JIMMY JOE REID SPEAKS TO

Jimmy Joe Reid, recently discharged from the U. S. Army and the war in Vietnam, was the principal speaker at the Knox City Lions Club Wednesday at the Fellowship Hall of the Methodist Church.

Paid said his job was one we hear very little about-Psychological Warfare - and that after an explanation he would answer questions.

Pay, he said stands for war on man's mind, and that he was in charge of printing leaflets for the U.S. which were dropped in North and South Viet-

He had a catalog compiled of some of the leaflets he had printed in Vietnam and showed these during his speech.

He said he had never heard much about psychological warbefore joining the army, but felt that it was very important at 1 that in years to come it would hold a prominent place in our history books.

The leaflets have the envied position of bringing 29,000 Viet Cong men to the American side.

The war is much different now than in years past he said, because now it is a guerilla war -one in which it is impossible to tell a friend from an enemyuntil the 'friend' shoots at you.

Reid said it would take hours to explain the folder of pictures he had, but anyone wanting to look at it later, would be welcome to do so.

"How much truth do we put the psychological leaflets?" he was asked.

South Vietnam it is much better than the North and I had no idea until I went there, how many people are hungry in the world, and how many want and can't afford an education," Reid said.

Although the leaflets were designed for a psychological use, they never-the-less were pretty accurate and believed by the Viet Cong, for when they did come over they were happy.

Education over there costs \$3 a month per child, and an average worker receives 20 cents a month, he pointed out.

"I wish everyone here could go over there and see how the people have to live makes you very proud that you are an American," he continued.

"Over here you can eat regardless of circumstances, even if you are on relief, but over there people are starving and they beg for a small bowl of every day to survive."

As for the card-burning young-al golf tournament Sunday. sters, Reid said he wished they could go over there and see for themselves how much good

sary it was for us to be there year-old Illiteracy was very high and the leaflets were drawn with not much reading, in order for everyone to understand what the leaflets were saying.

Reid said his company sent a young 9 year old girl to school for one year, and that he had personally paid for a year's schooling for a young boy, and had also taken him to town for his first pair of shoes. "He liked them so well that he usually carried them," Reid said.

"Do we have a defeatist attitude over there?" Morale is high.

Some have a feeling we need to accelerate our fight and that we don't it may never end. "Are we getting the truth from our government about the

Yes! We are fighting to win. It is useless for me to try to figure out something that four or five generals can't answer.

As for killing everyone over there in an all-out fight-If you kill everyone there is no need to fight and as for the cost we have paid out \$375,000 for each known dead VC, Reid quoted a recent known war cost bulletin, and ended his speech by leaving mour, fifth flight with an 81. this thought - "We had 29,000 returnees from the Viet Cong, and I don't believe our pamphlets cost near that much'

Various exhibits will go on display at 8 a.m. Friday. These will include the following:

Arts division, Knox County pictures, hobbies and crafts, antique show, farm relics, canned foods, exotic bird display, educational exhibits and commerclal exhibits.

Two out-of-town groups will be conducted on tours of the vegetable fields of the area on Friday. A group from Wichita Falls will make the tour Friday morning, and another group from Abilene will tour the fields that afternoon. A number of visitors from these cities who have made the tours are enthusiastic over this area's progress

in vegetable production. One of the big highlights of the Festival will be the beauty pageant at 8 p.m. Friday in the new high school auditorium.

Forty-four lovely young ladies of Knox County, and of high school age, will be competing for the title of "Miss Vegetable Festival" in this event.

The new Festival queen, selected as the conclusion of the

Raise the hood of your car and look at the hattery. A green or white formation around the battery or terminals means sulphation and sulphation means your car's battery is dying. You need VX-5 immediately, or you will soon have to spend money for a new battery. If there is no sulphation, you can prevent it by adding VX-6 now — it takes just a minute to increase the life of your battery by years. VX-6 is backed by an unconditional money-back guarantee for 6 or 12 voit batteries.

Food for the Fourth by Betty Crocker

To get into the spirit of things, let's plan a picnic for the Fourth—at the seashore, in the park, or at home in your own backyard. And for food that's fun, what's more appropriate than good old American hot dogs—ballpark-style with relishes and mustard, or turned into Coney Islands with chili con carne. Balance the menu with deviled eggs, tossed vegetable salad, potato chips and fresh fruit. Add a Yankee Doodle Valvet Crumb Cake for dessert, a few patriotic colors—and, whee, it's a red white-and-blue celebration. The cake is fudge in flavor and frosting, because that's the all-American favorite. The perfect choice, wouldn't you say, for Independence Day?

YANKEE DOODLE VELVET

CRUMB CAKE

1% cups Bisquick % cup sugar 1/2 cup cocoa

Heat oven to 350°. Grease and ur a square pan, 8x8x2 inches. Mix Bisquick, sugar and cocoa Add butter, egg and 1/4 cup of the milk. Beat 1 minute with ectric mixer at medium speed. Add remaining milk and the vanilla. Beat 1/2 minute. Pour batter into prepared pan. Bake 35 to 40 minutes. Frost. 9 servings.

This cake is a new variation of our old favorite, the Velvet Crumb Cake. Since the original is so popular, we turned it into a fudge cake — just as simple a fudge cake — just as simple to do, just as fine and even in texture. And to double the fudge
