The reason of Mr. Cerveny's... tion as being eligible to receive this seed is because of his unusual success and ability of increasing Bonita and Caprock Milo in 1943. All seed is a very high quality and germination. Mr. Cerveny also has adequate bin storage to keep each variety separate.

Knox County has great need for a certified seed-grower and to increase the more popular kinds that are suitable to soil and climatic conditions of Knox County.

General Praises Clubs For Good War Work

The following letter was received by R. O. Dunkle, County Agent and Miss Lucille King, Home Demonstration Agent, from Major General E. B. Gregory of the Army Quartermaster Corp. "It is a pleasure to extend a greeting and best wishes to the 1,700,000 members of the 4-H clubs of America on the observance of National 4-H Mobilization Week. It is an opportunity to express to you on behalf of the Army our appreciation for your aid to our country and its servicemen during 1943. Agricultural products are ammunition to destroy the Axis."

"We of the Quartermaster Corps do not evaluate a contribution such as yours on a dollar and cents basis nor in terms of pounds or bushels. Our yardstick is the number of soldiers clothed, fed and equipped by the product of your toil and sweat. Your goal for last year as expressed in your motto 'Feed a Fighter in 1943', was a most praiseworthy one and we commend its continuation for 1944 as well."

Over \$800 Collected For Polio Fund

Knox County rallied to the support of infantile paralysis funds with one of the highest per capita contributions in the history of the March of Dimes in this section. Mrs. Leroy Melton of Benjamin, head of the county committee in charge of collections, reports a total of over \$800.00 collected during the short but responsive campaign. Benjamin led the roll of honor with a total of \$154.70.

One-half of this sum shall be retained by the county for local work in combating the disease and the balance goes to the national foundation for the good work they are doing. It is planned to use the county's share in securing especially trained nurses and equipment in case the epidemic should break out again in this locality.

While the above funds were collected in the annual March of Dimes drive, contributions to this worthy cause are always welcome. There is no closed season for the disease and it is the hope of the local committee to have a good bank balance in reserve for an emergency.

Contributions were listed as follows from over the county: Knox City, \$119.24; Munday, \$130.35; Benjamin, \$154.70; Goree, \$36.20; Gilliland, \$56.67; Hefner, \$7.60; Union Grove, \$61.57; Breck, \$40.15; Truscott, \$104.00; Rhineland, \$39.90; Vera, \$29.84.

The above list represents a total of \$800.22, against which only one expense item of \$5.00 is charged. One outstanding feature of the local campaign has been the low expense and administrative cost of collecting.

Knox County Cattle To Show In Ft. Worth

Lee Smith of Knox City has entered three Herefords in the Southwestern Exposition and Fat Stock Show at Fort Worth, March 10 to 19, manager Davis of the show has announced.

A varied program of educational and amusement advantages will be presented during the nine-day show, which will be held in the new Will Rogers Memorial Coliseum at Fort Worth.

The rodeo will be offered twice daily at 2 and 8 P. M., and as a feature of the matinee rodeo performances the third annual contest for cutting horses will be presented.

The outlook for the livestock show is bright this year in view of the fact that average prices paid for purebred cattle at sales in recent weeks have been the highest in many years.

Texas Tech Installs 7-Saw Cotton Gin

A new 7-saw cotton gin has just been installed in the textile engineering building at Texas Technological College. The unit will be used for purposes of instruction and research work, according to L. E. Parsons, textile head.

Ginning, Parsons said, was the first and one of the most important steps in cotton processing and that it was

very helpful to have textile students studying of his undertand good ginning. Since the gin is in a building and the humidity is controlled, it is possible to make a study of the effect of humidity control in operating static. West Texas ginneries have considerable trouble with static electricity and are interested in experiments to determine whether or not humidification will be a practical aid.

An Open Letter To My Friends

Knox City, Texas
 February 9th, 1944

To my friends:

I want to take this opportunity to thank my many friends for the splendid business given us during the ten years I have been in Knox City. Whatever success I have attained is a direct result of your patronage and I am deeply grateful for the favors of my friends and customers.

As you know, I passed my physical examination at Lubbock three weeks ago and will be inducted into the Army at Fort Sill on February 9th. Along with hundreds of other Knox County men and women I am glad that I am able to be of service to my country in the struggle for world freedom.

This is not a farewell message in any sense. I own my home here and expect to return when my services are no longer needed by Uncle Sam. The firm of Egenbacher Brothers will continue to operate during my absence under the management of my brother, Herman Egenbacher, and I will appreciate any favors shown him. Due to conditions beyond our control, there may be times when service is not up to par. With the existing shortage of mechanics, it will be impossible for us to turn out repair work as quickly as we would like. However, under the circumstances we feel that you will be cooperative and we ask your indulgence with us.

While we are away, and until Victory is won, we hope that all of you will keep on buying War Bonds and keep things rolling on the home front.

Again thanking you for the many courtesies shown and with every good wish, I am,

Sincerely yours,

ERWIN EGENBACHER

B. B. Cochran reports to the committee that their part of the community has bought the same amount of bonds as they have in past drives. He says it has been reported that one of the biggest problems we confront is that some people believe we can whip the Japs with a four-row tractor and a bunch of exemption papers. We are glad to report, however, that we have not found that feeling to be true in our part of the county.

BUY BONDS!
★ ★ ★ ★

This is the talk of every American. Are you tired hearing that repeated every day? Has it lost its effect on you? Has it become unnoticeable and become an every day word as "Hello"? If you are one of those victims, wake up, red-blooded Americans! Remember the bravery and sacrifices of your ancestors! Get that old blood to circulating again. Demand vengeance for those who were brutally slain in the Phillipines!

I am not asking you to sacrifice, but to lend old Uncle Sam what surplus you have. He is a good old man, 168 years old, but getting younger every day. Do not let him down in the time of need. You know he will come to your rescue when you need him. Let us not fall below our quota. The bonds you buy are not only a good investment but security on what you have.

Please do not get annoyed when one of the committeemen ask you to buy bonds. In fact, we should not wait until we are asked. Everyone should realize it is his duty to buy bonds. Buy Bonds Until Freedom Rings! (P. S.—Tojo and Hitler's necks.)

Yours very truly,
A. J. MALOUF

JUNIOR NEWS

The Juniors had just about what you would call a hen-party Thursday night! It seemed that the odds were against their having their party Thursday night. Most of the boys who were invited had to play beskeball. There were around eleven or twelve girls there and about five boys. They all seemed to have a good time, though. They played games in the gym and then were served cookies, sandwiches, punch and candy in the Home Ec. room. Miss Rice and Miss Parsons acted as sponsors for the party.

SOPHOMORE NEWS

The Sophs called a class meeting the other day and elected new officers. They are: Sam Clonts, President; Olene Walker, Vice-President; Marshall Woolley, Sec'y-Treas. On the refreshment committee are: Louise McNellie, Olene Walker, Henry L. White. On the entertainment committee are: Mildred McGee, La Rue Malouf, Dortha Payne Gage, Lora Beth Bradberry.

We are more than sorry to have lost two good students from our class this week. They are Ken Frizell, who is going to school in New Jersey, and La Queta Yates, who has moved to Munday. We wish them both the very best of luck anyone could have.

All the Sophs seem to be enjoying the basketball games, mostly because their class represents part of the team.

FRESHMEN NEWS

The freshmen have been pretty dull this week. We haven't had any absences this week, for which we are very proud. Mr. Graves may be disappointed when he finds that some of the freshmen don't know their algebra; you see we have had a test.

The Homemaking girls have been studying foods and everyone gets hungry when Miss Rice starts giving lectures. Some of the freshmen have come out for junior volleyball and basketball. We know they'll be wonderful players.

Margaret, we wish you luck in your new home and hope you have much happiness there.

Verne, we also want to wish you, Margaret and Jack, happy birthday.

DOGHOUSE

We're beginning to wonder who the boy was Joyce was leading around this past week-end—and, gee whiz, what was he doing with so many clothes in the car?

M. M. you'd better watch these lads. Some of them come back but the ones you want to come back never do. Better beware.

D. G. where were you Sunday nite? We came to town but we didn't see you anywhere. Could it be that you and Fan were out of town?

B. F. who were you with last Thursday night? I'll bet we could ask Harry about that and where were you?

Reba, Margaret, Sue, where were you Saturday night? I'll bet I know—Jack, Rudolph and Bobby Joe should know, too.

Lillian, did you enjoy the long walk Saturday night? Moonlight becomes you.

Shorty, who was the Gob you were with Friday and Saturday night? I wish you would tell us where you got him. We might want one soon. How about it?

Say, Mr. G., why didn't you come on in Friday night? She saw you out there with that wistful look in your eyes.

Miss A. R., how did the punch affect you Thursday night? Did you come out "punch drunk"? It was pretty good, though.

Say, Betty, where were you Thursday night? And who were you with? I wonder.

We all regret the fact that the boys lost both of their basketball games in the Munday tournament. Better luck next time.
