Ground Observation Posts To Be Set Up in County

Organization of five ground observation posts in Knox County during the very near future was announced today by County Judge L. A. Parker following a conference with Air Force representatives.

Describing the establishment of the posts as "a vital step toward building an effective air defense," M/Sgt. Glen Grace and S/Sgt. Viol Schumacher said posts will be located in Knox City, Munday, Benjamin, Truscott and Goree.

They indicated that these observ-

er posts will go into operation as full-fledged Ground Observer Corps units as soon as volunteers are available.

The airman went on to say that workers should come from the local area in order to be reasonably close to one of the posts, and urged that citizens wishing to volunteer get in touch immediately with Tom West of Benjamin, who has been named county supervisor. Mr. West's telephone number is 2461.

In making a plea for volunteers, he pointed out that no previous special training is required. "A Ground Observer Corpsman must be able to see, hear and speak distinctly," they stated.

Until there is a national emergency, Sgt. Grace said, the watch in Knox County will be on a daylight basis. Observers will report their observations to the filter center, which will in turn track the aircraft on a large vertical map of the area, and relay the information to a unit of the Air Force Air Defense Command.

Munday Club Host For Tri-County Golf Tourney July 28-31

Qualifying for the annual Tri-County Golf Tournament will get under way at the Munday Country Club Sunday, July 24, it was announced this week.

The tournament, for golfers in Knox, Haskell, Baylor and Foard counties, will be held July 28 through July 31.

Golfers trying for medalist honors will qualify on Wednesday, July 27. A Calcutta pool and feed will be held Wednesday night at the Country Club House, beginning at 7:30. Ladies and non-golfers are invited.

Match play will begin Thursday morning, July 28, with the finals set for Sunday.

Travis Horton of Rule is defending champion of the tournament, which was held last year at Seymour.

Edna Mae Harper, San Angelo Man Wed

Wedding rites in the First Baptist Church in Monahans at 4:00 o'clock Sunday afternoon united in marriage Miss Edna Mae Harper and Charles Edward Lancaster of San Angelo. Mothers of the couple are Mrs. Rose Harper of Knox City and Mrs. Jurnie Lancaster of San Angelo.

Rev. Levi Price, pastor of the church, read the double ring vows before the altar decorated with a green arch, three baskets of white gladioli and candelabra on each side of the arch. A white satin aisle cloth was laid in front of the arch of palms.

Given in marriage by her eldest brother, Ted R. Harper of Knox City, the bride was lovely in a dress of white slipper satin. Fashioned on princess lines, the ballerina length gown featured lace motifs, embroidered in seed pearls and mirror beads, from the shoulder to hips in graduated sequence.

She wore a shoulder length veil and carried a bouquet of gardenias and stephanotis with blue lace heart background on a white Bible.

Miss Roxie Cound of El Paso, maid of honor, wore a ballerina length dress of royal blue Crystal-ette with blue mits, jewelry and accessories. Her flowers were white carnations set in an all-white lace heart.

Pete Burba of Carlsbad, N. M., served as best man and ushers were Ronnie Willard and Bill Britton, both of Carlsbad. All the men in the wedding party were dressed in summer tuxedos.

S. Robinson of El Paso sang "Because" and "The Lord's Prayer" accompanied by Miss Jan Patillo who played pre-nuptial selections and the wedding marches.

The church social center was the scene of a reception honoring Mr. and Mrs. Lancaster after the wedding. Centering the table was an arrangement of blue carnations and a bride doll dressed in blue with white veil and lace trim. An antique glass dome was placed over the doll and blue candles flanked the centerpiece. The wedding cake, frosted in white, was decorated with canna lilies and made by the bridegroom's mother.

Mrs. Jack Harper of Monahans presided at the cake and Miss Merle Park registered guests in the bride's book, which was covered with white satin with Mrs. Lancaster's picture in the center of a blue lace heart.

The couple will reside in El Paso where they are students in Texas Western College.

Out of town guests for the wedding included Mrs. Fern Lancaster of San Angelo; Mr. and Mrs. Arlen Sikes of Brownwood; Mr. and Mrs. Bob Hicks of San Angelo; Miss Erylne Bowers and Miss Diana Park of Fort Stockton; Mr. and Mrs. A. Gilbert and children, Joy, Gwen and Ruth, of Odessa; Ronnie Willard, Bill Britton, Pete Burba, all of Carlsbad; S. Robinson of El Paso; Gwen Anderson of No-trees; Minnie Marie Harris of Midland; and Jimmy R. Ayers of Pecos.

School Board Names Principal

Erwin A. Youngblood of Stinnett was hired as principal of Knox City High School at the regular meeting of the school board Tuesday night, Supt. Chas. E. Silk announced Wednesday.

Youngblood will replace Perry K. Jones, who resigned to teach in a college in Oklahoma.

The new principal is 31 years of age and has taught at Stinnett the past two years. He received his Bachelor degree from East Texas State College in Commerce and his Masters from Texas A. & M. He taught five years in Waco Technical High School before going to Stinnett.

Mr. Youngblood and his wife will move to Knox City as soon as a house is available.

At Tuesday night's meeting the board also reached a final settlement with the insurance adjustor on the fire damage to the old high school building. The amount agreed upon by the adjustor and the school board was \$2,750.

A motion was entered to work out a joint agreement with the city on paving the street in front—or south—of the school property, making it a 65 foot street with curb and gutter. An agreement was also made with Pecos Valley Construction Co. to pave a 32 1/2 ft. strip on the west side of the grammar school and elementary wings, running from the 65 foot street north to 1st Street. This project will provide paved entrances on the west and south sides of the school buildings.

Knox City Invited To Join Area Development Group

John Crow and Grover Harrison of Electra and Tommy Oglethorpe of Burkburnett met with a group of Knox City Board of Commerce members and city officials Tuesday. The visitors explained the functions and purposes of the North Texas and Southern Oklahoma Area Development Association and invited Knox City to become an active member of the organization.

The Association was organized some months ago with the announced purpose of promoting the industrial growth of a 25-county area around Wichita Falls, including ten counties in Oklahoma and fifteen in Texas.

Functioning somewhat like a regional chamber of commerce, the association will help local communities and counties with their problems and will sponsor and support legislation affecting the area.

A brochure will be published, outlining the advantages of the area for industries, and a market analysis will be furnished industrial firms.

Rip Collins, local Board of Commerce secretary, and Z. E. Cone, city alderman, attended the monthly meeting of the association in Electra Wednesday.

County Sheep Raisers To Vote in National Wool Referendum

T. H. Jones, chairman of the Knox County Agricultural Stabilization and Conservation Committee, has announced that all Knox County wool growers will have an opportunity to vote in a referendum to decide whether or not deductions will be made from wool payments to provide a means of financing the wool marketing development program.

In the referendum wool growers will vote for or against putting into effect an agreement recently made between the Secretary of Agriculture and the American Sheep Producers Council under Section 708 of the National Wool Act of 1954. The agreement provides for deductions from wool incentive and lamb and yearling sheep (pulled wool compensating) payments made to producers under the National Wool Act of 1954. These deductions will provide for advertising and other promotional activities to enlarge and improve the market for wool and lambs. Before the agreement can be put in effect, producers owning at least two-thirds of the sheep and lambs represented by those voting in the referendum must vote their approval.

Producers who have owned sheep, 6 months of age or older, for at least 30 days since January 1, 1955 will be eligible to vote. Volume of production will be based on the number of sheep 6 months of age or older owned for at least 30 days since the January 1 date. The number of sheep will be noted on the ballot.

If the referendum shows approval of the program, deduction from payments of the 1955 incentive program to be made in the summer of 1956 will be one cent per pound from wool payments and at the rate of 5 cents per 100 pounds liveweight for lamb and yearling payments.

The Knox County ASC office will mail ballots to all known wool producers in the county, and Chairman Jones assures any producer who does not receive a ballot that he can receive one by writing to or calling at the County ASC office.

Mr. Jones said all ballots must be returned to the ASC office not later than August 19. Since the results of the referendum will be based on the number of sheep represented by the growers, the outcome of the referendum will not be available until about Sept. 1.

Railroad Commission Rules On Salt Water Disposal

In a letter dated Monday, July 11, all oil operators in this area were directed by the Texas Railroad Commission to stop the practice of storing salt water in earthen pits.

The Commission's action was a result of a public hearing in Abilene in June, at which area farmers and business men argued that improper disposal of salt water from oil wells was endangering the underground fresh water supply.

The Commission's directive was signed by George F. Singletary, Jr., Assistant Chief Engineer, and said in part:

"This matter was presented to the Commission at a formal conference held on July 5, 1955, at which conference the Commission recognized that the production and storage of salt water in earthen pits in this area tends to cause pollution of the shallow fresh water sands.

"As a result, the Commission desires that all operators take immediate steps toward eliminating the storage, even temporarily, of salt water in these shallow earthen pits by one of the several accepted salt water disposal methods and that this be accomplished as soon as possible."

The letter was addressed to all operators in the following fields: Old Glory Field, Old Glory (Caddo) Field, Old Glory (Canyon) Field, Old Glory Northwest (Bend Conglomerate) Field, Old Glory East (Conglomerate) Field, Old Glory East (Bend Conglomerate) Field, Old Glory (Strawn) Field, Old Glory (Katz 5100') Field, all in Stonewall County; Jud Field, Jud West (Bend Conglomerate) Field, Jud West (Strawn) Field, Juliana Field, O'Brien Field, O'Brien (Strawn) Field, O'Brien East (Strawn) Field, and O'Brien West (Strawn) Field, all in Haskell County; and Knox City North (Canyon) Field and Knox City West (Strawn) Field, Knox County.

Benjamin City Lake Closed to Fishermen

The Benjamin City Lake is not open for fishing, W. M. Hertel, city secretary, said this week.

Last month the lake was stocked with 15,000 black bass, and channel cat will be put in the lake in September, he reported.

About July, 1956, the lake will probably be opened for public fishing. Hertel asked the public not to fish in the lake until it is officially opened. Offenders may be fined, he said.

At the present time the lake is full, lacking about 30 inches going over the spillway.

New Teachers Hired at O'Brien

Ray V. Stark, O'Brien school superintendent, said this week that the faculty for the next school term is complete, and he had numerous applications for all positions that were vacant.

Athletic coach, high school principal and Social Science teacher will be Wayne Grable. He replaces Elvin Mathis, who resigned to accept the position of superintendent at Mattson.

Grable attended high school at Elysian Fields, near Marshall, where he played six-man football. He entered East Texas Baptist College on a basketball scholarship, later changing to football as his principal sport. After attending there three years, he graduated from Howard Payne College, Brownwood. He then spent two years in the Navy, working with intra-mural sports, and played on a Navy football team that played in various places for charity.

Mrs. Grable will teach the third grade, replacing Mrs. Inez Van Pelt, who moved to Odessa. Mrs. Grable also graduated from Howard Payne, and during the two years her husband was in the Navy, taught the third grade at Waukegan, Ill.

Commercial teacher will be Mrs. Carlton Allison of Rule. Mrs. Allison, who graduated from Hardin-Simmons University in 1953, has spent two years working in a law office in Abilene. She replaced Miss Norene Trueblood, who will teach this fall at Carrizozo, N. M.

New vocational agriculture instructor will be George Mullino of Rochester, who replaces John Edwards. Mr. Edwards has accepted employment at Sheppard Air Force Base, Wichita Falls.

Other faculty members are Mrs. Ruth Robin, 1st grade; Mrs. James B. Gibson, 2nd grade; Mrs. S. D. Jones, 4th grade; James B. Gibson, 5th grade and grade school principal; Mrs. Joe Clonts, 6th and 7th grades; Mrs. Lee Haymes, English; and Mrs. R. L. Foote, Homemaking. Supt. Stark will teach math.

ADVERTISEMENT FOR BIDS

Sealed proposals will be received by the Knox County Water Control and Improvement District No. 1 for the construction of Water Supply Line and Appurtenances at the City Hall, Benjamin, Texas, until:

2:00 P.M., August 2, 1955

and then publicly opened and read aloud.

The Water Supply Line and Appurtenances consists of approximately 49,500 feet of 6-inch water line, one water well, one steel ground storage tank, two well pumping units and other appurtenant work.

Specifications and proposal forms are on file at the City Hall, Benjamin, Texas, and may be procured from Freese and Nichols, 407 Danziger Building, Fort Worth, Texas, upon a deposit of \$25.00. The full amount of the deposit will be returned to actual bona fide bidders, and to others who return the documents in good condition on or before the bidding date.

Each bid must be accompanied by a certified or cashier's check, or an approved Bidder's Bond, for the sum of five (5%) percent of the amount of the maximum total bid as a guarantee that, if awarded the contract, the Bidder will promptly enter into a contract and execute a bond on the forms provided, as outlined in the Contract Documents.

A Performance Bond in an amount of not less than one hundred percent (100%) of the contract price, conditioned upon the faithful performance of the contract and upon payment of all persons supplying labor, or furnishing materials, will be required of the successful Bidder.

Attention is called to the fact that there must be paid on this project not less than the minimum rates of wages which have been established by the Owner for each classification of workman required on the project, as set forth in the contract documents.

In case of ambiguity or lack of clearness in stating proposal prices the Knox County Water Control and Improvement District No. 1

reserves the right to adopt the most advantageous construction thereof, or to reject the Proposal.

The Owner reserves the right to reject any or all bids and to waive formalities. No bid may be withdrawn within thirty (30) days after the date on which bids are taken.

Chevrolet's got a new honey of a hardtop

... with a lower-than-ever price tag!

Maybe you've had a yen for a hardtop but couldn't quite squeeze it into your budget. If so, this baby's for you! It's the hardtop as only Chevrolet builds it. Long, low and plenty saucy, like its convertible cousin. It's an honest-to-goodness hardtop, too—no center pillars when you roll down the windows. Nothing but fresh air and a picture-window view. Best of all, this big, beautiful "Two-Ten" Sport Coupe is priced right down with the two-door sedans in Chevrolet's field. It lists for less than any other leading hardtop sold today. Come in and see what a walloping bargain it is.

The new "TWO-TEN" SPORT COUPE exciting new addition to the Chevrolet line!

COMBINE YOUR NEW CHEVROLET PURCHASE WITH YOUR VACATION PLANS. Order a new Chevrolet through us, then pick it up at the point of flight, Michigan, see Chevrolet built, if you like, and drive home. Chances are, you'll see a substantial share of your vacation travel costs!

A DELIGHT -- NOT A DRUDGERY

Real Christianity is a delight, not a drudgery. The real Christian enjoys liberty rather than constraint. Christianity is a religion of receiving much more than it is a religion of giving up.

The man who would like to be a Christian but feels he would have to give up too much does not know what Christianity really is. He would have to sacrifice nothing that is good. He would be more than amply repaid for those things in his life that he would have to give up. He needs to learn that the blessings of Christianity so outweigh the sacrifices that it becomes a delight instead of a drudgery to live a Christian life.

The Bible abounds in expressions that indicate the genuine joy the early Christians received by living the Christian life. "And he went on his way rejoicing . . ." (Acts 8:1). "And they departed from the presence of the council, rejoicing that they were counted worthy to suffer shame for his name" (Acts 5:41). "For I reckon that the sufferings of this present-time are not worthy to be compared with the glory which shall be revealed in us" (Romans 8:18). "Blessed be the God and Father of our Lord Jesus Christ, who hath blessed us with all spiritual blessings in heavenly places in Christ" (Ephesians 1:3). ". . . Yet believing, ye rejoice with joy unspeakable and full of glory" (1 Peter 1:8). "Behold, what manner of love the Father hath bestowed upon us, that we should be called the sons of God" (1 John 3:1).

If you are not a Christian we should like for you to know what you are missing. Every man must make up his own mind; we cannot help it if you insist on rejecting the blessings that could be yours. We should like for you to know, however, that if you would make up your mind to be a real Christian you would be tremendously happy as a result of it!

TRUSCOTT BRIDE-ELECT HONORED WITH SHOWER

Miss Norma Anita Jones, bride-elect of Jerry Lee of Lubbock, was honored with a miscellaneous shower Saturday afternoon, July 9, from 3 to 5 p. m. in the home of Mrs. W. R. Owens in Truscott. Mrs. Billy Johnson of Thalia greeted the guests and presented them to the receiving line composed of the honoree, her mother, Mrs. E. J. Jones, her grandmother, Mrs. C. R. Jones of Vernon, and the prospective bridegroom's grandmother, Mrs. T. C. Adams of Electra.

Miss Mary Ann Brown presided at the bride's book. Mrs. H. M. Black and Mrs. Irene Gerald displayed gifts.

Mrs. J. W. Brown of Electra and Mrs. Q. D. Williams of Floydada, sisters of the bride-elect, served pink punch, mints, nuts and pink, silver and white cake from the refreshment table, which was covered with a linen cut-work cloth. The table was centered with a silver slipper on a mirror, with tulle around it. The slipper was filled with pink carnations. Flanking the table were silver candelabra with six burning pink tapers. The napkins were monogrammed

in silver with the names "Jerry" and "Norma."

Pink and white carnation corsages were presented to members of the receiving line and to Mrs. Rex Adams, and Mrs. Cloyde Adams, aunts of the prospective bridegroom, and Mrs. Billy Johnston.

Hostesses were Mrs. L. A. Haynie, Mrs. H. M. Black, Mrs. J. R. Brown, Mrs. Irene Gerald, Mrs. H. P. Gillespie, Mrs. Billy Johnston and Mrs. W. R. Owens.

Other members of the house party were Mrs. Gene Whitaker, Miss Nettie Black of Crowell, and Miss Sharon Kincaid of Robert Lee.

Miss Jones' wedding will be on Saturday, July 16, at her parents' Circle X Ranch near here.

STREAMS in Desert Places

By Ozelle Stephens

God's supply is inexhaustible and is yours as you believe. In answer to prayer and faith, God offers his power in abundance. God's ability to do for us is even above all that we may ask or think. (Eph. 3:20). He has provided that His children may receive freely and abundantly of His resources, even to the supply of all their needs. The sufficiency of God's supply for every need and His willingness to impart this supply in abundance in response to prayer and faith is the basis for

a great expectancy and a glorious hope. You can count on Him, He never fails.

There is victory for every one who keeps up his prayer life, who asks in faith and believe in the Word of God. The peace of God, His grace and strength will continue to Stream into your being as you go to serve in His Name.

Ken Clonts III, son of Mr. and Mrs. Ken Clonts of Austin, is here to spend three weeks with his grandparents, Mr. and Mrs. W. E. Clonts, while his parents are vacationing in Old Mexico. They will motor from Austin to San Antonio, where they will be joined by Mr. and Mrs. H. C. Witte for the Mexico trip.

NUMEROUS FACTORS ENTER INTO SUCCESSFUL COTTON DEFOLIATION

COLLEGE STATION. — The ever-increasing use of machines in the harvesting of cotton has also increased the use of defoliant and dessiccants. The success or failure of the job, says Fred C. Elliott extension cotton specialist, depends on several factors. These include the characteristics of the chemicals and the rate and volume applied; method of application; climatic conditions, especially moisture; and cultural practices, such as fertilization and plant density and the varieties grown.

Under conditions of normal growth and with dew plentiful, Elliott says calcium cyanamide dust should give good results. The material should be applied when plants are wet with dew and remain in leaf moisture for at least two hours and preferably four.

If dew is not present and with lower soil moisture and windier conditions, the specialist says Amino triazole, Endothal and the various chlorates work better. Good to excellent results have been obtained from a mixture—half the recommended rate of amino triazole with one of the water soluble defoliants also at half the recommended rate—applied as a spray. This new material acts as a growth retarder and will be available for use this year.

As dessiccants for use in connection with stripper harvest, Elliott recommends the use of "Penta" formulations or Cotton Defoliant 713-D. These materials are suggested for dry conditions where the sub-soil moisture is low and the plants small. These materials should not be used if harvesting is to be done with a spindle-type picker, and only after 90 percent of the bolls are open.

Elliott suggests that any cotton producer interested in detailed information on cotton defoliation visit the local county agent's office. Ask for a copy of L-145, Cotton Defoliation Guide in Texas. The leaflet has recently been revised. It may also be obtained from the Agricultural Information Office, College Station.

RUBY WHEAT CIRCLE OF BAPTIST W. M. S. MEETS

The Ruby Wheat Circle of the Baptist Women's Missionary Society met in the home of the circle chairman, Mrs. A. G. Goldston, Monday at 9:30 a. m. for mission study.

Mrs. Russell Boyd taught the lesson from the book "Candle by Night." Each member was asked to quote a Bible scripture. Mrs. Claud Reed gave the opening prayer and Mrs. Wayne Warren closed the meeting with prayer.

Refreshments were served to nine members.

Mrs. Gordon Acker and son, David, of Amarillo have been visiting her sister, Mrs. Horace Finley, and family this week. They were enroute home from Glen Rose where they attended a celebration honoring her father, Rev. J. W. English, for 60 years in the ministry.

TEXAS FARM AND RANCH LAND VALUES UP 2%

Purchase price of Texas farm and ranch land in 1954 was two percent more than in 1953, or an average of \$70.20 an acre.

Although this slight gain represented a new price level, the number of sales dropped to the lowest level since 1940 and the acreage transferred was the smallest in land market record history. "Continued drought, decreases in agricultural prices, acreage allotments and 'tight' holdings of land tended to depress land market activity," William G. Adkins, agricultural economist at Texas A. & M. College, explained. Fewer Veterans Land Board purchases and modifications of that program helped push the sales volume down.

Attempts to enlarge units, demand for irrigated acreages, mineral activity and urban and industrial development were factors tending to increase market activity.

Adkins reported that owner-operators were the principle buyers in 1954 and farm size continued to grow. Tenants made only 10 percent of the purchases. "Family-type" farm units continued to be in strong demand, bringing premium prices.

Land price increases were most significant in the High Plains cotton, Panhandle wheat and Lower Rio Grande Valley areas. Price declines were notable in the Upper Rio Grande Valley irrigated area, the Post-Oak country and in the Rolling Plains.

BLUEBIRDS BUY CAPS

The Chattering Bluebirds and their sponsors drove to Stamford Friday afternoon to buy caps for the organization.

Making the trip were Sue Steakley, Jan Sutton, Joe Francis Holcomb, Judy Smith, Virginia Lee Collins, Belle Burnett, Cora Jan Fitzgerald, Paula Sue Myers, Ila Kay Hutchinson, Lee Kay Reeves, Mrs. Dan Steakley, Mrs. W. W. Warren, Mrs. Bobby Burnett and her sister, and Mrs. Paul Fitzgerald.

Cellya Bishop, teen-age daughter of Mr. and Mrs. W. N. Bishop, is in Wichita General Hospital in Wichita Falls recuperating from surgery. She had surgery Saturday morning, and Wednesday morning doctors said she was doing nicely. Mrs. Fred Jones carried a number of Cellya's friends to visit her in the hospital Monday. They were Peggy Jones, Bobbie Lou and Nickie Dodd, Charlotte Cornett, Faye Reeves and Patsy Robinson.

Miss Katrine Allred is in Augusta, Ga., visiting her mother, Mrs. Ernest Patton. She left last week and plans to return before school begins.

Guests this week in the home of Mr. and Mrs. Russell Boyd are her sister, Carlye Wallace, and her niece, Ann Thompson, of Canton. A week end guest in the Boyd home will be his sister, Rowena Luts, of San Antonio.

Misses Cornelia and Nettie Sasser of Alexandria City, Ala., were to leave for their home today after visiting their sister, Mrs. J. W. Tankersley, and other relatives here since Saturday.

Mrs. Carl Gage for surgery in the hospital Monday morning. Her condition was satisfactory. Her room number is 26.

For a penny

electricity toasts thirty slices

All over your home, electricity works for pennies. Washes, cleans and even entertains. Electric service is the biggest bargain in your family budget — by far, and the men and women of your electric service company work constantly to keep it that way.

Neither Rain Nor Hail ... Nor Broken Boxes!

Red Fowler, local R.F.D. mailman, got an English car—with a right-hand drive so he can stuff mailboxes from behind the wheel.

"It's great!" Red reports. "But it would work a lot better if all box holders would follow regulations. A mailbox should be 40 inches high, on the right of the road... within reaching distance from a car window. If one is knocked down, the owner should make repairs pronto."

Come to think of it, Red is pretty good about his obligations—delivering packages, supplying stamps, cashing money orders—saving us trips to the Post Office. Let's fix up those boxes so he can get his chores done fast.

From where I sit, obligations always work both ways. For instance, I figure that I'm obliged to respect your right to enjoy your favorite beverage—be it coffee, tea, beer, buttermilk or whatever. Why? Because I'd expect you to do the same for me. The Golden Rule should be followed "to the letter" by everyone.
