County War Food Committee Organizes For Effective Work

In a united effort to aid in more food production and tight waste of what is being produced, the Knox ounty War Food Committee met in nin April 17 and perfected an anization to carry on this imporant work with more emphasis than wer before.

Present at the meeting were repre-centatives of county, state and govament agencies, schools, service bs, women's clubs, all eager to have a part in helping our country win its

G. S. Dowell of Munlay was electchairman of the committee; Mrs. F. Branton of Knox City, secretary; Miss Lucille King, advisory. Centers f o r canning schools were

t up for Vera, Knox City, Sunset, on Grove, Truscott and Gilliland. These centers will be under the direc tion of trained leaders who are willing and able to help anyone with canning problems.

Timely food subjects such as the preservation of eggs, distribution of surplus foods through the schools, marketing of surplus foods in other sections and setting up cooking clinica

were discussed. F. O. Dunkle, Lucille King and Anna Mae King gave reports of conservation work they had done. Lucille King has been covering the Home Demonstration clubs over the county with graphic lectures on seed testing cheese making a n d Victory garden planning. All the representatives of the Extension Service have been doing a fine job in spreading the gospel of more production and conserving the surplus. They plan to launch an even more extensive campaign now that weather and conditions are becoming

The next meeting of the War Food With Local Church Committee will be held in Benjamin

Tire Inspection Papers Must Be Kept for Use

Although the periodic inspection of 20. the Knox County War Price and Rationing Board points out and emmaizes the fact that tire inspection reports must be kept in good order and current valid reports submitted with all applications for gasoline or

The following bulletin has been received from the director of the automotive Supply Rationing Division:

"Any gasoline dealer m a y accept Pittman, Haskell; valid "R" coupons in exchange for Raymond Van Zandt, Asperment. transfer of gasoline providing he has been authorized to make such transfers by the District Director. Such more than 50 per cent of his sales are bulk delivery sales, meaning both delivery from tank wagon or drums owned by the dealer and used for such delivery purposes and also delivery on premises into drums or any motor vehice, in any quantity."

ODT Committee Will Help Handle Crops

Members of the staffs of the Office of Defense Transportation and War Swift. Food Administration after meeting in Dallas, have returned to their homes finding an Easter basket. Games were advisory committees or widen activities of existing committees. The committees will develop m o r e efficient motor truck transportation of perish able and seasonable farm products Sgt. Billy Garrison this year. These workers participated in a conference with Robert A. Hicks. Married In Oregon Washington, chief of the Farm Vehicle Section of ODT.

ODT district managers will obtain information on the production of perishable and seasonal crops and their transportation requirements. Manawers then will call meetings of producers, haulers, dealers and receivers to elect transportation advisory committees. The committes will ascertain the motor truck equipment necessary to move the perishable or seasonal

MEXICO WELCOMES AMERICAN CAPITAL

American capital is welcome in Mexico as partners with Mexican capital, President Manuel Avila Camacho told 20 visiting newspaper men during a press inspection tour of Mexican war industry, just completed. At a press conference in the president's office Avila Camacho said that the ideal method of creating a neighborly feeling was by means of economic partnership, similar to that instituted in Mexico by William O'Neil, president of The General Tire & Rubber Company. The Mexican leader is shown above with O'Neil, sponsor of the newspaper tour.

Grain Storage Bins Offered To Farmers On Low Bid Basis

R. O. Dunkle and Doyle Thoma secretary of the county AAA, hav been advised that the War Food As minstration is offering for sale man wooden grain bins owned by the Commodity Credit Corporation. Information regarding the number, size, typq and location may be obtained from local AAA committees. Sale is or bid basis.

The bins, located throughout t h state, first will be offered to farmers, thus affording them opportunity t Increase storage facilities for the 1944 crops. The containers were built for readily for other farm and commercial uses. They vary in size, beginning at 650 bushels capacity. After the offer to farmers is terminated, any un- to be sent into the Pacific theater. sold bins will be available for purchase by the general public.

At the same time the WFA announat fabricator's plants in Texas, Louisiana and some other states, a considerable number of wooden bins that to this station, she was on duty with have not been erected. They are being offered for sale in lots to the general public for housing and utility use as well as for grain storage. Most of the bins in these lots measure 14x16 feet and are 10 feet, 4% inches high. Some of the remainder are slightly smaller and others somewhat larger than the major supply.

Forms for making bids and other information may be obtained from the County AAA office in Benjamin.

Trained In Radio

Colored People Will Install New Pastor

Members of the St. Paul Baptist Church (colored) of Knox City, will begin a 6-day program on May 2 and ending on May 7 with the installation of Rev. H. K. Curry as their pastor. Churches from Rule a n d Haskell

An all-day program h a s been arranged for Sunday. May 7, with the new paster bringing a sermon at 11 o'clock and an installation sermon by previous month, at a total cost of \$116-\$160.

B. B. Campbell has just returned from Temple where he attended a meeting of the directors of the Brazos River Conservation and Reclamation District. The meeting was called to hear reports of progress on the proposed Baskin and Whitney dams, to

Mr. Campbell states the directors passed a resolution urging the Texas members of congress to assist in speeding up reports on this develop-

Manager R. D. Collins reported that the engineers of the U. S. Bureau of Reclamation had completed preliminary surveys on the Bob Baskin dam near Knox City, on the Double Mountain fork of the Brazos. The reclamation bureau is considering this unit as an irrigation project to be sponsored as a part of its program. The Baskin dam would irrigate 40,000 acres in addition to providing flood control.

The Whitney dam, which would be located 38 miles northwest of Waco and 16 miles west of Hillsboro on the Brazos, was given the go ahead signal with an authorization for \$5 million F. F. A. boys Stock Show and rodeo. by congress in the flood control bill

In the present flood control bill be fore congress and already reorted out by the committee, another \$15 million is provided to complete the project. No appropriation, however, is involved and the construction would await the end of the war and formal con-*ressional appropriation

Mr. Campbell says the directors are hopeful of speeding u p reports of the projects but realize the war's demands on the corps of engineers.

The directors formally approved action of the executive committee in reouesting congress that the district be permitted to buy and install its own hydroelectric power machinery at the Whitney dam (to be built by th army) in coordination with the Possum Kingdom dam in Palo Pinto county and other contemplated dama and that the power revenues be made available to the district for operation and financing future units.

The Board members were guests of Brig. Gen. James Bethea, commanding general of McCloskey Hospital, at a luncheon at noon in the patients' mess hall at McCloskey. Following luncheon, the visitors were taken on a tour of the hospital, visiting several orthopedic wards, t h e occupational therapy department, the library, Red Cross building and the brace shop

Cpl. S. P. Woodward Marries Kansas Girl

In an impressive Easter ceremony at the First Christian Church of Scott Kansas, Miss Betty Kitterman of that city became the bride of Cpl. Samuel P. Woodward. Jr.

Cpl. Woodward is the son of Mr. and Mrs. S. P. Woodward of Know City and is stationed at the Garden City Air Field in Kansas Miss Kitterman is the daughter of Mr. and Mrs. Paul Kitterman, a prominent Kansas family.

Mr. and Mrs. S. P. Woodward attended the wedding of their son and were guests at a reception following

Cpl. Woodward was attended by Pvt. Earl D. Stephenson of Anson, who is also stationed at Garden City.

SINGING CONVENTION TO BE HELD AT O'BRIEN MAY 7

Tuberculosis May Be Avoided If Care Taken Following Exposure

Speaking of the susceptibility of hildren to tuberculosis, Dr. Geo. W. Cox, State Health Officer, said today that few people realize that babies and young children are very likely to be me infected with tuberculosis if they are kept in rooms with persons who have the disease, use the same lishes, sleep in the same beds, or are handled and kissed by persons who have tuberculosis.

"Babies and young children pick up the germs of tuberculosis just as readily as they pick up the germs of measles or whooping cough, or of any other of the so-called children's diseases," Dr. Cox said. "But tuberculosis, unlike most diseases, has more than one form. Babies who get tuberculosis may not show the symptoms we associate with the disease in older persons. But the disease in most cases develops rapidly and is likely to end fatally. Tuberculosis in babies a n d young children is a very serious mater, aithough recent studies have proved that if young children are removed promptly from contact with the disease and given the necessary care. many lives can be saved."

Dr. Cox said that if the presence of tuberculosis is recognized in its early stages and if medical attention is secured promptly, a great deal can be accomplished whenever the disease develops, whether in young or old.

"Tuberculosis doesn't just simply happen. Nobody is born with the disease. Everybody who develops tuber culosis gets if from some other source. and children and young people who have been in contact with nersons having tuber ulosis are especially like ly to contract it.

RAILROADS HAVE DONE GOOD JOB MOVING SUPPLIES

Charles H. Mayo, Rochester, N. Y. General Traffic Manager of the Eastman Kodak Co., recently made the ollowing statement over the radio:

"I think the railroads have done magnificient job in this war, both n handling the direct war load and in moving civilian traffic. Ever since the war began, the railroads have alwavs managed to pick up the loads as they come along, and to move traffic smoothly and without interruption. Perhaps the most amazing part of it all is that they have met all the demands for transportation service with very little more equipment than they had when the war began."

Mr. and Mrs. Ulric Lea and James Arrel

CLUB IN MEETING APR. 6

The Sunset Home Demonstration Club met Thursday afternoon, April 6, at 2:30 in the home of Mrs. T. Partridge, with the president in the chair. After a business session, Miss King gave a demonstration of cheesy making. After this she gave a talk on caring for cows and milk utensils in order to have the milk sanitary.

The agent also gave a lecture on production of garden produce, testing

Refreshments of white and yellow cake, sandwiches and punch were en joyed by 11 old members and 2 new ones, one visitor and the agent.

The next meeting will be April 20 in the home of Mrs. H. R. Hicks at which time Mr. Dunkle will speak to the club on production.

Some of the folks who can't manige their own affairs can tell how the world should be reformed after the war.

Not so many politicians now can show hands that a re calloused by hard toil, but some of them get lame arms shaking hands with the people.

The people are urged to stay on the job. Some follow that advice by lying down on it

Mrs. C. C. Coates left Thursday fo Corpus Christi to visit Mrs. John Coates and family.

Although the cost of living is high, there is plenty of advice to be had without charge.

It is said many people have stopped thinking. At least they keep on eating

Health Officer Warns

Of Seasonal Danger

To Measles Epidemic

Commenting on the seasonal rise in

the incidence of measles, Dr. Geor W.

Cox, State Health Officer, said today that the treachery of this disease

"Measles is a dangerous, widespread

and highly contagious disease, a h d

with various complications results in

more than 10.000 deaths every year

among very young children," Dr. Cox

sald. "It is impossible to foretell at

the onset of measles just how serious

The first signs of this disease, ac

cording to the State Health Officer,

cough. It is most contagious at this

point and can be readily spread by

sneezing. About the second day fever

is present a n d often a tender sore

throat; on about the fourth day a red

Contrary to a widespread belief, it

is not "bettter for a child to have the

mensles early in life and get it over

with." Statistics show that nine-tenths

of all measles deaths occur in children under 5 years of age, and that the

older a child is the less he is likely

to suffer a severe, or fatal, attack of

this disease. It is obvious, therefore,

that a baby, or very young child, must

the attack will prove to be."

should be recognized by all parents.

w church in A. D. 33. Why has it imple? What did they do? The outstanding feature is that it was the only one that Christ established. The apostles and disciples were true folowers of the Lord. They were all working for the same end, the spread of the gospel to people who did not

They worked together in oneness (Acts 2:42). They lived and preached Mt. 28:18-20 and Mk. 16:15-16. Peter expressed the same thought as Christ when he said, "-repent and be baptized for the remission of sins, (Acts 2:38). The church, being built upon this word of truth, could not be teaching error. The church of the First Born was begun on that day and is still in existence.
