CONGRESSMAN OMAR BURLESON

Congressman Burleson To Visit KC Wednesday

Knox County's new representative, Congressman Omar Burleson, has included Knox City on his itinerary of visits next Wednesday, August 15, and will be at the Community Center from 10:00 until 11:00 a.m. to meet his constituents.

Knox County was one of three counties added on the north and west to Mr. Burleson's 17th Congressional District to partially make up the population loss when the district was altered by placing San Saba, McCulloch, and Brown Counties in the Congressional District represented by W. R. (Bob) Poage of Waco.

The 17th District is composed of 31 counties.

The U.S. Supreme Court ren-

dered a decision on June 18 in the case contesting the State Legislature's action in reshaping Congressional Districts.

A three-judge Federal Court in Dallas threw out the Legislature's action and adopted a plan of its own, which was appealed to the U.S. Supreme Court. The judgement of the lower Court in Dallas was reversed and instructions issued for the Court to adopt what is known as Plan B, which is neither the apportionment decided by the Texas Legislature nor the Federal Trial Court. Plan B was an alternate arrangement to that adopted by the Dallas Court and varies from the legislative plan.

It is still possible the three-judge Federal Court in Dallas, which retains jurisdiction, could yet make some changes on its own, but it is not likely. The Supreme Court has, in effect, directed that Plan B be approved.

Knox County previously was in the 18th Congressional District with Bob Price of Pampa as representative.

Everyone is encouraged to be at the Community Center next Wednesday morning at 10:00 o'clock and welcome Congressman Burleson.

Streams In Desert Places By OZELLE STEPHENS

"We must never forget what happened to God's people in the wilderness." 1 Cor. 10:1. By a miracle God sent them food to eat and water to drink. He was there with them as a mighty Rock of spiritual refreshment. This rock that was smitten and water flowed from it was a type of our Lord when He was smitten on Calvary because of our sins. Now flows from Him true satisfaction to all who will place faith in Him; what He gives will not only quench our thirst as we journey through the wilderness of this world, but He also gives you peace, eternal satisfaction and joy. "If any man thirst, let him come unto me and drink." John 7:37. You can come and take of this water of life freely.

THE KNOX COUNTY NEWS joined the "dope peddler" and the "clip joint" category on the community sign this week! Glen Rumley, the "little ol' signmaker" who takes care of changing the sign for all community events, explained that occasionally nothing needs to be publicized and he has to "come up" with something. His first original thought appeared as "Henry J. is a dope peddler." For those who are new in town, Henry J. just happens to be Henry J. Jones, co-owner of Jones Pharmacy. The next quip was "Larry Don runs a clip joint." Larry Don happens to be the local barber!

WHAT DOES THE BIBLE SAY?

WHAT WILL BE THE RESULTS IF WE REFUSE SCRIPTURAL BAPTISM?

Jesus commanded it (Mark 16:16; Matt. 28:19-20). If I refuse to obey Him, what will be the results? John 2:28 "He that rejecteth me, and receiveth not my words, hath one that judgeth him: the word that I have spoken the same shall judge him in the last day." When Jesus was preaching and baptizing, many refused to be baptized; what about them? LUKE 7:29-30 "And all the people that heard him, and the publicans, justified God being baptized of John. But the Pharisees and lawyers rejected the counsel of God against themselves, being not baptized of him." If refusing to submit to the baptisms of John was rejecting the counsel of God, what is it to refuse the command of God's Son? Let's read Heb. 10:28-29 "He that despised Moses' law died without mercy under two or three witnesses: of how much sorer punishment, suppose ye, shall he be thought worthy who hath trodden under foot the Son of God and hath counted the blood of the covenant, where with he was sanctified, and unholy thing, and hath done despite unto the Spirit of grace.

To reject his commands would be to reject Him. We would be treading under-foot the Son of God. Let's see what the apostle James has to say. "For whosoever shall keep the whole law, and yet offend in one point, he is guilty of all." How could one be guilty of breaking the whole law, if he only offended in one point? Let's read the next verse: "For he that said Do not commit adultery, said also, do not kill. Now if thou commit no adultery, yet if thou kill, thou art become a transgressor of the law." James 2:10-11. When we reject one command, we have rejected the authority behind that command, then we have rejected the authority behind all his commands. When we have done this, then we have rejected the Lord Himself. Therefore if I accept faith and repentance, but refuse, reject baptism then I might as well reject the others, for the same Lord gave ALL THE COMMANDS. Baptism is no more important than faith, repentance, confession, or any other command the Lord has given, but it is JUST AS IMPORTANT for this command came from THE LORD, not from men.

Rowan-Burson Vows Repeated Saturday

Miss Debra Joan Rowan of O'Brien became the bride of Clarence Grady Burson III of Haskell Saturday evening at 7:00 in the O'Brien Baptist Church. The Reverend Jackie Lee, former pastor, now residing in Pampa, performed the double ring ceremony before an archway of white gladioli and greenery with candelabra on either side.

Mr. and Mrs. Milton Rowan of O'Brien and Mr. and Mrs. C.G. Burson, Jr. are the parents of the couple.

Organist was Lowell Rowan, brother of the bride, and pianist was Mrs. Lowell Rowan, sister-in-law of the bride. Soloists were Jerry Rowan, brother of the bride, who sang "The Twelfth of Never" and Jimmy Tankersley, who sang "The Lord's Prayer".

Given in marriage by her father, the bride wore a formal length Empire gown of silk chiffon accented with French lace on the bodice and chapel train. Her veil was held by lace flowers and seed pearls. She carried a bouquet of red roses.

Homemaking Teacher Completes Training

Parenthood education, nutrition, consumerism, career education, family values, and the dignity of the individual are all issues with which today's teachers of vocational homemaking education are intrinsically involved.

Mrs. Vera Newton, teacher of vocational homemaking education in the Knox City High School, has completed a week of inservice training exploring new techniques in meeting these challenges. The conference, conducted by the Homemaking Education Staff of the Texas Education Agency, was held in Houston July 30-August 3.

The keynote speaker, Dr. Gwendolyn A. Newkirk, Chairman of the Department of Education and Family Resources, College of Home Economics, University of Nebraska, set the pace with her discussion "PREMIUM EDUCATION - HI-TEST DEALERSHIP". Mrs. Mary Allen Jolley, Director of Public Affairs of the American Home Economics Association, Washington, D.C., pinpointed the current significant "CHALLENGES FOR HOMEMAKING EDUCATION" at the Tuesday morning session. A workshop on "COMPETENCY-BASED INSTRUCTION" the most dramatic tool on today's scene designed to insure premium education, featured Dr. Robert Houston, Professor of Education, the University of Houston.

Throughout the week, current and effective techniques for teaching consumer education were explored by Dr. Helen M. Thal, Assistant Director, Education Division, Institute of Life Insurance, New York, N.Y. Mrs. Helen Westlake, Elmhurst, Illinois, well known author of books on Child Development and Family Relationships, conducted outstanding workshops on parenthood education.

Special workshops were held for teachers in job training programs for youth - Home Economics Cooperative Education, Pre-employment Laboratory Programs and Coordinated Vocational-Academic Programs. Separate workshops were provided for teachers of adults and teachers of the handicapped.

The homemaking education program in Texas is ranked as one of the top programs in the nation. According to Mrs. Elizabeth F. Smith, Director of Homemaking Education, Texas Education Agency, the annual inservice training for teachers of homemaking education is of primary importance to the excellence of the program. Nationally known specialists are used as consultants, she added.

A group of home economists from Japan travelled to Texas to attend the meeting and learn about the much heralded inservice training for Texas teachers and how such training may be implemented in Japan.

The highlight of the week was the Annual Awards Banquet of the Vocational Homemaking Teachers Association where awards for outstanding service to vocational education were presented to State Senator A.R. "Babe" Schwartz, of Galveston; State Representative R. B. McAlister of Lubbock; and L.P. Sturgeon, Executive Secretary of the Texas State Teachers Association. Billy W. Spanggel, Director of Vocational Education, Northside Independent School District, San Antonio, was named by the association as

the outstanding administrator in the state. Some eighty teachers of homemaking education were presented jewel-studded tenure pins for service to the profession.

M. Arthur Neiman, well known and articulate Vice President of Scholastic Magazines, New York, N.Y., ended the five-day meeting with a probing discussion of the new roles of men and women in today's family and the responsibility of the home economist to instruct both young men and women in consumer education, money handling, nutrition, family living and parenthood education.

According to Mrs. Vi Sullivan, of Bay City, President of the Vocational Homemaking Teachers Association, more than 2300 teachers of vocational homemaking attended the conference.
