

Benjamin Suffers Disastrous Fire

Knox City was honored with visits of two outstanding and distinguished gentlemen Wednesday... none other than District Attorney A. W. (Head) Davis, of Paducah, and Glenn Shelton, famed columnist and Farm Editor of the Wichita Falls Record News.

Two important local elections face qualified voters here within the next few days. On Saturday, April 4, three members will be elected to the school board of the Knox City Independent School District, and also on that date county and district trustees will be named. On Tuesday, April 7, Knox Citizens will go to the polls to elect a mayor and two aldermen. Despite the fact there is little opposition in the local elections, Knox Citizens should show interest in their city, and school board governing body, by going to the polls, and let the candidates know that they have the backing and moral support needed.

So come Saturday, April 4, and Tuesday, April 7... vote as you please, but PLEASE vote.

Confucius didn't say this... but had you ever realized there is no danger of developing eye-strain from looking on the bright side of things?

Food for thought:—Our criticism of others mistakes is often a reflection of our own. Why blame someone else for our own failures when we ourselves have not done our best?

We can not vouch for the authenticity of this little story, but grapevine has it that recently City Marshal Eddie Carr was questioning a man involved in a car wreck. "Married?" Carr asked. "No," the man replied. "This is the worst fix I've ever been in."

During one of the recent sandstorms a stranger drove into Knox City, and after seeing some of the sand being whipped around asked a native Knox citizen if this was a healthy place to live. "It sure is," replied the Knox citizen. "When I came here," he continued, "I couldn't utter a word. I had scarcely a hair on my head. I hadn't the strength to walk across the room, and I had to be lifted from my bed." "That is wonderful," exclaimed the stranger. "How long have you been here?" "I was born here," replied the Knox citizen.

We hear a lot of talk these days about supporting the home town. We are not printing the paragraphs below to merely drum up business, so to speak, since most Knox City businesses buy space in the Herald from week to week.

The American Banker's Magazine several years ago made this statement, which still holds true today: "No business man in any town should allow a newspaper published in his town to go without his name and business being mentioned somewhere in its columns. This does not mean you should have a whole, half, or even a quarter ad in each issue of the paper, but your name should be mentioned, if you do not use more than a two-line space.

"A stranger picking up a newspaper should be able to tell what business is represented in a town by looking at the paper. This is the best possible town advertising. The man who does not advertise his business does an injustice to himself and the town. The life of a town depends on the live, wide-awake and liberal advertising man."

It may not be a sin to play on Sunday, but the way we people play is a crime.

Revival Crusade Scheduled At Stamford

Revival Crusade, sponsored by the American Baptist Association Brotherhood, will be held at the First Baptist Church in Stamford Thursday and Friday, April 2 and 3, Lewis Timberlake, president, has announced. Services will begin each evening at 8 p. m. and will feature a special program of familiar hymns and choral interpretations with solo and instrumental presentations.

The evangelistic team of BO and Dick Baker of Dallas will direct the spiritual mission, Timberlake said.

Rev. Jack Southerland, host pastor, invites people from the entire area to be in Stamford for these Crusade services.

BOND BUYERS — The three youngsters above are shown making out their check for a \$100 Swimming Pool Bond, Saturday in the Citizens State Bank. The youngsters cashed in all the money they had been saving to buy the bonds. They are, left to right: Gary Mack and Olie Ray Garrison, sons of Mr. and Mrs. Wesley Garrison, and Mark Anderson, salesman, son of Mr. and Mrs. Bill Anderson.

LINDA SWANER CROWNED KNOX COUNTY SPELLING BEE CHAMP

Knox County crowned Linda Swaner, 14-year-old daughter of Mr. and Mrs. Burt L. Swaner of Knox City, as champion of the county spelling bee held in Munday Elementary School Saturday.

Linda by winning earned the right to compete with other county champions at the district spelling bee to be held in Wichita Falls on April 18.

Winning the Knox County spelling crown was no easy matter for Linda as three other contestants forced the bee to run 85 rounds and through 274 words before the final mistake came.

Bee finalist, Helen Bentley of Munday Junior High School crossed her E's with her I's to misspell "entirely," by starting the word with an "I."

Helen is the 14-year-old daughter of Mr. and Mrs. J. F. Bentley of Munday. Two other contestants displayed fine spelling knowledge but fell before her.

Date For Lions Broom Sale Set

"A word to the wise is sufficient," and that is one reason advance publicity is going out to residents, concerning the Lions annual broom sale to be held May 21.

Lions Club president, Otto Lawson released date of the broom sale early in order that residents might keep in mind this annual event, and plan to purchase brooms from members of the club.

Revenue from the sale of the brooms will be used for local worthy projects.

New Employees Announced For T-V Antenna Service

Mr. and Mrs. John Saunders of Snyder, have moved to Knox City, and at present are residing at the Harbert Hotel Apartments.

Saunders has accepted a position with the TV Antenna Service Company here, and will serve as cable maintenance man, and Mrs. Saunders will be receptionist.

Patrons not getting proper service should contact the office.

Contract Let For Swimming Pool

With many weeks of committee meetings, planning, hard work and burning of "midnight oil," the Lion's swimming pool project became a reality Monday night when contract was entered into by the Knox City Lions Club with C. R. Ballenger, of Lubbock, for construction of the pool to be located in the southeast corner of the city park.

Work began Tuesday, with help from the city, in clearing ground for the project. The city is also furnishing the site and filtered water for the pool and showers.

Following the Wednesday noon luncheon session, members of the Lions Club recessed and journeyed to the park for ground breaking ceremonies. Llan John G. Robbins turned the first spadeful of dirt.

Contract calls for the sum of \$20,500.00 for construction, and erection of the modern pool. Contract also specifies that completion be no later than June 1, 1959, thus assuring youngsters as well as adults, a "cool dip, come good old summer time." Pool will be of regulation strength, leak proof, and will meet expectations of any first class swimming pool.

The pool will be slightly more than 82 feet long, 30 feet wide at the deep end and 50 feet wide at the shallow end. There will also be a wading pool for the kiddies.

The student bond selling contest, stepped-up action by the bond sales committee, and cooperation of purchasers old and young, jumped bond sales to \$12,750.00 at press time.

Since the actual sale of bonds has been underway only about three weeks, the Knox City Lions Club has made outstanding progress in promoting, and making this project a dream come true.

Members of the bond sales committee were feted with a dinner at Roddy's Cafe Monday night at which time the contract was signed, sealed and approved.

Former Resident Dies; Last Rites Set Saturday

Rev. J. L. Maddox retired Baptist Minister, formerly of Knox City, passed away Wednesday in a Rest Home in Fort Worth.

Prior to moving to Knox City Rev. Maddox resided on a farm west of O'Brien. In the fall of 1956 he moved to Weatherford. Mrs. Maddox preceded her husband in death in October, 1957.

Final rites will be held from the Eureka Baptist Church, Weatherford at 2:00 p.m. Saturday.

Survivors in the immediate family include five sons, L. A. Maddox, Fort Worth; Conley and Donnie Maddox of Los Angeles, Calif.; Bill Maddox, Weatherford and Hollis of Seminole, Tex.; five daughters, Mrs. Preston Van Hoosier, Los Angeles, Calif.; Mrs. D. P. Hines, Spokane, Wash.; Mrs. Wayne Barnett, Littlefield; Mrs. Buck Stanfield, Cotton Center, and Mrs. Melvin Stephens Petersburg.

Hall Infant Rites Held At Benjamin

Funeral for Donald Dean Hall, infant son of Mr. and Mrs. Donald Hall, of Benjamin, was held Friday at 2 p.m. from the Benjamin Baptist Church with Rev. K. E. Wooley, pastor, officiating.

Donald Dean was born January 1, 1959.

The infant died last Thursday at his home five miles southwest of Vera. Interment was made in the Benjamin Cemetery.

Survivors include the parents; one sister, Patsy Jane of the home; paternal grandparents, Mr. and Mrs. Hester A. Hall of Benjamin; and the maternal grandparents, Mr. and Mrs. C. A. Parham of Vera.

Farmers Interested In Establishing Waterways May Contact ASC Office

Farm waterways are becoming more popular with farmers and ranchers in the Wichita-Brazos Soil Conservation District than ever before.

The heavy rains in the past two years have caused serious washing and gullies on many of the farms with sloping land and where terrace outlets were not protected. Technicians of the Soil Conservation Service are assisting with construction of several waterways at the present time.

Last Rites Are Held At Benjamin For Mrs. Burnett

Mrs. Clyde H. Burnett, 72, passed away Sunday at 2:25 a. m. in the Knox County Hospital.

Last rites were held Monday at 2 p. m. from the First Christian Church, Benjamin, with the pastor Rev. Karel Desgrange, officiating, assisted by Rev. John Waddell, pastor of the Knox City First Christian Church.

Interment was in the Benjamin Cemetery, under the direction of McCauley Funeral Home of Munday.

She was the widow of Clyde H. Burnett, early-day Knox rancher. They owned extensive ranching interests in Knox County. At one time Mr. Burnett had served as president of the Texas Cowboy Reunion.

Mrs. Burnett was born March 14, 1887 in Haskell, the daughter of the late W. Frank Driver, and Hattie Driver. Her maiden name was Sally Florence Driver.

Survivors include two sons, Bobby D. Burnett of Knox City and Bruce C. Burnett of Munday; two brothers, Oran Driver and J. J. Driver, both of Benjamin, and four grandchildren, Clyde and Kathy Burnett of Munday and Bobby D. and Belle Burnett of Knox City.

Pallbearers were Jack Barker, J. C. Moorhouse, Homer T. Melton, H. C. Stone, and Jack Idol, all of Benjamin, and Brooks Campsey of Munday.

Last Rites For Mrs. Enloe Will Be Held Friday

Last rites will be held Friday, March 27, at 3:00 p. m. from the Knox City First Christian Church for Mrs. Nellie Enloe, former resident. Officiating will be Rev. Bill Masters, pastor of the Duncan, Oklahoma First Christian Church and John Waddell, pastor of the local First Christian Church.

Mrs. Enloe passed away in a Duncan, Okla., Hospital Wednesday at 1:00 p. m. Following a service in Duncan, the body will be returned to Knox City for final rites and interment.

Mrs. Enloe is a charter member of the Knox City First Christian Church, and is well known in this area.

Survivors include two daughters, Mrs. Lottie Roberts, Duncan, Okla., and Mrs. Roberta Hooker, Houston; three sons, Floyd Enloe, Arlington, Texas, Gregg Enloe, Spokane, Washington and Jay Enloe, Hot Springs, Arkansas.

Pallbearers will be Henry Jones, Roy Smith, Claudell Bratcher, John Crownover, Dr. T. P. Frizzell, Jr., and E. R. Carpenter.

Flames Brought Under Control After 4 Hours

Raging flames whipped by strong winds destroyed three buildings in the heart of Benjamin, Knox county seat, Tuesday night causing at least \$100,000 in damage.

The disastrous fire was brought under control around midnight, as fire departments from three cities made headway against the 60-foot flames. It raged out of control nearly four hours. A vacant office building to the north of the three charred structures was threatened at one time, but was saved by smoke-blackened firefighters.

Virtually destroyed were the J. L. Galloway hardware store and the city's two grocery stores, Cartwright and Hamilton.

Only one minor injury was reported, Leo Benham, a Benjamin firefighter suffered a cut hand when a window was shattered by strong winds.

Hampering fire departments from Benjamin, Knox City, Seymour and Munday, was lack of water in the city's overhead tank.

Jackie Idol, 19, reported the start of the fire about 8:30 p. m. to H. C. Stone, Knox County deputy sheriff.

Most of Benjamin's approximately 500 population gathered on the square to watch the spectacular, but destructive blaze.

Ammunition in the hardware store exploded like firecrackers on the Fourth of July as about 60 firemen sent streams of water into the heart of the leaping flames.

H. T. Melton, Knox County sheriff, held the crowd to a safe distance as the blaze spread.

Several reports have reached the office of the Herald as to how the blaze originated, but at press time the cause could not be officially "pinpointed."

Final Rites Held For Brother Of Knox City Man

Final rites were held Sunday afternoon from the Church of Christ, Rochester, for Claude Williams, 69, brother of Ben Williams of Knox City.

Williams passed away Friday at 2 p. m. in a Haskell Hospital.

Officiating at services were Jerome Savage, minister of the Knox City Church of Christ. Interment was in the Rochester Cemetery.

Mr. Williams farmed eight miles west of Rochester.

Survivors include the wife; his mother, Mrs. J. M. Williams of Rochester; three grandchildren whom he reared, Mrs. Mary Louise Whitley of Fort Worth, Mrs. Norma Simmons of Odessa and Leonard Phipps of Rochester; six brothers, Ben of Knox City, Johnny and Harvey of Stockton, Calif., Joe of O'Brien, George of Plainview and Ross of Imperial, Calif.; three sisters, Mrs. Mattie Jenkins of Rochester, Mrs. Minnie West of Antioch, Calif., and Mrs. Vennie Fannis of Massou Bay, Calif., and three great-grandchildren.

Rileys Are New Residents Here

Mr. and Mrs. J. O. Riley, formerly of Stamford, are Knox City's newest residents.

Mr. Riley is "Farm Boss" for the Humble Oil Company, and his duties carry him into Haskell and King counties.

The Rileys reside at 710 E. 7th Street.

STATE CAPITAL
Highlights
AND Sidelights
by Vern Sanford
 TEXAS PRESS ASSOCIATION

AUSTIN, Texas — Stakes are high and playing rough as the tax battle at the State Capitol this spring moves into the "hammer and tongs" stage.

High state officials are laying their careers on the line when they take a stand.

On one side is Gov. Price Daniel, who wants to obtain needed new revenue through a program based primarily on taking over abandoned property, changing the bookkeeping methods a bit and increasing corporation franchise taxes, natural gas taxes and certain selective sales taxes.

On the other side are a number of lawmakers, including House Speaker Waggoner Carr, who call the governor's plan inadequate. They contend Texas' revenue needs are great and should be "spread thinly" to cause the least injury. Cited as possible solutions by Carr were the nine-part omnibus tax by Reps. R. L. Strickland and Wesley Roberts, or Rep. Blanchard's 1 1/2 per cent gross receipts tax.

Some House members, of course, side with the governor, just how many will go to each side will not be known definitely

until a floor vote is taken.

But some people already are reminded of a session 20 years ago when then Gov. W. Lee O'Daniel got into a wild tax hassle with House members. O'Daniel used his Sunday morning radio broadcasts to blast steadily at 56 House members who blocked his push for a transactions (sales) tax. Price Daniel was one of the 56.

So far this session, Governor Daniel is focusing his ire on the "powerful lobbyists" who he says are blocking his tax program. Most of Daniel's proposals have been bogged down in the House Taxation Committee since the first of the session.

Whether they intend to push the governor's bills or some others, the tax committee members have made a move toward speed by adopting a Monday-through-Friday work schedule.

ADVERTISING "PRO" URGED—Senators are studying two different approaches to putting into effect the new constitutional amendment permitting state-financed advertising of Texas.

Senator George Parkhouse of Dallas, an advertising man for

DISASTERS, natural or man-made, call for immediate stocks of medical supplies and other equipment for furnishing safe drinking water, electricity or other essentials in order to save lives and aid the victims. S. warehouses for use in times of national emergency or major natural disaster on presidential approval when other supply sources are exhausted. (American Red Cross Photo)

many years, insists professional ad men should be at the helm of the program. He suggests a five-member state advertising council. Four members would be existing state officials; the chairman and executive director would be an advertising professional.

Original bill sponsored by Sen. Bruce Reagan of Corpus Christi would set up a Development Council of the governor and chairmen of the Highway Commission and Industrial Commission. Highway Commission would take care of luring tourists and the Industrial Commission would seek to attract new industry.

After Parkhouse protested this arrangement, Senate State Affairs Committee decided to give it some more study.

DEATH PENALTY ARGUED—"Day of the death penalty is over in most of the civilized world," say proponents of a bill to abolish it in Texas.

Rep. Ronald Bridges of Corpus Christi is sponsoring the bill which is being studied by a sub-panel of the House criminal jurisprudence committee.

Huntsville newsman Don Reid told the committee he had seen 157 person executed and had decided "there must be a better way." He said he believed at least six or seven of those executed were innocent.

Representatives of organized labor and church groups joined in supporting the measure. Several said they thought chances of drawing the death penalty were greater for defendants too poor to hire top-notch lawyers.

VANISHING TRAINS—Why don't people "take the train" to get places these days? Spokesmen for rail unions and some lawmakers say it's because there practically aren't any passenger trains to take. Rail company men say it's because all their passengers took to riding in cars.

Rep. Clyde Miller introduced a bill which would require the Railroad Commission to consider "public convenience" before allowing discontinuance of a passenger line. Present law allows abandonment if the company can show it is losing money.

Railroad companies protested this could force them to pour millions into losing operations. Union men said the railroads could have more passengers if they would serve the public better. Bill has been sent to subcommittee for study.

Ozelle Stephens

And why take ye thought for raiment? Consider the lilies of the field, how they grow; they toil not, neither do they spin." (Matt. 6:28).

Jesus was the master teacher. He used the common things of life in the presentation of divine truth. As he sat on the mountain side teaching he speaks of salt, light, cities, treasures and many other things. He mentioned clothing and the beautiful lilies of the field. His Father's world is wonderful and rich in glories of His creative work.

To Him every star, every bird, every tree and flower has its message. He invited the disciples to consider the lily. "He was about to lead them into the profoundest truth of Christian life. He looked upon the handiwork of His Father as a revelation of God's person, power and will. May we too, on this Easter day look and consider the lilies as they teach.

The tough, scaly bulbs are buried in the darkness of the earth. In the spring they spring up from the place of death, the lily in all its beauty.

God's word sheds light not only upon life, but upon death and the grave and what lies beyond. "And as we have borne the image of the earthly, we shall also bear the image of the heavenly. (1 Cor. 15:49).

Uncle Ben from Benjamin says:

DEAR MISTER EDITOR:

I see where several states are worrying about losing a Congressman when they take the 1960 census, on account of so many folks moving out of their states. If them fellers in Washington don't quit spending so much money and getting us in debt so bad, one or two less Congressmen will be a blessing. It shore ain't nothing to worry about.

One of these days we're going to have a awful bust in this country. Them Congressmen that think up all these spending ideas is like the Indian that cut one end off his blanket and sewed it to the other end to make it longer.

People say we can't put a stop to it because nobody wants to

shoot Santa Claus. Well, if we can't shoot him, we might try sobering him up fer a change. He's spending money like a drunk sailor.

A piece in the paper was telling about some English scientists that is over in Asia looking fer evidence that man is kin to a monkey. They could git all the evidence they need by just reading American newspapers.

Fer instant, I see where a agency in advertising is putting advertising on wimmen's knees. It seems from the picture that the girl sews a big round card to the knees of her stockings with some sort of advertisement on it like "Drink Canada Dry." and of course ever time she sets down and crosses her legs all the fellers is going to die of curiosity until they figger out what's on the card. It goes without saying that these girls will have pritty knees.

And then they was this piece in the paper about a feller in Georgia selling his wife fer \$700 and when the law got him he said he had no regrets. That's the way it is in life, Mister Editor, these fellers that is profiteering ain't got no conscience to bother 'em. And then I was reading about this woman in New York telling the Judge that because her husband thought she was wayward in her ways, he got down on his knees ever night and prayed fer her, then got up and socked her in the jaw. Cotton Acreage Should Be Used, Economist Says

Cotton is a commodity which creates a good "multiplier" effect in the economy, says Bob Cherry, economist for the Texas Agricultural Extension Service, because most of the cotton farmer's dollar is usually dropped into the money stream of the community. Though the dollar's identity may be quickly lost, it tends to circulate through all the avenues of trade and commerce.

The loss of cotton income, on the other hand, can adversely effect a commodity's whole economy, points out Cherry. For that reason, adds the economist, communities can look upon unused cotton allotments as a matter of community concern. Last year, for example, about one out of each 20 acres was neither planted nor put in the Soil Bank. The law under which cotton

farmers are now operating contains provisions for the voluntary released acreage is retained on the releasing farm as history and is used in figuring future allotments as though it were planted. But, Cherry points out, it will not qualify a farm for an old farm allotment as having planted cotton in one of the three previous years.

It is very important that released allotments be reapportioned and planted on other farms in order to hold county and state planting history. The released and reapportioned allotments must be planted if they are to remain a part of the acreage history for the county and state,

...TO LATE TO
Released allotments are allotted to any old or new farm on which additional acreage is needed and will be planted. Any excess of released allotments in a county may be surrendered to the State Agricultural Conservation and Stabilization Committee for reapportionment to other counties only after each cotton farmer in the releasing county has received all of the allotment he can plant.

Cherry suggests that farmers contact their local ASC office or county agent for details on this important part of the 1959 cotton allotment program.

turns are due by the end of the month following each calendar quarter. The next quarterly payment is therefore due April 30, 1959.

Payments of the social security tax, an equal amount paid by the employer and the employee, 2 1/2% each for wages paid in 1959 must accompany the tax report. Reports, together with the taxes, should be sent to the Director of Internal Revenue, Dallas, Texas.

Information about reporting domestic workers is contained in Leaflet 21 which may be obtained from the social security office or Internal Revenue Office.

Employers of domestics, in filing their returns, are requested to make them timely, accurate, and complete.

Social Security Quarterly Payment Is Due April 30th

Most of us pay taxes of some sort and usually there is a deadline date when that tax is due. Employers of domestics are faced with such a deadline as they are required by law to report quarterly the cash wages they pay to their household workers if these payments amount to \$50 or more during the calendar quarter.

Calendar quarters end March 31st, June 30th, September 30th and December 31st and tax re-

Grass Information Released By A&M

COLLEGE STATION — A study was recently completed on the importance, location of products and trends for the seven principal grains grown in Texas.

Clarence Moore, Department of Agriculture Economics and Sociology, Texas A&M College, made a report of the findings of this study to SM-11, a Southern Regional Grain Marketing Research Project group.

Moore pointed out that the average yield per acre of grain sorghum during 1953-57 was almost twice that of the 1935-39 period. Annual variations were large, but yields showed a rising trend over the 23 year period.

"There are several reasons for this," he explained. "Use of improved varieties, increased use of irrigation and more widespread planting of superior hybrids had a lot to do with the higher yield. Better cultural practices and wiser use of fertilizer also helped. Too, acres diverted from cotton and corn to sorghum in the last few years may have been more productive."

The study also revealed average acreage and production of corn during 1953-57 were only about one-half that of 1935-39. Corn declined from 52 percent of the state's total feed grain production during 1935-39 to 16 percent in 1955-57 while grain sorghum increased from 20 percent to over 70 percent.

Moore attributes this mainly to the fact that grain sorghum has been in an economically favorable condition over corn due to lower production costs.

Wheat has declined and rice has increased in relative importance since 1950. Moore says this is mostly due to the fact that rice has had a more favorable market since the war, while there has been a surplus of wheat.

Chevy makes one for you...

and you'll want it for all its worth

The plain fact is Chevrolet builds so many different kinds of cars there's one to please just about everyone.

Say you want a stylish, spacious car that combines low initial cost with rock-bottom operating expense. You'll find what you want in the Biscayne 2-Door Sedan—one of the lowest priced of all Chevy models. And you can have Chevrolet's new Hi-Thrift 6 under the hood to stretch and stretch

the distance between gas stops.

If, on the other hand, you're looking for a car of utmost elegance, you could hardly make a happier choice than the Chevrolet Impala 4-Door Sport Sedan. And, to go with it, Chevy's velvety V8 power teamed with triple-turbine Turbo-glide*—one of the finest, smoothest automatic drives offered on any car.

These are just two examples of the dozens of different kinds of Chevrolets you can choose from.

It's almost certain—with models ranging from five beautiful, dutilful station wagons to the unique Corvette—that Chevrolet builds your kind of car. Your dealer's waiting to help you pick it out.

The smart switch is to the '59 Chevy!

Your Chevrolet choice includes the Corvette, the Impala Sport Coupe, the Nomad Station Wagon, the Bel Air 4-Door Sedan, El Camino, and the Impala Convertible—all shown above.

Knox City Couple Observe 50 Years Of Married Life

Mr. and Mrs. L. C. Floyd of Knox City were honored on their golden wedding anniversary Sunday, March 15, at the home of their daughter, Mrs. H. B. Stubblefield in Munday.

Floyd, who has been in the hospital for the past three weeks was brought to Munday for the affair. He is 71 and Mrs. Floyd is 70.

The couple was married March 14, 1909, in the home of her parents, the late Mr. and Mrs. W. A. Bowen of Munday, by the late Rev. W. H. Richards of Rule. Floyd moved with his parents to Knox County in 1889 from Johnson County where his father was a farmer. The younger Floyd became a farmer until his retirement in 1936.

He ran for sheriff of Knox

County in 1941 and took office the following year. The family lived in Benjamin until 1946 when they moved to Knox City to run a laundry for two years before he was elected city marshal of Knox City. Since that time he has served on the law force as constable until his illness.

Mr. and Mrs. Floyd have five daughters, one deceased. They are Mrs. Homer Hediger and Mrs. Douglas Hutchinson of San Antonio, Mrs. Doug Meizer of Knox City and Mrs. H. E. Stubblefield of Munday.

They have 10 grandchildren and two Great-grandchildren. A crowd of 130 friends, neighbors and relatives attended the affair. Out-of-town guests were from Fort Worth, Azil, Vera, Denver City, Abilene, Weatherford, Dallas, Clyde, Crosbyton, San Antonio, Lubbock, Lamesa, Benjamin, Goree, Rule and Knox City.

Former 4-H Club Members To Be Nominated For 1959 Awards

Twenty million 4-H Club alumni were given a nationwide salute in observance of National 4-H Club Week.

Among the former 4-H'ers are many who have been singled out for special awards given through the 4-H Alumni Recognition program directed by the Co-operative Extension Service.

They are the men and women who have successfully applied 4-H training and ideals to jobs, home, family, and community. These important citizens come from all walks of life — teachers, business men, homemakers, farmers, clergymen, doctors, public office holders and the like.

Here's your big chance to name a friend — a former 4-H Club member — to be considered for a worthwhile award. Nominations for this year's winners are now in order, and a convenient entry

form is printed below. All you have to do is fill in, clip out, and mail as directed.

If eligible the candidate may be cited for county, state or national alumni awards which are provided by the Olin Mathieson Chemical Corporation, Plant Food Division. All nominees will be contacted and verified by the county Extension office. More information can also be obtained there.

Two certificates of recognition will be awarded at the county level; four state winners will receive a distinctive copper plaque; eight persons (usually four men and four women) will be chosen for national honors and will be presented with the 4-H alumni gold key at the annual alumni banquet held in Chicago during the National 4-H Club Congress. The eight winners will be brought to Chicago as guests of Olin Mathieson.

Help give credit where credit is due. Send in the name of your 4-H candidate today!

Corner on Cotton
BY BOB COLLINS

Let's talk straight about releasing an unplanted cotton allotment... you don't have to do it, but you should... every acre

allotted for the purpose should be planted to cotton... you can release your unplanted allotment to the ASC committee without hurting your "history" and some other farmer will benefit... or you can just forget about it, and cotton as an industry will be struck another blow... one thing though: If you have released your allotment for the past two years, or if you don't plan to plant your allotment next year, it might be wise to retain a small part, say an acre... then there will be no possibility of missing out on your share of acres a couple of years from now... the date by which you can release your allotment varies with each section, but you can check with your ASC committee who have all the answers, but do it soon!!

If you want some additional acres for cotton write to your ASC county committee as soon as you can... tell them how much increase you will use... you may get it and at least it will stir up interest in turning in unused acreage.

New High
A new world record in cotton production... estimates put 1958-59 cotton at 44 million bales... up a half million from the record crop of 1955-56... this puts world average yield at over half a bale per acre.

Less Competition
Looks like the new support price of U. S. cotton and the export subsidy that make U. S. cotton competitive are going to cut production in foreign countries... Mexico for certain... maybe Egypt also... some foreign farmers are in financial trouble from last crop's low-priced cotton.

Supports
Extra long staple will be supported at 65 per cent of parity

An Automatic ELECTRIC RANGE

Makes every cooking occasion a treat

Whether it's a party lunch or a full-course dinner, a flameless Electric Range performs perfectly at the push of a button, or turn of a switch. That's because Electric heat is accurately controlled to end old-fashioned pot-watching and cooking failures.

There's a precise temperature — automatically maintained — for all your cooking and baking operations. There's no flame to adjust — so there's no guess work, ever.

You'll be surprised, too, at the extra hours of leisure you'll enjoy with Electric cooking. Just imagine a complete dinner cooked while you see away from home! That's right... prepare a complete meal — place it in the well-insulated oven, set the automatic controls, and you're free for the rest of the day — without worry. When you return home, dinner awaits you piping hot, completely cooked electrically.

But you'll never really know just how wonderfully convenient automatic Electric cooking can be until you've tried it for yourself. So why wait? Do it now — and begin Living Better... Electrically.

U. S. Marine Corps Announces New Enlistment Program

The Marine Corps Recruiting Service initiated a special program for June high school graduates on March 1 it was announced recently by Sgt. Moore, area Marine Recruiter.

The program, called "JUNE GRAD," is designed to fit into the full schedule of the high school senior without causing any loss of time from classes or pre-graduation activities.

To qualify for "JUNE GRAD" a senior must make application, take his physical and mental examination before June 1. If he is accepted, he will be enlisted and may delay his reporting date for active duty up to four months. If he desires to go right after graduation, he may leave on the day of his choice.

The Recruiting Service also announced that the Buddy System would be in effect and that those graduates who desired to enlist and be guaranteed the opportunity to serve through Boot Camp together would be enlisted on the same day.

Early enlistment in the program will give the graduate priority in the May and June aviation quotas.

Seniors seeking information on the special program should be sure to tell the recruiter they are interested in "JUNE GRAD."

Motor Vehicle Safety Inspection Deadline Nears

Only 45% of the vehicles registered in Region No. 5 of the Texas Department of Public Safety have been safety inspected for 1959, according to Captain Alan Johnson, Motor Vehicle Inspection Supervisor in this Region.

With slightly less than one month separating them from the April 15 deadline, 236,679 motorists of the sixty-county Region still have not obtained their stickers which have been available at inspection stations for several months.

This number includes 3,055 vehicles in Knox County where there are eight inspection stations to do the work," said Captain Johnson.

Many motorists are going to find long lines awaiting them as

the deadline rolls nearer as the inspection stations will not be able to cope with the usual last minute rush.

He added, "It is as much a violation to display an old sticker as not to have one at all."

The Captain pointed out that the law provides a fine of from one dollar to two hundred dollars plus court costs for operating a vehicle registered in Texas without the current inspection sticker.

"Just like a woman! I want a car BUILT FOR SAVINGS"

"Dave, I've found exactly the right car for us! It'll make driving ever so much more comfortable."

"Comfort's fine, Nancy, but we've got to consider savings, too. And I've found just the car for that!"

"But the car I've found is so easy to get in and out of... and so comfy to sit in."

"Yes, but my car will save us as much as \$1.00 on every tankful of gas because it uses regular. How about that?"

"Well, that's nice, but what about my frilly hats? We'll have hat room not just head room in my car. And you're no shorty, either... you'd bump your head in a lot of those new cars."

"Not in this one. And it only needs oil changes each 4000 miles. Its muffler is aluminized to normally last twice as long, too."

"In the car I want, everybody enjoys a soft comfortable seat... even the folks in the middle! This car's built just right for us... and besides, I think it's cute."

"Sure, looks are important... and my car will keep on looking good 'cause its finish is so bright and durable it never needs waxing."

"Well, the nice man at the Ford Dealer's told me..."

"Did you say FORD?... that's the car I want, too! And we can save as much as \$102.75 on purchase price alone! What are we waiting for?"

Rochester Ties O'Brien In Track Meet Wednesday

O'Brien and Rochester battled to a deadlock with 2½ points each in the second annual Rochester track meet Wednesday afternoon, March 25.

Danny Walsworth paced O'Brien to the tie with 13½ points, high for the meet. Walsworth won the low hurdles, tied for first in the pole vault and placed second in the broad jump.

Two new records were set during the meet — Bob Raynes of Weinert broad jumped 19-10 to eclipse the mark of 19-9½ set by Rochester's Bud Strickland; and four jumpers bettered the old high jump mark. Bobby Whorton of Rule held the high jump standard of 57½, until Covey and Johnston of O'Brien and Gammill and Huntsman of Rochester cleared the bar at 5-8 Wednesday.

Weinert took third place in the meet with 24 points, followed by Lockett and Knox City with 19, Gorce with 15 and Woodson and Aspermont with 12 points.

"Count Me" Will Be Theme Of Loyalty Campaign

The Knox City Assembly of God Church will kick off a seven week Sunday School Loyalty Campaign Sunday, March 29. The drive is part of a program to increase attendance at the local church.

Directing the campaign will be Rev. Franklin Murray, assisted by a staff of teachers and workers. Through out the drive various departments will feature the theme, "Count Me."

The kick off Sunday will center around a pledge program during which Sunday School members will volunteer to push consecutive attendance for seven weeks.

During the campaign a different sub-theme will be featured each Sunday. The sub-theme including roll call day, youth day baby day, and family day, will emphasize the whole Sunday School for the entire family.

Climaxing the drive will be the presentation of certificates to members of the school who have been loyal in attendance during the seven week drive.

This is the first year the Loyalty campaign has been conducted at the church.

Great Plains Program Aids Conservationists

COLLEGE STATION. — Over two and one-half million dollars have been obligated to land owners in the Plains area of Texas through the Great Plains Conservation Program, reports Lynn Pittard, extension assistant soil and water conservation specialist.

This voluntary program applies to 98 counties in the Great Plains area and provides cost-share assistance for almost any soil and water conservation practice, explained Pittard. Operators may receive up to 80 percent assistance, depending on the practice. Contracts are signed for 3 to 10 years duration.

"Since the program was started around the first of last year, 546 contracts covering 1,012,488 acres have been entered into agreement with the United States Department of Agriculture," Pittard said. "Sixty-five counties are now participating, and assistance is now available to 11 additional counties which have recently been added to the list."

Pittard pointed out that the program has several advantages. It is flexible and can be modified to meet the particular individual's needs. There is no limitation on assistance except on irrigation. Crop allotments are not affected during contract and the program may be used in combination with other government cost-share plans.

For a more thorough explanation of the program, Pittard advises obtaining L-410, "The Great Plains Conservation Program—What is it?", from local county agents or the Agricultural Information Office, College Station, Texas.

Texas Net Income Per Farm Rises During Year 1958

Net income realized by Texas farmers in 1958 averaged \$3,254 per farm, 79 percent more than in 1957, according to preliminary estimates of the Agricultural Marketing Service.

Realized net income is the amount available for spending after farm production expenses were paid. Realized gross income per farm in Texas averaged \$8,999 in 1958. This is \$2,187 more than in 1957.

Cotton was responsible for more than half the increase in total cash receipts. Sorghum grain, wheat and cattle also showed substantial gains. But production expenses, especially depreciation charges, feed, livestock and hired labor, also rose.

Texas farmers increased inventories of crop and livestock in 1958. Total net income, which includes an allowance for these changes in inventories, averaged \$3,262. A year earlier it was \$2,431.

For the United States, realized net income averaged \$2,750 per

Lions View Film At Wednesday's Luncheon Meeting

Shelley V. Smith, RPT direct or-physical therapist, from the West Texas Rehabilitation Center for crippled children, Abilene, was principal speaker at the Knox City Lions luncheon meeting Wednesday noon.

Mr. Smith also showed a film, "Road to Recovery" in which care of crippled children was emphasized. The West Texas Rehabilitation Center is an out-patient clinic where physically handicapped children learn to become a more nearly self-sustaining member of the community.

"All physically handicapped children of pre-school and school age are eligible for assistance without regard to race, creed, or financial circumstances. Age limit is 21 years," Smith said.

Guests at Wednesday's session were District Attorney A. W. Davis, Paducah, and Glenn Shelton, Wichita Falls.

THE FIRST CHRISTIAN CHURCH
AN EXPLANATION!

There have been inquiries and questions about the history and significance of the Christian Churches in the United States. It is important that our plea be understood, that our history be clearly discerned from other groups, that our purposes be stated in terms easily grasped.

The Christian Churches in the United States now number over 8,000. Some of our congregations are called Christian Churches, some are called Disciples of Christ and in the northern states some are called Churches of Christ. These northern congregations are not to be confused with the churches in our part of the country who are called by the same name. For our churches all use instrumental music and participate in the United Christian Missionary Society, the organization we support and which in turn is responsible for our many missionary projects. We are cooperative in the National Council of Churches and the World Council of Churches. This is true because we are interested in the "unity of all believers," or the "ecumenical" movement of the world church.

The Christian Church movement is an American-born movement. It had its beginning in the very early years of the 1800's when Thomas Campbell, his son Alexander, and others in the Pennsylvania area became convinced that freedom of religion was important. They decided to seek for a "restoration of New Testament" Christian forms, thereby hoping to be responsible for the "unity of all believers." With "No Creed But Christ" and "No Book But The Bible" these men joined others. Barton W. Stone in Kentucky for one, and by 1830 had a fast-growing movement of locally autonomous Christian congregations. It is at this point a clear distinction should be made concerning another body whose early spring-board was the same Alexander and Thomas Campbell. Our movement is the Campbell movement. We are to this day owner of Bethany College which was founded by Alexander Campbell. We are the owner of his home and his papers. Honest Church history and honest facts bear this out. The real "Campbell-ites" are the Christian Churches which say, "We are not the ONLY Christians, but seek to be Christians only." The local congregation of this movement is the First Christian Church!

Little League Team Workouts Begin April 14

The Knox City Little League met in a business session Tuesday night, March 24, and was well attended by interested parents and players.

Items discussed included repairs to the existing structures on Robbins Field and construction of an outfield fence.

Tuesday night, March 31 beginning at 7:00 p. m. was selected as work night. President Sammy B. White urged all interested adults to meet at the field at the above time, bring pliers, hammers, post hole diggers, paint brushes and other hand tools necessary in repairing the bleachers, existing fence and the building of the outfield fence.

On Thursday, April 2, Tuesday, April 7, and Thursday April 9, beginning at 4:00 p. m. team managers will hold work outs for all unassigned eligible players. These workouts are only for those who are not presently assigned to a team. These boys are asked to bring a birth certificate or a certified copy of their birth certificate at their earliest convenience to Kenneth Myers at the post office.

The ages of the prospective players must be proven before they can be assigned to a team.

April 14 is the approximate date that team workouts are to begin.

Furrow Fungicides May Be Answer to Seedling Diseases

Use of in-the-furrow fungicides at planting time may be an effective aid for controlling cotton seedling disease in some areas, says Harlan Smith, extension plant pathologist.

Cotton seedling disease is one of the major diseases attacking cotton in Texas, Smith pointed out. Last year it cost Texas farmers a little over 4½ million dollars.

Information concerning use of in-the-furrow fungicides at planting time, a relatively new seedling disease control practice, was first published by the Texas Agricultural Experiment Station in January of 1958. About 400 Texas producers used the practice on a total of 28,523 acres last year.

Most of the treated acreage was centered in the High Plains and Lower Rio Grande Valley, Smith explained. However, there were small tests in several areas. A Wharton county grower tried it on 50 acres and obtained quite favorable results.

For general use a mixture of Captain, Zineb and PCNB applied as a spray or dust is recommended. As a spray, 5 pounds of a formulation containing 15 percent active Captain, 22.5 percent active PCNB and 26 percent active Zineb applied in water at the rate of seven gallons per acre is suggested.

As a dust, 10 pounds of a formulation containing 7.5 percent active Captain, 11.5 percent active PCNB and 13.0 percent active Zineb per acre is effective. Nabam applied as a spray at the rate of one gallon per acre should give good results in soils with pH below 7.3.

For more information, Smith advises contacting the local agent.

Legion Citation For Teague

Congressman Olin E. Teague of College Station, Texas, chairman of the House Committee on Veteran Affairs (at left) receiving framed citation from National Commander Preston J. Moore of The American Legion. The citation was adopted by the Chicago national convention of The American Legion last fall and lauded Teague for his efforts in behalf of more VA beds for disabled veterans. The presentation was made at the 1959 national rehabilitation banquets of The American Legion in Washington, D.C.

LARGE FEED GRAIN SUPPLY MAY LOWER PRICES IN '59

Feed grain prices in the 1958-59 marketing year are expected to average a little below the 1957-58 level, principally as a result of large supplies, predicts John McHaney, extension economist.

High yields have helped to boost feed grain production and stocks, McHaney points out. Near record yields in 1956 were followed by record yields in 1957 and 1958 and total utilization this year is expected to be 16 million tons below total production plus imports. This is expected to bring carryover stocks up to a record of about 75 million tons, a 27 percent increase, at the beginning of the 1959-1960 marketing year.

However, he adds, better quality of the 1958 corn and grain sorghum crops will make a larger percentage of these grains eligible for price support. Coupled with the 6 percent increase in the number of grain-consuming livestock to be fed, this will help to give some strength to feed grain prices.

The season rise in the price of corn the first six months of 1959 probably will be much less than the 28 percent rise from January to June of 1958 because of record supplies on hand.

Grain sorghum prices in 1958-59 should average near those of last year, but will probably be a little lower. The higher quality of the 1958 crop appears to be the main factor which is holding the price above those of a year earlier, despite the larger 1958 crop and the record supply.

Supplies of oats and barley are at record levels and, as a result, prices in 1958-59 will probably average a little lower.

Outlook for feed grains the next few years is dominated by the large stocks that will be on hand for 1959-1960 and the years to follow, McHaney said. Whether these stocks turn out to be an increasing problem of disposal or a desired reserve, they are now the most significant factor in the outlook for feed and livestock for the next few years.
