NUMBER 41

ROUND UPS

by "The Wrangler"

"Keep your face to the sunshine and you cannot see the shadows."
—Helen Keller

Governor Alf M. Landon stood under the spreading oak trees of his birthplace last week and summoned America to face with courage the dangers and responsibilities that go with liberty under this Nation's traditional system of free enterprise. The sunflower state Governor's attack on the timid souls who fear that the Nation is at the end of an era and on the defeatists or unstable men, who headed, foster doubt and distrust was heard by a crowd estimated by police at 50,000 to 75,000.

Thirty-two men described as officers of the Black Legion have been indicted on criminal syndicalism charges based on allegations they plotted to take over the Federal government.

That the government will begin the purchasing of drouth cattle if Fall fails to come, was evident this week when forecasted by William O. Fraser of the drouth cattle committee of the Department of Agriculture.

A little twelve year old country girl, Clara Kathryn Van Horn of Zanesville, Ohio, is considering an invitation to visit the White House and to receive a medal of valor from the President in recognition of her heroism in saving the lives of two playmates last winter.

Two small boys were saved from being crushed beneath the wheels of a locomotive as their sled approached the tracks of the approaching train when Clara tossed her body in the path of the moving sled throwing the boys into a soft snow bank with safety.

The right of a night worker to spank his wife if breakfast is not ready when he comes home has been upheld by a Canadian judge.

Traffic sign on a Pennsylvania highway: Slow; No Hospital.

Just talk: The 1935 value of Texas minerals has been estimated worth over one half billion dollars. . . . There is a trillion in Los Angeles that is 275 miles long. . . . Joe Penner's original name was not Penner, but Pieter. He came to the United States from Hungary when he was nine years of age. . . . There are sixty species of misquitos in the United States. . . . Bookkeeper and book-keeping are the only two words in the English language that have three double letters in succession.

Isaiah Morgan, New Orleans Negro, led an orchestra playing the selection "I'll be Glad When You're Dead, You Rascal You", at his brother's funeral. His brother, Sam, requested it on his deathbed.

Paper window panes are being used in all modern home construction in China. They are transparent and much cheaper than ordinary window glass. Also, the paper allows twice as much of the sun's ricket preventing ultra-violet rays into the home. A lower rate of rickets among Oriental children is believed to be due to this type of paper window.

I saw a flock of geese fly over the corral this morning. They were headed southeastward toward the Texas Centennial. "Think, talk, write, Texas Centennial in 1936".

The Missionary Society of the Methodist church met Monday in the third Bible study which was conducted by Mrs. B. J. Osborn. The study of Genesis is proving to be very interesting and beneficial. Those now in the study invite other women of the church to join them.

Mr. and Mrs. Bud Driver, Mrs. Henry Driver and daughter and Dick Hollis of Hico spent Friday of last week in the H. M. Thompson home.

Cotton

At noon Thursday, August 27 the four gins at Knox City had a total of 233 bales with cotton bringing from 10 1/2 to 11 cents. O'Brien gin had ginned 12 bales.

CITY USING 150,000 GALLONS WATER DAILY

Largest Consumption From Six to Nine P. M.

Crowell Buying 30 to 40 Thousand Gallons Daily

John Dutton, superintendent of Knox City Water Works, stated Tuesday that Knox City is using 150,000 gallons of water daily with the largest consumption from six to nine o'clock in the evening. Mr. Dutton says that from 6 to 9 o'clock 50,000 gallons of water is used.

There are two pumps at the station and when one only operates it takes 3 and three quarter hours to fill the big tank, 50,000 gallons. With both pumps running water is put into the tank at the rate of 575 gallons a minute.

Crowell Buying 30 to 40 Thousand Gallons Daily

Since the sixth of this month, August, Crowell has been buying water from the Knox City well. Mr. Dutton states that from three to four train tanks are shipped daily, and average of from 8,000 to 10,000 gallons a tank Wednesday of this week Crowell had bought around 500,000 gallons of water. This water is distributed to Crowell users through the city water mains.

Despite the fact that Knox City uses a large quantity of water many families have not been able to keep up yard appearances. Grass, flowers and shrubs have died.

GOSSETT WILL RUN AGAIN

I wish to thank the voters of the 13th Congressional District for the splendid vote given me in the recent primary. I carried eight of the fifteen counties of this district. I am older, much poorer, some wiser, and have no regrets. The many good friends acquired by me during this campaign more than compensate me for my loss. In fact, my greatest disappointment is to have disappointed those who worked for my election. We fought a hard, clean and honest fight, and therefore should have no cause for regret.

I wired Congressman McFarlane my congratulations. I expect him to congratulate me two years hence, as I will be a candidate in the next primary.

Main Street Given Complete Oil Coating

Two weeks ago, highway 16 through the business district of Knox City was given an application of oil, the new development in highway building. Last week the street was torn up from curb to curb and the entire surface given the oil bath. All is gradually packing down and is surprisingly smooth. It really promises to be quite nice. It has stopped the fog of sand and dust that floated generously about with each car that rambled down the street and people are finding themselves much better pleased than they had hoped they would be.

Mrs. E. C. Ferguson and daughter and Mrs. Minnie White and two sons of Stephenville spent three days the first of the week with Mother White and other relatives.

Misses Pauline Benton and Ruth and Annie Mae Rice returned home Friday from Denton. Mr. and Mrs. Bill White also returned home all have attended N. T. S. T. S. this summer, even down to Annie Mae who took high school subjects.

FRANK GLOVER THANKS HIS FRIENDS

To all those who supported me in my race for Sheriff in the recent primaries I want to express my thanks and to say that I appreciate fully your friendship. I shall always hold in grateful remembrance your efforts in my behalf.

I also congratulate Mr. Cartwright on his election and wish him well in his conduct and occupancy of the office.

Yours Respectfully,
Frank Glover

Arch Hendon and family of the plains are in Knox City this week.

When There's a Boy in the Family.

WAYNE DARR WINS TRIP TO DALLAS

In a contest conducted recently by the local Texaco Service Station (Griffith) Wayne Darr won the prize which was a trip to the Centennial in Dallas. He left Knox City Monday of this week and will return home Thursday.

The contest was a cooperative plan of all Texaco stations in this district and winners of all stations were carried in a group to Dallas.

RESIDING ELDER E. B. BOWEN IS MARRIED

Members of the Stamford District Methodist church will be interested to learn this week of the marriage of the Presiding Elder, E. B. Bowen to Mrs. Buford Harris of Amarillo. The ceremony took place in the auditorium of the Polk Street Methodist church of Amarillo, Tuesday morning, Dr. C. C. Grimes, pastor of the church officiating.

Before her marriage Mrs. Bowen was Mrs. Buford Harris, daughter of Mr. and Mrs. R. E. Bown of Amarillo. She has been secretary at the Polk Street Church for several years.

Reverend and Mrs. Bowen will make their home in Stamford residing in the District parsonage. At present they are enjoying a trip to Colorado.

Herbert Finley returned home Saturday from Bryan, Texas. He will be here about three weeks before returning to A. and M.

Doll Graham returned home the first of week from a most enjoyable week spent with his sister Mrs. Bedford Smith in Erick Oklahoma.

SMITH FAMILIES ENJOY SWIMMING-PICNIC SOCIAL

Mr. and Mrs. J. W. Smith and children and their families enjoyed Thursday evening of last week swimming and picnicking at the pool west of Rule. The outing was planned as a farewell social honoring Mrs. W. R. Harris, who left Friday following for her home in Arizona. Those in the group besides Mammy and Pappy and the honor guest Mrs. Harris, were John Elbert Smith, Mr. and Mrs. J. A. Wilson, Mr. and Mrs. Roy Smith, Mr. and Mrs. Lee Smith, Mr. and Mrs. L. L. Davis and son, Mr. and Mrs. John Smith and son of Benjamin, Mr. and Mrs. Hobb Smith and son Mr. and Mrs. Reeder Smith and daughter of Rochester, Misses Florence Wilson, Jean Ann Smith, Catherine Shaw, Zena Bolin and two young men, Edmund Smith and Mr. Baker, employee of the International Harvester of this city.

H. M. Bledsoe of Haskell moved his family to Knox City Monday of this week. They are temporarily located in the small cottage at the hospital, and hope to locate a desirable house soon.

Mr. and Mrs. H. C. Ferguson of Amarillo are spending this week here with her parents Mr. and Mrs. S. L. Favor. Mr. and Mrs. Ferguson visited the Centennial cities last week.

There will be a social Friday night at the Lloyd Waldrup home for the membership of the Methodist church. All members of the church are not only invited but are also expected to be present at eight o'clock. The social committee promises fun for all.

MEN STRAIGHTEN ROAD AT CORNER

Saturday night Bill Hudson of Eastland and a Parker boy from Rule had a car accident west of Knox City. They were driving west in a Chevrolet and failed to turn with the road. The car hit the bank and the two boys plunged into the wilderness. The windshield was of non-shatter glass and simply bulged out when their heads hit; however, both were cut about the head and face. The car was considerably damaged.

Cellus Stovall of Goodnight spent Monday night in Knox City. He went to Leuders to attend the reunion of his mother's family and will return to Knox City Thursday or Friday of this week.

Billy Favor returned home last Friday with his mother and Mrs. Carpenter from Canyon. The two women went to Canyon for the week with Billy. Billy completed the work he was taking in school.

Mrs. Bell Blackwell has returned to her home in Houston after spending a week with Mrs. T. S. Edwards. Mrs. Blackwell leaves Houston shortly for Columbia University in New York to work on her M. A. degree.

AT THE METHODIST CHURCH

Church School, 9:45 A.M. Preaching, 11 A.M. and 8:30 P.M. Woman's Missionary Society, Monday 3 p.m.

Prayer Meeting, Wednesday 8:30 P.M. Fine services, both morning and evening last Sunday. An increase, both in attendance at Church School and the preaching services. So many of our people have broken the "habit" of going to church. Please break this habit. Each person owes it to himself, or herself, to make a place in his life for worship. The preacher's responsibility is to prepare a suitable message for the people, and to prepare himself in mind and soul to deliver the message. The people's responsibility is to be present, with their minds and souls prepared to hear the message.

Your Church has a Great Program. Please align yourself with it, and help "Put-it-over". As your pastor, I am depending on you. The Lord is depending on you. The Church is His. You are His. The obligation is Yours, and is Great. May we not have the pleasure and satisfaction of meeting you next Sunday in 'Your place', on time, 9:45 A.M.?

Thank you.

B. J. Osborn

School Begins September 21

Word is received from the Knox City school board that the superintendent this week that Knox City will have a full school term, the usual length and that the credit situation will be worked out satisfactorily. School will begin September 21st.

It is noticeable this week that the roof on the old school building has been replaced. The front finish is far more attractive than before. Work on the new building is progressing nicely. Brick work is completed with the exception of that on the auditorium, and workmen are on the roof. Without a doubt the building will be completed before the average patron has believed it would.

MEDICAL SOCIETY TO MEET IN SEYMOUR

The Baylor-Knox-Haskell County Medical Society invites the public to be present at an open meeting on Maternal and Child Welfare at the Municipal Building in Seymour, Texas, Wednesday, September 2, at 8:00 p. m.

In addition, a Public Health Exhibit in charge of a nurse from the State Department of Health will be open to the public from 9:00 a. m. to 5:00 p. m. on September 2 and 3.

This meeting and exhibit are sponsored by the State Medical Association, and are being held to help reduce maternal and infant mortality. Prominent doctors from over the state will make addresses at this meeting.

TO OUR FRIENDS THROUGHOUT THE 13th CONGRESSIONAL DISTRICT

From the bottom of my heart I want to thank my friends throughout the District for their splendid support in the recent campaign. We won by a majority of 3995 votes, which is a larger majority than accorded any of my predecessors for the past 14 years.

The fact that we won handsomely against the most powerful organized political forces in the District should hearten the friends of good Government.

I rededicate myself to the service of the whole people.

Your friend,
W. D. McFarlane

Mr. and Mrs. R. H. Banks moved to Knox City this week. They will take one of the Hamner apartments the last of this week. Mr. Banks is one of the company in the New Ford Agency.

Mr. and Mrs. Dan Steakley came Tuesday afternoon for her parents Mr. and Mrs. C. C. Hoge also Mary Leone and Paul, and all went to Dallas, returning home Wednesday night.

Mrs. Hobson of Elreño Oklahoma spent the past week here the guest of Mrs. A. J. Gore. Mrs. Hobson is a sister to A. J. Gore, deceased.

The Ameen family of Paris, Texas are spending the week in the J. Silman home.

IN APPRECIATION

Louis Cartwright in a statement to the Herald Tuesday expressed his appreciation for those who elected him Sheriff of Knox County. Mr. Cartwright said: "I greatly appreciate the confidence Knox County people have placed in me in electing me the next Sheriff and I will give in return the best service I have the ability to render".

LIGHT SHOWER FALLS WED.

Knox City received a light shower of rain Wednesday afternoon. Although it was too small to do any good it was sufficient to cause much excitement and kindle hope.

Whether the appearance of rain automatically increased the value of money or added Nick Shaver hasn't yet been determined. Just after the rain Nick walked into the Lawson Cafe with a friend. Both drank a cup of coffee and Nick dropped a penny on the counter and walked out.

Bobby Clinton of Putnam is visiting his grandfather, E. L. Park, and other relatives.

Letter received today, Thursday, from Mrs. Ethel McNutt reveals the fact that she is well pleased with her new position and the city of San Angelo. However, Mrs. McNutt states quoting from her letter "the finest people I have ever had the pleasure to meet are in Knox City. Please extend my best regards to them".

The new telephone directory will be off the press soon. We ask that you cooperate with the telephone company and look up your number when you want to use the phone.

Fred Warren, who has been working out of Hobbs New Mexico for some time now, is with a new company and working in town. Report comes that the change was greatly appreciated by both Fred and Clara.

The Fellowship class of the Baptist Sunday School entertained their wives with a social at the home of Mr. and Mrs. W. D. Thomas on Tuesday night of last week. Reverend and Mrs. W. D. Green and thirty or more others were present and partook of the games and refreshments of cake and ice cream.

CENTENNIAL SWELLS

Austin, Aug. 24.—Sponsors of the bill passed by the state legislature to appropriate \$2,000,000 for the celebration of Texas' 100th anniversary pointed out in their fight for the bill's passage that the state treasury would be reimbursed that amount with increased gasoline taxes during 1936. Their promise has been more than fulfilled during the first seven months of the centennial year.

From January 1 through July 31 the state gasoline tax bill has swelled by \$2,148,749 over and above the amount collected for the same period last year. Taxes from the sale of gasoline to residents and visitors to Texas have already shown a profit of \$148,749 to the state on its appropriation of \$2,000,000 for the first seven months of 1936 and the tourist travel promises to add substantially to the tax revenue by the end of the year.

Centennial officials anticipate increased travel into Texas from out-of-state during the fall months and if such is true revenue provided by gasoline tax will run the amount past the \$4,000,000 mark for 1936, thereby showing a profit of \$2,000,000 to the taxpayers of Texas on their centennial investment.

Miss Tina Mae King of Fort Worth is visiting her brother Mr. and Mrs. O. B. King.

POINT OF FIRST USE

"I have found that all receptacles, commodities and utensils, must be located in appropriate storage space closet to the point where it will be first needed", said Miss Dame Groves Kitchen demonstrator in the Gillill and H.D.C. in a meeting with the home agent, Tuesday, August 25, in the home agent's office. "For example: a roasting pan is a cooking item but it should be stored in the preparation department because placing the roast in the pan is a "Preparation" activity. When stored in this area one trip each way across the kitchen is avoided, and saving steps is one of the main objectives of scientific planning."

CUT THEM LENGTHWISE

"I have found that cutting my carrots and potatoes lengthwise not only prevents so much mineral loss than cutting crosswise," said Mrs. Ernest Robinson, president of the Home H.D.C., in a meeting at Mrs. Clyde Boyles, in July, but it makes a different looking dish to serve."

Mr. and Mrs. J. D. Richards and two daughters of Stanton spent two days last week with Mrs. A. J. Gore. A new assortment of Parker Fountain Pens, just the thing for the student from \$1.25 to \$7.50 at FRIZZELL'S

ARMY SERGEANT CHANGES SEX, GIVES BIRTH TO BABY BOY

LONDON, Aug. 7.—shocking doctors in a Warsaw maternity home almost out of their wits, an army sergeant walked in, clad in men's clothes, calmly told them "he" was going to have a baby—and proceeded to do so!

That, at any rate, is the story supplied to the London Daily Mirror today by its Warsaw correspondent, who explains that the mother, Nochmen Tenenbaum, 25, changed sex last year.

Although there are many authentic cases of sex changes on record, this is believed to be the first time in the history of medical science that the metamorphosis was so complete that reproduction was possible.

Certainly it is the first case on army records in which a sergeant became a mother!

The father is an artist. Tenenbaum's sex change compelled him to abandon a "promising army career" but he kept on wearing male clothes afterwards.

—Wichit Record-News

HIGH SCHOOL FOOTBALL SCHEDULE AT TEXAS CENTENNIAL

Dallas, Texas, August 11—The high school football powers of Texas will wage their campaigns for supremacy in the Cotton Bowl at the Texas Centennial Exposition this fall.

The heavy Cotton Bowl schedule includes 26 major grid contests between Class A white high school eleven's of Texas.

Greenville High School, an Inter-scholastic League limelight eleven for several years, will open the parade on September 18 in a battle with Technical High school of Dallas.

Other important school football eleven's to play in the Cotton Bowl during the season are: Beaumont, Corsicana, Sherman, Thomas Jefferson High of San Antonio, John H. Reagan High of Houston, Waco High which in former years dominated state grid campaigns; Forest High of Dallas; Sunset High of Dallas; Adamson High, formerly Oak Cliff High, also of Dallas, and others.

The September Cotton Bowl high school grid schedule is:

Sept. 18—Greenville High vs Technical of high of Dallas
 Sept. 19—South Park of Beaumont vs Sunset High of Dallas
 Sept. 19—Sherman High vs Woodrow Wilson high of Dallas
 Sept. 25—Technical High vs Forest high of Dallas
 Sept. 26—Thomas Jefferson of San Antonio vs Adamson high of Dallas.
 The Cotton Bowl's first grid contest, and the initial major football game in the Southwest, will send the Chicago Bears of the National Professional league and an All-American eleven together the night of September 7.

"THE CALL TO ATTACK"

The common cold germ is marshalling his forces for the annual attack. Soon this insidious enemy will prepare to live up to his reputation as America's greatest enemy to good health. Each year more than two hundred million "common colds" undermine the health of the nation and often pave the way for such serious illnesses as pneumonia, bronchitis, influenza, tuberculosis, and other health-wrecking respiratory diseases.

Leading doctors tell us that fifty per cent of all disabling diseases start with a "common cold." And the invisible but dangerous cold germ finds one of his best opportunities in homes where occupants are most liable to sudden changes of temperature. Therefore, it is a wise precaution to avoid the possibility of sudden changes of temperature in your home this coming winter by providing a constant circulation of pure warm air throughout the house.

Use your home to the fullest this winter as you have during the summer. It will assist you to fight the common cold germ, the leading threat to good health.

LONE STAR GAS COMPANY.

According to government statistics, diseases of our breathing apparatus are responsible for about one death in every five. Don't gamble with a cold.

FRESHMAN CLASS REPORTER LA VERNE BUMPAS

Even though the weather is extremely warm, old man drouth is staging a thorough campaign, and we didn't get to start in an almost new school house, as we expected, school started and has been in progress for three weeks.

The opening day began with a chapel program. Mrs. Underwood, who is still maintaining charge of the musical programs, supplied us with entertainment in several popular songs presented by Janelle Partridge, Frances Walling, and Betty Jane Earp. Following a duet by Katie and Wardell Sweatt, the boy with low voice, Jack Frost, contributed to the program by singing for us. Then the spice of the program, but we are still undecided as to which was the spice—the manner in which Mr. Harber presented his announcements, or Mr. Hughes' address. Seriously and truthfully, we enjoyed the main address immensely, and we are looking forward to Mr. Hughes' future visits with us.

There is really a lively bunch around here, especially from the Freshman Class, which composes almost half of the high school department. It looks as if Freshmen will have things running their way among these classes in no time. Incidentally, speaking of lively crowds, it seems that quite a few have been missing their regular afternoon naps; but it won't take long to be broken into the usual grind of studying if we expect to keep in pace with the long assignments that most of our teachers seem to have a tendency to make.

CLASS ORGANIZATIONS

The various classes have organized for the on-coming school year. The Freshmen, with Mr. Walling at the helm, have as President, Virginia Parkhill, Vice-president, Glendon Matthews; Secretary-Treasurer, Bernice Strickland; and Reporter, La Verne Bumpas.

The sophisticated Sophomores have Nettie Griffith as President; E. G. Parkhill as Vice-president; Merguerite Jarvis as Secretary and Treasurer, Virginia Ivey as Reporter, and Mr. Kimbrough as sponsor.

Mrs. Cole is sponsor of the Junior class. They intend to keep up their work under the leadership of Inez Vernon, who is President; Faye Marie Partridge, Vice-president; Floyd Frost, Secretary and Treasurer; and Buddy Bumpas, Reporter.

Last and least is the Senior Class; and since it is the only one that handed in a lengthy report, we deem it only fair to tell something about this particular class.

Long years have the students of the Senior Class of 1937 looked forward to this time. There are only five of them, and four of them began in the same first grade class; while all of them have gone through high school together. Great things are intended for them, and with Mrs. Cash's ability and co-operation, these things should be accomplished. For President, Mary Helen Partridge was chosen, and for Secretary and Treasurer, Juanita Forehand was elected.

W. F. Evans made a business trip to Abilene Tuesday.

Lorothy Garrett has been out of school quite a while because of the illness of Dan, her brother. It is reported that Dan is still in a critical condition in a Dallas hospital, where a brain specialist is tending him.

We have enjoyed the visits of several Knox City girls, among whom were Elena Fayne White, Billie Bess Benedict, and Wynette Farmer. Also we enjoyed having Ollie Gilbert of Seymour with us besides the many former students of Sunset whom we are not at all surprised to see.

Reviewing up on the staff and the class officers, it seems that the girls and the seniors are predominant. Since it has been the custom of electing the English teacher as "sponsor" of the news, Mrs. Cash was named. We like the selection very, very well, although she terms herself not a "sponsor" but as "critic". We can say as much for the remainder of the staff, however.

You'll see the drinks served at our fountain.

FRIZZELL'S

GRADE SCHOOL NEWS

Having completed a unit in petting Mrs. Davenport reports that her pupils have adopted a room doll and have called her "Shirley Temple". (How early the children are becoming "movie fans!") They are building a house and are making furniture for it.

The pupils of Miss Williams' room are making a hospital and clinic. They inspect the eyes and teeth and are forming a general health organization. They must also care for those of their room who are suffering from headaches, cuts, scratches, and bruises, and, of course, the heat. They are getting various samples from drug-gist of Munday.

The second grade, with their teacher, Miss Curry, has recently returned from a visit to the Thornton Dairy of Munday. They are now busily engaged in arranging their miniature dairy on the same plan.

If the primary groups are as successful in these various projects as they were in their project of the Seymour Park last year, we are sure that it will be worth while to visit them.

We are very, very proud of the fourth grade in that they have almost 100 percent average in attendance. Mrs. Boden tells us that to keep the students highly interested in arithmetic, she has devised a new method in teaching the multiplication tables. To make this difficult task easier Mrs. Bowden builds a figurative letter consisting of the tables, letting

Mother, most hospitals now protect their babies against germs and skin-infection by rubbing Mennen Antiseptic Oil all over the baby's body—every day. This keeps the baby's skin smoother, softer, lovelier and SAFER. So, mother, do as hospitals do, as doctors recommend. Give your baby a safety-rub with Mennen Antiseptic Oil daily thruout his diaper-days. See your druggist.

MENNEN Antiseptic OIL

each child see how far he can climb. A mistake in the tables represents a bodily fall from the ladder.

Mrs. Underwood reports an even growing interest in music among her classes. The high school department is learning several popular songs. The typists comment that they can hardly keep from staying in rhythm with the music; and Mrs. Cole seems to be highly pleased with the progress her typists make when the faster songs are played.

Freight trains nowadays act like express specials. New freight schedules are so fast, sometimes wonder if everything has to be delivered day before yesterday.

Many of our passenger trains are running faster schedules, too. Well, one thing is sure. We make faster runs, but the first railroad commandment is still "Safety First." That's one rule they won't change.

Western railroads and allied industries provided jobs for 750,000 workers last year. Some of them live in our town. Good neighbors.

Passenger fares are now the lowest in history with substantial reductions on round trips. And no more surcharge for riding in sleeping cars.

This new Free pick-up-and-delivery of less than carload freight—I heard some traveling salesmen talking about it on the train yesterday. They said it saves shippers a lot of money and centers all responsibility on the railroad. The railroad picks up the freight at shipper's door and delivers to receiver's door. Of course, local delivery men get the haul from door-to-car and car-to-door at both ends. The railroad handles the whole transaction.

When railroads are busy, I notice towns along the railroad are prosperous. The merchants put more ads in the newspapers.

We are proud of railroad achievements, appreciate the public's good will and increased patronage, and pledge continued progress.

GUM-DIPPED CORD BODY — Every cotton fibre in every cord in every ply is soaked in liquid rubber, preventing internal friction and heat, which provides greater strength and blowout protection.

TWO EXTRA LAYERS OF GUM-DIPPED CORDS UNDER THE TREAD — This patented Firestone feature cushions road shocks, protects against punctures and gives longer life.

LONGER NON-SKID MILEAGE — The non-skid tread is wider, flatter, with more and tougher rubber on the road, giving longer wear and thousands of extra miles.

LOW PRICES — Volume production makes these low prices possible.

THE FIRESTONE NAME AND GUARANTEE — Every Firestone Standard Tire bears the Firestone name, your guarantee of greater safety, dependability and economy.

FOR TRUCKS AND BUSES

SIZE	PRICE
6.50-20	\$21.95
7.00-20	29.10
7.50-20	35.20
30x5	21.30

FIRST GRADE MATERIALS AND EXPERT WORKMANSHIP—The Firestone Standard Truck Tire gives long non-skid mileage —blowout protection—dependable service.

GUM-DIPPED CORD BODY — Gum-Dipping prevents internal friction and heat, giving extra strength and blowout protection.

TWO EXTRA LAYERS OF GUM-DIPPED CORDS UNDER THE TREAD — Prevents tread separation. Specially compounded rubber in two outer plies from bead to bead rivets sidewalls securely to cord body preventing ply separation.

TWIN BEADS WITH CORD REINFORCE — Twin beads give tire firm seat on rim. The beads are tied into the cord body by the special Firestone method of cord reinforce, making the tire one unit of greater strength.

FIRESTONE NAME AND GUARANTEE — Assures greater safety, dependability and economy.

price 15 cents at

FRIZZELL'S

Miss Ruth Wylie was the guest of

Miss Grace Osborn this week.

Lawrence Dutton received the

\$25.00 premium given Tuesday night

at the Texas Theatre.

Oliver King is in Fort Worth this

week and will go from there to

Brownwood and attend Howard Fay

college this year. His plan to go

to New Mexico failed to materialize

since he found the place so far from

home.

Miss Geraldine Norris of Haskell

is spending Wednesday and Thursday

nights of this week with Claudia Sue

Moseley.

Mrs. W. E. Marr and Mrs. G. A.

Wanton entertained last Friday

afternoon club and their husbands

Tuesday night of this week. Tables

were arranged in the Branton home

for 32 guests and following the

games refreshments of stuffed toma-

toes, pickles, snakes, glazed snaps

and lead tea were served.

53 TAXES ON A LOAF OF BREAD

The cost of government, according to the best estimates, takes more than 20 per cent of the national income.

In other words, if we work five weeks, the proceeds of only four weeks' work is retained by us. The money paid us for the other week goes to government.

Only a small part of this money is taken from us in direct taxes. The greater part filters its way into government coffers through "hidden" or indirect taxes. It is a major item in the cost of living.

Bread provides an excellent example of this. No commodity is more necessary. Yet each loaf of bread you buy represents 53 different taxes paid. Some of these taxes are paid by the farmer, some by the flour mill, some by the bakery. Every one of them has added to the cost of that loaf of bread.

During the past three years the American people have paid \$100,000,000 more for bread than they would have paid had its price stayed constant. Taxation was not the sole cause of that rise but it was a potent influence.

What is true of bread, is true of meat, shoes, automobiles, furniture anything and everything you use.

Think of taxation in this way as a thing that hits you directly in the pocketbook whenever you spend a nickel—and you'll realize what a reduction in the cost of government would mean to every person in the United States.

MEN WANTED for nearby Rawleigh Routes. Write today Rawleigh's, Dept. TXH-413-SB, Memphis, Tenn.

We are glad to have Doug Horton renew his subscription to the Herald this week.

Mr. and Mrs. R. C. Smith and family of Ralls, Texas are spending this week with relatives in Knox City.

Mrs. Bell Penick and daughter, Christine of Rule were guests of Mrs. W. E. Marr Friday.

Mrs. L. J. Watmoreland of Anson is here visiting her sister Mrs. R. R. Stapp.

Mr. and Mrs. J. W. Galloway of Hamlin are here visiting her sister Mrs. McMahan.

Joe Reeder of TCU arrived home Sunday. He will be here about ten days.

YOUR TRADE WILL BE APPRECIATED BY THE JONES BARBER SHOP

AMERICAN BOY OFFERS WORLD OF ADVENTURE

During the coming year AMERICAN BOY stories will take readers into thundering transport planes, into Annapolis and through the Caribbean with the Navy, into the soundless tangles of Georgia's Okefenokee swamp, and even into an imaginary future of space ships, strange machinery and science. All are swift-moving, instructive and gripping.

There'll be stories of the true adventures of David Irwin, the young man who, for four years, alone, wandered across the arctic barrens by dog team, going months without seeing a human being and eating only frozen fish. And there'll be Roscoe Truett's inside story of the famous London-to-Melbourne air race.

There'll be advice on hobbies, sports tips from famous coaches and players, suggestions on money-earning and low-cost travel, and articles on dog training nature's oddities and tomorrow's airplanes.

There'll be stories about the favorite characters of a million boys—Penehead Tierner, detective; Square Jaw Davis, engineer; Hide-rack, the red-gold collier; Alan Kane, scientist; and Lee, midshipman.

THE AMERICAN BOY costs only \$1 a year or \$2 for three years. Foreign subscriptions 50 cents a year extra. Send your name, address and remittance to THE AMERICAN BOY, 7430 Second Blvd., Detroit, Mich. Service will start with the issue you specify. On newsstands, 10 cents a copy.

Mr. and Mrs. M. D. Metts, who have been in Hobbs New Mexico, have gone to Louisiana.

Don't RISK YOUR LIFE ON BURNED TIRES

THE TIRE WITH NO WEAK SPOTS COSTS NO MORE

All other tires are vulcanized with working, dry heat which degrades rubber and cotton—weakens the tire, burns out thousands of miles.

Our 1934 Seiberling are vulcanized by a new, exclusive Seiberling process—Vapor Cured—soaked in steam—welded into a single unit of live rubber and live cotton—NO WEAK SPOTS—and 10% to 10% greater mileage.

Come in—compare—at our store today.
