NUMBER 47

## Sun Set School Granted 7 Credits

1932 Scholastic Total 364

Mr. R. R. Davenport, superintendent of the Sun Set Consolidated school, exhibited a Knox City this week a letter from Mr. A. M. Blackman, chief supervisor of High schools of Texas, in which Mr. Davenport was instructed that the Sun Set school received a total of seven credits for the work of the school his past year. This number is the total of all credits asked for by Sun set school last year. Mr. Davenport showed much pleasure in the school having received the credits, stating that he hoped the school to do as well or better work another year.

Comments on the work submitted for credits for the Sun Set school were complimentary to both the teachers and the pupils. Two credits were received in English on which work the supervisor stated that the pupils were consistent in correcting their errors. English instructor was Miss Katherine Rike.

Two credits were granted in Algebra the comment of the supervisor being to the effect that the entire exhibit was neat and well arranged. The teacher is to be commended, the supervisor stated, for the standard of achievement that was reached in both the first and second year Algebra. Algebra teacher was Mr. R. R. Davenport.

Two credits were received in Spanish, the supervisor stating that the exhibit was well prepared and that the teacher covered all important phases of the work thoroughly. This teacher was Mrs. P. W. Peters.

One credit was granted in General Science, the supervisor's comment stating that the test papers were very good and that all notes were very neat. General Science teacher was Mr. T. W. Harber.

### 1932 Scholastics

Mr. Davenport stated that the scholastics for the year 1932-33 is a total of 364 which is eight less than the scholastics for the past year.

### 1932 Faculty

Following is the list of teachers to be in the Sun Set Consolidated school during the year 1932-33.

Supt., R. R. Davenport  
Principal, T. W. Harber  
English, Miss Rike

Spanish-History, Miss Oneta Blanton, of Munday, Texas

### Elementary Grades

Principal, Wilburn Hill of Oklahoma, who taught at Winert last year.  
Mrs. Shannon, Miss Grace Orsburn and Miss Ora Lee Parks.

### Primary Grades

Mrs. Cecil Burton, Miss Gladys Williams and Mrs. R. R. Davenport.

### Beautifying Grounds

Before the last school year closed much work was done in an effort to beautify the Sun Set school grounds. Trees and flowers have been put out about the front of the building which are now looking very pretty. We hope, said Mr. Davenport, within a few years to have the ground about the building as attractive and comfortable as our splendid building.

Mr. and Mrs. J. T. May motored to Dallas the first of the week. Mr. May returning home Wednesday. Mrs. May and A. D. remaining in Dallas where A. D. has undergone an operation on his arm.

Mr. and Mrs. J. W. Hamm and children and little Miss Claydene Smith spent Sunday in Millsap. The Hamm family attended the family reunion of Mrs. Hamm's family. Relatives from Edgewood, Emory Knox City and Millsap were present.

The Knox City Fire boys defeated the Munday fire boys in a game of indoor base ball, scoring 20 to 10 Monday's 17 Tuesday evening.

Mr. and Mrs. Campbell, Mr. and Mrs. Keck, Mr. and Mrs. Lawson and Mr. and Mrs. Acker went to Wildhorse Monday evening picnicking.

Tom Reeder Jr. of Crowell was in Knox City Tuesday.

## Bible Study M E Church July 17th

By L. B. Hammock

Lesson Text St. Luke 3rd Chapter

(Obedience Is Better Than Sacrifice)

For thou desirest not sacrifice; else would I give it; thou delightest not in burnt offerings. The sacrifices of God are a broken spirit; a broken and contrite heart. O God, Thou wilt not despise. Psalms 51:16-17.

(Christ Receives Recognition from God)

At the close of the previous chapter we learned that Jesus was increasing in wisdom and stature, and in favor with God and man. He was now at the threshold of his earthly mission and one to prepare the way for His entry had been selected and the word of God having come unto him, John the prophet began to preach in the country about Jordan, calling on the multitude to repent for the remission of sins. A previous reference to John by the prophet Elias had described him as the voice of one crying in the wilderness, preparing the way for the Lord and declaring unto them that all things from henceforth would hinge on the gospel of Salvation for the just and those who repented sincerely of their sins. His gospel was convincing and many converts came forward for his baptism under his promise that all flesh should see the salvation of the Lord. He did not promise that all would be saved but that they should see this Salvation and would have a chance to accept the terms of redemption, but they were to forsake the idea of Abraham being their father and become obedient to the precepts of the Son of God who was to become a ransom for many.

John's strange wisdom and power stirred up the people as he told them in parables that only the tree that bore good fruit should escape the condemnation of the Father and so they besought him to know what they should do to escape this condemnation. He brought them Jesus near to the teachings of Christ as was possible at that time. His was a work of preparation and he taught them unselfishness, generosity, sobriety, contentment, obedience, etc. But said to one who who is mightier than I and though I baptize you with water He shall indeed baptize you with the Holy Ghost and with fire, and would have power to bestow the gift of eternal life through God the father, Jesus now came to John for baptism and when Jesus came near him he said, to the multitude "Behold the Lamb of God that taketh away the sin of the World." God's great plan of Salvation began now to take form and to be partly understood by the people. Jesus was to be the atonement for all sin to those who accepted and believed on his name. Jesus now demanding baptism of John made the final preparation for his work and when he received that baptism God gave His recognition of the Saviour's readiness for his task by sending the Holy Ghost upon Him in bodily form as a dove, and with a voice from heaven declaring "This is my beloved Son in Him I am well pleased." And so with Him we should be well pleased. He was rich in glory but became poor for our sake; He suffered that we might have that undefinable joy which charms our painful steps over the burning marl, and bears witness with our spirit as we worship toward His holy temple, that we are accepted subjects of His Kingdom and shall inherit the good promise of life everlasting if we prove faithful to the end, fight a good fight and keep the faith and in our hearts make it our meat and drink to do His will.

**Changing the Constitution**

The conventions are over and the Presidential campaign of 1932 is under way. By the time the spell-binders of both parties have begun to get into action it may be that people will get all excited over such important issues as tax reduction and government economy, and a lot of other things which both parties endorse in different language in their platform. But so far as we can see the situation from this point in time and space, about the only action of the conventions that the general run of people are interested at the moment, outside of the personalities of the candidates, is whether the Democrats or the Republicans have the better plan for letting the people vote on prohibition.

As long as there is so much talk and excitement in various parts of the country about this question, it is probably just as well to take steps to find out whether the people of the United States, or any considerable majority of them, want to change the dry laws or not. We don't see how anybody can take exception to that proposition. No matter how ardently dry an individual may be, if the overwhelming majority of them are against prohibition, it seems to us that it is of the very essence of Americanism to accept a verdict of the majority. And the same goes for the citizen of wet inclinations. As long as there is a widespread belief that the prohibition law does not reflect the dominant national public sentiment of today, there will always be bitter feelings until the facts are brought out.

The only way to bring them out

is by the means that both parties propose, that of submitting an amendment to conventions called in the different states solely for the purpose of considering a change and so giving every voter a chance to vote for either wet or dry delegates as he prefers.

Our hope is that, if and when these conventions shall have acted upon the proposed change in the Constitution, everybody concerned will be content to prove his Americanism by abiding by the result.

**A STEP TOWARD PROSPERITY**

One of the most forward steps toward prosperity taken within the past two years is the present epidemic of "canning".

Instead of being the usual one to three years behind, the present farmer and all other citizens are starting this year to be a year ahead. Everybody is canning and doing so with the intention of having a supply of food to run the family for at least a year.

This plan is certainly superior to that of being from one to three years behind and expecting to buy every article of food out of the grocery store.

Knox City's living for the next year is at hand now; it is ripe now and in order to be utilized it must be canned in some way now. And the people are busy trying to save every food product possible.

When every family has succeeded in raising or buying and preserving sufficient foods to keep the family for a period of twelve months, then it is that we will feel the spirit of prosperity. Although the country may not be flushed with green backs and silver, when we have our living in our sellers we will know that we can face the time without trouble.

Let there be no delay, every one must fill their sellers and prepare for the winter. Now is the time!

Vote for Judge William Pierson of Hunt County, for re-election. Associate Justice of the Supreme Court. He is a conscientious and able Judge of our highest court and worthy of your support.

**The Way of Life**

By Bruce Barton  
**ALWAYS SOMETHING HAPPENS**

A man whose son graduated from college in June was asking what I thought about a post graduate course in the Harvard Business School. "I don't assume any school can teach a boy how to succeed," he said. "What I want is to have my son learn something about the history of business."

He proceeded to illustrate from his own experience. Until 1904 he was a newspaper reporter, but that year he took a job with the manufacturing concern of which he is now the head.

In 1907, when he was just beginning to get under way, along came a panic.

"We cleared away the wreckage and started again," he said, "but in 1910 here was a strike which tied up our plants, destroyed part of our property and disrupted our trade."

"Suddenly the war, and to slump was transformed into a boom! But don't imagine the boom was any picnic. To be sure, the orders rolled in from every side, but prices of raw material sky-rocketed, our capital was limited, and I wore out my shoes and got grey-headed borrowing money from one bank to pay back another.

"Then the war ended, and we took an awful beating in our inventory. Then another boom."

"And now this.

"It would be advantageous to my boy, I believe, if he were familiar with this sequence of events, if he knew the ups and downs not only of modern business but of business through the ages. Maybe he would come into life without the illusion which has handicapped so many of us—that there is any such thing as 'normal' in the sense of permanently settled conditions and uninterrupted progress."

I thought these were very wise remarks.

As far back as I can remember I have been hoping and planning for a time when I should be comfortably fixed. At first I thought if I ever accumulated 120,000 in good safe bonds I'd have an income of \$1,000 a year and then I could look out with philosophic calm upon the foibles of the world.

The only progress I have made during the past three years has been in health. I try to ride horse, walk, swim, play golf, and keep generally in good shape. I'm quite sure that as long as I live I shall have a keep, just that just about the time I get over, thing nicely fixed something will happen.

Miss Lillian Park plans to leave the city Saturday for Lubbock where she will attend Tech the remainder of the summer.

The ladies of the Methodist church will sell ice cream and cake from the Bryant-Link building on election day Saturday, July 23rd. Plan now to patronize this booth.

There is a suburban development where the houses are rather oddly constructed. The first floors are given over to a garage and furnace room. The living-room, dining-room and kitchen are on the second floor. Bed rooms and bath rooms are on the third floor.

There was a time when drug stores derived most of their income from selling medicines. A centrally located retail drug store here in New York recently sold 50,000 books in a month, not one volume selling for more than a dollar.

**DAN BOONE SPEAKS FOR TOM HUNTER SATURDAY IN MUNDAY**

Tom F. Hunter's plan for reduction of taxes, abolition of duplicating state commissions and bureaus, and state regulation of public utility prices are among the things which will be discussed on Saturday July 16 by T. R. (Dan) Boone of Wichita Falls at 5:00 p. m., when he appears at Sunday, Texas.

Because of the immensity of Texas' area and the great number of cities and towns in the state, Hunter has been unable to visit scores of places from which he has received invitations to make an appearance. To assist in transmitting his platform message, other speakers have volunteered their services to address groups of voters in Mr. Hunter's behalf and Mr. Boone is one of these. Mr. Hunter himself has made more than 180 addresses during his campaign and is giving his attention in the closing days of the race to the big cities of the state. In addition to his speaking contacts with the voters of Texas, Hunter has met thousands of Texans personally shaking hands with them and answering their questions.

**TEXAS RAILROADS PAY SUBSTANTIAL PART OF STATE'S TAX BURDEN**

● Taxes is one of the large fixed charges connected with the operation of Texas railroads. From the standpoint of the welfare of state, counties and communities, railroad taxes are of much importance. This annual obligation must be met from the earning capacity of the rail carriers.

In 1931 the railroads of Texas paid a total of \$8,303,108.47 in federal, state, county, municipal and miscellaneous taxes. The distribution of this amount to the various tax funds is shown below:

	Amount Paid	Per Cent of Total Tax Paid
U. S. Government	\$ 61,270.13	.74
State	1,954,435.47	23.54
County	1,146,569.97	13.81
Roads	1,699,764.15	20.47
Improvement Districts	175,606.87	2.12
Schools	1,437,152.74	17.31
Cities	1,792,994.61	21.59
Miscellaneous	35,214.59	.42
<b>Total</b>	<b>\$8,303,108.47</b>	<b>100.00</b>

It can thus be seen that railroad taxes represent an important and indispensable factor in the economic life of our state. They help in a large measure to pay the expense of our state, county and municipal government, build and maintain highways, pay the cost of drainage and other improvements, and support our schools and educational institutions.

It is the desire of Texas railroads to extend this helpfulness to Texas counties and communities in carrying this heavy burden. However, their ability to meet these obligations as they become due depends upon their ability to earn sufficient revenue with which to pay this and other heavy expenses connected with their operation.

● RAILROADS HAVE ALWAYS SHOULDERS THEIR SHARE OF RESPONSIBILITIES TO THE NATION, THE STATE, AND THE CITIES AND COMMUNITIES THEY SERVE, AND WILL CONTINUE TO DO SO TO THE EXTENT OF THEIR ABILITY.

### E. O. Thompson Gives Platform For Commission

Ernest O. Thompson of Amarillo, candidate for election as a member of the State Railroad Commission for the unexpired term of Pat M. Neff, has announced his platform in which he sets forth in a brief way the issues confronting the

ERNEST O. THOMPSON

Commission as he sees them. Mr. Thompson's name goes before the voters at the July 23 primary. In his platform he said:

"The Railroad Commission regulates the railroads, trucks and buses, oil and gas business, and gas utilities.

"Because of the importance of these industries and in part the Commission plays in the development of our great natural resources, the office of Railroad Commission directly affects the economic welfare of each individual citizen.

"I stand for a fair deal to all concerned, always keeping in mind that the people's interest should come first.

"Every side of all questions coming before the Commission will be given a fair hearing and a prompt decision.

"Trucks and buses are here to stay. They fill an important gap in our transportation system. They will not be discriminated against.

"The oil and gas business has become so important in Texas that our general business now depends largely upon the prosperity of this industry. It is the duty of the Commission to foster and conserve these natural resources for orderly development.

"I stand for a fair rate in gas utilities—fair to producer and the consumer; fair to the utility and fair to the public.

"I respectfully ask the support of the Democratic voters of Texas in the coming primaries."

### Modern Electric Refrigeration Will Help You Cut Expenses

Acclaimed for its convenience, its value as an essential health safeguard and for the delicious desserts and salads available through its use, modern Electric Refrigeration is a household necessity for yet another important reason... the substantial cash savings it will bring you.

With Electric Refrigeration, "left-overs" are not wasted... but safely and conveniently preserved for future use in novel and tasty dishes. And in addition to the economies realized in this manner (statistics show that over 10 cents a day is lost by throwing out usable "left-overs"), further savings can be made through the safe refrigeration of "bargain day" quantity purchases... through buying larger sizes of canned goods—at a much lower cost per ounce... and through the elimination of food-spoilage.

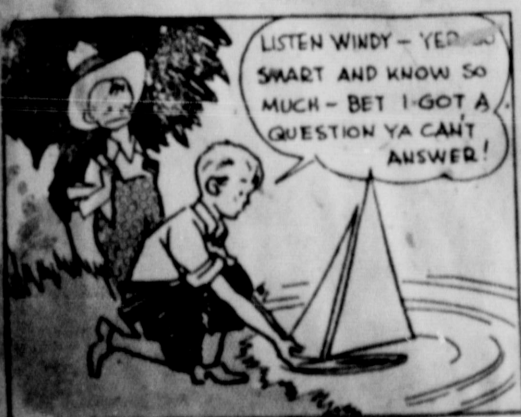

These important savings are possible with Electric Refrigeration because the constant low temperature necessary for the safe preservation of perishable foodstuffs is maintained automatically.

Let Electric Refrigeration help you cut expenses. Ask a salesman to show you our new models... or see your nearest electrical dealer... Today!

Do you know that your increased use of Electric Service is billed on a surprisingly low rate schedule... and adds only a small amount to your total bill?

While long-tailed monsters lived in PENNSYLVANIA

THE Devonian Age of a hundred million years ago was the source of two wonders: vast inland crude oil found in the Bradford-Allegheny Pennsylvania field. Sinclair today produces the finest motor oil from the Pennsylvania field. Sinclair Pennsylvania Motor Oil is so old that it had already mellowed for 95 million years of its mellowing and filling. Today's motor oil is a product of the Pennsylvania field. The costliest crude—a product of the Pennsylvania field—plus a special treatment. Ask for Pennsylvania—the year-round Pennsylvania grade motor oil.

## Union Grove

(By Mrs. McMahan)

On Wednesday afternoon Mr. Dee Lankford was thrown from a horse and severely injured. Dee did not seem so badly hurt at first but a physician was called to the home who found him in a serious condition. Dee was taken to the Knox County Hospital where he underwent an operation Sunday. At this writing he is doing nicely and we are hoping for his speedy recovery.

Mr. Horace Bevel and Miss Ethel Tidwell were united in marriage at Knox City in the parlor of the Baptist parsonage Saturday afternoon. Reverend Claud Stovall spoke the marriage ceremony. Mr. Bevel is the son of Mr. and Mrs. T. J. Bevel of the Union Grove community and is a fine, upright young man. Mrs. Bevel is the daughter of Mr. and Mrs. Lee Tidwell who live north of Knox City. She is a talented young woman receiving her education in the Knox City school. Mr. and Mrs. Bevel will make their home in the Union Grove community. We welcome them and wish them happiness.

Mr. Paul Pannell of Albany visited in the home of his parents, Mr. and Mrs. Bob Pannell over the week end.

Mr. and Mrs. Horton and Mrs. Ada Faucet and Kenneth Faucet of Knox City spent Sunday in the home of Mr. R. K. McBrayer.

Ledward Houston, Paul Pannell, Venita Melton, Verna Mae Houston, Opal Reeves and Verlin Galther made a trip to Abilene Sunday.

Mr. and Mrs. W. H. Hodges have as their guest Grandmother Matlock of near Munday.

The young people of the Union Grove Community met at the school house Saturday evening to engage in a game of indoor base ball, but on arriving found that they did not have sufficient light to play ball so other games were played and all had a nice time. They hope to soon arrange for lights so they can play ball at the school building.

Nathan Graben returned Saturday from a visit of a month with his grand parents in Hamlin Texas.

Mrs. Tankersly of Cliff community is visiting her daughter, W. H. Cornett.

On Monday evening July 11th, a young people party was held at the home of Mrs. Lee where they surprised her with a birthday party honoring her birthday. Out door games were played after which refreshments and lemonade were served.

Guests in the home were Sam Wilson and Mrs. Wilson and Miss Dorothy Hight of Guthrie Texas.

Nathan Graben happened to a queer accident Tuesday morning. He had gone to the field to hoe and had filed his hoe prepared to go to work. On arising he became unbalanced and fell backward on the hoe cutting a gash in his hip. He was carried to the Knox County Hospital where seven stitches were required for the wound.

The Y. W. club meets July the 15 at the school house. All women are invited to meet with us.

Mrs. J. C. McGee complimented her three year old daughter, Mildred, Tuesday with a party honoring her birthday, given in the home of Mrs. J. H. McGee. 23 friends of Mildred were present and spent the afternoon playing games after which they enjoyed a collation of cake and ice cream.

### SIZE OF CAN OR JAR IMPORTANT IN CANNING

College Station—In the midst of the biggest home canning season in Texas history comes a warning to canners to be sure to select the right sized can or jar according to kind of food to be preserved and size of family, and to can the varieties of fruits and vegetables that will give a healthful diet. For families of two, points out Miss Lola Blair, nutritionist in the Texas A. and M. College Extension Service, half-pint jars or number 1 cans should be used; for families of four or five, pint jars or number 2 cans; and for families of six and more, quart jars or number 3 cans. Exceptions to the rule come in the case of bulky vegetables like greens, and corn, which should not be put into quart jars or number 3 cans because of the difficulty in getting the heat to penetrate the centers.

"With big gardens this year filled with many varieties of vegetables," says Miss Blair, "it is foolish to invite stomach troubles and sluggishness next winter by an unbalanced selection of canned products. Everyone should have at least three servings of leafy or green vegetables every week, and preferably every day. There should be at least one serving a day of starchy vegetables, and at least one serving of other vegetables. Tomatoes or citrus fruit should be eaten at least three times per week, and one serving of some kind of raw fruit daily.

"A family of five should have about 120 cans of leafy or green vegetables such as greens or string beans or peas for the six winter months; 100 cans of starchy vegetables such as corn; and 80 cans of other vegetables such as beets, okra, squash or carrots. Of tomatoes there should be preserved 125 cans, and of fruits 150 cans. If other fruits can not be afforded, people can get along with tomatoes, so far as health goes. Roselle is a garden fruit which can be substituted for more common fruits, and in sections where it will grow rhubarb can be substituted.

Mrs. O. L. Jamison and daughter Yvonne, Mary Leone Hope and Mrs. T. P. Frizzell and sons visited in Wichita Falls last Friday.
