NUMBER 19

Appreciation C.W.A. Meeting

24th the mortal friend and pioneer of the McMillian, was laid in a beautiful cemetery in Mississippi, after a short service.

Carrollton October 25, 1933, at 10:30 a. m. we found a large number of relatives and friends waiting for the undertakers. The undertaker was kind and obliging to send a man to Vienna, who piloted us to the home. This we greatly enjoyed as we were tired and found it difficult to have arrangements made for the night, we were at the home of Mrs. W. E. McMillian, the place of Mr. McMillian, Mrs. Buchanan, sis-ter, and other relatives. We never met finer people in our lives. While we met all the relatives whom we shall ever feel grateful for the shown us. Our visit was most enjoyable. We enjoyed the privilege of knowing this family of whom the state may be proud.

Funeral Thursday morning at the home of Mrs. W. E. McMillian. In this home we found every one of friendly spirit that we found every one in the community.

Do not forget to many kind words to us by the family and we shall welcome any one chosen to represent the community.

The C. W. A. met Monday afternoon at the Methodist church in Carrollton, Mississippi. An interesting program was given, the main point being the talk given by Mr. E. O. Jamison on "Tree Planting This Fall." The C. W. A. is asking the Chamber of Commerce to cooperate in the tree planting campaign. It is hoped that before the first of the year several hundred trees will be set.

Another interesting talk was made Monday by Mrs. T. P. Frizell on playground equipment for the park. The C. W. A. made an excellent start this past summer to equip the park with playing apparatus for the children and in view of this fact they hope to continue what they have begun. The desired equipment now is a merry-go-round.

Mrs. H. B. Sweeney made a talk on plans for raising money for the C. W. A. One of the outstanding plans was a play which Mrs. Sweeney hopes can be staged before the first of the year. Following her talk the association voted that Mrs. Sweeney's wishes be complied with and she was made chairman of the play.

Mrs. G. D. McCarty made an appealing talk in the interest of the Red Cross which all the ladies greatly appreciated.

The meeting adjourned to meet the first 5th Monday.

J. SILMAN HEADS RED CROSS DRIVE

Mr. J. Silman has been appointed by the Knox City Chamber of Commerce as chairman of the Red Cross drive which will be taken in a few days. Mr. Silman readily consented to act in this capacity and the town is looking forward to a thorough drive this year.

Mr. Silman was accompanied to Benjamin Monday for the Red Cross Council meeting by Mrs. G. D. McCarty, local council chairman, and two volunteer workers Misses J. J. Russell and Aleene Griffith.

DOUGLAS DOYLE TYRA

Funeral services were held Saturday afternoon of last week in the Herrington home for Douglas Doyle Tyra of this city. Douglas was born May 3, 1933 and passed away October twenty-eight, 1933.

Brother Rogers conducted the funeral service and the little body was laid to rest in the Odd Fellows Cemetery.

Douglas was the son of Mr. and Mrs. S. J. Tyra and is survived also by three sisters and four brothers. They are Mrs. Lillian Ingram of Arp, Texas, Emmette Tyra, Sam J. Tyra, Cordie and Jack Tyra, Bill and Bettie Jean Tyra all of this city. He has been saved millions as in the post office department, which is breaking even for the first time in many years. But the work has barely begun.

Reasonable taxation is the friend of recovery, of employment and high wage scales, and individual and corporate prosperity. That must not be forgotten.

It is with regret that we state the condition of Lee Smith this week. Lee has been walking several weeks with crutches because of a broken leg. This week when his leg was X-rayed it was seen that a new set would have to be made. His leg was broken and reset but it is feared that again the bones are not straight and the work will have to be done over. We regret this fact and hope that Lee will recover from this broken bone at the earliest possible date.

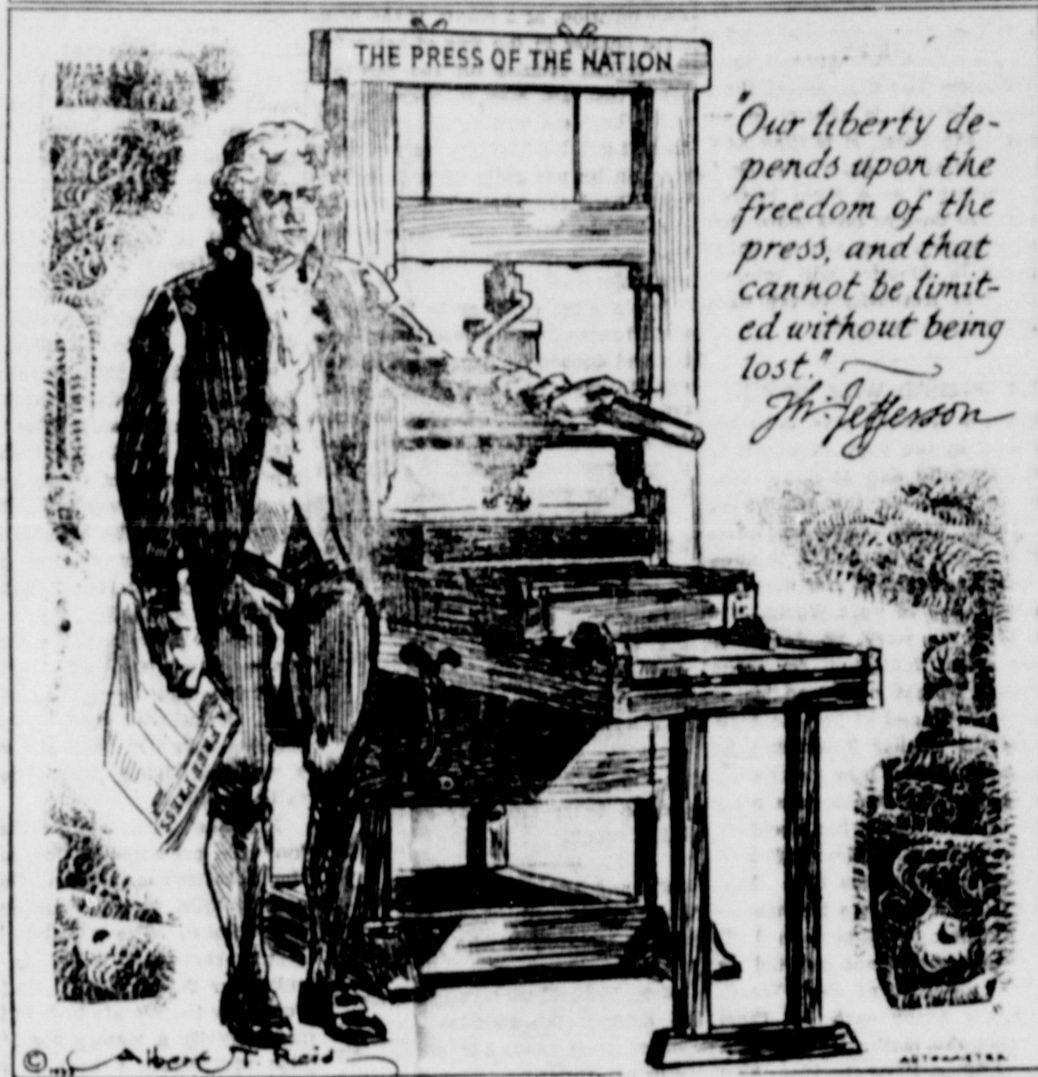

John Smith is carrying a large batch on his nose this week. He broke his nose when he went to crank a Farmall on the Bill Cloets place Monday.

Mr. and Mrs. Thurwanger of Weiser spent Sunday here visiting Mr. and Mrs. T. E. Robbins and Mr. and Mrs. Joe Smith.

The Sacred Harp Singing Convention will be held at Rule Sunday November 11th at the Primitive Baptist Church. Everyone interested in this work is invited to attend.

Concluding business of 15th District convention.

Mrs. Price Trimmer and Mrs. John Trimmer were called to Brownwood this week in the death of Mrs. John Trimmer's stepfather Mr. Patterson.

McGEE VICTIM OF CAR ACCIDENT "BRING AN OFFERING AND COME INTO THE HOUSE OF THE LORD"

Mr. McGee of Rochester, about 65 or 70 years of age, was hit and instantly killed Friday night of last week by a truck driven by Horace Finley.

Horace was driving the truck at a moderate speed and nearing the gin which is just east of the highway at Rochester. Mr. McGee, without looking, stepped out from behind a car into the truck. Horace swerved quickly and to the extent that the truck barely escaped turning over; however McGee was hit and killed instantly. To Horace it was unavoidable.

Mr. McGee is survived by his wife, son and three daughters. The son was at the gin when the accident happened. The three daughters live in Oklahoma.

Funeral services were held Sunday and burial was made at Rochester.

Saturday Mr. and Mrs. Horace Finley, Mother Finley and Mrs. Deering went to Rochester to see the family and express their sympathy.

Mr. J. N. Patterson of Gore, great Uncle of Mrs. V. J. Patterson at his home last Friday. Mrs. Patterson and her baby daughter attended the funeral services. Mr. Patterson was one of the oldest settlers of this section of the west and lived in many cities here.

MERCHANT GIVES THIEF GOOD CHASE

Monday Mr. A. J. Malouf gave a good chase for his jumper and trousers. The Mexican lifted the two pieces at the Malouf Dry Goods Store and was making his way out of the store and down the street when Malouf discovered him. The merchant tore out after the Mexican and an interesting, exciting foot race was the result.

Malouf retrieved his jumper and trousers stolen by the Mexican.

Wrecking House and Filling Station Robbed

Saturday night some one broke into the Wrecking house and stole five or six gallons of lubricating oil and some gasoline, the amount undetermined.

Also Saturday night Mr. J. V. Jones of the Electric Service Station lost three tires from his station. They were carried off by some one who evidently needed tires and desired not to buy them.

CHURCH OF CHRIST

Brother Wilbur Hill has returned, and as was decided at a recent business meeting of the Knox City Church of Christ, will continue work with this church for another year. The church appreciates Brother Hill's work and showed that they do by making the vote to retain him unanimous.

A LIBERTY TO BE PRESERVED

Two hundred years ago Peter Zenger, publisher of the New York Gazette, was imprisoned by the Royal Governor of the Colony of New York because he dared to criticize the Governor's actions in his newspaper.

A jury set Zenger free after he had lain in jail for several days, and declared it to be the right of every free man to speak and write his opinions freely on any subject, even the Royal Governor.

From that day on the freedom of the press has been one of America's most cherished traditions. Numerous attempts have been made to place the newspapers of the nation under governmental control. Under the infamous Alien and Sedition Act, at the beginning of the last century, many editors were imprisoned for saying what they thought of those in authority and their actions. This so greatly was public opinion arbitrated by those high-handed proceedings that the very first amendment to the Constitution of the United States was one guaranteeing the right of free speech and a free press.

Lately there have been renewed efforts in many quarters to curtail the press of America. State authorities have tried to dictate what shall and shall not be printed, but there

have been hints and threats from those high in the Federal Government itself. Not long ago an agent of the Department of Labor threatened to prosecute for treason a newspaper which printed a criticism of the effort to unionize certain industries. His threat was promptly disowned by his superiors, but since then similar threats to "clamp down" on newspapers and reporters which dare to criticize the NRA have been voiced by General Johnson himself.

The United States has not yet become a despotism. We are not ruled by a Dictator. The first act of those who usurp power is always to try to control the Press. It is time now, when the trial of Peter Zenger is being celebrated as a great historical event, to declare once more that neither this newspaper nor any other newspaper in America will tolerate any effort by Authority to say what it may or may not print.

HIS MOTHER WILL COME

While the huddles have been exhibiting in the hope of notoriety we will be mild and attribute that motive to them—in the vicinity of Fort Worth, better news has come out of our city this week. It is now more representative of the sort of people who live in Fort Worth.

You read the story, no doubt, of the boy from Columbus, Miss., who fell from a freight train and lost a leg and an arm, and of how he feared to let his mother know that he was maimed and of how she had a penny enough to come to him after the found out about his accident. Well, the same children at Fort Worth are going to see that Mrs. Brown of Columbus gets transportation to the bedside of her son J. T.

A high school student spotted on the school children of Fort Worth and found a penny each of them would bring the mother to her boy. And the children liked the idea. Now

what kind of an old world you say this was?

Guests over the weekend in the J. A. Cr. Sweatt home were Mrs. Ann Mrs. McLeroy of Sulphur Springs, Oklahoma and Mrs. Brooks of East Texas.

WE CAN'T HAVE BOTH

The greatest obstacle business is struggling against now is taxation. And taxation, as a result, is the principal barrier in the way of achieving the fullest success for the recovery plans that are now in operation.

No business can spend money it hasn't got. No business can put more men on its pay rolls when it is having a hard time bringing in enough revenue to meet existing demands. No business can expand with profitless balance-sheets.

It's a moot point as to how great an influence taxation was in prolonging and deepening depression. But it was, to say the least, considerable. When the national income touched the lowest point in decades, the cost of government loomed like Everest out of the plains of Tibet.

To regain governmental economy it is not necessary to curtail or damage necessary governmental functions. It simply means that the waste, inefficiency and duplication of effort that is actually harmful to legitimate governmental work, must be eliminated. In some cases a start has been made, and the taxpayers that

Mr. and Mrs. J. G. Gurn and daughter Mrs. Ruby Melton of Benjamin were in Wichita Falls Thursday and Friday of last week.

Mr. and Mrs. McChesney were in St. Louis several days this week visiting his mother who has been ill.

Mrs. Mable Pyeatt was hostess to the Bridge club Tuesday afternoon. Her guest was her sister Mrs. Kelly of Austin.

Miss Jereen Cooner left Saturday for her school on the plains.

Mr. and Mrs. C. H. Keck entertained a few friends Tuesday night with a Halloween and 42 party.

Henry Arledge made a trip to Dallas this week.

Mrs. Berryhill has been critically ill but is better now. Her two son Erwin and Ted of Harding College in Morrilton Arkansas were called in last week. They were accompanied here by a friend Miss Rhea Stout of Roseville, Alabama. The two boys and Miss Stout have been classmates in Harding college for three years.

Mr. and Mrs. Wade of Monday spent Sunday night with Mr. and Mrs. A. S. Ameen.

Little Darleen Brown of Monday spent Sunday night here with her mother Mrs. Lois Brown.

Billy Jo Worley of Paducah is spending this week with Mrs. Dave Whitford.

Mr. and Mrs. Joe Watson and son of Rule, Mrs. W. E. Watson of Roebuck and Mr. and Mrs. Norris and daughter of Haskell were guests of Mr. and Mrs. Holt Moseley Sunday.

Mrs. E. L. Covey, wife of Editor Covey in Goree, died at Seymour on Thursday of last week and was buried Friday at Goree. We extend our sympathy to Mr. Covey.

Mr. and Mrs. H. B. Sweeney spent Sunday with friends near Hermeligh Texas.

Mr. and Mrs. Fred Moody, Mr. and Mrs. Earl Cook and Raymond White went to Lake Kemp fishing the first of the week.

A. J. Melouf and family spent Sunday in Rotan.

Mrs. J. V. Jones and Mrs. G. W. Coates entertained the 42 club Monday night with a Halloween party. Clever Halloween motifs were used about the rooms while the schmel was carried out in a most unique way in refreshments of salad, sandwiches, pickles, date cake topped with whipped cream and coffee. The guests were sufficient for seven tables of players.

M. L. McMillan and L. E. McMillan, nephews of the late George McMillan of Jonestown Mississippi were here Wednesday to settle the estate of Mr. McMillan.

SUNDAY SCHOOL LESSON

Rev. Chas. E. Dunn

Paul in Jerusalem
Lesson for November 5th, Acts 15:1-25

Golden Text: 2 Corinthians 3:17
We have arrived at one of the most critical moments in the life of the early church. Both Peter and Paul had preached the gospel to Gentiles with gratifying results. But the Christian Jews, in their zeal for the Mosaic law, insisted that while Gentiles could be received into the church, they must first be circumcised. This demand Paul and James, in the name of freedom, resolutely resisted. They did not see the Society of Christ to be a mere Jewish sect but a universal community embracing all men sharing the Master's faith. How delighted they were! We cannot be too thankful that at this early stage the fortunes of the church were shadowed by men of such liberal sympathies. If the narrow "Judaisers" had triumphed, the Christian movement might have been condemned to perpetual obscurity. Fortunately the historic decision of the Jerusalem council, so broad and fearless in its determination of the future position of the church, instead of becoming the private possession of a few men, zealous for the preservation of the old covenant, Christianity grew into a world-wide religion, animated with the spirit of a new and living way. Thus was faith sown.

Note that both sides of the question were presented in the course of the debate. Then James, the Master's Brother, proposed an honorable compromise. The Gentiles, he suggested, should be asked to observe only four reasonable regulations embodied in the Mosaic law. This judgment really a victory for Paul but also recognizing a certain merit in the position of his opponents was adopted and sent, in the form of a letter, to the Gentile brethren of Antioch and vicinity.

We have the right to consider this letter a Magna Charta of our Christian liberties. The follower of Jesus is not under the yoke of any ceremonial system, be it Mosaic or otherwise. "A Christian man," said Luther, the 450th anniversary of whose birth falls on November 10th is the most free lord of all, and subject to none."

Mrs. Ruth Kelly of Austin is spending this week with her parents Mr. and Mrs. W. H. Benedict. Horace Benedict was here over the week end.

The lady editor is ill this week and has been unable to assist with the Herald. Victor Pyeatt, old time printer, has given his assistance and it appears that the Herald will come out on time. We appreciate his help however, the absence of the lady editor has been sorely felt in the office.

FAIRM WANTED

Man with plenty of help will buy team and tools and work third and fourth or would consider share crop on good place. He understands farming and can give good reference. Address P. O. Box 111 Knox City or ask for Coker at City Barber Shop. A. B. Lowrey is in Dallas this week.

CARD OF THANKS

It is with the deepest appreciation that we thank the many friends of our dear brother George McMillan for their kindness shown him in his death in Knox City. We greatly appreciate the fact that you chose to send your Baptist minister Brother BROVALL to MISSISSIPPI with the body of our loved one. Mrs. Buckassen and other relatives.

FARTIES DURING THE SCHOOL WEEK

An old saying—"Work while you work, and play while you pay." It would probably be a wise thing to follow this old proverb, especially in school work. But there seems to be a tendency in our school to play altogether, rather than to divide our time between play and work. The easiest way to do this is to work during the school week, and save the parties for the weekends. If this is done, the mind will be free to think on each move clearly. Parties at school are a waste of time and working an algebra problem at the same time you are apt to fail to receive the full value the problem contributes to the developing of the mind. Parties not only interfere with our studies but in athletic activities. By staying up late at night and going to school early in the morning, one fails to get all the sleep required to develop a strong, healthy body. Fun in the right place is the best thing on earth, so let us, as a school, put our fun and parties in the right place and time. If you stop to think about it, you really enjoy a party more when you have nothing else to worry about. So if we have our parties over the weekend or during some holiday we can enjoy them more and will receive more benefit from our school work.

BUILD TO USE NOT TO BURN

First Place by Faye McCauley

Slowly the old gentleman rose, clutching nervously at his walking cane, trying to gain control over his tired-worn body; but one long look at the stern old judge caused him to cautiously resume his seat again. His hands were trembling; in fact, his whole body was shaking with excitement and old age. What was the use of it all? Why had he brought such a matter to court for such a distant heartless group of paid readers to settle? Why did he expect such a group to understand to sympathize? They had seen millions of fires before. Probably they had even cheated many honest hard working such people of their homes before. Home. The word struck to the very heart of the old man, causing his whole body to shake with weak-trembling as he thought not of his home, but of one most precious to him. Golden-haired little Janice named for and who had filled the vacant place his long dead wife, was left when the dreadful fire had shattered his beautiful home, and most of all his darling, his life, and his joy. Then after it was all over, "all over" he again repeated in his mind, he had tried to collect his insurance and had failed. He had carefully explained many times how the fire had probably started, and how above all a beautiful monument must be placed over the sacred spot where his very soul seemed to be covered and buried with ashes from the beauty of his life. Even the court seemed not to understand. Could these be an arrangement between his insurance company and the law of the land? His thoughts were interrupted by the judge rapped harshly on the desk for attention. Slowly and precisely he took his place near the stand, waiting for the slightest noise

in the building to cease before reading the decision of the jury the cold distant twelve whose answers could easily be read on their cruel faces. "Build to use, not to burn. Millions of homes are destroyed each year by fires. Approximately a half billion dollars worth of property is destroyed annually in our state and forty eight states constitute our nation! Why does this occur? When a surgeon is summoned for attention to a disease the fundamental of the disease are just considered. When causes fires? What caused this particular fire? A man having fire in his property should be held responsible for carelessness and criminal negligence, and in this case, murdered, which he must acquit himself. If an arson is suspected he is held guilty until he has proven himself innocent. People read daily of fire destruction, yet carelessly continue on their own way, heedless, careless! The increase of fire destruction increased from \$175,000,000 in 1916 to \$350,000,000 in 1928. It must be made plain clear, even forceable to the public the demand of care, skill and prevention of the most destructive of human horrors. Build, build sturdy strong! Yes, these and more. Build fire proof. Remember the slogan "Build to Use Not to Burn". The old man rose with tears of sorrow in his dim eyes regretting that never before he had realized the truth of those few words, and resolved that he might help others, and save them of a sorrow that could have been prevented. Mr. W. H. Benedict recently donated several fine books to the library. The gift was highly appreciated by the teachers and student body.

FRESHMAN PROGRAM

Friday, October twenty-seventh the freshman class gave a program for assembly. The following pupils kept the students laughing or in

deep interest during the program: Reading "So Was I", Wynell Rogers; Songs Master Cammell Amoen; Reading "The Pest Puts One Over Irono McAuliv"; Talk "The Freshman Class of '33" Juanita Hammock; Poem "The Song of the Eagle" Marilyn Edwards; Rhythm Ban "Let's All Sing Like the Birdies Sing" accompanied through the chorus by the student body.

This is exam week and the student body is "positively delighted" you may be sure.

GIRLS BASKETBALL

The Knox City basketball girls played their first game of the season Wednesday October twenty-fifth. They played Rochester at O'Brien. The first of the game was rather slow but this was due to the fact that the girls hadn't had very much practice. The last of the game was played really well. Everyone played hard and Rochester played a nice game but the Knox City girls defeated them, the score being 20-9. The following girls have been coming out this year: Faye Hyde, Captain and forward; Stella Rex, forward; Mayme Shaver, center; Beatrice Reed, center; Rhea Wharton, Guard; Ruth Darr, Guard; Winnie Anderson, Viola Daniels, Irene Holland, Fay Oliver and Estell Wharton. Miss Rye Coach.

K. C. 14 ROCHESTER 6

A bunch of steers from Rochester all ages, size, and shape, invaded Knox City High last Thursday but left with a defeat hanging on them 14-6.

Rochester scored first when Law intercepted a pass and side stepped, squirmed and riggled through the whole Greyhound team about 50 yards for a touchdown.

Knox City finally worked up some pep and got things started when B. E. Bryson hit the line from about the five yard line for a touchdown. The place kick was short Knox City scored again when the line rushed through and blocked Rochester's kick, Captain Hyde falling on the ball for a touchdown. The kick was wide this time, the last points of the game came late when Captain Hyde tackled a Rochester ball in the end zone for a safety and two points.

The Greyhounds all turned in a grand game, being only two substitutions which were in the line, Lloyd Huntsman demonstrated some of his ball logging; that boy can really carry the mail. B. E. Bryson played a nice game at quarterback, did all of the club.

Munday, or rather Dugzy Aycock, their great fullback hung a 13-0 defeat on Rule. Rule looked great and probably would have won, had Aycock not got in the game. So the Greyhounds are going to have to play their heads off, if they want a victory, and more so when they tackle Munday.

Rule comes here Friday, November 3. Everyone be present and help the Greyhounds win the game. This is the first conference game, and Knox City really needs to win it. The four teams in the conference are Knox City, Aspermont, Rule, and

Munday. We hop the standing at the end of the year will be just as the clubs are named of course Knox City leading the list, and Munday last. John E. Smith, Sports Editor

P. T. A. CARNIVAL

"The Midnite Club"

Kisses and Pretzels" was the main cry of the Juniors of last Friday night. This was the invitation to everyone to visit the "Midnite Club" sponsored by the Juniors. In front of the booth a large glass of punch and pretzels could be bought for five cents. Inside the prettiest Junior girls were placed and the cry, "for one nickel all the kisses you wanted are yours" drew a large crowd, especially boys. Some were disappointed because the catch-well, everyone has heard of candy kisses. The Juniors with the assistance of Mrs. Cash and Mrs. Earl Benedict erected this booth in order to help the P. T. A. secure funds for a plan for the High School.

Negro Minstrel

The negro minstrel was a huge success. Lloyd Waldrip made a very good negro and an excellent comedian. In fact, everyone was dressed as negroes. Loraine Silman made a great pickney. The negro orchestra was very good and the music was swell. Everyone said that it was clever.

Black Cat Cafeteria

The Black Cat Cafeteria was a great success. It was one of the most attractive booths at the Carnival. This booth was sponsored by the Home Economics Club. The decorations of orange and black were skillfully carried out in scheme of Cafeteria style. The money made was appropriated to the fund for buying a piano for the study hall.

The Halloween Parade

All Knox City was parading the streets Friday afternoon after school was dismissed. Both old and young were interested in showing the various costumes and stunts to the spectators. The parade's purpose was to advertise the Halloween carnival at Friday night and it seemed to have succeeded.

The first grade led the parade and all other grades followed with their bugles and trumpets and spooky

faces. The seventh grade have risen from their beds to come to life for their parade. The pep squad ed out ready for a parade though the colors were and black, they looked py. There were two decorated which contained special features of the and the Gypsy Camp. And speaking of buses, best riders were out with roughbreds and the dogs forgotten even though he get away. The parade slowly wards the school building until night. —Mary Lee

"Where You Pay Less and Dress Better"

Why Doctors Favor a Liquid Laxative

A doctor will tell you that the careless choice of laxatives is a common cause of chronic constipation. Any hospital offers evidence of the harm done by harsh laxatives that drain the system, weaken the lower muscles, and even affect the liver and kidneys. Fortunately, the public is fast returning to laxatives in liquid form. The dose of a liquid laxative can be measured. The action can thus be controlled. It forms no habit; you needn't take a "double dose" a day or two later. Dr. Caldwell's Syrup Pepsin has the average person's bowels regular so checkwork in a few weeks' time. Why not try it? Some pill or tablet may be more convenient to carry. But there is little "inconvenience" in any cathartic which is taken so frequently, you must carry it with you, wherever you go! Its very taste tells you Dr. Caldwell's Syrup Pepsin is wholesome. A delightful taste, and delightful action. Safe for expectant mothers, and children. All druggists ready for use, in big bottles. This chart is based on figures from the United States Bureau of Labor and national electric rate figures. The rate curve of the West Texas Utilities Company follows a more sharply descending slope to a point 33% below the level, which is 18% lower than the national average rate reduction shown.

Your Average Electric Rate 35% Below Other Living Costs

Complete electric service is the most reasonable item of expense in your family budget. It is the only item that has consistently been improved in quality and lowered in cost. Today it is 35% below other items of family expense... and still going down.

During the past ten years your average electric rate has been reduced more than 53%—while in spite of two years of rising lowering prices other items entering into the family budget remain 32.5% ABOVE THE NORMAL LEVEL!

Just think of it! The 1932 dollar spent for general living expenses bought only 26% more than the 1922 dollar (according to the United States Bureau of Labor Statistics), while a dollar from the West Texas Utilities Company 115% more reasonable electric service than the 1922 dollar!

This is a remarkable record! In spite of constantly increasing costs of government, the West Texas Utilities Company effected economies which have given you the benefit of rate reductions amounting to more than 53%! And now, with commodity prices again following a sharply ascending curve, electric rates are even farther below general commodity prices than shown in the above chart.

Your dollar spent for electric service buys you more in value—and more in comparison with that same dollar spent for other service or commodities—than any money you spend.
