

# THE KNOX COUNTY HERALD

Knox City, Knox County, Texas Thursday, February 1, 1934

NUMBER 23

## Ask For Cleanup Week

The Christian Womans Association asks the cooperation of the Chamber of Commerce this week in sponsoring a clean-up-week for the town, with one day designated each month hereafter as trash day.

The ladies of the C. W. A. met Monday afternoon at the Baptist church in regular fifth Monday meeting. Mrs. E. O. Jamison presented a beautiful devotional which was followed by a splendid talk from Mrs. C. C. Hoge on "cleanup and beautification". The ladies voted to solicit the cooperation of the Chamber of Commerce and sponsor a Clean up Week for the town, the good work to be followed with one day a month designated for the removal of all trash, cans etc. from the city.

Mrs. T. P. Frizzell accepted the chairmanship of the endeavor and the following street captains were appointed. Beginning with seventh street and going through town north, one lady to the street, we have the following captains:

- Mrs. T. P. Frizzell Sr.
- Mrs. Grady Benedict
- Mrs. Gene Clonts
- Mrs. Milton Bradberry
- Mrs. Estelle Bolin
- Mrs. Allen
- Mrs. Ike Simmons
- Mrs. Mable Pyeatt

Other divisions, Mrs. Henley Hamer for her particular section of the city, Mrs. Vance Favor main street from Mother White's home north, Mrs. Bob Withrow southeast section from the Baptist church, Shaver the gin section, G. T. ardbarger wrecking house section, ad the business district, J. Silman captain of the east half and C. S. moon captain of the west half.

**Duties of Captains**  
The duties of the captains are definite and binding, that is to the extent of "Good citizenship". Each captain is to make his or her own property (whether owned or rent) an example for those on his street or in his division to duplicate. He must also encourage all those in a section or on his street to clean up, complying at all times with the strict set forth by the general chairman, Mrs. Frizzell.

There will be a definite and notable contest in the down town district, Mr. Silman as captain of the east half will contrive to beat Mr. moon, captain of the west half, in doing that every inch of his section cleaned. Likewise, Ameen will put a good fight for a cleanup week.

### The Chicken Law

In connection with the cleanup week program, the C. W. A. reminds us this week that Knox City is a chicken law and that good citizenship requires that chicken raisers in town must raise their own chickens and not depend upon the neighbor's flowerbed as scratch ground for their chickens. If you must have chickens in town, keep them home; our neighbor prefers flowers.

### PARENT TEACHER TO MEET ON FEBRUARY 7

The Parent-Teacher Association will meet for a regular business meeting Monday afternoon at four o'clock in the high school auditorium. E. L. Huntsman will lead the session after which the meeting will be turned over to the President, Joe Averitt for a regular business session. All parents and friends are urged to be at the meeting. Mrs. Otis Cash, Secretary

## Local Baptists Assn. Host

The Baptist church was a most successful host to the Workers Conference held here Tuesday, all day.

The outstanding speaker of the day was Dr. Thomas D. Taylor, president of the conference. Other outstanding speakers were Brother and Sister Dunlap of the Sweetwater Association, Reverend and Mrs. Dennis of Swinson and Brother Gage and members of Benjamin.

Around 200 or more were served lunch in the basement of the church being furnished by the local church and arranged in the old time basket lunch. Towns represented were Haskell, Refe, Rochester, O'Brien, Veinert, Munday and Goree.

The Young Peoples work presented an unusually instructive program. The work in this department of the church has felt a "letting up" during the past year and the presentation Tuesday was both interesting and instructive. Churches of the association should now be better able to carry on the work among the Young People. This division of the program Tuesday was arranged by Mrs. Joe Averitt.

The Knox City Church should be complimented on its efficiency in being host to the Haskell Association. The undertaking was a big one but well handled.

The High League will meet in the Methodist church every Sunday night at 6:45. We invite every child between the ages 10 and 14 years to come. The program for Sunday night is as follows: Those who have made the Gift Possible, Elene Fayne White. The purpose of the Gift, Mary Helen Evans.

The Y. W. A. girls met Wednesday afternoon with their counselor Mrs. C. B. Stovall. The years work was discussed and committees appointed. Plans for a buffet supper were also begun. All girls eligible for Y. W. A. attendance are urged to meet with those now participating in the work of the organization. The meeting days is each Wednesday at 4:00 p. m.

Mr. J. C. Earp, new owner and manager of the XL Service Station has associated with him his cousin Jerry Earp. The latter is from Breckenridge. Mr. Earp will handle the Footland Refining products. He has a family and plans to move them to Knox City as soon as he can secure a location. Read his advertisement in this issue of the Herald.

## Prof. J. D. Palmer for County Supt.

We are authorized to announce Professor J. D. Palmer of Goree as a candidate for the office of County Superintendent of Knox County, subject of the action of the Democratic primaries.

Professor Palmer is a native of Texas and was educated in the public schools, John Tarleton College and the University of Texas. He has served as principal of two rural schools before accepting the position in the Goree schools. As his work as superintendent, should he be elected, will be mainly with the rural schools of the county, he feels that his special preparations for rural school work and his experience as a rural school teacher will enable him to organize and supervise the work of the county in a satisfactory way.

Mr. Palmer is a young man who has believed that the teacher should be a man whose life would be an example to the boys and girls. He has lived in each community where he has worked as a christian citizen. If he is elected, he will strive to work in full co-operation with the teachers and school officials of the county to the end that Knox County may have as good schools as can be in the state.

While Mr. Palmer will try to call and personally see you, he will be busy with his school duties during the next few weeks, he may not get to call and see you for some little time, and he wishes to take this method of soliciting your support.

## ANOTHER GROUND-HOG CASE — By Albert T. Reid

### CARD OF THANKS

We wish to express our heartfelt thanks to our friends and neighbors for the kindness shown us in the long illness and death of our beloved husband, father and brother, We especially thank those who sent flowers.

Mrs. Florence McReynolds and children  
Mr. and Mrs. Amos McReynolds  
Mr. and Mrs. Mace McReynolds  
Mr. and Mrs. Hollis McReynolds  
Mr. and Mrs. Jake McReynolds  
Mr. and Mrs. Julia Smith  
Mr. and Mrs. John Weatheris  
Mr. and Mrs. Jewell Day  
Mr. and Mrs. John Seaton  
Mr. and Mrs. C. N. Dunlap  
Mr. and Mrs. S. C. Tally  
Mr. and Mrs. Clyd Tidwell

### Methodist Church

10:00 a. m. Sunday School  
11:00 a. m. Subject "The Holy Catholic Church"  
6:45 p. m. Leagues meet  
7:30 p. m. Subject "Is Christianity an Asset?"

If you do not have a church home come worship with us. Especially desire to have all business men in evening service our church Loyalty Campaign was hindered Sunday night when the lights went out. But interest is increasing. Are you loyal to your church? Why not?

R. R. Giffbreath, pastor

Miss Geraldine Norris of Haskell was the weekend guest of her cousin Miss Claudie Sue Moseley.

### Where's Grandma

Characters

Grandma, who wants to be young but is content to be her age. Mrs. H. M. Jones  
Gretchen Blake, a young wife. Mrs. J. M. Ashcroft  
Bob Blake, her brand new husband. Alvin Hamm  
Jack Worley, Gretchen's brother. Fred Warren  
Lucy King, Jack's sweetheart. Mrs. Gordon Acker  
Arlene Truesdale, the girl Gretchen wants Jack to marry. Miss Clara Clarke  
Carol Worley, Gretchen's sister who has a mind and opinion of her own. Mrs. Chad Wilson  
Midnight, the houseman. Jack Wetzel  
Dahlia, wife of Midnight. Mrs. E. Q. Warren

Time: The present.  
Place: Livingroom of the Worley home.  
Music and between-act numbers arranged by Mrs. Milton Bradberry.

### HOSPITAL NOTES

Miss Erdie Gauntt of Rochester and Mrs. Walker of Knox City are patients in the Knox County Hospital this week.

Patients dismissed recently include Mrs. W. W. Kimsey of Crowell, dismissed Monday; Mrs. Chester Pogue of Truscott dismissed Sunday; Mrs. J. H. Berroth of Benjamin dismissed Saturday Mrs. Ollie B. Vernon of Rule dismissed Saturday; Mrs. H. A. Marr of Weinert dismissed Saturday; Mrs. A. L. Taylor of Olney dismissed Monday, and O. C. Karr of Rule dismissed Saturday. Mr. Patrick of Munday was dismissed Monday.

Paul Melton of O'Brien was here Saturday for treatment. S. P. Kellier of Knox City was here Monday night. Mrs. Byron Lee of Knox City was here two days last week for treatment.

Mr. Marvin Reeves of Munday visited in the hospital Monday.

Mr. and Mrs. Lee Haymes of Munday visited here Sunday.

Miss Cowan spent Wednesday of last week with a friend in Colorado City who was ill.

Mrs. E. J. Roberts and daughter Patricia Ann of Munday were dismissed last Friday.

Mrs. Joe Brown of Crowell was here last week with her mother. Lewis Kimsey of Crowell was here Sunday with his mother.

Mr. and Mrs. Lisenby of McCamey were weekend guests in the home of Mr. and Mrs. Joe Averitt.

### MR. MOFFETT INVITES YOUR OPINION

A communication received at the Herald office this week from Representative George Moffett requests that the citizens of Knox City who wish to express an opinion or desire on subjects presented by the Governor to the Legislature for consideration are invited to write to Mr. Moffett.

Mr. Moffett also states that anyone desiring to be appointed as a Notary Public, said appointment can be secured at this special session if you will send your name and correct address to Mr. Moffett at Austin.

We are expecting a personal visit to the city by Mr. Moffett in the very near future.

The J. W. Hamn family is moving this week to their newly purchased home. The Hughes family is moving to the Abernathy place south of the city.

Mr. and Mrs. Boone Ovalton and Miss Florence Whitford spent the past weekend here with Mr. and Mrs. Dave Whitford.

Mrs. E. O. Jamison with Mrs. G. V. Coats as co-hostess entertained the 42 club Thursday evening of last week in the home of Mrs. Jamison. Following the games a very delicious refreshment plate was served.

Brother and Mrs. Giffbreath were happily surprised last Friday evening when Brother and Mrs. Florence of Rochester arrived in Knox City with a baked turkey and the trimmings for dinner with the Giffbreath. The occasion was to honor Miss Giffbreath who arrived home that day from Abilene.

### MRS. MALCOLM BURIED AT THORP

Mrs. J. L. Malcolm of Thorp died suddenly at her home Saturday morning. Funeral services were held at the Thorp church by the Reverend Gilbertson of Munday and Reverend Giffbreath of Knox City. Burial was also made in the Thorp cemetery.

Mrs. Malcolm had been in bad health for a number of years, however at the time of her death, she was believed to be doing well. She is survived by her husband and five daughters and two step children. All the children were in attendance at the funeral service except one daughter who lives in California.

Mr. and Mrs. Malcolm are long time residents of the Thorp community. She was between 50 and 60 years of age.

Mr. Malcolm is in very bad health.

## School Enrollment Shows 101 Increase

With the total enrollment of the school year 1932-33 being 426 the enrollment for the present year, 1933-34 exceeds this number by 101. There are 101 more pupils in the Knox City schools this year than was in the school last year.

Of this increase, 37 are in high school, the remaining 64 being in the grades. These new pupils came from Union Grove, O'Brien and others moved in. Another outstanding place of increase being the number of children reaching the scholastic age of six years.

The school is generally crowded this year, noticeably so in the first, second, fourth grades and in high school. Crowded classes in high school were remedied by division of these classes, which act was made possible only when the school board put a study hall teacher on duty. This, of course, is Mrs. O. L. Jamison.

Superintendent King states that the study hall is really the only crowded place in the high school now. He is more than pleased with the work of the study hall teacher, both from the standpoint of her efficiency and because of the extra classes the others can handle not having to have study hall periods.

### Overflow Teacher Necessary

The first grade this week has a total enrollment of 48 and the second grade 56. These two teachers are handicapped by such a large number of children; however, they will be relieved immediately after the mid-term examinations. Miss Bernice Swift has been elected as overflow teacher for the first and second grades. Beginning with the second half of the school year Miss Swift will teach a first and second grade class, leaving a normal number in both the first and second grades.

Mr. King states that the fourth grade is still some crowded, but with out a further increase in enrollment there, the work can be carried on nicely.

### Basket Ball Girls To Enter Tournament

Miss Rye, girls basket ball coach, states, that the team will enter a girls tournament at Sunset this Friday and Saturday. This team has played 23 games this season winning all except two. One of these was to a Hollis Oklahoma team and the other to Valley View.

The girls are entering the tournament Friday and Saturday with the hope of winning; however, they would like very much to have a little support from the citizenship and patrons of the town. They have made a record for themselves this year but have had very limited number of fans to share their victories with. Why not see the games Friday and Saturday and help the girls with a yell or two.

### School Spirit Fine

The general spirit of the schools this year is lovely. The pupils are accepting their work and bringing up assignments probably better than in years heretofore. This improvement is noticed especially among the high school boys. The school is well organized and the work divided so that the pupils and teachers both can carry on probably better than heretofore.

The term will be half gone with the ending of next week. Mid-term examinations will be held on Thursday and Friday, February 8 and 9. Superintendent King states that the State Superintendent will be here in April and that everyone is working with the view to having improved work to submit.

It is evident that Knox City is having a good school this year and that the success can be contributed in good measure to the study and consideration given the school by everyone. Interest has been manifest this year where heretofore indifference only was shown.

**Sub-Irrigation in Knox County**  
The question of irrigation is coming into prominence in Knox County since so many home demonstration members and non club members are making plans for a "live at Home" program in 1934. Food budgets are being made to meet each families needs for an adequate food supply with home grown foods either fresh

or canned, in the coming year. To be sure of supplying this food, many in the country are planning to lay concrete for sub-irrigation. It has been found that this method of irrigation is much more profitable than the ordinary surface irrigation. It takes less water, but labor is required to wather the garden, the soil does not crust so badly, and the yield is considerably greater.

This tile can be made at home for approximately 1 cent a foot; using one part of Portland cement to 4 parts of clean, sharp sand, with no pebbles too large to go through a one-fourth inch mesh screen, made into a so-called dry mixture.

Demonstrations will be given in each of the home demonstration clubs the latter part of February by the County Agent. A schedule as to the time and dates of each will be given later.

### Bedroom Improvement

"I want my room fixed up to meet all the requirements of a stand-

ard room," said Lucille Jackson, Hefner club demonstrator. "I am going to build a clothes closet make a dressing table and a wash stand. I have a new mattress for my bed that my mother made. I lack a few slats having enough to have one under each row of coils in the springs but I plan to add enough." Lucille said.

"My walls will have to be papered and the woodwork painted. I know I will find many things, other than these to do once I get started to work I will be glad, though, when I get the room all finished because it will be all my own and I am sure I would not change with anyone."

"We have been planning on fixing this bedroom for a long time and now that I know it is to be done, I can hardly wait to start," said Mary Helen Partridge, 4-H bedroom demonstrator in the Sunset Club. "There are so many things that I plan to do, I hardly know where to begin. The wall needs papering, the woodwork and ceiling painted, the screens

fixed so they can be cleaned more easily, the furniture needs to be cleaned and rearranged in the room and oh so many other things will be needed to be done before it is like I want it," she further stated.

I plan to have a standard bed, that is, I want a slat for each row of coils in the springs, a spring and mattress cover, a mattress pad, at least 3 sheets 3 yards long and light cover. I plan to make a bed spread for my bed and since I have 2 beds in my room, I plan to have another spread made just like mine for that other bed."

"I have always wanted to fix a room up just for myself and now is my chance. I know I am going to enjoy doing the work and also enjoy the room when it is completed."

Mr. and Mrs. Buck Propps and daughters spent Saturday night with his brother on the Waggoner place. Buck says he caught a "possum."

We were glad this week to see the Herald to T. A. Bryant in well New Mexico, sent to the J. W. Green, Mr. and Mrs. moved to Rosewell the first month. They are on the Diamond Ranch, going there from the Burnett ranch here.

### THE CROSS OF GOLD

It would be a pretty good time to quote the famous "Cross of Gold" speech of the late William Jennings Bryan, made at the Chicago democratic convention in 1896. Here it is: "If they ask why it is that we say more on the money question than we say upon the tariff question, reply that, if protection has slain its thousands, the gold standard has slain its tens of thousands. If they ask us why we do not embody in our platform all the things that we believe in, we reply that when we have restored the money of the constitution all other necessary reforms will be possible; but that until this is done there is no other reform that can be accomplished. You come to us and tell us that the great cities are in favor of the gold standard; we reply that the great cities rest upon our broad and fertile prairies. Burn down your cities and leave our farms, and you cities will spring up again as if by magic; but destroy our farms and the grass will grow in the streets of every city in the country. Having behind us the producing masses of this nation and the world, supported by the commercial interests, the laboring interests, and the toilers everywhere, we will answer their demand for a gold standard by saying to them: You shall not press down upon the brow of labor this crown of thorns, you shall not crucify mankind upon a cross of gold."

Reverend and Mrs. Gilbreath with a good number of the Methodist church membership attended the service Sunday night at the Baptist church. The visit took place after the pastor and various members of the church failed to get the lights in the building to burn.

Brother Stovall welcomed the group to his service, teasing the crowd by stating that if they had a little more light they would come over to the Baptist church and stay.

And well, well, says Gilbreath to his group later. "Preacher Stovall failed to realize that we were in total darkness when he went to his church."

At any rate, the two pastors got along beautifully, each thoroughly enjoying the other. Stovall preached a good sermon Sunday night and the visit by the Methodist folks was a pleasure the membership seldom enjoys as a group.

And you (plural) come over to our house sometimes!

A couple of negro men staged rather an interesting fight in the city (Wednesday morning).

Editor English of Stamford was in the city Wednesday. He made a most pleasant visit to the Herald office.

There will be a District Epworth League meeting over Saturday and Sunday in Seymour. Knox City Leaguers will give a Model League service Sunday afternoon.

### Lost 20 Lbs. of Fat In Just 4 Weeks

Mrs. Mae West of St. Louis, Mo., writes: "I'm only 28 years old and weighed 170 lbs. until taking one box of your Kruschen Salts just 4 weeks ago. I now weigh 150 lbs. I also have more energy and furthermore I've never had a hungry moment."

Fat folks should take one half teaspoonful of Kruschen Salts in a glass of hot water every morning before breakfast—and 85 cent bottle lasts 4 weeks—you can get Kruschen at any drug store in America. If not joyfully satisfied after the first bottle—money back.

**Why Liquid Laxatives are Back in Favor**

The public is fast returning to the use of liquid laxatives. People have learned that the right dose of a properly prepared liquid laxative will bring a perfect movement without any discomfort at the time, or after.

The dose of a liquid laxative can be varied to suit the needs of the individual. The action can thus be regulated. A child is easily given the right dose. And mild liquid laxatives do not irritate the kidneys.

Doctors are generally agreed that *enna* is a natural laxative. It does not drain the system like the cathartics that leave you so thirsty. Dr. Caldwell's Syrup Pepsin is a liquid laxative which relies on senna for its active action. It gently helps the average person's bowels back to regularity.

You can always get Dr. Caldwell's Syrup Pepsin at any drug store, ready or use. Member N. R. A.

## DR. TOM TAYLOR ADDRESSES

Dr. Tom Taylor, president of Howard Payne College addressed the 8th and 9th grades, Tuesday afternoon January 30, at the sixth period. Dr. Taylor is an old acquaintance of Supt. King and a former teacher of Miss Rye, the latter having graduated from Howard Payne.

Dr. Taylor took as his subject an interesting, unusual and amusing topic, "Do Not Quarrel Over Tastes" and he brought out the fact that the things that we generally differ about and quarrel over most are merely trifles and don't amount to any thing after all. This fact he brought out in an intensely interesting way and his entire address was filled with much humor. Among other pieces of advice, he offered to give some private advice about love to anyone who might be interested. Whether his proposition was accepted or not, no one has been able to find out.

We appreciated Dr. Taylor's address and we would be more than delighted if he would honor our high school with another visit at any time he may choose.

## SENIOR PROGRAM

Friday morning the Senior Class presented an unusually interesting program. The outstanding feature of the program was a poem written by one other than Homer Lee Rutledge titled "A Thrill for All" revealing a hidden talent that no one had even so much as suspected. He was required to read it himself which rendered it more effective. Following this was a piano duet by JoNeils Ebbhins and Mary Lou Graham and then came the short one-act play presented by Frances Evans and Odell Thompson in which Odell advanced the original idea of Frances getting her boy friend an operation for his birthday. The "Gang" followed this with "Rural Rhythm" which went over so well that they were given an encore and they did another just like it. Then came the most humorous feature of the program when Jeff Graham and Wynell Edwards presented "Hello, Gorgonus", another short one-act play even more interesting than the first. Mary Lou Graham concluded the program with the popular number "Who Walks In, When I Walk Out".

The program was arranged by Rowena Wall, Beulah Dearing, and H. C. Armstrong under the direction of the class sponsor, Miss Rye. The program was announced by Beulah Dearing.

## WE WONDER WHY

The freshmen find poetry so difficult.  
 Sheba Lightfoot is so lazy.  
 Kenneth Edwards was not in school Friday morning.  
 Bill Evans became embarrassed in Fort Worth restaurant the other day.  
 Paul Hammous makes such good grades.  
 Glover McNairy doesn't get a job in a broadcasting station.  
 Homer Lee Rutledge is a poet.  
 Bill Evans is so cranky this week.  
 Marcellous Sovall didn't start wearing glasses before. They set off his dignity like nobody's business.  
 Vernon Davis dislikes to have his name in the paper.  
 Jeff Graham is always in search for milk bottles.  
 Purris Telford intentionally forgot his guitar Friday morning. (He and President Roosevelt had a birthday Tuesday.)

## JUNIORS HAVE PROGRAM

Friday, February 3, is Juniors day to put on a chapel program for the high school. The period for the program is 1:00 to 1:45. The class is using a 20 minute one act play entitled "The Touchdown". The play is a thrilling little comedy. The Juniors invite you to visit school Friday afternoon from one to one forty.

## NEWLY DISCOVERED POETS

During the past week pupils of the Junior class have been writing poems. After the poems were read in class, the pupils of the section were permitted to vote upon them. In the morning section of English III Homer Lee Rutledge's poem was given first place. In the afternoon section votes were equally divided for Travis Gather and Spurgeon Hyde. The three poems are given below.

### A THRILL FOR ALL

There is not greater thrill in the Spring,  
 Than listening to the mocking bird sing.

As he flies from tree to tree,  
 Singing his glad song of glee.

First, to the tree then to the house,  
 Quiet as a cat catching a mouse,  
 The next you will hear him at the barn,  
 Making enough noise for a fire alarm.

He hates each hawk on sight,  
 And goes to screaming with all his might.

First as the robin then as the crow,  
 Then to his nest he will go.

Above all things he likes to bathe,  
 And in the water will often laze.  
 First as the blue bird and then as a jay.

This is the way he passes the day  
 —Homer Lee Rutledge

### VACATION

To the old school house we may say good-bye  
 For vacation time is here

We are off to the fields and the open sky  
 And all our minds are clear.

There are no more exams for you and me  
 For that is a thing of the past,  
 We are full of happiness and full of glee  
 For vacation is here at last.

The theatre's face is out of our way  
 And lessons are off of our minds  
 But we must go back to them some day  
 When vacation is left behind.

There are plenty of fish in the creek near by  
 So we'll get out our lines and hooks,  
 We have lots of time for the open sky  
 After we've discarded our books.

### FATE

I asked my teacher to write me a rhyme,  
 She said, "my boy, I haven't time,  
 Come back tomorrow at a quarter past six,  
 I'll help you then if it isn't to late.

So away I went discouraged and sad,  
 For I knew Mrs. Cash would say I was bad.

For at writing rhymes I'm simply a blunk  
 But I know if I don't get it my teacher will spank.

### MY LATEST REQUEST

(Written by Bonnie Nelle Rowan on entering Knox City High School)  
 Dig my grave, and bury me deep;  
 Put my Civics at my feet.  
 Put the Literature on my brains,  
 Maybe in death some knowledge I'll gain.  
 Put some Solid Geometry on my breast  
 Tell Mr. Dean I did my best  
 Tell Miss Rye not to cry,  
 I met my death at Knox City High.

### CHILDREN INOCULATED FOR DYPHTHERIA

The County Health Nurse was in Knox City on Tuesday, January 30. All work in Home Economic was suspended for the morning and the laboratory was converted into a clinic for the use of the County Health Nurse, Dr. Edwards, and Miss Gray, assistant. The Home Economic II class were allowed to help with the work and inspect it under the supervision of Miss Gann.

Ninety-three children were inoculated for diphtheria by Dr. Edwards this morning. These children consisted of those under 14 in the Knox City Schools and some from Union Grove. Also there were some children of Knox City and vicinity, who were an

der school age who received the inoculation. These children were only required to pay twenty-five cents each a sum very meager and charged merely to cover the cost of materials and the medicine used. No charges was made for the services of either nurses or Dr. Edwards. The school and the teachers join the parents of the children in extending their appreciation of the service rendered to them and to the school by Dr. Edwards and the County Health Nurse and her assistant.

## KNOX CITY VS NOODLE

The Knox City Girls played Noodle High School at Anson Wednesday night January 24. The Noodle High School was undefeated this year but they did not prove to be much competition for the Knox City basketball team as the final score ended at a count of 24 to 4. Never during the game was the Noodle team able to loop the basket for a field goal and but one of the four free points their count would have been scoreless. From all accounts the game opened with Noodle expecting a grand walk over but by the end of four minutes of playing they seemed to be wondering what it was all about. The score at the end of the half stood at 13-3 in favor of Knox City and in the last half it climbed to 24-4 with the Greyhounds leading.

On Tuesday night January 23 the Knox City girls club met the Goree club and defeated them 24 to 17. This made the third defeat that the Knox City sextet had given the Knox County Champions of 1933.

## NEW BOOKS

Some sixteen new fiction books have recently been bought for the High School Library. These books vary from Tarkington's Penrod and Otis' Toby Tyler to Elliot's Adam Bede, Scott's Kenilworth and Thackeray's Vanity Fair in order that pupils in all four classes may find amusing and educational literature. These books are never found on the library shelves and it seems to those who are waiting for them that they will never be available.

Our library is badly in need of new drama and poetry books, but just now we haven't money to buy. We should greatly appreciate any donations from folk who have books to spare. If you have any books which you feel that you could give to the library please send them in anytime. We need them.

An order has been made for a copy of Emily Post's Etiquette. This book was requested by various students, and we feel sure it is going to be in great demand when it arrives.

A large sized new Webster's Dictionary has recently been added to our High School Study Hall. We use it so frequently that we wonder how we managed to get along when it was not there.

## WHO'S WHO IN THE SENIOR CLASS

(This is the beginning of a Who's Who column which we expect to continue for some time, beginning first with the Senior Class. Out of courtesy of our new class members, we shall list them in this column first in preference to those who are probably known much better to the citizens of Knox City.)

### Rowan Sisters

The Rowan sisters, Bonnie Nelle and Vernelle, are both of the senior class and to the high school. Although their return home is at O'Brien they are staying in Knox City in order to attend the Senior Class of our local high school.

Vernelle Rowan, the elder of the sisters, was born in Shawmut Arkansas, January 17, 1917. She is five feet three inches in height, has light brown hair and grey eyes. Bonnie Nelle Rowan was born at Clear Springs, Arkansas, May 11, 1919, she is five feet six and one-half inches tall and is similar to her sister in appearance also having brown hair

## Chickens-Turkeys

Don't take chances give your fowls and baby chicks Star Parasite Remover in drinking water. It kills diseases causing worms and germs in ception. Keeps them free of lice mites, fleas, blue bugs. Keeps their health and egg production good and saves much trouble and losses at a very small cost or your money refunded.

Orient Drug Store

and grey eyes.  
 Both girls attended school in Arkansas until they were in the fifth grade which time the family moved to Texas, and since that time both girls have attended school at O'Brien with the exception of one year at New Mid, Texas.

The girls are similar in many ways, though in some instances their tastes vary. For instance Vernelle is intensely fond of music while Bonnie Nelle is fond of reading and often tries her luck at writing poetry. Both girls enjoy sports and have taken an active part in the girls athletics of the schools they have attended. They play both basket ball and base ball, Bonnie Nelle having played on the New Mid basketball team for three years and one year on the basket ball team while Vernelle played one year in both fields. Both accept base ball as their favorite sport.

Both girls express their pleasure in attending Knox City High School and the Senior Class of '34 and certainly they are welcomed by both.

## Chevrolet To Ban FOB Price

New Merchandising Policy Will Appraise Buyer of Exact Cost Delivered

DETROIT, Jan. 27.—A new automobile merchandising policy whereby the purchaser will be appraised of the full cost if his automobile delivered in front of his door, rather than having to rely on ambiguous "f. o. b." prices, was announced here today as effective immediately in the entire Chevrolet organization by William E. Holler, general sales manager of the company.

A campaign is now being launched among dealers and retail salesmen in all parts of the United States instructing them in the new policy and appraising them of the suggested delivery price to be quoted in their respective communities.

"We are going to take the blinders off the order blank," Holler stated. "We are going to let everybody know exactly how much their cars will cost them delivered in front of their doors. We are going to show exactly what makes up the difference between the list, or f. o. b. price, and the final delivered cost.

Cheered by Prospects  
 As an instance of what the new procedure means to car buyers, Holler pointed out that while list prices on the company's new 1934 models average \$70 higher than in 1933, the actual increase in cost to the purchaser in New York is only \$40. While

the list, or "f. o. b." price, through the United States averaged 14 per cent above 1933, the delivered cost actually average only 8 per cent higher.

"I am confident," said Mr. Holler, "that this plan will enable us to deliver automobiles all over the country at a lower price to the purchaser than any other make of volume car."

Holler voiced enthusiasm over the prospects of his company for this year.

"We introduced our 1934 models early this month," he said, "at 100 special exhibits all over the country separate, complete automobile shows in themselves to a most interested and responsive public. At the close of the first week our salesmen had booked 70,000 bona fide orders for immediate delivery.

"Coming Back—Fast"  
 The fine response of the public in terms of orders will insure the day and night operation of our plants for many months to come.

"America is coming back—fast. There is no doubt of it. More indicative even than attendance and sales figures at the New York Automobile Show and our own local show is the changed attitude of people—visitors and automobile men both. At the shows I attended, almost a 'rival spirit' prevailed. There was more enthusiasm more of a 'go forward' feeling, than at any show since 1928. We are coming back and 'he means by which it is being accomplished is much less important than the fact itself."

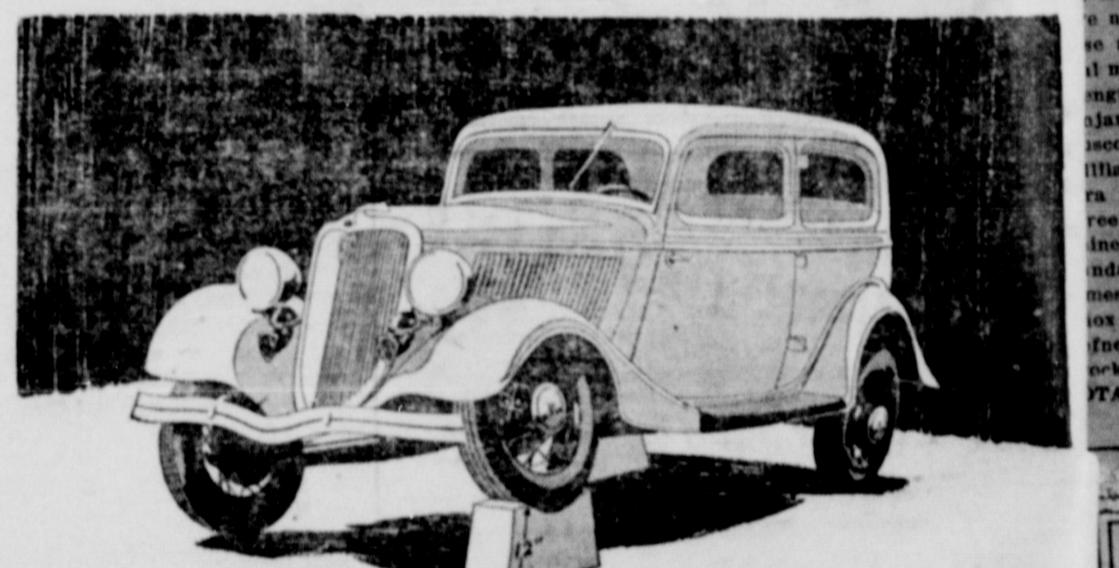

## SIGNING OF COTTON CONTRACTS EXTENDED TO FEBRUARY 15

Signing of cotton contracts has been extended in time fifteen days, that is until the fifteenth of February. Contracts will be accepted on a 5 year average where lint per acre is as low as 75 pounds.

**Free Action** for all 4 wheels  
 plus the *safety* of a front axle and *comfort* of Cantilever Springs

A great deal of thought is being given today to springs. Various experiments are being tried in an effort to get independent action for an automobile's front wheels.  
 All of which is simply another tribute to the soundness of Ford engineering and the Ford V-8 for 1934. When you drive this car you get free action not only for the front wheels—but for all 4 wheels.  
 Ford transverse cantilever springs provide individual suspension for both front and rear axles. In the new Ford these springs have been made more flexible. This type of construction is not experimental and has the advantage of *comfort plus the proved safety of a front axle.*  
 This new Ford combines V-8 power with gasoline economy—20 miles to the gallon at a speed of 45 miles per hour, in exhaustive road runs. It will do 50 miles an hour without difficulty. At 50 or 60 miles per hour it is actually running at ease!  
 This reserve power means acceleration unequalled by practically any other make of American automobile, regardless of cost. Before you buy any car at any price, drive the new Ford V-8 for 1934.
