ORGANIZED IN 1906

SCHOOL NOW CLASSED AS A-1

In April 1906, the Commissioners' Court, consisting of W. S. Moore, County Judge, S. L. Hefner, J. W. Smith and J. H. Stewart Commissioners, convened in special session and created Union Grove school district number 13. The district is about three and one half miles west of Knox City, and about fifteen miles southwest of Benjamin, county seat of Knox county.

The first school house was located on A. L. Lea's land and was known as the "Reader school." This building was used several years and then bought by A. L. Lea. To accommodate more people the next building was located where the present building now stands. The house was sold for by public subscription, and was built on land deeded to the school by A. L. Lea. In 1917 bonds in the amount of \$3,000 were sold to build a new house. Additional bonds were sold in 1923 to build a third room.

The first board of trustees was organized in 1906, consisting of A. L. Lea, C. G. Carpenter, and C. D. Southall. Some of the first teachers were Mr. Dykes, Roy Butler and Misses Bell Phillips and Mervin Eggert.

The community has always been willing to carry its part of the educational cast, as is seen by the fact that the tax rate has been increased to the constitutional limit of one dollar per hundred dollars. In keeping with the spirit of progress the people of the community have always been ready to sponsor any educational movement and have encouraged the pupils to take places in Inter-scholastic League work. For a number of years the school has met the requirements for State Aid, and now rates as an A-1 rural school. For the past three years the school made the highest number of points in Inter-scholastic League Contests of all rural schools in the county.

There are several pioneers living in the community: Messrs J. S. Wilson, A. L. Lea, Robert Pannell, J. P. Henderson, R. T. Varnum, E. L. Hendon and Fred Padworth.

Messrs J. S. Wilson, R. K. Merdayer, and W. H. Cornet are serving their 4th, 3rd, and 2nd consecutive terms respectively as members of the board.

The school is under the direction of Mrs. E. P. Branton, who is now teaching her ninth consecutive term in the school. Misses Bobbie Pannell who is teaching her second term; and Lucille Land who is principal of the Mexican school. This school is located on the Burnett Ranch and is under supervision of the Union Grove board of trustees.

Another story of present enrollment in the Herald next week. Watch for it.

JUNIOR B. Y. P. U. PROGRAM

Topic: The Heroine of Aya

- 1. First Missionaries—Curtis Herring
- 2. Ann Hasseltine's Conversion—Clyden Smith
- 3. Ann Marries Adoniram Judson—Jerald D. Horton
- 4. They Land in India—Billie Favor
- 5. Back to America—Carl Holland
- 6. Adoniram Judson a Prisoner—Truett Stovall
- 7. The Heroine of Aya—Juanita Herring
- 8. The Death of Ann—Kenneth Herring

Every Junior please be present Sunday night for this interesting program. Let's have a 100 percent attendance.

FOOTBALL BOYS WIN OVER BOMERTON AND ROCHESTER

Last Thursday afternoon, the second football team of the Knox City school played here against Bomerton. The score was greatly in favor of the home team however, it being the first time the Bomerton school has played football, it could hardly be expected that they should win.

Friday afternoon the first team of the Knox City school played Rochester here. The score was 25 to 9 favoring the home team. Morris Denton was the star player of the game with his long end runs. Other outstanding players were Charles McBoath.

The next game for the local boys. Friday will be played with

The Prodigal's Return Version By Albert T. Reid

TEXAS COTTON COOPERATIVE ASSOCIATION RECEIVES 400,000 BALES THIS YEAR

That the cotton cooperative marketing movement is sweeping the State of Texas is indicated in deliveries already this year of more than 400,000 bales of cotton, according to Q. C. Davis, Receiving Agent local representative of the Texas Cotton Cooperative Association.

Mr. Davis stated that he had just received word from the State Office of Dallas that the 400,000 bale mark was passed with Monday's receipts, and at the rate deliveries continue to be made from all sections of the State, the half-million bale mark will be reached by October 31. Mr. Davis also stated that similar reports of substantial progress were being received from other cotton cooperative marketing associations throughout the Cotton Belt.

"The bulk of deliveries are now being made to the Seasonal Pool," Mr. Davis said, "through which pooling plan the member receives a final return on the actual grade and staple of cotton delivered by him based on the season's average sale prices for each particular quality. In this manner, he does not receive either the season's high price or the season's low price, but rather the average price throughout the year."

The Association's 90 percent initial advance on the market value of classed cotton continues, it was said. Deliveries to the channels of cooperative marketing this season are already 150,000 bales greater than at any time during the past ten years.

Up to October 23 Knox City has shipped 1300 bales of cotton to the Association.

O'BRIEN SCHOOL NEWS

The school is having a good attendance this week.

The foot ball boys will play Goree Friday night at Goree. We all hope to see a good representation of O'Brien there as this is the first game for the O'Brien team.

The Junior class is planning for a party Friday night.

The girls basket ball club met Monday evening and elected Faye Ricks as their captain and Thelma Rex assistant captain. The team this year is as follows: center, Thelma Rex, and Audie Walsworth, guards Evelyn Smith, Margy Walsworth and Faye Ricks, forwards, Stella Rex, Doris Wood and Jennie West. Miss Faby Nicewarmer is coach and Tom Cunningham is supervisor.

Mrs. J. T. Berryhill has as her guest for this and next week a relative from Fort Worth. It is reported this is the first time the two have seen each other.

Hospital Notes

Mrs. P. B. Baker reports the following in the hospital this week. Miss Wilma Fuller of Rochester, Miss Cryer of Crowell, Mrs. Laura Wall of Munday, Mrs. W. H. Hodge of Knox City, M. P. Hampton of Goree, Joe Simmons of Knox City, Mrs. L. P. Malone of Rule, Bob Ford of Rule, Baby Walker of Knox City.

RALLY MONTH GETS IT START AT THE METHODIST CHURCH

The rally month finally got going at the Methodist church. There was a surprisingly good attendance at all services Sunday in spite of the weather. A number of new pupils were reported at Sunday School. We were glad to have these, and an invitation is extended to all not attending elsewhere to come. There will be a class for everyone, and a welcome.

This call of the church to rally should have a special appeal to the memberships. Many are responding are you? "If every member of my church were just like me, what sort of a church would my church be?" If the work of your church depended on you, just what then would your church do?

The gas is connected. The stove will be going Sunday if they are needed. Your body will be as comfortable at church as it will be at home, and your conscience will be more so. Come, your church needs you, and you need it.

J. C. Mann

MISS JACQUIN REESE SURPRISED WITH PARTY

Monday night Miss Jacquin Reese was surprised with a party honoring her birthday and given in the home of Miss Mary Eliza Clark.

Nothing but girls were admitted. The first of the evening was spent playing interesting games, among which were "The Cook Who Doesn't Like Peas." Several stunts were pulled and many jokes given to Jacquin. Miss Hazel Jones read the diary of the honoree which came to an end in 1929, the details of which caused much fun for the girls. Miss Bernice gave a clever toast to Jacquin following which refreshments of sandwiches, chicken salad, potato chips, olives and hot chocolate were served. The Halloween scheme was used throughout the evening.

Those present were Misses Jacquin Reese, Hazel Jones, Sylvia Edwards, Hazel Potter, Bernice Rainey, Elizabeth Griffith and the hostess, Mary Eliza Clark.

Miss Reese received a number of unique gifts.

MR. CRADDOCK CELEBRATES 60th BIRTHDAY

Sunday Mr. D. H. Craddock was greatly enjoying his 60th birthday at his home when to his surprise came in all his children. Well, right there a reunion was had with the dinner being furnished by all those children who gave their dad a surprise. Thirty or more were present which included relatives from close around Knox City, Mr. and Mrs. Tom Webb of Goree and Mrs. Ables and Doc Rose.

SINGING CONVENTION HERE SUNDAY

The Knox County Singing Convention will meet at the Baptist church Sunday, October 26th at 2:30. All lovers of good singing come and let us have a real song feast.

Miss Cryer of Crowell, former teacher in the Knox City school is here in the Hospital.

OFFICERS INSTALLED

In spite of the rain last Sunday, the Glad Hand Class of the Baptist Church can report a very large attendance, and a very interesting meeting. After a rising vote of thanks to the retiring officers, the new officers took their respective places, following a very impressive installation ceremony led by Uncle Joe Smith. We are beginning a new year's work and we wish everyone who should be in our class would come you are missing a lot when you don't.

—Reporter

COUPLES CLASS ELECTS NEW OFFICERS

Sunday morning preceding the lesson for the hour officers for the ensuing year were elected in the Couples Class of the Methodist Sunday School. They were as follows:

President, Ed Shaver
Vice President Mr. Woodward
Secretary and T. Mrs. John Smith
Assistant S. and T. Mrs. Earl Pen-dict

Social committee, Mrs. Ables, Mrs. Willis and Mrs. Tom Bolla
First Assistant teacher, Mr. E. O. Jamison

Second assistant teacher, J. M. Waller.

Mrs. Sweeney is teacher of the class having acted in that capacity since she came to Knox City, September one year ago.

The class has increased its membership to several times in number within the year and the spirit of Christian Fellowship has dominated, making the association together pleasant as well as profitable to all members.

LITTLE MISS HITCHCOCK HAS BIRTHDAY PARTY

Last Friday afternoon Little Miss Myra Jean Hitchcock celebrated her birthday with a party. After her guests for the afternoon had registered and various games were played on the lawn the little folks were invited into the dining room and circled around the table where dainty pink and orchid decorations made the table beautiful to the children. The table was centered with a huge cake topped with six pink candles, all burning Grape punch, the birthday cake and popcorn were served to the following little guests, Rufus White, Lura Ben Ward, Milton Gene Bradberry, Barbara Joe Stevenson, Billie and Wanda Joyce Milford, Doris Clonts, Mickie Sweeney, Gerald Averitt, Jean Ann Smith, Betty Ann Favors, J. C. Mann Jr. Ray and Wayne Eads, Virginia Warren and the hostess.

Myra Jean received many nice little gifts.

ROY SMITH HAS GUN ACCIDENT

Monday afternoon while examining a gun which had been used by some boys and returned with a cartridge hung, Mr. Smith pulled the trigger and shot a hole in the roof of Jamison Clont's hardware. Men in the hardware were scared most to death however no other damages were made.

Jim Stevenson visited recently in Fort Worth, Dallas, Denton, Temple and San Antonio and upon arriving in Knox City again says this is the best place he saw in his round. He was "hit up" quite a few times for a meal or a bed which condition is not so common in our own country.

MICKIE SAYS—

FELLERS, THE TIME HAS COME FOR ALL GOOD MEN TO COME TO THE AID OF THEIR PAPER. YOU CAN BRING IT, SEND IT OR MAIL IT, AND IT CAN BE GOLD SILVER, PAPER, CHECK, MONEY ORDER, EXPRESS ORDER OR DRAFT—ALL WE WANT IS THE \$\$\$\$\$\$\$\$ WE HAVE EARNED!

What Will you do

When your Children Cry for It

There is hardly a household that hasn't heard of Castoria. At least five million homes are never without it. If there are children in your family, there's almost daily need of its comfort. And any night may find you very thankful there's a bottle in the house. Just a few drops, and that colic or constipation is relieved, a baby's nervous system is soothed, a baby's rumbling stomach, for young folks, Castoria is about the only thing you have ever heard doctors advise giving to infants. Stronger medicines are dangerous to a tiny baby, however harmless they may be to grown-ups. Good old Castoria! Remember the name, and remember to buy it. It may spare you a sleepless, anxious night. It is always ready, always safe to use, in emergencies, or for everyday ailments. Any hour of the day or night that baby becomes fretful, or restless, Castoria will never more popular with mothers than it is today. Every drugstore has it.

TOLD HE MUST DIE MAN FINDS LIFE IN CRAZY WATER

Deputy Sheriff Wants World To Know His Crazy Story

In the year of 1925 I was living at Altus, Okla. I was confined to my bed with a complication of diseases. It was diagnosed by different ones as British's disease, Paralysis, Neuritis, Rheumatism, and a dead liver. When it was decided to take me to Mineral Wells, the doctors did not believe that I would live to get there, and the doctors in Mineral Wells when I arrived did not think that there was any chance for me to recover.

I drank Crazy Water for four months and was, so far as I can tell, completely well. I gained 94 pounds in weight, and took a job as deputy sheriff which necessitated my being on my feet from eight to twelve hours every day, and oftentimes doing a lot of night work.

Crazy Water certainly pulled me out of the grave.

Geo. Hensley, Granite, Okla. Adv.

Mrs. Sam Favor and Mrs. J. V. Jones entertained the members of the 42 club and their husbands last Friday night in the home of Mrs. Favor. Six tables of players enjoyed the games, after which a salad course was served.

E. O. Nations and family returned home last Thursday from their trip into Arkansas, Missouri and Oklahoma. S. O. says they found plenty of water there, traveling two and one-half days in the train.

Mrs. M. D. Metts spent the past week end with relatives in Munday. What sort of rib is the least valuable? The spare rib. H. E. Wall made a business trip to Webster Wednesday. Mother Branton is still reported as being seriously ill.

What is the best land for children? Happyland.

Miss Pauline Benton of Abilene spent the week end here with her parents.

Little Miss Mary Jean Fortenberry was reported in the first of the week.

Why does a man's hair turn gray before his moustache? Because it is twenty one years older.

S. O. Nations and family spent the week end with relatives in Snyder and Sweetwater.

Lee English, who lives in Gentry Arkansas, is captain of the foot ball team there this year.

Lloyd Davis, Carl Davis, E. B. Denton and Sam Favor were in Haskell Wednesday.

Miss Mozell Stubbs is spending the week in Wichita Falls with Miss Dugwood.

Miss Lula Pearl Puckett and Miss Madeleine Moorehouse were among those from Knox City who attended the Queen's Ball at the Fair in Haskell last Thursday night.

Mr. and Mrs. W. E. Watkins of Rochester spent Monday and Tuesday with their daughter, at a high society.

The American Legion and the Auxiliary met in joint meeting Monday night. Following the business refreshments were served.

Mr. and Mrs. Pete Stoker of Graham are here this week to see his parents. They are also visiting her parents in Gilliland.

Henry White, H. E. Wall, Earl Benedict, A. E. Frazier and they Shaw were in Benjamin Thursday courtier.

WICHITA MAN TALKS ABOUT TROUBLE

Lost Steadily and Could Not Find Her Yet Every Sign of Indigestion Is Gone After Taking Argotane

The remarkable experience of C. N. Ritter, residing at 2162 Kemp Blvd. is another striking evidence of the extra ordinary merits of Argotane. In speaking of his long time suffering from indigestion and headaches and subsequent relief, Mr. Ritter said:

"I am telling all my friends about Argotane and all of my family are taking it after seeing what it has done for me."

My trouble has been growing worse instead of better all the time," he continued. It has almost been impossible for me to eat a meal without suffering from gas and sour stomach afterwards. I began losing weight and have fallen off until I only weighed one hundred pounds, away below my weight and could not find anything to relieve my pain or build me up.

"After I had suffered month after month without getting any better, some one gave me a statement on Argotane that convinced me and I started taking it. As I have said before, I have gained in health and strength and I haven't felt a sign of the old indigestion trouble since. I have taken Argotane only a few weeks so far, but from the way I jumped already I am glad to recommend it to everybody."

Genuine Argotane may be bought in Knox City at the Orient Drug Store.

Mrs. Roy Baker of Rochester visited in Knox City Monday.

LEGION TO ASK FOR REVISION OF HISTORIES

By Byron C. Utecht

AUSTIN, Oct. 17.—Revision of histories studied in Texas schools will be asked by the executive committee of the Texas American Legion so that students may learn what a part the Thirty-sixth and Ninetieth Divisions took in the World War. A meeting of the committee will be held here Sunday, Robert Whitaker state adjutant, announced, with Hal Brennan of Laredo, newly elected state commander, presiding. Already the State Board of Education has agreed to demand a revision of geographies so that an accurate picture of Texas shall be presented, but legionnaires say the neglect of Texas' part in the greatest war of all history overshadows the geography complaint.

Four American histories now in use in the schools, one of them being purely a Texas history, merely mention that Texas sent the Thirty-sixth and Ninetieth Divisions across to France. It was pointed out by Whitaker when the former made an outstanding record in the Champagne-Argonne drive and the latter was active at St. Mihiel.

The world almanac says the capture of St. Etienne was one of the greatest events of the war, but neither this book nor any of the Texas histories mentions that it was the Thirty-sixth that captured the town.

"It is high time that the legion should ask some action on the little regard given to Texas troops in histories," Whitaker said, "for only in that way will the people of this State and country learn what our soldiers accomplished in 1918. Units of the Thirty-sixth captured \$16,000,000 in German war supplies at St. Etienne but no history mentions that fact."

"When the One Hundred and Forty-first and One Hundred and Forty-second Infantry Regiments were sent to the front to relieve the exhausted Second Division," commented Thomas D. Barton, "we faced one of the hardest situations of the conflict, admitted by all military leaders. For the German and French armies in that same sector had tried to dislodge each other without success and the Third Division failed as well. Then the Thirty-sixth succeeded but history says it was the Second Division."

Barton, former adjutant general, commanded one of the heroic units at St. Etienne. Of the 800 men who entered with him only 200 remained after the attack, and of 45 line officers only 2 survived. The German line was sent back a total of 25 miles. Practically all of the One Hundred and Forty-second soldiers were from West Texas (mostly the regiment commanded by Col. Alfred W. Brown, Col. Will Jackson commanded the One Hundred and Forty-first).

Neither the Texas school history nor any other gives the name of any Texas officer, the name of Gen. John A. Helen being omitted.

White history is fond of dwelling on the exploit of Sergeant York, a capturing and killing many German soldiers a Texas at "Vigil" says just about equalled his record but gets no mention. "All of this is just a matter of official record easily confirmed," White says, "and since it concerns Texas it is regrettable no Texas history gives to the youth of our State little

recognition. Texas history does justice to our war for independence and the conflict between the States, but there were 200,000 Texans in all branches of service during the World War and their valorous conduct is worthy of the attention of historians.

I am proud to say that I was one of the first to enlist in the Thirty-sixth. And such history writers as these certainly do not give our dead buddies who gave their lives in France and who died to make this history for Texas their just reward. And we Legionnaires should do all we can to have this wrong righted.

Miss Lula Pearl Puckett and Mrs. John Smith spent last Friday afternoon in McCallum where John called a Foot Ball game. Miss M. Collum returned home with them for the week end, returning to Mankato Sunday with Mr. and Mrs. Horton who visited there with relative.

Mr. and Mrs. Underwood and Bert Leaverton went to Bryan for the game Saturday between A. & T. C. U.

You Can Afford to Miss Electric Range Conversions

about 1000 converted electric ranges are available for sale at the same time as the conversion kit for any other additional service used.

You save an electric range use about \$25.00 a month, and under the new rate practically all of this current would come on the lower rate.

In the average five room home, normal use of electric service, without an electric range, water heater or refrigerator, will consume most of the 45 kilowatt-hours at the initial and second rates, after which all service—cooking, lighting, refrigeration, heating, cooking on any other use, will be figured on the de base when you use an electric range or water heater—de what service does not include heating or cooking.

Under the new one-meter rate an electric range will be appreciated more than ever, and it is no longer a luxury.

I have some more important messages for you, so meet me here next

And Remember—You Can Make Your Own Average Rate

ware off.
 The incident took place at Jamison Clonts. Roy Smith, the veteran of whom we speak, evidently had a notion of going duck hunting and just wanted to see if he could shoot a gun before he located the ducks. Well, he shot the gun.

Ed Shaver was present when Roy tried blowing off the top of the hardware and Ed says that it scared him out of 8 years growth. Well, we probably lost quite a bit of height in that scare but we guess he won't miss it very much.

It is reported that Alvis Hamm went duck hunting Monday afternoon and also that he took a firm seat upon the ground upon firing at a duck. Tuesday Alvis was complaining about his right arm being sore. We wonder why?

We are told that Henry Walth made a quick trip to Benjamin Monday, it taking him two hours to drive home.

October 27th is Navy Day, the day in the year which has been set apart to better acquaint the American people with their Navy, its wonderful history, its peacetime missions and its ships and men. It is particularly fitting that the birthday of President Theodore Roosevelt has been designated for annual commemoration as Navy Day, for it was during his administration that the Navy received that impetus which resulted in the United States taking its proper position in the front rank of nations.

In order to fittingly celebrate the occasion, the entire United States Fleet is divided, and ships, singly and in groups, are sent to all seaports. Flags are flown from every mast-head. Parades of bluejackets march the streets ashore. Holiday is declared. All ships are thrown open for inspection by the shareholders, the American people, and the Navy is "at home".

The country wide celebration of Navy Day is under the auspices of that group of patriotic citizens, the

Navy League of the United States, who, with President Roosevelt, believe, "The United States Navy is the surest guarantor of peace, which this country possesses. But the Navy is not only an instrument of war; it is a powerful influence for peace; it is a pioneer in many industrial developments; and its effect is so great that even estimation fails."

October 27th is an appropriate date for Navy Day for another reason for on that date in 1775, the first resolution to authorize American warships was introduced in Continental Congress. Since that time the United States Fleet has had many changes; it has decreased at times and has expanded at times; public opinion and disarmament conferences have resulted in fleet reduction; war have resulted in large building programs but withal, we now have a Navy of which we may well be proud, and we shall retain the firm conviction that regardless of the task set before it, in peace or in war, the Navy will merit the simple praise, well expressed in two words, "Well done."

Mr. and Mrs. Cubine of McLean spent the week end here with her parents, Mr. and Mrs. L. N. Bridges, Miss Parks, who teaches school at Clarendon, accompanied Mr. and Mrs. Cubine here to see her relatives.

A Sunday School study course will begin Monday night at the Methodist church. The book to be studied will be "The Organization and Administration of the Sunday School." The Methodist pastor, Reverend Mann, will teach the course.

Dinner guests of the both Mr. T. P. Fritzell and Mrs. T. P. Fritzell Jr. Sunday were Brother Caudle of Benjamin, D. W. Davis and two sons and Miss Lula Pearl Purkett. Ben says the dinner "sure was good". Mrs. E. M. Smith, formerly Miss Benjamin Moody, has a nine year boy, Jewel Burton. Mr. Smith came Monday from Springfield Colorado to be with his wife and new son.

Venerable Citizen Of San Antonio Tells What Konjola Did In His Stubborn Case

MR. WILLIAM DAVIS

"I was nine years ago that I began having trouble with constipation, indigestion, bloating and poor appetite," said Mr. William Davis, 71, of 732 Rayson avenue, Dallas. "I took several kinds of medicines but nothing did me the good that Konjola did. I had to take laxatives daily and was in constant pain. At times the pain was so severe that I could scarcely bear it. My entire system was run-down."

"I read so much about Konjola that I decided to give it a trial. I stopped and improvement within three days and in three weeks I felt better than I had in years. I am telling all my friends about Konjola and expect to take it until I am free of all ailments."

Konjola has done me much, for thousands when taken regularly over a six to eight week period. It is truly a master medicine for ailments of the stomach, liver, kidneys and bowels, and rheumatism, neuritis, and nervousness.

Konjola is sold in Knox City, at the Orient Drug Store, and by all the best druggists in all towns throughout this entire section.

AMENDMENTS WILL PRODUCE BETTER LAWS AT LESS COST

COLEMAN, Texas, Senator Walter C. Woodward, author of the Constitutional Amendments affecting the terms and salaries of the Legislature, discussed the proposed changes in an address here today. He described the difficulties that are inherent in the present Legislative procedure, and outlined the course of Legislation, showing how the pending Amendments would enable the Legislature to expedite its work and permit interested citizens to be more effectively heard by committees. He said the Amendments would bring about more careful Legislation, prevent numerous special sessions, and reduce the expense of the Legislature. His address, in part, follows:

"Under our present Constitution a regular session of the Legislature may continue twelve months, there being no time limit. The Constitution fixes the per diem of legislators at \$5.00 per day for the first sixty days of a Regular Session and thereafter the pay is reduced to \$2.00 per day. It provides for Special Sessions whenever the Governor sees fit to reconvene the Legislature in Special Session and the per diem of the Legislature is \$5.00 per day.

"The result, or rather the effect under the present Constitution is that Regular Sessions never extend longer than sixty days, except once in a while three or four additional days will be taken by the members in order to wind up pending measures. This means that Special Sessions are frequently called by the Governor and the result is that the Legislature does not conclude its work during the Regular Session but depends upon Special Sessions. Special Sessions are limited to thirty days. In addition to the sixty days which is paid members of the Legislature they now receive twenty cents per mile in going to and returning from each Regular Session and each Special Session when the Special Session is called later than one day after the adjournment of the preceding session.

Under the Amendments it is proposed to have a Regular Session of not to exceed one hundred twenty days; that the first thirty days be devoted to the introduction of bills, acting upon the appointments of the Governor and emergency matters. The following thirty days is devoted to committee hearings during which period the public may keep informed as to what is going on in and about the Legislature and have ample time within which to appear before the various committees and discuss legislative matters and during which period the Press of Texas will have ample opportunity to inform the reading public as to the merits or demerits of pending legislation and during the last sixty days or so much thereof as is necessary, action will be taken upon bills which have been introduced and reported out of Committees. This procedure will permit the Legislature to dispose of the state's business within the one hundred, and twenty day period and would enable the Legislature to dispose of all emergency matters, including the appropriation bill, which has nearly always been passed over to the Special session. It will bring about careful legislation and prevent numerous special sessions and reduce the expense of the Legislature.

One of these amendments increases the per diem from \$5.00 to \$10.00 per day but it decreases the mileage from twenty cents per mile to ten cents per mile. A careful investigation of preceding Legislatures indicates that under the Amendments, although the members pay is increased from \$5.00 to \$10.00 per day not to exceed one hundred and twenty days the reduction in the mileage and the saving of the expenses of Special Sessions will in fact, cost the people less than under the present constitutional provisions. It is a well known fact that members of the Legislature scarcely pay their expenses with the \$5.00 per day now paid and if, while increasing their pay and at the same time reducing mileage and avoiding the necessity of numerous Special Sessions, the state's business can be carried on with approximately the same expense, I see no good reason why the people would object to the amendments, especially in view of benefits the public will receive as a result of dividing the legislative work into sections which will permit a more careful consideration of bills and an opportunity for the people to become informed through the press as to what is going on in and about the Legislature.

Under the present system of legislation, sufficient time is not allowed for committee hearings and it frequently happens that important bills are hurriedly considered and hurriedly passed through both Houses without the public being fully informed as to the merits or demerits. I have experienced an embarrassing situation because of this system. A bill is pending before the Senate and representative citizens from the district want to appear before the committee and discuss the legislation but when they arrive, they are given possibly thirty minutes or may be an hour, when as a matter of fact they should be given two or three or may be six hours in which to present their views and in which others may likewise present their views. The public is becoming more interested in legislative matters, but under present regulations, sufficient time is not allowed in which legislative matters can be discussed and publicity given.

Both of these amendments passed the Senate and the vote was unanimous. So far as I know, practically every newspaper in Texas which has given any attention to these amendments they will have ample opportunity to get information and study proposed legislation, so they can intelligently inform the reading public of what is going on in and about the Legislature.

The proposed amendment in reference to dividing the work into sections is not new nor is it novel; it successfully operates in other states.

These amendments carry a provision whereby the Legislature, if it catches up with its work, may suspend the rule and dispose of measures without having to wait to the end of the period allotted to any particular work.

Under the present system of legislation important measures are introduced, considered by a committee and

passed by both Houses before the general public know what is going on. Under the proposed amendment the public will be given ample opportunity to know what is going on and may then confer with their relatives and thus bring about sane legislation. These amendments should by all means be adopted.

Outstanding features of the new Chevrolet 6-cylinder truck

To every man who buys trucks, there are certain features in the new 1 1/2-ton Chevrolet that recommend it especially for modern hauling.

The rear axle is larger, heavier and more durable. The rear brakes are larger, and all four brakes are completely enclosed. Chevrolet's 50-horsepower valve-in-head six-cylinder engine combines modern performance with unexcelled economy.

Dual wheels, along with six truck-type cord tires, are optional equipment at slight extra cost. In addition, the new heavy-duty truck clutch, the 4-speed transmission and the heavier, stronger frame are factors of outstanding importance to the modern truck user.

Come in today and arrange for a demonstration of the new Chevrolet truck!

Get Your Radiator Cleaned out Before Cold weather comes

We have installed a new machine for cleaning out automobile radiators. 90 percent of "HOT" engines is caused by stopped up radiators. Mud, insects, grass, straws, paper and all other kinds of trash from the streets and highways get into the exposed air cells, virtually stopping them up; and bits of cooked rubber hose, sand and rust flake off into the cooling system and are carried into the small water tubes, thus stopping them up. This naturally results in getting your engine hot which in turn brings about other troubles.

Let us clean out your radiator and prevent your having this trouble, especially before cold weather sets in.

We are also equipped to do first class radiator repair work, testing them with air. Satisfaction guaranteed.
