Awards Banquet To Be New Method For Blood Awarus Banquet 10 Be Donors Announced Wed. At Munday January 24

The 1972 Knox County Junior Livestock Show Sweethearts and Awards Banquet will be held Monday night at 7:30 o'clock in the Munday High School Cafeteria.

This event, held annually, honors the young exhibitors from the Junior Livestock Show and special recognition is given the buyers and donors.

Highlighting the banquet will be the final selection of the 1972 Knox County Junior Livestock Sweetheart from a panel

of seven girls. Each FFA chapter and 4-41 club within the county may choose a sophomore or junior girl to compete for this honor. Each candidate was required to be present for the presentation of ribbons at the show, Candidates will be judged on poise, personality, in-school and outof-school activities and scholastics. This years entrants include Jan Guinn and Becky Swain, Knox City; Christ Greenwood, Goree; Mary Brannon and Kathi Roberson, Benjamin; and Judy Cloud and Pam Haynie of Munday.

The contestants will be honored at a tea Saturday morning in the Phillip Homer home in Munday, Mrs. Omar Cure heads a hostess committee at the tea.

ways higher than your ways. and my thoughts than your thoughts, lsa. 55-9.

This is a wonderful fact that God is telling lasiah to tell all the people. Many times our thoughts cause us to be unhappy and depressed, because they cause us to error. The Lord said, "Let the wicked forsake his ways, and the unrightious man his thoughts, and let him return unto the Lord; and He will have mercy unto him, for He will abundantly pardon." Isa, 55:7.

When you turn to God's word in faith believing the Holy Spirit will direct your thoughts into ways of joy and peace, then mountains and hills will break forth before us into singing and the trees of the field shall calp their hands (lss. 55:12)

BY T.R. STILLABOWER Most people thought it could

not be done; however, twelve girls disregarded odds, percentages and fear to overcome a nine year winning streak on Wylie's home court. This was probably one of the best all aroung games ever played by the Houndettes. I feel that our real edge in the game was overcoming their pressure. I really felt that Wylie was expecting us to fold up under the clock. That's about the their pressure. It took a turn way it happened, but you really for us, by coming back each time we caused them to have how good it felt. the lapse of error. I've felt self several times wondering if balls, Lewis 8 rebounds, ing about. The Wylie game helped clear my mind up. There cess. Karen Helms, first time a district game in 12 years. I ever started her at guard, the ball up. Patricia Lewis, we'd love to have you. who we left free to roam whereever the ball went on the rebound, brought down 8 rebounds which added a great deal to our attack. Our only sub in the game was Temi Baker who came in under a great deal of pressure, but kept her cool throughout the late part of the game

and the overtime. Our forwards played a "heads up" ballgame, by watching the defense and making their adjustments as they played. Denise Grindstaff found the pressing Wylie defense tight on the front side but the back door was left open and she made the score board flash several times in the early part of the game. Kathi Kent, without a doubt kept the Houndette drive alive on several occasions by dropping in 19 out of 22 attempts at the charity line. Jan Guinn, controlled the game real well from her point position. Our stall which forced Wylie to foul, put Jan at the free throw line twice in the overtime. She hit 3 out of 4 which put us over the hump with the clock running out. The girls who didn't get a chance to go into the game did their part by pulling for every girl

on the floor. The Houndettes started fast and finished fast. At the first stop it was 14 to 13 in favor of Wylie. The girls showed their steadfast nerve by outscoring Wylie 15 to 5 and had 28 to 19 lead at half time. We got a little cool in the thrid quarter and finished at 34 to 33 in favor of Wylie.

The fourth quarter was not any slower than the other three. With a 2 point edge on Wylie, with 39 seconds, we took the ball the length of the court in three passes for a lay-up tieing the score at 42 to 42. Wylie advanced the ball back to their forward end and missed their shot but we got a foul. Three seconds remaining on the clock and Wylie's at the line with a one and I wanted a time out to talk it over. I didn't want to advance the ball anywhere on the floor in fear of drawing

a foul, I told my kids to put the ball out of bounds to run out the clock. I wanted the overtime period. They missed their first shot, we rebounded and rolled the ball out of bounds. in the overtime period, we

scored first, then allowed Wylie to get all three of their points before returning the ball to out forward end. We kept the ball in our front court scoring seven points and running out needed to be there to know

Our scoring was very all season that our girls had balanced, Kent 21, Guinn 15, much more potential than we and Grindstaff 13. On theother were showing. I questioned my- rebounds and caused 5 jump I really knew what I was talk- recoveries, and Baker took 7 rebounds, 2 jumps and 1 recovery in a reserve roll. Mr. and Mrs. Troy Gauntt of Munday were in Rochester Wednesday for the graveside rites of his grandmother, Mrs. Preston Murphey.

Mr. and Mrs. Clarence Gauntt attended the funeral in Plains for his grandmother, Mrs. Preston Murphey. STEERS WIN

The high school boys and girls basketball teams from Rochester traveled to Paint Creek for a duel of district games. The Steers had to really play ball, but they defeated Paint

Creek 59-54. They went into an overtime, and at the end of the regulation game the score was tied at 50, Hank Byrd was high point for the winners with 18 points. This makes the Rochester boys 2-3 in district play.

The girls were also victorius as they defeated Paint Creek 65-29. Cherri Lynn Townsend was high point for Rochester with 18 points. This gives the Rochester girls a 6-2 district record.

FROM SEGUIN

Mr. and Mrs. Milton Reeves former residents of Knox City who moved to Seguine several weeks ago spent a few days here last week visiting relatives and attending to business.

Farm and Ranch News

By Herman Collier

Several important dates are approaching for farmers and ranchers who are on a calendar tax year-which includes most individuals in the Rolling Plains. These dates are listed below as reminders:

January 31-Farmers and ranchers must file Form 943 showing the social security taxes on wages paid to hired labor during 1971. A payment of any tax due must be made at this time. Of timely deposits of social security tax were made during the year, then you have until February 10 to file Form 943), Copies B and C of Form W-2 is to be sent with Form 943 to the Internal Rev-

enue Office. February 10-Employers who made timely deposits of social security taxes on wages paid to hired labor must file Form 943 and pay remaining social security tax due.

March 1-If a declaration of estimated tax was not filed by January 17, the 1971 income tax is due.

March-All farm businesses must report payments of rents and interest amounting to \$600 or more to any one taxpayer other than a corporation. This is to be reported on Form 1096 and Form 1099, which are information returns.

Cash income to farmers and ranchers in Knox County should be more than \$11,335,000,00 by ricultural agent.

tle contributing a large part of the gain. The projections are based on studies of the Texas Agricultural Extension Service and are part of the "3.76 in '76" program, a state-wide project to increase Texas agricultural cash receipts by more than \$1 billion.

Total cash receipts from all agricultural enterprises in Knox County are presently about \$8,000,000.00. The most important ones are beef, cotton, and wheat. They are expected to account for about 60 per cent of the projected 1976 totals The county will be aided in

its production efforts by the Rolling Plains Economic Program.

These projections are based on estimates from the County Program Building Committee after separate predictions were made by Extension economists. The figures were published for each county, Extension district and economic area in Texas, "Knox County producers will

have access to production information and techniques that can help spell success for the Texas goal of \$3.76 billion in 1976," says Collier. A statewide program to in-

crease Texas agricultural income by more than a billion dollars by 1976 was announced for 20 years; and Mary Kathby Dr. John E. Hutchinson, director, Texas Agricultural 20 years. Extension Service, in January

to fit your driving needs --

and your pocketbook.

billion in total cash receipts the end of the 1976 crop year, not including government payments. It was determined from projections by Extension specialists and individuals in the agricultural industry. A committee of agricultural ecopomists with the ExtensionService sutdied past production records and made projections for 1976 based on current trends and expected improvements in technology and marketing. Texas presently accounts for

national agricultural eash receipts. To achieve the goal "3.76 in "76", the state must claim almost 10 per cent of the projected national increase in the coming years. Extension specialists and county agricultural agents are conducting meetings with Texas producers to help them with new advancements in technology and marketconsumer as well as the prodoubtedly reflect an increased efficiency in production and marketing as costly practices in current use are improved or eliminated.
