HULIN SMITH DIES TUESDAY AT GILLISPIE

Hulin Smith, 20, son of Mrs. Ezra Smith of Gillispie, died Tuesday following an attack of pneumonia. Services were held Wednesday at 2:00 o'clock at Baptist church. Rev. C. H. Curry, Pres. Hitchcock, charge of the music and organ.

He graduated from Sunset last year, and had many in this section. His parents are here, being among the late. Ernest Hulin was the Rev. Woody Smith, pastor of Knox City Baptist Church.

Frank Herring, W. W. and Reeder visited relatives Wednesday.

LOCAL CHILDREN WIN IN DECLAMATION CONTEST

Mrs. Joe Avriett and Mrs. Earl Benedict took Lenora English and Gerald Avriett, winners of the Stewardship Declamation contest which was held here recently, to Abilene Saturday. We are proud to say that Gerald won at the district meeting and will go to the state meet at Fort Worth in March. Mrs. Avriett is assistant association chairman and has accomplished much in this line with the children of the association.

NEGROS OF COMMUNITY HAVE WASHINGTON PARADE

The Negroes of Knox City paraded Wednesday afternoon honoring George Washington's memory on his birthday. Participants were dressed in colors for the occasion. A United States flag was carried at the head, and decorated floats and cars were features. Upon arriving at main street several patriotic songs were sung. A good crowd assembled to witness the demonstration.

The colored folks are to be commended for their initiative and patriotism shown in this affair.

SERIOUS CAR WRECKS OCCUR IN KNOX CITY COMMUNITY

Two serious car accidents have occurred near Knox City in the last few days, one Friday night and the other Sunday night. Several persons were seriously injured in the mishaps. The cars were badly damaged. Further details were lacking as we go to press.

MRS. H. F. GAGE

On last Wednesday another of God's redeemed souls fell on sleep. The death Angel came and took Mrs. H. F. Gage to her eternal home.

Let us remember the words of the prophet, "refrain thy voice from weeping; there is hope in thine end, saith the Lord, that thy children shall come again to their own borders."

Mrs. Gage was the wife of Bro. H. F. Gage, our fellow worker in the ministry, having recently moved to their new field of labor in the New Hope community. Mrs. Gage had completed three years of work in Simmons University; we would say, speaking from human minds, that her work was incomplete, but God in His infinite wisdom makes no mistakes. He who doeth all things well said, "It is finished" come on home—thus we bow in humble submission to Him who doeth all things well.

Active pall bearers were Glen and Edwin Frasure, Clyde Yost, Homer Rowell, Jim Frost and Troy Tarpin.

The funeral services were conducted from the Baptist church in Monday, C. B. Stovall, assisted by W. H. Albertson, conducted the service.

Those left to mourn her going are: her husband, H. F. Gage, and little daughter, Margie Eloise, daughter, B. H. McCarty, Knox City, Henry McCarty, Abilene, and other relatives. Those attending the funeral from out of town were Mr. and Mrs. Henry McCarty of Abilene; Mr. and Mrs. Griffin of Memphis, Texas; Mrs. J. H. Cunningham of Abilene. We pray the blessings of God and consolation of the gospel on the bereaved.

Mrs. Nellie Mae Withrow has gone to Dallas to take a course in beauty work. See her ad in this issue.

Mrs. J. T. Davis has rebuilt the portion of her house damaged by fire recently. The house is occupied by A. H. Simms and family.

Mr. and Mrs. Hobbs Smith and Mrs. Bob Speck visited Mr. and Mrs. J. W. Smith Sunday.

Mrs. J. T. May is ill this week.

President-Elect Sailing Southern Waters

Above is shown Franklin D. Roosevelt as he sailed from Jacksonville, Florida, for an eleven-day cruise and rest before taking over the presidency of the United States. During the cruise he was guest of Vincent Astor, upon whose yacht the trip was made.

Mrs. Thomas Dies At Her Home Here

Funeral services for Mrs. W. M. Thomas were held at the Methodist church Sunday afternoon with Rev. J. H. Sharp, pastor, officiating.

Mrs. Thomas passed away at her home Saturday from an attack of pneumonia.

Mary Francis Ferrin was born in Dallas county, Texas, March 24, 1864. She was united in marriage to W. M. Thomas September, 1880.

They lacked from February until September being married 53 years.

To this union were born twelve children. Five have predeceased her to their reward, seven are left to grieve her going. They are Mrs. Fann Ford, Deep Lake, Texas; G. C. Thomas, Roseville, Texas; Mrs. Myrtle McReynolds, Lubbock; Mrs. Lula Dennis, Wynert, Texas; Mrs. Pearl Matthew; W. D. Thomas and M. A. Thomas all of Knox City.

The children, her husband and other relatives are left to mourn her going.

The Herald extends its sympathy to the bereaved.

MAIL CARRIERS SELDOM

MISS THEIR DAILY TRIPS

The faithfulness and diligence of Knox City's two mail carriers is shown by the fact that there has been only one trip missed on Route 1 in twenty-three years and two trips missed on Route 2.

Let's give the carriers three cheers. This is a real record and we are proud of these men.

rich, but that he was "a prophet," and "more than a prophet."

When Jesus spoke of the least in the kingdom of Heaven, being greater than John the Baptist, He means that the least endowed Christian, is greater in privilege than the greatest men in the Old Dispensation. The Baptist though so near the kingdom, was not within it.

Verses 16-18: Jesus rebukes this generation, the scribes and pharisees, who are pleased with neither John nor Himself, by comparing them to children in the streets, playing at weddings and funerals, and falling out over their play. Like the children, the pharisees were only playing at religion. Jesus concludes:

His rebuke of the scribes and pharisees by saying, "But wisdom is justified of her children." Or in other words, the superiority of the religion of the Baptist and of Jesus is proved by the lives of the disciples, which show more signs of genuine piety than those of the pharisees.

Verses 2-6: John knowing that his end was near and that many of his disciples were jealous of the success of the new teacher and disbelieved His claims, sent certain of them to Jesus, that by seeing His works, and hearing His words they might be convinced of His Messiahship. Some think that John, himself, doubted whether Jesus was the Messiah or not. The writer of this article does not think so, because Jesus in His tribute to John asked the question, "What went ye out in the wilderness to see, a reed shaken with the wind?" In other words, "Did you go out to see a weakling, one that would bend with every wind that blew? Not only that, "What went ye out to see, a man clothed in soft raiment? Behold they that wear soft raiment are in kings' houses." Indicating that John did not play with the pride and pomp of the country, nor did he give away to the lure of the

verses 20-24: Probably the three greatest miracles, but they, like many of the people of today, saw the wonderful miracles of Jesus, but turned down His teachings and rebelled against Him and Jesus said that it would be more bearable for Sidon, Tyre, and Sodom than for any of these cities in the day of judgment. I wonder how bearable it will be for many of the cities, communities and individuals that are turning Jesus down.

Verses 25-27: Christ is showing His and His Father's relationship.

Some have said, these are the pearls of the sayings of Jesus.

Verses 28-30: Jesus emphasizes that it is to no one else that we can go to for rest from our labors and

being heavy laden. "It is not to the

rest from sin, financial worries, political and social worries. Come to Him for all things, and find rest.

Father but unto me," making Him self the dispenser of grace and the center of Christian devotion and then says, "I will give you rest."

He says, "My yoke does not consist of multitudes of burdensome ordinances like that of the law of the pharisees. They can hardly be called a yoke at all, it is so light.

True there are certain ordinances

which every Christian must observe,

but they are few and simple. Jesus wants us to come to Him for our

GET MONEY FOR BUYING UNIFORMS

Preparations are being made here for one of the best baseball seasons ever had this year. Finances were secured this week for the buying of seventeen new uniforms for the club and it seems to be certain that an up-to-date grand stand and ball park will be erected soon.

Henry White and Ed Shaver are taking the lead in baseball preparations. Local fans are looking forward to some great games this summer.

PROFESSOR DEAN ATTENDS DISTRICT BASKETBALL TOURNAMENT AT HAMILIN

Prof. T. B. Dean of Knox City high school attended the district basketball tournament at Hamlin last week-end, when Abilene, Hamlin, Goree, Rule, Lawn, Peacock and Albany played for the district championship. Hamlin came out victorious by defeating Abilene in the finals by a score of 18 to 14.

"There was some real basketball playing, and it looks like this district will go long way toward the state championship," Coach Dean said.

VALENTINE PARTY

The Willing Workers Sunday school class of the Baptist church met at the home of Rev. and Mrs. Stovall Tuesday night at seven o'clock, to celebrate Valentine's day.

We all enjoyed the party very much and played several games which Truett Stovall, Kenneth Herring, Marcellino Stovall and Curtis Herring just had to play. When we were through playing the refreshments were served which consisted of cocoa, sandwiches, mints and pickles.

It was getting late so Brother Stovall said he would take us home.

When taking the McAuley girls home, we told him they lived in the northern part of town. He took us about three or four miles on the Benjamin highway, then we told him they really lived in the eastern part of town and that we were sorry for making him drive so far out of the way, but he was god natured and didn't get mad.

The girls that were present were Clydes Smith, Opal Durham, Juanita Harris, Irene McAuley, Anna V. Carr, Georgia Mac Stubbs and Ruth McAuley.

We hope that these girls and the girls that were absent will be there next Sunday.

(Taken from the Christian Advocate and printed by the Knox County Prohibition society.)

We are not wavering aside a serious question with a gesture of scorn; but we are persuaded that the foregoing caption is descriptive in the main of wet propaganda. It was necessary to go outside the dictionary for a portion of our caption.

We witness the widespread lapses of the escular press, though there are notable and praiseworthy exceptions. The thirty and more Scripps League papers were established as dry papers, ~~but~~ even before the founder died they had surrendered to the liquor traffic. Both of the present wings, the Scripps-Howard and the Scripps-Canfield, are on the wet side. The wet press has demonstrated the Methodist doctrine of the possibility of backsliding. The press in general has flooded the country with biased news reports and with editorials which in some instances were virtually advertisements. This would appear to justify another commission. Is it possible that the glitter of highly paid liquor advertisements has a bearing on the present agitation? When the liquor forces wish the wet press to be silent, its silence is golden; and when it is told to speak, its utterances show the influence of the same metal. A distinguished foreigner says: "It is hard to be too contemptuous of the press of the Western world in view of its attitude toward the serious alcohol problem." The newspapers which publish statistics and false reports in behalf of the outlawed liquor traffic are nothing less than moral pests. The politicians who are sacrificing conscience in the interest of politics; ambition shoult be given a long rest in their home communities. There has been the most persistent and pernicious, the most shameful and conscienceless propaganda ever put over on the gullible public. We may as well frankly state that, due to the influence of the press, there has been a defection from the prohibition ranks, but very far from the extent which the wets would have the people believe.

EDITORIAL

Suppose when the reader has used the above heading he will consciously say to himself "Some old fogey at it," for everyone who has read one of the many essays forward by professors in the last year in defense of me, etc., etc. It is not my intention to lower the esteem we all have of a perfectly strong body built up through hours of athletic training, and I intend to cast down the highly developed brain we have purchased at the extraordinary hours of study. However, many faults to both in the camp of the m-athlete and the athlete. These faults are, as we all know, becoming more and more evident in battle with the approach of Spring training.

Let us first take the case of the boy who does not take part in any form of exercise whatever, but he passes away the few hours he may have free from his studies reading novels or sitting in a motion-picture house. Is he wise? Well, yes, if he is seriously crippled, but not under any other condition. In the first place he must be cursed with laziness and dislike of action. He were not, the demand of youth for play could never be stifled by watching Douglas Fairbanks or Tom Mix or any of the others, going through plots which are nearly always untrue to life. Indeed, he would be out in God's fresh air, if there is such a thing in the city, building up the manly red blood that study necessarily destroys. It is impossible to sit in class for five and one-half hour, then go home and study for three or four more, and come forth physically healthy at the end of the year. But it is impossible, however, to escape the very disastrous effects by spending very spare moment in countering the influences of this sedentary life. Of course we know that reading or sitting down at some entertainment is the wrong method, and he who follows such a course is running a very great risk of never finishing his school days as he intends. In student life we should always remember that the laws of nature are absolutely inflexible; if we violate them, we must suffer; and there are no exceptions.

But now we come to a rather peculiar circumstance which is presented by the opposite extreme of the fellow we have just considered. This is the one who refuses point blank to spend any more time at his studies than dashing off one or two written exercises demands. Then away with him, out to some nearby field into a game of some sort, and school and studies are a million miles off, until darkness halts his activities. Then he dashes home, allows his supper, and out with him to some bowling alley or pool room, until the time for school boys is long gone by. Is one day so? Decidedly so. He is in so far as he shirks his work which accompanies his station. In true he may cultivate a powerful body; he may thrill in the acclaim of a thousand voices. But why come to school at all? Why give up a chance for weekly wages for it? And why live on his parents, if the report to his soul and only object at all is to get away from school?

Sad to say, this type never con-

siders questions. Either he lives in a fool's paradise and refuses to meet the issue, or he is a victim of common pride. In the latter case, he thinks frequently: "Look at me—I'm husky!" What chance would that Percy over there have with me?" and so on. His silly little brain is the site of innumerable, groundless arguments put forward, no doubt, by the uneasy conscience.

Now for fear that some one might think this applies to our honest, manly athletes who are able to secure a nice balance between studies and athletics, or again, to the hard-working student who has set up a goal which he spares no effort to reach, I must say that it does not. It applies exactly to those whom it fits and to no others. If these few words can start a germ of honesty-with-self working in the mind of even one, then they will not have been wasted by any means, and Knox City high will be so much the better and more pleasant school.

SEVENTH GRADE DEBATE

Wednesday afternoon, Feb. 15, members of the seventh grade civics debated the question Received that more recreation is available in the city than in the country. Irene McAuley and Mildred Stevenson were the affirmative debaters and Trudy Stovall and Marilynn Edwards were the negative. After an interesting debate the negative were declared winners by three high school students who judged the affair. Mrs. Cash, teacher of civics, states that more debates will follow in the near future.

See "George in a Jam."

Leighton Huntsman was absent from school the early part of the week.

INTERSCHOLASTIC PROGRAM

The students of Knox City have again resumed their work this year with a stronger and more desperate determination to win the county meet. Marilyn Herring and Mary McAuley are working on extemporaneous speaking and the students are expecting one of the two to represent Knox City in the state meet at Austin. The debaters have a large collection of material and are planning a practice debate for the near future. Those who are trying out are Mary Howell, Jocile Russell, Ora Sharp, Faye McAuley and Essie Mae Leaverton, Jeff Graham, Herbert Finley and Clarence Leaverton. The entries of declamation and essay writing have begun working.

Knox City has won the literary events for a period of several years, and judging from the work the students are doing, Knox City will be victorious again.

FLAGS
Saturday night, Feb. 18, seniors of 1933 hoisted their flag. The flag waved until Sunday night but, needless to say, it was destroyed by the Juniors. The seniors were determined to have their flag wave during the week-end, so they hastily raised another flag. It waved until

the Juniors saw it and then—guess the rest!

Jeff Graham, president of the Junior class, is ill this week. His class mates are anxiously awaiting his return to school.

The junior flag was seen waving on the flag pole Tuesday morning, but it was removed before noon.

JUNIOR PLAY MARCH 10

Folks, prepare yourselves! We're going to give you the greatest treat of the season, much heard of and talked about Junior Play, "The Red Headed Step-child." The cast is as follows:

Mrs. Russell, Richard's second wife, Beulah Dearing; Mrs. Oliver Woodruff, a reducing society matron, Frances Evans; Mrs. Emory Scott, society matron, Rowena Wall; Briggs, the Russel English butler, Buris Teaff; Lucia Russell, the Russell's pretty and concealed daughter, Odell Thompson; Dudley Russell, the Russell's breezy, light-hearted son, Jeff Graham; Richard Russell, a financier, Roger Hammon; Elizabeth Russell, the vivacious western daughter of Richard Russell, better known as "Red Headed Step Child." Wynnel Edwards; George Garrison, presumably Lucia's admirer, H. C. Armstrong; Ethel Ashley, Lucille Christopher, a conceited young girl; Jonell Robbins, Mary Lou Graham; Flora Farnum, an insane, romantic little flapper, Faye McAuley.

Time—the present.
Place—the Russell home in Chicago.

The play is filled with hilarious comedy, touching pathos, and romantic circumstances that are both appealing and amusing.

Don't forget the date—March 10. Be there! We're looking to you!

HOW FAITHFUL BECAME CONTENTED

Synopsis of the story.

Barbara Grenfell starts out in the face of a snow blizzard in search of aid in behalf of her father who is in a critical condition. All the forces of the elements seem bent on turning her back from her mission of mercy, but she is determined to go on. A dark object looms before her eyes and she tries to make her way toward it, but stumbling over some unseen object she makes no effort to rise.

The story continues:
Barbara felt a slight twinge of annoyances as the faint yelping of a dog aroused her for a moment. Then she became conscious of a massive figure towering over her, leaping frantically in all sorts of wild antics of joy, yelping in its glee, and its moist tongue licking her numbed face.

"Faithful!" The whisper was faint but the dog heard and let out a mournful howl, while he resumed his wild antics of racing back and forth and leaping high in the air.

"What's up, Faithful?" shouted Dr. Simms, who had been drawn to the doorway by the dog's frantic howls. For answer the dog rushed back to his master and began tugging viciously at his sleeve. Realizing something must be wrong, Dr. Simms followed him.

"What's up, old man—" a low whistle escaped his lips as he saw a huddled figure in the snow. He stooped over it.

"By Jove, somebody must have—Barbara!" he exclaimed in a amazed dismay. A faint moan from the blue lips was his only answer.

Lifting his light burden in his arms, he carried her in to the ranch house.

"Oh, who is it?" breathed Mother Simms excitedly. "Barbara!" she gasped.

The doctor had lain her on a

couch near the fire and was using measures of restoration.

Barbara opened her eyes and was for a moment blinded by the sudden light. Memory returned once more and she gasped in a whisper, "Father—say—ehim!" and lapsed into unconsciousness.

Giving some hasty but thorough instructions to his mother for Barbara's care, the doctor began to don his heavy wraps.

"Larry! You're not going—"

"I must!" Larry's voice was decisive with marked determination.

Meeting his mother's eyes he saw that she was about to make further protests. Holding up a warning hand he pointed to the limp figure on the couch before the fire.

"Though I shall never have one tenth of her courage, do you think I shall fail her now after she has risked her life in trying to get here? Her father is ill, perhaps dying and I must go. Even if I did not love Barbara with all my heart, it would be my duty to go and it would be the same."

Mother Simms saw the uselessness of further remonstrance and with a sigh turned her attention to Barbara.

(To be continued)

Watch for the completion of this interesting love affair. The name of the author will be disclosed when the story is finished.

METHODIST W. M. S. MEETS WITH MRS. SMITH

The W. M. S. Missionary society of the Methodist church met Monday afternoon at the home of Mrs. J. W. Smith with a nice representation of the society present. The devotional was given from the 23rd Psalm by Mrs. Sam Smith. An interesting Bible study was given by Mrs. Sharp on the life of Hannah. Next Monday with Mrs. L. N. After a short business meeting, the society was adjourned. It will meet next Monday with Mrs. L. N. Bridges.

MRS. SMITH HOSTESS

Mrs. Lee Smith was hostess to the bridge club Tuesday afternoon at her home and a lovely party it proved to be. The George Washington motif was carried out. Refreshments of congealed salad, sandwiches, pickles, cheese, crackers and coffee were served to sixteen guests.

P. T. A. CONCLUDES TWENTY-THREE YEARS OF SERVICE

The complete account of the Parent-Teachers association program in commemoration of its 23 years of activities here as an organization here arrived too late for publication this week, but will be printed next week.

SHOULD I BECOME A TEACHER?

The young man or woman who will graduate from high school this mid-term or in June is faced with an unusual problem. He surely will be puzzled to know which further step is best to take along educational lines.

There seems to be one of the largest surpluses of teachers ever known. Thousands will be unable to secure schools. Those who are fortunate enough to get a school will be faced with a diminished income on account of the financial distress in which the states find themselves. This is surely a discouraging outlook for the young person who has ambition to teach.

Other professions, too, seem to be overpopulated. There is a surplus of young lawyers who are barely eking out an existence. There are too many doctors for the number of patients; the talking pictures have killed the profession of music, and so on down the line.

At this time, we would advise young people to divert their minds toward the field of business. It

BAPTIST WOMAN'S MISSIONARY SOCIETY

Members of both circles of the Baptist W. M. S. met at the church Monday afternoon for their regular Royal Service program. The program theme was "The Influence of the Word in the Homeland." Mrs. Chas. Keenan led the singing with Mrs. Henry Arledge at the piano; Mrs. Vance Jones gave the interesting devotional II Kings 11:12; Mrs. G. T. Hardberger led the opening prayer song, "I Love to Tell the Story"; Mrs. L. C. Porter gave the opening topic "The Word in America"; themes were given as follows: "America's Need of the Word," Mrs. E. B. Denton; The Southland's Need of the Word, Mrs. Bud Thompson; Giving the Word to the Southland, Mrs. C. E. Stovall; Come Again, Mrs. J. W. Hamm; Won by the Word, Mrs. Keenan; Hiding the Word in Italian hearts, Mrs. J. H. Finley; For Fifty-Cent Mrs. A. B. Reese; A Cuban Girl Finds the Word, Mrs. Arledge; Transformed by the Word, Mrs. John Dutton; the closing prayer was led by Mrs. E. O. Jamison.

Mrs. Jamison was in charge of the business meeting. Tuesday, Feb. 28, both circles will meet at the church for Mission study "In the Land of the Southern Cross." Monday, March 6, both circles will meet with Mrs. Milton Bradberry for the regular business and social session.—Reporter.

seems to offer a quicker comeback than most of the professions. Business is dignified. It offers remunerative responsibilities. It is now considered by the masses as one of the few lucrative professions. "If I were starting my career now," says a well known educator, "I would first finish high school and then enter some reputable Business College and get a business training. Then I would become connected with some large business concerns and work hard and soon I would find my name listed as one of the executives." Quoting further, "From my knowledge of various business colleges, I surely would investigate the Business College at Tyler, Texas. I am told this school is the best in the South."

This editor agrees with the gentleman quoted above and if you will write to the Tyler Commercial College and School of Business Administration at Tyler, Texas, they will send you a catalog. Or, drop by our office and we will let you look over the copy of their catalog which we have in our files.

Diet Didn't Do This!

HAPPY little girl, just bursting with pep, and she has never tasted a "tonic!"

Every child's stomach, liver, and bowels need stimulating at times, but give children something you know all about.

Follow the advice of that famous family physician who gave the world Syrup Pepsi. Stimulate the body's vital organs. Dr. Caldwell's prescription of pure pepsi, active senna, and fresh herbs is a mild stimulant that keeps the system from getting sluggish.

If your youngsters don't do well at school, don't play as hard or eat as well as other children do, begin this evening with Dr. Caldwell's

Syrup Pepsi. This gentle stimulant will soon right things! The bowel will move with better regularity and thoroughness. There won't be so many sick spells or colds. You'll find it just as wonderful for adults, too, in larger spoonfuls!

Get some Syrup Pepsi; protect your household from those bilious days, frequent headaches, and that sluggish state of half-health that means the bowels need stimulating. Keep this preparation in the home to use instead of harsh cathartics that cause chronic constipation if taken too often. You can always get Dr. Caldwell's Syrup Pepsi at any drug store; they have it all ready in big bottles.

PROGRESS and POWER

Present-day industrial progress of small communities is based in a large measure on ample and economical power facilities which deliver a practically unlimited power supply *at once*—when and where needed.

Small local plants, serving single communities, generally lack these facilities—lack the variety of volume and demand which is necessary if the road to industrial growth is not to be blocked.

The transmission system, which has resulted from a group of towns pooling their power requirements and resources, can deliver this power easily, economically, at any time or place.

Progress and Power go hand in hand in the small city—and the West Texas Utilities Company is aiding this desired progress in 125 alert cities and towns in West Texas, the "Land of Opportunity."

Do you know that your increased use of Electricity ... and adds only a small amount to your total bill?
