Freight Rate Is Lowered

Word was received from the State Railroad Commission by County Judge E. L. Covey that the reduction on freight rates asked by Knox County had been granted and that the rate went into effect October 15, and extends to April 30. This reduction was asked on account of the drouth this fall and the short feed crop. Many farmers in Knox county will have to ship feed for their stock this winter because the dry weather did not permit them to raise enough feed for their stock through the winter months.

KNOX CITY GIRLS ELECTED MEMBERS OF CLUB

RED CROSS PREPARES FOR ANNUAL ROLL CALL

The American Red Cross is to begin its 23rd Annual Roll Call, which lasts from November 11 to November 30.

The appeal this year is for a million more members, according to Mrs. D. J. Brookerson, County Red Cross Chairman. After 21 years of peace, Europe's great powers are again at war. Unconcerned with the origin of this conflict, the American Red Cross is pursuing the duties set down by the Treaty of Geneva. That obligation is to relieve human suffering, impartially, in all nations.

The seven chapters of the Red Cross in Knox County are already making preparations for the greatest roll call drive ever held here. Workers are volunteering in each community.

"Our county has never failed to respond to the Red Cross call for assistance," stated Mrs. Brookerson, "and for this reason I feel confident that we shall enroll our share of the million more members. Join through your local chapter between Armistice Day and Nov. 30th."

Each class has elected its queen, and the one who has the most votes or pennies in her box will be crowned "Queen of Sunset."

The Seniors elected LaVerne Bumpas queen, and Juanita Hunter duchess. The Juniors elected Jane McLeroy queen; the Sophomores Wynell Lowry and the Freshmen Gena Beth Griffith. Everyone is going to work hard, and nobody will know who wins until the night of the carnival. Be sure you are present to see the blushing "Queen of Sunset."

Seniors Receive Rings

On Monday afternoon the Seniors were overjoyed to learn that their rings had arrived. After the rings were received, the Seniors did no more work that day, for they spent the rest of the day examining the rings.

Everyone is pleased with the rings and are proud of the honor of wearing them.

Volleyball Started

The Sunset girls have finally started playing volleyball. As yet they have not elected a captain, but they anticipate electing the girl who works hardest and who is most capable for the role.

With Miss Phillips as coach we are certain that the girls will strive to be better players. We think that Sunset will put another good team out this year and we know our opponents will have an extremely difficult job ahead.

On the March With the Band

Saturday, October 14, the high school band, under the direction of Mr. J. Bud Farrar, held its fourth rummage sale and took in \$17.85. These sales are being held to help pay for the band uniforms. If anyone has any garbage they would give, some band members will be around to collect it this week.

Having had the measurements taken for the uniforms last Monday, they will arrive about November 9, in time for a trip on Armistice.

The band is planning a trip to Haskell during the fair, provided the band shows sufficient progress. This will be the first trip of the year, but far from the last.

Kennel Comments

It seems to be the habit of some of the younger crowd to grow the misplaced eyebrow. Is it really for a play, or so they will not look like spring chickens?

was born November 1, 1922, at Dallas. When she was very small, her parents moved to Haskell county. At the age of seven she enrolled at Cliff, where she went until her debut at Sunset in 1935.

When in grade school, LaVerne was on the basketball team. Since entering high school she has taken an active part in basketball, baseball and volleyball. Her favorite sport is basketball; her color is blue; her study is Homemaking; her favorite song is Sweet Little Headache, and her hobby is writing letters.

LaVerne is five feet and three inches tall, weighs 110 pounds, has brown eyes and—is it red hair?

We are very glad to have LaVerne as one of our classmates and we hope that she makes good in whatever she undertakes to do in her future years. —Juanita Hunter.

All of you new students who are reading this column for the first time are asked to pay no attention to it, for it really amounts to nothing.

Members of the Greyhound Band will crawl into their cars Wednesday and there will be no looking back until the village of Haskell is reached, for the musicians are "fair bound." It is an even wager that none will come back as spirited and peppy as when he leaves. It all goes back to the old adage (except revised) "while the mice are away, they will play."

You must all be brimming over with curiosity concerning the happenings of the two picnics Friday night, the Senior "stew" and the Sophomore "hash."

The Seniors stew must have been the best yet if reports can be depended upon. All who went returned tired but happy with a tale of games played in the thorns and cactus of someone's pasture, to say nothing of the soup and crackers.

For all of you who have not been informed, let it be said that the Sophs had equally as good a time as the Seniors.

Next week we will be able to bring to you an account of the stupendous band juant. One day is one day, you know, and bandsters will be bandsters. So long!

Who's Who in the Senior Class

Odell Carver was born at Knox City on July 25, 1920. He

attended grammar school at Union Grove and, upon finishing the seventh grade, entered school at Knox City.

Some of his favorites are: song, "Sunrise Serenade"; hobby, traveling; color, red; pastime, dancing; sport, football; subject, band; dislike, reckless driving.

Odell is five feet and ten inches tall, has blue eyes and black hair. He plays a snare drum in the Greyhound band and is especially noted for his capers in the "Beer Barrel Polka."

If you see a pair of red and green boots walking around you can be sure it is Odell. He has a way of winning friends and is liked very much by his associates.

Juniors Plan Entertainment

The Juniors worked very hard last week because it was the end of the first six weeks work. They believe that after a hard week of work they should take time out for some fun, so they have planned a party for Friday night, October 20.

The Juniors wanted to be different, so they decided to have their party a different kind from the usual party. It will be held in the gymnasium and everybody will wear tennis shoes and play games in the gym. Some of the games will be volleyball and relay races.

This is going to be strictly a Junior affair.

Seniors Present New Electric Globe to School

The Seniors received for their ring contract this year a beautifully illuminated globe which they presented to the school last week.

Seniors this year and for the next few years, who make an average of 90 in everything, will have their names engraved on the sunray band around the globe. The globe will be a permanent possession of the school, as are the citizenship cups.

It is hoped that at least names will be placed on the globe this year. At least that is the goal of the Senior class.

Bible School at usual hours at Knox City and Benjamin, but no preaching services. The pastor will be at Truscott for the morning services. Churches of this area will hold services with the Rule church at 7:30 in the evening with the Truscott congregation in charge of the program.

The churches of this area met with the Truscott church last Sunday evening. County Judge E. L. Covey spoke to the large audience representing several congregations.

FIRST BAPTIST CHURCH

Anybody can be a bum; it takes real courage to be a Christian. The church and its causes are not only for women and children as some infer. The church appeals to the highest type of manhood. In fact, it takes a lot more manhood to live a consistent Christian life than to live the life of a profligate.

The Sunday morning service at the First Baptist church will be especially for men. In our Brotherhood Meeting Tuesday night it was voted to make each fourth Sunday a special day for men. On this day we urge men to come to Sunday School and church. The special message to men this Sunday will be, "Going Deeper With God." The special urge is for laymen to show their colors this coming Sunday. Support with your presence the one institution that exists solely for the purpose of bettering humanity around the world.

CITIZENS SUPPORT NEEDED BY LOCAL FIRE DEPARTMENT

The Knox City Volunteer Fire Department is equal to any and far surpasses many in the small cities of Texas. Of this fact, the citizens are boastful and proud and are quick to tell people of other cities about it, but not so ready to let the members composing the department know that they appreciate their good work.

As a general rule, the people of Knox City are eager to respond to any worthy cause, but in the case of our volunteer fire department they have been slow to respond as they should. We feel sure that after their attention has been called to this fact, that they will be more interested and more generous and will be anxious to do everything possible for the advancement of the department and really show the men who compose the department that they fully appreciate their efforts.

If our people could only be made to realize the importance of a fire department, probably things would be different. Surely, they should realize that above everything else, a fire department is needed. Sometimes trouble at home wakens one up to the need of anything. Therefore, a fire which threatens to destroy your home and possessions might wake you up to the fact that a good fire department is a mighty good thing to have and should have your support and cooperation.

The boys of the Knox City Volunteer Fire Department volunteer their work; they face death every time there is a fire, with no thought of remuneration — they fight hard to save your property. Would it be asking too much of you to support them when they are in need of a little assistance? They seldom ask for help, but there comes a time when they need it and the public should gladly respond to the call. May it never be brought to our attention again that Knox City people are neglecting to support or cooperate with their volunteer fire department.

M. and Mrs. J. W. Holmes and Mr. and Mrs. Irwin Hall of Seymour were visiting Mr. and Mrs. Clyde Goodrich Sunday evening. Mrs. Holmes and Mrs. Goodrich are sisters.
