

Brazos Valley Care Home To Open House Next Week

Brazos Valley Care Home will observe an Open House all day Sunday, May 12, from 10 o'clock and will continue through the week day through Monday, May 13, according to Floyd H. Hester, administrator. Hester suggested that if you do not spend this day with his own mother, why not adopt one at the Care Home for Sunday?

He also urged that all residents with relatives in the Home make a special effort to attend the Open House Sunday afternoon.

Nursing homes in our community which are participating in Texas Nursing Home Week have launched a commendable effort to acquaint the public with what has been happening in their field in recent years.

PROCLAMATION

WHEREAS, nursing homes in our community have themselves to providing a better life for those in their care, and

WHEREAS, many of our elder citizens must spend a great deal of time in nursing homes or other related care facilities,

WHEREAS, many nursing home patients are alone and having survived relatives and friends, and

WHEREAS, member homes of the American Nursing Home Association and the Texas Nursing Home Association recognize the need for community-wide assistance to help them provide for "the better life" for their patients, and

WHEREAS, Texas Nursing Home Association members participating in the "Better Life Program" as the theme for Texas Nursing Home Week, 1968, and are holding Open House at their homes on Sunday, May 12,

NOW, THEREFORE, As mayor of Knox City, I call upon the residents of this city to participate actively in the observance of Texas Nursing Home Week by visiting, and donating to, a nursing home patient on Mother's Day, May 12,

Driver Education Class In KC High School Now Under way

Driver Education was begun in Knox City High School several weeks ago with Sherman Wall, KCHS assistant coach, as instructor.

Students are required to have thirty hours of classroom instruction, six hours of driving experience, and six hours of driver observation.

Egenbacher Motors is again furnishing a new Plymouth Fury III for free-of-charge for the use of the class. Mr. E. A. Egenbacher, owner, has made this service available to the school for several years.

Those enrolled in the driver education class include Katie Mae Taylor, Genia Gibson, Stella Reyes, Betty Hodges, Kelly Verhalen, Mary Gentry, Glenna Gideon, Shirley Curd, Nellie Romo, Margaret Rodriguez, Beverly Hennesson, Tony Hernandez, Alfredo Montalvo, Wayne James, Horacio Mendoza, Rudy Espinoza, Joe Flores, and Tim Watson.

Aerial Spraying Starting Date Set For May 20

The starting date for aerial spraying of mesquite brush in the Knox County portion of the WICHITA-BRAZOS Soil and Water Conservation District has been set for May 20, 1968, according to Wesley Robbins of the Soil Conservation Service in Knox City.

This date is determined by giving mesquite a 45-day growing period following the first signs of new growth in the spring, stated Robbins. This gives the mesquite time to produce a vigorous growth which is necessary for an effective control of the brush by aerial spraying.

The main purpose of controlling mesquite is to give the desirable grasses an opportunity to utilize the moisture that is usually used by the mesquite, and to make this possible the pasture or pastures that are sprayed should be deferred the full growing season following aerial spraying. Mesquite requires approximately 1800 lbs. of moisture to produce one pound of foliage whereas a desirable grass will use only about 500 lbs. of moisture to produce one pound of usable forage.

Brush control by aerial spraying is being widely used and costshare assistance is available to eligible producers through the Agriculture Conservation Program and the Great Plains Conservation Program. Producers interested in more information about aerial spraying of their mesquite should contact their local ASCS or SCS office.

Correction On Day Of Nuptials

The date of the nuptials for Miss Frances Hendrix and James Robert Howell at the First Baptist Church in O'Brien will be on Saturday evening, May 25.

In last week's paper, the date was printed incorrectly, but an error was made in the day of the week showing Thursday instead of Saturday. We apologize for this mistake.

James Hewitt Hired By City

In a regular meeting of the City Council Monday evening, James Hewitt was hired to replace Jack Hamilton, former City of KC employee who began employment last week in Haskell.

Mr. Hewitt and his family moved to Knox City last year from O'Brien.

WINS SKIING TROPHY

Tami Grindstaff, eight-year-old daughter of Mr. and Mrs. John L. Grindstaff Jr., won the trophy for the youngest skier last Wednesday at Lake Kemp at the annual Fish Day celebration.

Miss Fahring will receive an Associate of Arts Degree with a major in physical education.

Miss Meinzer will receive an Applied Arts Diploma with a major in business.

Baseball Now In Full Swing

Baseball is now in full swing in Knox City with the Pee Wees, the Little League, the Pony League, and several girls' teams beginning practice and play.

One adult reported this week that it was gratifying to see all of the youth at the school Monday afternoon with hardly enough space for some of the teams to practice. She said that parent interest had also been very evident.

Little League play is now underway and results of the games Tuesday, April 30 were Red Sox 4, Tigers 0, and the Dodgers 2, Cardinals 0. Friday May 3, results were Dodgers 11, Red Sox 10; and the Tigers 14, Cardinals 15.

Standings as of Tuesday, May 7 were Dodgers 2 wins, 0 losses; Cards 1-1; Red Sox 1-1; and Tigers 0-2.

Entrance prices for Hemis Fair are \$2 for adults and \$1 for children ages 2 through 11.

A temporary change of Drivers License Schedule in Monday has been announced.

Effective Wednesday, May 8, the Drivers License office will be open each Wednesday and Friday every week in the City Hall.

IN STONE HOME

Weekend guests in the home of the Bill Stones were O. P. Stone of Del Rio, Mr. and Mrs. T. E. Stone of Girard, Mr. and Mrs. Wayland Kinney and children of Paducah, and Paul Stone of Dallas.

Democratic Primary Draws Over 400 Voters Saturday

The Democratic Primary in Knox City Saturday attracted over four hundred voters to the polls even though most of the area candidates were unopposed.

Voters in the south box, precinct 9 gave Smith the lead in the governor's race with 112, Pat O'Daniel 3, Hill 13, Carr 51, Locke 7, Briscoe 43, and Yarborough 22. In the race for

District Attorney, Clyde Whiteside, incumbent, received 126 to his opponent, Tom Bullington's 123. In the referendums, all three propositions were rejected. Liquor - by the drink was turned down with 61 voting for and 157 against; pari-mutuel betting 80 for and 140 against; and milk price regulation 64 for and 147 against.

In precinct 9-A (north box)

Preston Smith led in the governor's race with 52 votes; O'Daniel 8, Hill 10, Carr 25, Locke 9, Briscoe 28, Whittenburg 2, and Yarborough 27.

Tom Bullington led in box 9-A with 98 votes for District Attorney to Clyde Whiteside's 82. Liquor referendum received 33 votes for, 114 against; pari-mutuel betting 44 for, 104 against; and the milk price regulation 41 for, 92 against.

In an area race for Precinct 3 commissioner, R. C. Daniel, Truscott rancher, defeated J. B. Eubank, incumbent, also of Truscott, 112 votes to 77.

Soil Stewardship Week To Be Observed May 19-26

National Soil Stewardship Week will be observed May 19-26, according to Jack Idol, chairman of the Wichita Brazos Soil and Water Conservation District.

Soil Stewardship Week is a week set aside nationally each year to call attention to every-

one's moral responsibility as a steward of the soil and other natural resources provided by God. Nationally, the week's observance is sponsored by the National Association of Soil and Water Conservation Districts with the guidance of an interdenominational Soil Stewardship Advisory Committee. In Texas, the observance is sponsored by the Texas State Soil and Water Conservation Board and the Association of Texas Soil and Water Conservation Districts.

The theme of this year's observance is "A Time for Initiative." Idol said. The theme is developed with the idea that "clearly this is the time for initiative action, innovation, trial runs, and exploration. It is a time for ideas, to assess problems and prospects, and a time to identify alternatives," Idol said.

Ministers and laymen who desire assistance in preparing for a soil stewardship observance should contact Jack Idol, Benjamin, or L. D. Offutt, Munday.

SS Representative To Be In KC Wed.

Edwin S. Draughon, Representative of the Vernon Social Security Office, will be at the City Hall in Knox City on Wednesday, May 15th at 10:00 a.m. He will take applications and answer questions pertaining to social security.

We heartily endorse the idea and suggest that you drop in at a nursing home near you on Mother's Day. It would be nice to bring along a token gift, a flower from your garden for example, and really brighten the day of an aging, sometimes lonesome, patient.

Vote On Cotton Allotment Nears

Cotton growers in Knox County were reminded today that the period May 13 through May 17 is the time for voting on whether a cotton farmer may sell or lease his farm's 1969 cotton allotment outside the county (but within the State). A "yes" vote by at least two-thirds of the county's cotton farmers who vote in the referendum will permit such transfers for 1969.

Arnold J. Navratil, Chairman, Agricultural Stabilization and Conservation County Committee, explains that a grower is eligible to vote in the referendum if he produces upland cotton in the county. Ballots have been mailed to all known cotton producers, and any cotton producer who (has, did) not receive (d) one by mail is urged to get in touch immediately with the ASCS county office.

The ballot may be mailed in or brought to the county office at any time within the voting period, but the Chairman emphasized that the ballot must be in the county office by the close of business - or it must be postmarked by midnight - on May 17 and it must arrive at the county office before ballots are counted on May 22.

The vote will not affect the transfer of upland cotton allotments by sale or lease from one farm to another within the same county, and it will not affect transfers across county lines (within the same State) from one farm to another owned or controlled by the same person as provided by regulations. Both of these kinds of transfers are already provided by law.

The Chairman pointed out that similar referendums have been conducted during the past 3 years, and growers in 95 counties throughout the Cotton Belt have already approved such transfers for the 1969 crop. The first such vote conducted, however - 1965 - covered only the 1966-68 crops, so the vote this year will be held in all counties where such transfers have not previously been approved for 1969, including those where transfers were approved in the 1965 vote.

MISS MARLENE SMITH

Miss Marlene Smith To Wed James Hewitt

The engagement of Miss Marlene Smith, former Knox City resident, to James Michael Hewitt, son of Mr. and Mrs. James Hewitt of Knox City, has been announced.

Miss Smith is the daughter of Mr. Marlin Smith, 432 East Bridge Street, Granbury, Texas, and the late Mrs. Vela Cypert Smith.

The bride-elect is a senior and will graduate with her class at Granbury High School. Hewitt, a graduate of Carney High School at O'Brien, is employed by General Dynamics in Fort Worth. The couple will reside in Fort Worth following their marriage.

The wedding date has been set for May 25 in Knox City.

have not previously been approved for 1969, including those where transfers were approved in the 1965 vote. If more than a third of the growers voting in the referendum vote "no", sales and leases of cotton allotments outside the county may not be made for the 1969 upland cotton crop.

Farm Labor Bulletin

Spring showers dropped almost two inches of moisture on some areas of the Panhandle during the last weekend in April, giving the area its first significant moisture in over two months and providing the much needed relief to crops. Other areas of the state, especially in the middle Red River Valley region, suffered some crop damage as a result of heavy hail and thunderstorms during the past week.

The following is a summation of conditions prevailing in the counties reporting to this office as of this date:

Haskell, Stonewall, and Throckmorton: Crops are in good condition with yields expected to be good. No shortage of men and machines is anticipated.

Baylor and Knox: Generally, prospects for a wheat crop are good. Some rust has been reported due to excessive rain and continued cold weather. Harvest is expected to begin about May 20 to May 25.

Seeded acreage of wheat and other small grain include:	
Baylor County: wheat, 66,110; and barley, 5,000.	
Haskell County: wheat, 75,000; oats, 1,500; barley, 1,500; and rye, 500.	
Knox County: wheat, 54,900; oats, 3,000; barley, 5,000; rye, 1,000.	
Stonewall County: wheat, 19,676; oats, 1,700; barley, 800; rye, 100.	
Throckmorton: wheat, 33,326.

Local Women Installed As Officers Sat.

Mrs. Virginia Casey of Truscott, sixth grade teacher in the Knox City Elementary Schools, and Mrs. Sammie Carpenter were installed as Beta Chi Chapter officers of the Delta Kappa Gamma Society at Haskell Saturday.

Haskell members were hostesses for the monthly meeting held at Felker's Restaurant. Mrs. Iva Aaroe was leader for the program, and Mrs. Louise Lemmon gave a Tribute to Founders. Mrs. Erma Liles led "The Delta Kappa Gamma Song" prior to the installation of officers by the Ceremonials Committee. Mrs. Mabel Derr served as chairman of the committee. Mrs. Casey was installed as president to serve for two years, and Mrs. Carpenter will serve as corresponding secretary for the same length of time.

"Symbols of Delta Kappa Gamma" were presented by Mrs. Mary Martin, Mrs. Mary Jo Lankford, and Mrs. Casey. Attending from Knox City were Mrs. Hazel Long, Mrs. Esther Weaver, Mrs. Lillian Logan, Mrs. Lankford, Mrs. Casey, and Mrs. Carpenter.

Students Will Need SS Cards

Spring is summer job hunting season for many high school and college students. Students who will be taking a job for the first time and will need a social security number are urged by Edwin Draughon, manager of the Vernon Social Security office, to apply now and avoid the rush when school closes.

Mr. Draughon stated that, by applying now, the student will avoid unnecessary delay. In May and June the number of applications for social security cards is four or five times greater than in the other months of the year and some delays occur.

Since employers need to see a new employee's social security card before he goes on duty getting the card late could cause delay in starting work and result in missing a good job opportunity. Mr. Draughon concluded by advising students not to wait until school is out to apply for their social security number.

Tax Man Sam Sez:

If you fooled around and didn't file your return until 11:59 p.m. on April 15 and then found that you had a refund coming - be prepared to wait. The IRS computer processes and sends out the refunds in nothing flat. However, you better remember that it takes a little time in the mail, it takes a little time here and there before it gets to the computer. In a couple of months you might start getting concerned. Actually, IRS hopes to have the refund checks to you by July 1, if you didn't make a mistake. In that case, Oh boy!

Children under 2 years of age will be admitted free to the HemisFair grounds.

LSG Reports Increase In Consolidated Net Income

Lone Star Gas Companies have reported an increase in consolidated net income for the quarter ending March 31, 1968. L. G. James, president of the Lone Star companies, reported consolidated net income

of \$18,898,813, up \$415,186 from net income for the comparable period last year.

James also reported earnings per share for the 12 months ended March 31, 1968 of \$1.53, up from \$1.46.

The utility executive attributed overall gains to an unusually cool first quarter. Heating weather for the three months was 13.6 percent above average and 21.9 percent above last year. Gas revenues of \$64,459,787 represented a 13.9 percent increase.

James also reported the return to service of the firm's Houston Central gas liquids plant, twice damaged by fire in the last half of 1967. Loss of the plant's production was reflected in slight declines in oil and gas liquid revenues. Other negative factors included a decline in chemical fertilizer revenues, increased operating expenses and increased interest on debenture bonds and notes.

Rites Held Today For Mrs. Keith

Mrs. Hattie Elizabeth Keith, 80, died at 12:30 p.m. Tuesday in the Knox County Hospital following a two-day illness.

O'BRIEN NEWS

Whitley Ph. 658-4391

History Of O'Brien

CHAPTER III

The establishment of many towns on the western plains of Texas depended upon the establishment of the railroads. Where the tracks crossed the unsettled prairie, towns grew up, and such is the case of O'Brien, Texas.

On May 3, 1902 the Panhandle and Gulf Railroad Company bought a strip of land across Tom Carney's estate, one hundred feet wide, for \$1,000. Mr. Carney sold it with the provision that his well was not to be included in the railroad grade. The Panhandle and Gulf Railroad Company failed to construct this railway.

On May 13, 1903 Tom Carney again sold land for the purpose of building a railroad. He sold a more sizeable tract of land on this occasion for a sum of \$3,000.00. He sold the acreage to trustees, Neal S. Doran, E. Q. Haight and E. S. Mosher, of the Orient Land Company of Jackson County, Mississippi. The Orient Land Company served the purpose of securing land for the laying of the tracks of the Kansas City, Mexico and Orient Railroad.

With the sale of the land by Carney and other settlers of western Haskell County, it became plain to the people that the Kansas City, Mexico and Orient Railroad would run through the western part of Haskell County. By August of 1903 the railroad grade had been completed.

The Kansas City, Mexico and Orient Railroad was running in Sagerton by December 9, 1905. All along through the early parts of 1906 it was slowly laying its tracks northward through the present sites of Rule, Rochester and O'Brien. The line reached Knox City, over the northern line of Haskell County, on July 4, 1906.

The future town of O'Brien actually began to take roots before trains were moving over the newly formed grade. By December 30, of 1905, Milnor P. Paret, civil engineer, had completed the plotting of blocks, streets and alleys of the little town to be called Carney. The town began to grow somewhere around the year 1905. As stated before the little town was called Carney at first, in honor of its

founder. It was to bear the name of Carney for only a short time, as the name would change from Carney to O'Brien in 1906. The name change would be made to honor Nick J. O'Brien, Texas Manager of the K. C. M. and O. Railroad.

It was in this way that the establishing of the K. C. M. and O. Railroad became the basis for the establishment of present O'Brien. The town's early years of development provide the next topic, in a discussion of the history of O'Brien, Texas.

Letter To The Editor

Rule, Texas May 4, 1968
Texas Highway Department
Attn: Mr. Archie Shenod, Maintenance

Gentlemen:
Many thanks for your nice letter of April 30th, acknowledging receipt of a petition of more than 200 good Rule citizens, asking that your body consider the repair of so long neglected Highway 283 from Rule south to #380, a distance of nine plus miles.

We must agree that the traffic is declining on this route - and should it be neglected one-third longer than it has already been - such traffic must of necessity almost cease altogether.

We fully appreciate the needs of your good body and feel Texas is indeed fortunate in having the most capable and honest Highway Department we know of in the nation. However, we have been over most of Texas in the past year - and frankly we have not found another State Highway that is in the condition, and has been so long neglected as this one has. Almost all of West Texas farm to market roads are wider and better maintained than this stretch, which was, we believe, originally laid down in 1929-30 - and so far as we can learn have had no major repair since that time.

We know you have many problems - but we do feel that this State Highway has (without intent) been discriminated against, and we again ask - as a body that you reconsider its past neglect and recommend at least minimum repair.

We have every confidence in your consideration and fairness.
Most respectfully yours,
E. O. Morgan

By Melanie Whitley

Ever wonder how a person from a larger city views a small town? Lee and Karen Britting and their three daughters moved here from Lubbock rather than move to Chicago, thinking a small town would be better for the girls to grow up in.

Talking about her first impressions of this community, Karen says, "You have to see the good in these people, because you'll never hear about it!"

Twenty - three hundred friendly people, indeed.

DID YOU KNOW THAT . . . the school store in Knox City prepares and serves 100 pounds of potatoes a day?

. . . a couple of years ago a senior boy sent out graduation invitations, received his gifts and then let his mother write his thank you notes?

. . . you can open a stubborn jar by holding it upside down and hitting the lid flat on the cabinet three times?

. . . if you are sewing, stick yourself and get blood on the material, your saliva will remove the spot?

. . . the memory part of my brain is packed in formaldehyde?

One of my favorite stories was told by Sammie Carpenter when she taught my class the usage and beauty of the English language. A foreign woman, so taken with America and especially its beautiful words, vowed that when she had a daughter she would name it the most beautiful word in our language, Cellador.

Cellador? Would you believe cellar door? the common, un-beautiful, necessary kind? If she could find beauty in such a word, we should look and listen more carefully; we must be missing something.

Break forth into joy, sing together.—(Isa. 52:9)

Joy and enthusiasm are catching. When we are joyous and enthusiastic about life, life is good. It is filled with good feelings, good friends, good things. We can begin right now to make this a day filled with blessings. Let us affirm, "We are filled with God's Spirit of joy and enthusiasm." Let us give thanks also that those whom we would bless have this same Spirit in them. God had made us to meet life in a spirit of joy.

or 26.8 percent of eligible acreage.

Scurry County cotton farmers own the highest projected yield figure, 449 pounds to the acre, in the RP.

Mitchell County, with 412 pounds, is second and Fisher County, with 407 pounds, is third.

McCulloch County, with 161 pounds, is the lowest and Coleman County, with 168 pounds, is second.

Tom Green, Jones and Runnels counties each still had some 1967 cotton in the fields 19 days ago. Elsewhere farmers in the Rolling Plains were experiencing difficulty getting land ready to plant to the 1968 crop, due to excessive moisture in their fields. There were no rumors even of anyone planting cotton yet in area.

4-H Sunday To Be Observed Sunday, May 19

Texas 4-H Club members will emphasize the "Heart H" of their Head, Heart, Hands, and Health organization on 4-H Sunday, May 19.

Floyd Lurch, state 4-H leader at Texas A&M University, said the 4-Hers, their families and friends will be observing a tradition tracing back to ancient history. 4-H Sunday developed from Rural Life Sunday, the fifth after Easter. This is closely linked with Rogation days, celebrated for centuries in the Christian Church during the three days preceding Ascension Day.

Lynch said the tradition is modified to the present 4-H Sunday throughout the Nation and emphasizes the meaning of Christianity in everyday living, in addition to the past emphasis on seeking the blessings of God upon the land, the seed, the cultivation of the earth, and the enrichment of home and community life.

The spiritual side of 4-H is highlighted in the observances, the state leader said. The total 4-H program, he added, not only encourages spiritual but physical, social and mental growth and development.

Lynch said no statewide activities have been planned but that many local and county 4-H groups, in cooperation with their churches, would be participating in church services or arranging for special Sunday afternoon or evening programs.

The public has a special invitation to attend the local observances and learn about the spiritual phase of 4-H, he said.

Last year, Texas led the nation in tornadoes with an all time record of 232. The tornado season is here, and knowledge of what to do if a tornado approaches may mean the difference between life and death for you and your family. The basic rules of tornado safety are outlined in a circular published by your Texas Department of Public Safety. For more information, contact your local city or county Civil Defense Director.

Streams In Desert Places
BY OZELLE STEPHENS

"Enter into thy closet, and . . . pray to thy Father in secret." It has always been and still is difficult today to find the time and place for private prayer. The Lord's emphasis seems to be on feeling alone, to be shut in with God in our hearts and thoughts. We can pray in secret wherever we may be, for it is not the place of prayer that God regards, but the heart and motive. The object of prayer is not merely going into seclusion, but communion with God. The soul's secret closet is that place where we withdraw our thoughts into an aloneness with God and there fellowship and worship Him who reads our thoughts. With Him alone you can experience the serenity of secret prayer which is our greatest need. In daily communion with Him will make sweet peace in your life and His love and understanding will Stream into your innerbeing.

CARD OF THANKS
Words could never express our appreciation to the many friends who made the loss of our husband, father, grandfather, great-grandfather, and brother easier to bear. We want to take this opportunity to thank each of you for the cards, the beautiful flowers, the food prepared, your presence, prayers and all other acts of kindness. May God bless each of you in a special way.

ROLLING PLAINS COTTON GROWERS INC.

Rolling Plains cotton farmers have signed up to divert 331,167 of the 1,181,552 acres allotted to them for planting in 1968, a survey by the Rolling Plains Cotton Growers Inc. disclosed this week.

This is 28% of the acreage allotted to area farmers and compares with 24.6 percent diverted by producers throughout the state.

Of the state's total allotment of 6,091,717 acres, producers signed up to divert 1,497,908 acres during the March sign-up period.

Maximum total acreage in the Rolling Plains that may be planted in 1968 under the diversion program is 820,382 acres. Based on projected yields determined for the 32 counties in RPOG, the estimated potential production for the area is 418,102 bales.

The survey shows that farmers in Fisher County signed up to divert 26,965 of their percent) for the highest percentage of diversion in the RPOG.

Second highest diversion percentage (33.7) was recorded by farmers in Mitchell County. Of

School News

BY RUTH BROWN

Brett Bumpas, son of Mrs. Sue Bumpas, has been named valedictorian of the senior class at Benjamin High School with a grade average of 90.6.

Jimmy Melton, son of Mr. and Mrs. Homer T. Melton, is salutatorian with an average of 90.2.

Brett has been a member of the FFA four years; is FFA president this year; as a junior was class favorite, president and class representative for the Halloween king contest. He played football two years and basketball four years, serving as basketball captain this year. He is vice-president of the senior class and FFA. Brett attends the Church of Christ. He is thinking of joining the Marines and eventually plans a career in agriculture.

Jimmy is a four year member of football and basketball teams and has also been in FFA four years. In FFA he has been a member of the radio team, range judging grass judging and livestock judging teams. He wrote the winning conservation essay in the Wichita-Brazos Soil Conservation District this year. He attends the First Christian Church.

After graduation he plans to attend Texas Tech with a probable major in agriculture.

The senior class left May 4

for a trip to San Antonio, Galveston, and Houston. They will return May 11. Class Sponsor Phil Mowery and his wife accompanied them.

Mrs. Owen New presented her music students from Truscott, Gilliland and Benjamin in a recital Thursday night, May 2, at 8:30 p.m. in the Benjamin Baptist Church.

The auditorium was decorated in green and white. An archway of fern was decorated with musical symbols and flanked with white tapers in tall candelabra. Behind the arch was a bouquet of white gladioli and pom-poms. On either side of the platform were baskets of wax leaf ligustrum and white lilies. Satin bows and streamers decorated the arch and were placed on the pew ends.

Mrs. Irene New welcomed guests and the Rev. K. W. Woolley gave the invocation. Merrick McGaughey gave the benediction.

Following the recital a reception was held in the fellowship rooms of the church. Guests were served dainty cookies and lime sherbert punch at a table laid with green net over white centered with a floral arrangement featuring a treble clef.

Students in the recital included Lyndle Reeves, Vicki Ansley, Jackie Brown, Debbie Hudson, Vickie Terry, Jack Barker, Darlene Meek, LaNay Patterson, James Meek, Fred Cook and Phil Cook. They wore corsages or boutonieres of

white pom-poms, gifts of Mrs. New.

The ushers also wore white corsages. They were Deanne Young and Debra Green. The latter substituted for Kathy Robertson.

Refreshments were served by the Benjamin mothers, Mmes. Johnnie Barker, LaMoyné Patterson, Bonnie Terry and Tom Brook Hudson. Others assisting in recital preparations were Mmes. Gladys Meek, Arnold Reeves, Frances Cook, Marvin Ansley and Jack W. Brown.

A photographer from Seymour was present and made pictures of Mrs. New and all the students.

Wednesday is the day we leave for the Senior trip! Eighteen Seniors, Mr. and Mrs. Ottis Cash, Mr. and Mrs. Mat Verhalen, Mr. and Mrs. Ward Cooksey, Mr. and Mrs. Denton Wilson will be going on the trip this year.

We will tour the Wax Museum in Dallas and spend the night at Alexandria on Wednesday. We will be staying in New Orleans all of Thursday and Friday and will arrive in Shreveport Saturday night.

We are looking forward to the trip very much!

Sophomore News

BY LOU ANN MCGAUGHEY
Band members went to Corpus Christi Friday to participate in the Buccaneer Festival and came home Sunday evening. Everyone seemed to have had a nice time.

Today, Monday, members of the biology class will begin dissecting their frogs. I hope we can get them back together without any trouble.

Tonight the incoming FTA Officers will be installed. Several sophomores will be serving our chapter as officers.

FHA PLAN EGG SALE

As a money-making project this year, the Knox City FHA Chapter is planning an egg sale. The drive will begin Monday, May 13, at 7:00 p.m.

An FHA member will get an egg from one house, and will attempt to sell it at the next house for whatever amount the next house will pay to buy it.

We ask the members of the community to support the chapter in this project.

FTA News

Monday night, May 6, the Knox City Chapter of the Future Teachers of America met for the purpose of installing new officers. President Richard Barnard called the meeting to order and the secretary read the minutes and called the roll.

Mrs. Ottis Cash is advisor.

The chapter presented gifts to Richard Barnard, outgoing president, Velvet Verhalen outgoing District VII historian, and Mrs. Cash as advisor. Refreshments were served by Kathy Wilson, Richard Barnard, Teresa White, Tommy Waldrip, and Pam Waldrip.

Greyhound Pep Club

BY ANNE HOGE
The Greyhound Pep Club is a club that has been organized to boost the team's spirit and to give the team moral support. The Pep Club has been supporting their teams for at least fifteen years or more. An average of thirty or forty members make up the club. The Pep Club has five main purposes which it strives to achieve. They are as follows:

- 1. To develop an organization to boost the athletic team.
2. To create a better and stronger school spirit.
3. To coordinate and develop more interest in the backing of the team by the community.
4. To encourage the players on the playing court or field.
5. To help develop the character of each member.

The Pep Club is a unit working together. It has five officers: President, Vice-President, Secretary-Treasurer, Reporter, and Sponsor. It also has five cheerleaders and three co-cheerleaders who lead the club.

During the football and basketball seasons, posters are made each week and on Fridays pep rallies are held to encourage team spirit. Also, during the week all of the football boys receive letters from the Pep Club.

At the football and basketball games, the Pep Club members support their team by yelling with the cheerleaders and encouraging the players to fight and win. This year the Pep Club has made some changes in the con-

Programs Slated For Benjamin Senior Class

The Rev. W. A. Parks, minister to the O'Brien Baptist Church will speak at baccalaureate services for Benjamin High School, Sunday May 12, at 8:30 p.m. in the high school auditorium.

Mrs. K. E. Woolley will play the processional with the invocation given by Charles Griffith. A trio, composed of LaNay Patterson, Pam Roberts and Susan McCandies will sing "The Lord's Prayer." Jerry Leaverton will introduce the speaker.

Following the address by the Rev. Parks, Stanton Brown will give the benediction. Ushers will be Sarrah Golden and Wymann Meizner. Commencement exercises will be Wednesday May 15, at 8:30 p.m. in the high school auditorium.

These changes consist of:
1. Members must pay dues of \$1.00 per school year for club expenses.

2. Members may not miss more than two games.

3. Members must be in the stands at all times unless dismissed by club president or vice-president.

4. Members must be in full uniform at every game.

5. Members must be present for every Pep Club meeting.

6. In order to receive a jacket, sweater, or blanket, a Pep Club member must have earned thirty-five points or more by selling ribbons, making posters, attending games, etc.

This summer the Pep Club is planning to send its five cheerleaders to cheerleading school. They are planning to have a doughnut sale, and a bake sale or car wash to raise the money for these cheerleaders.

FUNGUS COULD CAUSE THE TROUBLE

Brown patch, a fungus which attacks St. Augustine lawns during the spring and fall seasons, could be the troublemaker for homeowners experiencing grass troubles. Dr. C. W. Horne, Extension plant pathologist, suggests an application of PCNB (Terraclor) as soon as the disease is identified. It is characterized by a circular pattern in the lawn. The fungus kills only the leaves and normally does not attack the stolons.

by Jimmy Melton and the valedictory by Brett Bumpas. Jerry Leaverton will introduce the speaker, Edward L. Kirk. Stanton Brown will present the diplomas and awards will be presented by Kenneth Roberts, superintendent. Ushers will be Dara Gore, and Michael Driver. Graduates will be Jerry Don Leaverton, Robert Brett Bumpas, Brenda Kay Conner, Belinda Jan Barton, James Earl Melton, Patricia Gayle Chilcoat, Glenda Fay Conner, Cathy Lynn Tomlinson, and Mary Tom Pope.

VOTE ON COTTON ALLOTMENT TRANSFERS

Upland cotton farmers will vote from May 13 through May 17, by mail, to decide whether they favor transfer of 1969 cotton allotments, by sale or lease outside the county but within the State. The vote this year will be held in counties where such transfers have not been previously approved for 1969, including those where transfers were approved in 1965. County ASCS offices can supply detailed information on the referendum.

PECAN NUT CASEBEARER CONTROL

The pecan nut casebearer is the most destructive pecan pest in Knox County. This insect when left uncontrolled can destroy from one-fourth to one-half of the pecan crop annually. During years when infestations of this pest are particularly severe, above one-half of the pecan crop may be destroyed. During the past 2 weeks several pecan nut casebearer larvae have been found tunneling in the new shoots of pecan trees. Using the number of larvae found as an indication of the number of larvae that will be present to damage the nutlets in late May and early June, it appears that a large population can be expected.

The best time to control this pest is just after the eggs have hatched in late May or early June, and before the pecan nut casebearer larvae enter the small nuts. At this time there is a two or three day period when this pest can be controlled effectively. The time at which chemical control measures should be applied varies from year to year. The most effective method to determine the proper time for applying chemical control is by banding pecan trees with cardboard strips and collecting pupae of the pecan nut casebearer from these bands. By observing moth emergence from the pupae collected, producers can determine the best time for applying chemical control. This will be 8 to 10 days after 5% to 10% of the moths emerge.

CHEMICALS FOR HEALTHIER ORNAMENTALS

Keeping fungi and nematode populations under control on ornamental plants will make them healthier and more attractive, says Dr. C. W. Horne, Extension plant pathologist at Texas A&M University. The most effective means of controlling black spot and powdery mildew is by chemicals.

Peace Corps Placement Test

Knox County area residents interested in putting their skills to use in developing nations around the world are invited to take the Peace Corps Placement Test at 1:30 p.m. on Saturday, May 18 at Room 2201, New Post Office Building, Abilene.

The Peace Corps uses the Placement Test to determine how an applicant can best be utilized overseas. The test measures general aptitude and the ability to learn a language, not education or achievement. The test requires no preparation and is non-competitive; an applicant can neither pass nor fail.

Persons interested in serving with the Peace Corps must fill out an Application, if they have not already done so, and present it to the tester before the test. Application forms are available from post offices or from the Peace Corps in Washington, D. C. 20525.
