Color Television, Texas Size

Color television will be introduced to Texans on this giant, movie-size television screen at the 1955 State Fair of Texas, Oct. 7-23. The singer is being televised by the camera visible at lower left-hand corner of picture. Both Dallas TV stations will transmit color programs daily from the Fair and closed circuit shows visible only on sets at the fairgrounds will be presented nightly. The RCA Color TV Caravan, the only mobile color TV unit in the world, will be based at the fairgrounds all during the fair.

TRUSCOTT H-D CLUB MEETS

The Truscott Home Demonstration Club met in regular session at the Community Center Thursday afternoon, Sept. 8, with Mrs. Jack Hickman, president, in charge of the meeting.

Roll call was "Safety in the Home." A report on the last Council meeting was given by Mrs. Hickman.

The encampment that was held

in July was discussed, and it was announced that the Knox County clubs were asked to be in charge of recreation at the encampment next year.

Mrs. Hickman appointed Mrs. Warren Corder, Mrs. J. G. Adcock and Mrs. W. R. Owens as a nominating committee. Club officers will be elected at the next meeting, which will be on Sept. 22 with Mrs. Adcock and Mrs. Gillespie as hostesses.

U. S. FARM EXPORTS UP 25% ABOVE LAST JULY

All U. S. agricultural exports for the month of July were valued at about \$265 million as contrasted with \$213 million for the same month a year earlier.

The 25 percent gain, says John G. McHaney, extension service economist, was chiefly due to government export programs which increased shipments of principal grains, tobacco and some fats and oils. Exports of wheat, corn, grain sorghums, soybeans and cottonseed oil improved.

Cotton exports, points out the economist, were less than half of the July 1954 total. Foreign buyers limited purchases to short-term needs because of uncertainty as to this country's cotton export policy in the new marketing year.

United States agricultural exports for the fiscal year which ended June 30 totaled \$3,143 million or 7 percent more than for the previous year.

McHaney says that government programs are expected to continue to give strength to farm exports during the current year. As a result of recently enacted legislation, authority for foreign currency sales by the U. S. Department of Agriculture now amounts to \$1.5

THE KNOX COUNTY HERALD, THURSDAY, SEPTEMBER 12, 1955

billion for the three-year period ending June 30, 1957. Authority for foreign currency sales by the International Cooperation Administration for the current fiscal year amounts to \$300 million. These facts coupled with other favorable business conditions in most foreign countries help to maintain or increase present rate of farm export McHaney.

SCOUTING MOVEMENT IN AREA GROWS 'BY LEAPS AND BOUNDS'

Scouting in the Northwest Texas Council has grown by leaps and bounds in the last five years, L. E. Groves, local scoutmaster, said yesterday. The Boy Scouts organization in Knox City is supported by independent finance campaigns.

"We are looking forward to a record year in 1956," Mr. Groves added. "In 1950 we had 4549 boys in Scouting in the area, this year the average number has been 5917."

This healthy growth in Scouting was achieved through the fine work of many volunteer workers in churches and other organizations sponsoring Scout units, the Scout executive said.

At the present time there are 165,000 members in the Scouting movement in Texas. Statistically, this amounts to one of every 4.7 boys of Scouting age. Boy Scout figures show.

In 1956, the Boy Scouts hope to reach more youngsters in Texas. "Every Texas boy wanting to become a Scout must be enabled to do so, our whole effort must be vastly expanded. We must give more help to churches and other sponsors of units. Likewise, our

camping facilities must be expanded. It is always good to remember that all these young Texans are helping themselves develop physical fitness, skill, self reliance, courage and high ideals of service to God and country," Mr. Groves said. "Your contributions to the Boy Scout independent campaign will help us reach our goal."

Some of the budget raised in the thirteen counties of the Northwest Texas Council will go toward the upkeep of Camp Perkins, near Wichita Falls, where hundreds of area youngsters enjoy summer camp each year. Last year more than 780 camper weeks were spent there by youngsters getting the thrill of their lives.

Camp Perkins is well developed and has facilities to take care of most outdoor activities. At a reasonable cost, youngsters can enjoy swimming, boating, canoeing, handicraft and camping, all under the guidance of experts.

Scout executives say that in 1956 they plan to greatly increase the number of boys attending camp. Present plans call for every

Scout to take at least one hike each month and to spend at least 10 days in camp.

Other funds will be used to supply things that no boy, leader or institution can supply. The money will help maintain the basic Scout program, training for leaders, program material, a service station for supplies and records, advancement standards and awards, and professional leadership and guidance.

"Scouting is not for any select group. It takes in all future Texans. It is for boys of every race, religion and economic background. Contributions to your local finance organization moving," Mr. Groves said.

SO MUCH FOR SO LITTLE . . . THAT'S LEGUME INOCULANTS

COLLEGE STATION. — The cost is small but the returns, in terms of increased yields and better quality legume crops, are great. Yet, says L. C. Coffey, extension agronomist, farmers still plant legumes without spending the few cents an acre required to do the inoculating job.

He says 50 cents will buy the inoculant needed to take care of enough alfalfa or clover seed to plant up to five acres. Less than 25 cents an acre will inoculate winter peas or vetch. Coffey points out that different strains of bacteria are effective on different classes of legumes. Be sure and get the culture recommended for the crop to be planted.

The seed inoculants contain beneficial live bacteria. The bacteria attach themselves to the roots of leguminous plants where they absorb energy from the plant and in turn help the plant to take nitrogen from the air. They do this by a process known as "nitrogen fixing."

Both effective and ineffective bacteria may occur naturally in the soil but Coffey says why take a chance on lower yields and quality by not inoculating the seed.

He says seed inoculants can be obtained from seed dealers and that it is important to follow the directions on the container. The seed should be planted soon after it is treated.

Tommy Edwards left Sunday for Austin to enroll in the university. He is the son of Dr. and Mrs. T. S. Edwards.

Nancy Asheroft Weds Haskell Man

Nancy Sue Asheroft, daughter of Mr. and Mrs. J. M. Asheroft of Stamford, formerly of Knox City, became the bride of Kenneth L. Quattlebaum of Haskell Monday, Sept. 5, in St. John's Methodist Church in Stamford.

Parents of the bridegroom are Mr. and Mrs. W. W. Quattlebaum of Haskell.

The Rev. Marshall Rhew, Methodist district superintendent of the Stamford district, read the double ring ceremony. Music was presented by Dick Bouchett, organist. To the accompaniment of organ music, Ann Pryor read the poem, "How Do I Love Thee" by Elizabeth Barrett Browning, prior to the ceremony.

The bride was given in marriage by her father and was attended by Joan Goss of Stamford, Bill A. Dilbeck of Haskell served as best man.

The bride wore a short-sleeved, light wool, gold afternoon dress with multi-colored beaded hat and brown lizard shoes. Her corsage was of brown and gold chrysanthemums and she carried a white Bible.

The altar was decorated in brown and gold chrysanthemums. The couple knelt on a white satin pillow for the final prayers.

Immediately following the ceremony, the young couple left on a short wedding trip.

They will attend West Texas State College at Canyon this fall, both as freshmen.

Mrs. Quattlebaum graduated from Stamford High School in the spring. She was drum major last year of the high school band, of which she had been a member for six years, playing the clarinet. She

is also a talented pianist and has served as accompanist for Sunday School departments at St. John's Methodist Church. She was president of the Stamford District Youth Fellowship in 1954-55. She attended Bluebonnet Girls in Austin in 1954, went to district and regional meets in declamation two years and to state in typing one year, was in Stamford High School Who's Who two years, Smile Queen in 1954, and most friendly senior in 1955. She was assistant editor of Bulldog News and took part in Junior and Senior plays.

BRIDE-ELECT HONORED AT GIFT SHOWER

A bridal shower for Miss Dorothy Jean Pack, bride-elect of Larry Don Lain, was held in the home of Mrs. J. M. Averitt Saturday afternoon, Sept. 9, from 4 to 5 p. m.

Miss Pack and Lain will be married Sunday, Sept. 18, at the home of her grandparents, Mr. and Mrs. W. H. Hodges.

Mrs. Averitt greeted guests at the door and presented them to the honoree, her mother, Mrs. Willis Pack, and the prospective bridegroom's mother, Mrs. Fred Lain of Munday.

Mrs. Morris Jenkins presided at the registry.

The dining table was covered with a white linen cutwork cloth and centered with an arrangement of yellow seasonal flowers. Appointments were china and silver.

Mrs. Ed Wynn served the cake and coffee was poured by Miss Florence Reeves and Miss Ray Nell Stark.

Others assisting with serving duties were Mrs. C. H. Gideon and Mrs. Vera Taylor.

Gifts were displayed by Mrs. Alen Hester and Miss Ethel Lemond.

General K. L. Berry, State Chairman for the 1956 March of Dimes, and Maurice Heath, veterans in the fight against polio, point the way to the 1956 March of Dimes planning for Texas. Maurice, age 7, after 5 years of treatment hopes to discard braces and crutches soon. General Berry again leads the fight against polio in 1956.

MORE LICENSE EXAMINERS TO BE EMPLOYED

AUSTIN, Aug. 19.—Applications are being received by the Texas Department of Public Safety for appointment as Driver's License Examiner, according to a statement released by Col. Homer Garrison, Jr., Director of the State Safety Department.

Young men between the ages of 21 and 35, inclusive, may apply between now and September 20, closing date for receiving applications, according to Garrison.

In addition, applicants must meet the following qualifications: be not less than 5 feet 8 inches in height; weigh not less than two nor more than three pounds per inch of height; have a high school education; be of good moral character and subject to rigid character and physical examinations. Also, they must have resided in Texas for at least a year.

Application blanks may be secured at any State Driver's License District Office or by writing directly to A. F. Temple, Chief, Driver's License Division, Texas Department of Public Safety, Austin.

Mr. and Mrs. Henry L. White have moved into their new home, on the lots just east of his mother, Mrs. Myrtle White. The house has a living room-dining room combination, two bedrooms, two baths, den and kitchen.

Mr. and Mrs. Paul Siecke returned to their home in Pittsburgh, Pa., Wednesday after a visit in Knox City with her parents, Mr. and Mrs. Joe Reeder, Sr. and other relatives. Mr. and Mrs. Reeder accompanied them home for a week's visit.

Bert Reynolds of Ft. Worth arrived Wednesday for a visit with his sister, Mrs. C. C. Hoge, and Mr. Hoge.

Mr. and Mrs. Bobby Burnett are moving into the Jim Ross home, which they recently purchased. At present Mr. and Mrs. Ross are living in the Bill Clonts garage apartment. They plan to begin construction soon on a new home.

Former H-D Agent Wins Recognition

Miss Luella King, Knox County Home Demonstration Agent in 1943, is one of four Texans selected to receive the 1955 Distinguished Service Award of the National Home Demonstration Agents' Association.

Presentation of the awards will climax activities of the Association's national meeting in Seattle October 9-12. A special recognition luncheon is planned for Oct. 12 at the Olympic Hotel in Seattle.

Miss King is now Sherman County agent, where she has been since 1952. She joined the Agricultural Extension Service when she came to Knox County in 1943. In 1946 she transferred to Young County where she remained until she accepted her present assignment. Before coming to Knox County, she taught school at Hood, Linn, Hays and Valley View.

Her record shows outstanding work in the field of home furnishings and homestead improvement Foods, clothing, home management, family life and recreation have also been emphasized in her program of work.

She uses many methods in an effort to reach as many people as possible. Through newspaper, telephone, radio, leadership training meetings, club meetings, home visits and community gatherings she reaches many.

An interest in oil painting, square dancing, tennis, and people are listed as her hobbies. Those who know her say that she strives for perfection, is a conscientious worker, and inspires those who work with her.

STREAMS in Desert Places

By Ozelle Stephens

We have but to learn the providence of our God to be calm and victorious in the storms and conflicts of life. David said, "As the mountains are around about Jerusalem, so the Lord is around about his people from henceforth even forever." (Ps. 25:2). Remember Exodus 14:14, "The Lord shall fight for you, and ye shall hold your peace." Wait upon Him and He will restore your soul as well as renew your strength. When His word becomes a part of you, it is easy to bear patiently the cross of grief and pain. You can trust Him to order and provide, for you know He will lead you to a joyful end.

His grace will give you hope and confidence and mysteries will be made plain. He who rules the waves and winds can make grief and fears be gone and give the purest joys of all. They Stream unto you through faith in His word which giveth light and understanding.

SOCIAL SECURITY NOT LOST IF EARNINGS AMOUNT TO \$1200

You can now earn up to \$1200 in a calendar year and not lose Old-Age or Survivors benefits, according to Erton F. Tate, manager of the Wichita Falls Social Security office. This new provision was included in the 1954 amendments and is effective with the year 1955. This change not only raises the amount of earnings permitted before loss of benefits occurs, but puts the wage earner on the same reporting basis as a self-employed beneficiary, Mr. Tate said. Previ-

ously, the earnings of a wage earner were considered from month to month whereas now it is on an annual basis.

The new retirement test includes all earnings regardless of whether they are covered by social security.

The age beyond which the retirement test does not apply has been reduced from 75 to 72. In other words, after an individual attains age 72, he may accept his benefit checks regardless of the amount of his earnings.

"Between the ages of 65 and 72, a beneficiary loses a month's check for each \$80 or fraction thereof he earns over the \$1200 limitation.

Mr. Tate states that by these changes, Congress greatly liberalized the retirement test. As a result many individuals will continue to work on a part time basis and still receive their old-age benefits.

Farmers in District Planning to Plant Winter Cover Crops

Many farmers in the Wichita-Brazos Soil Conservation District are making plans to plant winter cover crops on their clean tilled land for wind erosion control and soil improvement, according to technicians in the Knox City SCS office.

C. C. Browning, who farms two miles Southeast of Truscott, is planting 150 acres of Austrian winter peas. Browning used the soil conservation district seeding equipment.

Others who plan to plant winter legumes are Claude Richardson, George Wall, Lee Patterson, Buster Coffman and Felton Jackson.

Conservation farmers who plant winter legumes realize that they furnish a protective cover on the ground during the critical blowing period. They also know that they add organic matter to the soil which helps to hold water, plant food and air, and that winter legumes add nitrogen to the soil which is essential to the growth of all crops.

Soil Conservation Service technicians in the Knox City work unit state that the main winter cover crops for the district are Austrian winter peas, Dixie wonder peas, hairy vetch, and a mixture of rye and vetch; and that all legume seed should be inoculated before planting in order to obtain the best results.
