

County Farm Bureau Plans Annual Membership Drive

The board of directors of the Knox County Farm Bureau will meet in the County Agent's office at Benjamin Wednesday, March 7, at 7:30 p. m. for a planning meeting in preparation for their annual membership drive.

Ancel Waldrip, president of the County Farm Bureau, said, "Farm Bureau district three, which is composed of 17 counties and 5,291 members, is beginning its district-wide membership drive.

"With world conditions, distressing and inflated as they are today, we must have the farmer's viewpoint discussed in every committee meeting of our legislative bodies, both in Austin and Washington. That is what Farm Bureau offers to all farmers. The more members in our organization, the more voice and influence we will have. Therefore, we are asking every farmer and rancher to join the Farm Bureau with us and make Knox County an even better agricultural county.

"The board of directors of the Knox County Farm Bureau will also discuss the possibility of having community educational meetings during the membership drive. These community meetings will inform the farmers as to how they may have their say in our government, where the farmer stands today in our world economy, and the benefits of farmers organizing," Waldrip concluded.

Other officers of the Knox County Farm Bureau are:

J. C. McGee, first vice-president; John Hansen, second vice-president; Clelan Russell, secretary; Paul Fitzgerald, secretary-treasurer; and the directors, Lee Smith, Bryan Cammack of Munday, Oral Patterson of Benjamin, W. C. Taylor of Truscott, Omar Cure of Gilliland, and Calvin Christian of Vera.

Mr. and Mrs. O. W. Smith of San Angelo visited her mother and sister, Mrs. J. W. Howell and Mary, Monday and Tuesday of this week. Another visitor in the Howell home was Don Choate of Graham, nephew of Mrs. Howell.

Hospital News

Patients in the Knox County Hospital on February 26 were: Mr. and Mrs. D. B. Jones, Goree; Pierce Baby, Munday; Kenneth Benson, Benjamin; Mrs. Vito Esparaz and baby, Knox City; Mrs. Matt Brown, Benjamin; Lucy Norman, Rule; Mrs. J. W. Hoge, Throckmorton; Mrs. J. M. White, Munday; J. F. Marquis, Aspermont; C. A. Hull, Knox City; Lillian Gibbins, Benjamin; Mrs. G. M. Sharp, Rochester; Catourina Hernandez, Rochester; Mrs. A. Hall, Rochester; Gerald Barnett, Benjamin; Mrs. Ella Bradley, Rochester; Patricia Montandon, Knox City; W. A. Smith, Munday; Mrs. T. J. Cyfert, Knox City; Mrs. Lou Miller, Rochester; Lee Wampler, Knox City; Mrs. E. S. Allen, Gilliland; Mrs. Dwayne Russell, Munday.

Patients dismissed from the hospital since February 19:

Mrs. T. J. Strange, Munday; Agnera Baby, Knox City; Mrs. Ethel Branton, Knox City; Mrs. Clyde Covey and baby, O'Brien; W. L. Aldridge, Knox City; Ben Allen, Rule; Mrs. W. L. Moore, Goree; Mrs. C. G. Hudson, Rochester; J. E. McMeeken, Rochester; Cella Dean Bishop, Knox City; John Ray Underwood, Knox City; Ina Maria Luna, Gilliland; Gene Reid, Munday; J. O. McMahon, Munday; Mrs. U. L. Bennie, Knox City; Mary House, Munday; Leala Salman, Rochester; Mrs. Mildred Acheolhorn, Munday; Mrs. Frank Driver and baby, Benjamin; Berkenfeld Baby, Munday; Mrs. G. J. Stewart, Knox City; Mrs. J. B. Blackburn and baby, Seymour; Mrs. A. D. Strickland, Knox City; Mrs. Refugio Alsidis, O'Brien; J. W. Shytles, Newport.

Births: Mr. and Mrs. J. B. Blackburn, Seymour, a son. Mr. and Mrs. Clyde Covey, O'Brien, a son. Mr. and Mrs. Frank Driver, Benjamin, a son.

Otto Lawson Candidate for City Commission

The name of Otto Lawson, local hardware store owner, has been filed for the office of city commissioner, Mayor C. C. Hoge announced today.

Herman Egenbacher, present commissioner, has filed for reelection to the post.

Only candidate for mayor so far, Mr. Hoge said, is Guy Glenn, local West Texas Utilities manager.

The city election will be on April 3, the first Tuesday in the month, instead of on the second Tuesday as erroneously stated in the Herald last week.

The state law requires filing to close 30 days prior to the election, which makes Saturday night, March 3, the deadline, the mayor said.

NO CANDIDATES FILED FOR SCHOOL TRUSTEE

As yet no one has filed as candidate for school trustee in the Knox City district, according to County Judge J. B. Eubank, Jr.

School trustee elections over the county will be held on the first Saturday in April, and filing will close ten days prior to the election.

Filing is made by petition signed by five qualified voters and filed with the county judge. Several names may be filed with one petition.

Blanks for filing may be obtained at the office of the county judge or county school superintendent, Eubank said.

In the Knox City district, the positions now held by Walter Thomas and Bill Lankford will be filled.

LEGION AUXILIARY TO MEET TUESDAY, MARCH 6

Officers of the American Legion Auxiliary have asked that all members be present for the next regular meeting, Tuesday night, March 6.

Important business matters will come before the group. The meeting will be held at the Legion Hall beginning at 7:30 p. m.

MEETING CALLED TO ORGANIZE SOFTBALL TEAM

With hints of Spring in the air, the thoughts of several Knox Citizens are turning to softball. A meeting has been called for tomorrow (Friday) night at the Knox City Fire Hall for the purpose of electing a manager and organizing for practice.

All who are interested in playing or in helping a team in any way are asked to be present at the meeting, which will begin at 7:30.

Practice is expected to begin within a few weeks.

WCS HONORS MEMBERS WITH BIRTHDAY PARTY

Eighteen ladies of the Methodist Church met in the home of Mrs. C. C. Hoge for a social honoring the birthdays of three members of the Woman's Society of Christian Service. Those having birthdays were Mrs. Verlin Cyfert, Mrs. Margaret Evans and Mrs. G. D. McCarty.

Opening song was "What a Friend We Have in Jesus." Mrs. O. A. Green gave the devotional and a poem entitled "I Love You Because."

Mrs. Hoge was in charge of the bible test and Mrs. Myrtle White was in charge of some prophecies.

Mrs. E. Q. Warren gave several musical selections. The ladies were then invited into the dining room where a beautiful birthday cake, completely decorated, was on display. After each guest of honor opened her generous array of gifts, the group was served sandwiches, tea and cake.

Following the social, the ladies went to the church and packed huge boxes of clothing for Korean relief.

Mrs. C. G. Markward of San Antonio spent several days in Knox City last week as a guest of Mr. and Mrs. Harrell Stephens. Dr. Markward, who volunteered for the Air Force in January, is now stationed at Lackland Air Base.

TALLANT - JOHNSTON MARRIAGE ANNOUNCED

Mr. and Mrs. W. H. Tallant have announced the recent marriage of their daughter, Jean, to F. A. Johnston, Jr., son of Mr. and Mrs. F. A. Johnston of Route 1, Munday.

The couple repeated wedding vows in Anson on November 25, 1950. Rev. L. M. McWilliams, pastor of the Anson Baptist Church, read the ceremony.

The bride wore a brown gabardine suit with pale blue accessories. She is a senior in Knox City High School, where she was chosen football queen during the last season and elected FFA Sweetheart this year.

The groom graduated from Texas Tech, Lubbock, in July and is now vocational agriculture instructor in the O'Brien school.

At the present time, the couple will reside with her parents west of O'Brien.

DISTRICT COOPERATORS TO PLANT SWEET CLOVER

The planting of sweet clover in the Wichita-Brazos Soil Conservation District will start right away, technicians of the Soil Conservation Service say.

C. C. Browning and Marion Chowning of Truscott plan to plant Evergreen sweet clover. Also planting clover are John Spanz and Wendell Partridge near Munday, and Joe and Jim Ferguson near Welnett.

Evergreen sweet clover is a new clover for this area, but promises to be much better than Madrid. It is a biennial and can be used for grazing the first year. The second year, a seed crop can be harvested.

This clover is a very good soil improving crop, as it is deep rooted and will break the hardpan. It deposits large quantities of nitrogen in the soil as well as adding a large amount of organic matter. A lot of the land in this district needs clover, the Board of Supervisors of the Wichita-Brazos District believe. Hubam sweet clover is especially good to rid land of root rot.

The planting of King Ranch bluestem is continuing, with the weather permitting.

'Hounds Lose In Second Round of Regional Tourney

*The Knox City Greyhounds played their last basketball game of the season Friday afternoon when they engaged the Sudan Panthers in the second round of the Regional Tournament at Lubbock.

Previous to this game, the 'Hounds and the Jayton club opened the tournament at 10 a. m. Friday with a well-played and closely contested game. The 'Hounds were red-hot in the first half, and ran up a 32-16 half-time score—but in the third quarter they were ice-cold and failed to make a point, while the Jayton boys scored 16 points to make the score 32-32 at the end of the third period.

In the fourth period the 'Hounds were playing again, and easily won a 47-36 victory. Wallace May was high scorer with 20 points.

In their second game, with Sudan, the boys were hustled off the court in the second period, after a 11-12 score at the end of the first.

Fouls were plentiful on our boys, and the Sudan boys were aggressive. The final score was 51-29 in Sudan's favor... and so closed the 1950-51 Greyhound season.

The coaches, David Slaughter and Henry L. White, have had a good season in winning District 12-B and going to the quarter-finals in the Regional. The 'Hounds—Wallace May, Charles Reed, Jerry Wilson, John Jones, Hayden Reeves, Guy Thomas Robinson, Duck Robinson, Jim Jones, John Ed Smith and Burt Denton—have accounted for themselves well.

The boys appreciate the support of the community as greatly as the patrons are proud of them.

With basketball behind them twenty boys came out for track events Tuesday, and coaches believe the school will have a good team.

"Public Schools Week" To Be Observed March 5-10

O'Brien School to Have Open House

Texas Public School Week is to be observed in the O'Brien School from March 4 to 10, Joe Davis, superintendent, said this week.

The highlight of the observance, Davis said, will be an open house which will be held Thursday night, March 8. All parents and citizens of the community are invited to visit the school on that night. Parents of students are invited to visit teachers during the open house and ask questions concerning their children and the progress they are making this school year.

Texas Public School Week has been set aside by the governor and legislature for the purpose of inviting citizens of the state to visit some school in order that they may become better acquainted with the new Texas educational program.

Thursday night, March 8, has been selected as community night at the school, and general assembly will be in the auditorium at 7:30 p. m. A short program will be followed by a tour of the building, with parents visiting the home rooms of their children. Refreshments will be served in the school lunch room.

REVIVAL IN PROGRESS AT LOCAL FOURSQUARE CHURCH

Rev. Howard Stark of Alexandria City, Ala., nationally-known evangelist, is doing the preaching in the revival which began Tuesday night at the local Foursquare Church.

Rev. Floyd V. Bailey, pastor of the church, invited everyone in Knox City and surrounding area to attend the services, which will be held each evening at 7:30 p. m. through Sunday evening, March 11.

"Bro. Stark is an outstanding evangelist," Rev. Bailey said, "and has had many experiences which will make his messages each evening more interesting to his audience. We urge everyone in this area to attend."

Oil Notes--

Stanolind Oil & Gas Co. No. 1 E. M. Travis, 467 ft. from the north and west lines of lot 8, block 7, D. G. Burnett survey, drilling below 3900.

Stanolind No. 1 Mabel Wilson, plugged and abandoned at total depth of 6475 feet. Last drillstem test was in the Ellenberger, 6330-6370 feet. With tool open 25 minutes, recovered 1170 ft. salt water. No show of oil or gas.

Stanolind Oil & Gas Co. No. 1 Florence Bowden, 467 feet from north and west lines of lot 12, block 8, D. G. Burnett survey, surface casing set this morning at 243 feet. This is an outpost to the company's Palo Pinto production in the North Knox City pool.

Lewis & Mueher No. 1 Harley Brown, 330 feet from north and west lines of southwest quarter of section 27, block 14, H&TC survey, 1-mile southwest of O'Brien in Haskell County, set 10 3-4 inch surface casing at 162 feet. Drilling below 1450 feet.

T. D. Humphrey No. 1 Mattie Davis, in the southwest corner of Knox County, drilling below 5000 feet. A drillstem test was run in the Strawn sand, at 4934 feet, with recovery of salt water and very slight oil show.

Katz & Venable No. 1 Underwood, fishing job completed and oil string set in Strawn sand. This well is near the McGregor and Dozier producers.

Humble Oil Co. Bateman No. 70, King County Ellenberger test, drilling below 3662 feet in shale. Ohio Oil Co. No. C-4 Ross, drilling below 1179 feet, shale. This 5400 foot rotary test is located 1320 feet east of the company's No. C Ross producer in King County.

Southern Minerals Corp. No. 1 Moorhouse, in southeast King County, drilling below 2000 feet.

T. E. Holcomb, superintendent of the Knox City Schools, has urged all parents and other interested citizens to visit the local schools during Public School Week, March 5-10, for an entire day or for any part of a day.

While visitors are welcome at the local schools at any time, Holcomb said, March 5-10 has been proclaimed by Governor Shivers as "Public Schools Week" and will be observed throughout the state.

Supt. Holcomb pointed out that there will be no special programs at the local schools, as he believes visitors will get a truer picture of school procedure by observing the pupils in their normal routine. Visitors are invited to any class in the school at any hour of the day, and students will proceed with their regular classroom work.

"We would like for more parents and patrons to visit the schools throughout the year—not only during this designated week," the superintendent said. "But you are especially urged to visit us during Public Schools Week. There have been many changes in the little old red school house, and public schools today teach more than the three R's. We also try to teach the children the fundamentals of democracy, how to practice democracy and become good citizens.

"The schools are yours—supported by your tax money—and you are urged to visit the schools and see where your tax money goes. Meet the students... meet the teachers... and see Democracy in action."

MASONS TO PARTICIPATE IN "PUBLIC SCHOOLS WEEK"

In a letter to W. M. Rowan, secretary of Orient Lodge No. 905, A.F.&A.M., M. E. Kurtz E. Gaughler, Grand High Priest of the Grand Royal Arch Chapter, and M. W. W. J. Burris, Grand Master of the Grand Lodge of Texas, A.F.&A.M., asked all Masons to visit their community schools during State Public Schools Week, a program in which all of Texas is participating.

The Grand Master urged all Texas Masons to "go back to school" at least for a few hours during the week, that they may see for themselves the modern educational opportunities where children practice democracy, become good citizens, and study their three R's under the guidance of competent public school teachers.

Masonic Lodges in the state will perform no "work" during the week and hold no assemblies as Masons, except stated meetings or those devoted entirely to matters concerning education and our Public Schools Week, Mr. Rowan said.

The secretary urged all members of the local lodge to attend school sometime during the week for at least part of a day.

SINGING CONVENTION TO BE HELD HERE SUNDAY

The regular monthly meeting of the Knox County Singing Convention will be held at the First Baptist Church in Knox City Sunday, March 4, it was announced this week.

It is hoped by officials of the convention that the seats at the church will be filled with people who love to sing and listen to good gospel music.

Singers from neighboring towns and communities were cordially invited to attend.

The meeting will begin at 2:15 p. m.

Table with columns: Observation by Horace Finley, Daily Temperatures, Date, High, Low, Rain, and Rainfall To Date. Data for March 1, 1951.

WADSWORTH PRESIDENT OPPOSES EXPANSION OF VIEWS ON GRADUATE BILL

Amel Wadsworth, president of the Knox County Farm Bureau today called on members of the local organization to contact Rep. John E. Morrison in Austin and register their views on action of the state legislature in referring the Graduate Bill (H. B. 229) from the Committee on Highways and Roads to the State Affairs Committee. Last week, Wadsworth said, Farm Bureau representatives and county judges and commissioners from all over Texas appeared in Austin before the

Committee on Highways and Roads in opposition to the bill, which would take thousands of holidays out of the counties, heretofore used for rural road building purposes. The bill was killed in Committee by a vote of 15 to 4, Wadsworth said. Unknown to the opponents of the bill, a member of the legislature appeared before the Committee in opposition to H. B. 229 and attacked Mr. Garrison's integrity and made insinuating remarks against his character. In retaliation for the attack by one member of the House against another the House as a whole the following morning suspended all rules and spec-

ed Garrison's bill out of the Highways and Roads Committee of the State Affairs Committee of which Mr. Garrison is chairman. This means that no other hearing will be necessary, Wadsworth said, unless the House recommends the bill back to the Highways and Roads Committee, which may be done by a simple majority vote.

The Graduate Bill was considered on its merits and reported out of committee unfavorable, Wadsworth declared. Now in retaliation against a member of the House for attacking another the House takes action which could not in any way be considered as punishment to the guilty party, but would result only in penalizing all of the people in Texas who are interested in a rural road program. The bill as reported by the committee should not be altered because of personal remarks between members of the legislature, Wadsworth charged, and is requesting that all members of the Knox County Farm Bureau contact their representative requesting that he use his vote and influence to have H. B. 229 referred back to the Committee on Highways and Roads.

WOMEN MEET FOR BUSINESS SESSION

The Women's Missionary Society of the First Baptist Church met Monday afternoon at the church for a business session.

The meeting was opened by the group singing "Love Lifted Me," followed by a prayer. Devotional was brought by Mrs. J. A. Hallmark. The minutes were read and approved. Reports were also given by the treasurer and president.

It was announced that next week is to be observed as "Week of Prayer" for the Anti-Armstrong offering.

Those present were: Mrs. J. A. Hallmark, J. E. Hinton, W. E. Paul, Bert McFerrin, Harry Bingham, T. G. Gage and A. T. Denton.

Mrs. Ruth and Lois Denton, of Lincoln-Simmons University, spent the week end with their parents, Mr. and Mrs. A. T. Denton.

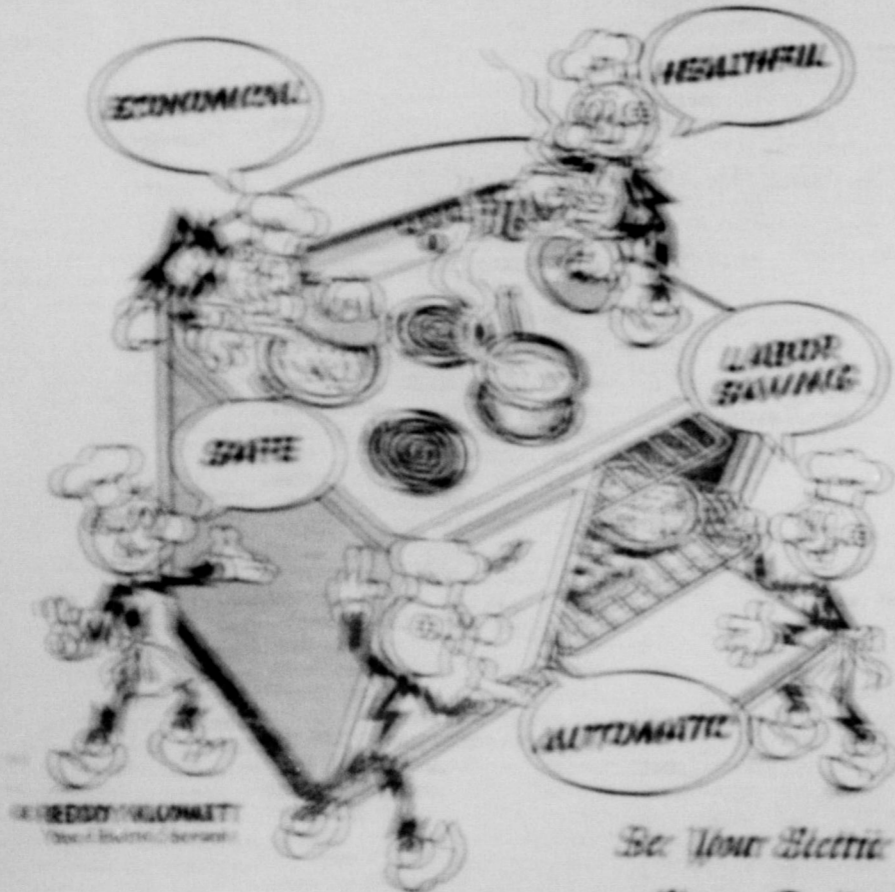

Mrs. W. T. Connor of Franklin spent Monday night in Knox City with her daughter, Mrs. Verne Buckley, and Mr. Buckley.

WHY Undercoat? Your Car?

Whatever make of car you drive . . . and even if it's brand new . . . you'll say money paid for Undercoating is money well spent! You'll get quieter operation and more pleasant driving . . . less squeaks and body rattles, less road noise.

When we undercoat a car we jack it up, take the wheels off and tighten all nuts, bolts and screws. Then we spray the entire underside of the car with a heavy coating of cork compound. This compound is now used by many manufacturers, in the trunks of new cars.

The undercoating keeps the nuts and bolts on the underside of your car tight and noiseless, and is a layer of effective insulation between you and the noise made by your tires on the road.

We undercoat any car for \$25.00, using the best equipment and giving a thorough, expert job, with no scrimping on the thickness of the coating.

Try it . . . you'll be pleased!

LIVE BETTER—With Modern Food Locker Service—SPEND LESS

Buy at Home - Process at Home -

Lots of folks are trying to make a "booger" out of price and food control regulations. We are more closely concerned than anyone, so let us say this—

- 1.—The regulations developed so far are fair, even liberal.
- 2.—Controls are not being designed to keep you from having what you need and want; on the contrary, folks living in a community like ours have the same freedom of action they have always had—freedom to buy from the primary source—the farm—and let us process the live animal, or poultry. This has always been our primary job in the community.
- 3.—Because the processing of live animals and poultry—and the renting of frozen food lockers—IS our foremost job, we can say sincerely: buy your food animals and poultry DIRECT from your neighbors on the farm; let us process for you, and store for you. That's what we are here for; that's what we do BEST.
- 4.—When you buy direct from the farm—even if you must share such a purchase with one or two other families to handle it—you will find a genuine saving in cost, and a genuine gain in meat quality and value.

SMITH HATCHERY

From where I sit... by Joe Murkin

Sometimes Good Intentions Aren't Enough

That life at the Griffith place didn't do much damage last week, but Volunteer Chief Murkin was pretty angry about it. He says he saw some of the over-lime trucks on the highway.

"Griffith farm is a good mile from town," he said. "And by the time we'd lodged all the people on the highway who were going to watch, we hadn't a minute to waste."

"Then blamed if those little-seen lumps parked one right in Griffith driveway and here was a bunch of people stalling around the house—just gawking, Joe, tell

them to get on their feet and go home!"

From where I sit, some of us need to be reminded occasionally that even though our intentions are good, we may be making a mistake. Whether it's looking the right way at the equipment or criticizing a person's work or being impatient with a slow-moving car on the highway, we should take the time to think of the other fellow.

Joe Murkin

Benjamin News

BENJAMIN, Feb. 27.—Among those attending the annual District Fair Show in Wichita Falls on Thursday, February 22, were Mrs. Ethel Laird and daughter, Ethel Paul, Mrs. Marge Grubb, County Agricultural Agent; C. Lewis, Sam Loverson, J. B. Moorhouse, Bill Byler, and Will Clark boys, Donnie Byler and Vicke Loverson.

Mr. and Mrs. Frank Hill left Saturday for Dallas to spend a few days with their daughter, Mrs. Jack Day, and family.

Mr. and Mrs. Loren Reynolds of Mexico visited in the home of Mr. and Mrs. Ernest Allen during the week, and Mrs. Allen returned to Mexico with them on a short visit.

Mrs. W. A. Sargent and Mrs. Wynelle Byers were in Wichita Falls shopping and in business Saturday of last week.

Mrs. Jim Jeffers and son, Freddie James, of Lufkin, visited in the home of Mrs. Edna Paul last Sunday. They were enroute home after a two-week visit with relatives in Wichita Falls.

Mrs. Maggie Grubb and Mrs. Frank Glover visited in the home of Mr. and Mrs. A. L. Jones and family during the past week, and Mrs. Grubb's little daughter, Rebecca Ann, returned to Benjamin with them.

Mrs. Floyd Nixby and girls of Elmore and Mr. and Mrs. Darr Stallum of Pecos visited in the home of Mr. and Mrs. Lee Seaton and family during the past week end.

Mr. and Mrs. Tom Bivins of St. Antonio, Calif., visited in the home of A. E. Bivins during the

week end. Mr. and Mrs. E. C. Beemer of Seymour visited in the home of Mr. and Mrs. Leot Bivins and son Sunday.

Mr. and Mrs. Roy Russell and Mr. and Mrs. Elmer Christian of Turkey visited Mr. and Mrs. Jay's last Tuesday.

CARD OF THANKS

I wish to express appreciation and gratitude to my many friends for their assistance and thoughtfulness during my illness. Those who came night after night to stay with me and help when we needed help so badly. Those expressions of friendship will be cherished always.

I especially want to thank the Doctors, Nurses and others at the Knox County Hospital who were so kind and considerate while I was there.

May God's richest blessings rest and remain upon you and yours.

E. L. Thompson
O'Brien, Texas

Mr. and Mrs. Horace Finley were in Dallas Wednesday to get their daughter, Carol, who has completed her training and received a medical technician's certificate from Baylor Hospital.

CONSERVATION NECESSARY FOR DEFENSE PRODUCTION, PMA CHAIRMAN SAYS

Increasing farm production to meet defense needs presents a challenge which requires a lot of good judgment and common sense, says J. C. McGee, chairman of the Knox County PMA committee.

As he sees it, there is no indication that the emergency will be over in a few months, or even a few years. There may be need for even greater increases in production next year. And the next year after that

may call for further increases. In addition, the population of this country since 1940 has increased around 20 million. This is at the rate of 2 million a year. There is no indication that this rate of increase will materially change in the next few years.

Against this background is the cold reality that new land from which increased production may be obtained is very limited. For that reason it is largely a matter of obtaining the needed increased production from the land now being farmed. This, according to McGee, means:

First, the land we have must be protected against erosion and depletion. Loss of topsoil and fertility will mean just that much reduction in our ability to produce. Second, the land we have must be made more productive. This will mean building up the organic matter and fertility.

Sound, practical conservation farming that fits in with the nation's production needs is the answer to increased and maintained production. Erosion can be checked with terraces, contour farming, dams and sod waterways. Organic matter can be restored and built up by the use of grasses and legumes as cover crops, pastures and in rotations. Fertility can be maintained and built up through the use of livestock and commercial fertilizers.

In the chairman's words, "For the long pull, the nation and we, as farmers, cannot afford to deplete our soil reserves for a temporary gain. To be strong we must keep our agriculture strong and productive."

Mr. and Mrs. Melvin A. Stephens plan to move into their new home today. The house is located across the street from the Eddie Carr home in the southeast part of town.

Margaret Ann Waldrip, who is attending McMurry College in Abilene, spent the week end with her parents, Mr. and Mrs. Ford Waldrip.

Mr. and Mrs. Charlie Dowding and Mrs. Frank McAuley returned Monday from Ireland, Texas, where they visited Mr. and Mrs. J. E. Faubion, parents of Mrs. Dowding and Mrs. McAuley.

Betty Sue Teague and June Lowrey, students in McMurry College, Abilene, spent the week end here with their parents, Mr. and Mrs. L. C. Teague and Mr. and Mrs. M. S. Lowrey.

Dr. T. P. Frizzell plans to leave Saturday for San Francisco to attend a medical meeting. While away he plans to visit his son, Ken, who is associated with a California architectural firm.

Mr. and Mrs. Kenneth P. Walters of Pampa spent the week end with her mother, Mrs. B. L. Leaverton.

Mr. and Mrs. J. C. McGee and their daughter, Mrs. Bobby of Munday, left Friday for Corpus Christi to get acquainted with the new daughter of Mr. and Mrs. Harry Brown. The baby arrived Friday morning, Feb. 23, at 6:00 o'clock. She weighed six pounds and four ounces and has been named Patricia Louise. Mrs. Brown is the former Frances McGee. Mr. McGee and Mrs. Simpson returned home Monday, while Mrs. McGee will remain in Corpus Christi for two weeks.

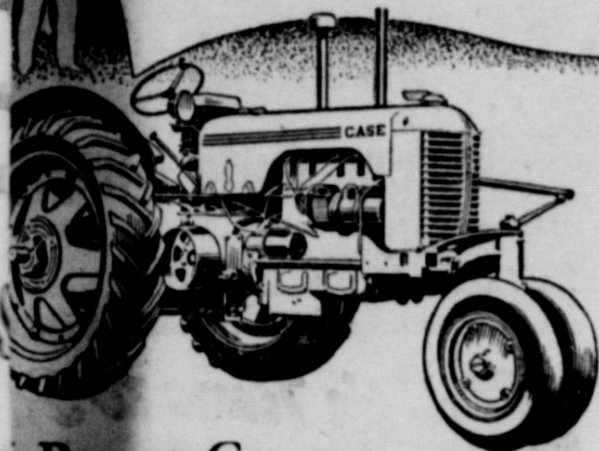

Mr. and Mrs. J. E. Cook of Plainview spent the week end with his parents, Mr. and Mrs. Dick Cook.

Mr. and Mrs. C. J. Reese, Sr., and Mr. and Mrs. C. J. Reese, Jr., spent the week end in Fort Worth with S-Sgt. and Mrs. Bobby Reese.

ROCHESTER, TEXAS

Built in Texas... and helping build Texas

Ford is the only Automobile Manufacturer Building Cars and Trucks in Texas

ALL THE FORDS made are not built in Detroit. There are plenty of them built right here in Texas—last year over 128 million dollars worth of cars, trucks, parts and products were made at Ford's Dallas Assembly Plant. What's more, 1,722 Texans put them together or followed through with their consignment to dealers in the Dallas, Houston, Oklahoma City and New Orleans Sales Districts.

The folks who work in Ford's Dallas Assembly Plant and District Sales Offices earn over \$7,000,000 every year. They spend it mostly in Texas. Texas benefits from Ford in other ways, too. For example: during 1950 Ford bought over \$1,000,000's worth

of material and supplies from Texas merchants and manufacturers and paid over \$7,500,000 for incoming and outgoing transportation. Then, too, there is a total of over \$148,000 paid by Ford in local and State taxes.

Yes, Texas is building a lot of cars and trucks for Ford... and in the process Ford is helping to build Texas, too!

WHEN YOU BUY FOR THE FUTURE—BUY FORD

There's a Ford in Your Future!

ANNOUNCE BIRTH

Mr. and Mrs. Utah Groves of Richmond, Calif., have announced the birth of a daughter. The baby arrived on Wednesday, Feb. 21. She weighed seven pounds and 14 ounces, and has been named Sharon Louise. Mr. Groves is the son of Mrs. D. M. Groves of Munday.

Week end guests in the home of Mr. and Mrs. W. W. Hyde were their sons, Joe and family of Brownwood, Spurgeon and family of Abilene, and John of Abilene.

E. R. Carpenter was to leave today to transact business near Hillsboro.

Mac Selton daughter of Tuesday visiting business in Knox City with Mr. Carr and...

STREAMS

in Desert Places
By OZELLE STEPHENS

"If ye have faith as a grain of mustard seed, —and nothing shall be impossible unto you." Matt. 17:20. It is possible even in the day we live in to have the power of God for keeping the Victory and being true. It is possible to cast all your care upon Him daily, and to enjoy deep peace in doing it. It is also possible to have the thoughts and imaginations of our hearts purified in the deep meaning of the word. It is possible to see the will of God in everything; and to see it not with sighing, but with singing. It is possible to become strong through and through by taking complete refuge in the divine power. This divine power comes through perfect trust in God.

It was through faith in God that David conquered a lion, and a bear, and afterwards the mighty Goliath. This was God's opportunity for him to be God's chosen King of Israel later. One would not think that a lion was a special blessing from God; one would think that only an occasion of alarm. The lion was God's opportunity in disguise. Every difficulty that presents itself to us, if we receive it in the right way, is God's opportunity.

Remember there is nothing too hard for God and when we have won the victory through faith and enjoyed the blessings, then you can be as a great refreshing power, you can bring a satisfying peace to the hungry souls around you. God is truly seeking for those who will be used in His service. He is saying to you, "Come Unto Me", and when you yield He will fill you to overflowing with Streams of His great LOVE and MERCY.
