NUMBER 30

Large Crowd To Attend Election Party

ERNEST THOMPSON

Hon. Joe A. Wheat of Seymour will address the voters of Knox City Saturday night at 8:30 and the public is invited to hear him. Ernest Thompson is making a strenuous campaign and his friends here say he is gaining rapidly since Bill McGraw has become tangled up with W. Lee O'Daniel. Mr. Wheat is chairman of the Thompson club in Baylor county and is said to be a good speaker.

UNION GROVE NEWS

Mr. and Mrs. W. H. Cornett and family had as their guest last week Mr. and Mrs. Gus Schults of Houston. Mr. and Mrs. M. M. Ward of Knox City and Mrs. Inez Wren of Weinert.

Mr. and Mrs. Z. C. Williams and Inaleen spent Sunday afternoon with the Lopers, Kanova is reported ill.

Mrs. W. H. Hodges had as her guest last week her mother of Archer City, and her sister of Idalou, Oklahoma, and Wayne Holland visited his father George Holland.

A number of Union Grove folks attended the Stamford Rodeo the 4th.

Mildred McGee was honored with a birthday party today July 12, a number of friends gathered at her home for ice cream.

Alice Wilson is attending short course at College Station this week.

Mrs. Ulric Lea has returned from a visit with her parents and sister on the plains.

Mrs. Jackson and son and Mrs. J. T. Murdoch and children all of Goree spent Tuesday night with Mr. and Mrs. W. H. Hodges and family.

Mrs. Cornetta's mother spent Tuesday night with her.

Mr. and Mrs. J. C. McGee spent Sunday with her Grandparents in the Sunset Community.

W. J. JONES IMPROVED

The many friends of W. J. Jones will be glad to learn that he is greatly improved after a siege of sickness and pneumonia developing, requiring the services of a trained nurse.

Mr. Jones is the father of Miss Hazel Jones formerly employed by the Heraia, and other children here.

Lloyd Davis was transacting business in Fort Worth the first of the week but he refused to discuss politics with the voters of that section.

JUDGE J. B. STEPHENS

Knox County presents its native son, Judge J. B. Stephens of Benjamin who is a candidate for Associate Justice of the Criminal Court of Appeals. Knox County voters can show their appreciation by going to the polls Saturday, July 23 and vote for this native son.

METHODIST REVIVAL

The Revival is making good progress. Crowds are increasing and interest is gaining.

Rev. Howard Hollowell is doing some good preaching. His messages are clear, forceful, and inspiring. He knows what he wants to say and when he has said it the people know what has been said.

God is blessing those who come to the services.

Tommy Greer is leading the song services and directing the choir in a very fine way. Besides being a good singer he is also a talented violinist. Service will continue through this week and next. It is delightful on the lawn at the evening service.

Group prayer meetings are held at 8:00 p. m. and the evening service at 8:30 p. m.

This revival is in behalf of the interest of yourself and family and the kingdom of God in our community. Our hope of peace, prosperity, happiness, and salvation is in Jesus Christ.

"And while I was busy here and there he was gone."

BOY SCOUT MEETING HELD TUESDAY NIGHT

The Boy Scouts of Troop 101 met Tuesday night and had a good but short meeting, due to the revival at the Methodist church.

The meeting was opened by repeating the scout oath and law, followed by the collection of dues. A talk was given by Doyle Hammons on "Boy Scout Uniforms and the compass" after which Billy Joe Ball gave a talk on the uses of the knife and hatchet. It was decided that the Tenderfoot Scouts go out and pass cooking, fire building and tracking next week for second class rank.

The meeting was adjourned by repeating together the scoutmasters benediction.

A. J. Malouf returned the first of the week from Dallas where he transacted business.

Earl Benedict saw President Roosevelt in Wichita Falls Monday.

Knox County Herald Makes Bid As Countywide Paper

The Knox County Herald is being mailed this week to every poll tax holder in the county. This was a great undertaking and more than forty dollars worth of blank paper goes into this issue. This probably is the first time that a paper in Knox county has been mailed to every voter.

Our main reason for this is to send the message of the various candidates to the voters of the county and in the meantime make a little money for the publisher. We have worked day and night the past week on this issue and hope the

public will appreciate our efforts. There is an opening in this county for a county wide newspaper and it is our intention to build up enough interest among the rural population that our circulation will increase to fifteen hundred or two thousand before the close of the year. We urge the readers to read every line in this issue and when they are in Knox City to call around and see us and subscribe if possible. We expect to publish a complete vote of the entire county after the first primary and this alone will be worth the years subscription.

GRADY ROBERTS MAKES STATEMENT IN ANSWER TO OPPONENT'S CHARGE

It has been brought to my attention that one of my opponents is showing to the people of Knox County a copy of an advertisement that was published in a Chillicothe, Hardeman County paper last week by my friends in that county. The advertisement urged the people of Hardeman county to vote for me. The advertisement was prepared and published without my knowledge or consent. I appreciate very much the interest that the people of Hardeman county are taking in my race. Those people have known me for 16 years and believe that I am the proper man for the office of Representative. I appreciate their faith in me.

Now, with reference to what has been said about my residence, I want to make this statement: In June 1937 I bought The Munday Times and moved to Munday. Since I have bought a home in Munday and do not have a home elsewhere.

May I as one who is vitally interested in the business and welfare of this county assure the citizenship of the county that when I am elected as your Representative that I will do all I can for the best interests of the people of this county and district.

Sincerely,
GRADY ROBERTS

THE RACE FOR CONGRESS

The Herald editor knows nothing about the fight that took place two years ago in the race for congress from this district and therefore is taking no part in behalf of any of the candidates.

The appearance of Ed Gossett here last Saturday night stirred the situation up and there has been a great deal of talk on both sides. The Herald printed Gossett's speech here Saturday night and his friends say that all he said was true and correct, while McFirlane's friends say that it was untrue. We regret that this method of campaigning has developed in this district, as it confuses the voters and causes them to fall out among themselves and after the battles of ballots are over we still have to live among each other.

Tubby Jones went to Wichita Falls Monday to see President Roosevelt.

The citizens of Knox City are making arrangements to have one of the biggest political gatherings ever held in Knox County on Saturday night July 23. The primary election night. Business men are already soliciting money to erect a large sign on the wall of the Black and White Grocery store and will secure permission from the Mayor to close that street in order that the people may see the board for more than one block. No automobile will be allowed to enter the enclosure and the men, women, and children will be allowed to enter the enclosure and the men, women and children will be protected from the dangers of cars.

The plan is to have a board ten feet wide and thirty feet long placed along the building and a telephone and radio will be installed and as soon as the returns begin to come in they will be posted. The committee is writing all election judges in the county to please phone in the result of their boxes as soon as completed. They are urged to phone them in collect to the Knox City Election Board. Two thousand people are expected to be here that night to get the returns. This will probably be the only complete returns that will be posted in Knox County and the Herald urges all the people in the county and elsewhere who are interested in the returns to be in Knox City that night.

Owing to the length of the ballot it will be late before the state returns begin to arrive, but it is said that the county returns should be in by ten o'clock. If you are interested in the county and local races be here and you will get the returns as soon as they are released from the election judges. There are only twelve voting boxes in the county and the County Chairman says that he is sure that all votes will be counted by ten o'clock Saturday morning and they should almost keep up with the voting during the day.

Make arrangements to be here Saturday night July 23 and laugh and weep with your friends as some of them are sure to go down in defeat, and remember we are expecting you. The state returns will be posted as fast as they are reported over the radio.

BIRTHDAY PARTY

Miss Earlean Darden celebrated her 14th birthday Friday July 8th with a party.

Guests present were: Emma Jeanne Shaver, Billye Hamner, Tomi Jean Teaff, Dale Graham, Sam Ed Carpenter, D. C. Hughes, Wifred Walker, Melba Hill, Geneva Jackson, Jack Parr, Frank Wallace McCauley. The group was escorted to the city park by Dorothy and Udell Darden where a series of games were enjoyed. Refreshments of cake, ice cream, and punch were served.

REX THEATRE OPENS AT ROCHESTER THIS WEEK

Mr. Parker of Rochester was here this morning and left an ad announcing the opening of the Rex Theatre in that thriving little town. You will find his program on the back page of the Herald, and it will appear each week. Watch for it.

JOHN WOOD

Now Your Highway Commissioner

Railroad Commissioner

SAFE - INDEPENDENT - ABLE

All of John Wood's life has been one of service, but his unexcelled record as chairman or senior member of the Highway Commission since 1933 has been the most fruitful period of his career. It has often been said that he has made the most outstanding Highway Commissioner ever to serve Texas.

John Wood set a precedent by becoming the first full-time working Commission member. He has championed and secured substantial wage raises for both skilled and unskilled workers. He has directed the expenditure of more funds in the greatest road bridge and street building program of any individual member ever to sit on the Highway board. During his administration \$200,000,000.00 of the public funds have been expended without serious criticism from any quarter.

He is a strict adherent of the "open-door" policy on all highway matters.

He is an ardent advocate for the farm-to-market road program.

John Wood has assisted Knox County in securing \$483,495.59 for Highway 16 and other roads in Knox County. Knox County Voters should show their appreciation by promoting him to the Railroad Commission.

Ed Gossett Speaks To Large Crowd Here Saturday Night

Ed Gossett concluded a series of speeches in Knox County on Saturday by addressing a large crowd of voters of Knox City on Saturday night. He was introduced by B. C. Anderson, Chairman of the Knox County Democratic executive committee. Gossett thanked Knox county for having given him a majority in the run off primary of 1936, and reminded them that he at such time had carried 8 out of 15 counties in this congressional district. He predicted that in this primary he would carry 14 of the 15 counties and be able to win the campaign easily in the first primary.

In discussing his platform Gossett emphasized particularly his agricultural program that he designates as Plank No. 1. Such plank as outlined was "We should have a back to the farm program including: (1) A better farm tenant program, take farmers off relief and put them back on the farms, (2) Widespread ownership and stability for the family sized farm, (3) Scientific research program to discover new uses for agricultural products, (4) Government machinery furnished to and controlled by farmers through which they may secure equal rights with other classes, (5) Parity prices for farm products, (6) Recovery of our foreign markets through tariff adjustments and other means, (7) Bust the farm and gin machinery trusts and regulate profits in such machinery."

Gossett stated that Congressman McFarlane had circulated the district claiming to be a friend of the people "especially the farmer" whereas Congressman McFarlane had never proposed to do anything for the farmer, and had no regard for him except to procure his vote. "Who would have the greatest interest in agriculture, — a man who grew up in a law office and for 16 years had been a politician, or a man like Ed Gossett who grew up on a farm, and whose people for generations had been farmers? The farmer must have more than lip service if he is extricated from the troubles he is in now."

Other planks in his platform emphasized by Ed Gossett were "Unemployment and labor;

debts and taxes; relief and recovery and Government control. Gossett further stated that he had been ridiculed by the political machine against which he was running, for his program against crime, disease and war. "These are the greatest public enemies. These things have cost and are costing America three fourths of her wealth. The function of Government is to fight the things which hurt us most, and Ed Gossett's program calls for a campaign to reduce and prevent crime, disease and war."

Condemns Patronage Abuses

Gossett further condemned the abuses of patronage as practiced by Congressman McFarlane, stating that McFarlane has made of the postoffices of this district campaign headquarters, and has forced the postmasters to contribute to his campaign, and to work for him. "When I am elected to congress no postmaster in this district is going to contribute to my campaign, and no postmaster in this district is going to take part in politics. It should be a violation of the law for any postmaster or any government job holder to contribute to the campaign or, or work for any person seeking public office. Congressman McFarlane not only has used the postmasters, but he has peddled post-offices to this district for votes. He stated in a speech in Decatur in 1936 that he believed in rewarding his friends, and would give to that city a post-office even though other towns had higher postal receipts, adding that "what you lack in postal receipts you have made up in votes."

Political Fence Building

Gossett condemned the excessive spending of public money by the congressman in building their political fences. "Congressman McFarlane has mailed dozens of speeches to every voter in this district at Government expense. Has mailed books to the lawyers at Government expense; has mailed certificates to the high school graduates at Government expense; has sent all mothers letters of congratulations on the birth of their children at Government expense. In my opinion the amount of money he must have

"Cotton" George
42 Years Old

VOTE FOR GEORGE MOFFETT FOR STATE SENATOR 23rd District

"Common Sense and Sound Judgment Make Good Laws" -- George Moffett.

He has represented this district eight years in the House of Representatives at Austin, and has become a recognized leader whose opinions carry weight.

He thinks that the Old Age Assistance law should be more liberal, as it is not in keeping with what the people voted for. He thinks that when the people vote for pensions, pensions should be paid. He has several times voted for a more liberal law and also the revenue to carry it out, and would do so again. He believes that there is too much waste in the operation of the present law.

He is strongly opposed to lobbyists. He believes the laws should be made for all the people, and not for the interests of a special few.

He has always stood for strict regulation of utilities.

He is opposed to a power trust, or any other kind of trust.

Never has had any relatives on the state payroll.

He understands rural and small town conditions, and fights for their interest. Is one of the few farmers in the Texas Legislature, and consequently one of the few members virtually interested in farm problems.

Thinks that the best thing that can ever be done for boys and girls is to provide for them a good opportunity to get an education.

Believes that increased consumption of Texas products — especially cotton — would bring prosperity back to Texas.

In 1931, he tried to get Texas to establish a cotton research laboratory to find new uses for cotton. He reasoned that since cotton is used in making tires, gun cotton, paper, airplanes, cellophane, etc., that many other uses could be found if proper search were made.

When Moffett first introduced his cotton research laboratory bill in 1931, he had few supporters, but he kept pushing his bill. In 1937, the Legislature adopted it, but the Governor vetoed it after Legislature had adjourned.

However, the merit of the idea gained ground, and continued agitation caused the National Congress to include in the 1938 Farm Bill a provision for four farm re-search laboratories — one for cotton to be located in a cotton state. Mississippi has offered a half million dollars bonus if the Federal Government will put this laboratory in that state.

Had the search for new uses started eight years ago, when Moffett first proposed it, very likely there would be enough new uses for cotton now that acreage reduction would not be necessary. Idle acres would be producing, employment would be better, and money more plentiful.

"Representative George Moffett's idea of establishing an institution to seek new uses for cotton unquestionably sound. . . ." —Wichita Falls Post.

cost you in building his fences would approximate \$30,000 or \$40,000. This excessive spending of money should be curtailed."

\$100,000 For Doing Nothing

"As a matter of fact at the end of this term of office your congressman will have served 14 years in legislative office. He will have drawn in salaries and expense allowances approximately \$100,000 and he has never written a bill that has been favorably reported out of committee, much less passed by congress. His only contribution to the political life of his county is to return every two years and falsely abuse his opponents. I believe the people of this district are resentful of such action."

Last Minute Campaign Misrepresentations

"In his campaign McFarlane has on the last day of the campaign put out false circulars and false whispering campaigns against his opponents. On the day before election last year he scattered by airplane a false circular against Ed Gos-

sett and on election day he put out a false circular over the district claiming administration endorsement, such circular being scattered by his postmasters. This district should be prepared again for his last minute campaign misrepresentations. It is a trick of unscrupulous politicians, and is a favorite device of McFarlanes."

No Program For The Farmer Or Others, in this Section

"During his service in Congress your congressman has never written any bill for the benefit of this section of the country. The only bills written by him that we have discovered is a "patent" bill and a "horse power" bill. McFarlane's horse power bill, i. e., House Resolution 8023, proposes to tax every industrial motor in America \$05 per horsepower per year. If it did not drive our country immediately into communism it would destroy all of the small industries in this country. McFarlane bills would favor the big industrialist of the East and would destroy the sma-

ll struggling firms of our section of the country."

McFarlane Tool of Special Interests

"While charging others with being representatives of "special interests" McFarlane has himself been a tool of the special interests. I have in my possession a letter showing your congressman to have received \$500.00 from the Waggoner interests in his 1934 campaign, which amount I have been unable to find on his list of contributions. I have in my possession an affidavit showing your congressman called upon a gas company for a contribution which he doubtless received, and the election returns of two years ago show that he carried Petrolia, a town owned by the Lone Star Gas Co., He carried the gas company's box in Clay County while Ed Gossett carried the county.

Votes For Radio Trust

"But, the crowning shame up on your congressman's record was in his vote on June 14th against an investigation of the Radio Trusts. He, during most

of his term of office, had been making speeches condemning the radio trusts and demanding an investigation of it. Speeches have appeared in the newspapers of this district by McFarlane condemning the Radio Trusts and demanding investigations. He stated that his oath of office required of him that something be done about "radio monopoly" and "radio trusts" and then voted against the resolution. Several days later a company originally organized by his Father was given a \$150,000 radio station in Wichita Falls.

A vote for Ed Gossett is a vote against political racketeering and political chicanery in the 13th district. It is a vote for honest politics; democratic government; for the little man. It is a vote for honest service, and not lip service to the interest of the people of this section.

County Judge E. L. Covey was here Tuesday from Benjamin and called at this office and left a quarter page ad.

ED GOSSETT

FOR

CONGRESS

13th. DISTRICT

**HONEST POLITICS
DEMOCRATIC GOVERNMENT**

ED GOSSETT

Carried 8 out of 15 Counties in the 13th District in his 1936 race for Congress and your vote will assure him victory in this race. Counties carried by Ed Gossett in second 1936 primary were Denton, Montague, Clay, Archer, Throckmorton, Wilbarger, Foard, and Knox.

ED GOSSETT

States that plank number one in his platform is:

AGRICULTURE: We should have a back-to-the-farm program including: (1) A better farm tenant program—take farmers off relief, put them back on the farms, (2) Widespread ownership and stability for the family sized farm, (3) Scientific research program to discover new uses for agricultural products, (4) Governmental machinery furnished to and controlled by farmers through which they may secure equal rights with other classes, (5) Parity prices for farm products, (6) Recovery of our foreign markets through tariff adjustments and other means, (7) Bust the farm and gin machinery trusts and regulate profits in such machinery.

ED GOSSETT'S Background

Reared on West Texas Farms, B. A. '24; LL. B. '27 University of Texas; Age 36, 11 years law practice.

ED GOSSETT

Stands For: Honest Politics, Democratic Government, the Little man.

ED GOSSETT'S Radio Speeches

12:45 to 1:00 P. M. July 18th, 19th and 20th. 7:30 to 8:00 P. M. and 10:00 to 10:30 P. M. July 22nd, over KGKO. BE SURE TO TUNE IN.

ED GOSSETT Says

"Beware of last minute campaign circulars and propoganda which McFarlane always uses."

Charles Moorhouse

Of Benjamin, Texas

Candidate For County Treasurer Of Knox County

He was born in Kaufman County, Texas on June 12th, 1877. His father, P. M. Moorhouse was born in Hamstead, England and came to the United States in 1848. He was a highly educated man who read Latin, Greek, French, and contributed much to the cultural development of his locality. His mother was born in Peoria, Illinois and came to Kaufman County in 1847. She was of German descent, her parents having come to Illinois in an early day from Germany.

He has always been engaged in the livestock, mercantile and insurance business and his business plans are always carefully formulated and promptly executed.

A life long democrat, Mr. Moorhouse has served as County Chairman of Knox County for the past 12 or 14 years and was previously precinct chairman for ten years. He works earnestly and consistently for the party's welfare and displays sound judgment in furthering its interests, so he is recognized as one of its outstanding leaders in his part of the State.

Charles Moorhouse was married to Luta L. Collins in 1905 and moved to Knox County in 1907, where he has since made

He is asking the voters of Knox County for their support, as he will make them a capable and efficient Treasurer. He has reared five children in this County, but has two more to educate. He is not physically able to continue the work he has been following and is not financially able to retire.

To The People of Knox County

If you will vote for me and I am elected Representative I will devote myself to the faithful service of the best interests of the District.

I have to make a campaign of four counties and as I have no campaign fund and no contributions from any person or corporation I may be unable to make all of the speaking dates in Knox County, so ask that my friends help me to be elected.

I do not have to advertise in local papers that I am a citizen of Knox County, nor do I claim citizenship in each County in the district.

FOR

Tax Assessor - Collector

I came to Knox County in 1900 when there were only a few houses in the county and having lived in the county the past thirty-eight years I have seen it develop into one of the banner counties of the state and I feel a just pride in having been able to contribute in a small way to this development and I have tried at all times to be law-abiding and to make a good citizen. After having lived in the county for thirty-eight years I feel justified in asking you for one of the best offices in the county — that of Tax Assessor-Collector for which I am qualified in every way to fill and if elected to this office I promise to give it my whole time and undivided attention and faithfully perform every duty required and I shall at all times try to be courteous and as accommodating to everyone as could be. For the past ten years I have been farming; but if on the 23rd of July you elect me to the office of Tax Assessor-Collector I will not work one acre of land in this county and should have the full time of the Tax Assessor Collector and I propose to give the job my full time and I feel that a good job as this is enough for any one man and family under the present conditions. Since I announced for the office of Tax Assessor-Collector I have made a very close canvas of a large part of the county and those I have not seen as yet I shall try to see before the primary; but if I should miss anyone I wish to take this opportunity to ask you for your kind consideration and vote on July the 23rd., which I assure you I will appreciate very much. Further I wish to thank all the citizens for the courtesy and hospitality they have shown me while making this campaign and regardless of the outcome I will always consider you as a friend and I will appreciate it very much if you vote for me.

**There Are Two Ways
To Milk A Cow--**

Mr. Merchant:

If your advertisement were in this space, as many people would read it as are reading this. But your advertisement isn't here and people don't care a rap whether you are selling real estate, gasoline, or peanuts.

Did you ever sit down in the pasture with a pail between your knees and wait for a cow to back up and be milked? Of course not! You have better sense.

Well business is a lot like a cow. You've got to go out and round it up. The fellow with the milk pail betwixt his knees MAY get some milk, but the odds are all in favor of the fellow who drives up the cow and feeds her.

A merchant may make a living by "cussing" the government and waiting for something to happen, but the merchant who makes the MONEY is the fellow who goes after the business through the columns of his local newspaper.

Seymour To Celebrate With Annual Rodeo and Reunion

Seymour, July 13 — Rodeo performances, dances, parades, old settlers reunion chuck wagon meals, and other entertainment are in store for those who visit the Seymour Cowboys and Old Settlers' Reunion here next Wednesday and Thursday, July 20-21.

The rodeo, which will be strictly amateur this year, will have two performances daily, 2:00 and 8:00 p. m., on the turf field on the hill east of Seymour. A new grandstand has been built this year to take care of the crowds, which were almost too hard to handle last year at some performances.

A number of entries have already been received, with many others promised, which all will assure a better rodeo show than in 1937, when the feature was marred by a strike of professional rodeopers. The best rodeo livestock available has been secured.

Square dances will be held Tuesday, Wednesday and Thursday nights at a platform near the rodeo grounds, with the Rhythm Kids, well-known string orchestra. Wednesday night the Texas Bluebirds are to play at the new hall one mile south of town, Wednesday and

Thursday Gordon Shay's Orchestra will furnish music for a modern dance at McDonald hall downtown.

Parades are scheduled for 12:30 each day of the show. In the parades will be more than 80 sponsors of local business firms. The sponsor's contest, which attracted widespread attention last year, will be better than ever this year.

Old-timers of West Texas will be entertained in cool, shady Seymour park, on Thursday, July 21. A special invitation is being extended to them, especially those who came to this country prior to 1890.

Real chuck wagon meals will be served at small cost at the park at noon and night both

days. In addition, a number of private chuck wagons will be here. Plenty of free ice water will be available at all times.

Real Western hospitality will be the keynote of the occasion and plenty of entertainment for all at small cost.

B. W. Snody of Benjamin candidate for State Representative was here Monday and left a quarter page ad asking the people to vote for him.

Mrs. W. C. Adams and two children, Carl Elvin and Bobby returned to their home in Paducah Saturday after a visit here with the family of T. E. Lane and Frank Nance.

John Spradley of Vernon was here last Friday in behalf of Ed Gossett, candidate for Congress, and called at this office. Mr. Spradley is principal of the Junior High School in Vernon.

Now YOU CAN BUY A Firestone Gum-Dipped Tire FOR AS LITTLE AS \$7.60

FIRESTONE cuts the cost of Tire Safety just at the time when you need a new set of tires. At this time of the year you should replace tires that are worn and smooth for greatest safety during the summer driving season. Tires may look alike on the outside — but inside they are different. The name FIRESTONE on a tire is your assurance of extra safety and long mileage because only Firestone Tires are built with these patented and exclusive construction features:

Gum-Dipping, the Firestone patented process by which every fiber of every cord in every ply is saturated with liquid rubber, counteracts tire-destroying internal friction and heat which ordinarily cause blowouts. Nine extra pounds of rubber are added to every 100 pounds of cord.

Two Extra Layers of Gum-Dipped Cords under the tread, another patented Firestone construction feature, protect against punctures.

Scientifically-Designed Non-Skid Tread made of tough slow-wearing rubber, assures safer stops and longer non-skid mileage.

Now that Firestone gives you all of these safety and economy features at these low prices, you cannot afford to take chances with unsafe tires this summer. Come in today and join the Firestone Save-A-Life Campaign by equipping your car with a set of new Firestone Convoy Tires—the safest tires that money can buy at these low prices.

"Where You Pay Less and Dress Better" Knox City Texas

IF gas cost nothing AT THE WELL

Even if gas could be had for nothing at the well—the cost of using it in your home would not be greatly changed. A large part of what you pay for gas service is the cost of *delivering it to your burner tips—and keeping it there every minute.* To properly serve you, there is necessary a vast investment in gas reserves sufficient enough to meet any demand, in pipelines and equipment for its transportation and control. Money must be spent to maintain all this equipment at a high standard for dependable service. A skilled organization must be on duty day and night.

There's a difference between "raw materials" and a finished, usable service.

Your home and this community could not risk anything less than the best in gas service. Life and health in the home depend more than ever on the efficiency and quality of service. Yet today, in spite of the fact it is costing Lone Star Gas System more to operate because of rapidly mounting taxes and other new costs, your gas dollar buys more than ever before.

A CUSTOMER WRITES IN PART...

"In all the years of my experience of using gas it has never failed me. No other fuel affords so many heat units per dollar as gas; my budget can be arranged with a smaller amount for fuel because of its low cost."

McFARLANE
 FOR
Congress

On July 23rd the voters of the 13th Congressional District, comprising fifteen counties, will select their Representative in Congress for the next two years. This is a serious matter and the voters should be as careful in making their choice for this important office as they are in selecting some one to represent or act for them in their own personal business affairs.

This being true, it then should be the desire of every voter to vote for one they KNOW has been true to his constituents in every possible instance and who has not failed to vote for the interests of a majority of the people at every opportunity.

LET US CONSIDER A FEW FACTS

W. D. McFarlane was first elected to the State Legislature of Texas to represent his district in the Texas House. His record in the Lower House was so outstanding that his election to the State Senate followed as a natural consequence. While in the Texas Legislature he was always fighting for his people in every instance. Here are some of the HIGH-LIGHTS in his record:

First: He was a "conservator" of the people's tax money rather than a "spender." He fought every bill that had for its purpose the raising of taxes or the creating of more bureaus or new boards. He belonged to what they called the "Hatchet Brigade," that is, he believed in cutting expenses of the state to absolute necessities, as you, Mr. Farmer, Mr. Merchant cut your personal expense down to the lowest possible, figure consistent with good business policy. But Mr. McFarlane was constructive too, he was the joint author of the Bill that raised the allotment for Rural Schools from \$10 per Capita to \$17.50 per Capita.

During his service in the Texas Legislature it reduced the expenses of the state government from ten to thirteen million dollars each biennium from the figure asked by the "spenders." He was always opposed to new jobs that increased the expenses of the state government.

McFarlane vigorously opposed the "re-location of the state penitentiary" whereby he prevented the sale of 78,000 acres of state-owned land, 53,000 acres of this land being the richest land in the whole world, and we now have the best penitentiary system in the whole nation.

For these and many other remedial measures in the Texas Legislature we elected him to represent us in the National Congress, where, on account of his wide legislative experience and known legislative record, he was placed upon the Naval Affairs Committee, one of the twelve great committees of the House. He is recognized in congress as an "Income Tax Expert," having gained this knowledge by three years hard work in Chicago, prior to his congressional work.

By permission of the President, he investigated the Income Tax returns of five corporations that sold aircraft equipment to the government and found that they had evaded the payment of over two millions of dollars in income taxes. He introduced a Bill to stop these loop holes, had it printed in the Congressional Record, and made a speech on the Bill. Senator Borah, of Idaho read the Bill and McFarlane's speech, saw it would stop the loop-holes, and he (Senator Borah) introduced an amendment to a pending Revenue Bill in the Senate and it was adopted, passed by the Senate and the House and became a law and the next year there was collected more than \$400,000,000 more revenue. McFarlane was "worth that \$400,000,000" to the taxpayers, paid in by those best able to pay.

McFarlane has supported ALL the New Deal legislation introduced into congress since that time and which was endorsed

by the democratic platform. Last year when Congressman J. F. Buchanan, chairman of the great Appropriations Committee of the House, a member from Texas who had been in congress for more than 24 years, died, the House Ways and Means Committee (the Committee which elects ALL members to their committee assignments) told the members from Texas that the Committee would elect any man from Texas to Mr. Buchanan's place whom the Texas-delegation in Congress recommended, and McFarlane was unanimously endorsed for the place and has been on this great committee since. One KNOWS whether a man is a good workman if he has worked by his side for five years, and that was the endorsement of the men who had worked beside McFarlane and who KNEW that he was the best man for the place. It takes years of hard work to become efficient in the Congress, the greatest legislative body in the whole world and McFarlane has gained his reputation for honesty and integrity by his tireless work during his service in Congress.

McFarlane has been proven; he has been weighed in the balance of national public opinion and has been found to be true to his people. Read what "PLAIN TALK" Magazine, Inc., 1003 K St., N. W., Washington, D. C. says about McFarlane under the heading, "Facts About McFarlane of Texas"; "In Texas W. D. McFarlane again resisted all siren calls and voted for his people four times in a row, boosting his figures for his total service in Congress to 27 votes for his people and NONE against them. Texans who joined the "1,000 per cent CLUB" this Congress were Patman, Garrett, Mahon, Maverick and South. Despite of Mr. Maverick's pro-Administration professions he, was with his people when it came time to vote. Texas farmers have particular reason to seek the re-election of McFarlane and all who voted with him on the three very important farm measures which came before the 75th Congress. Mr. McFarlane is on the powerful and important Appropriations Committee and has always championed the right of the farmer, the worker and the common man, not only on the floor of Congress but in the committee rooms as well."

From the above it will be seen that McFarlane is recognized by this outstanding Publication as a real friend to the people and especially the Farmers. He works on the theory that he was chosen by the people as their Representative and makes it his purpose at all times to vote for them. And, in calling your attention to some of his work as our Representative in Congress, let us go one step farther and say something about him that doubtless few of the people really know and fully understand, and it is simply this: Mr. McFarlane is conscientious to the nth degree; he believes in standing by the principle and of all the criticism ever directed at or against him, it has never been said that he is unfaithful to his party or people. He tells all like how he stands and does not change his belief with every change of the wind! It must be said in his behalf that if there ever was or is now a member of Congress who is above reproach from any angle or who is without price—it is our Representative W. D. McFarlane.

With these facts in mind, let us remember that we are selecting a Representative for another two years in the National Congress and since we have this opportunity of again electing one who is faithful to every promise and who knows nothing save service to his people and conscientious work, and who is experienced by actual performance of these duties in both State and National legislative bodies, and show our own faith in him by re-electing W. D. McFARLANE to Congress.

McFarlane Dedicates New Decatur Post Office Tuesday

Decatur, Texas, July 12. — Congressman W. D. McFarlane was the principal speaker at the dedication exercises of the new post office building here this evening and a large crowd was present. Mayor O. L. Thomas acted as Master of Ceremonies; Mr. J. T. Ward made the Welcoming address and Mr. Milton J. Gaines, Postmaster at Wichita Falls gave the response; Mr. A. S. Page, Postal Inspector, represented the Post Office Department.

Congressman McFarlane, who was introduced by Dr. T. G. Roberts of Decatur, referred to existing conditions in the country today and of the need more than ever for honest and qualified men for public service. He then reviewed his previous legislative experience and training at Austin before going to Washington and thanked the citizens of Wise County for their splendid majority of 1778 votes given him in the race two years ago. He pointed out that the people of Wise County had since learned that to get results you must have efficient men to represent the people. Mr. McFarlane referred to the importance of continuity of service and pointed out the positions of influence attained by Members of the Texas Delegation through hard work and long service. He mentioned Garner, Rayburn, Summers Jones, Manfield and Buchanan could not have attained their positions had they not shown their ability nor been returned by their constituents to reach the height they have attained.

Mr. McFarlane stated that more than \$56,000,000 had been spent in the Thirteenth Congressional District under his leadership and that he supported each measure that has been made available from these funds, including the beautiful new post office building being dedicated.

After reviewing the accomplishments of the administration Mr. McFarlane answered recent criticism by his defeated opponent of two years ago. Regarding legislation enacted, Mr. McFarlane pointed out that he had offered the legislation and secured the information upon which Congress acted eliminating the right of large corporations to file consolidated income tax returns, thus returning to the Treasury some \$300,000,000 annually. He read a letter from Chairman Summers giving him credit for first introducing and actively supporting legislation enacted, giving Federal Jurisdiction over bank-robbing, kidnapping and hi-jacking, which legislation has had effect in eliminat-

ing these evils.

Radio Investigation

Mr. McFarlane pointed out that his radio resolution was not reported out of the Committee, but that he had supported a general monopoly investigation resolution which was to investigate all monopolies, including that existing in radio. Regarding Gossett's insinuation concerning radio station license granted for Wichita Falls, McFarlane held up the sworn uncontradicted testimony that showed that his father and his friends who filed for a radio license to keep his enemy newspaper in Wichita Falls and others who had profited by the sale of KGKO from receiving a radio license by default; and that in December of 1936, as shown by the records in Washington, his father and his friends disposed of their interest in such application and the sworn uncontradicted evidence in the hearings before the Federal Communications Commission show that the following named Wichita Falls Citizens own said station: Messrs. Joe Carrigan, Gordon West, Sol Lasky, and Hugh Hamilton.

Campaign Contributions

Regarding Gossett's recent allegation of campaign contributions, Mr. McFarlane pointed out that his sworn statements filed in 1934 were correct and list all funds received by him; that he never solicited campaign contributions of anyone much less bitter opponents and anti-New Deal critics, which includes all utilities.

Answering further all the charges now being raised by the defeated candidate of two years ago Mr. McFarlane pointed out that this critic was using the same tactics he used in the campaign of two years ago and the people of district would not be misled by his false statements circulated by Mr. Gossett several weeks before the adjournment of Congress, which circular purports to quote as authority a reporter for the Chicago Tribune. This anonymous circular bitterly attacked Mr. McFarlane's reputation, character and his standing among his colleagues in Texas Delegation and those with whom he has worked in Congress. Mr. McFarlane, answering those bitter attacks, referred to the unanimous endorsement from the Texas Delegation for his appointment on the powerful Appropriations Committee, and many unsolicited letters of endorsement from the Members of Congress, and Farm, Labor and Live-stock Organizations which endorsed him and favor his record in Congress.

Office of the Majority Leader
House of Representatives U. S.
Seventy-Fifth Congress
Washington, D. C.

June 10, 1936

Honorable W. D. McFarlane

House of Representatives

Dear Bill:

The Seventy-Fifth Congress is rapidly drawing to a close. I am writing you this letter to thank you for your fine spirit of cooperation with the House Leadership. It has been a pleasure and a benefit to be associated with you here as fellow members of the Texas delegation.

I want you to know how personally grateful I am to you for your loyalty not only to the House organization but also to the Administration. I have depended on you much and during the time you have been a member of the House, you have impressed yourself upon its membership in a way that has made you very highly regarded. Your work on the Appropriations Committee has been of great service. I trust that the people of your District will exercise the good judgment to return you to the House of Representatives where, on account of your character and ability, you will gain in power and in influence in the years to come.

With every good wish for you personally, I am

Sincerely yours,

BLACK & WHITE
