KNOX COUNTY HERALD FRIDAY, FEBRUARY 7, 1930

NUMBER 27

IN CHAMBERLAIN FOR COUNTY CLERK

HOSPITAL GROUNDS BEING BEAUTIFIED

are authorized to place the name of M. T. Chamberlain in our announcement as a candidate for the office of County Clerk of Knox County, subject to the democratic vote.

Chamberlain is no stranger to the people of Knox County, for he lived in Munday and Goree for the past 30 years. He is a native Texan, having been born in Lockhart, Texas, but came to Knox County when a young man. He is married to the daughter of Mrs. Caughran of Munday. Until a few years ago, he lived on the farm, leaving the farm he has been Assessor and Collector for the Goree School District. He is by education and training well qualified to do the work of the County Clerk. He is a hard worker and should keep the work of the office in fine shape.

Chamberlain states that he is a politician but believes that he can make Knox County a good clerk. He says that he will appreciate very much, if you do not know him, if you will indicate his qualification and his character. If then you believe him to be the best man for the place, he so desires your support. He wants to do this means of assuring his friends and neighbors that he will appreciate any aid that may be given.

During our official visit to the Hospital Tuesday, we also took stock of the fact that authorities are interested in the appearance of the hospital grounds as well as the building itself. The thought has often occurred to me, "wonder why the hospital does not have more trees and shrubbery on the grounds around the building". However, it takes more than just a desire for such things. It takes real money and then labor to place the shrubs in their proper places in the correct manner.

Mrs. Baker is succeeding in getting a few more plants set out in the front of the building and just from seeing the plan of the arrangements, we know that they will add much to the appearance, the beauty of the hospital.

One of the beautiful shrubs was presented to the hospital by Mrs. T. P. Frizzell, another by the Knox City Study Club, another by Mrs. P. B. Baker and the hospital is presenting the others.

Although Mrs. Baker is not an authority on landscaping, she has used very good taste in the arrangement of the new plants.

When visiting the hospital, voice your appreciation of these new shrubs to the hospital authorities.

MISSIONARY SOCIETY BUSINESS MEETING

To Serve Banquet for Business Men

Monday the Methodist Missionary Society met in a business meeting at the church. Reports of the work done during the month of January were made by all of the respective officers, which in turn, were very good. Although the members have worked with unfavorable weather during the entire month, each has made great accomplishments.

Following the reports of the officers, the question of serving the banquet to the local business men was discussed. Following a hearty discussion, the membership voted unanimously in favor of serving the banquet. It will be on the night of February the 18th. Sixty or more guests are expected to be in attendance and a splendid program is being arranged for the occasion.

TO THE SCHOOL PATRONS OF KNOX COUNTY

This is to remind you that the basketball tournament for Knox County will be held at Goree on the nights of Friday and Saturday, February 7 and 8, and during the day of Saturday, February 8. This includes both junior boys and senior girls basketball, as well as senior boys basketball.

All schools of the county wishing to enter any of these contests were requested, by special letter, to send their entries to the Director of Athletics in time for him to receive them on or before February 3. Only those schools who complied with this request will be allowed to participate in the tournament. In fairness to all, this action was made necessary.

Arrangements are under way to make this the best, most interesting and most worthwhile tournament yet staged in the county. If you are a basketball fan your time will be well spent in going to Goree to witness this series of games.

H. H. Riley, Director of Athletics Knox County.

The local pastor, Reverend Mann was pastor of the church in Vera during the years of 1921 to '24. His work there was a great success, pleasing both to the church and the people of Vera. Out of their love and admiration for their former pastor, these women drove to Knox City Sunday to hear another of Reverend Mann's good sermons. Those in attendance were Mrs. T. M. Heard and daughters, Misses Mildred and Hazel; Miss Alice Corinth; Mrs. Henderson, Misses Sallie and Willie Sloan and Misses Lois Hughes, Robertson and Peemster.

Produce House Under New Management

The Western Produce Company has leased the Knox City Cold Storage and Produce house. The business, starting Wednesday, is under an entirely new management.

The Western Produce Company is placing Mr. S. O. Nations, who is from Rule, here to manage the new business. Mr Nations will work with two aims; one, to give the best in service and second, to pay the highest price for produce.

We are new to your town and are ready for the test. Of course our aim is to make money, but we realize you must make money too, so we operate our business accordingly.

We want your good will whether you do business with us or not. Good will can not be bought or sold; it is built up by fair, honest dealing. No business using other methods can last long in this modern age of intelligence.

We buy poultry, eggs, cream and hides.

Each girl carried her floor pillow to all socials and during the evening the same is used as a chair. This arrangement saves the hostess often times the trouble of getting in extra chairs for the affair. Those present Tuesday evening spread many rumors of the usual good time afforded them by the hostess.

Following the games, refreshments were served. Plate favors were balloons.

Miss Burkholt, new member, was initiated into membership.

Gets Everything But Black Eye

On Wednesday night of last week, Reverend and Mrs. Stovall were the recipients of a handsome pounding. It was given by the membership of the church, sponsored by the ladies, and the two honorees received everything that can be given in a pounding except a black eye.

Following the mid-week prayer service, Reverend and Mrs. Stovall returned home to find that their gloves had been turned on and that many people followed them. The greatest surprise, however, was the kitchen full of groceries. Many people who were not able to attend the pounding, sent in gifts which added greatly to the number present.

Following the surprise, a social hour was enjoyed by the happy group, after which refreshments of hot chocolate and cakes were served.

DR. CALDWELL'S THREE RULES

Dr. Caldwell watched the results of constipation for 47 years, and believed that no matter how careful people are of their health, diet and exercise, constipation will occur from time to time. Of next importance, then, is how to treat it when it comes. Dr. Caldwell always was in favor of getting as close to nature as possible, hence his remedy for constipation is a mild vegetable compound. It can not harm the most delicate system and is not habit forming.

The Doctor never did approve of drastic physics and purges. He did not believe they were good for human beings to put into their system. Use Syrup Pepsin for yourself and members of the family in constipation, biliousness, sour and crampy stomach, loss of breath, no appetite, headache, and to break up fevers and colds. Get a bottle today, at any drugstore and obey these three rules of health: Keep the food cool the first warm, the second open. For a free trial bottle, just write Syrup Pepsin, Dept. GOOD WILL MOST VALUABLE ASSET

The story is told that a certain woman of very wide acquaintance was known nearly everybody in her town, as an experiment tried a novel stunt recently. She wondered just how many folks would greet her if she did not speak to them first. She went to church and much to her usual self, left her happy smile and "how do you do" at home and not a soul except the preacher said as much as "Good morning" to her.

The story perhaps tried, however, illustrates a simple truth. The people about us respond to us in good will and cordiality in much the same degree that we express it to those about us. If we are cordial and friendly and radiate a cheer and sunshine and good will, the world and those with whom we come in contact receive the same measure of cordiality and good will toward us. If on the other hand, we are sour and crabbed and crabbed and crabbed and crabbed, those with whom we come in contact show that side of their nature to us.

The reaction a visitor has toward Knox City depends on the attitude of the people of Knox City with whom he has come in contact during his stay in town. If they have been cordial and hospitable, and accommodating, and obliging, and shown their good will, he goes on his way with a warm spot in his heart for Knox City. He will comment on the pretty town, the well kept homes and the substantial institutions of the community. Such good will scatter along the way as he goes, is the finest kind of advertising that this community can receive. Some place along the way someone will hear of Knox City and will feel a friendliness for Knox City and a desire to make this their home. There is no measure how many times this may be multiplied.

In business, good will is a firm's most valuable asset. This is also true of a community. The good will that a visitor to Knox City carries away will return rewards to this community many fold.

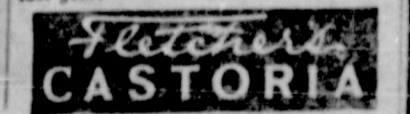

We call the attention of our readers this week to a joint advertisement of the local Barber Shops in which they state that all barber shops will be closed hence forth at six o'clock. Find this ad and read it.

Are You Ready

When your Children Cry for It

Baby has little upsets at times. All you can do is soothe them. But you can be prepared. Then you can do what any experienced nurse would do—what most physicians would tell you to do—give a few drops of plain Castoria. No sooner done than baby is soothed; relief is just a matter of moments. Yet you have eased your child without use of a single doubtful drug; Castoria is vegetable. So it's safe to use as often as an infant has any little pain you cannot put away. And it's always ready for the cruelest pangs of colic, or constipation, or diarrhoea; effective, too, for older children. Twenty-five million bottles were bought last year.

We would like to call attention this week especially to the advertisement in this paper of Porter and White, headed, "Somebody Started Something."

The best way to know what the local merchants have in the way of new styles is to read the advertisements each week in the Herald.

If you have a room or rooms for rent, better list them with the Herald. Last week we had two or three callers wanting light house keeping rooms and we had no place to send them. Mrs. E. Q. Warren and Mrs. H. E. Williams and Roy Rodgers Smith spent Sunday afternoon in Rochester.

WHICH SHALL IT BE?

A Ford Or a Chevrolet

The New Year saw the arrival of a better and greater Ford and Chevrolet. Many families who plan on buying a new car find it difficult to decide which to buy.

The writer has had the pleasure of test driving both out during the last week and we will vouch for the fact that both are fine.

Mrs. M. A. Reeder, one of the Herald's many readers, and also a Knox City woman who is planning buying a new car, was our hostess in the ride in each of the new cars. Friday afternoon of last week, Warren Brothers drove a brand new Ford Sedan down to Mrs. Reeder's home and asked her to try it out. We were asked to accompany her so with Miss Mafy Reeder, Mrs. Potter, and daughter Hazel, we drove to Stamford. The car was fine, was so comfortable, and drove over the few rough places in an easy smooth manner. Truly, we knew the new Ford could not be beat.

Saturday afternoon, Mr. Ashcroft of the Ashcroft Chevrolet Company drove down to Mrs. Reeder's house in a new Chevrolet Sedan and asked her to try it out. Well, we drove to Seymour Saturday, and again, we believed we were driving a car that could not be beat.

Now how is one going to decide? It is simple for the Herald family. We'll keep our old Whippet but what are the other people going to do. Buy a Ford or a Chevrolet. Which would you buy?

Acidity

The common cause of digestive difficulties is excess acid. Soda cannot alter this condition, and it burns the stomach. Something that will neutralize the acidity is the sensible thing to take. That's why physicians tell the public to take Phillips Milk of Magnesia.

One spoonful of this delightful preparation can neutralize many times the volume in acid. It acts instantly, relief is quick, and very apparent. All gas is dispelled; all sourness is soon gone; the whole system is sweetened. Do try this perfect anti-acid, and remember it is just as good for children, too, and pleasant for them to take.

Any drugstore has the genuine, prescriptional product.

Somebody said that during the severe cold weather we had coal for \$11.00 per ton.

The report spread and many persons may have thought this to be true.

Now the person stating this report may have it as a joke rather than to display a disposition of low principle or harmful interest.

However, the report was untrue. "No Person Purchased Coal Here at Such Price."

Our coal prices are and have been in exact comparison with prices at the same time as last year.

We wish to thank our customers who were kind enough to come and find for themselves that we are still in line on our coal prices.

Yours very truly,

OLD IRONSIDE

By Oliver Wendell Holmes

At, near her battered sign down,
Long has it wave and high,
And many an eye has danced to see
That banner in the sky;
Beneath it ring the battle shout
And burst the cannon's roar—

The motor of the ocean air
Shall sweep the clouds no more,
Her deck once red with heroes' blood,
Where knelt the vanquished foe,
When winds were hurrying o'er the
Good

And waves were white below,
No more shall feel the victor's knee;
The harpies of the shore shall pluck
The eagle of the sea!
It better that her shattered hulk
Should sink beneath the wave;

Her thunders shook the mighty deep
And there should be her grave;
Nail to the mast her holy flag,
Set every threadbare sail,
And give her to the god of storms,
The lightning and the gale.

CHEAP AND HEALTHFUL EATING

Grace Nelson C. H. D. A.

Of the three challenges Nature throws in the face of mankind in its struggle to live food, clothing, and shelter the most vexing is doubtless that of a food supply that will sustain life, but maintain health. It is because of this that so much emphasis is being placed on gardening, canning, and food preparation in the home demonstration program and that the 4-H pantry demonstration is being conducted by so many farm women.

How this Demonstration work-out may be seen in the following report of Mrs. J. J. Collier of the Vera Home Demonstration Club. In 1929 Mrs. Collier canned and preserved home grown foods consisting of 49 cans of meat, 113 quarts of fruit, 85 quarts vegetables, 25 quarts jelly, 15 quarts preserves, 12 quarts fruit juices, 30 quarts pickles and relishes. This is enough to last the family until spring gardens are produced and according to government figures the value is \$183.85.

The pantry shelves are divided into seven compartments for soups, meats and meat substitutes, leafy vegetables, salads, desserts, and other kitchen helps. With such pantry organization it is easy to prepare meals in accordance with the requirements of health as expressed in the "adequate diet."

The "adequate diet" calls for 1 1/2 pints of milk daily per person, one butter, at least three servings weekly of leafy vegetables, two servings daily of other vegetables, fruit every day, and citrus or tomatoes three times weekly, and two servings daily of protein-rich foods, such as meat, beans, nuts, eggs or cheese.

RANGER WOMAN IS TELLING HER FRIENDS ABOUT IT

"I HAVE SUFFERED FOR YEARS WITH STOMACH AND LIVER TROUBLE BUT SINCE TAKING ORGATONE I FEEL SIMPLY FINE," SAID MRS. RICE

"Yes, I am feeling simply fine now, since taking Orgatone. It has helped me so much, I am telling all my friends about it," said Mrs. Zolida Rice, of Ranger, Texas, living on rural route 1, while talking with the Orgatone representative recently.

"For several years I have suffered from stomach and liver trouble. My appetite was very poor, and I got to where I couldn't eat hardly anything, and was gradually growing worse," she continued. "Right after eating, I would have a dizzy, bilious sensation, and suffered from gas on my stomach. I was troubled with constipation, and had to take laxatives most of the time. I had a dull, throbbing pain in the back of my head, most all the time, and this seemed to get worse at night and I was very nervous and didn't get the proper amount of sleep. I was in a very run down condition and felt tired and worn out, all the time, and didn't have energy or ambition. I had a pain in my back and side often caused from the improper functioning of my liver. Orgatone has helped so many people here, and so many people had talked about it, so I began taking it. I have only taken one bottle of Orgatone, and you should just see me now. My appetite is just fine, and I can't get enough to eat and my food agrees with me and I feel better every way.

Genuine Orgatone may be obtained in Knox City at the Great Drug Store.
