KNOX CITY, KNOX COUNTY, TEXAS 79529 THURSDAY, NOVEMBER 22, 1973

Single Copy Price 15c, Including Tax

**PART IN THE MIA FLAG CEREMONY AT CITY HALL** last Thursday were from left, front row, Faye Rallsback, Abe Watson, L.W. Graham, and Fitzgerald. Back row, from left, Gloria Webb, Doris Crowner, Ken Crowner, Angle, Bill Baker, and Willis Hines. According to Mrs. Rallsback and Bill Fitzgerald, co-ordinators for the event, all 966 mayors in Texas were sent forms to be filled out. These forms asked for their active participation in the "Americans in Motion Missing in Action."

## To Be Carried Through Austin

American flag which rough some 500 hands. City has been disassembled in Austin where it will be carried through the capitol to be presented to the Doph Briscoe at the "freedom tree." Briscoe will then send from Knox City along with other participants to Washington to present to the President. The passing of the flag in Austin was part of a drive to focus attention on the plight of the 1,258 who are still missing in Asia. Of these, 92 are

## Cats Scratch Hounds

The Knox City Greyhounds ended their 1973 football season in Crowell Friday night when they went down to the Crowell Wildcats 34-19. The final District 7-A clashes came off Friday, with Holliday retaining its unbeaten slot. The Eagles slammed Paducah 35-0, thus finishing their regular season unbeaten, and scored on

## Legion's Gift Shop For Wednesday

American Legion Auxiliary have its annual Gift Shop Wednesday afternoon, 2 p.m. at 3 o'clock, at the Veterans Administration Hospital in Dallas. The shop is unable to be at home and have no

## Butlers Move to Cleburne

Mrs. Roger Butler, Donald Ray moved to Cleburne where he has a pastorate of Henest Baptist Church. Mr. Butler has been pastor of the Baptist Church in Knox for the past five years. He is a junior student, and a sixth grader, will be a 4-A Cleburne

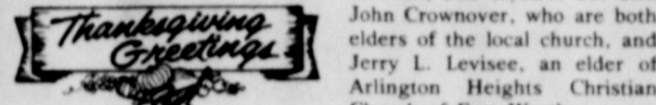

## Long-time WTU Employee Retires

Mrs. Thelma Taylor retired Thursday, November 15, after eleven years as a bookkeeper for West Texas Utilities Company. She and her husband, Glenn, live 18 miles west of Knox City at Taylor Camp on the Four Sixes Ranch. Mrs. Taylor is the mother of three daughters, including Becky, who is now Mrs. Jimmy Baker, and the Home Demonstration Agent at Spur; Margaret, now Mrs. Bob Goss and a Texas Tech student who will assume duties as Home Demonstration agent at Fairview, Oklahoma, upon graduation at the end of this semester; and Doris Howell, who is a freshman student at Texas Tech.

## Ordination Service Set Sunday For Mike Wills

Services for the formal ordination of Mike Wills into the ministry will be held at the First Christian Church Sunday, November 25, at 11 a.m. The sermon will be given by Dr. William E. Tucker, Dean of Brite Divinity School of Texas Christian University. Assisting in the ordination service will be Professor Walter R. Naff, Assistant Professor of Church Administration at Brite Divinity School. Conducting the examination of the candidate will Dr. Harrell Rea, Executive Minister, Christian Church in Texas. Guest soloist for the service will be Mrs. Jerry Levisse of Fort Worth. She will sing "The Lord's Prayer", and will be accompanied by Mrs. Mike Wills. The prelude will be presented by Mrs. Mabel Pyeatt, pianist for the local church. Also taking part in the service will be Judge Lewis M. Williams, Board Chairman and Elder of the First Christian Church, Joe Reeder Jr. and John Crowner, who are both elders of the local church, and Jerry L. Levisse, an elder of Arlington Heights Christian Church of Fort Worth. Mike began serving as minister for the First Christian Church in Knox City in February, 1972. His wife, Marla, and their infant son, Miles, moved here in July, 1972. A native of western Nebraska, Mike studied at the University of Wyoming, Metropolitan Junior College in Kansas City, and is a graduate of Brite Divinity School, Texas Christian University in Fort Worth. Mike served in the military service from 1963-67 as an electronics technician. He was stationed at Biloxi, Mississippi, Kansas City, Missouri, and Thule, Greenland. Marla, a native of Kansas City, Missouri, was employed as a cytotechnologist in a Fort Worth hospital prior to the birth of the couple's son on June 16, 1972.

## This Week News

The Knox County News this week is a special Thanksgiving edition with greetings from Knox City merchants to their friends and customers. The merchants make the special edition possible each year and are extending their sincerest appreciation for your loyal patronage. Looking forward to serving you in the future, they send you one and all best wishes for the happiest Thanksgiving ever.

## S.S. Representative To Be Here Nov. 29

Carl R. Beisner, representative of the Vernon Social Security office, will be at the City Hall in Knox City at 10:00 a.m. on Thursday, November 29. He will take applications for social security. All persons in Knox City and Knox County desiring to file applications for social security benefits are invited to meet Mr. Beisner at this convenient location.

## Methodists Set Conference Sun.

According to Rev. Dick Richards, pastor of Knox City's First United Methodist Church, the annual church conference will be held Sunday, November 25, at the regular 11 o'clock service. Dr. Marshall Rhew of Seymour will conduct the conference, which is the church's annual business meeting. New officers will be elected at the conference meeting, and workers in the different areas of the church will be named. A report on the past year will be given, and plans for the coming year will be discussed. Rev. Richards, who will conduct a short worship service prior to the conference meeting, said this is one of the most important church meetings during the year and urged all members to be present if at all possible. **Did You Know** that Dan L. Steakley - 2209 Marland Wood Road - Temple, Texas 76701 subscribes to The Knox County News? \* denotes district games

## KC Water Superintendent Receives Certification

James Hewitt, Knox City Water Superintendent, has received his "B" Grade Certificate, after passing the examination in Lubbock recently. He has held a "C" Grade Certificate for three years. The "B" Grade Certificate is the highest graded certificate which can be obtained without a college degree. Hewitt completed the requirements and took the examination at the Training School for City Water Department Employees by the State Department of Health in Lubbock November 6, 7, and 8. To obtain a "B" Grade Certificate, a person must have a high school diploma, or equivalent, three years' experience, and 80 hours' training credit at state approved schools held for water department employees. The applicant for a "B" Grade Certificate must also pass an examination which covers fundamental knowledge of the requirements for a public water supply system, interpretation of bacteriological analysis, selection of pumps, well or surface supply sanitary protection, distribution system sanitation, and procedures involved in pipe laying and maintenance. It also covers basic engineering func-

**MRS. EARL BENEDICT SUFFERS BROKEN ARM**  
Mrs. Earl (Carrie Belle) Benedict fell Monday morning of this week and suffered injuries. Mrs. Benedict's left arm was broken just above her wrist and she sustained a sprained ankle, also. She was allowed to return home and her niece, Mrs. Ossie Herring of Lampasas, is here with her.

**DISTRICT CHAMPIONS**, the Benjamin Mustangs, look over a play being drawn out by Coach Benny Grilli, pictured at right. Team members include, from left front row, Ricky Stamps, Sabino Estrada, Kenneth Groves, Keith Conner, and Noel Hamilton. Back row, left to right, are Bobby Brannan, Bryan Bumpas, Terry Cartwright, Russell Hamilton, Jimmy Pierce, and David Milson. (Benjamin School Photo)

## Game To Be At Snyder Benjamin Mustangs To Play Ira For Bi-District

The Benjamin Mustangs are on their way to bi-district after squeezing past the Lueders-Avoca Raiders 63-13 at Lueders last Thursday night. The Mustangs ended their regular season play with a 9-0 record. They are now preparing to meet Ira in Snyder at 7 p.m. Thursday, November 22, in bi-district play. In last Thursday night's action, the Mustangs received the opening kick-off and began driving the ball down to the Raider's goal line. After four plays Bryan Bumpas picked up a fumble and ran it in from 4 yards out with the PAT by Jimmie Pierce good. The Raiders' first possession was short-lived. The Mustangs' strong defense caused the Raiders to fumble on Benjamin's 34-yard line. The Mustangs capitalized on the first play when Keith Conner swept 46 yards around right end for the TD. The Mustangs once more refused to give ground to the hard-charging Raiders. It took the Mustangs only five plays to score as, once again, Keith Conner swept the end for the touchdown. Jimmie Pierce added the two. The final score of the first quarter came when Noel Hamilton hit Russell Hamilton in the endzone with a 30-yard pass. Jimmie Pierce once again added the PAT. The quarter ended with the Mustangs out in front 30-0. The Mustangs once more began working for the Raiders' goal line, and in the opening minutes of the second quarter Bobby Brannan swept around right end for the Mustangs. It was then that the Raiders went to work and, after a long series of passes, the Raiders finally managed to cross over the goal line. They then ran the extra point across, making the score 36-7. Bryan Bumpas returned the Raider kickoff 70 yards for a Mustang TD. The PAT attempt failed. The Raiders burned the Mustangs' secondary on their first play of their next possession when they completed a 66-yard TD pass. The PAT try failed. The Mustang offense moved the ball well on their next possession trying to score before the clock ran out for the half. The Mustangs did score before half when Noel Hamilton completed a 7-yard touchdown pass to Bobby Brannan. Jimmie Pierce added the PAT and Benjamin went into halftime with a 50-13 lead. The Mustangs kicked off to start the second half. The defense held the Raiders and then the offense went to work moving the ball well. Noel Hamilton scored for the Mustangs on a 19-yard run. The PAT failed. Again the Mustangs defense held and the offense took over with good field position on the Raider 4-yard line. Noel Hamilton passed to Russell Hamilton for a TD. This ended the game shortly after the start of the second half because of the 45-minute rule that is applied in six-man football. The final score was 63-13.

## Former KC Resident Receives Promotion

Word was received here last week by Mr. and Mrs. W.E. Clonts that their son, Ken, had received a promotion to corporate technical director of the Merichem Company of Houston. Ken, a 1948 graduate of Knox City High School, holds a degree in chemical engineering from the University of Texas. Employed by the Merichem Company for 18 years, Ken now has two patents on his inventions and has two more pending. He and his wife, Pat, have three sons, Ken II (Yank), 21, a student at Howard Payne College, John, 16, and Randy, 9. They are members of First United Methodist Church of Houston.

**KEN CLONTS** ...promoted

## Bonanza Now Underway

Knox City's Christmas Bonanza is well underway as merchants began handing out tickets with each \$2.00 purchase last Friday. This year tickets are to be signed and the entire ticket dropped in the box at City Hall or in boxes that some merchants are providing in their stores. Businesses who are participating in this year's Bonanza include Baker-Clonts Insurance, B & C Chemical, Bob's Super Save, Citizens State Bank, City Hardware, Clonts Hardware, Counts Insurance, Delma's Beauty Shop, A.P. Denton Grocery and Station, Fabric Shop, Factory Outlet, Gunn Sheet Metal, The Hairdresser, Hamm's Texaco, Jean's, Jerry's Plumbing, H-M Jones Pharmacy, Knox County Lumber, Knox County News, Lewis Body Shop, Lowrey's, M System, Marion's Mobil, Model Cleaners, Opal's Beauty Salon, Penman Oil and Butane, Penman Conoco Service, Perry Brothers, Quintana Oil Co., Riverside Chemical, Skiles Exxon, Texaco, Inc., Thomas Shoe Shop, Wayne's 66, West Texas Utilities, and White Auto Store. The annual promotion is an expression of appreciation from the merchants for "buying at home." Drawings will be held on December 8, December 15, and December 22 at 3:00 p.m. Five tickets will be drawn each Saturday with the first for \$50 and the remaining four for \$25 each. Merchants and employees may not accept tickets from their own firm but may participate in the promotion from other businesses. **VISIT PARENTS** Mr. and Mrs. John Heath and Carol King, all students at Midwestern University in Wichita Falls, visited their parents, Mr. and Mrs. Erwin King Jr. last weekend.

**KC Colored News-Events**

BY ALESTINE FLYE

St. Paul Baptist held Sunday School with a large attendance. Supr. in charge, lesson found Romans 14:1-4, 1 Corin. 8:7-13. Subject: The Strong and the Weak.

For morning service the pastor preach from Matt 8:5. In the afternoon the church were in Haskel for their third Sunday musical. Every choir in their place. For evening service the pastor preach from Psalm 40:1. What he have done for me.

Mrs. Kiser Harris is home after being a patient in the Baylor County Hospital for several weeks, and report doing fine.

Mr. and Mrs. George Washington received word of the death of their oldest son. Will be more about this next week.

**SERVICES OF THE CHURCH OF GOD IN CHRIST**

We thank Missionary Ward for this part of our report. Elder and Mrs. Leon Ward, Missionary Robinson of O'Brien and Bro. Payne of Abilene left Nov. 8 enroute to Memphis, Tennessee, to attend the 9th Church of God in Christ International Convocation.

They arrived there Nov. 9 on Friday when they arrived Missionary Ward and Missionary Robinson went directly to Mason's Temple while Elder Ward and Bro. Payne went about to get them settled concerning their housing. After dinner that evening they attended the night service.

A lot of business was carried on along with the services. The Mason choir was in charge of music and song service each night.

The choir consisted of about 800 members. Missionary Ward said that the choir followed beautifully the lady that was directing the choir.

Services were held inside and outside the temple Missionary Ward and Missionary Robinson attended the outside services. Also where congregational songs were sung and preaching.

Elder Johnson and another elderly preacher conducted the outside services. But there were so many young preachers that preached in the outside services. They were from Boston, Mass., Calif., and the cities of Houston, Dallas, Austin and Chicago. Sis Ward gave special attention to a small boy that played the organ beautifully.

There was so much to be seen and heard. Testimonies were given concerning people going through persecution to hold on to God, one young lady delivered from marijuana and now she is singing gloriously for the Lord. Many testimonies were given of the Lord's healing including deliverance from cancer.

The theme of the meeting was "Reaching the Lost Through Pentecost."

**Streams In Desert Places**

by Orelie Stephens

"For I reckon that the sufferings of this present time are not worthy to be compared with the glory which shall be revealed in us." Romans 8:18

We look again into the deep of our heart to search out the real truth of thankfulness at this Thanksgiving time, there is a breath of joy and praise to God, and the reason for such an experience is our spiritual life. A Christian is a human being with a soul dwelling in his body which is adopted for life on earth. But within that body there is a living soul, and divinely imparted spirit which has come from God and will go back to God in eternity if born again. It is very important that we have this experience. When we do, we have joy unspeakable and full of glory which God has promised in His Word. "Eye hath not seen, nor ear heard, neither hath it entered into the heart of man, the things which God hath prepared for them that love Him." (1 Cor. 2:9)

The very thought of our hope in Christ lifts us to the heights of heaven in our Thanksgiving.

Many messages were preached but these two are of special note. Bishop J.O. Patterson's from Zechariah 8:1-6 and a portion of Revelation. "The Laughing Horse."

Mother Bailey's message was "Women Rising to Greater Dimensions in the Lord," Heb. 1:1 and Isa 2:2.

There are 18 COGIC Colleges located in Ala., Calif., Colo., Fla., Ill., Ind., Kan., La., Mass., Mich., Miss., N.J., N.M., N.Y., O., Tenn., Tex., and Va.

Missionary Robinson was mother of the day representing "Northwest Texas" for our State Mother Books who was ill on Women's Day.

Missionary warned these two testimonies put in print. The young lady that was delivered from marijuana at one time sang with a band in night clubs, she was the daughter of an elder but the Lord has now saved her and she is singing beautifully for the Lord.

The other testimony was of a lady who was an alcoholic and each time that she was carried to the hospital to be dried out she was taken to the same hospital and now since she is saved she has been made the head administrator of the same hospital for alcoholics where she was a patient.

Bishop J.D. Patterson is presiding Bishop of the Church of God in Christ, Inc. and Mother Bailey is International Supervisor of the Women's Dept. COGIC.

We are thankful that the Wards and others returned safely on this past Wednesday night. They told of the blessings of the Lord in this trip.

**HELP WANTED - Maintenance** employee for Guthrie Schools, Box 1, Guthrie, Texas 79236. Salary above minimum wages. School District furnishes house, utilities, and medical insurance coverage on the employee. Overtime hours worked each week. 11-15 3c

## Benjamin School News

**THANKSGIVING PRAYER**  
approaches once again our thoughts are in thanks in a humble

here at 6:30 p.m. The team is looking forward to this game because it will be our first real game. The final results will be in next week's paper.

### EIGHTH GRADE NEWS by Johnny Brannan

The eighth grade class of Benjamin Junior High is selling candles. We have a variety of 12 different cylinder and animal shaped ones which are very attractive. The cylinder candles are \$1.25 each and holders are 75c. The animal candles which do not have holders are \$2.00 each and will make nice Christmas gifts.

### SEVENTH GRADE NEWS by Betty Clower

The Seventh Grade of Benjamin Junior High is selling Mrs. Leland's Old-Fashioned Candy for \$1.25 a box. The candy is going fast because everyone likes Polywogs.

### F.F.A. NEWS

The Vo-Ag class at Benjamin, last Thursday, completed work on a new feed storage shed to be used at the F.F.A. School Farm. The students who did the planning of the building and most of the work on the shed were Noel Hamilton, David Golden, and Apolonio Estrada.

Others assisting with the construction and moving of the shed to the farm were Vicki Terry, Keith Conner, Kenneth Groves, Sabino Estrada, and Russell Hamilton.

The 1972-73 school year was the first year that the F.F.A. school farm was in use. Since the farm was first used, nine sheds have been either built or repaired for use at the location. Sheep and pigs are presently being kept there. These animals are the livestock projects for students in Vocational Agriculture and are fed and cared for under the supervision of Vo-Ag teacher Gary York.

### BENJAMIN COMMUNITY THANKSGIVING SERVICE

Last Wednesday evening approximately 200 persons attended the annual Community Thanksgiving Service held in the gymnasium of the Benjamin School.

Following the covered dish meal served by the women of the community, an inter-denominational worship service was held. Rev. Burtis Whyte of Abilene, pastor of the First Christian Church in Benjamin brought the message. Terry Cartwright, minister of Benjamin Church of Christ, presided at the service and led the singing. Rev. Dick Richards, pastor of Benjamin United Methodist Church read the scripture using Psalm 100. Rev. Woolley, minister of First Baptist Church in Benjamin reported on the Ministerial Fund and explained its uses in the community before taking the evening's offering.

Each church in the community was represented on the program. The Methodist Church was in charge of the litany which was led by Kenneth Roberts. Mrs. Woolley presented a chorus of girls from the Baptist Church. The Church of Christ children and youth chorus presented several numbers led by Terry Cartwright. The Christian Church presented a men's quartet and a group of girls from Abilene in several numbers.

The gymnasium was beautifully decorated in an early Thanksgiving theme featuring a shock of feed, corn roasting over an open fire, and autumn leaves and flowers. The head table was centered by a cornucopia.

### ENERGY TALKS

By Warren B. Davis  
Director, Energy Economics  
Gulf Oil Corporation

"Would higher gasoline and automobile taxes help alleviate the shortages?"

"They probably would help, but they would only be half a solution. You can discourage the use of gasoline by higher taxes, but you cannot create more supply with taxes. The best way to balance supply with demand is to let prices seek their natural level."

### SENIOR NEWS

**by Martha Jones**

The Senior Class had a meeting Monday night at 6:30 to decide where to go on the Senior trip. Results of that meeting will be in the paper next week.

The Junior-Senior Thanksgiving Supper was a huge success. The Seniors would like to thank everyone who took the time to come and eat. Also, we would like to thank Mrs. Richardson, who was in charge of the whole thing, and all the mothers who worked. We couldn't have done it by ourselves!!!!

### JUNIOR CLASS NEWS

We had a good turnout for our Jr.-Sr. Thanksgiving Supper. Everyone worked hard and the town supported us, so it could not help but be a success. Thanks!!!

Brenda Harris was a candidate for Miss Firefighter two

weeks ago at the bonfire. There is a new class this year called Horticulture, and several Juniors are taking this course. These are Mike Logsdon, Anita Ellison, Sherry Mangis, David McCaughey, Cindy Albus, Bruce Railsback, and Sammy Valdez.

The Junior Class will be losing a student this week. David Butler is moving to Ceburne where he will begin school after the Thanksgiving holidays.

### SOPHOMORE CLASS NEWS

**by Al Bateman**

Football season is over and basketball is here. The boys started practice this week. The girls played a scrimmage against Aspermont last week and won.

The Ag II boys have all of their projects ready for show-time. They are still selling fruit, but they won't be much longer.

so you need to get some now. We got a four-day weekend this week because of the Thanksgiving Holidays. We still must go to school on Monday morning.

The Drivers' Ed people are on their way to getting their licenses because the school got a new Driver's Ed car last week.

### FRESHMAN CLASS NEWS

**by Troy Lewis**

Last week the Hounds were beaten by Crowell. This week the Hounds will start basketball. I think the Hounds will have a good team this year. This week will be a short week because of Thanksgiving and school will be turned out on Wednesday at 2:30.

### CHOIR NEWS

**by DeLacy Bateman**

The choir has been practicing some new Christmas songs and polishing some old ones to get ready for our program on Monday, December 10. A couple of our new songs are "The Little Drummer Boy" and "The Carol of the Star."

As a reminder to mothers, the uniforms must be made by December 10. If you have not gotten your material yet, it is available at the Fabric Mart now.

### HOME MAKING I NEWS

**by Sherry Jackson**

This week we made cinnamon rolls and biscuits. Friday we made our first complete breakfast. Some kitchens made eggs and some just made rolls and sausage. It all turned out really good. We hope you enjoyed the Thanksgiving Supper that the Juniors and Seniors had.

### BAND NEWS

**by Martha Jones**

The Crowell football game was the last game to march at this year. Several Seniors marched for the last time, but nobody cried.

The Band will be working on concert music from now on. Mr. Glaze ordered some Santa Claus music for the Christmas season and in January we will be getting ready for concert and sight reading contest.

### EIGHTH GRADE NEWS

**by David Anderson**

Last week school pictures were taken. Unfortunately many cameras were broken.

Also last week the Junior High Boys and Girls played in the O'Brien Basketball Tournament. The boys won consolation and the girls won second.

This week the eighth graders are looking forward to Wednesday afternoon at 2:50 p.m. when we can go home and be lazy for four days.

### SEVENTH GRADE NEWS

**by Terry Card**

This last week in basketball the boys won 2 and lost 1. We lost to Rule but came back to beat Benjamin and O'Brien. Out of the first ten starters, two are seventh graders.

Our mission in Social Studies class turned out well. We had four different groups to work in.

Wednesday, we had to say a poem about Thanksgiving in Reading class.

Wednesday we got out at 2:50 and are out Thursday and Friday for the Thanksgiving Holidays.

### IN ABILENE

Stacy Angle was in Abilene Saturday morning at the Municipal Airport where Paula Harper, 1974 Miss Teenage Abilene, left for the Miss Teenage America pageant to be held in Fort Worth this Saturday evening. Paula was accompanied to Fort Worth by her official chaperone, Mrs. Kay Denkhoff.

Stacy, who was first runner-up for the "Miss Teenage" title in September, was accompanied to Abilene by her father, Buddy Angle.

## Lunchroom Menu

### BREAKFAST MENUS:

- NOV. 26-30, 1973
- Monday:** Orange Juice, Buttered Toast with Jelly, Milk
- Tuesday:** Orange Juice, Slice Bacon, Buttered Toast with Jelly, Milk
- Wednesday:** Banana, Ready to Eat Cereal, Buttered Toast, Milk
- Thursday:** Grape Juice, Scrambled Egg, Buttered Toast with Jelly, Milk
- Friday:** One-half Orange, Doughnut, Milk

### LUNCH MENUS:

- NOV. 26-30, 1973
- Monday:** Fish Sticks, Cream Peas, Buttered Beans, Orange Slice, Thick Sliced Bread with Butter, Coconut Cake Squares, Milk
- Tuesday:** Enchiladas, Yellow Wax Beans, Cole Slaw, Slice Bread, Banana Pudding, Milk
- Wednesday:** Meat Loaf, Buttered Corn, Seasoned Greens, Peach Cobbler, Corn Bread with Butter, Milk
- Thursday:** Pinto Beans with Ham, French Fries, Tomato Relish, Corn Bread with Butter, Apple Delight, Milk
- Friday:** Baked Chicken, Mashed Potatoes, Green Salad with Fresh Tomatoes, Hot Rolls with Butter, Honey, Milk

## School Calendar

- Nov. 22, 23: No school, Thanksgiving Holidays
- Nov. 26 Jr. High basketball at Haskell, 6 p.m.; FTA meeting at 7:30.
- Nov. 27: "B" boys, girls, "A" boys Basketball at Haskell, 5 p.m.
- Nov. 29: Fruit Sale Ends

## Pups Win Consolation

The Knox City Junior High Greyhounds opened their season at O'Brien's annual Junior High Tournament last week.

Teams were entered from Knox City, O'Brien, Rule, Wrennert, Rochester, Benjamin, Paint Creek, and Luaders-Avocas.

The Pups lost the first round game to Rule 43-29, but won their second game with Benjamin 45-25.

In Saturday night's finals, the Pups won consolation with a decisive 51-30 win over O'Brien Junior High.

According to the Pups coach, Jimmy Rogers, the Pups averaged 37 points per game, with David Anderson high point scorer with 12 points per game, followed by Tommy Mangis and Mike Howell with eight points each, Junior Gonzales with six, and Mark Clonts with three points.

### WEEKEND GUESTS IN HARRISON HOME

Guests in the home of Mr. and Mrs. Bob Harrison during the weekend were their son, Rob, of Dallas, Diane Clonts, Mrs. Harrison's mother, Mrs. Marshall Day of Alamogordo, New Mexico, and her aunt, Mrs. Grace Morrow of Sput.

Also joining the group were Mr. Harrison's parents, Mr. and Mrs. R.L. Harrison Sr. of Jayton, his sisters, Juanelle and Beth and their families, Mr. and Mrs. Tucker Reeve and Stacy of Jayton and Mr. and Mrs. Marvin Mays and Pepper of Edmond, Oklahoma.

### FROM LUBBOCK

Mr. and Mrs. George Egenbacher, Tony and Kristie of Lubbock spent the weekend here with their parents, Mrs. Lola Belle Egenbacher and Mr. and Mrs. Allen Lowrey.

## Coaches' Comments

### by Coach Don Mullins

We knew Crowell was going to be tough to beat, and with three of our starters out early in the opening quarter, it made it that much harder.

Randy Egenbacher didn't suit out due to flu all week, and the Hounds lost the services of Joe Huff and Donald Swearer early in the first quarter. Huff had a scratch on the right eye, and Swearer sustained an

ankle injury. These three out of the game made a big difference, especially on defense.

None of the injuries are serious, but caused some readjustments in personnel.

We haven't graded the film, but Charlie Fye had a good night with well over 150 yards from the line of scrimmage. Stanley Newton and Cliff Ray headed up the defense that gave way to the second highest point allowed in four years (34).

We hate to see the season end so early, but are already looking forward to next year's team, which could be one of KC's best ones. We are counting on this year's sophomores to fill in five or six holes vacated by graduating seniors.

Under the circumstances of early injuries, we thought the Hounds did a great job in representing Knox City this year.

We want to thank the people who supported us this year, and hope to have the same support during our winter and spring sports.

## Hospital News

### PATIENTS DISMISSED SINCE 11/11/73

- Knox City:** C.H. Montgomery, W.B. Hudson, Laverne Hewitt, Park Woodward, Mary E. Manuel and Ruby Girl, Carrie Dunnam, Nathan Mason, Vida Williamson, Domingo "Sandy" Bernal
- Monday:** Ada Hicks, Debbie Ford and Baby Girl, Gordon Cole (deceased), Thelma Smith, Ida Voss, Billie Reynolds and Baby Boy, Bernice Newbrough, Lawrence Fricke, Jeannie Hemmingway and Baby Girl
- O'Brien:** Max Rocha, Ella M. Wallace
- Rochester:** Jeff Wilson, Pansy Russell, Velma Scoggins, Mary Hutchens
- Gilliland:** Lois Welch, Mildred Cook
- Goree:** Mary Irene Flores

### PATIENTS IN KNOX COUNTY HOSPITAL ON 11/17/73

- Knox City:** Leone Thomason, O.A. Green
- Rochester:** Ben Williams

- O'Brien:** Annah Johnston, Baby Boy Wallace

### LIEBS ON HUNTING TRIP IN KANSAS

Mr. and Mrs. Arche Lieb and Charlie will spend the Thanksgiving holidays on a pheasant hunting trip in Johnson, Kansas.

### FROM CANYON

Miss Becky Swain, student at West Texas State University in Canyon, visited her parents, Mr. and Mrs. Cliff Swain, and Joey over the weekend.

### FROM LUBBOCK

Mrs. Johnny Joiner and her mother, Mrs. Alice Dutton, both of Lubbock, attended to business in Knox City last weekend and visited with Mrs. Buck Pripps.

## KC Pupettes Open Season

The Knox City Junior High Pupettes took a second place trophy in the annual O'Brien Junior High Tournament.

The Pupettes fell to O'Brien 27-20 in the tournament finals Saturday night, after having won their first and second games.

The Pupettes defeated Rule 46-24 in the first round of play Monday night. The second round saw the Pupettes defeat Luaders-Avocas 44-18, which put them in the Saturday night finals.

The Pupettes' next game is set for Monday, November 26, in Haskell. The Pups will also play at Haskell. The games start at 6 p.m.

# THANKSGIVING

A Day for Thoughtful Joy

Plymouth Rock, December 1690. A brave group of voyagers stepped ashore to begin a life of freedom. We give thanks for their undaunted courage.

**SMITH FUNERAL HOME**

KNOX CITY, 658-3251

# THANKSGIVING DAY 1973

The historical background of Thanksgiving reminds us that initiative is one of the keys to success.

The hardy Pilgrims of Plymouth demonstrated that opportunity was the willing to work for it. The Colonists' privations of an untamed wilderness, muscle and perseverance to work out. They did not push a panic button for "try" to hail them out.

Just as incentive was the motivating forefathers and freedom their goal, so be uppermost in our minds today.

Yes, we do have a different world, a long way in social, educational, scientific progress. But we must have dedication to freedom to spark our work and prosper. Let us have more to perpetuate this freedom, so we can prosper—under Divine guidance—proving the Colonists' example.

# Former Knox County Man Named Alumni Official

William T. Ward III of Colorado, current president of the Colorado State Alumni Association, named director of the state's alumni relations. He is the son of Mr. and Mrs. J. Ward, former Benjamins, who now live in Colorado. His mother, Mrs. J. W. Melton, was appointed to the position Sept. 21 at a regular meeting of the

State Board of Agriculture. Ward will report to Dr. C.W. Hotchkiss, associate vice president for student relations. R. Ray McFarland, Fort Collins, replaces him as president of the Alumni Association, and J. Vic Ostermiller, Fort Morgan, Colo., moves into McFarland's vacated first vice president spot. The second vice presidency will remain open until the end of the year. Ward, 36, succeeds Jasper J. (Jap) French who retired this year after serving since 1946 as

WILLIAM T. WARD

executive secretary to the Alumni Association. Ward was born in Benjamin, Tex., and in 1953, moved to the Midway Ranch in Colorado which his father had purchased in 1947.

He has been involved in the land and cattle business since his graduation from CSU in 1957 with a bachelor of science degree in physical education.

While a student, he served as president, vice president and treasurer of Phi Delta Theta social fraternity, and served on the Inter-Fraternity Council (IFC). He was a delegate to the National Fraternity Conference for two years and in 1956, was a delegate to the National IFC Leadership Conference. Ward also was a member of the student newspaper staff.

Following graduation, he was a partner with his father in a ranch operation for two years, worked for Columbia Savings and Loan Association for a year and taught elementary mathematics and science in Colorado Springs for a year.

He turned to ranching in 1961, and in 1970, when the operation was sold to Ingersoll Republic Corporation, Ward became an administrative executive for the firm which developed Rancho Colorado on the site south of Colorado Springs.

In 1969, Ward and three other persons formed the V-W Cattle Company in Wray, Colo., a commercial feeding operation. He is secretary of the board of directors of the company which is currently constructing a second facility near Wray.

He has been a member of the board of directors and secretary to the Colorado Springs Junior Chamber of Commerce; a member of the Agricultural and Stabilization Committee in El Paso County; associate director of the Colorado Springs Produc-

tion Credit Association which serves 15 eastern Colorado counties; and a member of the board of the Soil Conservation Society of America.

He has been a member of the District No. 28 school board for 12 years, has served as its secretary and currently is vice president, Hotchkiss said.

Ward's alumni activities include terms as president and vice president of the Pike's Peak Chapter of the Alumni Association. In 1966 he was named an "outstanding young man of America" after being nominated by the association.

Ward and his wife, the former Donna Denny, are parents of four children, Billy, 13; Bonnie, 11; Scott, 9; and Kevin, 6.

## HEWITT From Page One

tions and computations needed in the operation of a water or sewage plant.

Under Texas law, all water plants must be under the supervision of a competent waterworks operator holding a valid certificate of competency issued under the direction of the Texas State Department of Health.

Hewitt, employed by the city water department since 1968, is a member of Lone Star Water Utilities Association. Water department employees from some eighteen area towns belong to this association. Other members of this association are water department employees from O'Brien, Rotan, Hamlin, Knox City, Weinert, Rule, Benjamin, Throckmorton, Aspermont, Merkel, Munday, Goree, Haskell, Rochester, Anson, Roby, and Sweetwater.

The Hewitt family moved to Knox City from O'Brien several years ago.

Hewitt and his wife, Laverne, are parents of four children. They are Mike and David, both of Lubbock, Gary, who is employed by the local M System Super Market, and Melinda, a sophomore student at Knox City High School.

They also have one granddaughter, Michele, of Lubbock.

## Highway Patrol Investigates Eight Accidents

The Texas Highway Patrol investigated eight accidents on rural highways in Knox County during the month of October, according to Sergeant J.W. Garner, Highway Patrol supervisor of this area.

These crashes resulted in one person killed and none injured. The rural traffic accident summary for this county during the first ten months of 1973 shows a total of 63 accidents resulting in three persons killed and 27 persons injured.

The rural traffic accident summary for the 60 counties of the Lubbock Department of Public Safety Region for October, 1973, shows a total of 664 accidents resulting in 31 persons killed and 377 persons injured as compared to October, 1972, with 605 accidents resulting in 20 persons killed and 280 persons injured. This was 59 more accidents, 11 more fatalities, and 97 more injured in 1973 at the same period of time.

The 31 traffic deaths for the month of October, 1973, occurred in the following counties: Moore, Lubbock, Wichita, and Wise, three each; Dallam, Hale, Jack, Lamb two each; Carson, Castro, Deaf Smith, Donley, Gray, Oldham, Randall, Wheeler, Bailey, Clay, and Knox, one each.

# Immunization Campaign Results In Increases

Increases in immunization of youngsters against childhood diseases ranging up to 32 percent for one disease have been recorded in Texas as a result of a month-long campaign in October, it was reported today by Howard D. McMahan of Dallas, regional director for the U.S. Department of Health, Education and Welfare.

"But, although the campaign is over, we still must encourage parents of young children in our five-state area to see that their children are immunized against

such diseases as rubella, measles, polio, diphtheria, tetanus, and pertussis (whooping cough)," McMahan warned.

"There is somewhat of a problem because parents don't worry too much about these diseases as a result of the vaccines that have all but eliminated them from the list of common childhood problems," McMahan continued.

Congratulating Texas, McMahan said, "Preliminary reports indicate total doses administered during October hit 331,151, an increase over last October of 32 percent in the five states of Texas, Arkansas, Oklahoma, Louisiana, and New Mexico.

Conducted through state and local health departments, immunizations in Texas totaled 23,000 for rubella (up 20 percent); 22,200 for measles (up 27 percent); and 94,470 for polio (up 32 percent).

Figures for the campaign in the five-state region were up 32 percent, with a total of 331,151 doses administered.

## STUDENT SOCIAL SECURITY BENEFITS

Are you drawing Student Social Security Benefits? If so, you must notify your nearest Social Security Office if you change schools, drop classes, stop attending school, get married, or change your mailing address. Also you must report if you go to work and will earn more than \$2,100.00 in a year.

## HOLCOMB TO BE RELEASED FROM HOSPITAL SOON

Drew Holcomb, who has been undergoing medical treatment since September in a San Antonio Hospital, is reported to be doing fine.

According to his wife, Fern, he will probably be dismissed some time this week.

**A SERMON IN SOAP**  
This article, "A Sermon in Soap" was brought by the News office recently by Mrs. Bob Harrison. Mrs. Harrison read it in *The Texas Spur* and Spur had taken it from Wendell Tooley's column in *The Floydada Hesperian*. Its "sudzy" call to worship has many truths.  
"A SERMON IN SOAP"  
"Duz you Dreft with the Tide? Vel, now is the time to Cheer up. If you want real Joy, the Trend is to Breeze to church on Sunday. Too many people Woodbury their heads in a pillow or work to make their cars Sparkle, forgetting that the Lord's Day is made for Lestoil. When the Lord is put first, a Dove will never need to be sent S.O.S. Maybe we ought to Dial you to remind you of the Ivory palaces younder. Worship is your Lifebuoy. So Wisk yourself out of bed next Sunday. Dress up Spic and Span and Dash like a Comet to Sunday School and church. As you sing Praise to God and hear His words, you'll feel like Mr. Clean all week."

**THANKSGIVING BRINGS NOVEMBER NOSTALGIA**  
Holidays always make us think of bygone days and we often recall happy celebrations that took place in past years. Family gatherings are especially apt to bring up talk of "the good old days." And, although most everyone says they are gone forever, we are trying to bring them back.  
Remember when you went into a pharmacy and knew everyone in the store? And people really cared about serving you? It's still our policy to treat our customers the way they remember from "the good old days." Personal interest, friendly courteous service and fair prices need not be a thing of the past.  
"A GREAT MANY PEOPLE ENTRUST US with their prescriptions, health needs and other pharmacy products. We consider this trust a privilege and a duty. May we be your personal family pharmacy?"

KNOX CITY, TEXAS

# Wrangler Belles in Macy's Parade Thursday

Texas will be dramatically represented in the 1973 MACY'S THANKSGIVING DAY PARADE in New York this year when the Cisco Junior College Wrangler Band and Belles from Cisco make a return appearance in the famous Broadway parade. The Cisco unit is scheduled to be a featured attraction of the event which will be nationally telecast on the NBC and CBS networks to an audience estimated at upwards of 50 million on November 22.

The CJC Band and Belles were also featured in the Macy's parade in 1971, and their successful performances then won them a return invitation from Macy's officials.

To many Americans, Macy's annual parade extravaganza is as much a part of the holiday as

cranberry sauce. The arrival of Santa Claus in Herald Square, the huge balloons, immense floats, the costumed marchers, and brass bands are eagerly awaited by curbside crowds as well as the nation-wide television audience.

The Cisco band and girls' dance-drill team have been busily engaged in rehearsals for the parade in recent weeks, and have also taken the time to help raise thousands of dollars to charter a commercial jet airliner to transport them from Texas to New York. Much additional financial help has come in the form of cash donations from friends of Cisco Junior College in Cisco and throughout Texas, with some donations even coming from out of state.

The 54 bandmen and 32

Wrangler Belles will leave Cisco bright and early Wednesday morning, November 21, via chartered busses for Dallas Love Field where they will board a chartered American Airlines 707 jet for JFK airport in New York. They will rehearse on the street in front of Macy's on Wednesday evening, participate in the parade activities Thursday morning, and then enjoy a Thanksgiving Dinner at the Alpine Cellar of the McAlpin Hotel, their New York headquarters, following the parade. Thursday night they will be treated to the Christmas

show at New York's famous Radio City Music Hall and Friday they will tour Manhattan Island, the Statue of Liberty, and the United Nations. They are scheduled to fly back to Texas Friday night, arriving at Cisco around midnight.

Mr. Douglas Fry is director. Choreographer for the Belles is Mrs. Patty Harper, and Eris Ritchie, CJC Public Relations Director, is coordinator of the two groups and in charge of all arrangements for the New York trip and Macy's appearance.

## NEWS of Science

TECHNOLOGY FOR A BETTER WORLD

### Earthquake Forecasting--The Possible Dream

Each year, an average of 10,000 people are killed by earthquakes! Hundreds of other potentially destructive seismic shocks are ignored in the newspapers because they occur in remote, sparsely populated areas of the earth. While it's taken for granted that Californians live atop one of the most active earthquake zones in the world, most of the states west of the Rockies are earthquake prone. Certain eastern states and many areas of the world, though previously stable, are far from immune from quakes.

Because of this possibility for major disaster, projects are underway in the United States, Japan, and the Soviet Union to develop a method of accurately forecasting earthquakes before they strike. In the September issue of SPECTRUM, published by the Institute of Electrical and Electronics Engineers, Senior Staff Writer Gordon Friedlander has reviewed these efforts.

Mr. Friedlander compares the art of earthquake forecasting to that of weather forecasting 50 years ago. Scientists at the National Center for Earthquake Research, U.S. Geological Survey, Menlo Park, California, are more optimistic. They believe that quakes can be forecast with some degree of accuracy. However, while most scientists believe that earthquake predictions will be made as readily as weather forecasts are reported today, the attainment of a large-scale operational earthquake-warning grid is still some years off.

The ability to forecast quakes has been a major objective of engineers and scientists since the beginning of the science of seismology. A wide range of instruments have been developed to detect, measure and record the seismic shocks. While most of the earlier instruments were principally mechanical in nature, the newer instruments are predominantly electronic. Large fast computers and a worldwide network of standardized seismographic stations have provided a powerful forward thrust to the field.

Since Japan has been subjected to the greatest number of severe earthquakes in the world, it is understandable that they have

This Veterans Administration hospital in San Fernando, California collapsed moments after an earthquake in 1971.

had a well-funded and well-planned program of forecasting since 1965. Since about 20% of land in the Soviet Union is subject to earthquakes, the Russians have also developed programs to better understand these phenomena better. As for the U.S., with the high probability of severe earthquakes in the Western states, several studies are underway.

Reliable forecasting methods are valuable, not only to warn people of the danger of a possible quake, but to prevent additional casualties resulting from the ensuing events such as fires and explosions. These result from ruptured gas lines, gasoline storage tanks, power lines, and transformers, etc. For the SPECTRUM article, Mr. Friedlander spoke with Dr. Norman Hernandez, a professor of electrical engineering at the University of Washington, Seattle. Dr. Hernandez suggested that all utilities be equipped with automatic sensing devices that would interrupt services instantly when earthquake shocks reach a predetermined dangerous magnitude.

No reliable methods of forecasting are available today. However, with the development of new electronic technology and dedicated scientific research, results should lead to the reduction of the annual casualty toll caused by earthquakes.

BILLY DAN FOSTER AND BILLYE BETH BERRY

...engaged

## January Wedding Plans Announced

Mrs. W.D. Berry of Sulphur Springs announces the engagement of her daughter, Billye Beth, to Billy Daniel Foster, son of the Rev. and Mrs. B.J. Foster of Anton.

Miss Berry is a student of Texas Tech University in Lub-

bock. Foster, a graduate of Texas Tech, is presently employed by Producers' Co-op of Anton.

The wedding is scheduled for January 5, 1974, in the First United Methodist Church of Sulphur Springs.

## Billy Graham Movie Scheduled in Haskell

TIME TO RUN, a new feature Billy Graham movie, is scheduled to run at the Texas Theatre in Haskell on Nov. 26 and 27. Showing times are 6 p.m. and 8 p.m.

Filmed on location in the Southern California area, TIME TO RUN stars Ed Nelson, Randall Carver, Barbara Sigel, and Joan Winmill.

TIME TO RUN has been viewed by over one million people with tremendous impact. It allows the viewer to become involved on several levels. Be-

sides being full of suspenseful entertainment, the action includes conflicts that are tearing a family apart - conflicts that develop between husband and wife, and between father and son. In an attempt to find freedom from the ever-growing hostilities, the son takes to the road, hoping to discover some meaning in his confused life.

Approached from a religious perspective, TIME TO RUN is a modern prodigal story: a feud between father and son, and a dramatic return. The son, in an avalanche of personal problems, finds himself at a Jesus people gathering where he glimpses the possibility of a new life-style based on love and understanding.

Regardless of what the viewer draws from the movie, TIME TO RUN can help strengthen love relationships between people. It is a movie that was made for families to attend-together.

Advanced tickets at a reduced price are available at Oates Drug in Haskell.

### Dental Facts

Unless a child who wears braces brushes his teeth carefully after every meal, bacteria can get in the wires of the braces and cause periodontal problems, a Public Affairs Pamphlet on teeth explains. However, many individuals who wear orthodontic appliances, including braces, find that the touch of most toothbrushes makes brushing hurtful.

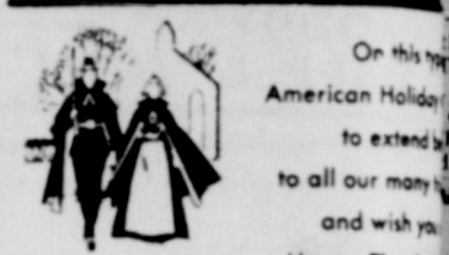

A new toothbrush recently made available by Block Drug Company may prove helpful. The new brushes, called Sensodyne Gentle, have ultra-soft, gentle bristles and are designed to make it possible to reach into difficult areas to maintain preventive brushing.

## Bible Facts

Looking at human life in practical terms, the Bible encourages good, hard work: "A slack hand causes poverty, but the hand of the diligent makes rich."

## THANKSGIVING DAY Greetings

Lewis Paint & Body  
KNOX CITY

Let us all give heartfelt thanks for the heritage of freedom that is ours. Let us resolve to keep America a land for which our children will still give thanks.

We appreciate your patronage and hope to serve you soon.

**ENERGY TALKS**

By Warren B. Davis  
Director, Energy Economics  
Gulf Oil Corporation

"Would higher prices for crude oil and petroleum products just be a windfall profit for the oil companies?"

"If you increase the price of oil, experience has shown that it increases the drilling rate. Thus, the higher revenue that was generated by the higher prices would not necessarily go into oil company profits but would probably go into the development of additional oil supplies. Oil fields come in all sizes and shapes... and they have varying costs. Some are very low cost and they vary to some that are very high cost. If you insist on prohibiting the people with low cost from making high profits then you're going to prevent the people with high cost oil fields from producing the oil at all. In any natural resource, if you insist on eliminating any profits from low-cost operations, then you're going to deny the public the resource in the high-cost fields."

**USE THE CLASSIFIEDS**

**Thanksgiving Greetings**

**MAY YOUR DAY BE BLESSED WITH HAPPINESS**

As we dine with all of our family and friends, let us remember to give thanks for all our blessings.

**Knox County Lumber**  
Jim Ross, Mgr.

**This Thanksgiving Day**

In this wonderful land of golden wheat, Where life is easy, and freedom sweet, Where cotton grows and corn stands tall in rank, For this wondrous land, let us give thanks.

Give thanks for those who die so we may live, Show respect for all, whatever they give, Let us give thanks on this Thanksgiving Day For the right to worship, work, and play.

Thanks for our flag, that stands so tall and proud, Thanks for the prayers that we can say aloud, Thanks for our teachers and our many schools, The ability to learn and not be fools.

As winter nears and just before the snows, Let us thank the Lord for all that grows, Thanksgiving's here and leaves begin to fall, Give thanks for life, for love... for all.

## Brush Control Needed

Now is the time to make plans for brush control and range seeding, according to Arche Lieb of the Soil Conservation Service. The best time for brush control and seeding is Dec. to June 1st, and preferably the months of February and March so as to take advantage of the spring rains in April and May, Lieb said.

Lieb stated seeding of native rangeland must be done following seedbed preparation made by mechanical brush control such as rootplowing, tree dozing or root raking. The seeding operation can be done during the plowing operation or by hand following tree dozing.

One of the major conservation needs in Knox County according to Lieb is the control of Mesquite brush. Records indicate that brush control is needed on 130,000 acres and seeding on 10,000 acres in Knox County.

Pastures must be deferred from grazing following brush control and seeding if good results are to be obtained. Pastures should be rested for a full growing season.

A good example of range seeding following brush control can be seen on the E.A. Horton farm south east of Munday,

Texas. The SCS will assist Eugene Brown and Bob McWhorter of Munday with brush control and seeding during the next growing season.

Cost share assistance is available for brush control and range seeding from the Great Plains Conservation Program. Lieb advised interested parties to secure further information concerning seeding rates, seed costs, brush control costs, and cost sharing from the local SCS office in Knox City.

### Mrs. Teague Hosts

### H.D. Club Tuesday

The Knox City Home Demonstration Club met Tuesday, November 6, in the home of Mrs. Jessie Teague.

"Twenty Ways Not To Be Gypped" was the subject of the program presented at the meeting by Mrs. Marshall Wilson and Mrs. M.L. Cowan.

Refreshments were served to eight members and a guest, Leah Boone, by hostesses, Mrs. Teague and Mrs. B.B. Hendrix.

## Farm And Ranch News

By Herman Collier

### LAND, PEOPLE PRODUCE MIRACLE

The production of high quality food and fiber is a modern day miracle, contends an economist for the Texas Agricultural Extension Service. During November, which is Food and Fiber Appreciation Month, Texans are invited to take a close look at the agricultural industry of their state. Agriculture is a \$10 billion industry in Texas. It employs 30 per cent of the state's labor force. Of the state's 168 million acres of land area, 142 million are devoted to agriculture. Texas leads the nation in producing cotton, grain sorghum, rice, cattle, sheep, goats, wool, and mohair.

### TEXAS TURF GRASS CONFERENCE

The 1973 Texas Turf Grass Conference will be held in the J. Earl Rudder Conference Center at Texas A&M University, December 10-11, 1973.

The program is designed to be especially helpful to those who manage extensive turf areas such as golf courses, school grounds, or parks.

### RETIREMENT PLANNING SAVES TAXES

Farmers, ranchers, and other self-employed individuals can save on tax dollars by starting a tax sheltered retirement plan, says an economist for the Texas Agricultural Extension Service. This is commonly called the Keogh Plan and is available through many banks, insurance companies and mutual funds. Up to 10 per cent of earned income or \$2,500, whichever is less, can be invested each year in an approved retirement plan. Earnings on the money are not taxable until the individual retires. Before a retirement plan is started, a proposal must be filed with the Internal Revenue Service.

### CATTLE LICE

Cattle lice cause heaviest damage to livestock in Knox County during the winter and spring but populations of these lice begin to build up during the fall months. To delay and minimize the build-up of lice populations, producers should inspect and treat cattle during the fall.

After control measures have been applied, newly purchased cattle should be treated for lice before being introduced into the herd. Cattle lice will spread rapidly from infested animals especially when cattle bunch up due to cold weather conditions or when the cattle are penned for an extended period of time. Cattle should be inspected periodically throughout the winter and spring and control measures should be applied when the lice populations become excessive.

Heaviest lice infestations usually are present on cattle during the late winter and early spring. Heavily infested animals may be weakened by blood losses to the point they are more susceptible to disease and some may die. Lice also keep cattle from making maximum weight gains and reduce milk production.

For control of cattle lice various insecticides can be used as a spray, dust, or dip. Information on these insecticides is contained in MP-691, "Suggestions for Controlling External Parasites on Livestock and Poultry." This publication can be obtained from your County Extension Agent's Office.

### UPDATE YOUR ESTATE

Value of farm and ranch land has increased 10 per cent during the past year and all indications are that this climb in value will continue.

When it comes to distributing property, a will is an invaluable document. The legal advice of an attorney in this matter is important.

Plan to attend the Estate Planning Meeting Monday, December 10, 1973, at the Texas A&M Vegetable Research Center for more information on estate planning.

### FERTILIZER SUPPLIES TIGHT

There is much concern and uncertainty about the supply of most nitrogen and phosphorus fertilizers for use this winter as well as next year.

Limited power sources for processing phosphates plus export contracts have caused suppliers to allocate materials to dealers in amounts lower than those of last year. It is anticipated that the shortage will continue into next year at least.

Nitrogen materials are also in short supply due to natural gas limits. If production is again limited this winter, supplies will be especially short next year.

Potash supplies look favorable if transportation is available to move them when needed.

With the anticipation of limited fertilizer supplies, it is more important than ever to base fertilization practices on soil and crop requirements. It may even be necessary to establish priorities as to where to apply the fertilizer that can be obtained.

Since the time of applying phosphorus can be varied without a high risk of reducing yields, producers should consider applying this fertilizer when it is available. Phosphorus can be applied in the fall for both forage and field crops.

However, there is less flexibility in applying nitrogen without a yield reduction or low fertilizer efficiency. If nitrogen must be applied at a time not expected to give optimum results, the rate should be increased to offset the expected reduction in available nitrogen.

A reliable soil test provides valuable information for deciding the rate of fertilizer application as well as establishing the priority of each field if supplies are limited. Early sampling will give enough time to plan a sound fertilization program.

### Cotton Prices Very Unstable

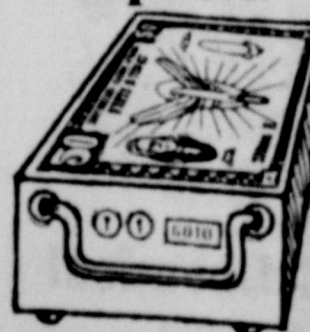

USDA's Agricultural Marketing Service Office classed 9,400 samples during the week ending Friday, November 16, according to Sidney Ferrell, in Charge. The season's total now stands at 19,700 samples. This is 700 samples more than at the same time last year.

Grade and staple percentages are as follows: grade 31, six percent; grade 41, forty-six percent; grade 51, nine percent; grade 32, twenty percent; grade 42 fifteen percent; and grade 52, two percent. Eleven percent of the cotton was reduced one grade because of bark or grass. Staple 29 was three percent; staple 30, forty-five percent; staple 31, forty-two percent; staple 32, nine percent; and staple 33 and longer, one percent.

Mike readings in the S.0 and up range increased slightly with twelve percent, while range 3.5-4.9 accounted for eighty-seven percent, and mikes below 3.5 was one percent. Fiber strength results showed no change from last week with ninety-seven percent testing 80,000 pounds per square inch or better.

Cotton prices are very unstable. Many buyers stopped quoting any prices toward the end of the week. Those prices still available ranged from 2500 to 3600 points above CCC Loan prices.

## New Program Provides FHA Guaranteed Loans

The U.S. Department of Agriculture is inviting commercial banks and other private lenders to help make credit available in rural farm and non-farm areas through a new cooperative credit arrangement.

Under the new plan, commercial lenders may make loans through a guaranteed loan agreement with USDA's Farmers Home Administration.

According to Joe Boone, County Supervisor of the Farmers Home Administration in Knox County, his office is now taking applications for loans under this new program.

"This plan will not expand the total FHA-type credit available for farm and non-farm purposes beyond the amount specified in the budget. But it will help private lenders participate in filling local credit needs." National Grange delegates, assembled at Lincoln, Nebraska, were told by Assistant Secretary of Agriculture Will Erwin.

The new lending policy is authorized under the recently funded Rural Development Act of 1972. FHA can guarantee up to 90 percent of any loss on loans made by private lenders

when applicants meet the agency's eligibility requirements.

Loans to buy and operate farms, restore farm operations after a natural disaster, and finance business and industrial rural development enterprises in towns under 50,000 population can now be made either on a direct or guaranteed basis.

"Although guaranteed loans are not new to the Federal Government," Mr. Erwin said, "this is the first time the Department of Agriculture has been authorized to use them. So we'll operate at modest levels until we get some experience."

Farmers Home Administration will continue its traditional direct lending programs—making loans to qualified farmers and other borrowers not eligible for credit elsewhere. The credit elsewhere requirement will not apply to the business and industry development program.

Secretary Erwin, who heads USDA's rural development program, told Grange leaders that it is the goal of the Department that adequate credit and technical know-how assistance be available in rural areas for farm and developmental purposes. "And we are anxious to help the private sector meet these needs wherever practical," he said.

The official complimented Grange delegates for "long and effective leadership in improving rural communities," calling the Grange a major force in creating rural values which are treasured today by all segments of society.

Rural development was defined as a process used by local people to make their communities a better place to live and work. And a prosperous agriculture was described as a central ingredient to that process.

During the fiscal year ending last June 30, the official said, credit services in rural housing, farming, and community facilities, through Farmers Home Administration, reached more than 4 million people with loans

of \$3.75 billion. FHA carries on its lending operations through more than 1,700 county offices throughout the United States, Puerto Rico, and the Virgin Islands.
