At the business meeting of the Parent-Teacher Association held Wednesday afternoon in the school auditorium plans were discussed for a Halloween Carnival to be given on the twenty-seventh.

Among the various features of entertainment for the carnival will be a Gypsy camp sponsored by Mrs. Milton Bradberry; an old fiddlers contest sponsored by O. B. King, in which cash prizes will be given; a negro minstrel which will include a "battle royal" to be sponsored by Mrs. H. B. Sweeney and Mrs. C. B. Stovall. In addition to these named there will be other booths of entertainment.

Mrs. E. L. Huntsman, chairman of the "eat division" is making elaborate plans for the sale of sandwiches, chili, pie, coffee, chocolate, pop corn, and peanuts. The evening will be complete in the way of entertainment and carnival fun. Plan now to see it all on the evening of the twenty-seventh.

One of the interesting events of the Halloween Carnival to be sponsored by the P-T-A on the evening of October twenty-seventh will be a parade immediately after school on that day.

The Pep Squad of the Knox City school is having a Rally this evening, Thursday, at the school building in preparation for the big game tomorrow, Friday with Rule.

The P-T-A is planning the purchase of a piano for the new school building in the very near future.

GINMAN KILLED IN MUNDAY

Mr. (Red) White of Munday, work man in the Farmers' Union Gin, was fatally injured Tuesday night at 9:30 when he became entangled in the belting. He died thirty minutes later. Burial was made in Munday. Mr. White is survived by his wife and three children.

TWENTY-FOUR IN JAIL OVER WEEKEND

City Marshall Hardberger reports a total of twenty-four men in the local jail over the weekend. Charges varied from drunkenness, gambling, transporting and shop lifting.

This number shows no decrease in the number picked up over the week and during this season. As a matter of fact, twenty or more are picked in jail most every week as long as the increased population remains.

Hardberger states that the amount of shop lifting has decreased some, but for stealing, to be more entirely disposed of, the citizenship will have to show better cooperation in caring for their own articles.

It seems to be just an invitation to steal when some man comes to town, parks his car or wagon in the alley and deliberately buys his groceries and dry goods and places them in the wagon and walks off and leaves them. Even though it looks like the above would be only a child's stunt, many men and women do the same.

It behooves the citizenship to assist the city officers and themselves in not leaving packages or anything in parked cars, wagons, buggies or what have you.

Mr. and Mrs. J. E. Clarke of Brownfield arrived in the city Sunday morning. They were in route here from Hillsboro. Mr. Clarke returned home Sunday while Mrs. Clarke remained for this and next week with her new grandson Charles Granville Clarke.

GRAND DAD ON ROAD TO RECOVERY

Knox City's newest granddaddy G. A. Branton is on the road to recovery, he having as his convalescing companion: Daddy Billy. It is expected the two will live and look as well as ever.

Mrs. Billy Clarke and son Charles Granville are doing nicely in the Knox County Hospital.

Trapped In Sand Bank

Dewey Darden is suffering this week with injuries sustained last Saturday when a sand bank caved in burying him to the shoulders which included one arm.

Mr. Darden and Mr. Buckingham went to the gravel bed near the west river bridge for gravel. Dewey was shoveling gravel when he heard the bank crack. He ran but not in time. He was buried to the shoulders one arm being completely under. The crash and weight of the soil knocked his breath out and crushed his stomach and chest. Three ribs were broken. Only the rapid work of Mr. Buchanan in excavating Darden's body saved his life. Darden was able to be in town this a. m. Thursday.

RULE BOBCATS ARE GREY-HOUNDS NEXT OPPONENTS

The next game on the Greyhound program is at Rule, Friday, October 6th where the locals will meet the Rule High School Bobcats on one of the outstanding games of the season. As everyone knows, these two teams have the reputation of being old rivals, which there may be something to, so this always makes the game between them a hard fought battle which no one ever regrets seeing.

Winning this game means a lot to the Greyhounds so they wish that every one who possibly can will be at Rule and help them win by doing some real boosting.

Last week the Greyhounds upset the dupe by holding the strong Spur team to a 13 to 6 count. This was considered very good for the Greyhounds as they were supposed to lose the game by several touchdowns. They made their six points when an attempt by H. C. Armstrong and received behind the goal line by Clarence Dutton for a touch down.

The future schedule has been changed since it was first published. Following is the correct schedule.

- October 6, Rule at Rule
- October 13, Woodson here.
- October 20, Throckmorton here
- October 27, Knox City second vs Hamlin (tentative)
- November 3, Rule here.
- November 11, Aspermont here.
- November 17, Woodson there.
- November 24, Throckmorton there
- November 30, Munday there.

HOSPITAL NOTES Church Pianist for 25 Years

Patients in the Hospital this week include Mrs. J. D. Dodson of Rochester, Mrs. Billy Clarke and son of Knox City, Mrs. B. J. Bellomy of Knox City, Mrs. Allen of Vera, Mrs. O. Turner of Truscott, Mrs. Clay Miller of Oklahoma, Mrs. Turpin of Rochester, Mr. Roberts of Haskell and Oliver Brothers of Mitchell.

The two Andrea children of Rhine-land were here Monday for a tonsilectomy. Miss Mary Riehn of Rochester was in Tuesday for medical treatment. Walter Mayo of Gore was here Saturday for a minor operation.

Mrs. Hobb Smith and son Dan Man- cel of Rochester were dismissed Saturday. Robert Graves of Truscott dismissed last week; Mrs. A. J. Dock- ins of Crowell was dismissed Saturday. Mrs. H. L. MaTheny of Roch- ester was dismissed Saturday; Mrs. Arthur Hobbs and Frank Stroud both of Throckmorton were dis- missed Sunday; Mrs. L. R. Waters- on of Munday was dismissed Sunday.

Mr. and Mrs. W. P. Clark of Truscott were callers at the Hospital Tues- day afternoon.

Mrs. Stella Thompson made a busi- ness trip to Dallas over the weekend.

SOPHOMORE PICNIC

The Sophomore class, with their sponsor Mr. Dean, enjoyed a picnic at the "dpl" last Thursday evening. There were about twenty-four peo- ple present. Games were played and following refreshments of hambur- gers, lemonade and cookies were served. Outside of a few minor injuries such as smashed noses, scratched faces, etc. a most enjoyable time was had by everyone.

City Gin Reports

At two o'clock Thursday afternoon, today, the four gins in Knox City and the O'Brien gin had a total of 6912. Cotton prices for the day ranged from 9.30 to 9.80.

Miss Mary Reeder had as he guest over the weekend Miss Ethel Huston of Sagerton. Miss Reeder and Miss Huston motored to Ryan Oklahoma Saturday for Mrs. M. A. Reeder was returned home with them Sunday.

Alvin Hamm, Jack Spikes and M. M. Dixie Birdwell motored to Olney Mon- day to be accompanied home by Miss Lucille Williams. Miss Williams had been visiting her sister O. Olney.

Many Victims of Hijackers

Probably one of the most persist- ent series of hijacking known in this section of West Texas came to an end Tuesday when a pair of rough fellows giving their names as A. Z. Casey and McDaniels were caught by G. T. Hardberger and Jim Stephens of this city.

The first of the series of hijack- ing occurred Saturday night when Blackie McCarty was hijacked and shot in the leg. The amount of loot was not determined and McCarty is getting along nicely. This happened between Rule and Rochester.

Carnellus Stevens who lives east of Rochester was held up Tuesday morning about one o'clock and re- lieved of \$19.00. Mr. Stevens was go- ing home from the gin when a car drove up by his wagon and a second scaled the side of the wagon bed. Stevens money and some paper were taken.

Thieves Respect Keepsake

Monday night Theodore Barton of the Cliff Community was stopped near the B. B. Cochran corner, on the road south of the city, and rob- bed of \$12.80 however, on request the hijackers returned a two dollar bill which Barton was saving as a keepsake. This occurred about 12:00 Monday night by two men in a car.

Pair Is Caught

Tuesday morning G. T. Hardberger assisted by Jim Stephens caught two hijackers who were identified by their voices before either were exposed to the scrutiny of the men hijacked. They gave their names as A. Z. Casey of Breckenridge and McDaniels of Carthage.

The pair were sought by Haskell officers in the Stevens hijacking from which county they will be re- turned to Knox County for investi- gation.

Robbery with fire arm is the offen- se to be brought against the men.

Robbery Continues

The picking up of two men Tues- day morning failed to stop the acts of robbery that have begun here. Tuesday night a man was hijacked at Munday and a short while later another one hijacked at Weimert.

Wednesday night Parker Denton of this city was robbed of four or five dollars about one mile north of town.

The third suspect was picked up Thursday morning by Hardberger but nothing definitely learned.

Thursday morning two boys were found prowling about teh cars parked at the school house and placed in the local jail.

Wednesday Rule suffered the rob- bery of two business houses, one hijacking and a stolen car.

Lock Up Your Things

Such happenings as we are now having makes it necessary that every one take unusual precaution to pro- tect his own possessions. By all means cars, bundles or wearing ap- parel should not thoughtlessly be left where another's taking it is so very convenient.

Sets Jail On Fire

Today, Thursday about eleven o'- clock, the city jail caught fire. It is obvious that the prisoner therein is the one who did the setting. Not much damage was done.

The new situation with its increased box-office returns, following a long period of uniformly poor business, may be explained in a word. The public is beginning to earn money and the public is putting it into circulation through commencing to spend. What now is apparent in the motion picture industry is certain to be felt in other directions. Most assuredly the money that dribbles through the box-office windows rapidly goes into circulation in many channels, ranging from rents and salaries to printing and for that matter as far fetched as it may seem to the producer of the cotton and the silver forming the base of all films. It would be difficult to think of an industry that fails to contribute something to picture producing and to share to some extent in the money paid for admissions to view the films shown throughout the country. It is this phase of the subject that interests me at this moment, however, but the substantial evidence that the country is definitely on the up grade justifying the faith that prompted the big investment that we are MAKING IN ADVERTISING.

COZY DAYS AHEAD

for HOMES HEATED WITH IMPROVED GAS APPLIANCES

It's time to think of comfort, to plan so that when winter winds begin to blow, your home will be a haven of warmth—a cheerful, cozy place where raw chill is barred from every room—a place where the whole family can enjoy life comfortably, luxuriously.

You can modernize your home heating most easily these days, with so many improved types of gas heating appliances at your command.

There are floor furnaces that require only a small space beneath the floor, yet heat large areas efficiently. There are circulators that provide healthful, circulating warm air for rooms that are hard to heat. There are individual gas steam radiators, manufacturing steam heat on the spot. For the larger home, there are gas-fired central heating plants that circulate warmth all over the house, and gas conversion burners to modernize old heating systems. And there are many styles of improved space heaters ranging from the simplest models to reproductions of old-world designs.

Some one of these improved types of modern gas equipment—maybe a combination of types—will bring summer time to your home this winter. With your home so equipped we are safe in predicting "Cozy Days Ahead," regardless of the winter.

You'll find a wide variety of modern gas heating appliances at your gas appliance dealer or your gas company. Either will be glad to give you dependable advice on any home heating problem.

WELL ARRANGED PANTRY IN LONE STAR H. D. CLUB

"I not only have to plan for my family to live at home buta for my daughter, who will be away in school and keeping house," said Mrs. M. A. McGaughy, 4-H Pantry demonstrator in the Lonestar Home Demonstration club. "I do not have a definite count but I have put up between 400 and 500 containers, mostly quarts, and my canning isn't nearly finished."

Before the achievement program, which is to be held in each club during the month of October, Mrs. McGaughy plans to have her pantry filled and arranged by the following grouping: Leafy Vegetables, Starchy Vegetables, Other Vegetables, Fruits, Meats, pickles and relishes, Preserves and jellies, Time saving and Accessories all on shelves, preferably wide enough apart for a single row of cans or jars. These shelves will be labeled as will the containers. Boxes for temporary supplies of potatoes, onions, dried beans and peas will be arranged in convenient places in the cellar where this pantry is to be assembled.

WHAT IS ACHIEVEMENT DAY?

Just what have the Home Demonstration Clubs in Knox County been doing during 1933? This question will be clearly answered if you attend one of the meetings during October, called Achievement programs, where everyone will be given an opportunity to see and hear about the work done in each club.

Following is a schedule of the Achievement days for the remainder of the month and you should plan to attend at least one:

- October 9 Benjamin, 2:30
- October 10 Lonestar, 2:30
- October 11 Gillespie, 2:30
- October 12 Vera, 2:30
- October 13 Truscott, 2:30
- October 20 Union Grove, 2:30
- October 27 Munday, 2:30

The 4-H pastures and bedrooms that have been improved by the demonstrators in the various clubs will be judged during this month and a county-wide Tour will be conducted, October 20 and 21, in which everyone who is interested, is asked to take part.

"LIVE AT HOME"

More than half of the 1460 farm families in Knox County are participating in the "Live at Home" program as outlined by the Extension Service, College Station.

"It costs an average family of five about \$400 per year for food if every member is properly nourished, and all food is bought. How much of this can the farm supply? From 40 to 60 per cent has been the rule on most good farms in times past. During these depression years many of the most alert families have raised the percentage produced at home to 75 percent and even to 90 percent. By following the demonstration plan outlined a family may produce 100 percent of its annual food requirements. To do this it will take 25 acres of average Texas land, about \$200 worth of livestock, the ordinary work stock, farm implements, fences, and buildings that most farms already possess.

This living at home demonstration, toward which any farmer can work in a short time calls for meat hogs, a flock of 50 hens, one beef animal 4 milk cows, and if desired a few sheep. Under average conditions 6 acres would be devoted to sudan grass pasture in summer and small grain pasture in fall and winter; 12 acres in corn and grain sorghum or other grain crops; 4 acres in hay and ensilage crops; one-half acre in garden, one-half acre in orchard and 2 acres for such crops as sweet potatoes, melons, cans for syrup and field peas.

Such a system will produce all the food needed for a family of five and all the feed required for maintaining the livestock indicated, including work stock, without any cash expense except about \$100 for buying cans and jars, sugar, coffee, some flour, and spices, and a small amount for purchase of seed, livestock medicine, and incidentals. This cash will be forthcoming from sales of surplus dairy, poultry and other products available in certain seasons of the year in excess of the family needs.

TODAY AND TOMORROW

Guglielmo Marconi, is being honored by "Marconi Day" at the Century of Progress in Chicago.

Nothing could be more fitting than thus to recognize the man who made radio possible. And I am especially glad to see it when I remember how he was laughed at and ridiculed when he first announced that he could send messages over a distance without the use of wires.

I happened to be with Marconi as a newspaper reporter, when he got his first regular communication established between America and Europe. He predicted then, more than thirty years ago, most of the marvels which wireless has accomplished since. I wrote that for my paper, and we printed it, but the editor privately told me he thought Marconi was crazy.

RUSSIA—their country

There is so much revival of the talk of "recognizing" Soviet Russia that it would not surprise me to see the United States admitting at last that the present government of Russia has come to stay.

After all, the Communist system has been working in Russia for nearly 18 years, and the people ought to know by this time whether they want it or not.

My opinion about recognition is that Russia is their country, not ours, and the Russian people are entitled to any sort of a government they want. The main objects to recognition have been partly fear that of we recognized Communism the Communists might get hold of the government some way, and partly the threats, of which we don't hear so much the past few years, that the Communists were about to declare war on the rest of the world.

The best evidence, to my thinking, that the United States does not need to fear a Communist revolution, is that in spite of the hard times we have been having the Communist movement hasn't even got a toe-hold in this country. And the return to prosperity will put an end to all Communist scares.

PARKS CAR AND FORGETS IT

Lincoln Bolin caused no little excitement Wednesday when, in absent mindedness, he left his mother's car in town and walked home, later going to school without explaining the whereabouts of the car.

Upon missing her car Mrs. Bolin telephoned her son and Lincoln remembered nothing but having left the car parked at home. Mrs. Bolin secured the services of Hardberger and a thorough search began. After some telephoning and driving about the river roads, the stolen car was found parked in front of the Davis Grocery where Lincoln had left it about eight o'clock Wednesday morning.
