FATHER-SON BANQUET PROVES ENJOYABLE AFFAIR

The father-son banquet, which was held in the basement of the Methodist church on last Tuesday evening. It is one of the pleasant anticipations of the fathers and sons of our city and always well attended.

The assembly for this occasion was in the church auditorium and at 7:30 the call to repair to the basement dining room was responded to by about 50 dads with an equal number of youngsters and several out-of-town guests. Music for the evening was furnished by the H. L. White orchestra and it is but justice to them to say that feature of the program was ably cared for and well received.

The luncheon prepared by the Womens Missionary Society was delicious and complete in every detail, the table being laden with tempting viands gathered from sundry sources and climes.

The principle address was delivered by Reverend H. C. Hand pastor of the Methodist Church of Monday. His presentation was able, making a strong appeal for higher standards and a better understanding between the fathers and sons of this generation.

Representative George Moffett, of this district was also present and made an impromptu address in his forceful and humorous manner. Reverend R. R. Gilbreath, local pastor served ably as toastmaster for the evening.

Several musical and vocal numbers were also rendered which were greatly enjoyed by the audience.

The 100 plates that were laid will net the ladies a neat sum to be applied on church and parsonage improvement.

Demonstration Club to Be Organized

As stated in the Herald last week Miss Jewell Paulkner, Knox County Home Demonstration Agent will be in our city Friday December 15th, to organize a Demonstration Club.

The meeting will be held in the Texas Theatre building at 2:30 and everyone is invited to attend and assist in the organization.

County Singing Convention to Meet at O'Brien

The Haskell County Singing Convention will meet at O'Brien, Sunday, December 17th. All who love to hear or to take part in good singing are invited to attend and enjoy the afternoon's program.

No Herald Published Christmas Week

Following a long established custom the Herald will omit the issue of December 25th to 30th.

The paper will be published on regular time next week and advertisers may be governed accordingly. Those desiring job work will please note our closing date as mentioned above, and bring in their copy during the coming week.

Hog killing weather arrived near schedule time this year and many of those being fortunate enough to possess a suitable animal made no delay in changing its career into one of ham, bacon and sausage. Many yearlings will also be canned and shelved for winter and spring table supplies and convenience.

'Wedding' and 'Style Show' to be Staged Friday 15th

The engagement of Miss Irma Nutt to Mr. Izale Bright was announced by the brides parents Mr. and Mrs. Ura Nutt Monday evening, December 11th. The ceremony will be performed at the Grammar School Auditorium Friday night, December 15th, at 7:30. The ceremony will be read by Dr. R. U. Stung. Immediately following the ceremony a reception will be given honoring Mr. and Mrs. Bright.

The above program together with other attractive features will be given under auspices of the American Legion on the date stated as a benefit show for the Community Christmas Tree. A small admission will be charged, proceeds to be applied to making the Community Tree a great pleasure to the many children who are not connected with churches or who are not able to have individual trees.

New Ford Announced

H. M. Warren has returned from Dallas where he attended the Ford Dealers Association. At this meeting the new Ford was announced and details explained as to the many improvements for the 1934 model. Mr. Ford is still striving to give the nation a common carrier that will answer all purposes in utility and pleasure lines.

Your attention is respectfully directed to a handsome display advertisement elsewhere in this paper, in which the New Ford's qualities are set forth in a most concise manner. Mr. Ford believes in good cars and also is a believer in advertising as a means of bringing that knowledge to his millions of customers. Advertising has been a great factor in bringing his business to the monumental scope that he now enjoys.

The turkey market is now open for Christmas but the selling is backward because of depressed prices. Turkeys can be sold for only two occasions, Thanksgiving and Christmas; other seasons of the year they are scarcely saleable at all. Such condition of course lends aid to a controlled market. The big dealers of the eastern cities seem to have quotations pretty well under their control.

Z. A. Hammock and family motored to Wichita Falls last Saturday returning Sunday. On being asked how the city was progressing Z. A. said that there was plenty of parking room there now, a condition that seemed pleasing to him for a chance at least.

E. H. Teague of the Teague Cafe motored to Stamford last Thursday evening to keep a dinner engagement with friends of that city.

Dr. and T. P. Fitzell made a trip to Dallas this week.

Miss Willie Jones is ill this week.

Mrs. W. R. Terry and Mrs. Olivia Hamlin spent Tuesday in Wichita Falls.

Henry Arledge went turkey hunting Tuesday afternoon south of Stamford.

D. D. Harriston and wife attended the Crowell-Graham football game in Wichita Falls Saturday.

Mr. and Mrs. E. F. Branton spent the weekend in Fort Worth with Mr. and Mrs. O. B. Pausel.

Mr. and Mrs. G. A. Branton left Wednesday morning for Eastland county to visit a few days with Mrs. Branton's relatives.

Special for Saturday and Sunday Six of the small Pictures and one Agt enlargement band painted 75 cents.

Big Interest Shown in Live-Stock Trade Day Monday

Last Monday was trade day in Knox City and dealers and traders were here aplenty. The several past years had prevented our farmers from replenishing their teams, and this year's better prices lent great encouragement to the restocking of work animals. Many young and even unbroke animals found their way to Knox City pens and along with older and broke animals found ready buyers. More and more tractors are being introduced in the farm work here but they do not seem to diminish the demand for plow stock. Some three years ago we shipped several cars of Knox Prairie mules to the eastern states to be used on cotton plantations and this heavy importation of stock is no doubt a backwash from that transaction. However mares seem to still hold a high preference with buyers and that indicates that home grown colts will soon fill our plow harness on Knox Prairie. Young mules have the second bid and continue to bring good fancy prices considering quotations on other farm animals and fowls such as cattle, hogs, turkeys and chickens. Cattle has dropped to the lowest in two decades while young mules are a little above normal.

A. A. McReynolds, of Oklahoma has been here several days in the home of his brother A. G. McReynolds who is ill at this time.

STATE HEALTH NEWS LETTER

Austin, Texas Dec. 14. "It is a great mistake to treat even light cases of measles, chickenpox, mumps, scarlet fever, or any other of the communicable diseases of childhood as though they did not amount to much," said Dr. John W. Brown, State Health Officer. "Treatment of that sort makes it possible for these diseases to spread and cause serious outbreaks among children whose impaired resistance makes them easy victims to any form of infection."

"Some of the most serious outbreaks we have had of scarlet fever, as well as of other diseases in different parts of the State, have been traced to mild cases that is, to cases to light for the doctor to be called. In some instances the children have continued to go to school and to assembly and play with other children. In others after they have been kept at home for a few days suffering from what was believed to be just an ordinary cold, they have returned to school and have scattered these germs around among their school mates. Eventually a group of cases, sometimes very serious ones have developed from the carelessly handled mild case. The results was another epidemic that could have been prevented."

"There are several things worth remembering in connection with children's diseases. Nearly all of these diseases begin with a digestive upset or with symptoms closely resembling those of the common cold. Accordingly it is a wise thing for mothers to regard every digestive upset and every common cold with suspicion until you are sure it is not the beginning of something more serious. Your doctor is the best judge of the seriousness of such symptoms and you will save suffering and anxiety if you put the child to bed, send for your doctor and follow his advice."

Mr. and Mrs. M. D. Metts returned home Saturday from a trip to Houston, Texas and Jackson Mississippi.

Mrs. W. C. Ballard spent Monday in Gorman.

Mr. E. E. Teaff announces the following sale of new May Tags this week. J. W. Howell, J. W. Smith, John Williams and E. C. Williams.

O'BRIEN FIRE FATAL TO HERSCHEL MELTON

Thursday evening last the O'Brien community responded to a fire alarm from the Herschel Melton home in the edge of that town. Knox City and Rochester fire squads also hurried to the scene with such fire fighting apparatus as could be used in the absence of water pressure.

The fire had gained such headway, however, as to render it uncontrollable and soon the building was consumed by the flames. To the horror of those gathered at the fire a corpse was discovered in the midst of the building and soon it was known that Herschel Melton had lost his life as well as the home. The other members of the family had gone to Abilene the day before to visit two children in school there.

Later foul play was suspected by officers and three individuals were placed under arrest and released on \$3,000 bond. Many stories have been current as to the probable cause of the fire and the manner of Mr. Melton's taking but nothing definite has been established at this date. It is a very regrettable affair from every view point, and it is to be hoped that if he met death at the hands of enemies and the fire was employed to conceal their crime that they will soon be apprehended and justice be dealt to them speedily.

It seems that the fire bug has been crawling again in neighboring towns as well as our own city. On last Tuesday night the Fondville Grocery located next to the postoffice at Seymour burned with considerable loss. Monday also suffered a heavy loss Monday night when the Oil Mill with more than 800 bales of cotton was destroyed by a fire of unknown origin.

A small fire also occurred in the Knox City cotton yard Wednesday but no damage was sustained.

The Knox City high school basketball team is now well organized under the management of Ed Shaver, and are going strong from a player's viewpoint. They are strong, keen, entirely fit and ready to go, but Mr. Shaver feels that the girls deserve and that it is needful for them to have more support and encouragement from homefolks. Strong backing is about half the game and if the school patrons want to see some ponies coming our way it would be well for them to begin some systematic support in the girls' favor.

STARTLING EXPOSE FILM AT TEXAS THEATRE

The Picture, "Sucker Money," appearing at the Texas Theatre Monday, was written and directed by Mrs. Wallace Reid, the widow of the late Wallace Reid.

Wallace Reid was one of the outstanding stars of the picture world at the time of his death. His tragic end was a great blow to the motion picture public.

Since his death Mrs. Reid has devoted her life to exposing different types of grafts and rackets through the medium of the screen. In her latest picture she deals with fake spirit-ualists, crystal gazers, mind readers, hypnotists, etc. Two years were spent in research work in the larger cities of the United States and it is almost unbelievable to note that every year around 125 millions is taken by the fakirs from the gullible public. "SUCKER MONEY" is based on an actual case taken from the police files of one of our larger cities. Mrs. Reid has been personally instrumental in checking modern menace and in running many of these unscrupulous fakirs out of business.

We have a new line of truck tires and tubes and all sizes of Goodyear tires and tubes, Electric Service Station.

Mrs. R. M. Herring, R. V. and Kenneth Herring, Mrs. Jewel Franks and Mrs. J. O. Warren spent Tuesday in Abilene.

Song Sermon Baptist Church Dec. 17, 7:30

Acts 1:11
1st Thes. 4:16
Closing Song: "All Hail the Power of Jesus' Name"

Practice What You Preach.

The management of the Herald regrets to state that out of the many thousands of page and double page circulars circulated in Knox City this season our office has printed only 5,000. Three thousand for the merchants Free Award Offer and 2,000 for the White Mercantile Company, who is the only individual firm which chose to place its order with local printers.

The White Mercantile Company is now conducting their annual Holiday Sale with home printed circulars and both the management of that firm and the customers appear to have had as good service as they desired.

We would appreciate at least a trial bid on this business that is needlessly being sent out of our town. We are tax payers and feel that a portion of this business might enable us to more fully discharge our duties as good citizens.

Circulars printed in Monday, and elsewhere will not help Knox City Schools, Churches, and Charitable organizations, we practice what we preach and buy in Knox City. What Knox City makes makes Knox City.

Joe Reeder, Texas Christian University freshman from Knox City, plans to spend the Christmas holidays with his parents, Mr. and Mrs. J. C. Reeder of this city.

Classes will be dismissed for the holiday period Wednesday, December 20, and will be resumed January second.

Mr. Reeder is majoring in Business Administration at the university. He is a member of the Boys' Glee Club and of the Y. M. C. A.

Mr. Reeder graduated in 1933 from Knox City High School.
T. C. U. News Service

Mrs. H. M. Warren and Fred, Sewell Evans and Mr. Jackson is visiting here from Georgia, all spent Monday in Abilene.

INITIATIVE

The word bestows its big prizes, both in money and honors for but one thing. And that is initiative. What is initiative? I'll tell you: It is doing the right thing without being told. But next to doing the right thing without being told is to do it when you are told once. That is to say, carry the Message to Garch: those who can carry a message get high honors, but their pay is not always in proportion. Next, there are those who never do a thing until they are told twice: such get no honors and small pay. Next, there are those who do the right thing only when necessity kicks from behind, and these get indifference instead of honors, and a pittance for pay. This kind spends most of its time polishing a bench with a hard-luck story. Then, still lower down in the scale than this we have the fellow who will not do the right thing even when some one goes along to show him how and stays to see that he does it: he is always out of a job, and receives the contempt he deserves, unless he happens to have a rich Pa, in which case he patiently awaits around the corner with a stuffed club. To which class do you belong?
 —Elbert Hubard

LOCAL BASKET BALL GIRLS WIN SECOND PLACE AT CHILDRESS TOURNAMENT

Last Friday afternoon, about 1:30 the basket ball girls left the high school building, loaded for Childress. Arriving at a little after 4:00 the girls were assigned to private homes. Tired out from their long drive, the girls were glad to make use of their time until their game by resting.

They were scheduled to play Childress in their first game which was called at about eight o'clock. Each girl realized that she had a hard fight before her for they had heard plenty rumors about the good team Childress had. Childress fans certainly gave their girls a great send-off as they appeared, dressed in blue and white suits, and ran around the court in single file. At the sound of the whistle the girls were in their places and the game was on. At the end of the first half the score was tied 17-17. In the last half the girls played ball as they had never played before and the result was a much earned victory, the score being 28-21. Knox City congratulated Childress for their splendid playing. Proud of their victory in a double sense, since Childress had been favored to win about 2-1.

The Knox City Sextet next encountered Dickens City at about twelve o'clock Saturday with little information as to the strength of the

Dickens Club. Both teams entered the game in a fighting spirit but it was not long before the home team saw that they were up against a rather weak team. When the whistle sounded at the end of the half the score stood at 21-5 in favor of Knox City. At the beginning of the second half of the game all of the Knox City substitutes were run in so as to save the stronger players for the final game. Each of these played a splendid game and the final score climbed to 42-11.

The Knox City Club went into the final game with Hollis Oklahoma and this proved to be the most sensational game of the Tournament. The teams were evenly matched and each saw that they had a fight ahead of them in order to be victors. At the end of the first quarter the score was tied 7-7. Both teams put forth every effort in the second quarter to take a gain over the other and this was finally taken by Knox City girls as the score at the close of the half was 15-13 in their favor. Our home team held this lead all during the third quarter and finally gained one more point to place the count at 20-17 when the third period of play closed. Both teams struggled fiercely in the fourth quarter and Knox City took a lead of 25-17, the highest lead by either club during the game. At the end of four minutes of play Rhea Wharton, Knox City guard was disqualified and this weakened our defense until the Hollis team took a steady climb and the final score was 27-26 in their favor.

KNOX CITY GIRLS HEADS ALL-TOURNAMENT TEAM

At the Girl's Basket Ball Tournament at Childress an All-Tournament Team, consisting of six players was elected and each were given medals for their superior playing and sportsmanship in their games there. This team was headed by Stella Rex, Knox City forward. She was selected as the outstanding player being the most consistent, the fastest, and best all-around girl at the Tournament. For this honor she was awarded a medal and given the honor as Captain of the All-Tournament Team. As there were 127 entries in the tournament we feel highly complimented over earning first place in this and we should all be proud of our home girls.

The basket ball girls were awarded Silver Basket Balls Monday afternoon by their coach, Irene Rye. Talks were given by Mr. King and Mr. Dean and each expressed his gratitude and appreciation for the success and splendid playing that our girls did at the Childress Tournament. Faye Hyde, Captain, was presented with these Basket Balls at the close of the Tournament at Childress. Stella Rex was also awarded a medal as being the outstanding player at the Tournament and Captain of the All-Tournament Team.

Girls receiving these Silver Basket Balls were:
 Faye Hyde
 Stella Rex
 Mamye Shaver
 Beatrice Reed
 Rhea Wharton
 Faye Oliver
 Viola Daniels
 Ruth Darr

RULE vs KNOX CITY

Tuesday night, December 5, the Knox City basket ball girls sent Rule to a big defeat. Our girls were in good condition to play for they certainly ran wild when they received the ball. Rule played a good game but they were so soundly outplayed that it was impossible to hold our girls down while the score climbed steadily to 60 points to the opponents 28.

1934 FOOTBALL CAPTAIN

At the banquet, Friday night, December 8, we the Greyhounds cast all votes for Mr. John Elbert Smith to lead the Greyhounds through the 1934 season. This year John Elbert worked and proved his ability of football we all know that John Elbert will lead the Greyhounds through a successful season in 1934.
 (1933 Captain)

GREYHOUND BANQUET FRIDAY NIGHT

Knox City High, December 8, the Knox City High Greyhounds were honor guests at a father and son banquet Friday night at the High School building. About seventy-five were present. Dr. T. S. Edwards was the principle speaker and John Elbert Smith was elected captain of the 1934 Greyhounds by a vote of the Greyhound football squad.

The Program
 Invocation, Reverend Stovall
 Song, Dorothy Shaver and Marian Clonts

Welcome to Visitors, Coach Dean Kiehoff, Captain Surgeon Hyde Touchdown, J. L. Bohannon Line of Scrimmage, Homer Rutledge Off Side Penalty, Glover McCarty Huddle, Edward Shaver Why a Football is a Pig Skin, Curtis Herring Rolloing, Block, Lawrence Dutton A Forward, Lateral, and Backward Pass, Vernon Davis Fruits of Victory, James Dutton Drink To Pep Squad, Elmer Wall Review of Season, John E. Smith Prospects, for Next Season, B. E. Bryan Value of Training, Jack Wetzel Address, Dr. T. S. Edwards Election of 1934 captain.

The Greyhounds are losing six seniors and have twelve letter men returning next year.

Everyone thinks that the season has been a very successful one since we defeated Monday 13-0.

MUSICAL ESPANOL

Wednesday afternoon, December 6, the Spanish Club met with the Music club and agreed upon the name "Musical Espanol" for the combined organizations. Plans for the future were discussed at the meeting, the main feature of their program being a play to be given before Christmas. They hope to create a Spanish library and maps, shades, pictures set to the Spanish room, and help in many ways to set the Spanish courses affiliated. The regular meetings of the club will be twice a month.

—Social Reporter

MAGICIAN PERFORMS AT AUDITORIUM

Monday evening at 7:30 Professor Clark demonstrated his great powers

as a master magician before a large audience in the Grammar School Auditorium. Among his many tricks: a slight of hand and magic were the disappearance of a dice from a wooden box, which found on a small table between two red dice with a silk scarf over them; the tearing up of a paper napkin which after it had been rolled up and blown upon three times was retorted to its former state. He explained this trick as follows: before starting the trick as follows: a napkin between the thumb and forefinger, then tear up the visible napkin where everyone can see it. Roll the torn napkin up and then blow on it three times. In the process of blowing exchange the whole napkin for the torn one.

Another trick was the cutting of a rope and after it had been tied together, he let two boys hold the loose ends. He rubbed the knot with his hands rubbed the knot completely out of the rope.

There were many of these too numerous to name. All present enjoyed the performance immensely.

—Willie Hester

P. T. A. PROGRAM

Thursday, night, December 7, a P. T. A. program was given at the school auditorium, with a goodly number present. We desire to have more parents present at these meetings in the future.

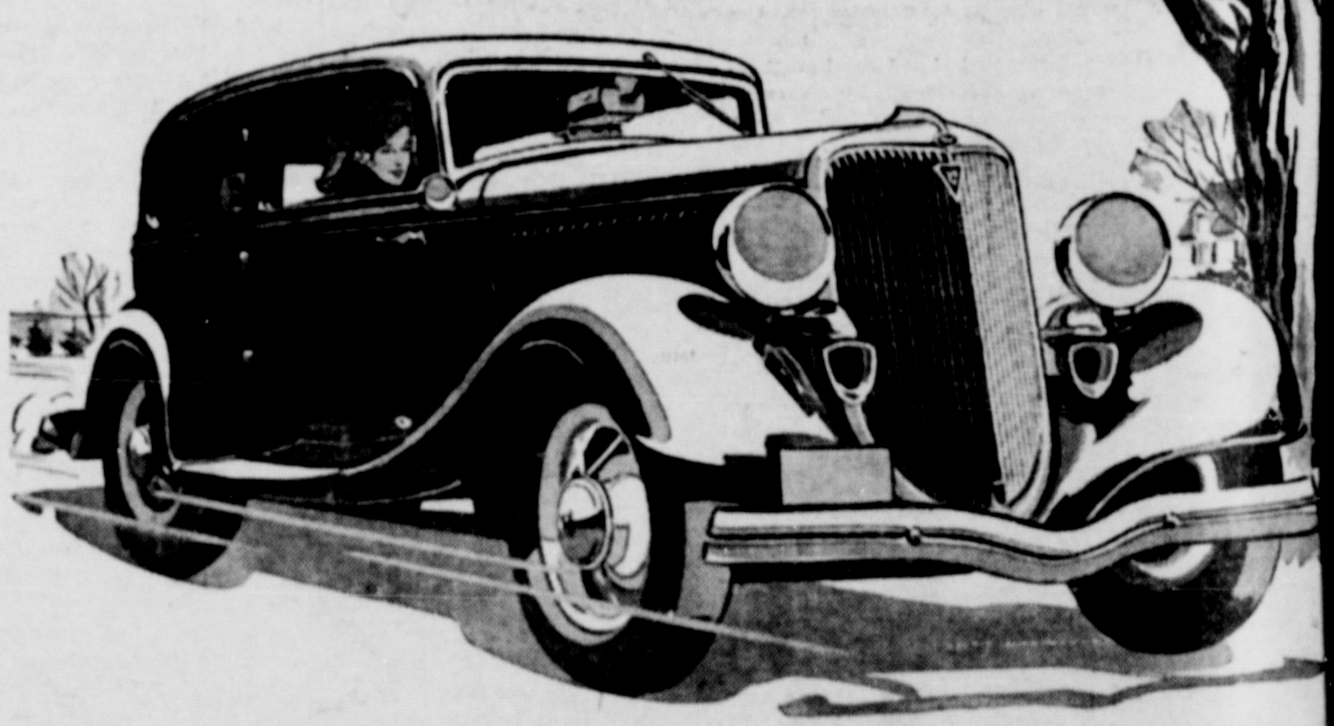

The program was as follows:

- A. Opening Address Mrs. Berry
 - B. Invocation Rev. Gilbreath
 - C. Assembly Singing Mr. Dean
 - D. Song Dorothy Shaver Marian Clonts
 - E. Music Mrs. E. Q. Warren
- A program was to have been given last week during "National Book Week" but for some reason was pre-

- vented and it too was

Announcing

NEW FORD V-8 for 1934

THE UNIVERSAL CAR

The New Ford V-8 for 1934 is now on display at the showrooms of Ford dealers. Still even the great Ford of 1933 in economy, beauty and comfort, it is truly the car of the modern age—the culmination of thirty years Ford progress. It combines the proved performance of the V-8 cylinder engine with two important new features—Dual Carburetors and perfected Clear-vision Ventilation. See this car today and drive it at the first opportunity.

OUTSTANDING IMPROVEMENTS IN THE NEW FORD V-8

BETTER PERFORMANCE. Greater power, new speed, quicker acceleration, smoother performance, more miles per gallon especially at higher speeds, and quicker starting in cold weather—all these result from the new dual carburetor and dual intake manifold. New water-line thermostats enable the engine to warm up more quickly and to maintain an efficient operating temperature. Added engine refinements reduce oil consumption, further improve operating economy and reduce maintenance costs.

NEW VENTILATION SYSTEM permits clear vision, prevents drafts and provides desired amount of fresh air in any weather. Individual control for front and rear side windows. When ventilation is desired the window glass is raised to the top. Then the handle is given an additional half-turn. This slides the glass back horizontally to form a narrow slit. Through this slit air is drawn out by the forward motion of the car. This simple ventilation system maintains draft-free circulation, insures passenger comfort, prevents fogging windshield in cold or stormy weather. Both windshield and cowl ventilator can be opened to supply additional air needed for comfortable warm-weather driving.

DISTINCTIVE NEW APPEARANCE enhanced by the newly designed chromium-plated radiator shell and grille, new hood louvers, new hub caps. Interiors are attractive, with new tufted upholstery, new mouldings, new cove-type headlining, new instrument panel, new arm rests, new hardware. Swivel-type sun visors in De Luxe bodies prevent glare from front or side.

WHEELS IN COLOR. On De Luxe cars fenders are in color to harmonize with body colors—wheel covers. New enamel finish on all bodies and fenders has greater durability and more enduring luster.

GREATER RIDING COMFORT increased spring flexibility. The spring is newly designed for quieter and smoother ride. Shock absorbers are improved. Seats deeper, with new, softer springs. Individual bucket seats provide proper support for front-seat passengers in the De Luxe. Adding to comfort is the new drive shaft 15-to-1 steering gear ratio.

PRICES REMAIN LOW—Tudor Coupe, \$315. Fordor Sedan, \$325. Tudor, \$375. De Luxe Tudor, \$425. De Luxe Coupe (5 windows), \$555. De Luxe Roadster, \$555. De Luxe Phaeton, \$550. Cabriolet, \$610. (All prices f.o.b. Detroit.)

If You Want Extra-Fast Relief
 Demand And Get

GENUINE BAYER ASPIRIN

Because of a unique process in manufacture, Genuine Bayer Aspirin Tablets are made to disintegrate—or dissolve—INSTANTLY you take them. Thus they start to work instantly. Start "taking hold" of even a severe headache; neuralgia, neuritis or rheumatic pain a few minutes after taking.

does not harm the heart. So if you want QUICK and SAFE relief see that you get the real Bayer article. Always look for the Bayer cross on every tablet as illustrated, above, and for the words GENUINE BAYER ASPIRIN on every bottle or package.

Entered in the Postoffice at Knox City, Texas for transportation through the mails as second class

The sub-editor in making the usual round this week observed a large sign which bore the slogan "Power, Speed-Economy." Being accustomed to the reading of many signs daily one scarcely pauses to consider the hidden truth or meaning that is sought to be conveyed by them. Yet if one for a moment reflects upon the great mechanical age in which we live they can not wonder at such a combination. The Victorian age was one of sentiment, romance, chivalry, but human ambition is now made of sterner stuff, and that sign is only a reflection of the desire and hope which signifies. It is a great trio of words to congregate with.

"Power," who has not coveted it? "Speed" who has not endeavored to achieve it? "Economy," who has not striven by every means to accomplish it? Probably without knowing it the sign writer has covered

PIANOS

Several people have written us with reference to our used pianos in storage at various places. They can now be seen at Stamford on south side of square. We are closing these out at very low prices rather than return them to Greenville. Also have a few new uprights and grands to be closed out rather than return. The sale of these pianos will start Saturday, December 2nd.

And 2 Reel Comedy

three of the most outstanding characteristics of the human race outside of its nature craving for and its development toward a truer and more concise knowledge of God. Evolution in a spiritual sense is the soul's development toward the living God, and Evolution in a mechanical sense is development of "power, speed and economy," without either of the latter all industry and progress would become sluggish and improvements would perish in the making. Power, speed, economy; let them march on in undividable embrace as a solid plank against doubt, fear, waste and destruction. Whether it applies to automobiles upon our high ways or to cultural implements upon Knox Prairie farms, shoe factories or blacksmith shops, the principal is the same. Strength and power to do the work; aptness and speed to carry on and economy to make operation possible. We wonder whether those three things have not been responsible for most of all progress made thus far.

Messrs. S. P. Kerby and Harry Wittbanks made a business trip to Lubbock Monday of this week, returning Tuesday, S. P. says crop conditions are about normal in that locality. Cotton is nearly all gathered and wheat is looking good. To the usual reader that may not fear much or even attract your attention but if you owned a farm there or had relatives or friends living thereabouts, it becomes interesting to you at once. So most any kind of news is 'live news to someone some where at all times.

An auto party composed of Mrs. J. A. C. Sweatt and daughters, and Miss Belva and Rogers Curry visited the family of M. C. Sweatt at Lovington, New Mexico last Saturday, returning Monday. They also visited at Bryson, O'Donnell and Tahoka where Miss Belva spent a few hours with her sister Mrs. Davis.

They said most of the country in those sections had made considerable cotton plenty of feed and were in fairly good condition for the winter.

SAGERTON vs KNOX CITY

Wednesday night, December 6, the girls met Sagerton for another victory. It was a clean hard fought game with fine sportsmanship exhibited on both sides.

Put it was a losing game Sagerton, for the final score was 42-7 in favor of Knox City.

All basket ball fans interested in these games are invited to attend them at any time and their presence would be highly appreciated by the team.

WARNING to EXPECTANT MOTHERS

If you have ever been a patient in any hospital, you are probably familiar with the advantages of a liquid laxative.

All doctors know the value of the laxative dose can be measured, and whose action can be controlled.

The public, too, is fast returning to the use of liquid laxatives. People have now learned that a properly prepared liquid laxative brings a perfect movement without discomfort at the time, or after. Dr. Caldwell's long experience with mothers and babies, and his remarkable record of nearly three thousand births without the loss of one mother or child, should give anybody complete confidence

any prescription which he wrote! But most important of all, a gentle liquid laxative does not cause bowel strain to the most delicate system, and this is of the utmost importance to expectant mothers and to every child.

Expectant mothers are urged to try gentle regulation of bowels with Dr. Caldwell's Syrup Pepsin. It is a delightful tasting laxative of delightful action, made of fresh herbs, pure pepsin and active senna. Not a single mineral drug to be absorbed by the system, or irritate the kidneys.

Dr. Caldwell's Syrup Pepsin is an approved preparation and kept ready for use by all druggists.

THEIR SHAME IS OURS ALSO

Technically, perhaps, it is no lyn-
ching to take the dead body of a
man from officers who have killed
him in the process of arrest and to
mutilate it. But the performance at
Kountze, Texas, Friday has all the
savagery and brutality of the worst
lynching ever perpetrated in the his-
tory of this cowardly form of mur-
der.

Lest The Journal be accused of
undue severity in this judgement, it
reprints a sentence or two of the im-
partial wire story—as it was received
in Dallas.

Four hours the snarling, shouting
mob of 400 toyed with the body,
slashing and kicking it as it was
dragged through the streets. Then
eager fingers tore the heart from the
chest and handed it in ghouliah glee.
The hideous form was rolled before
the door of Gregory's (the victim's)
mother, and she was forced to view
it.

Debase your imagination to what
you suppose to be the lowest level of
the jungle's vilest and beastliest peo-
ple—and see if you can think of
conduct farther from civilization,
frather from sanity, farther from de-
cency than that which the dispatch
sets forth. California's lynching was
bad enough; Maryland's was not bet-
ter and Missouri's yet more shame-
ful. But it lies not in the mouth of
Texas now to say a word in condem-
nation. Their shame is ours also.
Yet will there be Rolphs in Texas to
defend it. Indeed, it is the presence

DR. T. F. FRIZZELL
Physician and Surgeon
Knox City, Texas

and numerousness of these Rolphs
which mak lynching easy. They are
moral accessories to the crime.
—Dallas Journal.

liveries of planting seed over the
state.

SUNDAY SCHOOL LESSON

Rev. Chas. E. Dunn

Paul in Rome

Lesson for December 17th.

Acts 27-28

Golden Text Philippians 2:14

Because of his appeal to Caesar,
Paul was sent to Rome. The account
of his voyage, as given in our lesson,
is very accurate and vivid. There
were 277 (ol crowded on the little
vessel, besides a cargo. A violent
storm arose which was too much for
the single mast and large sails of the
antipue craft, so that those aboard
were shipwrecked on the island of
Malta, and obliged to remain there
three months. Although Paul was a
prisoner, he was the commanding
figure in this crisis, and his bravery,
presence of mind, and sagacity made
a profound impression upon the
centurion and the whole ship's Com-
pany. Here, as before, he proved his
superiority to adverse circumstanc-
es, and demonstrated the forceful-
ness of his personality.

At the opening of navigation in
the spring the voyage was continued
in another ship without further ac-
cident. The Roman Christians, know-
ing that Paul was coming, sent dele-
gations to meet him at the Forum
of Appius, more than 45 miles from
the city, and at the Three Taverns
about twelve miles nearer. Their
warm welcome naturally cheered
him, especially as he was a prisoner
in bonds.

During his two years of imprison-
ment at Rome, the apostle was treat-
ed with unusual kindness. Although
continually chained to a soldier, he
was permitted to live in his own hir-
ed house and receive friends and
visitors. He was further permitted to
preach and write. Four of his
epistles, Philemon, Colossians, Eph-
esians, and Philippians were evidently
written at this time. All of these are
worth of close study, especially the
personal, informal letter to the Phil-
ippians, a touching revelation of the
passionate warmth of Paul's
nature.

Paul's confinement ended with his
conviction as an insurrectionist, and
his execution about the year 55. Ac-
cording to tradition we was behead-
ed outside the city walls. So ended
the life of the apostle, the mightiest
missionary of the age, who did more
than any other to extend the domain
of Christ.

DID YOU KNOW

That in high school there are 83
girls and just 54 boys. Too bad girls!
The basket ball girls are going to
another tournament in Dickens City
the 17th and 18th.

ALL GAS KITCHEN

**Your Guiding Star
to year-round economy**

The true Christmas spirit is best
expressed in what we do to make others happy —
and here is a tip for husbands:

What could be more thoughtful and more prac-
tical than a gift for the modern housewife that
would be the first step toward an up-to-date
ALL-GAS kitchen?

When you install a modern gas appliance for
cooking, water heating or refrigeration you have
the assurance that your kitchen is equipped with
all the luxury and convenience that appliance engi-
neers have discovered. And in addition to all of
its other advantages, the modern ALL-GAS
kitchen costs much less to operate.

Don't let another year come to a close without
planning toward an ALL-GAS kitchen. Start now
by inspecting the new gas appliance improvements
for saving time, steps and money. You'll find a
wide selection in the displays of your Gas Appli-
ance Dealers.

Get the greatest value from your
natural gas service this winter by
using the improved appliances for
home heating. The latest models
include every feature for healthful,
comfortable and convenient living
and are designed to save gas. . . .
