

GOOD WELL — Sonnie Hughes, owner of Irrigation Products Company, is shown beside the well he dug last Tuesday. The City Council met to discuss the purchasing of the well, but hadn't reached a decision by press time late Wednesday. The well is pumping approximately a five and one-half inch stream and is located just south of the city limits of Knox City.

Peruvian Speaks To Lions Members Wednesday

Two ladies, Mrs. O. L. Jamison, Knox City, and Mrs. W. C. Cannon, Lima, Peru, were guests of the Lions Club Wednesday. Mrs. Cannon was principal speaker for the occasion.

J. C. McGee introduced Mrs. Jamison, and she in turn introduced Mrs. Cannon.

Mrs. Jamison said that the Cannon family had been their close friends in Peru when she and her late husband, O. L., had lived there. Mr. Jamison died in 1959.

Mrs. Cannon said it was indeed a pleasure to be here in Knox City again, and that it was a wonderful place. She said she and her family had been closely associated with the Jamisons for two years in Peru. Mrs. Cannon said she also was acquainted with another Knox City resident, Zeb Smith, who was depot agent in Littlefield when she and her family lived there several years ago.

The Cannon family has lived in Peru for 15 years, and Mrs. Cannon said "we like it there."

When they first moved to Peru they lived in the southern part, Ica, she said, with a population of approximately 40 to 60,000. Mrs. Cannon said the town was approximately the size of Knox City—the houses crowded together in a "shotgun" fashion, and eight to ten people living in one room.

Mrs. Cannon said she and her husband grew up in Stamford, and that they had thoroughly enjoyed their stay in Peru, and thought the people "very nice and friendly."

In Ica, Mrs. Cannon said she, her husband, son and daughter, were the only Americans living there for a period of seven years.

In their present home of Lima, there are approximately 10,000 in the American colony there she said.

Lima has a population of one

and a half million. Mrs. Cannon said there were seven super markets in Lima, and widely separated. "If you plan something for lunch and can't find it at one supermarket you have to drive several miles to find another one," she said. "Sometimes it is easier to just change the menu."

Most items can be bought there at the markets, that can be purchased here, she said. A can of corn costs 65 cents a can, and meat prices are comparable to the American prices. Argentine meat is higher and a better quality, she said.

Fish and vegetables may be purchased each day from vendors, and practically everything imaginable may be purchased from the vendors, including pots, pans, clothing, materials, shoes, and even sidewalk plumbers and shoe repairmen.

Mrs. Cannon said school there

starts at 8:10 each morning and end at 12 noon. The students return at 2 and return home at 4:30. Two English classes are conducted each day, and the curriculum is a full one, with no study halls and plenty of homework, Mrs. Cannon said.

Students wear uniforms, and Mrs. Cannon said at first there was disapproval of the system, but now she said all the mothers think it a good idea.

One of the highlights of Mrs. Cannon's speech was the part in which she said all people belonging to a church paid their way and worked in it. "An odium in most churches," she surmised.

Mrs. Cannon said she and her family liked living in Peru very much and that they had gained much by living there.

"They are a wonderful people," she concluded.

Mrs. Cannon and her daughter, Carol are visiting with Mrs. Jamison here.

Carol is a senior and visited Knox City High School Tuesday. Her visit and talk to the students is included in Melanie Meddles column.

Fort Worth Fat Stock Show Will Begin January 27

The Old West will return to the "City Where the West Begins" at 2 p.m. Friday, Jan. 27, as a colorful downtown parade launches Fort Worth's 1961 Southwestern Exposition and Fat Stock Show, Jan. 27 through Feb. 5.

The parade will be televised live, in color on WBAP-TV.

Rodeo fans will see 392 rugged cowboys at Fort Worth, including the 1960 all-around champion and the champions of all five major rodeo events, competing for a record \$72,650. The Stock Show puts up \$37,500; entry fees add \$35,150 to the pot.

Harry Tompkins of Dublin, is rodeo's all-around champion who'll break from the Will Rogers Coliseum chutes. Other 1960 titleholders, who will battle it out against all their top challengers, are Dean Oliver in calf roping, Tompkins in bull riding, Jack Buschhorn in saddle bronc, Enoch Walker in bareback and Bob Robinson in steer wrestling. Larry Kane, 1960 rookie of the year, will be in the competition.

Special attraction of the world's original indoor rodeo will be a wild re-enactment of the great "Ben-Hur" chariot race, with the four white Lipizzans originally driven by Charlton Heston challenging the film's 4 dappled greys. The race will be run at all 20 rodeo performances.

Almost 10,000 entries will be exhibited in the livestock exposition. Included will be 660 Quarter Horses, a record for the nation's largest Quarter Horse show and 5,423 cattle, sheep and swine—exceeding last year's total by 653 head.

Mothers March Nets \$344.85 To March Of Dimes

The 1961 March of Dimes started last week and the Mothers March was conducted last Thursday night. The Mothers March collected \$344.85.

Making the March were:

Mesdames Beverly Campsey, Vernelle Tankersley, Mabel Wilson, Becky Barnard, Faye Carlisle, Ruth Heffington, Faye Railsback, Dottie Lowery, Mary Beth Smith, Lora Beth Ross, Iris Hughes, Anita White, Polly Hoge, Ruth Markward, Sue Odom, Georgia Lynn, Birdie Helton, Ruth Averitt, Laura Clonts, Genie Cobb, Faye Graham, June Sams, Evelyn Shelton, Peggy Guinn, Mary Counts, Marion Perdue, Zena Wall, Ida Dean Johnston, Pat Rea, Betty Williams, La Verne Thompson, Margaret Presswood, Loraine Reeves, June Tankersley, Margie Clonts, Barbara Barbee, Helen Brown, Frances Kent, Julie Bellinghausen, Doris Crownover, and Gerrie Schroff.

The largest donation, \$25.50, was turned in by Mrs. June Sams. Chairman of the drive, Mrs. Donald Tankersley, and Co-chairman, Mrs. Charlie Clarke, expressed their thanks to those making the drive and to those who contributed to the drive.

The March of Dimes is still on and persons who have not yet made a donation are asked to do so. The drive will be over January 31.

Joe Pate, Former Resident, Dies In Dublin, Jan. 21

Joe Pate, 90, a former resident of Knox City, died in a Dublin nursing home Saturday, Jan. 21.

Mr. Pate had operated hardware stores in Knox City and Paducah for a number of years before moving to Dublin 12 years ago.

Funeral services were held Sunday at 3:30 p.m. at the First Christian Church in Dublin.

Bus-Truck Wreck At O'Brien Injures Seven Persons

Six students and the driver of the O'Brien school bus were injured Tuesday afternoon at approximately 3 p.m. when the bus and a butane truck collided at a side road and State Highway 283. The crash occurred as the bus pulled from the side road onto the highway, and the truck was traveling along the highway.

Driver of the bus was Rev. Hansel G. Pearce, pastor of the Baptist Church at Jud.

Pearce suffered bruises on the head, arms and legs.

The injured students were Michael Pearce, 12, (the driver's son), facial cuts; Dale Freeman, 14, and James Duncan, 14, cuts on their faces and arms; John Urena, possible head injury; and Janice Stewart and Shirley Jean Duncan, shock.

All were treated and released at the Knox County Hospital in Knox City.

Driver of the truck was Floyd R. Latimer, 58, of Crowell. There was no fire and damage to the truck was estimated at \$500 and to the bus at \$250.

Supt. Elvin Mathis said the O'Brien school did not hold classes Wednesday partly because of the accident, but that school will resume today.

School was dismissed early Tuesday because of the icy roads and freezing weather.

Baptists Feature Family Night For Tonight (Jan. 26)

There will be a special family night at the First Baptist Church in Knox City, tonight (Jan. 26) at 7 p.m. Each family is asked to bring a basket supper, and the Brotherhood will be in charge and furnish the necessary arrangements for the program.

Rev. Leonard Hartley of the First Baptist Church in Hamlin will be the guest speaker. Rev. Hartley is a man of many years experience and will bring an inspiration to all who will hear him, Vaughn Gruben said.

Rev. Hartley is well known throughout District 17 having served in and near District 17 for the past eight years. He is a graduate of Wayland Baptist College and Southwestern Baptist Theological Seminary at Fort Worth.

Gruben said the Brotherhood urges all men to bring their families and attend this meeting. The nursery will be open for families with small children.

Tuesday Was Cold; 12 Degrees Record For This Winter

Knox City was hit, along with most towns and counties in north and west Texas Tuesday with the coldest spell recorded, so far this winter. Low Tuesday night was 12 degrees.

The cold front hit around noon with rain, then sleet falling at a fast rate.

No accidents were reported in the city due to the icy streets, but the bus-truck collision at O'Brien was attributed to the "blizzard."

Sheriff H. T. Melton said Chief of Police Joe Massey of Munday reported a truck-car collision at Goree and a collision in Munday Tuesday, but said he didn't think they were very serious.

Streets in Knox City were abandoned early Tuesday afternoon and night, and most residents were content to stay in by the fire.

City Council Has Two Meetings In Past Week

Knox City's City Council had two called meetings in the past week — one Friday and another one Tuesday noon.

When the Herald asked Mayor Guy Glenn what the meetings were for he said they had a few unimportant things that had come up and they had decided to meet and see if they could get them settled.

First, he said, was an ordinance regarding people following the fire trucks.

Mayor Glenn said he would ask the city secretary to furnish a copy for the Herald.

Mayor Glenn said he had forgotten whether or not the old ordinance had "any teeth" in it, but that if it didn't they wanted to put some in it.

This has been brought about by the number of fires the volunteer firemen have gone to recently, and the number of people who have gotten in their way.

Other business the Mayor said, was "some interested person or persons" who met with the City to try to get them to hire an outside party to re-evaluate the property here.

Mayor Glenn said the council voted against such a move.

"Valuations have been handled locally, and to hire outside help would cost a lot of money," the mayor said.

The mayor said the City's view on the subject was to hire some local person and then set up a board of equalization to discuss any complaints.

Tuesday the City Council again met, and this time it was to discuss the purchasing of a water well, the mayor explained.

(The well in question is the one south of town drilled by Sonnie Hughes last Tuesday.) "We haven't decided, as yet, whether we will purchase the well," Glenn said. "It is a good well and the location is good," he added.

Winners in the Wichita-Brazos Soil Conservation District, "Why

I Believe in Soil Conservation" theme contest have been announced. Mariane Coffman of Benjamin won first place followed by Kathryn Kretschner of Mattson and Dwayne Herring of Rhimeland. Awards will be presented to these students at KC-

HS January 30 at 10 a.m. These and themes of other area contestants will be entered in the state contest.

Carol Cannon and her mother are vacationing here from Peru. They have lived in Lima, the Peruvian capital, for seven years where Mr. W. C. Cannon works for Anderson-Clayton cotton. In Peru, south of the equator, the schools have been having their summer recess since December. Carol, who will be a senior in April, attends an American school of about 600 students.

Besides wearing uniforms to class, the students' school is nearly typically American—a big contrast to the Peruvian schools where students are required to carry thirteen courses. In the lower class's private schools only the instructors own textbooks; students must copy and memorize them. Soccer is played mainly in the schools—there are no girls' sports or football.

Peruvian women are not allowed to go to college and won suffrage only about three years ago. Most of them consider the average American woman sloppily dressed—many in the privileged class dress from Paris and even wear "wild" hair styles.

Housing varies from cane houses with no plumbing or electricity to the Spanish colonial and extremely modern, fenced-in houses of the upper class. Living is fairly cheap except for imported goods. Supermarkets are beginning to replace the little stores with every kind of merchandise and no set prices. Mails are hired for ten dollars monthly.

Population is scattered from remote jungle villages to Lima, the capital of one and a half

million. Most Peruvians seem fairly friendly toward Americans despite ridiculous Communist rumors and a presidential dictatorship. Catholicism is the chief religion of Peru. Cotton is their main crop. For three years it is harvested then set back to grow again. After the third year the giant plants are cut and burned and the roots plowed up.

The boys decided to like Peru when they heard that there were no speed limits there. Even red lights are a confusion—you stop only if you see another car near. Recently Lima decided to outlaw honking in order to become a silent city—in a traffic jam pedestrians

Uncle Ben Writes From Benjamin

DEAR MISTER EDITOR:

Our new President says America has got to move ahead in the sixties. I don't know if it's ahead, behind, or sideways but we've been moving pritty fast now fer a long spell.

They was discussing this move-ahead business at the country store Saturday night and most all the fellers had a item or two fer debate. Ed Doolittle, fer instant, said the medical and dental perfessions was moving ahead real good. Ed said his old lady got a bill from her dentist, "To Professional Service \$26." He allowed as how this dentist would have a fit if he got a bill from his druggist, "To Items \$64.26." It was agreed by one and all that doctors and dentists was gitting too far ahead when they quit itemizing their bills.

And Clem Webster noted that we'd moved ahead into a brand new economic system fer the working man. It used to be, allowed Clem, that a working man set his pay at a figger he thought he was worth fer a honest day's work. But now he sets it according to what he thinks his boss is able to pay without going broke. The fellers agreed that if this trend keeps up, the store clerk will have to call the

bank to see what you're able to pay afore he gives you the price on a pair of shoes.

And real move-ahead signs was noted by the fellers in other fields. Zeke Grubb said it used to be that country editors always run a page ever week telling the farmers how to farm, what to plant and when and how. Now, claims Zeke, the weekly newspapers is leaving such matters up to the city boys in the Department of Agriculture. Bug Hookum noted that we'd moved ahead so fur in the last 30 year in taxes that them fellers could now git blood out of a turnip. But the greatest progress in the

move-ahead program, according to Josh Clodhopper, was in the teenage field. Josh said all juvenile delinquents was improved to where we ain't got nothing to worry about but problem children.

It's hard to predict where this move-ahead program will take us in the sixties but I'm all in favor of it. I see where one Congressman, fer instant, is advocating we print our paper money in fancy colors so's it'll have more glamour to it. Personally,

Mr. Editor, a unglamorous takes it to print it in kitchen yell. And as we ahead in the back to his nearest thin find and I will be haggmating and Uncle Sam. Yo.

Streams in Desert Places
Ozelle Stephens

Whom do men say that I the Son of Man Am?" This is the question Jesus asked Peter. Peter's confession was, "Thou art the Christ, the Son of the living God." (Matt. 13-16). He is the Saviour who gives to every man who knows him the fullness of joy springing up into everlasting life. He meets the need of all classes and conditions of men. As deep answers unto deep, so does He respond to the moving of each soul of mankind. If you could ask the world's workers, "What think ye of Christ?" They would answer, to the Artist He is the One All Together Lovely. To the architect He is the Chief Cornerstone. To the Astronomer He is the Son of Righteousness. To the Baker He is the Living Bread. To the Banker He is the Hidden Treasure. To the carpenter He is the Door. To the doctor He is the Great Physician. And so on to all the world. He is the Special One. Yes, to the sinner He is the Lamb of God that taketh away the sins of the world. To the christian He is the Son of The Living God, the Saviour, the Redeemer, the Lord. WHAT is He to You? Can you say with me, He is my all and all, King of Kings, and Lord of Lords?

CARD OF THANKS

We wish to express our sincere thanks and appreciation to everyone for their kindness, for the beautiful flowers, food and many words of encouragement at the loss of our wife and mother.
