City Council To Act As Trustee For Knox City Cemetery

By JAMES HILL
Knox City's City Council met Monday night in regular session and among other business to come before Mayor Guy Glenn and Aldermen Ottis Cash, A. T. Holcomb, Dr. Charles Markward, Vaughn Gruben, and Monty Penman, was a discussion with Jim Hill.

Hill asked the council to study the feasibility of the city's taking over the upkeep and management of the Knox City Cemetery.

"As you men know our cemetery is in a sad shape, and last week the Lions Club solicited funds in which to clean it up," he said.

"I believe the city could take over the job and do it to everyone's satisfaction," he said. "I would also like to suggest that you appoint one person to see that it is kept in repair. If someone thinks it isn't kept properly, they can call one person and ask them why," he continued.

"I also believe the city can do the work without extra taxation—that is if it is cleaned and maintained properly at one time and not left alone until it is in its present condition," he said.

The council agreed this was probably true.

Hill said he believed the people of the city would be just as helpful to the city and its need for money as they would to any other group or club.

The Lions Club is still seeking contributions to the cemetery fund and these funds will be turned over to the city if they pass the ordinance.

The city could figure the operating cost of the cemetery and add it to next year's budget.

Hill said the blame was no one or even a dozen people's fault, but that it was the town's responsibility to see that it was

kept clean and orderly.

The cemetery committee and other persons have done a fine job with what little they have had to work with, he said, but there just wasn't enough money or interest in the town itself to keep it nice and orderly.

"I believe I attended a meeting one time when the city said it would take over the cemetery," he said.

One of the council men said this was true.

Only two persons now are in the cemetery committee. Formerly there were quite a few.

Mrs. C. J. Reese and Mrs. Paul Fitzgerald are the only members left on the committee.

Both ladies have tried unsuccessfully to arouse the town's need for an adequate cemetery.

Before the council meeting Monday Mrs. Fitzgerald was contacted and she said she was in favor of the city taking over the responsibility. Mrs. Reese was not available and so her opinions were not known. Mrs. Fitzgerald believed she would feel the same as she did, though.

After considerable discussion, Hill asked the city if they would be in favor of passing an ordinance or resolution signifying its willingness and intention to act as trustee of the cemetery.

"After signing an ordinance or resolution, and if the cemetery committee is willing for you to assume the responsibility of the cemetery and hands over the funds they have in perpetual care, will you men, the city assume the responsibility of seeing that it is kept up?" Hill asked.

The city agreed to the proposition.

The City made it clear that their only interest was in doing

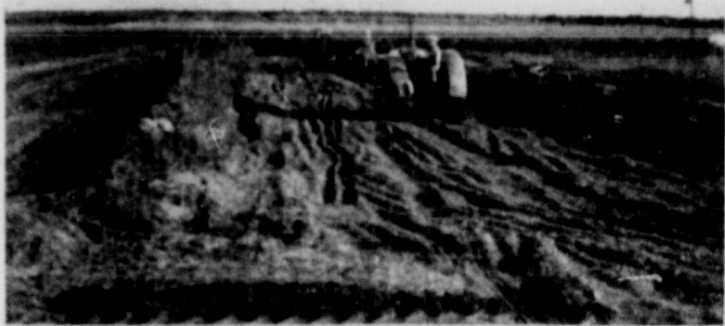

ance or resolution signifying its willingness and intention to act as trustee of the cemetery.

KNOX FEED LOT—is a new enterprise by Togo Moorhouse and Joe Barton of Benjamin. The lot is located between Knox City and the River toward Benjamin. Above is one of three silos, which will hold approximately 3,000 tons of feed. In the lower picture is shown one of the silos almost filled and the tractors are used to "tramp" the feed down. The pen will be able to accommodate approximately 1500 animals when it is completed. Barton said they would be ready by September.

First Baptist To Hold Revival Here

Knox City's First Baptist Church will hold their revival August 13 thru Aug. 20.

Rev. Kenneth Cantrell, of the First Baptist Church in Henrietta, will conduct services.

Beryl Lovelace, music director of Bethany Baptist Church of Dallas, will lead the singing.

Morning services will be conducted at 10 a.m. and night services will begin with a prayer meeting at 7:30 p.m. and worship service at 8 p.m.

Rev. Murrell Johns, pastor invites all persons to attend the services.

City Council Holds Regular Meeting --OK's Paving

Knox City's Mayor and Aldermen held their regular meeting Monday night with all men present. They were:

Mayor Guy Glenn, and Aldermen Monty Penman, Vaughn Gruben, A. T. Holcomb, Dr. C. G. Markward, and Ottis Cash.

A motion was made by A. T. Holcomb and seconded by C. G. Markward to raise J. J. Hester, chief of police's pay \$25 per month, effective July 10.

All voted in favor of the motion.

Meeting with the council was Jim Hill and Bill Sams to talk about the business of the city taking over the Knox City Cemetery, perpetual care, and all other phases of cemetery business and management.

The City Council agreed to the recommendations and their willingness to pass such ordinance as necessary to be the trustee of said cemetery, after consultation with the City Attorney, Joe Reeder.

All voted in favor of the recommendations.

Motion made by Monty Penman and seconded by Ottis Cash that the following minimum fines for city traffic violations be published in the Herald as follows:

MINIMUM FINES

1. Double parking anywhere on Central Avenue between So. 5th St. and North 2nd St., \$1.00.
2. Running any stop sign in city, \$3.00.
3. Running red light, \$5.00, and no right turns on red light.
4. Between no parking lines at fire department, \$10.00.
5. Parking in fire plug zone, \$5.00.
6. Parking in no parking zone on sidewalk, \$1.00.

These are for FIRST offense tickets.

Other violations to be determined by the court.

We would like to suggest that all businessmen and employees park at rear of business and make more room for friends and customers as we're so crowded

CIVIL AIR PATROL TO BE ORGANIZED AT MEETING HERE FRIDAY NIGHT

"You need not be a flier to be active in the Civil Air Patrol" says the group of Knox Citizens who are organizing a CAP for this area.

A Squadron of the Civil Air Patrol (CAP) will be organized for this area Friday night at 8 p.m. in the American Legion Hall in Knox City. The Squadron will be named the Knox Prairie Squadron of the CAP. The Knox Prairie area consists of Knox City, Benjamin, Munday, O'Brien, Goree, Weinert, Rochester and Rule.

The Divisions of the CAP Squadron will consist of the following: Executive officer, information officer, chaplain, safety officer, administration officer, legal officer, finance officer, medical officer, coordinator for Civil Defense, personnel officer, transportation officer, supply officer, operations and training officer, aviation education officer, communications officer, and aircraft maintenance officer. In addition to each of the officers in each division there will be a staff. This comprises the senior members of the CAP Squadron. Senior members age requirements are 18 or older.

In addition to the senior members there will be a cadet corps made up of CAP members from age 14 thru 18. They will be given special training by the senior members and the cadet organizational chart consist of senior member commandant of cadets, administrative assistant, and cadets will then be in charge in accordance to this type chart:

Cadet commander, cadet executive officer, cadet information officer, cadet supply officer, cadet operations officer, cadet training officer, cadet adjutant, and cadet communications officer.

Then there will be a cadet supply Non Com. Officer, a cadet administrative NCO, cadet first sergeant, 3 cadet flight leaders and three cadet squad leaders.

The CAP is organized as an auxiliary to the Air Force and is to work with the Civil Defense organization, if there is one. If not, the CAP will serve in case of national emergency. Other functions are for military communications, air detection, air search, and all other emergencies and weather observance.

Upon completion of this squadron organization, eligibility for necessary equipment and supplies consist of the following:

FLIGHT: One light aircraft

per 8 licensed flying members (A J3 Cub awaits our organization).

COMMAND OFFICE: All type of office furniture and supplies.

TRAINING: 16 MM Movie projector (sound and silent), as well as slide projector for slide and strip film.

COMMUNICATIONS: Receiver-transmitters suitable for fixed and semi-fixed station HF and VHF combination (2 per squad), receiver-transmitter for ground mobile stations HF and VHF combination (14 per squad) Receiver-transmitter VHF and HF airborne stations (4 per squad), field telephone switchboard and field telephones (10 per squad).

VEHICLES: One bus, personnel carrier per squad, two five-passenger sedans, one truck (Jeep), 1/2 or 3/4 ton 4x4 per 3 mobile ground control communications sets (with 14 allowed that would be four or five units) and a trailer for each.

AIR FIELD: Lighting for air field if no lights are on field at present.

MAINTENANCE & TRAINING—Engine portable air compressor, electric heavy duty hand

School Begins Aug. 28; Need Teacher For McGee Ward

Supt. of School E. A. Youngblood said this week schools in Knox City will start on Monday, Aug. 28, and that he would like to remind parents of first grade students that they would have to have their child's birth certificates and immunization shots before they would be admitted to the school.

Faculty for all Knox City schools are complete with the exception of McGee Ward.

Mrs. Turner, who taught the fourth and fifth grade classes resigned and a teacher is needed for that position, the superintendent said.

Other personnel needed by the school system will be two bus drivers—one to act as bus driver and part time janitor.

In order to keep the grade and high school buildings in repair and condition it will take the help of more personnel, Supt. Youngblood said.

Foursquare To Hold Revival

Rev. Floyd Bailey, pastor of the Knox City Foursquare Church, said a revival would get under way there Sunday, Aug. 13 at 7:30 p.m.

The revival will probably last one week, he said.

Weekdays services will begin at 7:45 p.m.

Rev. Lee Wall of Levelland will conduct the revival services. Young People of the church will be in charge of all singing and special music, Rev. Bailey said.

Everyone is invited to hear Rev. Wall speak.

O'Brien Baptists To Have Revival

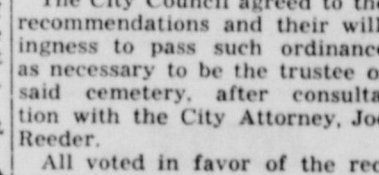

The First Baptist Church of O'Brien will conduct revival services starting Sunday, August 13, through Sunday, August 20, Rev. Larry Young, pastor said.

Evangelist Jesse Poe will conduct the services and Jerry Rowan will lead the singing.

Services will be held at 10 a.m. and evening services at 8 p.m. daily.

"This is your personal invitation to attend our revival services," Rev. Young said.

Local Vocational Agriculture Students Receive Lone Star Farmer Degree

CLYDE DAY

Leon Burkham, his wife, Leona, and son Mike, three, moved to Knox City July 19 and Mr. Burkham will be the Vocational Agriculture teacher in the Knox City school system.

Jimmy Lea, son of Mr. and Mrs. Ulric Lea, and Clyde Day, son of Mr. and Mrs. Roy Day, received the Lone Star Farmer Degree recently for outstanding work done in vocational agriculture.

Only two per cent of the 40,000 Ag students in the state received the honor.

Requirement for the honor consist of earning \$500 and having an outstanding scholastic record, and having completed three years of Agriculture.

Leadership ability, outstanding project programs, are also required.

Clyde Day is 18 years of age and has been an Ag student for three years. Projects have been

rows for pork production, 15 acres of wheat. In leadership, he has been president of the FFA, president of his Sophomore class, recipient of the Dekalb award for outstanding Ag student, public speaking, first district, judging contest, Chapter Star Farmer award, vice president Oil Belt District '59-'60, and president of the '60-'61 school year and vice president for '61-'62.

Jimmy Lea is 17 years of age and has been an Ag student for three years.

Projects have been six Short-horn cattle and three sheep, and has been outstanding in football, basketball, track.

He has also excelled in livestock, dairy cattle and chapter conducting.

He was reporter of the Knox City FFA.

Lea placed first in the county contest with sheep.

Football Practice Starts Monday

Knox City's coaches, Ted Darland and Curtis Hines are in San Antonio this week attending the Coaches School.

Football practice will start Monday, August 14 at 7 a.m., Coach Darland said. There will be two workouts a day for the first two weeks and time will be approximately 7 to 9:30 a.m. and in the evening from 4:30 to 6:30 p.m. he said.

Knox City's school begin classes Monday, Aug. 28, and the first football game will be the next Friday, Sept. 1 here with Chillicothe.

The coaches said all boys should go by the Clinic to get their physical examinations before playing ball.

Coach Hines moved here Saturday, July 29.

Band Rehearsals Begin Tuesday

Band Director Tommy Heffington announced that rehearsals for the High School Band, in preparation for the 1961 football season will begin at 7 a.m. Tuesday August 15.

This rehearsal is for High School Band members only. Members will meet at the band hall. Instruments will not be necessary for Tuesdays rehearsal.

A special meeting of all High School majorettes and drum major, David Charles of Weinert; and his grandmother, Mrs. Tom Martin of Munday.

"When one considers how reading seeps in through all the cracks and crannies of our days, what power there is in books to determine our views of life, and how cheaply these possibilities lie at every man's hand, it is plain that the quality of a man's reading is one of his foremost responsibilities." — Harry Emerson Fosdick in "Twelve Tests of Character."

An important event is taking place in our state capital this month. It is perhaps overshadowed by the things that are going on in the capitol down there, but for many years the archives of Texas have needed a home other than in the capitol building itself. At last the Texas State Library is moving into its new home.

A trip to Austin primarily to see this new building may be made by Old Chel one of these cool days. This winter, that is.

Our friend, Frank Ikard, has sent the new agriculture year-

book and anyone who is interested in seeds should have it. Representative Ikard will send a copy on request. The title of the 1961 yearbook is SEEDS. It will be a companion to the yearbooks of former years on TREES, GRASS, INSECTS, LAND, PLANT DISEASES and other subjects. Our government publishes many interesting books and pamphlets. A list of its publications is received by Old Chel each month. A study of this list makes us proud.

Old Chel asked CARE to send our last package as educational type gift. The acknowledgement card says that it went to Equador and was classified as "classroom equipment." We hope it

contained some books. The Horned Lizard (horny toad to you and me) is recognized in a book by DeVault and Munch. These authors also did books on the Road Runner and the Armadillo.

These books Old Chel intends to send to some South American school library. Anyone know the name of a teacher or librarian there? Can you think of anything more representative of Texas than horny toads, road runners and armadillos? Mocking birds, too.

We suggested that the authors do a book on the mocker but nothing has come of the suggestion as yet.

We continue to listen to Jeremiah telling of the spiritual apostacy in his day. It is such as we see today in our own land. We error when we fail to teach the truth of God in the power of the holy spirit and judgment of a living God because of sin. The people of God erred in that

day in telling the congregations that God would not judge them for their evils. The preaching of judgment has never been popular. Jeremiah was put in prison and almost starved to death but when they took him out he stood in the temple and told them an appalling and terrible thing had happened in their land; that God would avenge himself on a Nation such as this.

God is the same today. He has not changed. Unless America repents and returns to God wholehearted, we can look for His

And why, a white collar worker asked, shouldn't his wool trousers be exempt, too, since he works in them?

During the Sales Tax debate, Senator Wardlow Lane of Center quipped, "I'm personally not for any kind of tax . . . just like I'm not for pneumonia, death or anything else bad . . ."

ATTORNEY GEN. RULES — An Attorney General's opinion holds that the state's admission tax does not apply to tickets to baseball, football and basketball games, but is applicable to horse races, dog races, motorcycle races, auto races, dance halls, night clubs, skating rinks, "and any and all places of amusements, contests, and exhibitions."

State Comptroller Robert S. Calvert, who asked for the ruling, was advised that horse races are subject to the tax because they are specifically mentioned in the tax law, while baseball, football and basketball games are not.

REFERENDUM ON HORSE RACE BETTING SOUGHT—Rep. V. E. (Red) Berry of San Antonio who got nowhere with his bill to legalize horse race gambling in Texas and another calling for a statewide referendum on the question, doesn't plan to give up.

Representative Berry said petitions are being circulated by members of the Texas Thoroughbred Breeders Association asking support of a Democratic party referendum from 10 per cent of the qualified voters in Texas. He estimated 155,000 signatures will be necessary to cause the State Democratic Executive Committee to submit the proposition to the voters in the first Democratic election next May.

The petition, he said, calls for

submission of a constitutional amendment to the electorate.

HISTORIC DOCUMENT ON WATER PROBLEM — "If Texas cannot change the weather, they can at least, through sound, far-sighted planning, conserve and develop water resources to supply their needs."

So said the State Board of Water Engineers as it turned in to Gov. Price Daniel the state's first comprehensive projected plan for meeting the industrial, municipal and other water needs in 1980.

Gov. Daniel termed the 200-page document, which envisions the construction of 45 new reservoirs over the state, "one of the great things in the life of our state."

The board made the observation that the people of Texas have not yet been "aroused to the dire consequences of inaction or to the consequences of building projects which at best provide for only small increases in water needs . . . in relation to long term future needs in many areas, water is the least abundant of Texas' important natural resources; certainly it is the most indispensable."

The board said that through proper development, Texas has adequate water to meet its municipal and industrial needs in 1980 and sustain agricultural and other uses. A significant statement in the report was to the effect that such a program as outlined "appears to be within the financial capability of the state and local interests, with federal participation in projects containing flood control."

In short, the so-called "Master Plan" for development of the state's water resources is at least an outline of what can be done, to meet one of the state's most crucial problems.

ATTACK ON "SOFTNESS" LAUNCHED — Physical education teachers from over the state at a meeting in Austin have come up with a plan to turn talk into action and do something about physical fitness in the schools.

The plan includes 15 minutes of strenuous body exercise in physical education periods; teaching the right way to walk, sit, climb, pull, push and all the other ways the body obeys the laws of physics; teaching games and sports people can use throughout their life including tennis, golf and swimming and other popular sports; teaching the history of games; fitting activities such as folk dancing into social studies; emphasizing sportsmanship as part of social behavior; accomplishing social control through release of tension in athletics; and promoting a favorable attitude toward physical activity both as children and as adults.

BUS RATES GO UP — Bus travel in Texas is costing the operators more and so it will be costing the passengers more. No one objected at a hearing which resulted in a general hike of 5 per cent in bus fare rates approved by the State Railroad Commission.

Uncle Ben from Benjamin says:

DEAR MISTER EDITOR

Bug Hookum come by my house Sunday night to set for a spell and do a little lamenting. In all the years I've known Bug, they ain't nothing that has gone to suit him. He was claiming Sunday night that farm prices will git worse and worse and he figgers maybe he'd sell out and move to some big city and git hisself a job in a factory.

I tried to cheer him up, told him things was about as good out here as they was anywhere, that in the end things break about even fer all of us everywhere. Bug allowed as how he'd took note of that fact too. Fer instant, he said he'd observed that the rich and the pore git about the same amount of ice, the rich gitting it in the summertime and the pore in the winter.

When Bug gits to lamenting real good he's mighty hard to cheer up. I changed directions and told him he ought to set down and write his Congressman all about his problems. He said he'd tried that both under the Old Frontier and the New Frontier and gits about the same results. He claims Congressmen ain't got but two remedies fer anything and both of them is I'd. They either pass a law or appoint a committee, and if the law ain't bad, the committee is stacked. Anyhow, says Bug, he ain't had no reply to the last two letters he sent to Washington.

I wouldn't doubt it, Mister Editor. When a Congressman don't answer a letter from a rancher or a farmer it's on account of him never gitting the letter. I reckon a secretary sorts out the mail and none of them knows the difference between a hayrake and a silo. A farmer can git it to be a Congressman, but the farm ain't never produced a Congressman's secretary. A heap of Congressmen brags about how they has walked behind a mule from sun-up to sunset, but you never heard that kind of talk from one of their secretaries.

It ain't knowed too much around the community, but Bug's real name is Thomas Jefferson Hookum, and I think the trouble started right there. Some parents give their kids distinguished names hoping it'll make 'em turn out right, but you'll note from time to time that we got a heap of George Washingtons and Thomas Jeffersons in the penitentiary. The first boy should be named fer his Pa, the

first girl fer her Ma. Of course, when they git up to 12 or 14 kids like in the old days, the parents might have to branch out a bit, but I don't see no excuse fer branching out all the way to Thomas Jefferson like they done with Bug. Incidental, Mister Editor, my middle name is Smith, which accounts fer me turning out so good.

Yours truly,
Uncle Ben

what was best for the city and in doing what the people wanted. All men were in agreement that they did not want the responsibility, but would be glad to assume it if the people so desired.

Hill asked the City to consult the city attorney on the legality of the proposition, and they said they would.

The city owns the cemetery and under law can add a 5 cent tax per \$100 valuation, if the tax is not already at its maximum.

It is entirely possible the city can keep the cemetery in order without asking for additional funds. In time the perpetual care money or interest on it, could be used to keep the cemetery in shape.

Another solution would be to hire a man for the city to care for it. Most were in agreement that it wouldn't take a full time man, if it were cleaned up and kept in repair at one time.

In that way the city could use him for other city work.

This extra expense could be written in next year's budget.

The Herald, along with Bill Sams, called a number of local citizens Monday afternoon and night to ask their opinion on the proposition. All contacted were in agreement with the plan. A large number of other homeowners were at the city hall to meet with the city council Monday concerning the paving of their streets and they were also in favor.

For a prosperous and otherwise thriving community, the cemetery is a disgrace. It is something we need to do and it is something we should all try to get our heads together to solve.

The City as well as the Herald will welcome YOUR opinion on the matter.

The City has been most cooperative in doing whatever the people are in favor of doing. If you are in favor of the above proposition, tell them so.

The game will be played to benefit the Little League teams.

Players will be: Mr. and Mrs. Wesley Garrison, Mr. and Mrs. H. T. Melton, Mr. and Mrs. Willard Skiles, Mr. and Mrs. L. E. Groves, Mr. and Doug Meinzer, Mr. and Mrs. Jim Ross, Mr. and Mrs. Bill Sams, Mr. and Mrs. Doyle Graham, Mr. and Mrs. Ben Knight, Dr. and Mrs. Charles Markward, Mr. and Mrs. Jim Hill, Mr. and Mrs. Joey Watkins, Newman Bishop, and Mrs. Bud Carver.

Wesley Garrison said he had first recommended the men wear their wives dresses and vice versa, but had changed the notion when Bill Sams was asked to play ball (Bill, 27, his wife June—a most pleasing, compact 100, if that much!).

Knox County's High Sheriff, Homer T. Melton, will be the catcher for the men and the rest will alternate at the other posts.

Fun for all and a worthy project will be the offering.

C. E. Williams will announce the game.

Garrison said "anyone desiring to play ball—come ahead—but, be sure to wear your uniform!"

Admission will be 50 cents adults, and 25 cents for students.

Buffalo Rodeo To Show In Haskell Saturday, Aug. 19

Hackberry Johnson, colorful rodeo performer and manager for a large number of years, will have his Buffalo Rodeo at Haskell, Saturday, August 19.

Features of the unique rodeo are the roping and riding of buffaloes.

Johnson started his rodeo career in Bisbee, Ariz., in 1909. "At that time Arizona was a territory," he said.

Johnson said things were really rugged and rough in those days. Bisbee was only 20 miles from Tombstone, and every day saw a killing or two before breakfast.

"In those day you never asked anyone a personal question like what's your name," Johnson said.

About the only question that could be asked without hostility, was like, "Where is the post office?" or something like that, he recalled.

Johnson lost a leg in an accident years ago, but continued to ride any and all horses that came his way.

"Rodeoing isn't too lucrative a business," he said, "but it does keep me young, and I love it," he reminisced.
