K. C. Students Visit Texas Centennial

Some 1100 students, instructors, and sponsors returned from Dallas last Thursday morning and reported the Texas Centennial a huge success. The various interesting and educational exhibits were well attended. Among the many interesting things was the presentation of Shakespears drama, "Hamlet," which was held in the Globe Theatre twice daily. One of the main attractions of the Centennial was, "Calvacade", which was also offered twice daily, as was many of the other interesting things. The transportation building afforded spacious lounges and the guests were entertained by organ music.

The general Motors building was also one of the many lounging places as it had a seating capacity of about four thousand and orchestra music was presented at intervals. One of the many interesting exhibits was that of the Ford Motor company where models as old as 1896 were on display. From the ancient ox cart to the gasoline buggy and on up to the thirty million car was on display. In the laboratories the many testing devices were shown in which the Ford Motor company finds defects. The midway was an avenue of buildings which housed side-shows, various and sundry rides. The grounds are decorated with large flags, and loud speakers which carry music and announcements through the grounds, was through the courtesy of the Gulf Refining company. The Centennial as a whole is very beautiful and the trip was enjoyed by everyone. County School Superintendent Lyndal Hughes also made the trip.

W. ADCOCK CONCLUDES HIS FIRST YEAR IN O'BRIEN CHURCH

Reverend Woodrow Adcock will conclude his first year in the pastoral ministry on the Sagerton-O'Brien charge next Sunday November 1 by preaching at the O'Brien Methodist Church on the subjects, "Fighting the Devil" and "Living for Jesus", morning and evening respectively. Adcock is a graduate of Haskell High School of the class of '32 and will receive his B. A. degree from Harry College next spring.

Mr. D. T. Mauldin, of Munday, was here the first of the week on business.

Fresh shipment of Everready B and air cell batteries. Ashcroft Chevrolet.

Sinclair To Open New Station Soon

The latest in the service stations is the new Sinclair station which is located on the Benjamin highway north of town. It has a 120 foot front which is all concrete and all the conveniences that are to be found in the leading service stations in the city. The lighting system is exceptionally unique and very modern. The station has three pumps which are the latest type and can be of service to cars on either side. Considerable time and care has been taken in the construction of this station and is complete in every way. The station is bordered by grass with shrubbery at the rear and hedge on the sides. Ansel Waldrip, local agent for the company, stated that the station would open in the near future and the operator as not yet been decided.

BROWZING AROUND WE SAW

Can you figure Roy Baker paying a dollar bill for four cups of coffee? Yep, Big Hearted Roy, they call him. He and the missus visited Casa Mañana in Fort Worth the other day and ordered four coffees and they cost him a buck. We think he was afraid to ask for a ham sandwich so he just came home hungry.

And that's nearly as bad as Jimmie Silman and A. J. Malouf when some old boy left them holding the bag, or you might call it a check, and walked out quite a bit to the good.

What do you think about a certain young lady who ran all over town the other day and tried to rent a radio? We've heard of renting lots of things, but that's a new one on us. Well, believe it or not but she found it and from all we could learn Doc Monandon was the landlord.

I'm an old cow hand so let's have some rythm on the range, because when I'm with you a star falls out of heaven and I get a little bit independent, when it turns to star dust. So let's kiss and make up and have tea for two while the lady in red with the rose in her hair does the continental.

MAJORITY OF STRAW VOTES INDICATE RE-ELECTION PRESIDENT ROOSEVELT IN TUESDAY'S NATIONAL ELECTION

All the straw votes taken by the various publications and organizations with the exception of the Literary Digest point to the re-election of President Franklin Delano Roosevelt over Governor Alfred M. Landon of Kansas in the battle of ballots to be staged over these United States next Tuesday.

One of the straw votes that give hope to the followers of President Roosevelt is that of Liberty, whose editorial policy has been antagonistic to the President and the New Deal. The vote taken by this publication has been gathered from newspaper publishers over the nation and indicates that even Republican newspapers have conceded the re-election of President Roosevelt.

Another straw vote that favors the re-election of President Roosevelt is that of the American Institute of Public Opinion, published by the Dallas Morning News, which indicates that President Roosevelt will be returned to office, and which indicates that Mr. Landon will receive a majority in only 14 states.

The Institute of Public Opinion gives Mr. Landon West Virginia, Illinois, Iowa, Pennsylvania, Wyoming, Rhode Island, Connecticut, Massachusetts, South Dakota, New Hampshire, Kansas, Vermont and Maine.

Anyway, next Tuesday will tell the story.

New Grade School Building to Open Thanksgiving Day

Mr. O. B. King, Superintendent of the Knox City public school announced the first part of the week that by all probability the new elementary building would be open by Thanksgiving. Due to bad weather the work has been very slow, but at any rate the building will be occupied near the above mentioned date. A program is being planned and it is the general belief that open house will be held. The building houses eight classrooms and a spacious gymnasium capable of seating approximately 1,000. The building is modernistic with hardwood floors, electric lights, drinking fountains and many other features. Built with a PWA loan and grant, this is the second public building in Knox county to be erected. The architect on the job is David S. Castle and Co., of Abilene, and the contractor in Chas. Mothes of Seymour.

Weather Man Gives West Texas Variety

Old man weather played a joke on the people of Knox County the past few days when he sent Jack Frost into the country to do his bit of work. The weather has twice played a freak of this nature, the other one being some six weeks back. About the time everyone gets the old flannels out and is prepared to spend a hard cold long winter, the tables turn, and the thermometer takes a skyward leap, the sun comes out, and it gets hotter than an Eskimo in the Sahara desert. The last norther brought rain and the farmers were again hindered for a few days. The weather prophet for this fair city has just returned from Fort Worth and he can't tell heads from tails about what's going to happen. As near as could be found the late rain did little damage as most of the cotton is out. It is estimated that another two weeks of sun shine and the cotton will be out. The wheat crop is looking very fine as the late rains proved beneficial to it.

AN INVESTMENT IN HEALTH SERVICE

Though progressive in many directions, Texas has been backward in protecting its citizens' health. The Texas Planning Board emphasizes that fact in reporting on its recent State-wide survey. The planners found that 17,000 persons died prematurely and needlessly during 1933, the latest year for which statistics have been compiled. That number included 10,000 victims of preventable infectious diseases, and 7,000 succumbed to pellagra a disease of nutrition. Organized public health service reaching all Texas' 6 million people could have saved those lives. Epidemic-control involving quarantine measures, public sanitation and education would greatly reduce if not eliminate, the death-toll of tuberculosis, typhoid fever, malaria, diphtheria, and other germ diseases.

As for pellagra, that malady never attacks a person who lives on a balanced diet. In one sense the pellagra victim has starved to death; frequently he has starved in the midst of plenty. An ironic aspect of the record is that the heaviest death-toll is not in the cities blighted areas, but on farms which easily might produce a balanced diet. Thus, the kitchen garden and the home cannery offer the most hopeful line of attack on that plague. Texas' first need is to support its State Health Department adequately, that it may set up full-time service, a county health unit or equivalent in every community. A modest annual investment in such service would save the people millions.

—San Antonio Evening News

Mr. Otto Lawson has installed a new sign this week in front of his cafe. The sign, which is the emblem of a cup of coffee is about eight feet square, and the word cafe stands out in red neon.

Mr. L. E. Loveless, of Seymour, was here the first of the week on business.

WPA Street Work Is Progressing

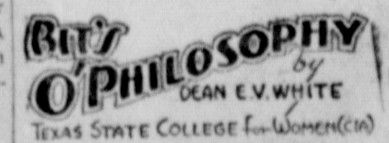

One of the latest developments in Knox City is the road work which is progressing very nicely. The roads consist of a layer of gravel and a layer of clay, which is proving very satisfactory. Also, the building of culverts in some parts of the city, should and will prove very beneficial to motorists. This work is under the supervision of E. L. Huntman, and it is a government WPA project. Passing motorists commend these roads very highly and state they are the best they have ever seen in a town of this size.

Rhineland Schools Will Re-Open On Monday Morning

Superintendent John J. Hoffman, states that the Rhineland schools will re-open on Monday morning after an intermission for the harvest of the cotton crop.

Mr. Hoffman states the school has already added a room for the storage of school text books.

A large enrollment is expected by Mr. Hoffman at the opening of the latter portion of the term.

Merely getting by does not keep you going on.

Better ask the right question than give the wrong answer.

He is empty-handed who has only an abundance of nothing.

One can help himself without hurting the other fellow.

Everyone pays dearly for his ignorance.

???

Franklin D. Roosevelt

Knox Schools Will Observe Education Week

American Education Week offers the public a special opportunity to focus its mind upon the needs, aims, and achievements of our public school system. The general theme is "OUR AMERICAN SCHOOLS AT WORK". Daily topics will be taken up in the schools and appropriate programs prepared for their appreciation. The topics are as follows: Monday, November 9 "The Story of the Schools"; Tuesday, November 11 "The Changing Curriculum"; Wednesday, November 12 "New Services to the Community"; Thursday, November 13 "Financing America's Schools"; Saturday, November 14 "Education for Physical Fitness"; and Sunday, November 15 "Education for Character".

"We need to make our public schools more public. The schools are supported by public taxation and generally those who pay the bills want the schools to be used for effective training of boys and girls for future citizenship. Every superintendent, principal, teacher, trustee and patron should make American Education Week and occasion to be long remembered in Knox County," so stated Mr. Hughes county school superintendent, in a conference Monday.

Mrs. Joe Averitt is attending an Eastern Star convention in Mineral Wells this week.

Mr. Burt Lowe, of Abilene, who was here the first of the week attending to business.

Mrs. Elsie Smith, of Eric, Oklahoma, is visiting her parents Mr. and Mrs. L. W. Graham of this city.

Joe Reeder, who is enrolled in T. C. U., at Fort Worth, was here the past week end visiting friends and relatives.

Alan Hester of Lubbock, was here the past week end visiting friends and relatives.

Mrs. H. M. Jones and daughter, Martha Jane, Mrs. T. P. Frizzell Jr. and son Tommy are in Dallas this week.

Mrs. H. M. Thompson, of this city, was notified of the death of her brother-in-law, Mr. Dock Bickery of Hico.

Bud Reynolds, of Munday, was here the first of the week on business.

Knox Students Appear On WFAA Radio Program

Presenting Miss Gail Reynolds of the Munday High School, singing "It's a Sin to Tell a Lie" as the first number on the school program of District 3, presented over station WFAA last Wednesday, October 21. Knox County talent practically monopolized the program. The program was broadcast from 10:15 to 10:30. Miss Reynolds was accompanied at piano by Miss Mildred Dutton of Knox City. Following Miss Reynolds' number, Mrs. J. G. Acker, faculty member of the Truscott school, was presented a singing a solo. She used as her number "Texas My Texas" and was accompanied at the piano by Miss Thelma Lee Hughes of Vera school. The following people from Knox County participated in the group singing "The Eyes of Texas" and "School Days": Miss Billie Bess Benedict, Anna Lou Warren, Miss Mildred Dutton, and Miss Mary Lou Graham of Knox City; Miss Thelma Lee Hughes and Miss Melba Trainham of Vera; Miss Gail Reynolds of Munday; and Miss Katherine Browning and Mrs. J. G. Acker of Truscott. Mr. J. D. Wilson, Deputy State Superintendent for District 3, spoke during the program.

BAPTIST CHURCH

With a hand of welcome bids you come.

In spite of the bad weather last Sunday we had two good services, for which we are thankful.

Next Sunday November 1, our people are entering a contest with the young people of the the Rule Baptist church. So it behooves every young person of our church to get in the training service, so be on time with a well prepared lesson, so as to give your part without having to refer to your book. We must win or entertain the other group at the close of the contest.

When you are out to Garner votes
for Roosevelt
Don't let Republicans Landon you
their Knox.

The Knox County Herald is edited
this week by a young man we borrow
ed from the Munday Times-Post, so
if there's any complaints on this is-
sue, please direct them to him in care
of this paper. We went over and
borrowed the main quill pusher on
that publication and he, Glenn W.
Kennedy, is wearing the stuffed
shirt on this issue. He's not much
to look at, but then again, you
never saw a newspaper man that did
look like much. He does a lot of
talking, but then again, he never
said anything that we didn't already
know. He might call on you for some
advertising or job printing, and he
might even ask you for some news
that's fit to print, so do your best
and try to help him along because
he's trying to learn about this busi-
ness. There's only one reason he's
over here and that's because there
wasn't anybody else on the Times-
Post staff that could do the job.
Mac Sweeney

REWARD OF COURTESY

From childhood on, most Ameri-
cans have dreamed into them the
concept that it pays to be friendly
and courteous. And occasionally they
learn of an incident that reveals it
not only pays, but pays well. A recent
newspaper item deals with such an
occurrence. Years ago, a wealthy New
York broker anonymously made the
rounds of several southern universi-
ties, with a view to bestowing his
estate upon one as a memorial. While
strolling about the campus of a vir-
gin institution, he was impressed
by the cordiality shown him by a
student. The lad's affability was said
to have pleased him so that, before
he died in 1932, he specified that his
estate should go to that university
after the death of his wife. She died
the other day, and the university will
be approximately \$1,500,000 richer
because of the friendliness of one of
its students.

DO YOU ADVERTISE?

When Mark Twain was editor of
a western newspaper a merchant
wrote to him, asking whether a
spider found in his morning papers
was an omen of good fortune. Mark
Twain replied:

"Finding a spider in your paper
does not mean either good or bad
luck for you. He was merely looking
to see which merchant advertised, so
that he could go to the store of the
one who did not do so, build a web
over the door and remain peaceful
and undisturbed for the rest of his
days."

NOTICE TO BIDDERS

SEALED PROPOSALS, addressed
to Mr. G. D. McCarty, President of
the Board of Trustees, Knox City
Independent School District, Knox
City, Texas, for Equipment of the
Grade School Building and Auditor-
ium-Gymnasium, all in accordance
with specifications and instruction,
to Bidders, prepared by David S. Cas-
tle Company, Architects, will be re-
ceived at the office of the Board of
Trustees, Knox City Independent
School District, Knox City, Texas, un-
til 1:30 P. M. November 12, 1936,
and then publicly opened and read
aloud.

Any bid received after the sched-
uled closing time for receipt of bids
shall be returned to the Bidder un-
opened.

The Owner has available for this
contract approximately \$1,400.00.

The successful bidders will be re-
quired to enter into a contract with
the Knox City Independent School Dis-
trict which will contain provisions
conforming with the requirements of
the Federal Emergency Administra-
tion of Public Works, as set out in
PWA Form No. 166, 179, or 188,
or 200, and revisions thereof and the
special requirements of the State
Director PWA.

A Cashier's or Certified Check pay-
able without recourse to the order of
the Knox City Independent School
District, or an acceptable Bidder's
Bond, in an amount not less than
five percent (5) of the largest pos-
sible total bid, including considera-
tion of Alternates must accompany
each bid as a guarantee that if award-
ed the contract, the Bidder will
promptly enter into a contract and
execute a bond on the forms provided,
as outlined in the Specifications and
Contract Documents.

A Performance Bond, in an amount
not less than one hundred (100) per-
cent of the contract price, condition-
ed upon the faithful performance of
the contract and upon the payment
furnishing materials, will be requir-
ed.

In case of ambiguity or lack of
clearness in stating prices in the
Proposal the Owner reserves the
right to adopt the most advantageous
construction hereof, or to reject the
Proposal.

Attention is called to the fact that
not less than the prevailing rates of
wages as established by the Knox
City Independent School District,
(Owner), and as herein set forth
must be paid on this project.

As more fully set forth in the
Specifications, hereinbefore describ-
ed, and which are made a part here-
of, must be paid on this project.

The award of the contract shall be
conditioned upon funds being made
available and the Knox City Indepen-
dent School District, (Owner)
shall have the right to hold the bids
for a period of Sixty (60) days from
the date of the bid opening. No bid
may be withdrawn within thirty
thirty (30) days after the date on
which the bids are opened.

No contract will be awarded until
after the State Director, PWA has
authorized an award to be made.

The Owner reserves the right to
reject any and all bids and to waive
any and/or all formalities.

Plans and Specifications may be
procured from David S. Castle Com-
pany, Architects, 1082 1/2 North First
Street, Abilene, Texas, upon a de-
posit of \$5.00, as a guarantee of the
safe return of the Plans and specifi-
cations, the full amount of which
will be returned to each actual bid-
der on the return of the plans and
specifications within ten days (10
days) after receipt of bids. Addition-
al sets of plans and specifications may
be procured from the above upon a
deposit of \$5.00 each, as a guarantee
of their safe return within thirty
(30) days from date of opening bids.
In which event \$2.00 (amount of de-
posit less actual) costs or reproduction
(if) of the deposit will be returned.

President of Board of Trustees

THE LIQUOR AMENDMENT

Texas interested in temperance
should vote against the State liquor
amendment first on the list of six
constitutional changes which will be
submitted to the voters in the Novem-
ber general election.

The amendment would make but
one change in the present method of
liquor distribution.

It would give the State government
the exclusive right to handle hard
liquors such as whiskey, gin and rum
and Beer and wines, which are made with
out distillation, would continue to be
distributed through private agencies.
There is no reason for putting the
state in the liquor business and many
reasons for keeping it out of it.

To set up a State Liquor monopoly
could mean creation of a vast new
government agency with an army of
employees. These employees would re-
side in every city, town and hamlet.
Such an organization could be built
into the most powerful political ma-
chine ever seen in Texas.

If it should fall into improper
hands, it would provide a mixture of
liquor and politics that would be
sinister and dangerous.

Legalization of liquor, in Texas
and distribution through package
stores has brought none of the dire
political evils predicted during the
repeal campaign.

Liquor interests have refrained
from playing politics. No temptation
in this direction should be set up by
forcing the State government to act
as sales agent in distributor of their
product.

The State monopoly plan is being
urged as a means of eliminating vio-
lations of the present law which for-
bids sale of mixed drinks.

It would have just the opposite ef-
fect. If the State takes over the liquor
business, the number of its store
necessarily will be limited, in large
cities especially, scarcity of package
stores will encourage bootlegging. The
consumer will buy from an illicit seller
if it is more convenient than
patronizing the State store. Transfer
of the right to handle liquor from pri-
vate to State agencies could be no
means have a deterring effect upon
those who violate the law by selling
cocktails and highballs.

There is no doubt that there are
defects in the present liquor law,
particularly as they relate to beer.
These defects should and can be elimi-
nated by the Legislature.

Certainly the State monopoly amend-
ment is not the proper approach to
the problem.

The New Grain Drill with Running-in-Oil Transmission

It's the new Oliver Superior No. 35 Grain Drill—with the
most accurate seeding mechanism ever built—and with
dozens of new improvements—you'll wish to see at once.
There's a new All-Steel Cylindrical Hopper—stronger,
bigger. There's a new Variable Speed Transmission—
fully enclosed—all gears running in oil—and 60 different
rates of sowing! There's rear spring pressure in all furrow
openers—a new Oliver feature. There's a new . . . But
why go on? There's not room here to tell you all about it.
Come in and see for yourself.
Remember, too, that all these new improvements are
combined with the Superior Double Run Force Feed—
that world-famous mechanism that measures with absolute
accuracy as long as there's even a handful of grain in the
hopper. Ask us for complete information. There's nothing
else like the new "35".

The Centennial trip really had some effects, Friday morning found sixty-one absent and at least that many drooping heads. Eyes half-closed and dragging footsteps seemed to be the best we could do. Students were asleep in their chairs. May be we are still on the train.

Listen, all of you cheer up, we have a bright weekend looming up before us like a threatening rain cloud on a picnic day-exams. Don't say, "Gosh, put them off a week;" but remember they had to be sometime and they are really not bad after all.
 (Oh yeah!)

THE CENTENNIAL TRIP

From reports we have heard every one on the Special train enjoyed the trip thoroughly, although there were few headaches among the crowd. An eager crowd was waiting at Munday Tuesday morning to see the vast educational and anniversary exhibits at Dallas, but I am sorry to say I think over one half of the time was spent on the Amusement Center.

Every body had a grand time, and never tired but happy crowd got off the train Thursday morning.

The behavior of the K. C. students was shown on this trip and teachers and patrons have expressed their feelings and said they would be glad to accompany such a group again.

And this is the kind of spirit we, as students, want to maintain among our teachers and patrons.

—Billy V. Favor

LUKE'S LOOKOUTS

Billy V. how did you leave Dallas today, he must be just a "fair weather friend" but you should have brighter prospects now.

Annals, I noticed you exhibited a lovely shade of beet red Monday morning. You know its quite something to see a girl blush, these days!

We wonder why Dickie Mullins, Paul Benedict, and Billy Favor like to go to hand practice so much, and usually they're prompt!

Bobby Armstrong has a very popular cornet in study hall every afternoon about 3:15 now Bobby what's the attraction?

Hear ye! Hear ye! All you Saxophone players in the band. Billy Favor has a trombone.

We wonder why Marion Clonts and Wynette Farmer were feeling rather badly Tuesday midnite.

Mute-Hurrah!

Perishing, could you direct us to the Centennial grounds?

All you pinheads and hairbrains do something exciting and interesting, and just let Good Deed Dottie hear about it and in your name goes.

So long!

(I don't like the way she says "so long" do you?)

HALLOWEEN

Halloween—Oh! what a spooky name! Have you ever stopped to think what Halloween really is? Does it mean to you to be just as a spooky spirit for a time to play jokes on friends? If so, let's review a little history on the subject.

Halloween is so called because it is the eve of the christian festival of All Saints which falls on November 1st.

The pranks and ceremonies we have are all relics of pagan

The Old Reliable Exterminator
 Used the world over for many generations to kill rats, mice and various animals. A sure way to do away with dangerous pests. Safe to handle. Sold by general stores and drug stores. 25c. 50c a box. Manufactured by E. S. WELLS, Chemist

It seems that the real spirit of Halloween is being forgotten, as generations pass on. The younger generation is acquiring the wrong attitude toward the occasion. Let's all get together the occasion. Let's all in a good spirit. Let's think of the victim who suffers the pranks we play. Let's each of us try to have the best time possible this Halloween. Everybody let's go!

—Associate Editor

SOPHOMORE NEWS

For the last week or two, the Sophomores have been planning a program. Something has always happened before, but this coming Friday, rain or shine, there shall be presented in the study hall of Knox City High a colossal, gigantic, stupendous, and wondrous spectacle, by name other than ourselves, the glamorous "Sophs"! (Did I say glamorous?) There will be fun and merriment for all (we hope), and at least there will be plenty of noise! The program will consist of songs by the choral club, a trio of girls, and a wonderful rendition of "Ivory Soap", by members of the class. This and more will be presented in the form of a medicine show, with Reed Reed Brady as master of ceremonies. Unless something worse than we expect happens (?) this coming Friday and Friday all of this shall take place. Keep smiling, everybody. You'll be needing all the courage you can muster, come Friday.

WHOOPIING COUGH CONTROL NEEDED

Austin, October 27.—While whooping cough is evident in all months of the year, the first weeks in October this year showed a rise in the number of cases reported to the State Health Department.

"Whooping cough is one of the most serious communicable or germ diseases affecting childhood, and is especially dangerous to babies who have not passed their first birthday," Dr. John W. Brown, State Health Officer, said in recommending stricter methods of control. About ninety per cent of all deaths from whooping cough occur in children under five years of age, the records show.

"The disease is usually transmitted," Dr. Brown said, "by direct contact with the secretion of the mouth or the nose, or with articles freshly soiled with the secretion. Only a short exposure is required to contact the infection. The communicable stage must be considered to extend from seven days after exposure to an individual infected with whooping cough to three weeks after the development of the characteristic whoop."

"Whooping cough is not easy to detect in its early stages, for during the first week or two it resembles an ordinary cold in its symptoms. Then, however, the child begins to

have attacks of whooping, the catarrhal symptoms and cough gradually become more severe, there is a running from the nose and the eyes are reddened. The child coughs in spells, the cough getting more severe and finally develops what is commonly known as the 'whoop.'

"Preventive measures against whooping cough should include keeping small children away from other children when whooping cough is in the neighborhood, and a visit to the family physician if whooping cough is suspected. Medical care is essential in whooping cough because proper medications can ease the spasmodic whooping and thus may save a life.

"Early reporting and isolation of whooping cough or suspicious coughing serves as a real protection to the young children of a community."

Mr. and Mrs. Edmond Smith spent the week end in Lubbock.

Mr. and Mrs. Roy Baker were in Fort Worth the first of the week attending the Frontier Centennial.

H. D. Club Play

A play, "An Old Fashioned Mother," will be presented in the Sunset auditorium Wednesday, November 4, sponsored by the Home Demonstration club.

The play is a parable of a mother's love triumphant over the ingratitude and neglect of her children. Plenty of comedy is supplied by a rude, country boy and a romantic old maid.

Directed by Mrs. Underwood, the cast is made up entirely of women and girls, the males' parts being carried by females. It is as follows:

Deborah Underhill	A Mother in Israel
Mrs. J. S. Shannon	Leader of the Choir
Widder Bill Pindle	Mrs. Roe Myers
Miss Lowly Loviny Custard	Plain Sewing and Gossip
Mrs. R. M. Almonrode	The Village Bell
Isabel Simpsett	Mary Helen Partridge
Gloriana Perkins	Dolly Nix
Sukey Pindle	Margaret Jean Womble
John Underhill	Margaret Shannon
Charley Underhill	Mrs. T. J. Partridge
Brother Honah Quackenbush	Miss Exa Faye Hutton
Jeremiah Gosling, "Jerry"	Mrs. Layne Womble
Enoch Rone	Dorothy Gammill
Quintus Todd	Mrs. N. T. Underwood

The choir alone is worth your coming to see, consisting of Virginia Curry, Gladys Williams, Inez Vernon, Mrs. Otis Cash, Dorothy Garrett, Jack Frost, and R. M. Almonrode.

Misses Rowena Wall and Mary Lou Graham spent Sunday in Stanford.

Miss Rhea Lightfoot spent the week end in Abilene.

OIL-PLATING DONE

HERE

(BUT BE SURE YOU READ ALL THE OTHER WINTER OIL ADS, TOO)

You will find most of the emphasis these days, on oil that flows freely.

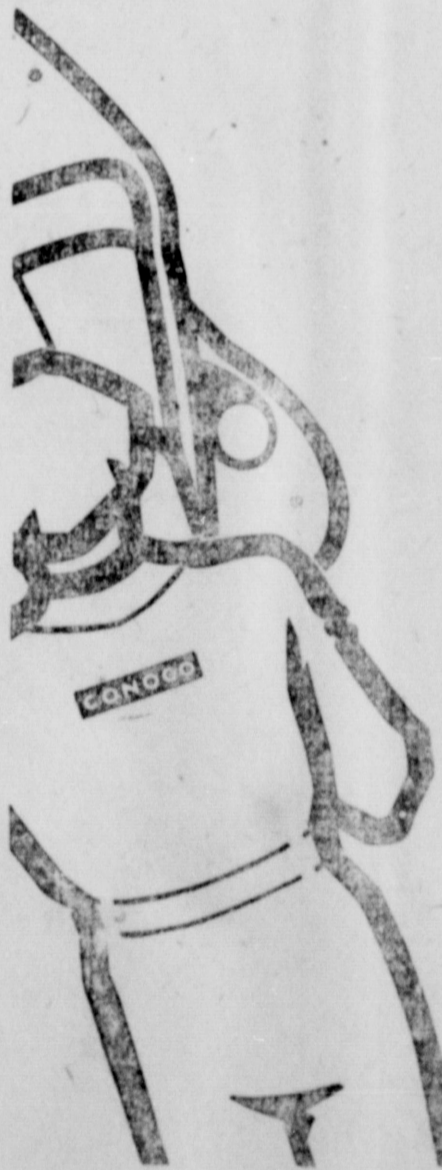

Well and good. You SHOULD use your correct Winter grade, but... You can see that the more freely any oil flows, the more freely it FLOWS DOWN OFF the pistons, cylinders, and other parts when you stop.

Then in starting up cold, where is mere free-flowing oil?

It is waiting to be pumped up on the job. And even in much warmer weather than this—according to engineering opinion—those oil-starved waits can cost you more engine wear than all the rest of your driving!

But this Winter with free-flowing Germ Processed oil, you can have your engine Oil-Plated! ... much more than a change to OUR Conoco Germ Processed oil... really a change to unbroken Winter lubrication for YOUR engine. It may stand cold for hours—days—weeks. Yet the slippery Oil-Plating formed only by patented Germ Processed oil, will always be UP IN ADVANCE. Pistons slip easy. Starter spins. Oil-Plated engine oblige— and lives the good life, on a stinky diet of Conoco Germ Processed oil. Continental Oil Company

GRADE SCHOOL NEWS

This week the third graders are going to be as "ice as the wandering breeze, free to sail the seven seas" (with their imaginations) to distant lands, as they learn about the social, commercial, and literary uses of ancient people. This should be a rather impressive, as well as interesting method of learning.

We have been hearing quite a bit about Glenn Myers' report on the centennial he saw at the centennial.

While the seventh graders are more concerned with sports, the sixth grade class is feeling rather spooky because it is so near Halloween. Roddy Griffith says that one method is occupied in "remembering not to forget" to be on the look-out for goblins. Two pupils, Juanita White and Elton Kelaty, recently won the sixth grade.

Mr. Underwood states that he uses three pairs of glasses: one pair for reading, one for walking, and one for looking-looking for the other two.

FRESHMEN

Just because we are Freshmen, we seem to be rated at tenth underclass. But since six weeks examinations are just around the corner, we are going to convince quite a few people that their estimation of us is very underrated.

It seems that Jerry Earp might be easily tempted into mischief, so you other boys should set an example for him.

We are looking forward to a Halloween party that Margaret Joan Morris is going to give us.

JUNIOR REPORT

Well, we are all home again after a very interesting trip to the Texas Centennial. Everybody reports a good time, but there are divided opinions about which was the most interesting feature of the great exhibit. We will just have to admit that the Federal Building was a grand collection of exhibits from all over the United States, but I believe most of us enjoyed the Calvecade of Texas more than anything else on the grounds. I believe that this exhibit would make anyone proud to live in the grand old Lone Star State.

SENIORS

For Art Lowry Loviny Cusanah, it is terribly hard to do, but most everyone is about to get started to school again. Central is not as interesting or as exciting as the Centennial. It was thrilling, indeed, to win in the Cyclax-scooter and on the Pheasanting. And if you are not careful you will bump right into yourself in the "Bug House. I bumped my nose rather hard on a glass that got in front of me.

With the exception of two members, all of our class saw Shakespeare's "Hamlet". It is certainly a splendid drama, and the characters acting their parts perfectly. To study Shakespeare and his works is certainly more interesting, and we are sure just that. The Globe Theatre is built just like the old one of Shakespeare's time. Of course, this one is more comfortable and has electric lights and a cooling system, but that does not keep it from being identical to the picture in our books.

A very amusing thing happened while we were in Dallas. Two of the boys failed to awaken until nearly four o'clock Wednesday afternoon. Surely they didn't lose any sleep, but they probably did not see as much as some of us did.

We seniors are planning to dress in Halloween costumes and see the Finlight Matinee Saturday after a game.

Tell you about that next week.

Yours for a spookin' good time,
A senior

We wish to invite everyone out to see or games. For that it is your duty to support your team and school. All of your co-operation, loyalty and support will be greatly appreciated.

Boy, oh boy, are we sore? You should guess. We had our first workout Friday night and the second Saturday morning. The workouts were postponed several days because of the centennial. It may be of interest for you to know that we have four new boys that are about above the average. I think that we shall be well prepared for that fast passing, sure-shot, defensive team from Goree. That will be our first game of the year, and it will be played in our own gym. Come out and see us. I think we shall win.

FOR THREE LONG YEARS

By Hon. Jack Houston, Congressman, 5th Kansas District
"With Apologies to Nobody"
Republicans for three long years have shed their coats and skins and tears
To tell their comrades how they feel Regarding Roosevelt's New Deal.

For three long years they've paid for votes
But never mentioned nine-cent oats
They say this New Deal Stuff is rotten
But never speak of four cent cotton

For three long years they've wept
For three long years they've wept aloud and cursed this money spending crowd,
They say, of Liberty we're shorn—
But not a breath of ten-cent corn.

For three long years, they've yelled and raved:
The constitution must be saved:
But with heir purple plate and prattle,
They sing no song of w-cent Cattle.

For three long years they've been, at sea
And now they come to you and me
And offer us—as bait for votes—
More two cent steers and nine-cent oats.

For three long years they've yelled and wailed
And tell us how the New Deal's failed.
They tell us how we're going to spoil
But never mention ten-cent oil.

For three long years they fame and fret and hammer and slander our New Deal set.
They tell us all Roosevelt's a cheat
But forget to talk of two-bit wheat.

They offer, as in days of old,
"A Crown of Thorns, a Cross of Gold
A Balanced Budget"—Can you beat it?
Well, one thing's sure' you cannot out it!

MAN'S MUSING TO A MULE

Over the hill trailed a man behind a mule drawing a plow. Says the man to the mule:

"Bill, you are a mule, the son of a jackass, and I am a man made in the image and likeness of God. Yet here we work, hitched up together year in and year out. I often wonder if you work for me, or if I work for you. Varily, I think it is a partnership between a mule and a fool, for surely I work as hard as you do if not harder. Plowing and cultivation, we cover the same distance, but you do it on four legs and while you look over the pasture fence and hee-haw atmet.

All Fall and most of the Winter, the whole family, from Granny to the baby, pick cotton to help raise money to pay taxes and buy a new set of harness and pay the interest on the mortgage on you. And what do you care about the mortgage? Not a d—! You omyer cuss, I even have to do the worrying about the mortgage on you though, ungrateful hide.

Soon we'll be preparing for a corn crop. When the crop is harvested, I give one-third to the landlord for being so kind as to let me use this small speck of God's universe. One-third goes to you and the balance is mine. You consume all of your portion with the exception of the cobs, while I divide mine among seven children, six hens, two ducks and a banker. If we both need shoes, you get 'em Bill, son of a jackass, to swindle a man—a lord of creation—out of his substance.

Why, you only help toplop and cultivate the ground, and I alone must cut, shock and husk the corn I do it on two, I, therefore, do twice as much work per leg as you do.

About the only time I am better is on election day, for I can vote and you can't. And after the election I realize that I was fully as great a jackass as your pap. Verily, A m orone to wonder if politics were made for a man or a jackass or to make jackasses out of men.

Tell me, Wilyum, considering these things how can you keep a straight face and look so dumb and solemn!"

Chevrolet Dealer Attends Prevue of New Car

The finest Chevrolets in the company's quarter-century of automobile manufacture will make their bow here and throughout the country on November 7, J. M. Ashcroft of the Ashcroft Chevrolet Company, Chevrolet dealers, announced this week, upon his return from Dallas, where 1,000 dealers and salesmen from this section obtained official news of the new product from H. C. Howard, manager of the Dallas zone, and members of his staff.

Mr. Howard has just returned from Detroit, where 1,000 members of Chevrolet's wholesale organization from coast to coast spent four days inspecting and driving the new car and reviewing with factory executives the program to be followed in presenting it. The new models adhere closely to time-tried Chevrolet engineering principles, he reported, but combine greater power, economy, safety, and durability with striking new beauty and grace.

M. E. Coyle, president and general manager of Chevrolet, announced during the convention that the company had shattered all previous records during 1936, selling more cars and more trucks than in any previous year in its history, and leading the world in sales for the seventh time in the last 10 years. The total for the year will exceed 1,125,000 units, he said, and the objective for 1937 is 1,295,000.

Stephenville, Texas—One of the loveliest social affairs of the fall took place last Tuesday evening at the Tarlton Conservatory of music, when the Fine Arts Club entertained with an open house. Members of the club, all of whom are students in the conservatory, received in the studios, reception rooms, practice-rooms, class rooms, and little auditorium.

Dorothy Helen Tunnell of Stephenville and Julie Rogers of Lingleville greeted guests as they entered the conservatory. Charles W. Froh, director of the conservatory, and Mrs. Froh, headed the receiving line. Among the hostesses was Miss Mary Leane Hoge of Knox City.

Dr. and Mrs. T. S. Edwards returned the first of the week from Dallas where they visited the Centennial.

Mr. Robert Moore was in Fort Worth over the weekend.
