ALTERNATE PLANS OFFERED FOR COTTON ALLOTMENTS

Secretary of Agriculture Ezra Taft Benson has determined and announced Sept. 5 that alternate (Choice B) farm allotments for the 1959 crop of upland cotton will be 40 per cent larger than the regular (Choice A) allotments for the same farms.

Under Section 101 of the Agricultural Act of 1958 (approved August 28, 1958) the Secretary is authorized to increase regular upland cotton farm acreage allotments by (not to exceed 40 per cent) for those who elect Choice B under the cotton allotment program. The determination announced September 5 means that such farmers may increase their 1959 upland cotton acreage by the full 40 per cent.

3 Boys Advance To 'Life Scout'

Three boys advanced to Life Scouts and other received merit badges at a Boy Scout Court of Honor Monday night at the Methodist Church.

Hal Mabry of Seymour, district Scout executive, presented the merit badges, and each boy received his Life Scout badge from his mother.

Receiving six merit badges and advancing to Life Scout was Eddie Williams. David Denton received ten merit badges and advanced to Life Scout, and Ronald Voss received seven merit badges and advanced to Life Scout.

Jimmy Lea received eleven merit badges, completing his work toward Eagle Scout, but will not receive the advancement until November.

Also receiving merit badges were Danny Colwell, four, and Tommy Scott, one.

An Explorer Post was organized, and will be sponsored by the Volunteer Fire Department. Members are Doyle Gene Graham, crew chief leader, David Denton, Jimmy Lea, Tommy Scott and Ronald Voss, and Eddie Williams and Danny Colwell will become members as soon as they reach the minimum age of 14 years. Ulric Lea will be advisor.

Named to the Explorer committee were Clyde Voss, A. P. Denton and Doyle Graham. Two other members will be named later, Lea said.

Guests at Monday night's affair included E. A. Youngblood, superintendent of schools; Harold Bankston, high school principal; Don Davis, band director; Arnold Brown, agriculture instructor, and parents of the boys.

F.H.A. Chapter Elects Officers

The Knox City chapter of Future Homemakers of America held its first meeting Tuesday in the high school library to elect chapter officers.

The president and vice-president were elected last spring. They are Charlotte White, president, and Pretrecia Hendrix, vice-president.

Officers elected Tuesday were Peggy Crowover, secretary; Ann Shelton, treasurer; Renella Watson, reporter; Laneer Hendrix, historian; Kay Dean Hester, second vice-president; Doris Bales, sergeant-at-arms; Jeanette Colson, song leader; Donna Gayle Fitzgerald, pianist; and Sarah Scarbrough, parliamentarian.

Formal installation of officers and initiation of the freshman girls will be Tuesday, Sept. 30.

As provided by the legislation, if marketing quotas are in effect, each farm operator who has an upland cotton acreage allotment will have the following choice in 1959 between two programs—Choice A and Choice B. (In the event marketing quotas were not approved by the producers, this optional choice plan would not be in effect.)

(A) He may elect to grow his crop in compliance with his regular upland cotton acreage allotment, in which case he will be eligible for the full level of price support available for the crop (not less than 80 per cent of parity for 1950); or

(B) He may increase his upland cotton acreage by not more than 40 per cent over his regular farm allotment and be eligible for price support at a level which is 15 per cent of parity less than the level available under Choice A.

For 1960, farmers will have a similar choice but the increase for Choice B farms has not been determined.

If any person operates more than one farm with upland cotton acreage allotment, he must elect the same choice for all his farms; he may not elect Choice A for one farm and Choice B for another.

For the 1959 crop of upland cotton, each farm operator will be informed of the Choice A and Choice B farm allotments applicable to his farm.

After 1960, farmers will receive their regular cotton acreage allotments, and price support will be available at levels determined by the Secretary within specified limits (from 70 to 90

GREYHOUNDS TO PLAY AT HERMLEIGH FRIDAY NIGHT

The Knox City Greyhounds bowed to Trent, 20-8, last Friday night but Greyhound fans were pleased with the fighting spirit displayed by the team as a whole and expect to see a winning team develop. It was the 'Hounds first game of the season, the Gorillas' second.

Tomorrow (Friday) night the Greyhounds travel to Hermleigh for another practice game. The Cardinals, who beat Aspermont 24-8 last week, are reported to have a lot of weight but not too much speed in the backfield.

School officials were pleased with the number of fans who followed the 'Hounds to Trent, and hope the team has a good following at Hermleigh.

In last week's game, despite several fumbles that hurt, the Greyhounds scored eight points in the first quarter to Trent's six, and held the lead until the third period, when the Gorillas surged ahead.

The 'Hounds received the opening kickoff but fumbled on the third play, and the Gorillas recovered and marched down the field. At the goal line the Knox City lads held for three downs, but on the fourth try Trent fullback Kenneth Healty went over his own right end for the score.

Services rendered by the committee in Knox City over the past included groceries, meals, lodging, clothing, medication, furnishings for burned out families and other emergency type services.

Fund chairman Averitt reminded "everyone is pretty well familiar with the humanitarian work of the Salvation Army. They voluntarily shoulder our responsibilities to the less fortunate, not only here, but throughout the world."

STATE CAPITAL Highlights AND Sidelights by Vern Sanford TEXAS PRESS ASSOCIATION

AUSTIN, Texas—Texas Democrats now look toward 1960, the year some think they might nominate the U. S. President.

And added to the party's tumultuous history is the 1958 Democratic convention. It was billed as a "harmony" meet, but resembled a family reunion to fight over grandpa's will.

Gov. Price Daniel's liberal foes are hotter under their collars than ever, but despite their noisy opposition, the governor "ruled the roost" in San Antonio. And, with an executive committee, acceptable to him and a platform reflecting his views, he holds the reins of party leadership for two years.

U. S. Sen. Lyndon B. Johnson and Speaker Sam Rayburn also were honored by the conventioners. Johnson was urged to become a presidential candidate.

Test in the struggle between Daniel's supporters and the liberal DOT faction championed by U. S. Sen. Ralph Yarborough came over the selection of a presiding officer. Congressman Frank Ikard of Wichita Falls, with the support of Senator John

son, Speaker Rayburn and a comfortable majority of delegates, snowed under Corsicana Judge Jim Sewell.

But the real grudge being nursed by the Yarborough faction was over the bouncing of two executive committee nominees selected by the delegates from their districts. They were replaced, on the recommendation of the nominations committee and vote of the convention, by people regarded as more friendly to the governor.

Liberals, who haven't been "in" with a Texas governor for years, have fought bitterly against this traditional veto over the make-up of the executive committee. They feel the committee members should be like a legislature, reflecting the varying views of the sections which elect them.

Having lost out on this, as in 1956, they howled protests and finally stomped out, as before, promising revenge.

LEADERS — Jim Lindsey of Texarkana will serve a second term as chairman of the Democratic executive committee. So will Mrs. R. Max Brooks of Austin as vice-chairman.

J. Ed Connally of Abilene succeeds Jake Jacobsen, the governor's administrative assistant, as secretary.

Forty of the 62-member committee are newly elected.

PRINCIPALS — States rights and cooperation within the official party framework were stressed in the Democratic convention resolutions.

Delegates resolved against: (1) Unauthorized use of the name, Democrats of Texas, by the DOT, (2) "overstepping of power" by the U. S. Supreme Court, (3) use of military troops to enforce school desegregation, (4) state in-

come or sales taxes, (5) excessive foreign imports and (6) federal aid to schools.

They favored (1) enactment of laws to prevent members of one political party from voting in the primary of another and (2) Governor Daniel's platform for the next two years.

REPUBLICANS AGREE — Delegates to the GOP convention had little difficulty uniting on a "Down with the Democrats" platform.

Conservative Democrats, they declared, must join with the Republicans to keep the country from going completely socialist.

With apparent nervousness, the Republicans adopted a "kid gloves" resolution on school segregation. They recommended the "solution in Texas be left to the people, the school boards and courts within this state."

Another resolution swatted at Democratic office holders who failed to support states rights legislation in the last session of Congress.

Republicans also affirmed their approval of Sec'y of Agriculture Ezra Benson and their disapproval of federally financed hydro-electric dams.

SAME PAY, DIFFERENT WAY — Beginning this month, members of the State Board of Insurance are to be paid \$50 per working day rather than a straight \$15,000 a year.

This was Attorney General Will Wilson's ruling on a subject that was—and still is—a cause of strong feeling among

legislators.

When the Insurance Department reorganization bill was being considered last session, House members strongly favored a full-time Board. Senate was just as set on a part-time Board.

Final compromise was a measure which said the Board should be full time for the first year with each member receiving \$15,000. Beginning in September, 1958, it was to become a part-time with each member receiving \$50 per day. Up to 300 working days a year (worth \$15,000) was authorized.

Actually, to work 300 days out of 365 the Board would have to work Saturdays and holidays—or else give up vacations.

And an influential senator has openly implied there may be trouble if the Board doesn't comply with "legislative intent" that it serve part-time. Board members object strongly, say the work involved is at least a full-time job.

"SPEAKERS' STILL SPAT — So tense and tight is the race for Speaker of the House that the possibility of winning with Republican backing has become an issue.

Rep. Joe Burkett of Kerrville has accused present Speaker Waggoner Carr of Lubbock of seeking support among the GOP candidates for House posts.

Twenty-nine Republicans are opposing Democratic nominees for House posts. Conceivably, if a few, or maybe even one,

A proposed amendment to postal regulations would allow airlines to refuse to carry such items. Dr. Holle said he felt danger to handling personnel was small compared to the crippling effect such a regulation would have on the machinery for combatting disease outbreaks. "Numerous cases could be cited," he said, "where rapid transit was essential for diagnosis and identification."

The bride wore a light blue two-piece suit, with black accessories and a corsage of white carnations.

Matron of honor was the bride's sister-in-law, Mrs. W. C. Nance of Munday, who wore a heather gray and black dress with white carnation corsage. Best man was Billy Leach, Knox City, brother of the groom.

Traditional wedding music was presented by Mrs. Grady Allison.

Mrs. Leach is a 1956 graduate of Munday High School and has been employed at the Eiland Drug Store. Leach, a 1953 graduate of Knox City High School is engaged in farming and is employed by the FWA Drilling Co. in Knox City where the couple will make their home after a trip to points in Arkansas.

The bride, who was given in marriage by her father, wore a white gown of alencon lace, and tulle fashioned with bateau neckline, long sleeves and a moulded lace bodice. The wide tiered shirt was floor length. Her finger-tip illusion veil fell from a pearl crown and she carried a white Bible adorned with feathered carnations.

Attending her sister as maid of honor was Miss Kay McLaughlin, who wore a ballerina length pink nylon organdy frock. She carried a bouquet of turquoise carnations.

Bridesmaids were Misses Sandra Kay Smith, Nancy Galt, Sonja Pete and Lucille DuPont. They wore turquoise dresses after the fashion of the maid of honor and carried pink carnations.

After the ceremony a reception was held on the church lawn. Among the out of town guests were the bride's grandparents, Mrs. Jewel B. McLaughlin of Lubbock, and Mr. and Mrs. J. C. Eubank of Truscott.

After the wedding trip the couple will be at home in Abilene, Texas where they will both be students at Abilene Christian College.

Prior to entering Baylor University, Tom Ed and Jocelyn Reed, of Graham, visited here last week with Mr. and Mrs. T. E. Robbins. They were accompanied to Knox City by Mrs. Burnett Steele.

H-D Notes . . .

Miss S. C. Kinsey, County Home Demonstration Agent

A good breakfast every day can prevent that empty, shaky feeling that often hits at mid-morning when you "skip" or "skimp" on breakfast. Pattern for a good breakfast goes something like this: fruit, cereal, eggs, toast and beverage. It should contain about one-third of the total daily food needs.

Variety adds spice to any meal, so plan to vary the basic pattern by using different kinds of fruits or juices, different cereals and breads, and by preparing eggs in different ways.

An attractive table and friendly, relaxed atmosphere will spark appetites and start the day right. Avoid a rush in the morning by doing some of the preparation the night before.

A center-piece of fruit, flowers or pot plant, and colorful mats and dishes will brighten breakfast time for all the family.

Marilyn Albus and Sylvia Kuehler who attended the 4-H Club Electric School at Vernon are planning to demonstrate the assembling of pin-up lamp to other 4-H members who are interested in improving the lighting in their homes.

Alternate Plans

(Continued from Page 1)

per cent of parity for 1961, and from 65 to 90 per cent of parity thereafter).

The additional acreage in cotton production on a farm under Choice B will not result in increased future allotments since the law provides that it shall not be considered as cotton acreage history in establishing future acreage allotments for the farm, county, or State. Allotments for farms for which Choice B has been elected may not be released for reappointment to other farms.

Cotton from farms where Choice A has been elected will be eligible for price support through a Commodity Credit Corporation purchase program only. Price support for cotton from farms for which Choice B has been elected shall be made available through loans, purchases, or other operations. During the period August 1, 1959, through July 31, 1961, CCC-owned cotton must be offered for sale for unrestricted use at not less than 10 per cent above the Choice B level.

Among other provisions affecting upland cotton, the new legislation also includes the following:

- (1) Beginning with the 1959 crop, the minimum national acreage allotment for upland cotton is fixed at 16 million acres.
- (2) An additional allocation of 310,000 acres over the national acreage allotment is provided for apportionment to States on the basis of their needs to take care of minimum farm allotments, with 1,000 acres of the extra acreage assigned to Nevada.
- (3) The minimum farm allotment for upland cotton is permanently established at the smaller of (a) the farm's 1958 acreage allotment or (b) 10 acres.
- (4) After 1960, the minimum national marketing quota for upland cotton must be equal to the estimated domestic consumption and exports less imports, subject to such adjustment as will assume adequate but not excessive stocks. However, the marketing quota may not be less than the large of (a) the estimated domestic consumption and exports less 1 million bales, or (b) 10 million bales.
- (5) Beginning with the 1961 crop, the escalator clause—under which the minimum support level is determined on the basis of the supply percentage—is repealed, and price support will be based on the average quality of the crop instead of Middling 7/8-inch cotton, as heretofore.
- (6) After July 31, 1961, the minimum price for sales of CCC-owned cotton for unrestricted use will be 115 per cent of the support price plus reasonable carrying charges, except that CCC may sell at the market price during any marketing year a number of bales equal to the number by which the national marketing quota is less than the domestic consumption and exports.

LABOR OFFICIALS OUTLINE EMPLOYMENT REGULATIONS

The provisions of Public Law 78 covering the importation of Mexican Nationals were discussed at a meeting of representatives of Knox County and officials of the Texas Employment Commission at the City Hall in Munday, Thursday, Sept. 4. Local representatives present were Claude Hill, Ansel Waldrip, and Leo Fetsch.

E. K. Krizan, District Director for TEC pointed out the responsibilities of the Texas Employment Commission under Public Law 78 as distinguished from the responsibilities of the Bureau of Employment Security of the Labor Department.

Krizan said the main responsibility of the TEC is to authorize the use of Mexican Nationals in an area only when a sufficient supply of domestic workers is not available. Even after Mexican Nationals are under contract, should domestic workers become available, the contracted workers are subject to being returned in the event domestic workers are not absorbed in the Labor Force.

Requests for Mexican Nationals in the Munday area should be presented to Charles Dunning at the TEC Farm Placement office in the City Hall. This office was recently opened to assist in referring all available domestic workers to available jobs. Other representatives of the TEC attending the meeting were Ben Fowler, manager of the Wichita Falls area, and Joe Spears, Farm Placement Supervisor.

Streams In Desert Places

By Ozelle Stephens

In Paul's writings we find a great lesson of humility and love, in His teachings on the method and reward of true ministry. Before one can be a blessing he must first become a servant.

Paul said, "For though I become free from all men yet have I made myself servant unto all, that I might gain the more." (1 Cor. 9:19). He put himself in the Jews place that he might gain them. "To the weak become I as weak, that I might gain the weak."

The humble spirit gave Him power and freedom in the spirit. You can only help others as you put yourself in their place. But remember, "For he that is called in the Lord, being a servant, is the Lord's freeman; likewise also he that is called, being free, is Christ's servant." (1 Cor. 7:22)

Sept. 26 Deadline For Requesting Soil Bank Rates

Texas farmers have until Sept. 26 to file a request with their county Agricultural Stabilization and Conservation Committee for a maximum rate for their farm under the 1959 conservation reserve phase of the Soil Bank program.

Then, after the maximum farm rate is determined, farmers have until Oct. 17, 1958, to apply for a conservation reserve contract, according to I. H. Lloyd, who has charge of the Soil Bank program in the State ASC office. Lloyd and the State ASC Committee emphasize that under present legislation, there will be no acreage reserve program in 1959, and they urge farmers to become familiar with the conservation reserve.

Lloyd said 15 meetings were held in Texas during the week of August 11-15 for the purpose of training county ASC personnel in handling the 1959 program. Since these meetings have been completed, county offices are ready to accept applications from farmers for establishing the maximum conservation reserve rates for their farms. Rates will average \$12 per acre in Texas.
