.

The other supervisors of the King-Stonewall Soil Conservation District are proud to have Hendrix as a board member and are looking forward to working with County Agent Herman Collier, him.

## Streams In Desert Places

Ozelle Stephens

Looking into the words of praise David gave unto the Lord Our God we hear Him saying: Great is our Lord and of great power. His understanding is infinite. The Lord lifteth up the meek; He casteth down the wicked, down to the ground. He covereth the heavens with the clouds, he prepareth rain for the earth. He maketh grass to grow upon the mountains. He giveth to the beast his food, and to the young ravens which cry. He healeth the broken in heart and bindeth up their wounds. He telleth the number of the stars; he calleth them by their names. The Lord is high unto all them that call upon him in truth. He will fulfill all the desires of them that fear him; He also will hear their cry, and will save them.

**SHORT STORIES—**

A young man rushed into a bar and asked the bartender, "How do you stop hiccups?"

The bartender reached down quickly and slapped him across the face with a wet rag. The guy was furious.

"But you don't have hiccups anymore, do you?" asked the bartender.

"I never did. My girlfriend out in the car's got 'em!"

Visiting a critical ill lawyer in the hospital, a friend found him propped up in bed, frantically leafing through the Bible.

"What are you doing?" a friend asked.

Replied the lawyer, "Looking for a loophole!"

"They call me a 'big gun in industry,'" the applicant told the personnel manager.

"Why is that?" he countered.

"Well," said the applicant, "I have already been fired 5 times."

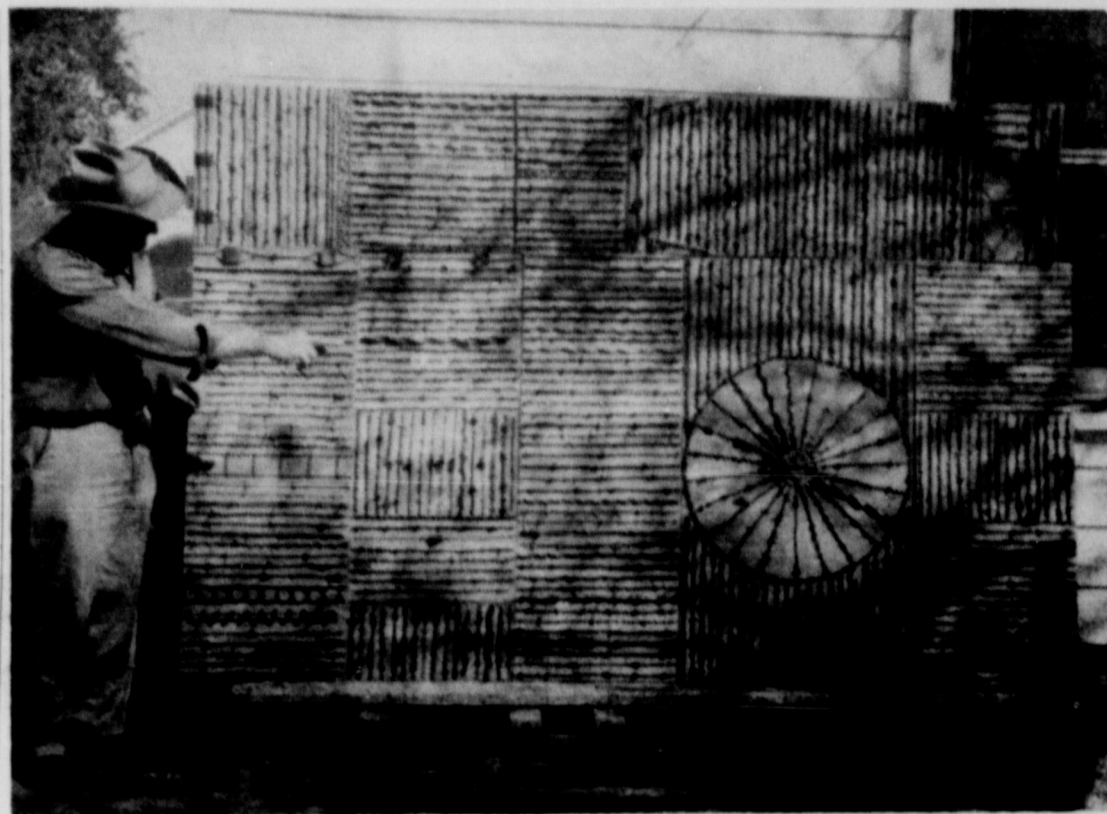

## Patty Meinzer Is Candidate For RJC Queen

Patty Meinzer, the 18-year old daughter of Mr. and Mrs. Pate Meinzer, of Benjamin, is a candidate for the title of Ranger Junior College Rodeo Queen.

The cowgirls will appear in the opening parade Thursday afternoon, May 4, and will also participate in the nightly rodeo performances. The new queen will be chosen by judges during the final performance of the rodeo.

Patty is a 1966 graduate of Benjamin High School, where she was elected secretary and treasurer of her class.

**NEARLY EVERYBODY IN THE KNOX CITY AREA READS THE HERALD.**

**Ben Snelson Is Stuck On Barb Wire**

Ben Snelson keeps the trunk of his car loaded with barb wire all the time.

Not enough to fence anything with—just enough to keep him in business.

Snelson's business is collecting barb wire and adding to his enviable collection of old farm equipment, housed in a hobby shack in his back yard.

He's been a collector ever since he can remember. He was stuck with the barb wire collecting a couple of years ago when he read a story in True, a western magazine, about old frontier wire.

Mr. Snelson came to Knox City in 1907 and retired from carpentry work about the time he took up barb wire as a hobby.

He trades, sells and buys and makes enough out of it to "keep him going."

Only last week, Snelson got a call from a widely-known Abilene caterer who told him to "fix me up a display of wire." The customer said he wanted to show the wire in his business—he had a few pieces and its great attraction and fascination to patrons prompted his "buy" from the Knox City collector.

From a couple of scraps of wire, and a lot of research, Snelson has mastered the trick of finding, mounting and displaying his wire. Collectors usually get the wire in 18-inch strips—that's how it's sold, traded and mounted, and that's how Snelson packs it in his car.

"Occasionally, a type of wire is so rare that there's just not a full 18-inch length available—but I trade for whatever I can get my hands on," says Snelson.

Much of the early type of ar-

rored fencing was used to control livestock by inflicting injury and a wide variety of patents resulted from the concepts of this experimental trend. A study of the early range wars has helped identify some of the types to be found in Snelson's collection. Snelson says there are about 400 patented wires and at least 200 more recognized early wires.

Included among Mr. Snelson's wire collection are a planter check wire, used by early settlers to mark orchards. The wire contained metal balls and when laced across a field the balls fell to the ground to mark tree planting sites.

Truer to its original purpose that of defense and protection there are the many vicious wires such as the Tack Underwood of 1876, where tacks were installed as barbs; Scutt's Clip, H.P. ate. Also in the collection is an Arrow Plate, where wooden blocks were installed to warn of the barbs, an 1860 circa handmade with horse shoe nails.

There is an 1853 Merriwether, an improvement over early smooth wire; a Kelly Diamond Point and staple barbs.

There is one unique pattern (a small piece only) identified as Spur Rowell which is rarely seen since less than one mile was made back in 1887.

The war record of wire could be traced back to the time before barbs were put on wire and smooth wire was strung in front of barriers as an extra precaution against attack. Snelson also has Concertina wire, as used in World War One and more recent entangle ment wire from Israel and Germany. Other rarities are the 1878

Necktie wire, a 3-barb from Africa, 2-square and line from the old Union Pacific of 1867, a winding barb, doubling up to make three strands, saw tooth, Clines Rail, a special 3-type buffalo Merrill wire with a rod, Zig Zag, Spanish, Sweden and many others.

Snelson has some wires that are strictly ornamental from old front yards, cemeteries and such.

In addition to his wire collection, Snelson has more than 35 old bits, cavalry bits, 75 varieties of old-time wrenches, old spikes and nails, monkey and stage coach wrenches, old fencing pliers and rocks from numerous points throughout the U.S.

Prominently and elaborately displayed among his memorabilia of old bits, branding irons, single and double trees, pulleys, stirrups and broadaxes is a republic of Texas \$100 bill.

Mr. Snelson does a lot of traveling to keep his trading going—and is off at the first "stab" of news of a gathering of barb wire collectors.

## Highway Patrol Investigates Five Accidents In March, \$4,001.00 Damage

The Texas Highway Patrol investigated 5 accidents on rural highways in Knox County during the month of March, according to Sgt. Frank Jircik, Highway Patrol Supervisor of this area.

These crashes resulted in 5 persons injured, and an estimated property damage of \$4,001.00.

The rural accident summary for this county during the first three months of 1967 shows a total of 13 accidents resulting in no persons killed, 11 persons injured, and an estimated property damage of \$10,171.00.

The final entry in the 1966 Texas traffic records has been entered and closed. An all-time record high of 3,406 persons killed, 208,310 persons injured, and an estimated property loss of \$557,414,000 was sustained. This compares to the 1965 record of 3,028 persons killed, 186,062 injured, and an estimated property damage of \$498,070,000.

Since the death count of 2,254 in 1960, Texas has gained steadily each year. The Sgt. stated, "If the death rate increases during the last four years of this decade as it has during the first years, the death toll will stand at 4,745 in 1970." What is the solution? Only you, Mr. Motorist, hold the answer!

### SOME TEACHERS ARE DUE BENEFITS

Some teachers will receive extra money during the summer months according to Edwin S. Draughon, manager of the Vernon Social Security office.

Teachers who work nine months of the year may receive retirement, wife's or widow's benefits during the vacation months if they are otherwise eligible for social security benefits.

Teacher-beneficiaries under 72 usually earn too much to receive their social security checks all year long. However, under the amended retirement test, beneficiaries are paid for months in which they do not earn more than \$125 in wages, or work in a business of their own. "This is true regardless of the total earnings in the year," Mr. Draughon explained.

An important thing to keep in mind is that Social Security benefits are not paid automatically. An application must be filed with the Social Security office.

A teacher or other person who believes he is eligible for payments under this retirement provision should get in touch with the nearest social security office to file a claim.

Medicare beneficiaries who signed up for medical insurance protection can now obtain an information kit to help them keep a record of their doctor bills so they will know when they reach their year's \$50 deductible, Edwin S. Draughon, Vernon Social Security manager, announced today.

The kit includes a record-keeping folder and two leaflets which

explain the two methods of payment for medical insurance claims, and what medical expenses count for the \$50 deductible. The folder has four pockets on the inside for holding doctor bills and space to write in the date and amount of each bill so that the beneficiary will know immediately when he reaches the \$50 each year. After that, the medical insurance plan pays 80 percent of the reasonable charges for covered expenses for the remainder of the year.

Mr. Draughon said that all new medicare beneficiaries will receive the kit when they sign up for medical insurance. Those who already have medical insurance coverage, should write, telephone or visit the social security office to obtain this free kit. The office is located at 1728 Fannin Street, Vernon, Texas, telephone LI12-9346.

Also, people who need help in completing a medical insurance claim are urged to get in touch with the social security office.

"We know that these claims—especially the first claim—can be confusing to people," said Mr. Draughon, "and we will be glad to help in every way possible."

### SELF EMPLOYED TAX RETURNS DUE APRIL 17

Many people in business for themselves are now turning to the business of preparing their income tax returns and their social self-employment tax returns for 1966.

Edwin Draughon, social security manager in Vernon, said today that his office has had numerous inquiries concerning the correct deadline date for the fil-

ing of 1966 tax returns. He explained that since April 15, the usual deadline date, falls on a non-work day this year, Monday, April 17, 1967, will be the final date for filing timely tax returns on 1966 earnings.

Mr. Draughon pointed out that some self-employed people are not required to pay income tax because their net earnings are too low, but those who have net earnings of \$400 or more in a year must report their earnings and pay social security taxes. The tax rate for 1966 self-employment net earnings is 6.15 percent.

It is extremely important, Mr. Draughon said, to file complete correct tax returns on all self-employment income, since future social security benefits are based upon the amount of net earnings reported. In some cases, where self-employment tax reports were incomplete or where no tax return was filed, self-employed individuals and their families have lost social security benefits.

For persons who for one reason or another have not reported their self-employment income for the last several years, April 17, 1967, will be their final opportunity to get credit for 1963 self-employment income, Mr. Draughon said.

Booklet No. 22 explains the self-employment tax reporting responsibilities and can be obtained at the social security office located at 1728 Fannin St. in Vernon. Additional information is also available at your Internal Revenue office.

## HOW TO GET RICH SLOW (but sure)

Every dollar you invest in Series E Savings Bonds grows 3 1/2% bigger in 7 years and nine months. You can count on it.

It's not as exciting as drilling a wildcat oil well, or diving for sunken gold. But it's mighty reliable. Especially when you use the Payroll Savings Plan to help you make sure you buy Bonds regularly.

This famous plan takes the back-sliding out of saving money by making it automatic. You just tell your employer you want him to set aside a small amount from your check each payday.

(\$1.33 a week will add up to twelve \$25 Bonds a year. But you can have more or less deducted as you choose.)

Then you forget all about it. Savings come easily and almost painlessly. You never see the small amount that's deducted so you hardly miss it.

There's a unique satisfaction to saving money this way, too. Everytime you slip another Bond into your

pocket, you know you're helping your country as well as yourself. Uncle Sam uses the money to help America resist the forces that threaten our freedoms. Another thing about getting rich slow with U. S. Savings Bonds is that almost anybody can do it. So why not sign up for Payroll Savings before next payday?

Oh, it's over now, but what a shock those report cards.

We went on our trip Friday, and what fun we did have! Everyone had such a good time. First, we left here about 10:15 a. m. on the school bus, arriving in Wichita Falls about noon. We ate at Funland Park and went on to Midwestern Campus and fooled around in the Student Union Building for awhile. Then it was time for our tour to the Science Building. All this was very interesting, especially in the Planetarium. After that we fooled around some more and then ate at Underwood's Cafeteria. Again we went to Funland and played golf and rode all the "Fun" rides.

We all want to thank Mr. Clement, Coach Draper and Mr. Cooksey for putting up with us all that time.

That's all for this time—Four more weeks after this one!

**FRESHMAN NEWS**  
By Gayle Campbell

We have all been busy signing annuals this week. It certainly was nice of the manufacturers to send them a little bit early this year.

The State FHA meeting was held in Dallas last week. Connie McKinney was the only freshman to attend the meeting. She was in the State chorus. From the reports I have heard, the girls had a real good time and a pretty busy schedule.

This week the freshman FHA girls are finishing their Junior degrees. We have worked very hard on these and are glad that at last we can hand them in.

## Locals' Son Joins College at Artesia

David Neil Perdue, son of Mr. and Mrs. Neil Perdue, has joined The College of Artesia as Director of Admissions for the southwest. He assumed his duties on April 10.

Perdue is returning to the educational field after 18 months as assistant personnel director for Chrysler Marine Products Division at Plano.

Receiving his B. S. degree in History and Government from Stephen F. Austin College, Nacogdoches, in 1962, after attending Ranger Junior College and Tarleton State College, Perdue was awarded a graduate fellowship and completed his Master's degree in Educational Administration in 1963 at Stephen F. Austin. Currently, he is working on his doctorate in personnel services and guidance at East Texas University.

While at SFA, Perdue was president of his senior class, member of the student council and secretary of Theta Chi fraternity. He was supervisor of the gymnasium for three years and was in charge of the intramural program for two years. He also was vice-president of the Graduate Council.

Perdue has also coached football at Woodville High School and was head basketball coach at Beckville High School.

David Neil and his wife, Caroline are the parents of two children, a 17-month-old daughter, Robin and a son, Forrest, five years old.

David Neil is a 1957 graduate of Knox City High School.

### Local SCS Man To Attend Training School

A unique training school for conservationists graduated 138 Texans during its first full year of operation, according to H. N. Smith, head of the Soil Conservation Service for the State.

Smith said that the Texas graduates were among more than 400 students from 111 states, Puerto Rico, and the Virgin Islands that attended the SCS's South Training Center at Fort Worth. The school is operated for the development of career employees.

#### LARRY PFAU

According to Arche Leb, Work Unit Conservationist at Knox City, Larry Pfau, local Soil Conservation Service technician, will attend the Training Center from April 24th to May 6th.

The conservationists' school is headed by veteran SCS training officer Walter E. Chessmore. With a foundation of several years as an SCS work unit conservationist and agronomist, Chessmore moved up in various technical and administrative positions before opening the Fort Worth training center in 1965.

Courses range from orientation for new employees to advanced engineering, and management for more experienced workers. Overall professional development is designed into the classes.

"For our faculty, we draw" on any resource people we can do an effective job," Chessmore said. "It is included Federal employees, and qualified people from the business and industrial community."

"These studies orient the employees to the modern concept of conservation," Chessmore explained. "They leave here better prepared to serve farmers, ranchers, and other landowners with management of their soil, water and related resources."

The center serves Alabama, Arkansas, Florida, Georgia, Louisiana, North Carolina, Oklahoma, South Carolina, Tennessee, Mississippi, Texas, Puerto Rico and the Virgin Islands. It is one of four similar facilities serving the United States.

#### FROM GORDON CITY

Mr. and Mrs. James Cypert and boys, Darrell and Donny and Mrs. Larry Tigar of Gordon City spent the weekend with their brother and family, Mr. and Mrs. M. N. Graves. Mrs. Tigar returned her son, Todd, home after he had spent the week in the Graves home.

### K C Lions In Regular Meeting

Lion District Governor Bill Longley, of Stamford, paid a routine visit to the Knox City Lions Club at its luncheon meeting on April 19. Governor Longley, upon being introduced to the club reminded members of the District Convention coming up in May to be held at Vernon, and also to work on membership for the local club, as they had lost 3 more members than they had gained the past year.

Knox City School Band Director, Norman Arnett gave the program. The Beginner's Band composed of fifth graders who have had their instruments only 7½ months presented a delightful musical program.

The Band's enthusiasm and efforts drew an especially appreciative response from Lions.

#### RETURN HOME

Mr. and Mrs. C. W. Stephens returned home Monday after visiting last week from Wednesday till Friday in Jal, N. M., with their son and his family. Mr. and Mrs. Wyndoll Stephens and boys. On Thursday they visited in Odesa with the Ben Redwine family and Ernest Coates. Saturday, they went to Tulsa where they visited their daughter, Mrs. Wynelle Roberts and children. While there they also visited with a former resident of K. C., Mrs. Tom Carlisle.

#### DENTON GUESTS

Recent visitors in the home of Mr. and Mrs. A. P. Denton, were Pfc. and Mrs. William David Denton, Mr. and Mrs. Bill Bruton and Randy, Mrs. Frank Poore and daughter, Mrs. Glenn Ellison and her small son, Allan, of Aspermont and Miss Virdie Denton, of Pampa.

### NEW TYPE OF ANTI-PERSPIRANT SOLVES PERSPIRATION PROBLEM

#### EVEN FOR THOSE WHO PERSPIRE HEAVILY

Wet underarms are always embarrassing and they can be disastrous as well for the woman who perspires excessively.

How humiliating are the sudden drenchings—your clothes sodden — your happy disposition ruined.

The famed 51-year-old Mitchum Laboratory, after years of research, has developed an anti-perspirant product that really works to correct such underarm problems—even for those with the heaviest perspiration flow. To produce this product a new-type chemical formulation had to be developed — a formulation which would have the strength to check excessive perspiration—end perspiration odor—yet be mild to normal skin and gentle enough for delicate fabrics. Mitchum Anti-Perspirant was the solution! This clear liquid smooths on

quid or cream, \$3.00. easily through the patented satin applicator of the tilt-and-touch bottle. So pure it's never sticky—dries almost on contact. And, because of Mitchum Anti-Perspirant's effective action, you can actually build up a resistance to excessive perspiration. After using four consecutive nights at bedtime, you may safely go several days without using. Thousands who had literally despaired of ever finding effective help swear by it! They have found Mitchum Anti-Perspirant to be the answer to their perspiration problems. Now they can wear what they want—even the most fragile synthetic fabrics—they can indulge in the most strenuous activities, and with Mitchum Anti-Perspirant, their underarms remain dry. You'll want to try it today! Mitchum Anti-Perspirant liquid or new cream formula — same extra strength protection in a light and fluffy cream base. Generous 90-day supply of li-

#### SHORT STORIES—

Two spinsters were discussing men.

"Which would you desire most in a husband," one asked the other, "brains, wealth, or appearance?"

"Appearance," she said, "and the sooner the better."

He: "Ever since I have met you, Dear, I can't eat, drink, or smoke." She: "Why not?" He: "I'm always broke!"

"I understand you donated a loudspeaker to our church," one man asked the other. "Yeah," he responded, "It's in memory of my wife."

ganized in the school year 1935-36. Mr. D. L. Dodgen was the first director, and it is believed that Yvonne Jamison Harrison served as the first drum major. Mr. Dodgen directed the band for four years, and it is the opinion of many that Billy Dean Davis was drum major for 5 years. J. Bud Farra; succeeded Mr. Dodgen and served for one year in the 1939-40 term of school. Directors serving during the forties included Hubert A. Owens, Ellena Fayne White Clay, and E. G. Parkhill Jr.

There was a period of five years or more when there was no organized band. In 1951-52, Supt. Harold Barnett re-organized the band, and as the youngsters were not trained well-enough in their 1st and 2nd year of band instruction, an "old timers' band" played at local football games. Those who contributed to this effort included Buck Propps, Rufus White, Sam E. Conis, Jim and Lora Beth Ross, Lee Smith, Bob Robertson, and Supt. Farnett. One of them said, "It seems ridiculous now, but you know, we had a lot of fun, and we at least had bad music for the game."

Miss Jo Denton, now Mrs. John Ed Smith, served as drum major during 1951-52 and 1952-53. Other directors and drum majors were: 1953-54—Robert Taylor and Corinne Urbanczyk Wilson.

1954-55—W. J. Morris, Genie Guinn Cobb.

1955-56—W. J. Morris, Florence Reeves Helton.

1956-57—W. J. Morris, Glenda Givens Headen.

1957-58—W. J. Morris, Glenda Givens Headen.

1958-59—Don Davis, Kay Dean Hester Johnson.

1959-60—A Mr. Scott served only part of the year, and Tommy Heffington was elected band director. Kay Dean Hester was again drum major.

1960-61 — Tommy Heffington, Jane Smith Schoonmaker.

1961-62—Tommy Heffington, Danny Fisher.

1962-63—Jerry Banks, Danny Fisher.

1963-64—Norman Arnett, Mack Standlee.

1964-65—Norman Arnett, Mike Glenn.

1966-67—Norman Arnett, Mike Glenn.

In 1966 a total of nearly 20 million dollars was loaned in this area by the association and it now looks like that 1967 will exceed this amount by a good deal. The present loan volume of the association is more than 3 million dollars ahead of what it was two years ago, just following the merger.

C. G. Burton Sr. of Haskell is President of the Board of Directors and the other directors are: Lasater Hensley of Guthrie; Mack T. Claburn of Anson; John E. Glover of Childress and L. M. Glenn. In the event that we have omitted any person, we have done so unintentionally. We certainly wish that we had had records for all of these years, but as we did not, this is sort of "pieced together" with memories and recollections of many residents, teachers, and some school board members.

We hope that this may have provided some fond memories for each of you or your children.

Our band has come a very long way, and we, the entire community, are so appreciative of the members' hard work and dedication, and also to Mr. Arnett to whom we are all very grateful for his fine guidance and ability.
