Work on Highway No. 51 Begun

Monday of this week a crew of cement men began work on Highway Number 51 South of Knox City at the Haskell County line. They will construct culverts, dips, etc. and will be followed closely by the dirt movers and graders. This Highway extends south to Rule and connects with Number 18 that enters Stamford. Knox City thusly gets another good highway outlet that increase travel through our city. The work will also employ a large number of men who will contribute their share of patronage to the merchant houses here. West Texas and especially this section has had to contend rather severely in competition with the east for most of the road improvements it has received and this victory comes only after a long and vigorous period of agitation by the citizens of this section. That highways are essential to the development of any country is conceded by all and have been used for that purpose in the history of all nations. While other countries sought wealth by various methods, Rome built highways and conquered the world, while its chief city became the imperial city of the world. If highways hurt any town, it is because that town has an improper location or its merchants are not progressive in their methods.

Keny & Wiltbanks Alfalfa Harvest

The first cutting of alfalfa on the Keny and Wiltbanks river farms west of Knox City began Wednesday forenoon. A number of men are employed in this work which lasts several days each cutting for the three crops. Alfalfa is probably the best feed grown for all purposes and all kinds of stock and since it is first to be harvested it has an undeniable advantage over all other feeds. The cutting this spring is good because of the fine fall and winter seasons. This land is rather of the sub-irrigated type anyway and the alfalfa holds up on it unusually well through out the summer.

Mrs. E. F. Branton announces that the school closing exercises of Union Grove will be held Thursday and Friday night of this week. A class play will be given on one of the evenings and the graduation exercises on the others.

Miss Ruth Hammock, who has attended Texas Woman's College this year, is soon to enroll for the summer work at A. & M. College Station. Miss Hammock will stay in the home of a friend with whom she roomed during part of her year at T. W. C.

Hospital Notes

Those receiving treatment at the County Hospital this week were Mrs. J. D. Marlow, Benjamin; Jaunita Turnbow, Haskell; Miss Lucille Dunlap, Vera; Mrs. J. L. Hammett, Crystal Falls; Mrs. W. C. Hall, Benjamin; Mrs. Benn Williams, Needmore; Mrs. Wright and infant daughter of Aspermont.

Dismissals were: Mrs. B. C. Hancock, Rochester; Erenst Spinks, Gilsum; Lillian Hackney, Throp. Mrs. Southern in Mrs. Wright, of Haskell spent Tuesday in the county hospital and Mrs. J. R. Smith of Monday was also a patient on Thursday. Mrs. Tom Clarke of near this city also received treatment on Tuesday of this week.

A. E. Propps and family visited in the home of his brother in Gilliland last Sunday. Mr. Propps says that grain in that section is the best that he has ever seen in all he years that he has known that country.

Miss Mary Reeder motored to Fort Worth this week to visit Miss Margaret Reeder who is in school there. She was accompanied by Corene Shaw and Mary Eliza Clarke who also visited relatives in that city and Dallas.

Munday Looses to Knox City Score 5 to 3

Another fine ball game was witnessed here Sunday afternoon by a large crowd composed of local citizens and Mundayites the score being 5 to 3 in favor of Knox City. Good playing and clever moves were offered in vain by Knox City's adversary, they were just outclassed and so went to defeat by an undisputed test of fair sportsmanship. Knox City is playing 1,000 per cent while Weinert is still leading on the other end with a per cent of .009 they seem to enjoy being in the cellar.

John Coates and B. B. Cochran both of long experience in planting on Knox Prairie says this has been the most backward spring they have ever experienced here. The late cold winds destroyed the early stands and the soil is just now getting warm enough to bring up plants in the customary time.

Luncheon Club Recesses Till August 18th.

The Knox City Business Mens luncheon club met at the regular hour Tuesday at the Sanitary Cafe. A number of general topics were under discussion. It was decided at this meeting to recess till August 18th, at which time the regular luncheons will be resumed. Any matter of importance, however, will receive attention if referred to the executive committee during that time. The business mens club has been quite active in all advance movements, for the upbuilding and best interests of the city and community and we are glad to learn that their work will be resumed after the summer recess.

Those who doubt that Spring is actually here, may view the most reliable evidence in the late afternoon as W. H. Benedict rolls by in his thoroughly renovated Willis-Knight. It may also be a harbinger of better times as said Willis-Knight has been in seclusion for about two years. He said he heard good times were just around the corner and he thought he better employ a faster mode than walking to catch up with those better times.

Press Hitchcock, assistant Scout Master, accompanied by J. E. Clarke took a group of the Scout members on a swimming party Tuesday afternoon. The boys enjoyed the dip to the fullest extent and will be eagerly awaiting another such occasion.

Surprise Party

One of the most complete surprises ever wrought in Knox City was that which Mrs. Press Clarke faced Thursday afternoon of last week.

Mrs. Clarke, completely unaware of conspiracy on the part of her friends, accepted the invitation extended her to a party in the home of Mrs. J. A. Wilson, and when, after thirty guests had gathered, the purpose of the occasion was announced the honoree, Mrs. Clarke, was most overcome with surprise.

During the afternoon, games under the direction of three junior hostesses Misses Mabel Clonts, Sydna Edwards and Clara Clarke, were heartily enjoyed. Following Mrs. Clarke was presented an array of beautiful gifts. The presentation, in the form of a reading "Little Jack Horner" was very unique.

Refreshments of a salad course and angel food cake were served. Mrs. Wilson was assisted as joint hostesses by Mammy Smith, Mrs. T. S. Edwards and Mrs. C. C. Hoge.

Summer Time and Growing Weather at Last

Now comes the gentle summer time with its balmy weather and myriad enjoyments. With a hearty welcome we always greet its return. Who is there that does not appreciate the long warm days and cool nights, with their rapid growth of vegetation, sleeping in the open, a plunge in the pool and all kindred pastimes. It is in the summer time that the fruit of the vine and the stalk vied with each other in furnishing edibles to tempt the palate. Then comes the evenings when we sit together under the stars with the effulgent moon sailing like a silver ship in the ethereal blue. It is then that we realize that the great miracle of God's creation is working and that soon the harvest will be at hand. "In the morning sow the seed and in the evening withhold not thy hand" is the injunction to man. And while Knox Prairie has never been designated as the "green belt" or a "garden spot" it has always had sufficient to offer the man of prudence and energy. Courage coupled with frugality and industry has been amply repaid to those who have kept the faith with its soil and seasons.

Press Hitchcock and family visited relatives in Haskell last Sunday night and attended the revival meeting being conducted by Reverend B. B. Crimm, of Marshall. They report an enjoyable service with a fine interest being manifest in the meeting.

Mrs. J. A. Wilson and daughter, Florence and Reeder Smith of this city, with Miss Kay, and Miss Rose of Rochester, spent the past weekend in Lubbock.

The Girl Scouts enjoyed a picnic Tuesday afternoon west of town, the occasion being in honor of their captain Mrs. Ottila Cash, who leaves soon for Canyon. The Scouts plan to meet two weeks from this date with Mrs. O. L. Jamison at which time the girls will start a girl scout quilt. During the summer months they will meet every two weeks under the leadership of Mrs. Jamison.

A summer school being conducted by Mrs. Horace Finley was opened at the school building Monday of this week and will continue six weeks. This term offers an opportunity to students to amplify their past term work and to make up what ever credits they have been deficient in. Mrs. Finley is an instructor of recognized ability and will no doubt have a large number in attendance.

Tennessee 'Het Up' on Clothes and Religious Issues

Turbulent old Tennessee, the cradle of political upheavals and religious disorders is again to the fore with a controversy similar to the one of the not so long ago when a professor of that state asserted his right an intimation to teach in the public schools that the human race evolved from the lower animals. This time the battle rages over an issue of the Southwestern University who is charged with irreverent statements of the scriptures and allowing pajama dancing parties on the lawn in which Co-eds mingled in the merry-making. It seems that the question of right and proper dress will never be thoroughly settled, partly because of the always eager designers introducing radical changes in styles in order to render present apparel unfit for use so that a new wardrobe may be sold. Then aside from the commercial aspect there is the ever changing attitude of the wearer herself. Always desirous of commanding an appeal and appearing attractive the woman have run the gauntlet of criticism in all ages and the end is not yet. Apparel is largely a matter of geography. What is recognized as suitable dress in one zone would be quite shocking in another. Customs make laws. A bathing suit may be alright an permissible at the seashore but not at the ribbon counter. Styles have never been just to the liking of everyone and were most emphatically criticised and the wearers rebuked in the days of St. Paul and Isiah. There is nothing essentially vulgar about the human form and since to the "pure all things are pure" we think that a dress whether to be worn in Paris, New York, or Knox City has performed its legitimate mission if it has pleased the buyer.

Munday, Texas, May 28—The commissioners court of Knox County has appropriated the sum of \$300 for the work of carrying on immunization of school children against diphtheria, smallpox, and typhoid fever. This fund is to be used in connection with the amount appropriated by congress to carry on the work of immunization in the drouth stricken areas.

Mr. and Mrs. Ottila Cash and Miss Eta Faye Hutton of this city Mrs. C. W. Hutton and Dean Hutton of Truscott will leave here the first of next week for Canyon where they will attend West Texas State Teachers College. They made a trip to Canyon last week to secure rooms for the summer.

Reverend and Mrs. F. P. Johnson were guests of Mr. and Mrs. L. N. Bridges Sunday afternoon. Reverend Johnson is pastor of the Methodist church at Goree.

We have a recent shipment of new Firestone tires that will please you in price and service. Ashcroft Chevrolet Company.

Mr. and Mrs. Bert Weaver of Monday were guests in the home of his parents, Mr. and Mrs. John Fortenberry here Sunday.

Sheriff C. R. Elliott and City Marshal G. T. Hardberger attended court at Aspermont Monday of this week.

The Girl Scouts and their mothers were entertained Tuesday night of last week in the home of Mrs. Zac Hammock.

Misses Verdie and Margant Denton plan to leave next week for Canyon to attend W. T. S. T. C.

Mr. and Mrs. J. E. Mabry of Fort Worth were in Knox City this week to visit in the home of Mr. Mabry's sister, Mrs. Vance Jones.

Mrs. Williams of Merkel came last Saturday to visit her daughter, Mrs. E. Q. Warren.

MEMORIAL DAY

On May 30th the nation will pay tribute to the memory of the legions of gallant heroes who laid down their lives on many fields of battle in defense of our country and flag. Throughout the length and breadth of the homeland, as well as in many foreign countries, the final resting places of the thousands who gave their all that we might enjoy in peace the blessings of prosperity will be strewn with flowers, and the day will be marked by many memorial ceremonies.

To many the occasion will be tinged with sadness, for the memory of those who made the supreme sacrifice will be still fresh. To all of us the occasion will be one of solemnity for we cannot forget that to those whom we thus honor we owe an everlasting debt that grows not less but greater with the passage of the years. It is a day, therefore, of national-wide communion in which every man and woman, every youth and maiden may rightfully join. Those to whom the day means the recalling of a personal sorrow and those who are moved alone by a spirit of reverence in paying tribute to heroism will find themselves united by a common bond of national fellowship.

It is a season for the exercise of those deep emotions whose evidence is silence and gravity. It is a time when by contemplative reverent we may come into the spiritual presence of those legions of departed heroes who fought desperate battles in order that we might live in peace. As we pause with bowed heads to think upon their deeds, we may see them pass in review before us. From out of the distant past we see them come—the patriotic Fathers of 1776, the "boys of sixty-one" in massed battalions of blue and gray the dashing platoons of those who conquered the wind-swept plains in the 70's and 80's, the lion, blue-clad columns of those who swept up San Juan Hill in 1898, and finally those khaki-clad hosts who carried our standards to victory on Flanders Field. As we gather on May 30th to pay homage and humble tribute to our heroes of past wars, there will be no North, no South, no East, no West, but a Nation United, all sections bound together by the bonds of a common reverence.

A new kind of army worm is slashing fields of wheat and oats in the grain section of Wichita Falls particularly around Electra where they are harvesting some fields before the grain is ripe and are doing the stubble to destroy the pests. The worm is about the size of the cotton army worm but has a striped back. They appear in great numbers and eat all foliage and grain heads to the ground.

CHILDREN
CRY FOR IT—

CHILDREN hate to take medicine as a rule, but every child loves the taste of Castoria. This pure vegetable preparation is just as good as it tastes; just as bland and just as harmless as the recipe reads.

When Baby's cry warns of colic, a few drops of Castoria have him soothed, sleep again in a jiffy. Nothing is more valuable in diarrhea. When coated tongue or bad breath tell of constipation, invoke its gentle aid to cleanse and regulate a child's bowels. In colds or children's diseases, you should use it to keep the system from clogging.

Castoria is sold in every drug store; the genuine always bears Chas. H. Fletcher's signature.

Mr. and Mrs. Moseley and Mr. and Mrs. John Smith motored to Lake Kemp Sunday afternoon.

J. W. Cumba is now with the mechanical department of the Ashcroft Chevrolet Company.

Mrs. Holt Moseley was the charming hostess to the 42 club at her home last Friday afternoon.

The Huntsman children who are reported victims of the Scarlet Fever, are doing nicely.

David Clarke is spending the week with his grandmother, Mrs. Hutchison, in Wichita Falls.

Mrs. E. E. Messer and sons Irmon and A. J. motored to Childress Sunday for a short visit with friends.

When you refused Joe my hand, Daddy, did he go down on his knees? "Well, I didn't notice just where he lit."

"You are lying so clumsily," said the judge to the defendant, "that I would advise you to get a lawyer."

By an error of understanding it was stated not long since that it was not the intention of Dr. Emory to return to Knox City when he had finished his course in Chicago. We are glad to state, however, that his friends are expecting him here by July 1st or earlier.

We regret to hear that Sweeney is not able to officiate again his week or of last week in the attempt which probably the high windy weather was preventing.

MEMORIAL SERVICES

Arrangements are being made for special memorial services Sunday at the morning hour under the auspices of the local chapter of the American Legion. At the hour of going to press the speaker and place had not been determined but announcements of a definite nature will be out Saturday and at the Sunday Schools Sunday forenoon.

Regular services will be held at the First Christian Church Sunday night, by the pastor Brother A. R. Caudle. Those not worshipping elsewhere are cordially invited to attend this service.

Cutajar—I understand your heels have stopped laying.
Chlupp—Yes, two of them have.
Cutajar—What's the reason?
Chlupp—They had an auto accident.

Barber—Have you tried that hair tonic I sold you?
Baldy—Oh, yes.
Barber—And did you find it brought out the new hair?
Baldy—No, but it brought out the old hair, all right.

“And your husband has a prosperous business, I suppose.”
“Oh, yes, he is taking in a lot of money. Only last night he told me a receiver was to be appointed to assist him.”

RELIEF

from Headaches, Colds and Sore Throat Neuritis, Neuralgia

Don't be a chronic sufferer from headaches, or any other pain. There is hardly an ache or pain Bayer Aspirin tablets cannot relieve; and they are a great comfort to women who suffer periodically. They are always to be relied upon for breaking up colds.

It may be only a simple headache, or it may be neuralgia or neuritis. Rheumatism, Lumbago, Bayer Aspirin is still the sensible thing to take. Just be certain it's Bayer you're taking; it does not hurt the heart. Get the genuine tablets, in this familiar package.

BEWARE OF IMITATIONS

“When I sell anybody on Germ-Processed Oil once . . . they stay sold!”

THE use of Conoco Germ-Processed Motor Oil becomes a decided preference once you have had it in your crankcase. Its value to your motor, and to you, is quickly demonstrated. You may never have need to call on it for the extra safety factor it provides. You may never drive fast enough to test its ability to stand up day after day at 60 miles per hour. But when your speedometer says it is your usual oil changing time and you find your oil in perfect condition for longer use . . . when your gas-gauge tells you that your mileage has definitely increased . . . when the space of time between added quarts of oil and between repair bills has appreciably lengthened . . . then you know that you were right in changing to Germ-Processed oil.

So many motorists have changed to Germ-Processed and “stayed sold” that it has caused a real stir in oil circles. Join these motorists in their satisfaction. Stop today at the sign of the Conoco Red Triangle and ask for Conoco Germ-Processed Motor Oil. All grades 35¢ per quart.

YOU BE
THE JUDGE**

READ the comparison of construc-
tion and prices outlined below and judge for
yourself. Why should anyone take chances
with special brand tires of unknown manufac-
ture when you can buy Firestone quality tires
at no extra cost?

We save you money and serve you bet-
ter because of Firestone's direct buying of
rubber and cotton—undivided interest in
building tires—owning their own factories,
the most efficient in the world—and their
great economical distributing and standard-
ized service system.

Final Step in Assembly of Ford Cars

This is a scene from the moving picture of a tour through the plants
of the Ford Motor Company, one of the features of the Ford road show.
The picture shows the final assembly line on which the Ford is put
together part by part as it moves slowly forward until at the end of
the line the completed car is driven away under its own power. Parts are
served the workmen by conveyors. Each part is timed to arrive at
precisely the right moment.

In this illustration the chassis of the car in the foreground has been
completed and a body is being lowered by a crane from a balcony.

**Ford Show to Exhibit
Under the "Big Tops"**

Residents of Knox County and this
county will have an opportunity to
"visit" the great plants of the Ford
Motor Company through the medium
of a sound motion picture to be ex-
hibited in Vernon next week Warren
Brothers local Ford dealer, announce-
ed today.

The movie will be a part of a Ford
show to be held beginning June 4
and continuing through June 6 in
a large tent in Vernon. The show
will be open to the public free of
charge from 10 a. m. to 10 p. m.
each day.

Those who visit the show will be
able to learn not only how Ford cars
and trucks are manufactured in quan-
tity production, but to obtain some
idea of the vastness of the Ford en-
terprise. Mr. Warren of Warren Bro-
thers pointed out they will see how
coal obtained from Ford owned min-
es is transported to the plants in

Dearborn, Michigan in Ford-owned
railroad cars; how iron ore from
Ford mines and lumber from Ford
forests are carried in Ford lake ships
and how in the manufacture of the
car various by-products are utilized
for making fertilizer, charcoal bri-
quets, chemicals and other things.

Besides the motion picture, the
show will include a number of spe-
cial exhibits revealing step by step
how various parts of the car are
made, a cut-away truck chassis, and
a Tudor body cut in half to reveal
the details of its construction.

A feature of the show will be a
display of the full line of Ford pas-
senger and commercial cars.

Arrangements for the show were
made by the local dealer in coopera-
tion with Ford dealers in nearby
towns and the Dallas branch of the
Ford Motor Company.
