NUMBER 40

## Bankhead Bill Cowboy Reunion Growing Explained

Information for cotton provisions of the recently passed bill is contained in condensed version of the bill and answer bulletin from the federal department of agriculture at Washington for that

purpose of the Act is to place the cotton industry on a commercial basis, to pre-empt competition and practices of cotton into the channels of foreign commerce, and to effectively balance production and consumption of cotton.

Another improvement which has been contemplated for several years and which is now under construction is a large pavilion on the grounds to serve as a place for meetings and for dances at night. The pavilion is to be 48 by 60 feet. The roof will be built of height to allow for a second floor to be built in the future. The present building will cost \$1,000.

Improvements on corrals, chutes and sheds at the rodeo arena will cost approximately \$400. These additions will give greater convenience for John Selmon, arena director, and his crew, in handling the rodeo contests. Another \$225 is being spent on stalls and pens to be leased to visitors for their horses.

Besides these improvements being made by the Reunion management, the Texas Cowboy Reunion Association, a separate organization made up of pioneer cowboys, is erecting a permanent headquarters building and bunkhouse on the grounds. The first unit of this structure will be completed before the 1934 Reunion at a cost of \$3,500. The building as designed will cost \$6,000 when completed. The unit now being built is the central part of the structure, consisting of a living room 30 by 50 feet and in front of this a broad, concrete terrace, 36 by 50 feet. Wings of the building will be added later.

Mrs. M. M. Herring arrived here this week from Fort Worth to spend the summer with her children. Miller and Frank Herring, Mrs. Guy Milford and Mrs. Walter Herring.

Mr. and Mrs. O. L. Jamison and daughter Yvonne spent Sunday with Mrs. Jamison's parents in Memphis, Texas.

George Tillinghast is driving a new Chevrolet coupe that he bought from Ashcroft.

Grandmother Withrow, Mr. and Mrs. Joe Withrow and Mr. and Mrs. J. R. Withrow spent two days this week in Oklahoma attending the reunion of the Anderson family. Mrs. Anderson is Mrs. Withrow's mother.

Mrs. J. J. O'Brien and two children returned to their home in Roosevelt Oklahoma Monday of this week being accompanied by Motehr Shaver. The latter expects to remain in Roosevelt for some two or three weeks.

Miss Grace Orsborn will attend Tech in Lubock this summer.

Mr. W. R. Whitton, Mr. M. F. Whitton and their sister Mrs. Ben Snelson were called to Texarkana recently in the illness of their mother Mrs. W. R. Whitton Sr. Monday of this week Mrs. Snelson and Mr. W. R. Whitton returned home, M. F. remaining with his mother. The mother is 80 years of age, her illness being due to her age.

The ladies of the Methodist Missionary Society met Monday afternoon in the home of Mrs. Gilbreath for a business discussion. Plans for a silver social to be given Monday June 10th in the home of Mrs. L. N. Bridges were made. The Society begins its Bible study next Monday with Mrs. E. L. Huntsman leader.

STAMFORD, Texas, June 30.—The most elaborate building program undertaken in any year since the Texas Cowboy Reunion was organized in 1930 is now in progress on the Reunion grounds one mile southwest of the city. Having weathered four depression years with a remarkable yearly increase in attendance, the Reunion is now a well-established institution. Attendance last year was estimated a 42,000.

The Texas Cowboy Reunion, Incorporated, the organization responsible for the financing of the annual meeting and improvement and maintenance of the grounds, has several projects under way. Among these is a new grandstand on the east side of the rodeo arena which will increase the seating capacity 25 per cent. The new stand provides a more comfortable type of seat than the old stands. This project is to cost \$1,575, and will be completed before this year's celebration, to be held Monday, Tuesday and Wednesday July 2, 3 and 4.

Another improvement which has been contemplated for several years and which is now under construction is a large pavilion on the grounds to serve as a place for meetings and for dances at night. The pavilion is to be 48 by 60 feet. The roof will be built of height to allow for a second floor to be built in the future. The present building will cost \$1,000.

Improvements on corrals, chutes and sheds at the rodeo arena will cost approximately \$400. These additions will give greater convenience for John Selmon, arena director, and his crew, in handling the rodeo contests. Another \$225 is being spent on stalls and pens to be leased to visitors for their horses.

Besides these improvements being made by the Reunion management, the Texas Cowboy Reunion Association, a separate organization made up of pioneer cowboys, is erecting a permanent headquarters building and bunkhouse on the grounds. The first unit of this structure will be completed before the 1934 Reunion at a cost of \$3,500. The building as designed will cost \$6,000 when completed. The unit now being built is the central part of the structure, consisting of a living room 30 by 50 feet and in front of this a broad, concrete terrace, 36 by 50 feet. Wings of the building will be added later.

Mrs. M. M. Herring arrived here this week from Fort Worth to spend the summer with her children. Miller and Frank Herring, Mrs. Guy Milford and Mrs. Walter Herring.

Mr. and Mrs. O. L. Jamison and daughter Yvonne spent Sunday with Mrs. Jamison's parents in Memphis, Texas.

George Tillinghast is driving a new Chevrolet coupe that he bought from Ashcroft.

Grandmother Withrow, Mr. and Mrs. Joe Withrow and Mr. and Mrs. J. R. Withrow spent two days this week in Oklahoma attending the reunion of the Anderson family. Mrs. Anderson is Mrs. Withrow's mother.

Mrs. J. J. O'Brien and two children returned to their home in Roosevelt Oklahoma Monday of this week being accompanied by Motehr Shaver. The latter expects to remain in Roosevelt for some two or three weeks.

Miss Grace Orsborn will attend Tech in Lubock this summer.

## Jack Moore Is Drowned

Knox City citizens and those of the surrounding territory were saddened Sunday in the tragic death of James Harold (Jack) Moore. He was drowned in the Clear Fork of the Trinity river near Fort Worth.

Mr. Moore with a party of several others spent the weekend on the river. Shortly after breakfast Sunday morning Jack donned his bathing suit and jumped into the water. Later, the crowd upon not seeing him, became alarmed and shouted for help. Radio Policeman and Red Cross Life Saving Corps responded to the call and about three hours later the body of Jack Moore was found. It is believed that he suffered a cramp resulting from his too hasty entry into the water after eating.

Jack was brought to the home of his parents Mr. and Mrs. J. Walter Moore of Munday, nearer the Thorp community. Funeral services were conducted from the Thorp church by the Reverend R. R. Gilbreath, pastor of the Knox City Methodist church, he being assisted by Reverend Culbertson of Thorp, Reverend A. G. Hume of Munday and Reverend C. B. Stovall of Knox City. Burial was made in the Gillespie cemetery.

Jack Moore was born February 15, 1902 at Brookston Texas. At the age of twelve years he moved with his parents to Knox County and remained there with them until he graduated from the Gillespie high school. At the age of twenty he went to Dallas to attend college. Since that date he has been away the greater part of the time.

On the date of his death Jack was 32 years, 3 months and 12 days old. He is survived by one child, Merwin Moore, his parents Mr. and Mrs. J. Walter Moore, and one sister, Mrs. Julian Hicks of Fort Worth. It was in the home of his sister Mrs. Hicks that he lived at the time of his death.

"Jesus, while our hearts are bleeding O'er the spoils that death hath won, We would at this solemn meeting Calmly say: Thy will be done".

### TO HAVE MEMORIAL SERVICE SUNDAY

Sponsored by the American Legion of this city, citizens of Knox City are asked to join in the Memorial Service to be held in the Odd Fellows Cemetery Sunday afternoon at four o'clock.

Members of the Legion are called to meet at 3:30 in the Legion Hall. They will be joined at four o'clock by the public at the cemetery and the service held and graves decorated.

The Legion will greatly appreciate flower donations. Arrange your flowers in bouquets, not too large, and bring them to the Legion Hall or the cemetery.

Jack Wetzel plans to attend T. C. U. this summer.

The Grace School closed on Friday of last week. Mrs. Myrtle Brown, teacher of the Grace School, has been retained there for another year. She is here with her sister Mrs. Russell Boyd but plans to spend most of the summer with relatives in Canton.

### Kentucky Girl Wins

LEXINGTON, Ky. . . . Miss Clea Moody, 16, (above), wins the prize trip to Europe in the eighth annual League of Nations competition for high school students of the United States, the second girl to win.

### SUN SET SCHOOL CLOSING FRIDAY

The Sun Set school will conclude this year's work with the final program Friday evening of this week. This school has enjoyed a most pleasant and profitable year's work and teachers plan their summer months in keeping with their necessities for further study. Mrs. R. R. Davenport will leave Sunday for Dallas to attend S. M. U. Mrs. J. S. Shannon, Mrs. Alta Berton, Miss Mayme Croch and Miss Gladys Williams will attend N. T. S. T. C. in Denton. Mrs. J. C. Morgan will attend college in Canyon. Mr. Kimbrough will spend the summer at his home in Clay county. Miss Beadie Leath will be at her home in Alpine and Miss Blanton will be at her home in Munday. Mr. Harer will be at his home in Sun Set.

### ART TEACHER GIVES EXHIBIT

Quite a successful exhibit was made Wednesday by Knox City's art teacher, Mrs. Milton Bradberry. The exhibit was held in the Bradberry home from four to six o'clock, some thirty five or forty guests calling during that time.

Paintings of Mrs. Bradberry's students were presented. Judges for the exhibit were Miss Mary Reeder, Mrs. J. R. Berry and Miss Hazel Jones. In the senior division Miss Claydene Hoge received first prize and Miss Irene Rye received second prize. Doris Elaine Clouts won first in the Junior division and Vaughn Gruben won second prize.

Mrs. Ben Farmer, former student of Mrs. Bradberry, exhibited an original drawing of Buzzard Peak and the Bruce Campbell place. This drawing received an unusual amount of attention.

During the hours of the exhibit iced punch was served.

Miss Grace Orsborn will attend Tech in Lubock this summer.

### CHRISTIAN ENDEAVOR PROGRAM

Subject: The Christian Use of Sunday  
Leader, Corinne Shaw  
Song  
Prayer  
Scripture reading: Er. 20: 8; Mark 2: 27, 28  
Leader  
Taught in the Text, Mildred Stevenson

The Sabbath Commanded of the Jesus (Ex. 20: 8) Mary Belle Stevenson  
The first day of the week, or "Lord's day," Commemorates the resurrection of Christ (Matt. 1: 2; Mark 16: 9; Luke 24: 1-3) Clyde Ingraham  
Discussion, Business Benediction.

### BENJAMIN DEFEATED IN TENNIS TOURNAMENT

The local Tennis champs defeated Benjamin here in a tournament Monday afternoon. The teams and scores were as follows: George Tillinghast and A. H. Sams, 6-2; 1-6; 10-8. Jack Spikes and Red Patterson, 6-0 6-1. Chad Wilson and Jackson 6-3; 1-6 7-5. In Doubles George and Jack defeated Red Patterson and A. H. Sams 6-1; 6-4. Travis Dean and Chad Wilson defeated Jackson and Bisbee 6-2; 6-4. The locals will go to Rule for a tournament Sunday.

### HOSPITAL NOTES

Patients in the Hospital this week are Mrs. W. T. Miller of Benjamin, Master T. C. Clary of Needmore, Mrs. Ernest Wright and infant son of Gilliland, Mrs. W. L. Ray of Rochester, Mrs. L. H. LaDuke of O'Brien, Mrs. M. Jackson of Okmulgee Oklahoma and Mrs. Charles Keenan and infant daughter of Knox City.

Mrs. T. W. Robertson and Haedton was dismissed Wednesday. Mr. C. E. Petrich of Weinert was in this week for treatment; Baby Harrell of Rule was in for treatment Wednesday, Dayle Graham of Knox City was in for treatment Sunday, Johnnie Casey of O'Brien was in last week for treatment. Mrs. Roy Carver of O'Brien was dismissed Saturday and Mrs. H. Berry of Knox City was in this week for treatment.

W. J. Jones and son Casey made a trip to Amarillo Tuesday returning home by way of Canyon to be accompanied home by Miss Hazel Jones.

Mrs. Brookerson and Miss Mable Moorehouse of Benjamin were in the city Wednesday.

Mrs. E. Q. Warren is in Dallas this week attending a three day music course from a distinguished professor from New York.

### NEW BABIES

Local physicians report the following new babies in this and the surrounding territory. A boy in the home of Mr. and Mrs. Bill Lanford on May 26th. A boy in the H. O. Collier home on May 25th; a girl in the Frank Smith home on May 19; a girl in the L. C. Brown home, of Benjamin, on May 14 and a girl in the Frank McAuley home on May 27th.

### MISS BROWNING PRESENTS READING PUPILS

Miss Constance Browning presented her reading pupils in a very successful recital Saturday afternoon May 26.

The reception and dining rooms of the Boyd Hotel were arranged to seat thirty or more guests while pupils stered and retired by way of the southwest door. Pupils presented were George Wall, Polly Silman, Jimmie Silman, Mickie Sweeney, Billy Favor, Tom Jean Teaff, Betty Ann Favor, Charles Keenan, Dale Graham, Tom Paul Fripzell, Billy Jean Hamner, Emma Jean Shaver, Nella Shaver, Louise Davis, Mary Vivian Davis, Salye McElroy, Juneave Malouf, Jonell Withrow, L. N. Bridges and Mable Ameen. Five pupils were unable to be present, they being Margaret Ann Wall, Norma Janice Coats, Patsy Ruth Barnard, Lorene Silman and Kenneth Lawson.

Miss Browning was assisted in giving her recital by Misses Mary Leone Hoge, Claudia Sue Moseley, Dorothy Shaver, Marian Clouts and Lora Jean Propps. Following the recital Miss Browning and her pupils served the guests, twenty five or more parents, a delicious platters of sandwiches, potato chips pickles, cakes and iced tea.

### SEYMOUR BOY LOOSES ARM

Basel Casey of Seymour suffered the loss of his left arm in a car accident in Seymour last Saturday, night.

Casey was accompanied by Mr. Moore, driving a ford car. He passed a truck followed by a trailer. The trailer failed to pass the Ford. Casey's arm was propped in the window and crushed severely. It was amputated above the elbow.

This accident was practically identical with that of a Knox City boy, Hassie Huntsman, some two years ago.

S. L. White went to Denton today, Thursday, to be accompanied home by his son Bill.

Miss Pauline Benton and Miss Ruth Rice will leave Knox City the latter part of the week to attend N. T. S. T. C. during the summer term.

Mrs. Oswald Parks and son returned home last Friday from California. Mr. Parks moved the day before from the Davis home to the Huntsman home. They have a down stairs apartment.

Mrs. Nellie Mae Withrow and daughter JoNell, Miss Lucille Williams Alvin and Miss Alta Hamm spent Sunday with friends and relatives in Olney.

## FORD V-8 WINS 250 MILE STOCK CAR RACE

OAKLAND, Calif., May 8.—Battling for a cash prize of \$1,500, Lou Myer, a leading contender for the 500-mile sweepstakes at Indianapolis Decoration Day, took first place in a Ford V-8 in the 250 mile stock car race at Oakland Speedway this afternoon from a field of 20 entries.

Myer's time for the race, which was supervised by the Contest Board of the American Automobile Association, was 3 hours, 13 minutes, 4.6 seconds, and his average speed for the course 77.68 miles per hour.

Sam Palmer, also driving a Ford V-8, took the second prize of \$750, and also hung up the fastest time for a single mile lap of 81 miles per hour. Denny De Paolo, Ted Horn, Mal Kenealy and Al Gordon, all in Ford V-8s, took the next four places in the event. Four other drivers finished in the money. Eight of the 20 entries were Fords, the other 12 being of four other makes.

"I won the race," said Myer at the finish, "because my Ford V-8 had tremendous pickup, power and speed and was able to keep going at high speed for the entire 250 miles. It's a great car to drive and I ought to know because I have won two tough races in Ford V-8s this year."

Twelve thousand persons turned out for the race which was run on the Oakland banked-curved oval under a brilliant California sun. No accidents of any nature marred the event.

Throughout the grind, Myer drove a steady cautious race. In the early laps the race appeared to be between Palmer and Gordon, but just after he had caught up with Palmer in the

108th lap Gordon lost time in the laps and Palmer streaked ahead.

Soon afterward Myer, who had been trailing up to this point, took the lead and never was headed. From the halfway mark the race settled down into a three-cornered battle between Myer, Palmer and de Paolo, with only a few seconds separating the three during most of the latter half of the race. Nearing the finish all three contenders opened their throttles; averaging more than 80 miles an hour for the last six laps.

Throughout the race the leaders thrilled the crowds with the way in which they guided their cars through the traffic of slower cars on the track, the quick acceleration of the Ford V-8 giving them several precious seconds each time it was necessary for them to slow down.

Kenealy, fifth-place winner, set a refueling record when he appeared at the pits for his first refueling after 161 miles.

Mother Perry and Jim Reeves of Haskell were guests of Mrs. M. A. Reeder Monday.

We are glad to have Mrs. M. A. Reeder renew her subscription this week.

Mrs. H. N. Lyle and daughter of Winters are the guests of Mrs. M. A. Reeder and Miss Mary Reeder this week.

Mr. and Mrs. Spikes of Snyder are here this week with their daughter Mrs. H. M. Jones.

Mrs. Chester Bowden and daughter of Munday and Mrs. O. B. Paul of Fort Worth are here this week with their parents Mr. and Mrs. T. A. Brown.

J. H. Abel of Rails New Mexico spent Sunday with his sister Mrs. G. A. Branton.

Mr. and Mrs. S. A. Norris and daughter of Haskell were guests of Mr. and Mrs. Holt Moseley Sunday.

The Little Gibson girl, who lives with her parents on the Benton Anderson place, is reported ill this week.

Miss Isla Norris, teacher in the Rochester school, and Mrs. Roe were guests of Mrs. W. E. Clonts Monday night. They were enroute to their home in Comanche.

Mrs. J. A. Wilson returned home Sunday from Arizona where she had been several weeks with her sister Mrs. Harris. The latter is doing fine having begun sitting up before Mrs. Wilson left Arizona.

Miss Mary Reeder returned home last Friday from Sagerton, the Sagerton school having completed the current year. Miss Reeder plans to leave the city Sunday for Fort Worth where she will visit and study during the summer months.

Mrs. Dr. Barnett was the fortunate Knox City citizen who won the \$25.00 given away last Saturday night, by the Hefner-Howell show. This show is in Crowell this week. Knox City has never had a cleaner tent show put on here than that just departed. They expect to return his fall and in that case they will doubtless have better crowds in attendance than was afforded them this season.

## Political Announcements

The Herald is authorized to make the following political announcements, subject to the action of the democratic primaries:

**FOR STATE SENATE, 23rd District:**

G. T. Hardberger

Reverend and Mrs. Gilbreath went to Abilene Wednesday to attend the graduating exercise of McMurray College.

Have your Spark Plugs cleaned and receive a ticket for the new Chevrolet that is being given away. Ashcroft Chevrolet.

## BANKHEAD BILL

representative of the department of agriculture in their county.

Q.—What are exemption certificates?

A.—A certified statement indicating the quantity of cotton a producer may gin or have ginned exempt from the tax.

Q.—Should producers make application for exemption certificates promptly?

A.—Yes. It is exceedingly important that producers make application promptly. It will be impossible to make allotments to individual producers in the county until all producers in the county have made application for exemption certificates and supplied the necessary information.

Q.—How and where will producers make application for exemption certificates?

A.—Make application to the Cotton Production Control association or forms provided.

Q.—Are the forms for making application for exemption certificates ready?

A.—No. They will be sent to the county associations as soon as they come from the printer.

Q.—Will the secretary of agriculture fix a final date on which producers can make application for exemption certificates?

A.—Yes. Such date will be announced later.

Q.—Will producers be required to supply information on their production for the 1934-35 season?

A.—Producers will be required to supply such information on 1934-35 season's production, ginning, exchange, or disposal of cotton, and certain other information as may be required by the commissioner of internal revenue.

Q.—Will it be necessary that bale tags be affixed to all cotton produced in the 1934-35 season?

A.—All cotton entering into the channels of trade must have bale tags attached.

Q.—When will producers secure bale tags?

A.—upon payment by a producer of the tax on any cotton, or the surrender of exemption certificates covering cotton.

Q.—What are bale tags?

A.—The term "bale tag" means non-detachable bale tag, stamp, or other means of identifying tax-paid or exempt cotton.

Period for Which the Act Will be in Effect

Q.—For what crop year will the act be effective?

A.—One year, June 1, 1934, to May 31, 1935.

Q.—Can the Act be made effective for crop years other than 1934-35?

A.—Yes. If the president finds that the economic emergency in cotton production and marketing will continue, or is likely to continue, or exist so that the application of this with respect to the crop year 1935-36 is imperative in order to carry out the policy of the act, and if the department of agriculture finds that two-thirds of the producers favor its continuance.

Q.—How can a producer know that the act is in effect for the crop year 1935-36?

A.—By proclamation at least 60 days prior to the beginning of the crop year, which begins June 1.

Q.—What information and facts will producers need to consider before informing the department of agriculture as to their desires regarding the act for the 1935-36 crop season?

A.—Producers should discuss and carefully consider information and facts pertaining to the effect the act has had on supply, consumption, export, price and foreign acreage of cotton. Also this social and economic effect of the act an agriculture.

Q.—Is the tax levied on the acreage of cotton?

A.—No. The tax is levied on the ginning of cotton. However, the tax shall not be collected upon the ginning of cotton which is to be stored by the producer thereof either on the farm or at such other place as may be permitted by the secretary of ag-

**Free \$1500.00 in PRIZES**  
for the best letter on  
**"Why I Like a Modern Gas Kitchen"**

Your gas company and a number of leading appliance manufacturers offer 50 handsome prizes for the best letter on "Why I Like a Modern Gas Kitchen." You don't have to buy a thing to win one of these prizes. They have been donated for the purpose by manufacturers. All you need to do is consider the advantages of the modern gas range, gas refrigerator and water heater, then write down in your own words the reasons why you like a modern gas kitchen. Possibly the convenience of gas, or their efficiency, or economy, or all three of these qualities appeal to you.

You do not need actual experience with all the equipment of a modern gas kitchen to enter this contest. What counts most are your ideas of the chief advantages of modern gas appliances and how you can do for a home. There are fifty prizes! You can win one! Try your letter today.

### 50 PRIZES

**GRAND PRIZE:** The three absolutely essential appliances of the modern kitchen — an automatic gas range, an Electrolux gas refrigerator and an automatic gas water heater.

**SECOND PRIZE:** An Electrolux Gas Refrigerator.

**THIRD PRIZE:** A modern gas range.

**FOURTH PRIZE:** A modern gas range.

**FIFTH PRIZE:** A modern gas range.

**SIXTH PRIZE:** A modern automatic gas water heater.

**SEVENTH PRIZE:** A modern automatic gas water heater.

**EIGHTH PRIZE:** A modern automatic gas water heater.

**NINTH PRIZE:** A modern automatic gas water heater.

**TENTH PRIZE:** A 10-r. dian room heater.

ALSO 40 small room heaters as additional prizes for letters that receive honorable mention.

### The Rules

(Contest Opens June 1, 1934. Closes June 30, 1934.)

- 1 All gas customers, and Stargas members of their families served by any of the Lone Star Gas System in Texas may compete for these valuable prizes, except members of their families.
- 2 Write legibly on one side of the paper.
- 3 Write your name and address plainly at the bottom of your letter.
- 4 Mail your letter to Gas Contest Judges, Harwood, Dallas, Texas, or bring it to your gas company.
- 5 All entries received become the property of Lone Star Gas System for their use and will be returned.

The home economics representatives of the Lone Star Gas System will act as judges.

## Stamford and Western Gas Co.

LONE STAR GAS SYSTEM

**Q.—Are there any exemptions to the above method of making allotments to states?**  
**A.—Yes.** No state shall receive an allotment of less than 200,000 bales of cotton if in any one year of the 5-year period 1928-32 the production of the state equaled 250,000 bales. The states of California and Missouri are affected by this provision.

**Q.—Will the same method of making allotments to states be used if the act is in effect for the crop year 1934-35?**  
**A.—Yes.**

**Q.—Who makes the apportionment to states?**  
**A.—The department of agriculture.**

**Q.—How many bales are there to be allotted for the 1934-35 crop season?**  
**A.—10,000,000 bales is fixed as the maximum amount for the crop year 1934-35.**

**Q.—Is 10,000,000 bales fixed as the amount to be allotted in this crop year 1934-35 if the act is in effect?**  
**A.—No.** It shall be ascertained by the act, and is still in effect, from an investigation of the quantity of cotton that should be exempt from the tax in the crop year 1935-36.

**County Allotments**  
**Q.—How much of each state allotment will be made to counties?**  
**A.—Not less than 90 per cent.**

**Q.—What becomes of that portion of each state allotment that is not apportioned to counties which are states?**  
**A.—Not more than 10 per cent of each state allotment will be reserved for producers on farms within the state where the situation is such as to justify a portion of such per cent.**

**Q.—Can county allotments be made at once?**  
**A.—It will take some time to make county allotments as additional study of available information will be required before making such allotments.**

**Q.—How will the allotments be made to counties?**  
**A.—Not less than 90 per cent of the allotment to each state will be prorated to the various counties within the state according to the percentage that the average production for the 5 cotton crops of 1928 to 1932 inclusive.**

**Q.—If the production of cotton in a county was so reduced one or more of the years in the base period by drought, flood or other unusual natural causes as to cause an abnormally low average production, will this fact be taken into consideration in making the allotment to a county?**  
**A.—Yes,** provided it can be established that reduced production was caused by unusual natural causes. In some counties it is possible that a flood or drought or other natural cause of reduced production is normal and not an unusual event.

**Q.—What information will be used to establish that the production of cotton in a county was so reduced one or more of the years in the base period by unusual natural causes as to cause an abnormal low average production?**  
**A.—The cotton history of a county, together with a history of weather, insects pests or other uncontrollable natural cause of reduced production in the county.**

**Q.—Does the United States department of agriculture have a cotton history of all cotton-producing counties?**  
**A.—Yes.**

**Q.—Who will apportion the allotment to the counties?**  
**A.—The department of agriculture.**

**Q.—Can the total allotment to counties within the state be more than the allotment to the states?**  
**A.—It will be impossible to make allotment to individual producers in a county until application for exemption certificates from all producers in the county have been received and approved.**

**Q.—Will producers who have signed voluntary acreage reduction contracts receive allotments exempting from the taxation provisions of the act at the amount of cotton normally produced on the acreage permitted under the contract?**  
**A.—As far as possible, producers will be allotted amounts of cotton equivalent to the average production per acre shown in the 1934 and 1935 contract. There are cases where allotments may be somewhat greater than this; on the other hand, there are cases where allotments may be somewhat smaller. The intent is to permit as nearly as possible contract signers to gain free of the tax all cotton produced on the acreage permitted under the contract.**

**Q.—Will an allotment be made to producers who did not sign a 1934 and 1935 cotton acreage reduction contract?**  
**A.—Yes.** If such producers desire exemption certificates, they will be required to make application and to supply information on forms provided, which information and other information will be used in determining their allotment.

**Q.—Will the producer who has signed a voluntary acreage reduction contract be benefitted by the Bankhead act?**  
**A.—Yes.** He will receive the rental and parity payments and will also be given an allotment of lint-cotton equal to approximately his production upon which no tax will be collected. He will also be benefitted by a sustained price or any rise in the price of cotton.

**Q.—What will determine the allotment to be made to the individual producer?**  
**A.—The cotton history of the farm as evidenced by information supplied by the producer and other sources.**

**Q.—Who is charged with the responsibility of making individual farm allotments?**  
**A.—Allotments to any farm shall be made upon application therefore and be made by the department of agriculture. The same machinery that was used in the voluntary acreage reduction program, both at Washington and in the field, will be used.**

**Exemption Certificates**  
**Q.—What is an exemption certificate?**  
**A.—A written declaration specifying the amount of cotton exempt from the tax.**

**Q.—What use will be made of exemption certificates?**  
**A.—They will be issued in lieu of cash in paying the tax.**

**Q.—Can the producer transfer exemption certificates?**  
**A.—The act provides that any and all certificates of exemption may be transferred or assigned in whole or in part only in such manner as may be prescribed by the department of agriculture.**

**Q.—When will exemption certificates be issued to individual producers?**  
**A.—Some time may elapse before producers can receive their exemption certificates. Complete information regarding cotton acreage and production during the representative base period selected, land in cultivation, potential cotton productivity, and other data may be required must be obtained from each producer claiming exemption certificates within a county before exemption certificates may be issued.**

**Q.—Will the interest of sharecroppers and tenants be protected in making of allotments and the issuance of exemption certificates?**  
**A.—Yes.** Necessary regulations to protect their interest will be made.

**Q.—Does the act provide for revoking exemption certificates issued in case the producer violates the provisions in the voluntary acreage reduction contract for the use of rented acres?**  
**A.—Yes.**

**Q.—Will all producers who desire exemption certificates be required to file an application for?**  
**A.—Yes.** Both producers who have signed and acreage reduction contract and those who have not will be required to file an application before receiving exemption certificates.

**Q.—It is important that producers make application for exemption certificates promptly?**  
**A.—Yes.** Exemption certificates to individual farms will not be issued until all applications together with necessary information have been received and approved.

**Q.—To whom will producers apply for exemption certificates?**  
**A.—To the secretary of the Cotton Production Control association.**

**Bale Tags**  
**Q.—What is a bale tag?**  
**A.—The term "bale tag" means nondetachable bale tag stamp, or other means of identifying tax-paid or exempt cotton.**

**Q.—Does all cotton entering the channels of trade have to have bale tags affixed?**  
**A.—Yes.**

**Q.—Can a producer gin or have ginned and store cotton without affixing bale tags, provided he complies with the rules and regulations provided by the commissioner of internal revenue?**  
**A.—Yes.** But until bale tags are secured for such cotton, such cotton shall be subject to a lien in favor of the United States for the amount of the tax payable with respect to the ginning of such cotton. Such cotton can not be sold, opened, or transported beyond the boundaries of the county in which it was produced, until bale tags are affixed.

**Q.—Will cotton which is stored, and to which bale tags have not been affixed be marked for identification?**  
**A.—The following answer is too long from the act itself:**  
 "The commissioner of internal revenue, with the approval of the secretary of the treasury, shall prescribe regulations providing for stamping the containers of such cotton so as to indicate the time of ginning and the amount of tax payable with respect thereto."

**Q.—Can bale tags be transferred from one bale to another?**  
**A.—No.** Severe penalties are provided for the violation of these provisions of this act.

**Q.—What action should a producer take if a bale tag becomes detached?**  
**A.—Notify the commissioner of internal revenue at once.**

**Administration of the Bankhead Act**  
**Q.—What determines the acreage and production figures upon which state allotments are based?**  
**A.—The United States department of agriculture.**

**Q.—How is each producer's acreage and production determined?**  
**A.—From his own reports which are checked by the community committee and the county committee. The same general procedure will be followed as was used in the 1934 and 1935 cotton-acreage reduction plan.**

**Q.—Who will supply the producer with exemption certificates?**  
**A.—A representative of the department of agriculture.**

**Q.—Who will issue bale tags?**  
**A.—Bale tags will be issued under rules and regulations prescribed by the commissioner of internal revenue and approved by the secretary of the treasury.**

**Q.—Who will collect the tax?**  
**A.—The bureau of internal revenue is charged with the responsibility of collecting the tax.**

**Q.—Who will prescribe regulations regarding cotton ginned and stored, but upon which the payment of the tax is postponed?**  
**A.—The department of agriculture and the bureau of internal revenue.**

**Q.—Through which local organization will be department of agriculture administer these provisions of the act for which it is responsible.**  
**A.—The Cotton Production Control association. It is intended that the Bankhead act will be administered in a manner that will be equitable to all cotton producers. To that end, the operation of the act will be placed largely in the hands of producers themselves, as was done in the case of the voluntary**

**reduction plans.** Cotton Production Control association, made up of cotton producers will be the primary organization through which the department of agriculture will administer the provisions of the act for which it is responsible.

**Q.—Will there be opposition to the act?**  
**A.—Yes.** There is opposition to and change in the order of things and it is suggested that it will be well to carefully analyze the reason for the opposition of any individual or concern to this measure to find the real reason for such opposition.

**Q.—Will the act be difficult to administer?**  
**A.—There are always difficulties with any new measure. The Bankhead act is a pioneering measure which calls for patience, complete cooperation, and above all understanding of the reason why such a measure was enacted into law. The reason for such action by congress was the demand from cotton producers. The reason for the demand of cotton producers grew out of the 50 year fight for control and better prices. The greatest difficulties will be encountered at the outset. Once we are under way annoying problems will be solved and the path for satisfactory**

**administration smoothed.**

**Definitions as Used in the Bankhead Act**  
 The term "person" means an individual, a partnership, joint-stock company, a corporation, or a firm. The term "Commissioner" means the commissioner of internal revenue. The term "collector" means the collector of internal revenue. The term "ginning" means the separation of lint cotton from seed cotton. The term "tax" means the tax upon the ginning of cotton imposed by the act. The term "lint cotton" means the harvested fruit of the cotton plant. The term "bale tag" means nondetachable bale tags, stamp, or other means of identifying tax-paid or exempt cotton. The term "crop year" means the period from June 1 of one year to May 31 of the succeeding year, both dates inclusive.

PRIZES TO BE GIVEN BY LONE STAR GAS COMPANY

Customers of the local gas company are given an opportunity to win some handsome gas kitchen appliances in an essay contest launched throughout the territory by companies of the Lone Star Gas system.

The subject of the letter writing contest is, "Why I Like A Modern Gas Kitchen". There will be 50 valuable prizes in all, totaling in value more than \$1,500.

Prizes include an electric refrigerator, an automatic gas water heater, and an automatic gas water heater, another gas refrigerator, and fully room heaters.

The purpose of the contest is to enlighten the public with the conveniences, economy, and all around advantages of modern gas appliances.

The contest opens June 1 and continues June 30 and is open to all customers of companies in the Lone Star Gas System, except employees and members of their families.

Mrs. A. J. Gore and Mr. and Mrs. Larry Melton of Benjamin spent Sunday with Mr. and Mrs. Lawrence Rhodes in Wichita Falls.

Mrs. Gordon Acker left the city Friday with her parents for Searcy Arkansas. Mrs. Acker expects to be gone a month.

SENIOR DAY AT LEUDERS

The members of the Senior Class spent an enjoyable day at Leuders last Monday on Senior Day leaving Knox City shortly after day light, their destination reached a much enjoyed breakfast was prepared.

All three meals were prepared in true camp style. Near the close of the day, the Seniors captured (but didn't catch) a thirty-three pound fish caught somewhere near the dam and purchased by Mr. Armstrong.

After each acquired a few minor cuts, bruises or strains and no few excessive "chiggers" the group returned about dusk, thoroughly exhausted but happy.

SENIORS HAVE FISH FRY

Tuesday evening the seniors had a fish fry over at the Benjamin lake, as the result of the purchase of a thirty-three pound fish caught near the Leuders Dam Monday afternoon.

This outing was similar to a steak fry enjoyed by the same group at the Benjamin lake last Friday night but the repetition, though similar, was by no means less enjoyable.

On both occasions the class was accompanied by their room mates, Mrs. Armstrong and Mrs. Arledge besides Mrs. T. S. Edwards and others, and Miss Rye, class sponsor.

Miss Jerene Cooner, teacher in the Prairie Chapel school arrived home last week. Miss Stella Cooner, teacher in the McAdoo school, is expected home this weekend.

Mr. and Mrs. J. B. Broach and children of Munday spent Tuesday here with her mother Mrs. H. H. Backfield.

SETH PARKER CLUB

Tuesday evening of May 29 Seth Parker and his club members met with Rhoda and Paul or to you, Alta and Alvin Hamm.

There was 25 members, Mr. and Mrs. Hamm and one visitor, Clydene Smith present. This was a fine crowd considering the number of other entertainments for the evening.

The evening program was conducted by Seth. Many numbers were sung throughout the evening and spice and variety was furnished by the changing of organist every few numbers.

During the program we were favored with a musical reading, "The Story of Jesus Lover of My Soul" by Mrs. Travis Dean, or Rachel also a special quartet, "neath the Old Olive Tree" was dedicated to Mrs. Charlie Keenan was receiving the program by telephone.

Six new members were received into the club. We needed them badly because of their singing ability and we're mighty glad to have them. These members were Irene Holland, Bob Pewitt, Mr. and Mrs. Holland. The club had a special invitation to meet with Mrs. John Dutton Tuesday and Mr. and Mrs. May.

day evening June the 4th and was accepted with much pleasure.

God be with you 'til we meet again dismissed another enjoyable Seth Parker evening.

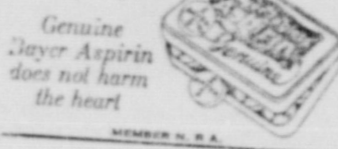

Everett Stanley of Dexter New Mexico is in Knox City this week visiting Jim Stephens.

Buying Drugs Blindfolded A Great Folly

Doctors throughout the world agree there is no greater folly than to buy and take unknown drugs.

Remember that doctors endorse Genuine Bayer Aspirin as SAFE relief for headache, colds, sore throat, pains of rheumatism and neuritis, etc.

Just remember this. Demand and get Genuine Bayer Aspirin.

Genuine Bayer Aspirin does not harm the heart

CLOSING OUT

One New Stewart Warner Radio List \$49.50 for \$35.00. Also one Good Used Cabinet Radio Atwater Kent for \$25.00. Come and see these real buys.

HUGHES RADIO SHOP

Miss Edna White spent Sunday with her sister Mr. and Mrs. John Coats.

Misses Vernelle and Bonnie Nelle Rowan were guests of Miss Oleta Humphries Sunday.

Misses Elsie Graham and Constance Browning leave Knox City Monday for Denton to enroll in CIA for the summer term.

Misses Claydene Hoge and Bernice Swift plan to leave Saturday of Austin to attend State U. this summer. The girls will be accompanied to Austin by the Hoge family.

Mrs. Edwin Clarke of Brownfield and Mrs. Ezell Clarke and children of Levelland are here this week with relatives and friends.

A DOLLAR AND A HALF WORTH OF OIL PROTECTED THIS MOTOR FOR OVER FOUR THOUSAND MILES!

Low Consumption and Motor Protection proved in the most daring and convincing Motor Oil Test ever made

WHEN New and Improved Conoco Germ Processed Motor Oil was perfected, it had lubrication values so great that a mere statement of them would seem absurd.

The competition was held at the Indianapolis Motor Speedway, under the supervision of the Contest Board, American

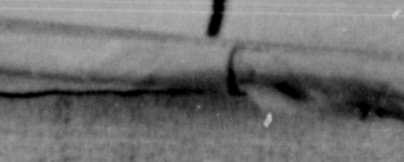

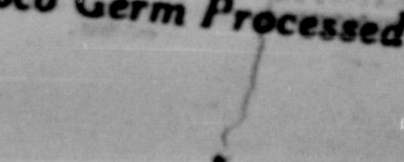

Five quarts of each brand of oil were carefully put in the cars by AAA officials.

Automobile Association. Six new, strictly stock cars, were used—a different oil of the same S. A. E. grade in each.

After the cars were broken in for 2,500 miles, they were drained, examined and a fresh fill of five quarts put in each crankcase. No more oil was added. Then the cranks were sealed by an AAA official.

Two cars—two oils—still left in the test. Oil No. 3, after a remarkable run of 3,318 miles, came to a shuddering stop.

and the last competitor of New and Improved Conoco Germ Processed Oil, went out. The low car, with this tremendous vital oil, labeled No. 2, went on and on. On the tenth day, at an almost unbelievable total of 4,729 miles, it failed—an all-time record mileage on a total of five quarts!

The "Hidden Quart" of new oil penetrates and higher resistance to the effects of dilution—the absence of carbon and sludge—all aided in this great achievement. It firmly supported Conoco's patented principle of added oiliness—it proved every claim. Conoco alone can make oil this way. It is covered by recent United States patents.

You can have this oil in your car, for it costs no more than other quality oils. Drive into a Conoco Station or dealer marked by the Red Triangle. Fill and know the satisfaction, the freedom from repairs, the economy of low consumption that only Conoco gives.

The official sealing of cranks after 25 of five quarts was put in. No addition of oil not permitted in this "destruction" test.

Here are the Representatives of the Contest Board of the American Automobile Association who supervised every detail of the test and attested to the records made.

Warning to new car owners... Some car manufacturers are using new types of bearings which will stand greater pressures and temperatures, resulting from increased power and speed.
