

WASHINGTON LETTER

By Congressman Ed Gossett

The work of Congress this week has been largely hearings before committees, plus a few notable speeches on the floor.

Some observers say that this week's speech by leading Republican Senator Arthur Vandenberg of Michigan may go down as the most notable in World War II. The Senator, ordinarily regarded as an isolationist, this week called upon America to abandon isolationism and commit herself definitely to world collaboration. The Senator emphatically declared America must cooperate with other nations not only in the complete military defeat of Germany and Japan, but must use all means necessary to see that neither of these nations can again bring the curse of war upon humanity. His speech is a breath of fresh air to those who fear that politicians might again destroy the peace.

The House Military Affairs Committee has been in constant session on the President's request for a national service law. Officials say that we must have 700,000 additional war workers and 900,000 additional service men within the next six months. They say 360,000 men under 26, and 265,000 between 26 and 29 are now deferred on the farms. The farmer's answer is that while he makes up only 31 percent of the country's population, he has furnished 43 percent of the men in the armed services, that he cannot continue to break production records if stripped of remaining labor. Many contend that cost-plus contracts and the 40-hour week is responsible for our manpower shortage. Certainly any "work or fight" law should deal with those already in war work; loafing and profiteering should be eliminated first in war industry.

The impending meeting of Roosevelt, Churchill and Stalin has again raised the question of Russian cooperation. We should remember that Russia was an early and enthusiastic member of the League of Nations which we refused to join. Russia wanted to stop Mussolini's invasion of Ethiopia. She actively supported the Spanish Republic against Fascist Franco. She opposed selling Czechoslovakia to Hitler at Munich. Russia was kicked out of the League when she invaded Finland.

The Office of War Information this week gave members of Congress a private showing of their propaganda films. Many of us thought the films particularly weak, and are wondering if our appropriations to OWI is being well expended.

Among news items discussed in Congressional cloakrooms this week is the report that seven billion dollars was spent for alcoholic beverages during 1944, also the arrest of several hundred soldiers and some officers in the European theater for black market operations. The first 16 tried were convicted and given prison terms of 25 years or longer. Five G. I. deserters with fabulous black market records were given the death penalty.

Newspaper men have combed the capital this week for evidence of continued rumors that Texan Jesse Jones will be moved out of the Commerce Department and that ex-Vice President Henry Wallace will be named Secretary of Commerce. Those who object to this change fear that idealist Henry Wallace is not the man to replace financier Jesse Jones as the head of, for example, the Defense Plants Corporation, which has an investment of more than ten billion dollars in government war plants. These plants include 574 aircraft facilities, 183 steel and iron plants, 151 chemical, 156 machine tool, 97 aluminum, 92 ordnance, 57 synthetic rubber, 52 magnesium, 38 aviation gasoline and 6 pipe line projects scattered among 46 states. Neither of the Dakotas has any of these plants.

Books could be written about presidential inaugurations. Cal Coolidge was sworn in by his father, a justice of the peace, by the light of a coal oil lamp in a Vermont farm house. This week Mr. Roosevelt was sworn in on the "back porch" of the White House by Chief Justice Stone. The backyard of the White House contains some ten acres while the front yard is quite small. Following the brief inaugural ceremony most congressmen and their wives enjoyed a buffet luncheon in the White House.

Our casualties in the war to date is a staggering total of around 750,000. This is many times our total casualties in World War I.

Cotton Growers Risk Losing Benefits If '45 Acreage Is Reduced

How much cotton will a farmer be able to plant in 1946 or 1947?

That may depend upon how much acreage he plants in 1945, says A. L. Ward, Educational Director, National Cottonseed Products Association, Dallas. This fact should be weighed carefully in planning acreage this season.

Cotton acreage is not restricted this season, he points out, but in past control programs "Acreage history" has been used to determine a grower's right to benefit payments, loans and other benefits under government programs. Because future programs may also be based upon acreage history, a grower may endanger his future opportunity to grow cotton by failure to plant enough acreage in 1945.

"Is there any reason to expect that a grower's future opportunity to raise cotton will not depend upon his past acreage history? Can farmers afford to risk losing legal rights as cotton producers in the future, when these rights may be far more valuable than today, because they failed to plant enough acreage this season?"

Ward added that some farmers will not be able, due to conditions beyond their control, to plant as much cotton acreage this season as in the past; and this may endanger acreage goals established by the War Food Administration unless growers increase acreage where they are able to do so.

"Because of the importance of cotton and cottonseed as a war crop, source of food, feed and fiber, and source of income to producers, it is highly important that every effort be made to reach these goals," he said.

Calf Club Members Preparing for Show

Six Knox County 4-H Club members are putting in extra time after school hours training for the District Livestock Judging Contest that will be held at Wichita Falls, Wednesday, February 28th, according to R. O. Dunkle, County Agent.

The six Benjamin boys who are trying out for the team are Anson Ray, Bryson Laird, Stanley Glover, Olan Ray, John Charles McFerrin and Glen Dunkle. Four boys who make the highest average score during the training period will be selected to represent Knox County in the judging contest.

Teams from Haskell, Baylor, Foard Counties are expected to attend the Knox County Calf Show on February 17th for a practice work out; two or three teams are expected from each of the neighboring counties.

Jack Idol, W. T. Ward and Wayne Doland of Benjamin will assist the boys in handling the steer classes.

Geo. Moffett Member 19 Senate Committees

Organization of the second war session of the Texas Legislature was completed this week, with the announcement of committee appointments by Speaker Gillmer in the House of Representatives. Lieutenant Governor Smith announced committee appointments in the Senate last week.

Senator Moffett of this district is a member of 19 committees in addition to being President Pro Tempore of the Senate. He is chairman of two committees and vice chairman of four, including those handling livestock and agricultural problems. He offered the resolution in the Senate creating a new Committee of Veterans Affairs which will consider the numerous bills relating to veterans and their dependents.

SINGING WILL BE HELD AT CREED HOME NEXT SUNDAY

The regular Sunday afternoon singing bee will be held in the home of Mr. and Mrs. R. L. Creed in Knox City.

Everyone is invited to come out and take part in singing the oldtime songs and enjoying a social hour or two.

March of Dimes Fund Gets Good Support

Partial reports from collection committees working on the March of Dimes Infantile Paralysis fund show that well over \$200.00 have been collected up to date. Knox City and the area just east of town reported a total of \$150.17. North of town residents had contributed approximately \$20.00. Mrs. Branton and Mrs. Cash reported over \$50.00 for Union Grove.

A complete list will be reported as soon as all districts are in.

Let the Study Club have your orders for trees and shrubs.

Frances Langford, star of radio, stage and screen christens Lockheed Bomber "March of Dimes," at opening of The National Foundation for Infantile Paralysis' 1945 Fund-Raising Appeal, January 14-31.

Home Demonstration Clubs Achieve Record Production

During the year, 1944, the Home Demonstration Agent of Knox County devoted 150 days to Home Demonstration Club work, 66 days to 4-H Club work, 58 days in the office, made 148 home and demonstrator visits, had 970 office calls and 198 telephone calls; wrote 98 news items, distributed 2030 farm and home bulletins, held 24 training meetings for adults, with 284 attending; and three training meetings for 4-H Club girls with 68 attending.

Other duties completed were 90 method demonstrations to adults, with 1088 attending and 87 method demonstrations to 4-H Club members with 2,873 attending; made talks on food conservation at 11 farm meetings with 148 attending, and also made talk on food conservation at Knox City Study Club with 20 attending; gave three training meetings to incoming Home Demonstration Agents and attended 21 training and district meetings. Held one 4-H Encampment with Baylor County at Seymour with 250 boys and girls attending and one women encampment with Haskell County at Munday Park with 125 women attending. One style show was held for 4-H Club with 40 women and girls attending; 25 girls participated in one County-wide Achievement Day was held with 121 women attending.

The Home Demonstration Agent cooperated with the vocational agricultural teachers by giving demonstrations on production and by training supervisors for eight canning centers. She assisted with the War Food Program, served as chairman of Nutrition Committee, taught one nutrition class and had nine cooker clinics held in the county. She met nine women's clubs and eleven 4-H Clubs every month. She enrolled 226 women in Home Demonstration clubs and 280 girls in 4-H Clubs.

The agent with the aid of farm women worked out a plan of work to fit the needs of the farm women and girls and to help the war effort. The club goal was to follow the demonstrators pledge. The first item was national defense, to produce food, feed and fiber, marketing, interior home improvement, clothing, increase production of milk, eggs, poultry, gardens, cereals, food conservation, preservation and parent education.

During 1944, 391 projects were completed by the 4-H Club girls; 47 special awards were given 4-H girls and the Gold Star Girl, Edith Rydler of Gilliland was presented with a gold star pin.

The 4-H Club girls canned 1829 qts. of fruit, 3327 qts. of vegetables and 1191 qts. of meat. They raised 2164 pullets and 2275 fryers and raised 48 gardens. The girls made 757 garments, remodeled 97 garments, made 43 bags and bonnets and 18 purses, 14 cloth closets were made, 14 hat stands, 19 shoe racks, and three lawn chairs and refinished 73 pieces of furniture.

During 1944, the women of the Home Demonstration clubs reported raising 9,937 pullets and 10,657 fryers. They produced 1,387,854 dozen eggs and 7,322 pounds of butter. They canned 8,756 qts. of vegetables and dried 30 pounds of fruit. There were 16,075 pounds of meat cured and 9,802 pounds of meat placed in frozen food lockers.

The women made 1,514 garments for themselves, cleaned 476 garments at home, built 33 clothes closets, remodeled 15 clothes closets, made 22 hat stands and 39 shoe racks, cleaned 45 sewing machines, made 36 dress

forms, sewed and knitted for Red Cross, folded bandages and packed boxes for soldier boys in hospital at Sheppard Field for Thanksgiving and Christmas.

One hundred and eighty-four women reported raising a garden with an estimated yield of 110,200 pounds.

The women have spent quite a bit of time on home improvement. Seventy-three pieces of furniture has been refinished, 6 coffee tables made from picture frames, 9 floor lamps made from steering wheels of old cars, 2 trunks remodeled, 20 serving trays, 40 sewing cabinets, 25 lawn chairs made, 1156 pieces of pottery painted, 150 refinished walls, 22 women painted their houses, 549 added cotton articles of bedding, 21 added mattresses, 100 pieces furniture refinished, 57 chairs reupholstered, 65 chairs and givans upholstered and 21 slip covers made and 5 chairs from old car seats.

The fact that now most every farm home has some furniture that has been re-upholstered or remodeled in some way is the result of the Extension program.

Through cooperative marketing 780 families were served. The following things were bought cooperatively: pottery, pineapple, scraps of leather, hickory bark, imitation rush and maximum thermometers.

One hundred and forty-six club women reported buying war bonds, 31 families salvaged fats, 14 salvaged tin and 45 others salvaged various items.

The women and girls have assisted with the farm work by taking on additional farm jobs as follows: driving tractor, hauling grain, gathering cotton, hauling feed, milking, pulling bolls, shelling cotton, chopping cotton, shocking feed, feeding cattle, branding, feeding hogs, breaking stubble, running combines and cutting and shocking feed stuff.

More Registrants Put In 1-A Classification

Knox County registrants reclassified by the Local Board at their regular meeting Tuesday, January 23:

- 1-A—Riley Bell, Cleburn Gray, Pedro Morales, Johnnie Owens, Alton O. Burden, Fred McKinney, Bill Billingsley, Orval Myers, Dovera T. Mahan, Orel Patterson, Lee Ford, Ernest L. Yarbrough, William Rensell, Robert Brooks, Hampton Cherry.
- 1-C(Disc)—Alfred Davilla.
- 2-A—Chauncey Mansell.
- 2-A(F)—Holden Bland, William L. McWilliams, Estell Pierce, Ladislado Garza, Claude Paul, Herbert Dunlap, Joe Walker, Leonard Kyle.
- 2-B—Cecil Conner.
- 2-B Fed.—Horace Patterson.
- 2-B(F)—Roy Howrey.
- 2-C(F)—Jesus Delgado, Delbert O. Adams.
- 4-F(Disc)—Clyde Jones.
- Deceased—Anell Harrison.

Registrants reclassified by the Knox County Local Board, Tuesday, January 16, 1945:

- 1-A—Oscar Whitaker, Lyle Elliott, Warren Haynie.
- 1-C(Ind)—Rupert Williams, Jeff D. Bowden.
- 1-C(Disc)—Charles Heard.
- 2-B—Eugene L. Marak, Earnest T. Blackburn.
- 2-B(F)—Troy Gregston, Edward D. Snody, Hubert Brooks.
- 2-C—Leonard Horn.
- 2-C(F)—Samuel Lusk, J. J. Denton, Jr.
- 4-A—Thomas C. Carter.

Flying Classes Start Here Past Tuesday

Roy Cochran of Stamford started his first flying class in Knox City Tuesday. Five students were given their first lesson in a ten-hour course that will include two lessons weekly.

Mr. Cochran will be here on Tuesdays and Fridays each week, allowing the students to complete the full course in ten weeks. The price for ten hours dual instruction is \$75.00.

Although considerable work is yet to be done on the local field near the hospital, accommodations will permit the class to go on without interruption. Those interested in taking the course should contact Mr. Cochran or Roy Baker, at Frizzell's Drug Store.

Hybrid Corn Proves Good Producer For Knox County Farms

Hybrid corn is fairly well adapted to Knox County conditions and produced consistently better yields than did the open-pollinated varieties. The season of 1944 was quite unfavorable for corn production in many parts of the county and some yields were below average.

Results of the 1944 tests show to be in considerable favor of most hybrid varieties and the results show conclusively, in most cases, that hybrid varieties are better able to withstand adverse weather conditions than are open-pollinated varieties and may be expected to give better yields in unfavorable years. The growing of hybrid corn should reduce the hazards of corn production under severe weather conditions and tend to make corn a more certain crop each year for the farmer.

From results of the past year as well as those of a three year summary, it can be seen that most of the hybrid have definite adaption ranges. Hybrid No. 8 and No. 12 have given the best results. These two hybrid varieties seem to be the most drought resistant of the various hybrids and are better adapted to West and Central Texas.

Sources of all Texas hybrids seed may be obtained by writing the Field Seed Certification, State Department of Agriculture, Austin, Texas; or by writing the County Agent, R. O. Dunkle, Benjamin, Texas.

Haskell Baptist Group Convenes January 30

"The Essentials for Soul Winning" will be the theme of the Workers Conference of the Haskell Baptist Association to be held with the First Baptist Church at Weisert, Tuesday, January 30th.

W. T. Priddy, Haskell, moderator of the Association announces a complete and interesting program for the one-day meeting at Weisert.

Rev. T. A. Keenan of Knox City, Rev. C. C. Beatty of O'Brien are listed for special topics on the program.

Billy Joe Averitt At Great Lakes Station

Billy Joe Averitt, son of Mr. and Mrs. J. M. Averitt of Knox City, is receiving his initial Naval indoctrination at the U. S. Naval Training Center, Great Lakes, Illinois.

His recruit training consists of instruction in seamanship, military drill and general Naval procedure. During this period a series of aptitude tests will be taken by the recruit to determine whether he will be assigned to a Naval Service School, to a shore station or to immediate sea duty.

When his recruit training is completed, the seaman will receive a period of leave.

DISTRICT JUDGE WILLIAMS ADDRESSES LIONS MEETING

District Judge Lewis Williams of Benjamin was the principal speaker today noon at the Lions Club luncheon. Judge Williams made a good talk on the subject of what to expect in the way of prosperity after the peace treaties are signed. He predicted a short lull for readjustment and then an era of prosperity that will climax all good times of the past.

Reports were heard from various committees. Little progress has been made toward securing a housing project due to government restrictions on labor and materials brought about by the adverse turn of war events a few weeks ago. It is hoped to have something definite accomplished in the next sixty days.

Rev. Lloyd Hamilton is attending the Youth Conference in Oklahoma City this week.

Extension Service To Handle Farm Labor For Coming Harvest

Congress has again charged the Extension Services of the land grant colleges with responsibility for the farm labor program within the several states.

"The Texas A & M College Extension Service has not sought this added war-time responsibility, but our organization will do everything possible to help farmers and ranchers produce, harvest or market crops and livestock without waste or loss," Dr. Ide P. Trotter, Extension director, stated upon being advised of the Congressional action.

Now that the go ahead signal has been received, the Extension farm labor office will not slacken its efforts during the winter months, according to C. Hohn, Extension state farm labor supervisor. Representatives of his office already are working with local community groups in an effort to set up 100 centers for migratory farm laborers for use later in the year. These centers would provide sanitary and parking facilities, and would speed up placement and routing of families and crews.

Field workers in the lower Rio Grande Valley and Winter Garden area soon will be contacting approximately 2500 crew leaders who represent about 30,000 migratory laborers, most of them Spanish-speaking. These follow the harvest each year and help pick a large portion of the state's cotton crop. Building confidence and making plans now will help laborers save time and mileage later and will benefit farmers who never before have been so pinched for labor, R. O. Dunkle, Knox County Agent, explained.

The Knox County Farm Labor Committee consisting of C. R. Elliott, Emmett Partridge, August Schumacher, R. O. Dunkle and Elda Paul Laird, will attend a district farm labor meeting at Vernon on January 25th.

New License Plate Will Replace Past Three Years Insignia

The Texas Highway Commission has passed an order stating that the legal motor vehicle registration insignia for the 1945 registration year will consist of one full-size metal license plate to be attached to the rear of all series of vehicles with the exception of truck tractors, which are to have the plate attached to the front. All plates have black numerals and letters on a gold background.

At the time the order for manufacture of the 1945 license plates was placed with the Texas Prison System, ruling of the War Production Board prohibited any State from the issuance of more than one full-size metal license plate per vehicle for the 1945 registration year. The Texas Highway Department not only conformed with the War Production Board ruling but went even further in effecting a saving in metal and paints by reducing the length of the plate from 13 inches in 1942 to 10 inches in 1945, or a reduction of approximately 25 percent in area.

A new numbering system is used whereby four numerals are the most used in any one plate and these are preceded by two control letters. Under the old system of numbering each hundred thousand over a million was identified by a letter of the alphabet and it was necessary to use seven or eight letters. Under the new system, in each ten thousand registrations or each time a control letter changes, there are hundreds of plates with three numerals or less. For all series of plates except passenger, the type of series is embossed on the plate.

The order passed by the Highway Commission also requires the removal of all registration insignia for previous registration years.

CALF SHOW FUND NOW \$307.40; COMMITTEES BUSY

The premium and expense fund for the coming Knox County Calf Show, to be held here on February 17, has been increased to \$307.40 by liberal contributions from League Ranch and other sources.

Jack Idol, manager of the ranch, made the contribution Thursday. The League is also sponsoring several of the boys and their show cattle that will be exhibited here.

Several committees are now busily completing plans for the show that promises to be the best of its kind in past performances.

Those attending the Zone meeting of the Methodist Church at Goree on Monday were Mrs. L. N. Bridges, Mrs. Sam Clonts, Mrs. Lloyd Hamilton, Mrs. C. C. Hoge and Mrs. J. A. Wilson.

HOY COUNTY, TEXAS
 Entered as second class matter at the postoffice at Knox City, Texas, under the act of March 3, 1879.
SUBSCRIPTION RATE, YEAR \$1.50

War Expenditures At New High

Evidence of the demands of a vast war effort is the fact that in December, according to the Treasury Department and the War Production Board, war expenditures averaged \$313,400,000 a day; a new high for the daily outlay. The daily rate last month was 14.8 percent higher than in November.

Often as we read the news of the day we feel as insecure as a skinny old maid in a strapless evening gown.

One thing that can be said about the automobile is that it virtually stopped horse stealing.

The modern mother is one who can hold safety pins in her mouth and puff on a cigarette at one and the same time.

 how to make the different articles of furniture for the tabernacle. And in
 The following letter was received by the Knox City Lions Club from a serviceman who received one of the Christmas packages mailed out by the local Red Cross workers. The Lions had financially supported a portion of the boxes and a card was placed in them giving the club credit for the gift. The serviceman happened to get one of the Lions' boxes and according to the letter, it was highly appreciated.
 January 4, 1945
 Gentlemen:
 I'll try to introduce myself first. I'm one of the servicemen that received a Christmas package from you people, and really enjoyed it. That was the only Christmas package I got this year. I just got back from 23 months of overseas duty, on an aircraft carrier, and arrived in America yesterday, so my original package didn't catch up with me yet. So don't you think that I didn't enjoy the package you people sent.
 My home is in Kansas City, Kansas and I've been in the Navy for the past five years. If I ever come down your way, I'll look you people up. You're my friends.
 I was sent back to the States and now I'm in the hospital with combat fatigue—nothing serious. I guess I just need a good rest.
 There's not anymore to write about but I want to thank every member of the Lion's Club of Knox City for that wonderful present.
 I'll remain a friend of yours always,
 Frank Holfest, AMMIC,
 U.S.N. Hospital 113,
 San Francisco, Calif.

THE KENNEL

YOU TEXAS
 by BOYCE HOUSE

In this hour when the shadow of death is falling across so many homes the man (or woman) who has nothing more serious to worry about than the cigaret shortage has little to worry about.

And another thing that puzzles me is, if there is a paper shortage in the country (and I'm sure there is) then why do the big metropolitan papers devote so much space to the Chaplin case and other Hollywood filth?

And why couldn't they cut down on the size of those enormous pictures on the Sunday society pages?

County Clerk Dush Shaw of Gregg County has begun his 24th term, ranking him as one of the oldest public officials, in point of service, in the United States. The Longview Lens comments that the popular county clerk has "worn out" two courthouses and is serving in the third.

One of the most interesting lawsuits in the history of Eastland County wasn't tried in the courthouse at Eastland but in the Justice court in Cisco back in the '20's. A one-eyed mule and 1912 model Brush automobile collided in the main street. (Can you remember the Brush? It had a door at the back and it cranked on the side, like a phonograph, and you steered it with a stick instead of a wheel).

The case drew such a big crowd that the "squire" moved from his little courtroom over to the city hall auditorium. The trial took all day and then everybody went home for supper and came back that night for the argument.

W. J. Barnes (now a prominent Houston attorney) represented the defendant and he brought out that the value of the mule was only \$50, yet the owner was claiming \$150 damages! In fact, Barnes made such a convincing speech that the jury decided that the auto didn't hit the mule at all but that the mule jumped in front of the auto—and so the owner of the Brush was awarded damages!

Mr. and Mrs. L. N. Bridges and Mr. and Mrs. Otis Cash entertained the Knox City "42" Club last Thursday evening in the L. N. Bridges home.

When the guests arrived, refreshments of tuna fish sandwiches, congealed salad, individual mince-meat pies topped with whipped cream, and coffee were served.

Five tables of guests enjoyed games of 42 throughout the evening.

42 Club Meets In Bridges Home

Club members present were: Mr. and Mrs. S. L. Favor, Mr. and Mrs. S. L. White, Mr. and Mrs. E. O. Jamison, Mr. and Mrs. T. P. Frizzell, Sr., Mr. and Mrs. Gene Clonts, Mr. and Mrs. G. A. Branton, Mr. and Mrs. Otis Cash, and Mr. and Mrs. L. N. Bridges.

Guests of the club were: Mr. and Mrs. C. C. Hoge, Mr. and Mrs. E. F. Branton, and Mr. and Mrs. E. R. Carpenter.

Mr. and Mrs. Hoge were welcomed as new members of the 42 Club.

Regardless of what an education costs, it will never be as expensive as the cost of ignorance.

WANT ADS
 FOR SALE—160 acres of wood land
 Mrs. T. S. Edwards was hostess to the Knox City Study Club in her home, Saturday afternoon, January 20th.

The club president, Mrs. E. F. Branton, conducted the business session. The club was happy to welcome Mrs. C. H. Moss as an honorary member. Everyone present Saturday enjoyed having Mother Rogers as a guest of the club.

The Study Club voted to ask the corresponding secretary, Mrs. T. S. Edwards, to write a letter to Mrs. B. B. Campbell commending her for her splendid, faithful work as chairman of War Service.

The finance chairman reported a number of shrubs have already been sold through the Study Club; and she asked that all those who still want shrubs, contact some member of the club who will place the order.

The Study Club voted to donate some shrubs for the hospital grounds. The Civic committee, Mrs. S. M. Clonts, Mrs. L. N. Bridges, and Mrs. T. P. Frizzell, Sr., was asked to consult with the hospital superintendent, Mrs. Joe Watkins, and arrange for the planting of the shrubs for the club.

Mrs. E. Q. Warren entertained the club Saturday with a splendid program of American folk music. She told stories and sang folk songs from the following sources of American folk music: Indians, White Spirituals, Work Songs, Creole Origin, Mexican, Cowboy, Negro Spirituals, and the present World War. Everyone enjoyed Mrs. Warren's program.

Mrs. T. S. Edwards read favorable replies from Senator Moffett and Representative Callaway concerning telegrams which she had sent them about the present teacher salary aid bill.

The next meeting of the Study Club will be an open house meeting at the Methodist Church on February 3rd, at 3:00 o'clock, with Mrs. T. E. Holcomb hostess.

The subject for the meeting is the American Red Cross. Mrs. Kennedy, national chairman of the Red Cross, will be the speaker for the afternoon. The club invites the public to hear Mrs. Kennedy, for as Chas. E. Hughes said, "I know nothing which so correctly represents the unified sentiments of the American people as the American Red Cross."

Needmore—Hutto

Mrs. M. E. Pack and daughter, Charlene, and granddaughter, Rutene Pack, spent several days in Abilene last week visiting with Mrs. Pack's mother and other relatives.

Miss Inez Carver spent Saturday and Sunday night of last week with Mrs. Bob Jones and children.

Clifford Cornett, SDC, and wife, Jo Nell, left Tuesday for Oakland, Calif., where Clifford is stationed with the Navy and Jo Nell is employed by Bell Telephone Co.

Mr. Wheeler of Knox City bought out Norvall Wright and will live on Bush & Burnett ranch where Howard Glierist lived last year.

Novell Wright and Marvin Pack received their notices to go for their physical examinations last week.

Miss Eunice Taylor of Abilene visited her grandmother, Mrs. J. W. Carver and other relatives last weekend.

Mrs. Kenneth Myers of Knox City spent Sunday night with Mr. and Mrs. Clifford Cornett and Mr. and Mrs. Roy Carver and children.

Correction from last week: Miss Juanita Walker of Sudan visited her grandmother, Mrs. J. W. Carver, and T. C. Carter and family moved from Bush & Burnett farm to Rhineland.

Health Letter

Hundreds of communities throughout Texas are planning to celebrate the first National Public Health Nursing Day on January 26 as proclaimed by Gov. Coke Stevenson.

The purpose of the day, according to Dr. Geo. W. Cox, State Health Officer, is to focus attention upon public understanding of the part played by the public health nurse in helping to build better health for family, community, and nation.

Many communities in Texas are planning to give special recognition on this day to the value of the public health nurse in the community.

From the beginning thirty years ago, public health nurses have been concerned with the total health situation of the family including sickness, care of disease, prevention, and health protection.

In setting aside January 26 as Public Health Nursing Day for America, health administrators and all other friends of nursing should dedicate themselves to the extension of public health nursing services so that there will be enough qualified nurses to meet the needs of all the people.

The Study Club voted to donate some shrubs for the hospital grounds. The Civic committee, Mrs. S. M. Clonts, Mrs. L. N. Bridges, and Mrs. T. P. Frizzell, Sr., was asked to consult with the hospital superintendent, Mrs. Joe Watkins, and arrange for the planting of the shrubs for the club.

Mrs. E. Q. Warren entertained the club Saturday with a splendid program of American folk music. She told stories and sang folk songs from the following sources of American folk music: Indians, White Spirituals, Work Songs, Creole Origin, Mexican, Cowboy, Negro Spirituals, and the present World War. Everyone enjoyed Mrs. Warren's program.

Mrs. T. S. Edwards read favorable replies from Senator Moffett and Representative Callaway concerning telegrams which she had sent them about the present teacher salary aid bill.

The next meeting of the Study Club will be an open house meeting at the Methodist Church on February 3rd, at 3:00 o'clock, with Mrs. T. E. Holcomb hostess.

The subject for the meeting is the American Red Cross. Mrs. Kennedy, national chairman of the Red Cross, will be the speaker for the afternoon. The club invites the public to hear Mrs. Kennedy, for as Chas. E. Hughes said, "I know nothing which so correctly represents the unified sentiments of the American people as the American Red Cross."

Needmore—Hutto

Mrs. M. E. Pack and daughter, Charlene, and granddaughter, Rutene Pack, spent several days in Abilene last week visiting with Mrs. Pack's mother and other relatives.

Miss Inez Carver spent Saturday and Sunday night of last week with Mrs. Bob Jones and children.

Clifford Cornett, SDC, and wife, Jo Nell, left Tuesday for Oakland, Calif., where Clifford is stationed with the Navy and Jo Nell is employed by Bell Telephone Co.

Mr. Wheeler of Knox City bought out Norvall Wright and will live on Bush & Burnett ranch where Howard Glierist lived last year.

Novell Wright and Marvin Pack received their notices to go for their physical examinations last week.

Miss Eunice Taylor of Abilene visited her grandmother, Mrs. J. W. Carver and other relatives last weekend.

Mrs. Kenneth Myers of Knox City spent Sunday night with Mr. and Mrs. Clifford Cornett and Mr. and Mrs. Roy Carver and children.

Correction from last week: Miss Juanita Walker of Sudan visited her grandmother, Mrs. J. W. Carver, and T. C. Carter and family moved from Bush & Burnett farm to Rhineland.

 HARDWARE—FURNITURE

"Nudy, Neighbour!"
 My friends, NORMALLY the uppermost thought in our minds in our pursuit of life and the needs for supplying our individual necessities is the consideration of profits that we might attain from our business transactions. This trend of mind is the basis of our material existence in whatever occupation we might be engaged in, normally.

My friends, will you think with me for a moment about our present positions in our world of today.

You and I are not carrying the arms and shedding the blood to make it possible for us to pursue our individual needs of life, but your loved ones and my loved ones are.

You and I have a job to do, too. The least we can do is to forget what we call normal profit and work together to produce, not only for our individual needs, but abundantly for our own armed forces and those of our allies.

The production of chickens is, according to national statistical reports, one of the very top ranking dependable necessities.

We are going to do our part both in production and sharing of the profits. SEE OUR AD BELOW

 G. S. DOWELL, Manager

Cpl. Carl V. Wallace and Cpl. Duval Wallace, brothers, met somewhere in England on New Years Day. Cpl. Carl V. Wallace received his basic training at Fort Jackson, South Carolina, before being sent overseas, and Cpl. Duval Wallace received his training at Fort Bragg, North Carolina. Mrs. Carl Wallace and baby live in Knox City.

Mr. and Mrs. Frank McAuley have gone to El Paso to visit their son, Frank Wallace, who is in the Army hospital there for treatment.

Mrs. Dan Steakley returned Sunday from California where she has been for the past two weeks with her husband before he was shipped overseas again.

Cpl. Lloyd Feemster recently returned to the States for medical attention and is now in a hospital in California. He has written his wife and parents, Mr. and Mrs. Ed Feemster that he didn't know just when he would be allowed to come home.

Mr. and Mrs. B. M. Farmer and Mrs. W. R. Moore, Jr., met Panny Farmer in Abilene Monday night.

Mr. and Mrs. M. C. Wilfong of Haskell spent Sunday with their daughter, Mrs. Loyd Huntsman and family.

Pfc. Travis Thompson and Sgt. Robert Buckley of Camp Bowie were here several days with Travis' parents, Mr. and Mrs. H. M. Thompson. Odell Thompson took them to Palm Beach, Florida, where they have been transferred, and will meet another brother, Wilson Thompson PhM2C, and his wife, from Paris Island, N. Carolina, and will bring them back with her for his leave from the Navy.

Mrs. H. B. Lewis and sons spent the weekend in Childress with her parents.

H. E. Wall was in Dallas this week shopping for the store.

Mr. and Mrs. Kirkpatrick of Clyde spent Sunday with their daughter, Mrs. Lloyd Hamilton and Rev. Hamilton.

Cpl. J. W. Aycock has returned to Camp Hood after spending a 16-day furlough with his wife and parents, Mr. and Mrs. Jim Aycock. Also with his wife's parents, Mr. and Mrs. Add Turnbow at Haskell.

Recent visitors in the home of Mr. and Mrs. R. G. Milford included Jno. Milford and daughters, Wanda Loyce and Billie Joyce; Sgt. and Mrs. R. E. (Bud) Milford, Gene and Dorothy Ann. Sgt. Milford is here on furlough from the Army Air Base of Great Falls, Montana, where he has been stationed for some time.

Mr. and Mrs. Sidney Turner and Don Frank of Gainesville spent the weekend here in the home of Mrs. W. F. Hollin and Miss Leslie. They were accompanied here by Mrs. R. T. Turner who spent the time in the home of her sisters, Mrs. J. A. Hallmark and Mrs. R. G. Milford.

An unusually large crowd attended the candlelight service here Sunday night in the school auditorium. The seating capacity of the auditorium could not accommodate enough, and standing room was barely available by the time the service began.

The ceremony was impressive and well staged. As a tribute to the men and women of this section serving in the armed forces of the nation, hundreds of candles were lighted by members of families.

CARD OF THANKS
 We want to thank each and every one for the many lovely words of sympathy during the illness and the death of our mother and sister.
 Mr. and Mrs. Jimmie Smith
 Mr. and Mrs. Andrew Poteet
 Mr. and Mrs. Harley Poteet
 Mr. and Mrs. Willie Collins
 Mr. and Mrs. Ike Pierson

VENT

The MARK of a Properly Heated Home

One of the identifying marks of a comfortable home is the flue showing on the roof. The flue is important, is necessary, in preventing wall sweating and stuffy air. The flue is needed to vent modern gas heaters. Plan now to enjoy the finest type of house heating with new era gas heaters which are vented to a flue. Make sure you provide the needed flues in your modernizing or new home building plans.

These are types of Modern Gas Heating Appliances vented to a flue

- Vented ALL-YEAR AIR CONDITIONER
- Vented CENTRAL FURNACE
- Vented CIRCULATING HEATER
- Vented GAS STEAM RADIATOR
- Vented FLOOR FURNACE

Not all types of vented gas heating equipment are available because of wartime restrictions. But if you are using the old-fashioned open-flame unvented type heating throughout your home be sure you provide plenty of ventilation. It will help some to reduce wall sweating and eliminate stuffy air.

LONE STAR GAS COMPANY

Now... everyone can afford to hear!

new ZENITH Radionic Hearing Aid

brings you the best the modern knowledge and engineering make possible in a hearing aid... yet sells for only about 1/2 the price of the better vacuum tube aids. Zenith has the precision production knowledge to make so fine an instrument in quantities that permit so low a price. It has started a crusade to make better hearing available to all who need a hearing aid. Let your own ears be the judge. You will not be pressed to buy. The demand is so great that Zenith's problem is not sales—but supply. We sell only to those who can be helped. No high pressure salesman will call on you.

\$40 READY TO WEAR

WANTED ADS

THE KENNEL
By Rev. Violet Byers
Co-Pastor, Foursquare Church

Through this column last week I started a series of messages on the **FOURSQUARE GOSPEL**—what the Foursquare gospel stands for, and I grooved through the Scripture that the word Foursquare was Scriptural; and that the **FOURSQUARE GOSPEL** is a square gospel, having four decided corners.

The first corner represents **SALVATION**, the second corner, **DIVINE HEALING**, the third corner, the **Baptism of the Holy Ghost**, and the fourth corner the return of the Lord as **KING OF KINGS**. Today I am going to write about the first corner, **SALVATION**.

In John 3:17, we read these words, "For GOD sent not his Son into the world to condemn the world, but that the world through Him might be saved." As we read this verse we realize that Jesus died to save the world, not just one denomination or one class of people, or one race or one nation, but as the preceding verse says, "That whosoever believeth on Him should not perish but have everlasting life." That word **WHOSOEVER** includes every nation under the sun.

When Nicodemus went to Jesus he was told in no uncertain terms that, "Ye must be born again," and Jesus explained to him that he had to be born of the Spirit of God, and as he was born into the family of God he therefore became a child of God. I can hear you ask, "How can one be born again?" The words of Paul, the Apostle, still ring out as he spoke to the Philippian jailor, "Believe on the Lord Jesus Christ and thou shalt be saved."

Many people today ask just what they must be saved from, that they are church members and that they belong to this lodge and that society, and that they give great donations to every worthy cause; will that not be enough to assure them a place in Heaven?

Ephesians 2: 8-9. "For by grace are ye saved through faith; and that not of yourselves; it is the gift of God, not of works lest any man should boast." Dear friends, if it were possible to buy our way into Heaven, or if church membership would suffice, Christ's sacrifice on the cross of Calvary would be in vain. But the creation of God's hand was sold out to the devil, and the Scripture says that we are all born in sin and shapen in iniquity. Therefore we must be saved from the penalty of sin, and there is only one price of redemption, and that is the **BLOOD** of Jesus that was shed for the remission of sin. The first step is repentance, being sorry for your sin. The next step is to ask for forgiveness. The third step is to accept the ransom price, and believe that the blood of Jesus was shed for you. Then my friends, you can have the assurance in your heart that you are saved from your sin.

Next week we will write about the second corner, **DIVINE HEALING**. May God bless you all. Remember, Jesus loved you enough to die for you.

Rev. Violet Byers and the **FAMILY ALTAR**
(Paid)

Sophomore News
The sophs are all "hep" this week. Mid-term is over and we've been going to ball games all this week. If you see a sophomore with a black eye, you can just bet he had a pretty tough time being orderly on the sidelines.

Mr. Holcomb has decided to change our schedule; we are wondering why! I think they've decided that the sophs are too mean in the afternoon study hall, especially Mrs. Cape's study hall.

Junior News
There isn't a student in high school who isn't glad that mid-term is over once more. Some might wish they had studied just a little more than they did. (Cause I know).

We are very proud of our Junior boys for their basketball playing. You see, most of the main team is made up of Juniors. As you know, we have not been as successful in basketball as we were in football. After all, if you have one good football team, it would make up for a rather poor basketball team! How about that?

Well, Juniors, let's turn on the steam. We have lots of hard work to do; so let's work hard.

Senior News
This boy was born September 1, 1928, at Bradshaw, Texas. He started here when in the first grade, and has been a blessing to this school. He played on the football team last year and was football captain this year. He also plays on the Senior basketball team this year.

His favorite girl is Mildred McGee. His favorite dish is apple pie, and he likes the color, blue. He likes to hear "Always," especially when Mildred is around.

I guess you know who he is, but in case you don't—it's none other than our own Joe Clonts.

The Doghouse
To save space and eliminate wasting paper, we will just say that everybody is in the Doghouse since the mid-term exams. We see all, hear all, and tell all. **NEARLY!**

famous TEXAS brands

Santa Fe Lines in Texas

Those brands above (with one exception) stand for cattle—Texas cattle. But look a little closer and you'll see a "brand" that doesn't represent cattle-raising. It stands for a long-time Texas partner in getting those cattle to market. It's the **Santa Fe** trademark.

Cattle isn't all that Texas offers to the nation—not by a long shot. Texas is the big "all 'round" producer from field, orchard and mine as well as range.

Look at Texas grapefruit. Texas helium. Texas cotton. Texas melons. Texas grains. Texas oil. Texas vegetables. Texas sulphur and other minerals. Texas sheep. Texas steers. Texas turkeys. Texas gas. Texas wool. Texas mohair. Texas pecans.

Santa Fe "settled" in Texas in the early 1880's. Since then we have seen the products of Texas lands and factories begin, grow and flourish.

Texans will be interested to note how Santa Fe is keeping in step with the Lone Star State—by increasing yard facilities, lengthening sidings to handle bigger freight loads faster.

After the war your Santa Fe railroad partner will be ready, able and proud to take even more Treasures of Texas where you want them to go—North, East or West.
