NUMBER 42

City Trounces Goree for Their Second Win

Knox City defeated Goree Sunday May 10th, at Goree, in a very one sided game of baseball.

The local boys held the Goree team blanked until the 9th inning, when they turned in three runs.

R. Edwards held the opposing team to 7 hits, which were well scattered, two errors, and a double in the 9th accounted for their three runs.

Keith had a good day at bat, by slashing out two singles and a third stringer.

The game was played before a good crowd of fans, a good attendance from Knox City.

Lets all get behind our local club and when they need help, get in there and help them out.

JARVIS GIRL DIES

Miss Kate Jarvis, 15, died at her home Tuesday, May 12th and was buried Wednesday in the Gillespie Cemetery following services which were conducted at the Gillespie church by the Reverend

After returning home from school Monday Kate went to sleep and never did wake. She died Tuesday morning between nine and ten o'clock. It is believed that death to her came as a result of poison in the system affecting the heart.

Kate was born and reared where she died. She is the daughter of Mr. and Mrs. Frank Jarvis. She was a member of the Sun Set school and her work was praised highly by her teachers. She was a quiet girl, always thoughtful of others. She is survived by her parents four brothers and six sisters, and a grandmother, Mrs. Fortenberry who lives with the Jarvis family. The four brothers and one sister remain at home while the other five sisters, married and living elsewhere, attended the funeral services. They are Mrs. Kye Hunter and Mrs. Berbel Sessions both of Munday, Mr. John Milford of Knox City, Mrs. Ruby Styce of Midland and Mrs. Lela Muse of Amarillo.

Christian Church

Brother A. R. Caudle will preach at the First Christian Church in Knox City on next Lord's day May 17, both at 11:00 a. m. and 8 p. m. The morning subject will be, "His Name Shall Be Called Wonderful". The evening subject will be, "Why Did Ye Follow Me?"

All are invited and made welcome at these services. Not forsaking the assembling of ourselves together, as the manner of some but exhorting one another and so much the more as ye see the day (Lord's day) approaching. Hebrews 10-25. Yours for better service.

A. R. Caudle, Pastor

Mr. Lutz of Wichita Falls, son-in-law of Mrs. C. F. Boyd of Knox City died Thursday of last week and was buried Friday. Those from Knox City who attended the services other than Mrs. Boyd were Perry Boyd, who came by here from New Mexico, Mr. and Mrs. O. L. Jamison, Mrs. L. L. Davis, Mr. and Mrs. J. W. Smith, Mr. and Mrs. Russel Boyd, Mrs. Q. C. Davis, Miss Winnie Ferguson, Miss Mary Ferguson, Mr. G. B. Ferguson, Mr. and Mrs. H. M. Jones, Mr. and Mrs. W. J. Jones, Mrs. Carl Davis and Mrs. C. M. Davis.

Mrs. C. F. Boyd and Miss Mary Ferguson remained in Wichita Falls for the week.

The Cliff school will close Friday.

Hospital Notes

Patients in the Hospital this week are Mrs. J. L. Hammett of Crystal Falls, Mrs. Hazel Orell of Goree, Mrs. W. C. Hall of Benjamin, Mrs. Charlie Raigan of Truscott, Joe Gillespie of Truscott, Mrs. Nelec of Munday, Mr. Reed of Gilliland, Mrs. Emmitt Partridge of Munday, Mrs. Hancock of Rochester and Mrs. B. C. Williams of Rochester.

Miss Grace Parker of Rochester was dismissed Tuesday. Lois Huntsman and Viola Daniels were dismissed last Friday. Both were doing fine.

Mr. and Mrs. Clowning of Truscott visited the hospital Tuesday.

Miss Buckholt spent Thursday of last week in Wichita Falls.

Miss Katherine Swift of Munday was here Tuesday for treatment and spent the day "getting well".

GOOD ATTENDANCE AT P-T-A COUNCIL

The attendance at the County County Parent Teacher Association Tuesday was good. Members from the organizations of Munday, Vera, Benjamin, Truscott, and Gilliland were present. Dinner was served at noon for twenty-five of the out-of-town guests.

The program for the day was carried out as planned and given last week in the Herald. The talk made by Mrs. Kinade of Crowell was fine while that of Dr. Farrington of Munday was also good.

The meeting was spoken of by those in attendance as being the best of the year.

SERVANTS HOUSE BURNED

Monday morning the Knox City Fire Department answered the call which took them to the Colored Mansion at the home of Mayor Smith. The fire was extinguished, with little damage to the mansion, and the fire boys returned to their places of business.

Fire originated in the servants house at the flue, the only damage being a hole burned in the ceiling.

Mother Humphries, who is near seventy eight years of age, received the gift presented by the Methodist church Sunday night to the oldest mother present for the Mother's Day service. Mother Humphries received a large box of candy, the box bearing the name "mother".

The program and sermon Sunday night were both fitting and impressive as a tribute to "mother". A large crowd was in attendance.

Mr. DeLaney of Haskell was here Wednesday to see Press Hitchcock.

CAR LOAD OF HOGS FOR KNOX COUNTY

One car load of gilts was unloaded in Benjamin last Wednesday. The gilts being placed in most instances, one to the farm. These gilts were shipped from Sioux City Iowa and came from accredited herds which are immune from Cholera. They are also from purebred stock and were shipped in for foundation stock which the county and state is in need of.

J. C. Tinney representative of the Fort Worth Stock Yards Company gave the fullest cooperation to the County Agent in placing these gilts over the county. These hogs were financed by the Stock Yards National Bank of Fort Worth in cooperation with the local banks. The largest part of the gilts went to the northern part of the county and to Vera community, has at the present time a very bright prospect for a fine wheat crop.

These gilts were of stocker quality and sold at meat prices plus shipping charges, amounting to a very reasonable charge. In shipping these gilts in it is only to supply the shortage of a living at home program which our neighboring counties have already or are doing at the present time.

W. E. Jones, County Agent

BOY SCOUTS PASS TESTS

Several tests were given and passed by the boys taking them at the Boy Scout meeting last held, stated the Scout Master, Reverend Stovall. Those boys who were not at the last meeting are expected to be present Friday night at six o'clock at the regular meeting place. If they fail to get the Tender Foot test now they will probably have to wait indefinitely. All are urged to be present.

The scout master states that he has ordered material for the second class work which he hopes to begin with the boys in the near future. He has also ordered badges which will be given soon as the boys pass their tests.

The next regular meeting of the Scouts will be Friday night at six o'clock at the Baptist church.

Mrs. Edwin Clarke suffered a severe cut on the hand Wednesday afternoon when she fell on a milk bottle. She had washed the bottle and carried it to the porch for the milk man. In doing so her heel hung and she fell. The bottle broke and cut her hand severely.

Alvin Hamm, Miss Stela Cooner and Miss Grace Orsborn accompanied Claude Stevall Jr. back to Simons Sunday, following the few days Claude spent here with his family.

County Health Program

To the people of Knox County: Some time ago we had a notice in the different papers of the county that there was soon to be a health survey made of Knox County, this survey being made primarily for the control of communicable diseases.

On April 21st quite a few of the citizens of the county had the pleasure and privilege of hearing a talk by Dr. Mahone of the State Health Department, in which he outlined the work to be done, the manner in which it was to be done and the part each county must do in order to participate in the benefits of this work. At the same time a central committee was organized with Mrs. J. W. Melton of Benjamin as chairman and on this committee was placed a representative from each community in the county. These representatives will in turn organize their different communities and start at once putting on an educational campaign, so that when our survey actually begins there will have been much work already accomplished.

We will have furnished us a Public Health Nurse in assisting and directing this work. I am pleased to tell you this nurse has been in Knox Co. today looking the situation over, and that our first meeting, which will be in the form of a clinic will be held in Benjamin on May 25th. The work done on that date will be starting the immunization against Diphtheria. We have in Knox County 2,536 children in the ages of 5 to 14 years inclusive, and out of that number there are probably 10 per cent who have either had Diphtheria or have been immunized against it. The Public Health Nurse, Miss Susie Durden, who has been allotted the work in this county extends through me a hearty invitation to all parents and guardians of children to meet with us May 25th.

Miss Durden has in her charge 5 counties, namely Ford, Knox, Paylor, Throckmorton and Haskell. She will be engaged in this work in these counties for the next 14 months, and we certainly have the opportunity to do a wonderful lot of good to every person in the county both old and young at a very nominal cost.

This work is being done through the State Health Department, cooperating through and with the different county health departments and we certainly hope that on May 25th, that we will have a large number of children and parents meet together at Benjamin that we may start this work off in a fitting manner.

J. E. Stover, County Health Officer Knox County.

Dr. Emery, who left some months ago to study in the University at Chicago is now an instructor there.

Other Knox City physicians are quoted as saying that Dr. Emery is a very fine doctor and that his services are hard to duplicate.

Mrs. Emery left this week to join her husband in Chicago.

Mr. and Mrs. Jerry Caldwell of Abilene spent Sunday here with Mr. and Mrs. S. L. Favor.

THE OLD ROCKING CHAIR

There comes to my memory
Tonight as I'm dreaming,
A picture of childhood
With pleasures so rare;
But of all the dear scenes
That hover around it,
Is the one of my mother
In her old rocking chair.

I can see the old nursery
Where little feet pattered,
The old rambling hall
With the high winding stair;
We loved them all dearly,
But our hearts seemed to cluster
Around that dear mother
And her old rocking chair.

I'd like to sit near her
When night shades are falling
And hear the old hymns
She sang, as of yore;
The old Bible stories she taught
And we listened,
Until the old sandman
Would knock at our door.

Sometimes when I weary
Of life with its burdens
I want to go back
With all of my care,
And kneel once again
At the knee of that mother
Who's waiting for me
In her old rockin' chair.

PROFITING THROUGH SERVICE

When merchants built new stores, and additional sales space, installed fixtures, improved their show window, argument their sales forces replenish their stocks with the best and newest, it is for the public. Of course they are in business for the purpose of making a living, but to make that living they must first give service, so their first objective is always "to serve and please".

"Fair exchange is no robbery" is a business phrase which has been handed down from generation to generation and now seems to have acquired immortality. The laborer exchanges his labor for his wage. The capitalist exchanges his money for his interest. The manufacturer exchanges his products for his cost of production plus profit, the professional man exchanges his services for his fee or his salary, the store keeper exchanges his goods for cost plus service charge. Everybody is in business for himself by being in business for somebody else. Like the public official, the merchant is in business for society and therefore every member of that society is his employer, his boss.

One of the compensations of business is that public recognition and appreciation come to none sooner than to the businessman who really serves. A flourishing trade is synonymous with public trust and confidence. Service must ever precede success in business.

The dream many citizens of Knox City have dreamed for many months now, Wednesday showed signs of becoming a reality. Work was begun in the tearing down of the Boyd Hotel for the erection of a new structure.

Russel Boyd is having the new hotel built. It will be a sixteen room building with all conveniences in each room. Mr. Fetter, head carpenter, states that he will be some time in removing the old building which of course will delay the erection of the new one.

Knox City is quite elated over the new hotel.

The boys who went hatless through the winter might consider how smart they would appear if they also went barefoot.

In former days people felt under obligation to support their political party, but now they expect their party to support them.

The American people are urged to go back to the soil, and anyway they have to use the soil to play baseball on.

The girls are using so much color on their faces that the red Indians must find warpaint getting scarce.

Foreigners say Americans think of nothing but the dollar. This is all wrong, as they don't think much of anything under ten dollars.

The teachers are bothered by the young people who fail to learn their dates, while the girls are bothered by the boys who fail to keep them.

Transmission Line Service Aids Development

WEST TEXAS is a land rich in natural resources and vital raw materials, and in the near future, far-seeing manufacturers will locate their plants in this territory where they will benefit by cheap land, moderate operating expenses, low living costs, an abundance of native-born intelligent workers, splendid shipping facilities, ideal climatic conditions and an adequate and elastic supply of inexpensive dependable electric energy.

When these industries survey West Texas for the most active factory-sites, first consideration will be given those progressive small cities which offer the constant power supply a transmission line system serving a wide area from strategically-located main generating stations and further stabilizing service through interconnection and auxiliary plants.

One hundred and twenty prosperous cities and towns throughout West Texas are interconnected by the 2,500 mile link transmission line network of the West Texas Utilities Company. Receiving service from three major generating stations—supplemented by twenty-two auxiliary or stand-by plants—leading citizens of these towns confidently anticipate the rapid industrial development of this vast empire, truly called "Land of Opportunity."

SUNKEN PILLARS

I went to a function where a brilliant young man received a distinguished honor. Fine speeches about him were made, and the mayor of the city presented a gold medal.

Back near the door sat a demure old couple who seemed ill at ease. Their faces were lined, their hands showed the marks of hard labor. They alone of all the guests did not wear evening clothes.

But when the young man came down from the platform he strode quickly across the room and, reaching the old couple, put his arms around them.

The audience cheered.

I thought of Thomas Carlyle who, when fame came to him looked back from the fashionable society of London to the rugged farm where he had grown up, and the humble parents whose self-sacrifice had made his career possible. Said he:

"I feel to my father, so great though so neglected, so generous always toward me, a strange tenderness peculiar to the case, infinitely soft and near my heart. Was he not a sacrifice to me?"

And he added: "I can see his life in some measure as the sunken pillar on which mine was to be built. Had I stood in his place, could he have stood in mine and more?"

I thought of the father of Robert Burns and the "pains he took to get proper schooling for his boys, and when that was no longer possible, the sense and resolution with which he set himself to supply the deficiency by his own influence. For many years he was their chief companion, he spoke to them seriously on all subjects as if they were grown men; at night, when work was over, he taught them arithmetic; he borrowed books for them on history, science, and theology. He would go to his daughter as she stayed abroad herding cattle, to teach her the names of the grasses and wild flowers, or to sit by her side when it thundered."

I thought of the father of John Stuart Mill, neglecting his own interests in order to work patiently at the education of his boy; of Thomas Lincoln, struggling to keep his poverty stricken family together of all the uncounted hosts of hidden fathers "sunken pillars" who suffered oblivion cheerfully in order that their sons might rise.

It would be fairer if ever life could be measured by a double standard—first, by its own achievement; second, by the careers of its children. On this basis many obscure lives become glorious.

And many a medal, placed in the strong, achieving hands of brilliant youth, should be passed back to the gnarled hands of the little old couple sitting shyly by the door.

Mother White was surprised Sunday with a dinner honoring her on Mothers Day. Her children, who live here, planned the surprise, furnished the dinner and managed to get her off to church Sunday morning while others remained home and prepared the table.

IN Texas and Oklahoma there's an old saying, "Only strangers and fools predict weather," and it was certainly proven during April. It was cold one day and hot the next, and several times it was cold and hot in the same day. During the month, most Southwestern cities had their official straw hat days. Then a couple of days later those courageous souls who had purchased new straws were digging out the old felt hat, because it was so chilly that straw hats looked silly. According to official weather records at a representative point in the Southwest, there was 2 1/2 times more heating weather this April, than in April a year ago. And that means 2 1/2 times more gas consumed. So remember that April was a cold-hot (mostly cold) month. And your bill is just as reasonable, in proportion, as it will be in August. There was simply more gas used in April.

USE COTTON BODY TO BE ORGANIZED AT HOUSTON FETE

Prominent Men Sign Call for Initial Meeting May 22

Austin, Texas, May 12—Through an organization committee composed of more than a score of prominent Texans, preliminary steps toward organizing the Texas division of the Association for Increased Use of Cotton was launched today.

Call for an organization meeting to be held at 2 p. m., Friday, May 22 at Houston, at the height of that city's three day King Cotton festival, was issued by the committee.

The Texas division will work in cooperation with the national association formed recently at Atlanta, Ga., to encourage and promote the use of cotton in every conceivable way, in the end that a surplus, greater than any other in the history of the South, may be consumed and cotton restored to a fair price.

Bankers, merchants, chambers of commerce, women's organizations, club clubs, farmers, all agricultural agencies and all others "desirous of bringing depressing to an end, of preventing recurrent low prices, and of fostering permanent and profitable agriculture" were invited by the committee to attend the organization meeting or to communicate with J. E. McDonald, commissioner of agriculture, vice-president of the national association.

Members of the Committee Signing the call were:

- Governor: Ross S. Sterling; Dr. T. O. Walton, president of A & M College; Col. C. S. E. Holland, president Houston National Bank; Victor Schaffner, agricultural editor, Dallas Morning News; A. W. Recipe For A Home

- Half a cup of friendship
- And a cup of thoughtfulness.
- Creamed together with a pinch of powered tenderness.
- Very lightly beaten.
- In a bowl of loyalty.
- With a cup of faith and one of hope.
- And one of charity.
- Be sure to add a spoonful each of gaiety-that-slaps.
- And also the ability—
- To laugh-at-little-things.
- Moisten with the sudden tears of heart-felt sympathy.
- Bake in a good-natured pan.
- And serve repeatedly.

JESUS PREPARING FOR THE END
Luke 22:7-23

At all times Jesus of Nazareth was loyal to His Jewish extraction. He observed the Sabbath, made full use of the synagogue and kept the Hebrew feasts. His work during recent weeks had the Jewish Passover as its objective. Preparations were made on Thursday of what we now call Holy Week. With His disciples He proceeded to Jerusalem and instructs how they may find the room where they will keep the feast. It was easy to follow the lead for they were to find a man bearing a pitcher of water, whereas water carrying was the job for women. It is thought that John Mark was the young man that he led them to the house of his mother, Mary.

A most significant act took place when Jesus washed the feet of all since each one of the disciples purposely avoided this customary duty lest he appear to belittle himself and have a lesser place in the Kingdom they expected the Leader to establish.

Following the Passover meal and the departure of Judas, Jesus performed one of the few acts that deal with organization. He took some of the unleavened bread and gave to it the significance of His body that was about to be yielded up on the cross. The cup typified His shed blood. These emblems were to be taken by His disciples throughout all times as memorials of the gift of Self on the cross on the morrow. Thus we have the Sacrament of the Lord's Supper, through which we make confession of Christ as our Savior. Read the table conversation in John 13:15, 14 and note the prayer of Jesus in that upper room as recorded in chapter 17. "This do in remembrance of me" is the abiding command to all believers.

Attention! ... Mr. Cotton Farmer

Please read every word of this message it will mean money to you

We want to help you with your problems this season. We want to cooperate with you in your endeavor to raise a better and more profitable cotton crop this year than you have ever raised before.

There has been, as you know, a lot of newspaper editorials throughout the State during the past few years on diversification. They have told you that you can't make money in raising cotton and have urged upon you to plant your acreage in more profitable crops—well, have you done it and are you any better off? We don't think so. It is true that the average cotton farmer has not made any money in the past few years, but it is also true that the cotton and wheat farmer has suffered a like fate—all due to circumstances—all due to conditions. So why not try planting better cotton and raise quality cotton for the market. Please do not understand this that we are against diversification, for we are not—it is our meaning or our desire to create the impression that we are in accord with diversifying acreage on the farm. We do not urge you to plant more acreage in cotton than you have in the past, but BETTER COTTON.

IT IS A WELL KNOWN FACT THAT THERE HAS BEEN MORE MONEY MADE BY THE FARMER IN THE RAISING OF COTTON THAN ANY OTHER CROP ON THE FARM.

What are you going to do with your cotton acreage this year? A great deal depends on you. Mr. Farmer, as to whether you will reap a harvest of profitable dollars on this year's cotton crop or not, and that's the object of this message which we urge you to read and carefully digest. Here's our proposition.

We Want to Make a Trade With You

You Getting the Best End of the Trade

THE QUESTION ARISES IN YOUR MIND AS YOU READ THE ABOVE HEADING "WHERE'S THE CATCH? WHAT HAS THIS GIN GOT TO SELL ME? WHAT INTEREST HAVE THEY IN MY WELFARE?"

Here are the answers to those queries. First, there is no catch to this proposition whatsoever. Our cards are on the table face up and the only interest we have in yours and the good there will come out of your accepting our suggestions. We are not making this proposition with any thought in mind of making money off of you. The interest we have in your welfare is that of every citizen in the Southwest, and that is to help the cotton farmer. On this trade we want to make with you, we are honest in our belief that you are really getting the best end of it and we believe that you will agree with us after you have read our proposition, WHICH REQUIRES NO MONEY—Here it is:

- ONE. We will trade you one bushel of State Certified A. D. Mabane State Cottonseed for three bushels of your prime gin run cottonseed. There are no strings to the proposition. It is a straight trade. NO CASH.
- TWO. We have placed one car of A. D. Mabane seed here and another car is on the way. If you do not have gin run seed for trade you may purchase the A. D. Mabane seed from us at \$1.50 per bushel. DON'T HESITATE. ACT NOW.
