HERE TO LOAD CATTLE AT THE SMITH RANCH west of Knox City was this group of workers for the West Texas Rehabilitation Center in Abilene. The donated cattle, along with three Shetland ponies were for the Cattlemen's Round-Up for Crippled Children. Pictured seated is James McBryde of Abilene. Others from left, are W.K. Wiggins of Abilene, Lee Smith, ranch owner and chairman for the Cattlemen's Round-Up since its beginning 16 years ago, and Ray Peoples, also of Abilene.

Area Donations Go To Rehab Center

Shelly V. Smith, executive director of the West Texas Rehabilitation Center in Abilene, was elated with the outcome of the 16th annual Cattlemen's Round-Up for Crippled Children's cattle sale in Abilene Monday of this week.

The almost-perfect weather combined with the Bicentennial atmosphere probably accounted for the record-breaking sale which totaled \$107,249.66 with \$66,937 coming from cattle and \$40,312.66 received in cash donations, officials explained. This was the first time for the cattle auction to exceed \$100,000. Last year's total had been a record with \$97,413.50 with sales and cash donations.

Also, the extra money to benefit the Rehab Center was attributed to more cattle - 319 donated - and the fact that cattle market prices were

about a nickel higher across the board this year.

Area residents also played a big part in the donations for the Center. James McBryde, a native of Abilene who has been employed by the Rehab Center for the past 16 years, was here Sunday to load the cattle at the Lee Smith ranch west of Knox City and expressed the Center's appreciation to Smith for the invaluable work that he has done during the 16 years that he (Smith) has served as an area Round-Up chairman. McBryde explained that if everyone took the time and interest to help as Smith did, the Center would never have any financial trouble. McBryde, who is married and has two girls, Angela 8 and Misty 3, is shop foreman at the Rehab Center and is in charge of all equipment which includes construction of adaptive appliances, wheelchair evaluations, and also is in charge of all rolling equipment that belongs to the Center. Here to assist in loading were W.K. Wiggins, a volunteer worker who is self-employed, and Ray Peoples, employed by the Center for the past two and one-half years as shop assistant and is in charge of signs and lettering.

Cash donations from area residents included Mr. and Mrs. Lewis Kay of O'Brien, Mr. and Mrs. Floyd Bowman of Munday, and Ozelle Stephens, Selma Word, and Mamie J. Watson, all of Knox City.

Cattle were donated by J.C. (Togo) Moorhouse, who is also a Round-Up chairman, 2; Don Bowman of Weinert, 2;

Bateman Trust of Knox City, 1; J.C. McGee, 1; Mr. and Mrs. Grady Ellis of O'Brien, 1; Mr. and Mrs. Lee Smith, 3; David and Dustin Bradley, sons of Mr. and Mrs. Max Bradley, 2 Shetland ponies; and T.H. "Doc" Clark, one Shetland pony.

With the Rehab cattle sale concluded, Rehab officials will now concentrate their energies toward the horse sale. A sheep and goat auction will be the third phase of the CRCC at Eastland October 7, and a special farm equipment auction to benefit the Center will be November 8 in Lawn. For the first time, there will be a special used car sale October 31 at Abilene Auto Auction, and also in the making is a cotton round-up for crippled children.

Hounds Fall To Quanah

The Knox City Greyhounds fell to the Quanah Indians in Quanah Friday night, 21-0. A series of turnovers by the Hounds and the injury of quarterback Jimmy Don Moore in the first half boosted the Indians in their three scores of the night.

The Hounds fumbled on the sixth play of their first possession, leaving Quanah on their own 33 yard line. The next Greyhound fumble left the Indians on the KC 45. The Greyhound defense was able to hold the Indians away from the goal line on both of these possessions.

Another fumble by the Hounds occurred on their next series setting Quanah up at the 21 yard line. On the fourth play by the Indians Jesse Jalamo went in for the touchdown and Chris Christopher followed with two extra points.

On the first play from scrimmage after the kick, the Hounds once again fumbled and Quanah recovered on the KC 28. Again, the Greyhound defense held the Indians and the ball went over the Hounds. On the Greyhounds' third down the Indians intercepted a Hound pass and

Postal Complaints May Be Registered

A nationwide Consumer Service Program designed to improve and broaden the quality of mail service was announced today by Postmaster Jeff Graham.

Beginning September 15, the U.S. Postal Service introduced a program at the Knox City Post Office and other offices across the nation to encourage mail users to register problems they may have with their mail service.

At the core of the program is a consumer service card, through which problems are identified and which postal managers attempt to expeditiously resolve.

The Consumer Service Program reflects Postmaster General Benjamin F. Bailar's determination that mail services to the public will be "friendly, courteous and efficient, as well as speedy and reliable."

"Good service is a far broader concept than just fast mail handling, as important as that is," the Postmaster General says. "It is also built on employee courtesy, our responsiveness to customer needs, the sympathy and understanding we bring to your own expectations of what good postal service is all about."

Postmaster Graham urged customers in Knox City to bring their inquiries and complaints to the attention of postal managers. And if persons feel their problems have not been properly handled, the Postmaster said, they should see him personally.

began their play from the Greyhound 11. Tod Melton made six points for the Indians with 8:50 left in the second quarter, and an extra point kick moved the score 15-0 for Quanah.

The Indians' last score came with 4:02 remaining in the half when Christopher ran in from the three for another six points. The extra point attempt failed.

The Hounds were able to keep the Indians scoreless in the second half. Jimmy Albus covered a Quanah fumble in the fourth quarter.

The game ended with the ball in the Greyhounds' position.

Greyhound quarterbacks hit 4 of 5 passes for two yards.

Greyhound rushing totaled 160, with Charlie Flye gaining 120 of these.

The Hounds now hold a 3-1 season record, and Quanah moved up to a 2-1-1 record.

Knox County Budget Approved For 1976

On September 8, 1975 the Knox County Commissioners Court held an open hearing on the budget of Knox County Funds for the fiscal year 1976. A budget was adopted on this date with total expenditures of \$429,359, an increase of 5% over the 1975 year budget of \$407,783.

The Federal Revenue Sharing Fund Budget was reduced from \$98,042 in 1975 to \$95,864 for 1976, due to a reduction in funds received from the Federal Government.

The Commissioners Court voted unanimously to maintain the same tax rate for Knox County that was in effect last year, that being

\$1.25 per hundred dollar of valuation, based on 23% of market value.

The Knox County Hospital District increased its tax rate fifteen cents this year from 50 cents to 65 cents. The State of Texas property tax was reduced five cents from 17 cents to 12 cents.

The financial condition of Knox County is sound at this time with a total bonded indebtedness of \$35,674, which is due to be retired by 1981, according to County Judge Sam E. Clonts.

SOCIAL SECURITY

People getting monthly social security payments should notify the Social Security Administration now if they plan to move soon, according to Carl R. Beisner of the Vernon social security office.

Prompt notice will help assure delivery of your social security check to your new address without delay or interruption.

A move can be reported on the change-of-address form printed on the back of the envelope in which the social security check is delivered. "Or you can call, write, or visit any social security office," Mr. Beisner said.

The report should include both your old and new address—including ZIP codes—as well as the social security claim number that appears on your social security checks.

Social security pays over \$5 billion a month in retirement, disability, and survivors benefits to over 31 million people. The Vernon social security office is at 1701 Cumberland (the corner of Peace and Cumberland). The phone number is 817-5529346 (in Childress use Enterprise 6-5013).

Farm-Ranch News

BY HERMAN COLLIER

Cattlemen in Texas as well as those in many other states market most of their calves during the late summer and fall. But there may be some changes this year, says a livestock marketing specialist for the Texas Agricultural Extension Service. Since calving was delayed somewhat this spring, calves may be marketed later than usual. Calf weights are generally lighter this year due to late spring rains, so producers may also hold them longer for further gains. Forage conditions are generally good at present so cattlemen do not have the incentive to market. If ranges and pastures hold up well and low prices continue, there may be further delays in marketing.

KALE FOR FALL GARDENS

If you want to keep your family supplied with a nutritious, leafy green vegetable all winter, try planting kale in your fall garden.

Kale, sometimes called borecole, is a biennial vegetable similar to cabbage or collards.

The nutritional value of Kale is higher than that of many other vegetables because it contains a form of calcium that is more easily broken down in the human digestive system. The calcium contained in chards, spinach, and beet greens is non-usuable in human nutrition.

Common home garden varieties are Improved Siberian and Dwarf Blue Curled.

Plant kale one-half inch deep in rows 36 inches apart with individual plants about two inches apart. Plant a 5-to-10 foot row of kale for each person in the family.

As the plants begin to grow, thin them by pulling out every other plant. These thinnings can be eaten. This will leave about four inches between plants. Wait until the plants begin to touch

Local Woman's Brother Dies

Funeral services were held Saturday, September 27, at 2:30 p.m. in Richard's Funeral Chapel in Whitesboro for Johnnie M. Dunnam. Cecil Allen, minister of the Whitesboro Church of Christ officiated, with burial in Whitesboro Cemetery.

Mr. Dunnam, 71, was born near Guten, Texas August 7, 1904. He married Modell Herring in 1937 in Rochester and had been a resident of Whitesboro for twenty years. He was a member of the Church of Christ and a retired butcher.

Mr. Dunnam was a brother of Mrs. Edna Large of Knox City. Other survivors include his wife Modell, of Whitesboro; his mother, Mattie Dunnam of Tioga; one son, Billy of Whitesboro; three daughters, Nelda Aikman of Whitesboro, Silvia Gwodman of Portland, and Glenda Hanies of Sherman; three brothers, Floyd Dunnam of West Plains, Missouri, Lealand of Arroya Grande, California, and Audie of Tioga; two sisters, other than Mrs. Large, Thelma Pierson of Houston and Virginia Price of Dallas, and six grandchildren.

again, then repeat the thinning process. Do this until there is about 12-16 inches between plants.

"True" harvesting begins about two months after planting. This is done by pulling off one or more leaves from each plant. Never harvest more than one-third of the top growth from a single plant.

Benjamin Telephone Rates Increase

New telephone rates for the city of Benjamin customers were approved September 11, 1975 by the Benjamin City Council and will become effective with the October 1 telephone bills.

G.F. Kehoe, Customer Service Manager, said the new rates are necessary because of steadily increasing operating expenses and taxes along with major investments in new facilities. He also pointed out that until now the company has been able to absorb most of the inflationary cost of doing business for the past few years by technological improvements and greater operating efficiencies.

"In order to expand and improve telephone service, we must earn a fair and adequate return on the capital already invested in order to attract new investors," he said. "Good earnings and good service are inseparable. No business can succeed in meeting the expanding needs of its customers without good earnings to finance its ability to meet those expanded needs."

FROM SNYDER

Temi Baker, student at Western Texas College in Snyder, visited here over the weekend with her parents, Mr. and Mrs. Bill Baker.
