

Washington, D. C., Oct. 12.—For the first time in some 16 years the House of Representatives this week passed a bill reducing taxes. Under the Constitution revenue bills must originate in the House of Representatives. They are written by the Ways and Means Committee of the House and are usually presented under a "closed rule" which means they are not subject to amendment. This prevents each one of the 435 Representatives from trying to write his own particular idea of what should be taxed in what amount.

The bill just passed would drop some 12 million low-income persons from the income tax rolls. The bill allows \$500 exemption for each person and for each dependent. In other words, a man and wife with two children would be allowed an income of \$2,000 before any taxes are paid. The bill now goes to the Senate Finance Committee of which Senator George is chairman. Sen. George has expressed strong objections to the bill as passed by the House, and it may be considerably altered before finally enacted.

The House Committee on Expenditures in executive departments, of which I am a member, is continuing hearings on the Murray-Patman so-called "full-employment" bill. While we should do everything humanly possible to see that all returning soldiers have an opportunity for suitable and useful employment, many things the government cannot possibly guarantee jobs for war workers and everyone else in the United States. We have always had some unemployed. It is generally agreed that the proposed "full employment act of 1945" is an illusion.

One of our greatest generals, who cannot be quoted, when asked about this bill said that we have just finished a war against such a system, that Hitler had full employment. One of my Congressional friends who has just returned from Russia, where he talked with Stalin, observed in conversation that Russia has full employment, and that he didn't see a smile on the face of any person in the Soviet Union. In the Communist constitution it is found this language: "Citizens of the U.S.S.R. have the right to work, the right to receive guaranteed work with payment for their work in accordance with its quantity and quality."

Hitler told his followers: "We shall banish want; we shall banish fear. National Socialism is the revolution of the common man. The sword of Caesar, Mussolini, once said, 'It is only when private enterprise is inadequate that the State intervenes.'"

We can't create Utopias by adopting beautiful statements of hopes and principles, and seeking to guarantee them with money from the U. S. treasury. To be opposed to unemployment is like being opposed to sin, and to eliminate wrong-doing. In the case of the full employment bill the medicine might be worse than the disease.

Military Affairs and Commerce sub-committees of the Senate are now meeting jointly to consider several proposals for the establishment of national scientific research programs. A report of Oct. 1, 1945 by the Director of War Mobilization and Reconversion recommended the establishment of a federal research institute for the following purposes:

- 1. To promote and support fundamental research and development projects in all matters pertaining to national defense and security.
2. To promote and support research in the basic sciences and in the social sciences.
3. To promote and support research in medicine, public health and allied fields.
4. To provide financial help in the form of scholarships and grants for young men and women of proved scientific ability.
5. To coordinate and control diverse scientific activities now conducted by the several departments and agencies of the federal government.
6. To make fully, freely, and publicly available to commerce, industry, agriculture, and academic institutions the fruits of research financed by federal funds.

All will agree that the two billion dollars we spent to develop the atom bomb and the radio proximity fuse was a cheap investment in saving American lives and bringing the war to an earlier end. If by spending a like sum we could discover preventions or cures for cancer, tuberculosis, infantile paralysis, and

Marilynn Edwards Married To Major F W. Dallas, Jr., of Houston; Shower Given Tuesday At Jamison Home

Dr. and Mrs. T. S. Edwards have announced the marriage of their daughter, Marilynn, to Maj. F. W. Dallas, Jr., of Houston. The wedding took place in Durant, Oklahoma, June 11th. Mrs. Dallas graduated from the Knox City schools where she was voted the "Best All-round Girl." She attended Texas State College for Women and West Texas State Teachers College, Canyon, where she received her degree. While at college she was president of Gamma Phi Sorority two years, a member of Alpha Psi Omega National Dramatics fraternity, and was elected football queen in 1941. For the past three years Mrs. Dallas has been with Braniff Airways in Dallas.

Major Dallas is the son of Mr. and Mrs. F. W. Dallas, Sr., who for the past five years have lived in Bolivia, South America. He attended Allen Military Academy, and Georgia Tech, where he was a member of Sigma Alpha Epsilon fraternity. In 1939 he joined the Army Air Forces and received his wings at Randolph Field in San Antonio. Later he was sent to England with the first heavy bombardment group, where he participated in flights over Iceland, Greenland, Africa, and for some time was commanding officer of an Army Air Base in Cuba.

After returning to the States, he was director of flying at Rapid City, South Dakota, Army Air Base. He wears the Distinguished Service Cross, Distinguished Flying Cross, Purple Heart, Air Medal with clusters, and theatre ribbons. On September 28, 1945, he received his honorable discharge from the Army. Mr. and Mrs. Dallas will be at home in Houston.

Mrs. L. W. Dallas, Jr., the former Marilynn Edwards, was honored at a shower in the home of Mrs. E. O. Jamison, Tuesday afternoon. Colors of red and white were carried throughout in the decorative scheme. Mrs. Jamison received the guests and presented them to Mrs. Dallas, Mrs. Tom Hampton, sister of the bride, and Mrs. T. S. Edwards, the bride's mother. Piano selections were played by Mrs. Lloyd Hamilton, Mrs. Jack Wilson and Mrs. Bedford Smith during the receiving hours.

Guests were registered in the bride's book by Mrs. Eddie Carr, Mrs. T. P. Frizzell, Sr., and Mrs. T. P. Frizzell, Jr., invited guests into the gift room. Mrs. G. T. Hardberger invited guests to the tea table, presided over by Mrs. John Hansen and Mrs. Tom Lair, assisted by Mrs. C. C. Hoge, Mrs. O. L. Jamison, Mrs. L. N. Bridges and Mrs. H. M. Jones. Refreshments of cranberry cocktails, red and white heart cookies, and sandwiches were served. Centering the refreshment table was a lovely centerpiece of red dahlias and white chrysanthemums. Hostesses for the afternoon were Mesdames E. O. Jamison, J. T. Atterbury, L. N. Bridges, E. F. Branton, E. R. Carpenter, Otis Cash, S. M. Clonts, T. P. Frizzell, Sr., T. P. Frizzell, Jr.,

other diseases from which we suffer even more than from war, it would certainly be a wise investment.

PTA Carnival Scheduled for Next Week

The annual P.T.A. Halloween Carnival, planned around the title of "The Spirit of '46," will be held next Friday, October 20th, with a full day of fun and excitement.

Climaxing this year's presentation will be a gigantic stage show with a cast of over 100 people, under the direction of Bobbie Bradberry. The super production will be staged Friday night in the school auditorium.

Officials of the carnival state that this year's offering will have many more attractions than any carnival in the past. Extra room has been commandeered to put on the show this year, and a full day of entertainment is in store for the community.

A big parade will be held on downtown streets under the direction of Lee Smith. Everyone is invited to take part in the parade, especially those that can provide a horse to ride. Floats and decorated cars and trucks will take part.

Shortly afternoon, the Knox City Greyhounds will play O'Brien on the local football field. This is always a banner attraction and this year the game will have lots at stake. Knox City hopes to go on the field with an unblemished record and are determined that O'Brien shall not trespass on the hallowed ground beyond the goal line.

Crowning the Carnival Queen will be presented Friday night, just before the stage show. There is a hotly contested race for honor of being the queen this year and the issue will only be decided at the last minute. There will be a queen selected from each grade in school, these in turn vying for the honor of being Carnival Queen.

An excellent meal has been arranged for diners at the carnival. There will be many side shows and games of chance and skill to test your luck and ability.

Everyone is invited to come out and enjoy the fun and support a worthy cause. Proceeds of the affair are used by the Parent-Teachers Association in school benefits.

Shotgun Shells Are Ready for Hunters

Duck, quail and other small game hunters will have plenty of 12-gauge shotgun shells on hand this fall for their favorite sport, according to an announcement issued in Washington by the Office of Surplus Property.

Over 40 million rounds of 12-gauge shells, frozen for military use since the start of the war, will be sold this month through out the 11 United States Regional Offices of the Surplus Property division.

The sale started this past Saturday. The ammunition being sold is of the standard commercial types used by hunters and includes both bird shot and buckshot.

The major part of the shells are loaded with birdshot, or 1-1/4 ounce of No. 8 chilled shot, with a standard powder load of three drams. The remainder are loaded with 99 buckshot.

Prices on the shells with birdshot are as follows: To wholesalers, \$25.93 per 1000 shells. To chain and mail order houses, \$28.52 per 1000 shells. To retailers, \$24.1 per 1000 shells.

OPA retail ceiling price \$42.80 per 1000 shells, or \$1.07 per box of 25.

Seniors To Stage Minstrel Show

The Senior class of Knox City high school will present a Minstrel show Friday morning at 9.45. The price of admission is only 10c.

Several days of practice has gone into the production and a good show is promised the public. Everyone is invited to attend and get a good laugh for only a dime.

WILLIAM C. WOOLSEY GETS DISCHARGE

Norman, Okla.—William Clifford Woolsey, 42, shipfitter 2e, received his honorable discharge this week at the Naval Personnel Separation Center here.

Odelle Thompson and Sgt. R. E. Buckles Married Here Wednesday Afternoon; Plan To Make Home In California

Miss Odelle Thompson, daughter of Mr. and Mrs. H. M. Thompson, became the bride of Robert Eugene Buckles, Wednesday, Oct. 17, 1945, at 2 o'clock, Rev. J. S. Tierce, pastor of the Rochester Baptist Church, performed the ceremony in his home at Rochester.

Mrs. Joe Cusmano, sister of the bride, was matron of honor, and Travis Thompson, brother of the bride, served as best man. Others in the wedding party were Mrs. Guy Robinson, Mr. and Mrs. Loyce Teague, Bud Thompson, Miss Cassie Thompson and Patay Nell Robinson.

The bride was attired in a misty blue suit with alligator accessories, with a corsage of white carnations. For "something old" she wore a bracelet belonging to her sister, and for "something borrowed" were gloves belonging to another sister.

Mrs. Buckles is a graduate of the Knox City schools and for several years after her graduation she worked in Clovis, San Antonio and Fort Worth. For the past two years she has been associated with her father in the cafe business.

The groom is the son of G. L. Buckles of Denver. He received his honorable discharge from the Army September 28th at Phoenix, Ariz., Saturday, October 20, 9:00 p. m., with Beta Rho membership as hostesses. About 150 members are expected to attend.

Mrs. Edna Graham, mathematics professor at West Texas State College, will be the guest speaker of the meeting.

J. C. Beasley Misses VE and VJ Days

Aboard the USS Pickaway—J. C. Beasley, motor machinist's mate third class, USNR, Knox City, Texas, serving on this attack transport, is still technically at war with Germany and Japan. He had no V-E dany and no V-J day.

Last May when Germany surrendered, the Pickaway was west bound in mid-Pacific. On May 15th she was crossing the International Dateline, and V-E Day was skip-i. That seemed noteworthy to the men of the transport. But in the day the Japs signed in Tokyo Bay, the Pickaway again was crossing the International Dateline and V-J Day was missed.

This story of scrambled holidays is an old one for these men. In the course of 5,000 miles of Pacific travel this year they missed not only V-E and V-J day, but the Fourth of July as well and enjoyed two Eastern Thanksgivings and Christmas.

BOOK CLUB MEETS

The Knox City Book Club met Wednesday afternoon in the home of Mrs. J. M. Averitt. Mrs. Charles Cape reviewed the book, "Young Bess," by Margaret Irvin.

New members of the club are Miss Zena Bollen and Mrs. Lillah Campey. Others present were Mrs. B. C. Anderson, Mrs. Lloyd Hamilton, Miss Evelyn Hollis, Mrs. Leonard, and Mrs. H. W. Finley.

'Hounds To Play Dickens Team Friday

The Knox City Greyhounds will take on the Dickens ball squad here tomorrow afternoon at 2:30. This is an unscheduled game but promises to be a good one.

Knox City will go on the field determined to keep their slate clean this year, after winning all games so far this season.

Dickens has a strong team and may give the 'hounds some hard work during the afternoon.

Knox City cinched at least a tie for first place in conference play by defeating the Benjamin Mustangs 68-12 on the Benjamin field last Friday.

The victory lost some of its sweetness for the Greyhounds in the fact that the Mustangs ran up 12 points on a heretofore unblemished conference record. This was the second time during the season that a team has managed to get beyond the goose-egg point. Paint Creek scored 12 points on the Greyhounds in the opening game of the season.

In the statistic department as well as on the scoreboard, the game was all Knox City's. The 'hounds made 9 first downs to the Mustangs 7, gained 285 yards on running plays to Benjamin's 50; completed 15 of 21 passes for a total of 226 yards, while the Mustangs completed 20 out of 31 for a gain of 196 yards.

The boys were expecting a lay-off this weekend but a game has been scheduled with Dickens, to be played here tomorrow at 2:30.

League Ranch Puts Soil Practices To Beneficial Uses

The League Ranch is very interested in soil conservation and soil improvement. The ranch is managed by Jack Idol and under his direction a lot of conservation and improvement work has been done.

With the help of the Soil Conservation Service technicians, more than 20 miles of terraces have been built. These terraces were so constructed that a combine can be used across them at any angle, making harvesting a great deal easier. As soil improving crops, Mr. Idol planted approximately 25 acres of clover and 10 acres of hairy vetch this year. He will also plant approximately 10 acres of Austrian winter peas as soon as time permits.

In the spring Mr. Idol plans to plant 200 lbs. of Hubam clover as a soil improving crop and to reduce the amount of cotton root rot.

Stubble mulch (leaving all straw and trash on the surface of the ground) is another practice being used on the ranch to increase the amount of water to be stored in the soil for next years production. Approximately 500 acres of wheat land was treated in this manner this year.

Mr. Idol has practiced conservative grazing on the majority of his range land, and has constructed 14 tanks to facilitate grazing.

In adding all factors up, Mr. Idol is working toward a coordinated soil and water conservation program, which will increase the production of the ranch to a great extent.

SAMMY ANGLE DISCHARGED

Sammy Angle, chief water tender, US Navy, has been discharged at the Puget Sound Navy Yard, Bremerton, Wash., his mother, Mrs. Clive Angle has been notified.

FRESHMAN NEWS

The Freshmen had a party Friday night and we certainly enjoyed it. We hope to have another one next six weeks.

We are beginning to get our test papers back and we sure hate to go home and tell what we made.

Ruby, whose picture is that in with yours? I wonder why Virginia was so sad Saturday night???

The candidate for Freshmen Queen is Virginia Buckley.

Reported by Mary Jo Watson

SOPHOMORE NEWS

We are all proud of ourselves this week, as nearly all of us passed our six-weeks tests.

The Sophomores are all looking forward to next week as it is Halloween, meanwhile we are taking in the other carnival.

The candidate from our class for the Halloween queen is Clara Dean James. We are sure that she will win. It takes only one cent for a vote, so if anyone wants to vote we will be happy to take their money.

JUNIOR NEWS

FOR SALE! Old clothes, shoes, hats, purses and jewelry. The Juniors are having a rummage sale Saturday, October 19, between the Model Tailor Shop and Roy Smith's office. If anyone has any old clothes they will let us have, we will appreciate you calling us at 2961. There will also

SENIOR NEWS

The Seniors met yesterday and elected Lora Beth Bradberry for our Senior Queen. You will find us in town Saturday raising money for the Queens race!! We think that a Senior should win the race, so be sure and come around and find us Saturday. As you know, the money raised during the race will be given to the P.T.A.; therefore, your money will be going to a good cause. WE'LL SEE YOU SATURDAY!

DOGHOUSE

Well, I see Mary Sue has herself a new heart-throb. How about that, Fred?

We wonder where Marshall and Sheila were Friday night. Maybe they got lost.

Too bad about Glenn and Louise. They made such a nice

CARD OF THANKS

We wish to express our heartfelt thanks and deepest gratitude to the many friends who were so kind and thoughtful to us during Mr. Hardberger's recent affliction. We assure you your deeds of mercy made his suffering easier to bear.

To the farm friends who worked his crop, especially our thanks to those who looked after our cattle, the friends who stayed nights with him, to those who sent beautiful flowers, delicious cats and numerous cards, we offer our thanks.

May the Lord reward you for your works. Should you ever need us in like trials, command us.

Mr. and Mrs. G. T. Hardberger, Mr. and Mrs. John H. Darnell.

Mrs. Ross Oliver and son will spend this weekend in Lubbock and Tucumcari.

Vote for LaQuita Hackfield for Carnival Queen, Sixth Grade.

COMING ATTRACTIONS

The Seniors will stage a Minstrel show Friday morning at 3:45. Admission only 10c.

Football here Friday at 2:30. Dickens vs. Knox City. Be sure to see this game.

Union Grove Club Elects Officers

Nine members and the home demonstration agent met in the Union Grove school house at 2:30 last Friday to elect officers and conduct business.

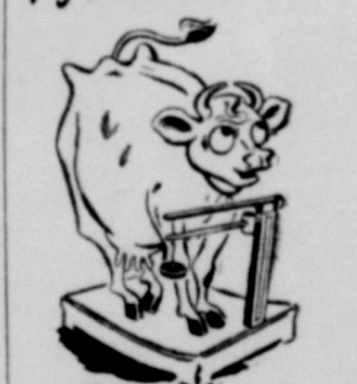

The meeting was opened with the reading of the minutes of the last meeting, after which all business was taken care of.

Officers for the coming year were elected as follows. Mrs. Mae Reeves, president; Mrs. F. L. Montandon, vice-president; Mrs. E. P. Olive, secretary-treasurer; Mrs. Lloyd Feemster, council representative; alternate, Mrs. J. C. McGee; Reporter, Mrs. A. L. Russell; Parliamentarian, Mrs. Willis Pack.

Miss King gave a demonstration on cleaning sewing machines. Our next meeting will be held on Friday, October 24, when we will do stenciling. All members are urged to come and bring patterns and something to make.

Pierson Family Enjoys Reunion

Mr. and Mrs. A. A. Pierson of O'Brien attended a family reunion in the home of her parents, Mr. and Mrs. W. H. Wampler of Lorenzo, last week, in honor of a brother, Troy N. Wampler, who had just returned from Germany.

Another brother, Clarence, of New Bedford, Mass., who was in World War I and had never returned, was there with his daughter Carolyn.

Others present were Mrs. Troy Wampler and son Larry, Mr. and Mrs. E. G. Wampler and sons Billy and Bobby, all of Lorenzo; Mrs. Opal Harrison and daughters, Evelyn, Helen and Sharon of Benjamin; Mr. and Mrs. B. C. Wampler and son Cecil of Lubbock; Irvin Wampler of Lorenzo.

Mrs. Irvin Wampler was unable to attend on account of an infant son. A sister, Mrs. J. W. Smith and family of Melrose, N. M., were also unable to attend.

Mr. and Mrs. Claude Garrison and the Wesley Garrisons spent the weekend in Amarillo with the Jim Stephens family.

Mr. and Mrs. Joe Smith and Mr. and Mrs. T. A. Keenan plan to spend Sunday in Roscoe with Rev. and Mrs. T. A. Keenan.

Mrs. J. J. Mills, Mrs. Mondell Mills, Mrs. G. O. Kin; and Miss Fannie Marie King were in Stamford Friday on business.

Capt. E. L. Hallmark and family of Bryan are here visiting his parents, Mr. and Mrs. J. A. Hallmark. The group spent two days in Lubbock visiting relatives there.

Lt. (jg) Dan Steakley and Mrs. Steakley left San Diego last Friday and will have a 29-day delayed leave to visit his parents in Sweetwater and her parents, Mr. and Mrs. C. C. Hope, before reporting to New Orleans for his new assignment.

Lee Ward, stationed at a fuel dump on Guam, and R. W. 'Dub' Gage, son of Mr. and Mrs. Bob Gage, and stationed at a submarine base on Guam, met and visited over the weekend.

Mrs. Alton Fitzgerald heard over the radio this morning that her husband's company, Sgt. Alton Fitzgerald, had landed at New York Wednesday morning.

Want a good homemade cake? Take a chance with the Fourth Grade pupils and help to elect their Queen—only 10c a chance.

Mrs. Wynette Moore met her husband, Lt. W. H. Moore, Jr., in Dallas Tuesday. Lt. Moore has just returned from 28 months of overseas duty in the ETO, and will have a 90 day furlough before reporting for his reassignment or discharge.

Mrs. B. M. Farmer and Mrs. Ferris Glenn spent Wednesday in Abilene.

FARM NEWS

J. D. Cook of the Gilliland section was in this office Monday and requested prior approval to eliminate 39.0 acres of mesquite. D. W. Looney will do the work with a crawler type tractor and a 6 ft. blade that will run under the ground about 10 inches.

Grass grown on rich land will often have in it one and a half to two or even three times as much phosphorus, calcium, potash, and nitrogen as grass grown on lean land, poor in minerals.

Animals can taste the difference that man cannot see. Livestock seek the richer grasses and show the difference in their growth and yield.

Pay your insurance premiums before November 1, 1945, and you will not have to pay interest.

Approximately 85 percent of the farmers in Knox County are keeping their records of cotton and wheat production up to date by submitting their tickets to this office.

Gerald Averitt of Knox City was in this office Monday and made application for a farm tract.

Benjamin Club To Have Party

The Benjamin Home Demonstration club met October 12, in the assembly room for their regular meeting. The club was called to order and five members answered roll call with their favorite beverage. The club voted to have a Halloween party. Each club member is to bring a pie and the hostess will have the beverages.

A motion was made and carried stating any responsible person can use the club cookers on Saturdays or any other day that they are not being used by the school lunch room, but must be returned immediately.

The program was turned over to the hostess, Mrs. Jim Peters, whose subject was "Summer and Winter Beverages." Mrs. J. W. Melton gave a very interesting talk on beverages for children and how to get children to drink milk. Mrs. Potts gave a talk on beverages for adults and ways of saving tea, coffee, and sugar.

Club adjourned at 4:50 and the hostess served iced punch and cheese snacks.

October 28 will be our next club day, with Miss King demonstrating how to make marshmallows. It will be a very interesting demonstration as we can't buy them in the stores now.

New club members are welcome and old ones are urged to be present. We will elect new officers at this meeting and members are needed at that time to elect the officers.

Club members, don't forget the party at the assembly room, Oct. 27. It is a Halloween party, so come and bring the family, and don't forget the pie. Bring a suggestion for a game to be played. Reporter

KNOX CITY H-D CLUB MEETS WITH MRS. COATS

Mrs. Jack Coats will be hostess to the Knox City Home Demonstration Club at her home, Friday afternoon at 2:30.

All members are urged to be present.

Mr. and Mrs. Homer J. Scott of St. Louis, visited Mrs. N. E. King and Anna Lee last week on their way to California.

Motor and equipment. He expects to get his final discharge papers next month.

Good farming produces more than good crops; it produces good children, good schools, good churches and good communities.

Another car of Austrian winter peas was shipped in during the past week and the peas are being issued to farmers of Knox, King and Cottle counties.

"Changes in the general price level have made and broken more farm people financially than any other economic factor. The individual farm family can do very little about controlling fluctuations in the general price level—but keeping debts at a safe level and building up a financial reserve in War Bonds will help to cushion any drop in prices that may come later." —U.S.D.A.

The Family Altar

By Rev. Violet Myers
Co-Pastor Foursquare Church

One of the great political questions in almost every nation today, and one that concerns the whole world is, "What will we do with the ATOMIC power that has been discovered and used to bring an end to the most destructive war ever known? Should we as a nation, especially a conquering nation, keep this destructive power secret or would it be best to destroy the plans and never use such power again, or should we keep the secret as a safeguard or a threat to other nations? Listening on the radio, one hears discussions pro and con. Some are for keeping it, others are for destroying it. But the question that should concern the Christian is, "What does God say about it?"

In II Peter 3:3, "The Lord is not slack concerning his promise, as some men count slackness, but is long-suffering to us-ward, not willing that any should perish, but that all should come to repentance." God wants every man to have a chance to be saved but the scripture also says, "that the spirit of the Lord will not always strive with man." And in the 10 to 12 verses of II Peter 3, "But the day of the Lord will come as a thief in the night; in which the heavens shall pass away with a great noise, and the elements shall melt with fervent heat, the earth also and the works that are therein shall be burned up. Seeing then that all these things shall be dissolved, what manner of persons ought ye to be in all Holy conversation and Godliness, looking for and hasting unto the coming of the day of God wherein the heavens being on fire shall be dissolved, and the elements shall melt with fervent heat?"

Do we not think that if Japan had known of the terrible destruction that was to fall upon it, that their leaders might have surrendered before destruction fell? And yet we see people today that are professing to know the word of God, and know that when God promises destruction that it will undoubtedly come, yet they are going about unconcerned, not listening to the voice of God, and are busy complaining about the destruction of the Atomic Bomb.

When God is through dealing with this ungodly people He will loose a power that will make this recent Atomic power seem like a child's firecracker. But, dear friends, God has prepared a way of escape for all who will trust Him. Jesus said, "I am the way and the life, no man cometh unto the Father but by me." And Jesus has gone to prepare a place for us, a place of safety, of love and happiness for those who love the Lord. God bless you all. Jesus loves you.

House Heating is important part of the Plans and Specifications for your New Home

Only when heating is planned as part of house with necessary flues for venting the equipment can sought-after natural gas heat be enjoyed at its best.

There is time to carefully plan house heating with your architect or builder because it will be January before the new floor furnaces, gasoast radiators, circulators and central furnaces will be coming off production lines in large enough quantities to even begin to satisfy the demand.

VENTING heating appliances to a flue prevents wall sweating and stuffy air

LONE STAR GAS COMPANY

Yes, he does ride cheap!

Riding the rods or running a business, it's easy enough when you don't have to pay the freight. You simply get a free ride at somebody else's expense.

Maybe you run a store or service station or dress shop. Would you like to have a next-door competitor who has little or no rent, or taxes, or interest to pay, and who is kept in business partly by your tax money?

Yet this is what happens with government and political electric power systems. They ride free, contribute no federal taxes; often get your money from the public treasury at little or no interest and make up losses out of other departmental tax funds from pocket of taxpayers.

Meanwhile, on the average, America's business-managed government regulated electric companies help the people turn in taxes—about 25c out of every dollar collected to help support our government. And these companies—owned and operated by millions of folks like you—meet through proper management all other obligations without benefit of special government privileges and subsidies.

Today, these tax-paying, self-supporting companies supply over 80% of the tremendous amount of electric power produced in America... more than all the enemy countries put together ever had... and enough to have met the gigantic demands of war and still take care of all civilian needs without rationing.

Better yet—at a time when most things cost more—business-managed companies still deliver electricity at low pre-war prices. This record is your assurance that cheap, plentiful, dependable electric power will be yours in the post-war era ahead.

West Texas Utilities Company

We Have DDT

5% Solution Spray \$3.00 Gallon

Let Us Cull Your Flock
